The Company provides in the press release certain non-GAAP financial measures, including earnings before interest, taxes, depreciation and amortization ("EBITDA"). As required by Regulation G, set forth below is a reconciliation of the non-GAAP financial measures to the most directly comparable GAAP measures. The Company believes the non-GAAP measures are useful to investors because they provide an alternative method for measuring the operating performance of the Company. The Company's management uses these non-GAAP financial measures along with the most directly comparable GAAP financial measures in evaluating the Company's operating performance. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as reported by the Company may not be comparable to similarly titled items reported by other companies.
