2005 FIRST QUARTERLY REPORT
INTERTAPE POLYMER GROUP (TM)
(LOGO) (TM)

April 29, 2005

This Management's Discussion and Analysis ("MD&A") supplements the consolidated financial statements and related notes for the three months ended March 31, 2005. Except where otherwise indicated, all financial information reflected herein is prepared in accordance with Canadian generally accepted accounting principles ("GAAP") and is expressed in US dollars.

OVERVIEW

Intertape Polymer Group Inc. (the "Company" or "IPG") experienced a 15.8% increase in sales for the three months ended March 31, 2005 as compared to the corresponding period in 2004. Earnings for the three months ended March 31, 2005 were \$0.15 per share, both basic and diluted, as compared to earnings of \$0.06 per share, both basic and diluted, for the same period in 2004. Excluding the manufacturing facility closure costs and related tax benefits, earnings for the three months ended March 31, 2005 were \$0.16 per share, both basic and diluted.

The increase in net earnings for 2005 compared to 2004 was due to several factors, including increased sales volumes, sales price increases, lower manufacturing costs due in part to the manufacturing facility closures announced in the fourth quarter of 2004 and lower financing expenses as a result of the debt refinancing completed in August 2004. An explosion occurred the night of March 30, 2005 in an external steam generation unit at the Company's manufacturing facility in Columbia, South Carolina. Regrettably, one of the Company's employees was killed in the explosion. The plant remained closed in whole or in part for five days during which the accident investigation commenced, electrical power was restored, the damage to the facility was repaired and employees were provided counseling. The results of the investigation, being performed by several government agencies, are not known at this date. In assessing the financial impact of the accident, the Company's preliminary assessment is that no loss provision is required, and the Company should incur only applicable insurance policy deductibles.

Except as discussed under the captions "Sales" and "Gross Profit and Gross Margin" below, economic and industrial factors during the first quarter of 2005 were substantially unchanged from December 31, 2004.

RESULTS OF OPERATIONS

SALES

Sales for the first quarter of 2005 were \$187.7 million, an increase of 15.8% over the first quarter of 2004 sales of \$162.1 million. The increase includes approximately 4.0% of volume growth and the balance is due to sales price increases.

The Company and the industry as a whole are experiencing a shortage of synthetic rubber, an essential ingredient in the formulation of some of the Company's tape adhesives. The shortage is expected to continue through the

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

summer and possibly into next year, until additional capacity becomes available. As a result, the Company is unable to supply selected tapes at levels that meet all of its customers' demand. Fortunately, the Company is uniquely positioned with its broad assortment of products to satisfy some of its customers' demand with alternative products not currently experiencing raw material shortages. The cost of synthetic rubber has also increased substantially during the first quarter of 2005, but to date, the Company has been able to recover the higher cost through sales price increases. Despite the raw material shortage, the Company believes that it can achieve sales for 2005 in the range of \$775 million to \$790 million due to its broad range of products and the sales price increases it has implemented in recent months.

GROSS PROFIT AND GROSS MARGIN

Gross profit for the first quarter of 2005 totaled \$39.0 million at a gross margin of 20.8%, as compared to gross profit of \$32.1 million for the first quarter of 2004 at a gross margin of 19.8%. The margin improvement in the first quarter of 2005 as compared to the first quarter of 2004 was due to higher selling prices in 2005, lower manufacturing costs in the first quarter of 2005, in part as a result of the closure of two manufacturing facilities in the fourth quarter of 2004, and an absence of some of the production difficulties encountered in the first quarter of 2004.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Selling, general and administrative expenses were \$23.9 million for the first quarter of 2005 (12.7% of sales), compared to \$22.3 million for the first quarter of 2004 (13.8% of sales).

STOCK-BASED COMPENSATION EXPENSE

Stock-based compensation expense for the first quarter of 2005 was \$0.5 million compared to \$0.1 million in the first quarter of 2004. The increase in stock-based compensation expense is attributable to the increasing number of stock option grants being expensed in accordance with the fair value method of accounting adopted by the Company in 2003.

OPERATING PROFIT

Operating profit is not a financial measure under GAAP in Canada or the United States. The Company's Management uses operating profit to measure and evaluate the profit contributions of the Company's product offerings as well as the contribution by channel of distribution.

Because "operating profit" is a non-GAAP financial measure, companies may present similar titled items determined with differing adjustments. Presented below is a table reconciling this non-GAAP financial measure with the most comparable GAAP measurement. The reader is encouraged to review this reconciliation. Operating profit is defined by the Company as gross profit less selling, general and administrative expenses and stock-based compensation expense.

Operating Profit Reconciliation (in millions of US dollars)

| For the three months ended March 31, | 2005 | 2004 |
|--------------------------------------|------|------|
| | \$ | \$ |
| Gross Profit | 39.0 | 32.1 |
| Less: SG&A Expense | 23.9 | 22.3 |
| Less: Stock-Based Compensation | 0.5 | 0.1 |

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

| | | |
|------------------|------|-----|
| Operating Profit | 14.6 | 9.7 |
|------------------|------|-----|

Operating profit was \$14.6 million for the first quarter of 2005, compared to \$9.7 million for the first quarter of 2004. The 50.7% increase in the first quarter of 2005 over the corresponding amount in 2004 was the result of increased sales and improved gross margin.

FINANCIAL EXPENSES

Financial expenses for the first quarter of 2005 were \$5.6 million compared to \$6.8 million in the first quarter of 2004, a 16.5% reduction. The decrease in financial expenses is the result of refinancing virtually all of the Company's indebtedness in August 2004. The refinancing resulted in lower interest costs (at current interest rate levels) despite increasing the Company's indebtedness. The Company increased its indebtedness in part to pay the costs of the refinancing and in part to provide cash for general corporate purposes.

FACILITY RATIONALIZATIONS

In the fourth quarter of 2004, as part of the Company's on-going review of the efficiency and effectiveness of its production and distribution network, the Company announced and substantially completed the closure of two of its manufacturing facilities located in Cumming, Georgia and Montreal, Quebec, as well as its distribution center located in Cumming, Georgia. The total estimated cost for these closures is \$8.7 million, of which \$7.4 million was recorded in the fourth quarter of 2004. The Company estimates total one-time charges for facility closures to approximate \$1.3 million during 2005, of which \$0.6 million was incurred during the three months ended March 31, 2005.

EBITDA

A reconciliation of the Company's EBITDA and adjusted EBITDA, non-GAAP financial measures, to GAAP net earnings is set out in the EBITDA reconciliation table below. EBITDA should not be construed as earnings before income taxes, net earnings or cash from operating activities as determined by GAAP. The Company defines EBITDA as net income before (i) income taxes; (ii) financial expenses, net of amortization; (iii) amortization of other intangibles and capitalized software costs; and (iv) depreciation. Adjusted EBITDA is defined as EBITDA before manufacturing facility closure costs. Other companies in our industry may calculate EBITDA and Adjusted EBITDA differently than we do. EBITDA and Adjusted EBITDA are not measurements of financial performance under GAAP and should not be considered as alternatives to cash flow from operating activities or as alternatives to net income as indicators of our operating performance or any other measures of performance derived in accordance with GAAP. The Company has included these non-GAAP financial measures because it believes that it permits investors to make a more meaningful comparison of IPG's performance between periods presented. In addition, the Company's covenants contained in the loan agreement with its lenders require certain debt to Adjusted EBITDA ratios be maintained, thus EBITDA and Adjusted EBITDA are used by Management and the Company's lenders in evaluating the Company's performance.

EBITDA Reconciliation to Net Earnings
(in millions of US dollars)

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

| For the three months ended March 31, | 2005 | 2004 |
|---|-----------------------------|-----------------------------|
| | <u> </u> | <u> </u> |
| | \$ | \$ |
| Net earnings - As Reported | 6.0 | 2.3 |
| Add back (deduct): | | |
| Financial expenses, net of amortization | 5.3 | 6.3 |
| Income taxes | 1.3 | (0.3) |
| Depreciation and amortization | 7.9 | 7.1 |
| | <u> </u> | <u> </u> |
| EBITDA | 20.5 | 15.4 |
| Manufacturing facility closure costs | 0.6 | - |
| | <u> </u> | <u> </u> |
| Adjusted EBITDA | 21.1 | 15.4 |
| | <u> </u> | <u> </u> |
| | <u> </u> | <u> </u> |

INCOME TAXES

The Company is subject to income taxation in multiple tax jurisdictions around the world. As a result, the Company's effective income tax rate fluctuates depending upon the geographic source of its earnings. The Company's effective income tax rate is also impacted by tax planning strategies that the Company implements. The Company estimates its annual effective income tax rate and utilizes that rate in its quarterly financial statements. For the three months ended March 31, 2005, the Company has an estimated effective income tax rate of approximately 18.2% compared to an estimated effective income tax rate of approximately (14.1)% for the three months ended March 31, 2004.

NET EARNINGS

Net earnings for the first quarter of 2005 were \$6.0 million or \$0.15 per share, both basic and diluted, compared to net earnings of \$2.3 million or \$0.06 per share, both basic and diluted for the first quarter of 2004.

Excluding manufacturing facility closure costs and related tax benefits, adjusted net earnings for the three months ended were \$6.4 million or \$0.16 per share, both basic and diluted. A reconciliation of the Company's adjusted net earnings is set out in the table below:

Reconciliation of Net Earnings to Adjusted Net Earnings (in millions of US dollars)

| For the three months ended March 31, | 2005 | 2004 |
|---|-----------------------------|-----------------------------|

| | <u> </u> | <u> </u> |
| Adjusted net earnings | 6.4 | 2.3 |
| | <u> </u> | <u> </u> |
| | <u> </u> | <u> </u> |

FINANCIAL POSITION

Trade receivables increased \$11.7 million between December 31, 2004 and

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

March 31, 2005. The increase is primarily due to the higher level of sales as well as higher selling prices for the month of March 2005 compared to the month of December 2004. Aside from the trade receivables, other current assets were substantially unchanged between December 31, 2004 and March 31, 2005. Current liabilities increased by \$3.3 million between December 31, 2004 and March 31, 2005 due to \$5.0 million in borrowings under the Company's revolving credit facilities.

Property, plant and equipment, net of accumulated depreciation and amortization, decreased by \$3.7 million in the first quarter of 2005 due to depreciation and amortization in excess of capital expenditures for the period.

OFF-BALANCE SHEET ARRANGEMENTS AND RELATED PARTY TRANSACTIONS

The Company maintains no off-balance sheet arrangements and is not a party to any related party transactions.

LIQUIDITY AND CAPITAL RESOURCES

Cash from operations before changes in non-cash working capital items was \$15.6 million for the first quarter of 2005 compared to \$8.6 million for the first quarter of 2004. Changes in non-cash working capital items required \$17.5 million in cash flows for the three months ended March 31, 2005 compared to using \$2.3 million in cash during the same three month period in 2004 before changes in non-cash items.

The improved cash flow from operating activities before changes in non-cash working capital items in the first quarter of 2005 compared to the first quarter of 2004 is the result of improved profitability.

Cash flows used in investing activities was \$6.2 million in the first three months of 2005 compared to using \$11.9 million in cash in the first three months of 2004. The decrease was due to the \$5.5 million used to acquire the duct and masking tape operations of tesa tape, inc. during the first quarter of 2004.

The Company increased total indebtedness during the three months ended March 31, 2005 by \$4.5 million to finance investing activities in excess of cash flows from operations. Total indebtedness increased during the three months ended March 31, 2004 by \$5.7 million for the same reason.

The Company's cash liquidity is influenced by several factors, the most significant of which is the Company's level of inventory investment. The Company periodically increases its inventory levels when business conditions suggest that it is in the Company's best interest to do so, such as buying opportunities to mitigate the impact of rising new material costs. The Company does not expect these higher inventory investments to continue indefinitely, but until the circumstances reverse themselves, the Company believes it has adequate cash and credit available to support these strategies. Further, the Company believes that it has the ability to generate sufficient working capital, both long and short term, to meet the requirements of its day-to-day operations, given its operating margins and projected budgets.

BANK INDEBTEDNESS AND CREDIT FACILITIES

The Company maintains a US\$65.0 million five-year revolving credit facility available in US dollars and a US\$10.0 million five-year revolving credit facility available in Canadian dollars. At March 31, 2005, the Company had borrowed \$9.4 million under its US\$65.0 million revolving credit facility, including \$4.4 million in letters of credit. No amounts were borrowed

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

under the revolving credit facilities at December 31, 2004 except for \$3.8 million in letters of credit. When added with the cash on-hand, cash equivalents and temporary investments, the Company's cash and credit availability, subject to covenant restrictions, totaled \$84.2 million at March 31, 2005 compared to \$93.6 million at December 31, 2004.

CONTRACTUAL OBLIGATIONS

At March 31, 2005, there were no material changes in the contractual obligations set forth in the Company's 2004 Annual Report that were outside the ordinary course of the Company's business.

CAPITAL STOCK

As at March 31, 2005 there were 41,237,711 common shares of the Company outstanding.

During the first quarter of 2005, employees exercised 750 stock options worth \$2,925. During the first quarter of 2004, employees exercised 115,125 stock options worth \$970,000.

During November 2004, the Company announced that it had registered a Normal Course Issuer Bid in Canada, under which the Company is authorized to repurchase for cancellation up to 5.0% of its outstanding common shares. In the first quarter of 2005, there were no shares purchased for cancellation.

CURRENCY RISK

The Company is subject to currency risks through its Canadian and European operations. Changes in the exchange rates may result in decreases or increases in the foreign exchange gains or losses. The Company does not use derivative instruments to reduce its exposure to foreign currency risk, as historically these risks have not been significant.

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with Canadian GAAP requires management to make estimates and assumptions that affect the recorded amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the recorded amounts of revenues and expenses during the reporting period. On an on-going basis, management reviews its estimates, including those relating to the allowance for doubtful accounts, reserve for slow moving and unmarketable inventories and income taxes based on currently available information. Actual results may differ from those estimates.

The discussion on the methodology and assumptions underlying these critical accounting estimates, their effect on the Company's results of operations and financial position for the year ended December 31, 2004 can be found in the Company's 2004 Annual Report and have not materially changed since that date.

SUMMARY OF QUARTERLY RESULTS

A table of Consolidated Quarterly Statements of Earnings for the eight most recent quarters can be found at the end of this MD&A.

DISCLOSURE REQUIRED BY THE NEW YORK STOCK EXCHANGE

A summary of the significant ways that the governance of the Company differs from that of a US listed company is available on the Company's website at

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

www.intertapepolymer.com under "Investor Relations."

ADDITIONAL INFORMATION

Additional information relating to IPG, including its Annual Information Form is filed on SEDAR at www.sedar.com in Canada and on EDGAR at www.sec.gov in the U.S.

FORWARD-LOOKING STATEMENTS

Certain statements and information set forth in this Quarterly Report, including statements regarding the business and anticipated financial performance of the Company, constitute "forward-looking statements" within the meaning of the Federal Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied in such forward-looking statements. Forward-looking statements include, but are not limited to, statements regarding the Company's cost savings from its consolidation efforts, projected sales and earnings, the success of new products, the Company's product mix, and future financing plans. Forward-looking statements can be identified in some cases by terms such as "may", "should", "could", "intends", "anticipates", "potential", and similar expressions intended to identify forward-looking statements. These statements, which reflect our current views regarding future events, are based on assumptions and subject to risks and uncertainties.

Among the factors that could cause actual results to differ from the forward-looking statements include, but are not limited to, inflation and general economic conditions, changes in the level of demand for the Company's products, competitive pricing pressures, general market trends, failure to achieve planned cost savings associated with consolidation, restrictions and limitations placed on the Company by its debt instruments, international risks including exchange rate fluctuations, trade disruptions, and political instability of foreign markets that we produce in or purchase materials from, and the availability and price of raw materials.

This Quarterly Report contains certain non-GAAP financial measures as defined under SEC rules, including operating profit, EBITDA, and adjusted EBITDA. The Company believes such non-GAAP financials measures improve the transparency of the Company's disclosure, provide a meaningful presentation of the Company's results from its core business operations, excluding the impact of items not related to the Company's ongoing core business operations, and improve the period-to-period comparability of the Company's results from its core business operations. As required by SEC rules, the Company has provided reconciliations of those measures to the most directly comparable GAAP measures.

Additional discussion of factors that could cause actual results to differ materially from management's projections, estimates and expectations is contained in the Company's SEC filings. These and other factors should be considered carefully and undue reliance should not be placed on forward-looking statements. The Company undertakes no duty to update its forward-looking statements, including its sales and earnings outlook, other than as required under applicable law.

This Quarterly Report contains certain non-GAAP financial measures, including operating profit and EBITDA. The Company has included these non-GAAP financial measures because it believes they provide investors with a more meaningful period-to-period comparison of the Company's performance. Further, EBITDA is used by IPG's Management, lenders and

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

noteholders to evaluate the Company's performance. IPG has included in this Quarterly Report reconciliations of non-GAAP financial measures to the most directly comparable GAAP measures as required by the Securities and Exchange Commission.

The accompanying notes are an integral part of the consolidated financial statements.

NOTE 1.

Basis of Presentation

In the opinion of management, the accompanying unaudited interim consolidated financial statements, prepared in accordance with Canadian generally accepted accounting principles, contain all adjustments necessary to present fairly Intertape Polymer Group Inc.'s ("IPG" or the "Company")

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

financial position as at March 31, 2005 and 2004, as well as its results of operations and its cash flows for the three months ended March 31, 2005 and 2004.

These unaudited interim consolidated financial statements and notes should be read in conjunction with IPG's annual consolidated financial statements.

These unaudited interim consolidated financial statements and notes follow the same accounting policies as the most recent annual consolidated financial statements.

NOTE 2.

Earnings per Share

The following table provides a reconciliation between basic and diluted earnings per share:

In thousands of US dollars
(Except per share amounts)

| For the three months ended | March 31, | |
|--|-----------|--------|
| | 2005 | 2004 |
| | \$ | \$ |
| Net earnings applicable to common shares | 6,033 | 2,291 |
| Weighted average number of common shares outstanding (000's) | 41,237 | 40,972 |
| Effect of dilutive stock options (000's) (a) | 207 | 557 |
| Weighted average number of diluted common shares outstanding (000's) | 41,444 | 41,529 |
| Basic earnings per share | 0.15 | 0.06 |
| Diluted earnings per share | 0.15 | 0.06 |

(a) Diluted earnings per share is calculated by adjusting outstanding shares, assuming any dilutive effects of stock options.

NOTE 3.

Accounting for Compensation Programs

As at March 31, 2005 the Company had a stock-based compensation plan, which is described in the 2004 Annual Report. Under the transitional provisions prescribed by the Canadian Institute of Chartered Accountants ("CICA"), the Company is prospectively applying the recognition provisions to stock options issued in 2003 and thereafter. The transitional provisions of the CICA are similar to those of the US Financial Accounting Standards Board ("FASB"). To determine the compensation cost, the fair value of stock options is recognized on a straight-line basis over the vesting periods. For stock options granted during the year ended December 31, 2002, the Company is required to make pro forma disclosures of net earnings and basic and diluted earnings per share as if the fair value based method of accounting had been applied.

Accordingly, the Company's net earnings and basic and diluted earnings per share for the periods ended March 31, 2005 and 2004 would have decreased to the pro forma amounts indicated in the following table:

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

In thousands of US dollars
(Except per share amounts)

| For the three months ended | March 31, 2005 | 2004 |
|--|-------------------|-------|
| | \$ | \$ |
| Net earnings as reported | 6,033 | 2,291 |
| Add: Stock-based employee compensation expense included in reported net earnings | 455 | 70 |
| Deduct: Total stock-based employee compensation expense determined under fair value based method | (755) | (457) |
| Pro forma net earnings | 5,733 | 1,904 |
| | | |
| Earnings per share: | | |
| Basic - as reported | 0.15 | 0.06 |
| Basic - pro forma | 0.14 | 0.05 |
| Diluted - as reported | 0.15 | 0.06 |
| Diluted -pro forma | 0.14 | 0.05 |

Edgar Filing: INTERTAPE POLYMER GROUP INC - Form 6-K

| | | |
|---|-----|-----|
| | | |
| Foreign exchange loss | 119 | 50 |
| Investment tax credits recorded as a reduction of research and development expenses | 20 | 154 |

NOTE 6.

Manufacturing Facility Closure Costs

The Company incurred one-time costs associated with facility closures of \$0.6 million during the three months ended March 31, 2005. There were no costs associated with facility closures during the three months ended March 31, 2004.

NOTE 7.

Capital Stock

During the three months ended March 31, 2005, 750 shares at a value of \$2,925 were issued to employees who exercised stock options.

During the three months ended March 31, 2004, 115,125 common shares at a value of \$970,000 were issued to employees who exercised stock options.

The Company's shares outstanding as at March 31, 2005, December 31, 2004 and March 31, 2004 were 41,237,711, 41,236,961 and 41,060,001 respectively.

Weighted average number of common shares outstanding:

| | | |
|---------------------|------------|------------|
| CDN GAAP - Basic | 41,237,461 | 40,971,739 |
| CDN GAAP - Diluted | 41,444,870 | 41,528,581 |
| U.S. GAAP -Basic | 41,237,461 | 40,971,739 |
| U.S. GAAP - Diluted | 41,444,870 | 41,528,581 |

The Company did not declare or pay dividends during the three months ended March 31, 2005 or the three months ended March 31, 2004.

NOTE 8.

Business Acquisition

In February 2004, the Company purchased for a cash consideration of \$5.5 million plus contingent consideration (dependent on business retention), assets relating to the masking and duct tape operations of tesa tape, inc. ("tesa tape"). At the same time, the Company finalized its three-year agreement to supply duct tape and masking tape to tesa tape.

The purchase was accounted for as a business combination and, accordingly, the purchase method of accounting was used. The purchase price was allocated to the assets purchased based on their estimated fair values as at the date of acquisition and included \$0.9 million of equipment and \$4.6 million of goodwill. The goodwill is deductible over 15 years for income tax purposes. Any contingent consideration paid will be recorded as an increase in goodwill. During the three months ended March 31, 2005, the Company recorded \$0.3 million of contingent consideration.
