Item 1.01 Entry into a Material Definitive Agreement.

The Aristotle Corporation (the "Company") has entered into Amendment No. 1 to Credit Agreement with JPMorgan Chase Bank, N.A. (successor by merger to Bank One, NA) and Johnson Bank pursuant to which, among other things, the term of the Company's existing \$45 million revolving credit facility has been extended through January 31, 2013.

The Company's obligations under the credit facility, as amended by the Amendment, continue to be collateralized by certain accounts receivable, inventories, and property, plant and equipment, and shares of a certain subsidiary's outstanding capital stock and ownership interests of certain subsidiary limited liability companies. The Company remains subject to various financial and operating covenants, including, among other things, requirements to maintain certain financial ratios and restrictions on additional indebtedness, common stock dividend payments, capital disposals and intercompany management fees. Interest payable under the credit facility will adjust with changes in market rates and the Company's financial performance.

Item 2.02 Results of Operations and Financial Condition.

On March 11, 2008, the Company issued a press release announcing financial results for the quarter and the year ended December 31, 2007, a copy of which is attached as Exhibit 99.1.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(d)

On March 10, 2008, the Company's Board of Directors was increased in size from eight members to nine members. W. Phillip Niemeyer, the Company's Executive Vice President and President-Nasco Division, was duly appointed to fill the newly-created vacancy. Mr. Niemeyer will hold office as a director until the next annual meeting of the Company's stockholders and until his successor shall be elected and shall qualify, or until his earlier resignation or removal. Mr. Niemeyer will receive no compensation from the Company for his service as a director.

Item 7.01 - Regulation FD Disclosure.

On March 11, 2008, the Company issued a press release announcing the declaration of dividends on its Series I Preferred Stock and Series J Preferred Stock, a copy of which is attached as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

The Aristotle Corporation Announces Fourth Quarter and Calendar 2007 Results, Extends Long-Term Credit Facility and

Declares Semi-Annual Preferred Dividends

Stamford, CT, March 11, 2008 - The Aristotle Corporation (NASDAQ: ARTL; ARTLP) announced today the following:

Results for Quarter and Calendar Year ended December 31, 2007

For the calendar year ended December 31, 2007, net sales increased 4.2% to \$211.6 million from \$203.0 million for the calendar year ended December 31, 2006, and earnings before income taxes increased 14.0% to \$35.1 million from \$30.8 million. For the quarter ended December 31, 2007, net sales increased 5.1% to \$43.6 million from \$41.5 million for the quarter ended December 31, 2006, and earnings before income taxes increased 43.0% to \$5.6 million from \$3.9 million. Earnings before income taxes for the quarter and calendar year ended December 31, 2006 were unfavorably impacted by approximately \$1.0 million of pension expense principally incurred as a result of a partial settlement of benefit obligations in 2006.

Net earnings applicable to common stockholders for the calendar year ended December 31, 2007 were \$14.9 million, or \$.84 per diluted common share, compared to \$15.2 million, or \$.87 per diluted common share (including \$5.5 million, or \$.31 per diluted common share, related to additional deferred tax benefits recorded through reductions of the deferred tax asset valuation allowance from greater than expected utilization of Federal net operating tax loss carryforwards (NOLs)), for the calendar year ended December 31, 2006. Net earnings applicable to common stockholders for the quarter ended December 31, 2007 were \$3.1 million, or \$.17 per diluted common share compared to \$4.5 million, or \$.26 per diluted common share (including \$4.7 million, or \$.27 per diluted common share, related to additional deferred tax benefits recorded through reductions of the deferred tax asset valuation allowance from greater than expected utilization of NOLs), for the quarter ended December 31, 2006.

The reported net earnings are shown after deduction for Federal, state and foreign income tax provisions. Approximately \$6.3 million in deferred income tax expense in the quarter ended December 31, 2006 relates to the non-cash charge for utilization of NOLs. For the calendar years ended December 31, 2007 and 2006, respectively, \$1.3 million and \$14.2 million of the reported deferred income tax expense relate to current year NOL utilization. The NOL utilization for the reported quarters and calendar year periods reduced Aristotle's current Federal income tax liability and allowed Aristotle to retain for other business purposes the cash that would have been used for tax payments. The effective tax rate for 2007 was 32.9% versus 22.8% for 2006.

Steven B. Lapin, Aristotle's President and Chief Operating Officer, stated, I am pleased to report earnings per share of \$.17 and \$.84, for the quarter and year ended December 31, 2007, respectively. Given the positive impact in 2006 resulting from the Company's NOLs, Aristotle's earnings performance significantly improved in 2007. Additionally, Aristotle's gross margins improved by 70 basis points from 2006 to 2007, an important achievement driven by strategic purchasing plans and revenue growth of the Company's higher-margin proprietary product lines. At the same time, management limited increases in selling and administrative expenses to 2.7% and 3.4% for the 2007 fourth quarter and calendar year, respectively, before the additional \$1.0 million pension expense recognized in 2006. The Company does not anticipate the need for significant capital expenditures going forward and has sufficient capacity to maintain current operations and support a sustained level of future growth.

Mr. Lapin added, Revenues for recent quarters in 2007 reflect moderate growth despite the heavy challenges faced by state budgetary constraints. The Company remains optimistic for 2008 but will, of course, continue to monitor the impact of U.S. economic conditions on its business to ensure that Aristotle maintains appropriate levels of expenditures and maximizes value for all shareholders.

Dean Johnson, Aristotle's Chief Financial Officer, stated, Portions of the Company's 2007 cash flow from operations have been used to reduce the outstanding balance on the \$45.0 million credit facility to \$3.0 million at December 31, 2007. Additional cash flows have permitted the Company to make investments in marketable securities and other investments; at December 31, 2007, Aristotle had cash, marketable securities and liquid and other investments of \$31.4 million. The Company's available credit facility allows management to explore potential acquisitions and strategic investments to advance the Company's long term profitability.

Mr. Lapin further reported, I am delighted to note that important promotions were recently made at the senior management level. W. Phil Niemeyer, who has been with the Nasco group for more than the past 35 years, has been designated an Executive Vice President of Aristotle and appointed as a new member of the Company's Board of Directors; Phil will also remain as President of the Nasco division. And, Dean T. Johnson, who has been a Nasco employee for the past 14 years, has been named a Senior Vice President of Aristotle, while retaining his positions of Chief Financial Officer of the Company and the Nasco division.

Long- Term Credit Facility

Aristotle has entered into an amendment to its existing long-term credit agreement with the Company's primary lender, JP Morgan Chase Bank. The amendment principally provides for an extension of the agreement (due to expire on October 15, 2008) to January 31, 2013, with favorable pricing, reporting and covenant terms. .

Semi-Annual Preferred Dividends

Aristotle has declared semi-annual cash dividends of \$.33 and \$.36 per share, respectively, on its outstanding shares of Series I Preferred Stock and Series J Preferred Stock. The dividends are payable on March 31, 2008 to holders of record on March 20, 2008. Dividends are payable on Aristotle's Preferred Stock on March 31 and September 30, if and when declared by Aristotle's Board of Directors.

To the extent that any of the statements contained in this release are forward-looking, such statements are based on current expectations that involve a number of uncertainties and risks that could cause actual results to differ materially from those projected or suggested in such forward-looking statements. Aristotle cautions investors that there can be no assurance that actual results or business conditions will not differ materially from those projected or suggested in such forward-looking statements as a result of various factors, including, but not limited to, the following: (i) the ability of Aristotle to obtain financing and additional capital to fund its business strategy on acceptable terms, if at all; (ii) the ability of Aristotle on a timely basis to find, prudently negotiate and consummate additional acquisitions; (iii) the ability of Aristotle to manage any to-be acquired businesses; (iv) there is not an active trading market for the Company's securities and the stock prices thereof are highly volatile, due in part to the relatively small percentage of the Company's securities which is not held by the Company's majority stockholder and members of the Company's Board of Directors and management; (v) the ability of Aristotle to retain and utilize its Federal net operating tax loss carryforward position and other deferred tax positions; and (vi) other factors identified in Item 1A, Risk Factors, contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2006. As a result, Aristotle's future development efforts involve a high degree of risk. For further information, please see Aristotle's filings with the Securities and Exchange Commission, including its Forms 10-K 10-K/A, 10-Q and 8-K.
