LETTER FROM THE CHAIRMAN

Dear Shareholder:

This annual report for Dreyfus Strategic Municipal Bond Fund, Inc. covers the 12-month period from December 1, 2002, through November 30, 2003. Inside, you'll find valuable information about how the fund was managed during the reporting period, including a discussion with the fund's portfolio manager, James Welch.

Recent reports of marked improvement in the growth of U.S. Gross Domestic Product suggest to us that the economy has started to turn the corner. Tax cuts and low mortgage rates have put cash in consumers' pockets, and corporations have begun to increase spending and investment. As a result, after several years of falling interest rates and rising bond prices, the municipal bond market recently has become more volatile. As might be expected in a strengthening economy, securities that are more sensitive to their issuers' credit quality generally have outperformed those that tend to respond more to changes in interest rates.

Of course, we have seen upturns before, only to be disappointed when growth proved unsustainable over the longer term. However, based on recent data, we are cautiously optimistic about the current economic environment. As always, we urge you to speak regularly with your financial advisor, who may be in the best position to suggest the Dreyfus funds designed to meet your current needs, future goals and attitudes toward risk.

Thank you for your continued confidence and support.

Sincerely,

/s/ Stephen E. Canter

DISCUSSION OF FUND PERFORMANCE

James Welch, Portfolio Manager

How did Dreyfus Strategic Municipal Bond Fund, Inc. perform during the period?

For the 12-month period ended November 30, 2003, the fund achieved a total return of 11.49%. (1) During the same period, the fund provided aggregate income dividends of \$0.6034 per share, which is equal to a distribution rate of 6.85%. (2)

The fund's return was enhanced during the first half of the reporting period by declining interest rates. This was accomplished by our leveraging strategy, which enabled the fund to lock in at low, prevailing interest rates for up to one year on some of the fund's auction-rate preferred securities. During the second half of the reporting period, the fund's move toward greater diversification and a shorter average effective maturity helped it avoid the full extent of the heightened bond market volatility.

What is the fund's investment approach?

The fund seeks to maximize current income exempt from federal income tax to the extent believed by Dreyfus to be consistent with the preservation of capital. In pursuing this goal, the fund invests at least 80% of its assets in municipal bonds. Under normal market conditions, the weighted average maturity of the fund's portfolio is expected to exceed 10 years. Municipal bonds are classified as general obligation bonds, revenue bonds and notes. Under normal market conditions, the fund invests at least 80% of its net assets in municipal bonds considered investment grade or the unrated equivalent as determined by Dreyfus.

We look for bonds that we believe can provide high current income. We strive to find such opportunities through analysis of individual bonds' structures. Within the context of our bond structure analyses, we pay particularly close attention to each bond's maturity and early redemption features.

The Fund 3

DISCUSSION OF FUND PERFORMANCE (CONTINUED)

Over time, many of the fund's older, higher-yielding bonds have matured or were redeemed by their issuers. We have generally attempted to replace those bonds with new securities that offered currently higher than average income payments. We have also sought to upgrade the fund with newly issued bonds that, in our opinion, have better structural or income characteristics than existing holdings. When such opportunities arise, we usually look to sell bonds that are close to their optimal redemption date or maturity. In addition, we conduct credit analysis of our holdings in an attempt to avoid potential defaults on interest and principal payments.

What other factors influenced the fund's performance?

By the time the reporting period began, persistent economic weakness had already led to low interest rates and a sustained rally among high-quality bonds, including most tax-exempt securities. Despite signs of stronger economic growth, interest rates continued to fall in the winter of 2002 and spring of 2003 as investors looked forward to another interest-rate reduction from the Federal

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

Reserve Board (the "Fed"). At its meeting in late June, the Fed lowered the federal funds rate to 1%, its lowest level since 1958.

However, municipal bond prices fell sharply in July and early August as new evidence of economic strength emerged and investors turned their attention to the risk of higher interest rates, leading to a surge of selling pressure. Although the bond market subsequently regained much of its lost value in September and October, it failed to recover fully by the reporting period's end.

In this more volatile environment, we moved toward a more diversified portfolio, including a reduction in the fund's holdings of lower-rated, corporate-backed bonds and an increase in higher-quality municipal securities. When making new purchases, we generally focused on bonds in the intermediate-term range selling at slight premiums to their face values. Such bonds historically have retained more of their value during market declines, and the summer of 2003 was no exception. During

4

this time we also reduced the fund's average effective maturity to approximately 21 years, which limited the effects of heightened market volatility in the summer and fall.

In addition, the fund benefited from timely sales and purchases of bonds backed by proceeds from the states' settlement of litigation with the nation's tobacco companies. Tobacco bonds were hurt early in the spring after an adverse legal ruling against one of the largest U.S. tobacco companies. We subsequently purchased a number of these bonds at what we considered to be attractive prices, and the fund enjoyed attractive total returns during the reporting period as the legal issues were resolved and prices of tobacco bonds rebounded.

Finally, the fund's leveraging strategy continued to benefit from historically low borrowing rates. In November, we extended the term of one of the fund's issues of auction-rate preferred securities to one year, effectively locking in low borrowing rates through most of 2004.

What is the fund's current strategy?

We have maintained the fund's focus on premium-coupon bonds in the intermediate-term range. Because yield differences in this range currently are relatively steep, we believe that they can be potentially beneficial over time as they move closer to their final maturities. In our judgment, these are prudent strategies while investors continue to adjust to a stronger economic environment.

NOTES TO FINANCIAL STATEMENTS

NOTE 1--Significant Accounting Policies:

Dreyfus Strategic Municipal Bond Fund, Inc. (the "fund") is registered under the Investment Company Act of 1940, as amended (the "Act"), as a diversified closed-end management investment company. The fund's investment objective is to maximize current income exempt from federal income tax to the extent believed by the fund's investment adviser to be consistent with the preservation of capital. The Dreyfus Corporation ("Dreyfus") serves as the fund's investment adviser and administrator. Dreyfus is a wholly-owned subsidiary of Mellon Bank, N.A., which is a wholly-owned subsidiary of Mellon Financial Corporation ("Mellon"). Boston Safe Deposit and Trust Company (the "Custodian") acts as the fund's custodian. The Custodian is a wholly-owned subsidiary of Mellon. PFPC Global Fund Services ("PFPC"), a subsidiary of PNC Bank ("PNC"), serves as the fund's transfer agent, dividend-paying agent, registrar and plan agent. The fund's Common Stock trades on the New York Stock Exchange under the ticker symbol DSM.

The fund has outstanding 2,480 shares of Series A, Series B and Series C for a total of 7,440 shares of Auction Preferred Stock ("APS"), with a liquidation preference of \$25,000 per share (plus an amount equal to accumulated but unpaid dividends upon liquidation). APS dividend rates are determined pursuant to periodic auctions. Deutsche Bank, as Auction Agent, receives a fee from the fund for its services in connection with such auctions. The fund also compensates broker-dealers generally at an annual rate of .25% of the purchase price of the shares of APS placed by the broker-dealer in an auction.

The fund is subject to certain restrictions relating to the APS. Failure to comply with these restrictions could preclude the fund from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of APS at liquidation value.

The holders of the APS, voting as a separate class, have the right to elect at least two directors. The holders of the APS vote as a separate class on certain other matters, as required by law. The fund has desig-

22

nated Robin A. Pringle and John E. Zuccotti to represent holders of APS on the fund's Board of Directors.

The fund's financial statements are prepared in accordance with accounting principles generally accepted in the United States, which may require the use of

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

management estimates and assumptions. Actual results could differ from those estimates.

(A) PORTFOLIO VALUATION: Investments in municipal debt securities (excluding options and financial futures on municipal and U.S. Treasury securities) are valued on the last business day of each week and month by an independent pricing service (the "Service") approved by the Board of Directors. Investments for which quoted bid prices are readily available and are representative of the bid side of the market in the judgment of the Service are valued at the mean between the quoted bid prices (as obtained by the Service from dealers in such securities) and asked prices (as calculated by the Service based upon its evaluation of the market for such securities) . Other investments (which constitute a majority of the portfolio securities) are carried at fair value as determined by the Service, based on methods which include consideration of: yields or prices of municipal securities of comparable quality, coupon, maturity and type; indications as to values from dealers; and general market conditions. Options and financial futures on municipal securities and U.S. Treasury securities are valued at the last sales price on the securities exchange on which such securities are primarily traded or at the last sales price on the national securities market on the last business day of each week and month.

(B) SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on a trade date basis. Realized gain and loss from securities transactions are recorded on the identified cost basis. Interest income, adjusted for amortization of discount and premium on investments, is earned from settlement date and recognized on the accrual basis. Securities purchased or sold on a when-issued or delayed-delivery basis may be settled a month or more after the trade date.

The Fund 23

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

(C) DIVIDENDS TO SHAREHOLDERS OF COMMON STOCK (" COMMON SHAREHOLDER(S)"): Dividends are recorded on the ex-dividend date. Dividends from investment income-net are declared and paid monthly. Dividends from net realized capital gain, if any, are normally declared and paid at least annually. To the extent that net realized capital gain can be offset by capital loss carryovers, it is the policy of the fund not to distribute such gain.

For Common Shareholders who elect to receive their distributions in additional shares of the fund, in lieu of cash, such distributions will be reinvested at the lower of the market price or net asset value per share (but not less than 95% of the market price) as defined in the dividend reinvestment plan.

On November 26, 2003, the Board of Directors declared a cash dividend to Common Shareholders of \$.051 per share from investment income-net, payable on December 26, 2003 to Common Shareholders of record as of the close of business on December 11, 2003.

(D) DIVIDENDS TO SHAREHOLDERS OF APS: For APS, dividends are currently reset annually for Series A and B and every 7 days for series C. The dividend rates in effect at November 30, 2003 were as follows: Series A --1.55%, Series B--1.25% and Series C--.95%.

(E) FEDERAL INCOME TAXES: It is the policy of the fund to continue to qualify as a regulated investment company, which can distribute tax exempt dividends, by complying with the applicable provisions of the Internal Revenue Code of 1986 as amended, and to make distributions of income and net realized capital gain sufficient to relieve it from substantially all federal income and excise taxes.

At November 30, 2003, the components of accumulated earnings on a tax basis were

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

as follows: undistributed tax exempt income \$5,652,357, accumulated capital losses \$24,677,297 and unrealized appreciation \$12,596,664.

24

The accumulated capital loss carryover is available to be applied against future net securities profits, if any, realized subsequent to November 30, 2003. If not applied, \$3,964,163 of the carryover expires in fiscal 2007, \$5,542,712 expires in fiscal 2008, \$442,201 expires in fiscal 2009, \$9,253,314 expires in fiscal 2010 and \$5,474,907 expires in fiscal 2011.

The tax character of distributions paid to shareholders during the fiscal periods ended November 30, 2003 and November 30, 2002, respectively, were as follows: tax exempt income of \$31,669,641 and \$30,331,952.

During the period ended November 30, 2003, as a result of permanent book to tax differences, the fund decreased accumulated undistributed investment income-net by \$70,359, increased net realized gain (loss) on investments by \$9,360,898 and decreased paid-in capital by \$9,290,539. Net assets were not affected by this reclassification.

NOTE 2--Bank Line of Credit:

The fund participates with other Dreyfus-managed funds in a \$100 million unsecured line of credit primarily to be utilized for temporary or emergency purposes. Interest is charged to the fund based on prevailing market rates in effect at the time of borrowings. During the period ended November 30, 2003, the fund did not borrow under the line of credit.

NOTE 3--Investment Advisory Fee, Administration Fee and Other Transactions With Affiliates:

(A) The fee payable by the fund, pursuant to the provisions of an Investment Advisory Agreement with Dreyfus, is payable monthly based on an annual rate of .50 of 1% of the value of the fund's average weekly net assets. The fund also has an Administration Agreement with Dreyfus, a Custody Agreement with the Custodian and a Transfer Agency and Registrar Agreement with PFPC. The fund pays in the aggregate for administration, custody and transfer agency services a

The Fund 25

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

monthly fee based on an annual rate of .25 of 1% of the value of the fund's average weekly net assets; out-of-pocket transfer agency and custody expenses are paid separately by the fund.

(B) Each Board member also serves as a Board member of other funds within the Dreyfus complex. Effective January 27, 2003, annual retainer fees and attendance fees are allocated to each fund based on net assets. Prior to January 27, 2003, each director who is not an "affiliated person" as defined in the Act, received from the fund an annual fee of \$2,500 and an attendance fee of \$500 per meeting for services to the fund. The Chairman of the Board received an additional 25% of such compensation and continues to do so under the new compensation structure.

NOTE 4--Securities Transactions:

The aggregate amount of purchases and sales of investment securities, excluding short-term securities, during the period ended November 30, 2003, amounted to \$472,508,605 and \$461,019,789, respectively.

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

At November 30, 2003, the cost of investments for federal income tax purposes was \$600,911,334; accordingly, accumulated net unrealized appreciation on investments was \$12,596,664, consisting of \$32,614,082 gross unrealized appreciation and \$20,017,418 gross unrealized depreciation.

IMPORTANT TAX INFORMATION (Unaudited)

In accordance with federal tax law, the fund hereby designates all the dividends paid from investment income-net during the fiscal year ended November 30, 2003 as "exempt-interest dividends" (not generally subject to regular federal income tax).

As required by federal tax law rules, shareholders will receive notification of their portion of the fund's taxable ordinary dividends and capital gain distributions paid for the 2003 calendar year on Form 1099-DIV which will be mailed by January 31, 2004.

28

ADDITIONAL INFORMATION (Unaudited)

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

Under the fund's Dividend Reinvestment Plan (the "Plan"), a holder of Common Stock ("Common Shareholder") who has fund shares registered in his name will have all dividends and distributions reinvested automatically by PFPC Global Fund Services, as Plan agent (the "Agent"), in additional shares of the fund at the lower of prevailing market price or net asset value (but not less than 95% of market value at the time of valuation) unless such Common Shareholder elects to receive cash as provided below. If market price is equal to or exceeds net asset value, shares will be issued at net asset value. If net asset value exceeds market price or if a dividend or other distribution payable only in cash is declared, the Agent, as agent for the Plan participants, will buy fund shares in the open market. A Plan participant is not relieved of any income tax that may be payable on such dividends or distributions.

A Common Shareholder who owns fund shares registered in the name of his broker/dealer or other nominee (i.e., in "street name") may not participate in the Plan, but may elect to have cash dividends and distributions reinvested by his broker/dealer or other nominee in additional shares of the fund if such service is provided by the broker/dealer or other nominee; otherwise such dividends and distributions will be treated like any other cash dividend or distribution.

A Common Shareholder who has fund shares registered in his name may elect to withdraw from the Plan at any time for a \$5.00 fee and thereby elect to receive cash in lieu of shares of the fund. Changes in elections must be by direct mail to PFPC Global Fund Services, Attention: Closed-End funds, Post Office Box 8030, Boston, Massachusetts 02266, or by telephone at 1-800-331-1710, and should include the shareholder's name and address as they appear on the Agent's records. Elections received by the Agent will be effective only if received prior to the record date for any distribution.

The Agent maintains all Common Shareholder accounts in the Plan and furnishes written confirmations of all transactions in the account. Shares in the account of each Plan participant will be held by the

The Fund 29

ADDITIONAL INFORMATION (Unaudited) (CONTINUED)

Agent in non-certificated form in the name of the participant, and each such participant's proxy will include those shares purchased pursuant to the Plan.

The fund pays the Agent's fee for reinvestment of dividends and distributions. Plan participants pay a pro rata share of brokerage commissions incurred with respect to the Agent's open market purchases in connection with the reinvestment of dividends or distributions.

The fund reserves the right to amend or terminate the Plan as applied to any dividend or distribution paid subsequent to written notice of the change sent to Plan participants at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by the Agent on at least 90 days' written notice to Plan participants.

MANAGED DIVIDEND POLICY

The fund's dividend policy is to distribute substantially all of its net

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

investment income to its shareholders on a monthly basis. In order to provide shareholders with a more consistent yield to the current trading price of shares of Common Stock of the fund, the fund may at times pay out less than the entire amount of net investment income earned in any particular month and may at times in any month pay out such accumulated but undistributed income in addition to net investment income earned in that month. As a result, the dividends paid by the fund for any particular month may be more or less than the amount of net investment income earned by the fund during such month. The fund's current accumulated but undistributed net investment income, if any, is disclosed in the Statement of Assets and Liabilities, which comprises part of the Financial Information included in this report.

BENEFITS AND RISKS OF LEVERAGING

The fund utilizes leverage to seek to enhance the yield and net asset value of its Common Stock. These objectives cannot be achieved in all interest rate environments. To leverage, the fund issues Preferred Stock, which pays dividends at prevailing short-term interest rates, and invests

30

the proceeds in long-term municipal bonds. The interest earned on these investments is paid to Common Shareholders in the form of dividends, and the value of these portfolio holdings is reflected in the per share net asset value of the fund's Common Stock. In order to benefit Common Shareholders, the yield curve must be positively sloped: that is, short-term interest rates must be lower than long-term interest rates. At the same time, a period of generally declining interest rates will benefit Common Shareholders. If either of these conditions change, then the risk of leveraging will begin to outweigh the benefits.

SUPPLEMENTAL INFORMATION

During the period ended November 30, 2003, shareholders approved changes in the fund's fundamental investment policies to permit the fund to engage in swap transactions and to permit the fund to invest in other investment companies. Otherwise, during the period, there were: (i) no material changes in the fund's investment objectives or policies, (ii) no changes in the fund's charter or by-laws that would delay or prevent a change of control of the fund, (iii) no material changes in the principal risk factors associated with investment in the fund, and (iv) no changes in the person primarily responsible for the day-to-day management of the fund's portfolio.

Exhibit (a) (1) Exhibit (a) (1)

THE DREYFUS FAMILY OF FUNDS CODE OF ETHICS FOR PRINCIPAL EXECUTIVE AND SENIOR FINANCIAL OFFICERS

1. Covered Officers/Purpose of the Code

This code of ethics (the "Code") for the investment companies within the complex (each, a "Fund") applies to each Fund's Principal Executive Officer, Principal Financial Officer, Principal Accounting Officer or Controller, or other persons performing similar functions, each of whom is listed on Exhibit A (the "Covered Officers"), for the purpose of promoting:

- o honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- o full, fair, accurate, timely and understandable disclosure in reports and documents that the Fund files with, or submits to, the Securities and Exchange Commission (the "SEC") and in other public communications made by the Fund;
- o compliance with applicable laws and governmental rules and regulations;
- o the prompt internal reporting of violations of the Code to an appropriate person or persons identified in the Code; and
- o accountability for adherence to the Code.

Each Covered Officer should adhere to a high standard of business ethics and should be sensitive to situations that may give rise to actual as well as apparent conflicts of interest.

2. Covered Officers Should Handle Ethically Actual and Apparent Conflicts of Interest

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

OVERVIEW. A "conflict of interest" occurs when a Covered Officer's private interest interferes with the interests of, or his service to, the Fund. For example, a conflict of interest would arise if a Covered Officer, or a member of his family, receives improper personal benefits as a result of his position with the Fund.

Certain conflicts of interest arise out of the relationships between Covered Officers and the Fund and already are subject to conflict of interest provisions in the Investment Company Act of 1940, as amended (the "Investment Company Act"), and the Investment Advisers Act of 1940, as amended (the "Investment Advisers Act"). For example, Covered Officers may not individually engage in certain transactions (such as the purchase or sale of securities or other property) with the Fund because of their status as "affiliated persons" of the Fund. The compliance programs and procedures of the Fund and the Fund's investment adviser (the "Adviser") are designed to prevent, or identify and correct, violations of these provisions. The Code does not, and is not intended to, repeat or replace these programs and procedures, and the circumstances they cover fall outside of the parameters of the Code.

Although typically not presenting an opportunity for improper personal benefit, conflicts arise from, or as a result of, the contractual relationship between the Fund and the Adviser of which the Covered Officers are also officers or employees. As a result, the Code recognizes that the Covered Officers, in the ordinary course of their duties (whether formally for the Fund or for the Adviser, or for both), will be involved in establishing policies and implementing decisions that will have different effects on the Adviser and the Fund. The participation of the Covered Officers in such activities is inherent in the contractual relationship between the Fund and the Adviser and is consistent with the performance by the Covered Officers of their duties as officers of the Fund and, if addressed in conformity with the provisions of the Investment Company Act and the Investment Advisers Act, will be deemed to have been handled ethically. In addition, it is recognized by the Fund's Board that the Covered Officers also may be officers or employees of one or more other investment companies covered by this or other codes of ethics.

Other conflicts of interest are covered by the Code, even if such conflicts of interest are not subject to provisions in the Investment Company Act and the Investment Advisers Act. Covered Officers should keep in mind that the Code cannot enumerate every possible scenario. The overarching principle of the Code is that the personal interest of a Covered Officer should not be placed improperly before the interest of the Fund.

Each Covered Officer must:

- o not use his personal influence or personal relationships improperly to influence investment decisions or financial reporting by the Fund whereby the Covered Officer would benefit personally to the detriment of the Fund;
- o not cause the Fund to take action, or fail to take action, for the individual personal benefit of the Covered Officer rather than the benefit of the Fund; and
- o not retaliate against any employee or Covered Officer for reports of potential violations that are made in good faith.

3. Disclosure and Compliance

- o Each Covered Officer should familiarize himself with the disclosure requirements generally applicable to the Fund within his area of responsibility;

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

- o each Covered Officer should not knowingly misrepresent, or cause others to misrepresent, facts about the Fund to others, whether within or outside the Fund, including to the Fund's Board members and auditors, and to governmental regulators and self-regulatory organizations; and
- o each Covered Officer should, to the extent appropriate within his area of responsibility, consult with other officers and employees of the Fund and the Adviser with the goal of promoting full, fair, accurate, timely and understandable disclosure in the reports and documents the Fund files with, or submits to, the SEC and in other public communications made by the Fund; and
- o it is the responsibility of each Covered Officer to promote compliance with the standards and restrictions imposed by applicable laws, rules and regulations.

4. Reporting and Accountability

Each Covered Officer must:

- o upon adoption of the Code (or thereafter, as applicable, upon becoming a Covered Officer), affirm in writing to the Board that he has received, read, and understands the Code;
- o annually thereafter affirm to the Board that he has complied with the requirements of the Code; and
- o notify the Adviser's General Counsel (the "General Counsel") promptly if he knows of any violation of the Code. Failure to do so is itself a violation of the Code.

The General Counsel is responsible for applying the Code to specific situations in which questions are presented under it and has the authority to interpret the Code in any particular situation. However, waivers sought by any Covered Officer will be considered by the Fund's Board.

The Fund will follow these procedures in investigating and enforcing the Code:

- o the General Counsel will take all appropriate action to investigate any potential violations reported to him;
- o if, after such investigation, the General Counsel believes that no violation has occurred, the General Counsel is not required to take any further action;
- o any matter that the General Counsel believes is a violation will be reported to the Board;
- o if the Board concurs that a violation has occurred, it will consider appropriate action, which may include: review of, and appropriate modifications to, applicable policies and procedures; notification to appropriate personnel of the Adviser or its board; or dismissal of the Covered Officer;
- o the Board will be responsible for granting waivers, as appropriate; and
- o any waivers of or amendments to the Code, to the extent required, will be disclosed as provided by SEC rules.

5. Other Policies and Procedures

Edgar Filing: DREYFUS STRATEGIC MUNICIPAL BOND FUND INC - Form N-CSR

The Code shall be the sole code of ethics adopted by the Fund for purposes of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules and forms applicable to registered investment companies thereunder. The Fund's, its principal underwriter's and the Adviser's codes of ethics under Rule 17j-1 under the Investment Company Act and the Adviser's additional policies and procedures, including its Code of Conduct, are separate requirements applying to the Covered Officers and others, and are not part of the Code.

6. Amendments

The Code may not be amended except in written form which is specifically approved or ratified by a majority vote of the Fund's Board, including a majority of independent Board members.

7. Confidentiality

All reports and records prepared or maintained pursuant to the Code will be considered confidential and shall be maintained and protected accordingly. Except as otherwise required by law or the Code, such matters shall not be disclosed to anyone other than the appropriate Funds and their counsel, the appropriate Boards (or Committees) and their counsel and the Adviser.

8. Internal Use

The Code is intended solely for the internal use by the Fund and does not constitute an admission, by or on behalf of the Fund, as to any fact, circumstance, or legal conclusion.
