Item 7.01 Regulation FD Disclosure

The following information is furnished pursuant to Regulation FD.

Emerson 3-Month Orders Growth

(Percentage change versus prior year; trailing 3-month averages, excluding acquisitions and divestitures, including currency translation)

	February '15	March '15	April '15
Process Management	-15 to -10	-20 to -15	-20 to -15
Industrial Automation	-15 to -10	-15 to -10	-20 to -15
Network Power	-15 to -10	-20 to -15	-20 to -15
Climate Technologies	-5 to 0	-10 to -5	-10 to -5
Commercial & Residential Solutions	0 to +5	-5 to 0	-5 to 0
Total Emerson	-10	-15 to -10	-15

April 2015 Orders Comments

Trailing three-month orders decreased 15 percent as monthly orders continue to reflect the drop in oil prices, a global slowdown in capital spending, most notably in energy-related markets, and significant strength in the U.S. dollar, which deducted 7 percentage points through currency translation. In line with the Company's comments on its May 5th conference call, underlying orders were down high single digits reflecting slow market conditions in all segments. Based upon these trends, the Company expects third quarter underlying sales to be slightly negative compared to the prior year, excluding unfavorable currency of approximately 6 percent and an impact from divestitures of approximately 2 percent. Reported sales for the third quarter are expected to decrease up to approximately 10 percent.

Process Management order trends continued to reflect the impact of lower oil prices, as well as unfavorable currency translation, which deducted 8 percentage points, including backlog revaluation. Underlying orders decreased in all regions.

Industrial Automation orders were down, reflecting continued weakness in industrial spending, upstream oil and gas, and Europe. Underlying orders were also down reflecting decreases in most businesses. Currency translation deducted 9 percentage points.

Network Power orders decreased as underlying global demand for data center infrastructure and telecommunications investment remained weak. Currency translation deducted 7 percentage points.

Climate Technologies orders were down as U.S. HVAC customers continue to work through pre-built inventory driven by regulatory changes for residential air conditioning effective January 1, 2015. Underlying orders were down moderately, with strong growth in Asia offset by decreases in North America and Europe. Currency translation deducted 3 percentage points.

Commercial & Residential Solutions orders decreased modestly. Growth in food waste disposers and wet/dry vacuums was more than offset by decreases in the storage and professional tools businesses. Currency translation deducted 2 percentage points.
