State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Navistar International Corporation (the company) is unable to timely file its Quarterly Report on Form 10-Q (Report) for the period ended July 31, 2006 because of its ongoing review of a number of complex and technical accounting items relating to its financial statements for the fiscal year ended October 31, 2005. As a result of this ongoing review, the company was unable to timely file its Report for the period ended July 31, 2006 with the Commission by September 8, 2006, and will be unable to file such Report within the five-day extension provided by Rule 12-25(b). The company expects to file its Report for the period ended July 31, 2006 as soon as practicable following the resolution of the foregoing matters and the filing of the company's Annual Report on Form 10-K for the fiscal year ended October 31, 2005.

PART IV -- OTHER INFORMATION

(Area Code) (Telephone Number)

(2) Have all other periodic reports required under 13 or 15(d) of the Securities Exchange Act of 1934 or section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s). Yes No

The company has not filed its Annual Report on Form 10-K for the fiscal year ended October 31, 2005 nor its Quarterly Reports on Form 10-Q for the 3 month periods ended January 31, 2006 and April 30, 2006.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively, and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

On January 17, 2006, the company issued a news release announcing that it was delaying the filing of its Annual Report on Form 10-K for the period ended October 31, 2005 because it was reviewing a number of complex and technical accounting items.

On February 21, 2006, the company issued a news release stating that while the company continues to work toward a resolution of the items mentioned above, the review of the accounting matters may result in changes to its previously issued financial statements, including the possibility of a restatement.

On April 7, 2006, the company issued a news release announcing it will restate its financial results for the fiscal years 2002 through 2004 and for the first nine months of fiscal 2005 and that its audit committee designated KPMG LLP as the company's new registered public accounting firm replacing Deloitte & Touche LLP whose engagement with the company was terminated by the audit committee. In that press release, the company further announced that the need for a restatement has been identified in the ongoing review of accounting matters and that the company has identified items requiring restatement to include accounting for anticipated external funding of product development programs, timing of recognition of amounts deemed to be collectible from certain suppliers, including rebates and warranty recoveries, accounting for warranty to be provided by the company outside of the terms of the contractual arrangements and shifting balances and expense amounts between reporting periods at one of the company's foundry operations. The company's review process continues and will likely result in the identification of additional items requiring correction in the restated results. For additional information on this matter, please refer to our Current Report on Form 8-K dated and filed with the Securities and Exchange Commission ("SEC") on April 12, 2006 which is hereby incorporated herein by reference.
