PROXY STATEMENT

For the Annual Meeting of Stockholders to be Held

Thursday, June 19, 2014

On Assignment, Inc. (the “Company,” “On Assignment,” “we,” “our,” or “us”) is providing these proxy materials in connection with the solicitation by the Board of Directors of On Assignment, Inc. (the “Board”) of proxies to be voted at On Assignment’s 2014 Annual Meeting of Stockholders to be held on Thursday, June 19, 2014 at 9:00 a.m. Eastern Daylight Time, or at any adjournment or postponement thereof. This Proxy Statement, the proxy card and On Assignment’s Annual Report to Stockholders will be mailed to each stockholder entitled to vote at the Annual Meeting commencing on or about April 25, 2014.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

The following questions and answers address some questions you may have regarding the matters to be voted upon at the Annual Meeting. These questions and answers may not address all questions that may be important to you as an On Assignment stockholder. Please refer to the more detailed information contained elsewhere in this Proxy Statement and the documents referred to or incorporated by reference in this Proxy Statement.

Who is soliciting my vote?

The Board of On Assignment is soliciting your vote at the 2014 Annual Meeting of Stockholders for the following matters:

Proposal 1: the election of Peter T. Dameris and Jonathan S. Holman as directors for three-year terms to expire at our 2017 Annual Meeting of Stockholders;

Proposals 2A – 2E: the approval of our amended and restated certificate of incorporation as follows:

2A: Amending Article V to remove the requirement that stockholders adopt a resolution if the Board of Directors adopts any Bylaw amendment that increases or reduces the authorized number of directors;

2B: Amending Article V to remove the supermajority vote requirement to repeal, alter, amend or rescind certain provisions of the Amended and Restated Bylaws of On Assignment dated January 28, 1998 (the “Bylaws”);

2C: Amending Article IX to remove (1) the requirement that stockholders take action by meetings and (2) the restriction which prohibits stockholders from taking any action by written consent without a meeting;

2D: Amending Article XII to remove the supermajority vote requirement to amend, alter, change or repeal certain provisions of the Restated Certificate of Incorporation of On Assignment, dated April 14, 1993, as amended by the Certificate of Amendment dated August 17, 2000 (the “Certificate of Incorporation”), as well as revise paragraph 1 and remove paragraph 5 of Article VI of the Certificate of Incorporation; and

2E: Amending Article I to update the Company’s registered office and adding a new Article XIII which establishes Delaware as the exclusive forum for certain disputes;

Proposal 3: an advisory vote to approve named executive officer compensation; and

Proposal 4: the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014;

If any such other matters properly come before the Annual Meeting or any adjournments or postponements thereof, the persons named as proxies shall vote the shares represented thereby in their discretion.

What is included in the proxy materials?

Proxy materials include this Proxy Statement for the Annual Meeting and the Company's Annual Report on Form 10-K for the year ended December 31, 2013 (the "Annual Report") filed with the Securities and Exchange Commission (the "SEC") on March 3, 2014. The Company will provide without charge to each person solicited hereunder, upon the written request of any such person, a copy of the Annual Report, including the financial statements and the financial statement schedules thereto. This Proxy Statement and our Annual Report are available free of charge on our website (<http://www.onassignment.com>). Information on our website is not and should not be considered part of, nor is it incorporated by reference into, this Proxy Statement.

Who may vote at the Annual Meeting?

The Board has set April 21, 2014, as the record date for the Annual Meeting. If you were the owner of shares of On Assignment, Inc. common stock at the close of business on April 21, 2014, you may vote at the Annual Meeting. You are entitled to one vote for each share of common stock you held on the record date, including shares held directly in your name with our transfer agent as a "holder of record" and shares held for you in an account with a broker, bank or other nominee (shares held in "street name").

Delivery of Proxy Materials: What is Notice and Access?

In accordance with the e-proxy rules of the SEC, On Assignment will mail a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders of record, and brokers, bank and other nominees (collectively, "nominees") who hold shares on behalf of beneficial owners (also called "street name holders") on or about April 21, 2014. The Notice describes the matters to be considered at the Annual Meeting and how the stockholders can access the proxy materials online. It also provides instructions on how those stockholders can vote their shares. If you received the Notice, you will not receive a print version of the proxy materials, unless you request one. If you would like to receive a print version of the proxy materials, free of charge, please follow the instruction on the Notice. If you hold your shares in street name, you may request paper copies of the proxy statement and proxy card from your nominee by following the instructions on the notice your nominee provides you.

A list of stockholders entitled to vote at the Annual Meeting will be open to the examination of any stockholder, for any purpose germane to the Annual Meeting, during normal business hours for a period of 10 days before the Annual Meeting at our principal executive offices at 26745 Malibu Hills Road, Calabasas, California 91301, and at the time and place of the Annual Meeting.

How many shares must be present to hold the meeting?

A majority of On Assignment's outstanding shares of common stock as of the record date must be present in person or represented by proxy at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting. On March 31, 2014, there were 54,318,986 shares of On Assignment common stock outstanding (all of which are entitled to vote at the Annual Meeting).

How many votes are required to approve each item?

Directors are elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees who receive the largest number of FOR votes cast will be elected as directors.

Each of the proposals for our Amended and Restated Certificate of Incorporation requires a FOR vote of two-thirds of the shares having voting power of all of our outstanding shares of stock, except that Proposal 2E regarding updating the Company's registered office and establishing Delaware as the exclusive forum for certain disputes requires a FOR vote of a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting.

The advisory vote on executive compensation requires a FOR vote of the holders of a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting.

The ratification of the appointment of the independent registered public accounting firm requires the FOR vote of the holders of a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting.

Why are there so many parts to the Proposal to approve an Amended and Restated Certificate of Incorporation?

We are setting out each separate matter intended to be acted upon, so that stockholders are able to express their views on each proposed amendment separately. The approval of any proposal is not conditioned on the approval of another proposal.

How may I cast my votes?

You may either vote FOR or WITHHOLD AUTHORITY TO VOTE for the director nominees. If you withhold authority to vote with respect to the director nominees, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of the nominees.

You may vote FOR, AGAINST or ABSTAIN on each of the proposals to amend our Certificate of Incorporation which are up for approval, the advisory vote on executive compensation, and the ratification of the appointment of our independent registered public accounting firm.

If you sign and submit your proxy card without voting instructions, your shares will be voted FOR the director nominees put forth by the Board, FOR the approval of each of the proposals to amend our Certificate of Incorporation, FOR the approval of the advisory vote on executive compensation, and FOR the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

What if I abstain from voting?

If you attend the Annual Meeting or send in your signed proxy card, but abstain from voting on any proposal, your shares will still be counted for purposes of determining whether a quorum exists and your abstention will have the same effect as a vote against the proposals.

Will my shares be voted if I do not sign and return my proxy card or vote in person?

If you do not sign and return your proxy card or vote in person, your shares will not be voted at the Annual Meeting. If your shares are held in “street name” and you do not issue instructions to your broker, your broker may vote your shares at its discretion on routine matters, but may not vote your shares on non-routine matters. If a broker who holds shares for another person does not vote on a particular proposal because that broker does not have discretionary voting power for the proposal and has not received voting instructions from the owner of the shares, then a “broker non-vote” will occur. It is important that you vote your shares.

The election of directors, the proposals to amend our Certificate of Incorporation, and the advisory vote on executive compensation are non-routine matters, whereas the appointment of our independent registered public accounting firm is a routine matter. Therefore, if your shares are held in “street name” by your broker and you do not provide your broker with instructions on how to vote your “street name” shares, your broker will not be permitted to vote on the election of directors, the amendment to the Certificate of Incorporation, or the advisory vote on executive compensation. However, with regards to the appointment of our independent registered public accounting firm, your broker will be permitted to vote your shares at its discretion. You should therefore be sure to provide your broker with instructions on how to vote your shares. Please check the voting form used by your broker to see if it offers telephone or Internet submission of proxies.

Broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business, but they will not be counted for purposes of determining whether the proposals have been approved.

How does the Board recommend that I vote?

The Board recommends that you vote your shares:

Proposal 1: FOR Peter T. Dameris and Jonathan S. Holman, the director nominees named in this Proxy Statement;

Proposals 2A-2E: FOR each of the separate proposals that are presented to amend the Company's Certificate of Incorporation;

Proposal 3: FOR the proposal regarding an advisory vote to approve named executive officer compensation; and

Proposal 4: FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

What do I need to do now?

All stockholders are urged to vote by telephone or on the Internet by following the instructions on the Notice. If you have properly requested and received a paper copy of this proxy statement, you may vote your shares by (a) submitting a proxy by telephone or on the Internet by following the instructions on the proxy card or (b) completing, dating and signing the proxy card included with the proxy statement and promptly returning it in the pre-addressed, postage-paid envelope provided.

On Assignment stockholders may vote by mail or at the Annual Meeting. Most of our stockholders may vote their shares by telephone or the Internet. If you vote by telephone or the Internet, you do not need to return your proxy card. The instructions for voting can be found with your proxy card or on the Notice.

How do I vote my shares without attending the Annual Meeting?

If you are a registered stockholder, you may access your proxy card by either:

• Going to the following Web site: www.proxyvote.com entering the information requested on your computer screen and then following the simple instruction, or

• Calling (in the United States, U.S. territories, and Canada), toll free 1-800-690-6903 on a touch-tone telephone, and following the simple instructions provided by the recorded message.

How do I vote my shares in person at the Annual Meeting?

Even if you plan to attend the Annual Meeting, we encourage you to vote by accessing your proxy card as noted above.

If you choose to vote in person at the Annual Meeting:

• if you are a stockholder of record, you may vote by the ballot to be provided at the Annual Meeting; or

• if you hold your shares in “street name,” you must obtain a proxy in your name from your bank, broker or other holder of record in order to vote by ballot at the Annual Meeting.

Please call (818) 878-7900 to obtain directions to attend the Annual Meeting.

What happens if my shares are held in more than one account?

If your shares are held in more than one account, you will receive a voting instrument for each account. To ensure that all of your shares in each account are voted, you must sign, date and return each proxy card you receive.

If you and other residents at your mailing address own shares of On Assignment stock in “street name,” your bank, broker or other holder of record may have notified you that your household will receive only one Annual Report and Proxy Statement for each company in which you hold stock through that bank, broker or other holder of record. This practice is known as “householding.” Unless you responded that you did not want to participate in householding, you were deemed to have consented to the process. Therefore, your bank, broker or other holder of record will send only one copy of our Annual Report and Proxy Statement to your address. Each stockholder in your household will continue to receive a separate voting instruction form.

If you would like to receive your own set of our Annual Report and Proxy Statement in the future, the Company will promptly deliver, upon oral or written request, a separate copy of the Annual Report and Proxy Statement. Requests should be directed to the Secretary at On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301; tel: (818) 878-7900. If you share an address with another On Assignment stockholder and together both of you would like to receive only a single set of On Assignment annual disclosure documents, please contact our Secretary by written or telephonic request at On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301; tel: (818) 878-7900. As a part of this process, you will be asked to provide your name, the name of your bank, broker or

other holder of record and your account number. The revocation of your consent to householding should be effective 30 days following receipt of your instructions.

If you did not receive an individual copy of this year's Annual Report or Proxy Statement, we will send a copy to you upon a written or oral request. Written requests for such copies should be addressed to On Assignment, Inc., Attention: Investor Relations, 26745 Malibu Hills Road, Calabasas, California 91301. Please contact our Investor Relations department by telephone at (818) 878-3136 with any oral requests for such copies.

May I revoke my proxy and change my vote?

You may revoke your proxy at any time before it is voted by:

•submitting a properly signed proxy card with a later date;

- delivering to the Secretary of On Assignment a written revocation notice bearing a later date than the proxy card;
- voting in person at the Annual Meeting; or
- voting by telephone or the Internet after you have given your proxy.

How can I find out the results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be published on a Form 8-K which will be filed with the SEC within four business days after the Annual Meeting.

PROPOSAL ONE – ELECTION OF DIRECTORS

The Bylaws of On Assignment provide that our Board shall be comprised of not less than four but no more than seven directors and the exact number may be fixed by the Board, and it is currently fixed at seven directors. The Board is divided into three classes, as equal in number as possible. At each Annual Meeting, one class of directors is elected for a three-year term.

At this year's Annual Meeting, two directors will be elected to serve until our 2017 Annual Meeting of Stockholders or until their successors are elected and qualified.

Peter T. Dameris, our President and Chief Executive Officer, and Jonathan S. Holman, the Chairman of our Compensation Committee, have terms that are expiring, and they have been nominated to stand for re-election. Unless otherwise instructed by stockholders, the persons named as proxies will vote the proxies received by them FOR the election of Messrs. Dameris and Holman. Messrs. Dameris and Holman have consented to serve if elected, but if they are unable or unwilling to serve, the persons named as proxies may exercise their discretion to vote for substitute nominees.

Non-Executive Observers of the Board of Directors

Pursuant to the terms of the Investor Rights Agreement entered into by the Company and certain former shareholders of Apex who became stockholders of On Assignment on May 15, 2012 (the "Investor Rights Agreement"), the Shareholder Representative designated under the Agreement of Merger, dated as of March 20, 2012, by and among On Assignment, Apex, OA Acquisition Corp. and the Shareholder Representative (the "Merger Agreement"), has the right to appoint a Non-Executive Observer of the Board of Directors. Jeffrey E. Veatch serves as the designated Non-Executive Observer of the Board of Directors. In addition, Arshad Matin has been appointed as a second

Non-Executive Observer to the Board, and we entered into a Consulting Agreement with him on June 21, 2013. These observers, who have extensive executive and staffing experience, provide advice and guidance to the Board. Each of these observers can be asked to depart Board meetings under certain circumstances.

Independent Directors and Material Proceedings

The Board consists of seven members, a majority of which are deemed by the Board to be independent directors under the current listing standards of the New York Stock Exchange ("NYSE"). Our independent directors are Messrs. Jones, Callaghan, Holman, Kittrell and Sheridan, and Senator Brock. For each independent director, the Board has made a subjective determination that no relationships exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out his responsibilities as a director. In making these determinations, the Board has considered information provided by the directors and management with regard to the business and personal activities of each director as they may relate to On Assignment and members of management. There are no family relationships among our executive officers and directors.

There are no material legal proceedings to which the Company or any of its subsidiaries is a party or of which any of their property is subject. There are no material legal proceedings to which any director, officer or affiliate of the Company, any owner of record or beneficially of more than five percent of the Company's voting securities, or any associate of any such director, officer, affiliate of the Company or security holder is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries.

Role of the Board

The Board oversees the Company's Chief Executive Officer and other executive officers in the competent and ethical operation of the Company. The Board ensures that the long-term interests of the stockholders are considered in the operation of the Company.

Board Leadership Structure

The Board has consistently maintained an independent Chairman of the Board. The Board has made a determination that the Board leadership structure is appropriate and that the structure allows the Board to fulfill its duties effectively and efficiently. The Company has determined that its leadership structure is appropriate because the Chairman of the Board is independent, as defined by the NYSE and the SEC. An independent Chairman, like independent Board members, allows for an objective evaluation of the performance of the Company and its officers. Nonetheless, the Board recognizes that the Chief Executive Officer has invaluable insight into the Company due to the nature of his position and recognizes the value of having him on the Board. Accordingly, the Board believes that the Company's stockholders and interests are best served by keeping the position of Chief Executive Officer and Chairman of the Board as separate and independent positions.

Board Committees and Meetings

The Board held seven meetings during the year ended December 31, 2013 and acted by unanimous written consent on six additional occasions. The Board has a Compensation Committee, an Audit Committee, and a Nominating and Corporate Governance Committee. The Board has determined that the chairmen and committee members of each of the Compensation Committee, the Audit Committee and the Nominating and Corporate Governance Committee are independent under applicable NYSE and SEC rules.

The members and chairmen who served on the Committees in 2013 are identified in the table below:

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
William E. Brock		X	Chair
Brian J. Callaghan	X		
Peter T. Dameris			
Jonathan S. Holman		Chair	X
Jeremy M. Jones, Chairman	X	X	
Marty R. Kittrell	Chair		
Edwin A. Sheridan, IV			X

Compensation Committee. The Compensation Committee held six meetings during 2013 and acted by unanimous written consent on seven additional occasions. The Compensation Committee meets in executive session without management present on a regular basis. The Compensation Committee reviews our general compensation policies, sets the compensation levels for our executive officers, including the Chief Executive Officer, administers our equity plans, and approves all equity grants to employees, directors and consultants. The Compensation Committee approves the compensation, including incentive compensation, of executive officers of On Assignment and determines the terms of key agreements concerning employment, compensation and termination of employment. The Committee

evaluates the Chief Executive Officer's performance in light of goals and objectives that have been set for him. The Board has determined that each member of the Compensation Committee is independent within the meaning of the NYSE rules requiring members of compensation committees to be independent. The Compensation Committee charter provides that the Compensation Committee may delegate its authority, subject to the terms in the charter, but the Compensation Committee does not do so.

Audit Committee. The Audit Committee held nine meetings during 2013. The Audit Committee reviews, acts on and reports to the Board with respect to various auditing and accounting matters. The Audit Committee performs functions required of audit committees of public companies under applicable laws, rules and regulations and the requirements of NYSE. The primary functions of the Audit Committee are to assist the Board in its responsibility for oversight of:

- the quality and integrity of our financial statements and our financial reporting and disclosure practices;
- our systems of internal controls regarding finance and accounting compliance;
- the qualification, independence and oversight of performance of our registered public accounting firm including its appointment, compensation, evaluation and retention;

- our ethical compliance programs; and
- risk issues related to financial statements.

The Audit Committee's functions include, but are not limited to, reviewing compliance with and reporting under Section 404 of the Sarbanes-Oxley Act of 2002, reviewing matters of disagreement, if any, between management and our independent registered public accounting firm, and regularly meeting with management, our independent registered public accounting firm and internal audit staff to review the adequacy of our internal controls.

Rules adopted by the NYSE and the SEC impose strict independence requirements for all members of the Audit Committee. Audit Committee members are barred from accepting, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or an affiliate of the Company, other than in the member's capacity as a member of the Board and any Board committee. In addition, an Audit Committee member may not be an affiliated person, as defined in the Securities Exchange Act of 1934, as amended (the "Exchange Act") of the Company except in his capacity as a member of the Board and any Board committee. The Board has determined that each member of the Audit Committee meets all applicable independence requirements and that each Audit Committee member has no material relationship with the Company that would jeopardize the director's ability to exercise independent judgment. In addition, the Board has determined that Mr. Kittrell, based on his experience, skills and education as described above, is the Audit Committee financial expert, as that term is defined under the SEC rules.

The Company has adopted a process, which the Audit Committee oversees, for disclosing related-party transactions and identifying significant deficiencies each quarter in connection with filing our quarterly reports on Form 10-Q and our annual reports on Form 10-K.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee met three times in 2013. The Nominating and Corporate Governance Committee evaluates director nominee candidates and makes recommendations to the Board with respect to the nomination of individuals for election to the Board and to serve as committee members, consistent with criteria approved by the Board. In addition, the Nominating and Corporate Governance Committee makes recommendations to the Board concerning the size, structure and composition of the Board and its committees. The Committee also monitors the qualification and performance of, and the Company's succession planning regarding, key executives. The Board has determined that each member of the Nominating and Corporate Governance Committee is independent within the meaning of the NYSE rules requiring members of nominating committees to be independent. The Nominating and Corporate Governance Committee recommended the nominations of Messrs. Dameris and Holman for election at this year's Annual Meeting.

The Nominating and Corporate Governance Committee Charter, and the Corporate Governance Guidelines established by the Nominating and Corporate Governance Committee, set forth certain criteria for the committee to consider in evaluating potential director nominees. However, in considering potential director nominees, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials. Qualifications considered by the Nominating and Corporate Governance Committee vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board and include:

- personal and professional ethics and integrity;
- business judgment;
- business creativity and vision;
- willingness and ability to devote adequate time and resources to diligently perform the duties of a director;
- relevant specific industry or regulatory affairs knowledge;
- familiarity with general issues affecting our business;
- qualifications as an audit committee financial expert;
- diversity in a variety of areas;

qualifications as an independent director; and
• areas of expertise that the Board should collectively possess such as board experience, executive experience, human resources experience, accounting and financial oversight experience and corporate governance experience.

The Nominating and Corporate Governance Committee relies primarily on recommendations for director candidates from its members, other directors, the Chief Executive Officer and third parties, including professional recruiting firms. In 2013, no professional recruiting firms or consultants were needed and, accordingly, no fees were paid for recruiting director nominees. Existing directors being considered for re-nomination are evaluated based on their performance as directors, experience, skills, education and independence to ensure that they continue to meet the qualifications above.

The Nominating and Corporate Governance Committee Charter also provides for the importance of a diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise. The Nominating and Corporate Governance Committee considers diversity in identifying nominees, including differences in skill, viewpoints and experience, as well as gender, race and nationality, and these factors will be considered for purposes of nominating directors.

Stockholders wishing to suggest a candidate for director nomination for the 2015 Annual Meeting of Stockholders should mail their suggestions to On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301, Attn: Secretary. The Nominating and Corporate Governance Committee will also consider timely written suggestions from our stockholders. Unless the proposed Amended and Restated Certificate of Incorporation is approved by stockholders at the Annual Meeting, which would result in the Board amending the Bylaws, our current Bylaws state that suggestions must be received by the Secretary of On Assignment not less than 30 days nor more than 60 days prior to the 2015 Annual Meeting of Stockholders. The manner in which director nominee candidates suggested in accordance with this policy are evaluated shall not differ from the manner in which candidates recommended by other sources are evaluated. As of April 21, 2014, there were no director candidates put forward by stockholders for consideration at the Annual Meeting.

The Nominating and Corporate Governance Committee evaluates the Board's leadership structure and believes that separation of the Chief Executive Officer and Chairman of the Board positions is in the best interest of the Company, assures an adequate level of independence of the Board, and is best aligned with the interests of its stockholders.

The written charters governing the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are posted on the Investor Relations Corporate Governance page of our website at <http://www.onassignment.com>. You may also obtain a copy of any of these documents without charge by writing to: On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301, Attn: Secretary.

Risk Oversight. The Board has an active role, as a whole and at the committee level, in overseeing management of the Company's risks. Company representatives regularly report to the Board on risks that the Company faces. The Board regularly reviews and determines the Company's risk management philosophies, policies and processes. The Board is primarily responsible for overseeing the management of the Company's risks associated with the Board's governance and delegation decisions, including decisions about compensation. The Board oversees officers' identification and management of risk management issues and regularly meets with such officers regarding risk management issues of the Company, and the processes and procedures used for identifying and managing risk. The Board also regularly reviews the reporting processes from those officers that are responsible for the day-to-day management of the Company's risks to determine if these reporting processes or other flow of information to the Board could be improved.

The Audit Committee is primarily responsible for overseeing the management of the Company's accounting and financial reporting matters and risks related to the Company's accounting and financial practices. The Audit Committee Charter provides that the Audit Committee's responsibilities include inquiring of management and the Company's outside auditors regarding key financial statement risk areas, including the Company's processes for identifying and assessing such risk areas and the steps the Company has taken with regard to such risk areas. In connection with these responsibilities, the Audit Committee routinely reviews and evaluates the Company's processes for identifying and assessing key financial statement risk areas and for formulating and implementing steps to address such risk areas. The Audit Committee is also responsible for inquiring of management and the Company's outside auditors regarding significant business risks or exposures, including the Company's processes for identifying and assessing such risks and exposures and the steps management has taken to minimize such risks and exposures.

The Compensation Committee is responsible for overseeing risks associated with compensation practices. Upon evaluation, the Compensation Committee has determined that the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company. In making this determination, the Compensation Committee considered that none of the compensation policies and practices at a business unit carry a significant portion of the Company's risk profile, has a significantly different compensation structure than other units, is significantly more profitable than other units or pays compensation expenses as a significant percentage of the unit's revenues.

Meetings. Other than one director who was not able to attend a telephonic Board meeting, each current director attended 100% of the meetings of the Board and Committees of the Board on which he served during 2013. Our independent directors regularly meet as a group in executive sessions outside the presence of management presided over by the non-executive Chairman of our Board.

Attendance of Directors at 2013 Annual Meeting of Stockholders. In 2004, On Assignment adopted a policy with respect to director attendance at the annual meetings of stockholders; however, this policy was abandoned in practice, and is being re-instated beginning with this Annual Meeting, which is being held concurrently with the Board's quarterly in-person meeting in Boston. The policy requires that the directors attend the Annual Meeting unless they are unable to do so as a result of health reasons or exigent personal circumstances, and if that is the case, the director must notify the Chairman of the Board as promptly as possible. Messrs. Dameris and Jones attended our 2013 Annual Meeting of Stockholders.

Director Compensation

The following table shows compensation information for each of On Assignment's non-employee directors for the year ended December 31, 2013. The compensation of our President and Chief Executive Officer, who is also a director, is disclosed in the "Summary Compensation Table" set forth on page 40, and he receives no additional compensation for his service as a director.

Fiscal Year 2013 Director Compensation

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards \$(2)	Total (\$)
William E. Brock	61,750	99,988	161,738
Brian J. Callaghan	54,000	99,988	153,988
Jonathan S. Holman	63,250	99,988	163,238
Jeremy M. Jones	77,750	99,988	177,738
Marty R. Kittrell	70,500	99,988	170,488
Edwin A. Sheridan, IV	49,500	99,988	149,488

- (1) Amounts include the quarterly retainer fees and fees for meeting attendance which each non-employee director earned for his service during 2013.

Amounts shown in the table above reflect the aggregate grant date fair value of the awards, computed in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts with respect to restricted stock units ("RSUs") are included in Note 11 to the consolidated financial statements for the year ended December 31, 2013 included in our Annual Report and are described in Part II-Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" under "Critical Accounting Policies-Stock-Based Compensation" in the Annual Report. The amounts were calculated based on the grant date fair value per share of \$30.69, which was the closing sale price of our common stock on the date of grant, August 1, 2013. As of December 31, 2013, Senator Brock and Messrs. Callaghan, Holman, Jones, Kittrell and Sheridan each held 1,629 unvested RSUs. No other equity awards were outstanding for any director at December 31, 2013.

The Compensation Committee recommends, and the Board reviews and approves, the form and amount of director compensation. In 2012, the Compensation Committee retained Semler Brossy Consulting Group ("Semler Brossy") as its compensation consultant to help determine compensation for certain positions in the Company including members of the Board of Directors. The Compensation Committee did not engage Semler Brossy (or any other compensation consultant) for executive compensation in 2013. The current practice of the Compensation Committee is to base a substantial portion of a director's annual retainer on equity compensation. Accordingly, in 2013, each non-employee director received an annual RSU grant with a grant-date value of approximately \$100,000. These grants were made on August 1, 2013 to Senator Brock and Messrs. Callaghan, Holman, Jones, Kittrell and Sheridan in the amount of 3,258 RSUs each, which vested as to 50% of the RSUs on the grant date and which will vest as to the remaining 50% on August 1, 2014, subject to the director's continued service through that date. The grant-date fair value of these awards was \$30.69 per share.

Each non-officer director receives \$2,000 for each regularly scheduled quarterly in-person Board meeting attended, and \$750 for each other Board or committee meeting held separately and attended in person or by telephone not in conjunction with the quarterly in-person Board meetings. In addition, we reimburse all directors for their reasonable expenses incurred in attending Board or committee meetings.

The annual cash retainer fee for non-employee directors is \$40,000. In addition, committee chairs are entitled to the following chair fees:

Edgar Filing: ON ASSIGNMENT INC - Form DEF 14A

Outside Director	Additional Cash Retainer
Chairman of the Board	\$20,000/ year
Audit Committee Chair	\$15,000/ year
Compensation Committee Chair	\$10,000/ year
Nominating and Corporate Governance Committee Chair	\$10,000/ year

All cash retainer fees are paid quarterly in arrears. In addition, the Compensation Committee recommended, and the Board adopted the requirement that, within five years of directorship, each Board member must own shares with a fair market value of three times the annual cash retainer amount. Each non-employee director serving on the Board for more than five years owns shares with a fair market value of more than three times the annual cash retainer amount.

The non-executive observers to the Board receive the same annual cash retainer, Board meeting fees and equity awards as members of the Board of Directors.

Communicating with the Board

We invite stockholders and other interested parties to communicate any concerns they may have about On Assignment with either the Chairman of the Board or the directors as a group by writing to the attention of either the Chairman of the Board or the Directors at On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301. Any such communication will be forwarded by the Secretary of the Company to Mr. Jones, Chairman of the Board, or all of the directors, as applicable.

Ethics

On Assignment has adopted a Code of Business Conduct and Ethics that is applicable to all directors, officers and employees of On Assignment. It complies with the requirements of Section 406 of the Sarbanes-Oxley Act of 2002. More importantly, it reflects On Assignment's policy for dealing with all persons, including its customers, employees, investors, regulators and vendors, with honesty and integrity. A copy of On Assignment's Code of Business Conduct and Ethics can be found on the Investor Relations-Corporate Governance page of our website at <http://www.onassignment.com>. In addition, On Assignment adopted a Code of Ethics for Principal Executive Officer and Senior Financial Officers which applies to our Chief Executive Officer, Chief Financial Officer, and other senior financial officers. This policy focuses on honest and ethical conduct, full, fair and accurate disclosure in our SEC filings and other public disclosures, compliance with applicable government laws, rules and regulations, and prompt internal reporting of violations of the code. This policy is located on the same page on our website as our Code of Business Conduct and Ethics. You may also obtain a copy of these documents without charge by writing to: On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301, Attn: Secretary.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2013, the Compensation Committee of the Board was composed of Senator Brock, Mr. Jones and Mr. Holman. There are no Compensation Committee interlocks and no member of the Compensation Committee was or has been an officer or employee of On Assignment or its subsidiaries and no member of the Compensation Committee had any relationships requiring disclosure of certain relationships and related-party transactions. None of the Company's executives served as a member of the Compensation Committee.

PROPOSAL TWO
PROPOSALS 2A – 2E TO APPROVE AMENDMENTS TO
ON ASSIGNMENT, INC.'S
CERTIFICATE OF INCORPORATION

As part of our Board of Directors' continuing commitment to enhance our Company's corporate governance policies and acknowledge stockholders' concerns, we routinely monitor our governance documents and other issues of interest to our Company and our stockholders. We have recently reviewed and evaluated the provisions of our Certificate of Incorporation and Bylaws. As a result, the Board of Directors has determined that it is in the best interests of the Company and its stockholders to change and/or clarify a number of provisions to our Certificate of Incorporation. Our Board of Directors is committed to ensuring effective corporate governance policies for our Company that balance the needs of our directors, officers and stockholders. This helps ensure that our Company continues to demonstrate high standards of ethics, integrity and accountability and is managed in the best interests of our stockholders.

Proposals 2A – 2E relate to proposed amendments to the Certificate of Incorporation. We are setting out each separate matter intended to be acted upon, so that stockholders are able to vote on each amendment separately. The approval of any proposal is not conditioned on the approval of another proposal.

Our Board of Directors has approved, and recommends that the Company's stockholders adopt, the amendments to the Certificate of Incorporation described below. In addition to changes that are not material and are intended only to improve and clarify the Certificate of Incorporation, we are proposing amendments to the Certificate of Incorporation relating to, among other things, the following:

• Amending Article V to remove the requirement that stockholders adopt a resolution if the Board of Directors adopts any Bylaw amendment that increases or reduces the authorized number of directors. (Presented as Proposal 2A).

• Amending Article V to remove the supermajority vote requirement to repeal, alter, amend or rescind certain provisions of the Bylaws. (Presented as Proposal 2B).

• Amending Article IX to remove (1) the requirement that stockholders take action by meetings and (2) the restriction which prohibits stockholders from taking any action by written consent without a meeting. (Presented as Proposal 2C).

• Amending Article XII to remove the supermajority vote requirement to amend, alter, change or repeal certain provisions of the Certificate of Incorporation as well as revising paragraph 1 and removing paragraph 5 of Article IV. (Presented as Proposal 2D).

• Amending Article II to update the Company's registered office and effect certain conforming changes, and adding a new Article XIII which establishes Delaware as the exclusive forum for certain disputes. (Presented as Proposal 2E). This summary does not purport to be complete and cover all aspects in which the Company's governance would differ from the governance provisions currently in effect.

The complete text of our Amended and Restated Certificate of Incorporation, as it is proposed to be amended if all the proposals were approved by the stockholders, is provided at the end of this Proxy Statement as Annex A. Proposed changes are marked in Annex A by underlining (indicating additions) and struck-through text (indicating deletions). Each proposal is independent of each other, so it is possible that changes reflected in only one or more, but less than all, of the proposals could become effective. The Amended and Restated Certificate of Incorporation in Annex A is annotated with footnotes indicating the proposal that corresponds with each amendment; these footnotes are explanatory for purposes of this Proxy Statement and will not be included in the final version of the Amended and Restated Certificate of Incorporation.

In connection with the proposed adoption of the amendments discussed below, the Board of Directors has also approved ancillary and conforming amendments to the Company's Bylaws, the effectiveness of which is contingent

upon stockholder approval of certain of the proposed amendments to the Certificate of Incorporation. With the approval of certain of these proposed amendments, the Board of Directors has the power to amend certain provisions of the Bylaws without stockholder approval. As a result, assuming the approval of Proposal 2A and Proposal 2B, separate approval by our stockholders would not be required to adopt the intended amendments to the Bylaws (although, as stated above, any such amendments to the Bylaws are contingent upon stockholder approval of Proposal 2A and Proposal 2B). In addition, the Board of Directors intends to amend certain provisions of the Bylaws which would not be contingent upon stockholder approval of certain of the proposed amendments to the Certificate of Incorporation. The complete text of our Amended and Restated Bylaws, as it is proposed to be amended, is provided at the end of this Proxy Statement as Annex B. Proposed changes are marked in Annex B by underlining (indicating additions) and struck-through text (indicating deletions). The Amended and Restated Bylaws in Annex B are annotated with footnotes indicating amendments approved by the Board of Directors assuming stockholder approval of the corresponding proposal in this Proxy Statement; these footnotes are explanatory for purposes of this Proxy Statement and will not be included in the final version of the Amended and Restated Bylaws.

Upon approval by the stockholders of one or more of the proposed amendments to the Certificate of Incorporation, the Board of Directors has authorized the officers of the Company to file with the Secretary of State of the State of Delaware an Amended and Restated Certificate of Incorporation incorporating the amendments set forth on Annex A that have been approved by stockholders. While Annex A reflects amendments to implement each proposal, it is possible that certain proposals will not be approved by stockholders and, as a result, only the amendments that correspond to proposals that have been approved by stockholders will be implemented. For this reason, certain amendments reflected in Annex A will not be implemented if the corresponding proposal has not been approved by stockholders. We will file an Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware as soon as practicable following stockholder approval of one or more of the proposals. The Amended and Restated Certificate of Incorporation will implement amendments where the corresponding proposal has received stockholder approval and will become effective on the date the filing is accepted by the Delaware Secretary of State.

PROPOSAL 2A

APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO REMOVE THE REQUIREMENT THAT ANY BYLAW AMENDMENT ADOPTED BY THE BOARD OF DIRECTORS INCREASING OR REDUCING THE AUTHORIZED NUMBER OF DIRECTORS REQUIRE A RESOLUTION ADOPTED BY STOCKHOLDERS

Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to remove the requirement that any Bylaw amendment adopted by the Board increasing or reducing the authorized number of directors requires a resolution adopted by the affirmative vote of not less than 66 2/3% of the then outstanding shares of capital stock entitled to vote generally in an election of directors. Currently, the Certificate of Incorporation states that any Bylaw amendment adopted by the Board of Directors increasing or reducing the authorized number of directors requires a resolution adopted by the affirmative vote of not less than 66 2/3% of the then outstanding shares of capital stock entitled to vote generally in an election of directors.

If this Proposal 2A is approved by the stockholders, the first paragraph of Article V of the Certificate of Incorporation will be amended to read as follows:

“Except as otherwise provided in this Amended and Restated Certificate of Incorporation, in furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, repeal, alter, amend and rescind from time to time any or all of the Bylaws of the Corporation.”

The Board of Directors has carefully considered the advantages and disadvantages of maintaining the requirement that 66 2/3% of stockholders adopt a resolution if the Board of Directors increases or decreases the authorized number of directors.

Granting our Board of Directors the power to increase or reduce the authorized number of directors without stockholder approval will allow the Board of Directors to effect such change in a more efficient, cost-effective manner without the necessity of incurring the expense and time delay of stockholder approval. With such an amendment, the Company will not be required to incur the expense of soliciting proxies or consents from all of the stockholders holding shares of our capital stock in order to increase or reduce the authorized number of directors. The Board of Directors believes that the proposed amendment will accommodate the practicalities of managing the Company while at the same time protecting an important right of stockholders to effect changes to our Bylaws. The ability of the Board of Directors to enact such a change to our Bylaws without the approval of stockholders would increase the power of our Board of Directors and raises the possibility that a greater percentage of shares could disagree with the changes made by our Board of Directors than previously possible prior to approval of this Proposal 2A. Although changes made by our Board of Directors may be deemed undesirable or disadvantageous by stockholders, our Board of Directors believes that the added flexibility and efficiency that would be provided by this change outweigh this risk, because our Board of Directors must currently seek stockholder approval for this amendment, and delays and costs associated with the process of holding a special meeting of stockholders may deny us the flexibility our Board of Directors believes is important to facilitate the effective and timely use of our resources in responding to changed circumstances or requirements with which we may be presented.

If Proposal 2A is approved, any amendments to the Company's Bylaws increasing or reducing the authorized number of directors will not require stockholders adopt a resolution. Even with this amendment, the stockholders retain the power to independently adopt, amend or repeal the Bylaws. The proposed amendment would not divest or limit the power of the stockholders to adopt, amend or repeal our Bylaws. If this Proposal is not approved, our Board of Directors will not have the authority to make changes to our Bylaws without incurring the expense and delay of soliciting proxies and votes from the stockholders and holding a meeting of stockholders or seeking approval by a written action of stockholders without a meeting, if Proposal 2C were approved.

If granted the authority to amend the Company's Bylaws, the Board of Directors intends to amend the Bylaws to permit up to nine directors rather than seven directors as currently specified in the Bylaws.

Vote Required

Approval of Proposal 2A requires a FOR vote of the 66 2/3% shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

PROPOSAL 2B

AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO REMOVE THE SUPERMAJORITY THRESHOLD FOR AMENDING CERTAIN PROVISIONS OF THE BYLAWS

Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to remove supermajority thresholds for amending certain provisions of the Bylaws. Currently, Article V of our Certificate of Incorporation requires the affirmative vote of (1) the combined voting power of at least 66 2/3% of the outstanding stock of the Company entitled to vote in order to repeal, alter, amend or rescind certain provisions of the Bylaws, or (2) two-thirds of the Continuing Directors, which are defined as “(i) those Directors who were members of the Board of Directors on the date of the merger of the corporation’s California predecessor with and into the corporation; and (ii) those Directors who were nominated or appointed by a Board of Directors of which a majority of the members were Continuing Directors.” The proposed amendment would amend Article V to eliminate the two-thirds supermajority requirement by stockholders or Continuing Directors.

If approved, this Proposal 2B would amend Article V of our Certificate of Incorporation to provide that the following provisions of our Bylaws may be repealed, altered, amended or rescinded by the affirmative vote of a majority of the stock having voting power present in person or represented by proxy at a meeting at which there is a quorum or a majority of the directors present at any meeting at which there is a quorum:

Sections 6 through 12 of Article II, relating to, among other things, written notice of a special meeting of stockholders, business transacted at a special meeting of stockholders, quorum at a meeting of stockholders, vote required to decide a question before a meeting of stockholders, voting power of each stockholder, nominations for election to the Board of Directors and business to be conducted at a meeting of stockholders.

Section 1 of Article III relating to, among other things, the authorized number of directors.

Section 3 of Article III relating to, among other things, filling vacancies or newly created directorships on the Board of Directors.

Article VIII relating to amendments to the Bylaws.

In addition, this proposed amendment would remove an outdated reference to Continuing Directors, which is no longer relevant.

In determining whether to recommend reducing the supermajority voting threshold for each of the individual provisions in our Bylaws referenced above, the Board of Directors considered the arguments in favor of and against maintaining the current voting requirements. The Board of Directors recognizes that the supermajority voting provision in our Bylaws is designed to protect our stockholders, including minority stockholders, by assuring that fundamental changes to our corporate governance are made with the approval of a substantial majority of our stockholders. In addition, the supermajority vote provision to amend or repeal certain provisions of the Bylaws was designed to provide safeguards and avoid disruption to the Company’s governance unless actions are approved by the holders of at least 66 2/3% of the Company’s capital stock. However, the Board of Directors believes that eliminating the voting requirement for stockholders for these matters strikes an appropriate balance between enhancing accountability to stockholders and preserving the protections to our stockholders. Removing the voting requirements for stockholders on these matters will enhance the accountability of our Board of Directors to our stockholders and eliminate the ability of a minority of stockholders to frustrate future amendments that the Board of Directors may recommend and a majority vote of stockholders may support. After weighing these factors, the Board of Directors determined that eliminating the supermajority vote requirement would be in the best interests of the Company and its stockholders.

Even with this amendment, the stockholders have the power to adopt, amend or repeal the Bylaws. The proposed amendment would not divest or limit the power of the stockholders to adopt, amend or repeal our Bylaws. If this Proposal is not approved, our Board of Directors will not have the authority to make changes to Section 6 through 12 of Article II, Section 1 of Article III, Section 3 of Article III, or Article VIII of our Bylaws without incurring the expense and delay of soliciting proxies and votes from the stockholders and holding a meeting of stockholders.

In addition to other changes, if the stockholders approve this Proposal 2B, the Board of Directors intends to approve the following amendments to the Bylaws:

• Modify and update Section 11 of Article II relating to advance notice of stockholder nominations and proposals.

• Change the number of directors from seven to eight. This proposed change is also contingent on the approval of Proposal 2A.

• Specify that the number of directors will be set pursuant to a resolution adopted by a majority of the total number of directors.

• Remove the requirement that any Bylaw amendment adopted by the Board of Directors increasing or reducing the authorized number of directors requires a resolution adopted by the affirmative vote of not less than 66 2/3% of the then outstanding shares of capital stock entitled to vote generally in an election of directors. This proposed change is also contingent on the approval of Proposal 2A.

• Eliminate the supermajority vote requirements to amend certain provisions in the Bylaws.

This summary does not purport to be complete and cover all aspects in which the Company's governance would differ from the governance provisions currently in effect. The complete text of our Amended and Restated Bylaws, as it is proposed to be amended if all of the proposals were approved by the stockholders, is provided at the end of this Proxy Statement as Annex B. Proposed changes are marked in Annex B by underlining (indicating additions) and struck-through text (indicating deletions).

PROPOSAL 2C

APPROVAL OF AN AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO ELIMINATE THE REQUIREMENT THAT ALL STOCKHOLDER ACTIONS MAY ONLY BE TAKEN AT A MEETING OF THE STOCKHOLDERS AND REMOVE THE PROHIBITION ON THE RIGHT OF STOCKHOLDERS TO TAKE ANY ACTION BY WRITTEN CONSENT WITHOUT A MEETING

Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to remove the requirement that any action taken by the stockholders of the Company must be effected at a meeting of stockholders of the Company and that prohibits the Company's stockholders from taking any action by written consent without a meeting. Currently, the Certificate of Incorporation does not allow for corporate actions requiring stockholder approval to be effected by a consent in writing in lieu of a meeting of the stockholders.

If approved by the stockholders, the amendment would serve to delete the following sentence in Article IX of the Certificate of Incorporation:

"Stockholders of the corporation shall take action by meetings held pursuant to this Restated Certificate of Incorporation and the Bylaws and shall have no right to take any action by written consent without a meeting."

After careful consideration, the Board of Directors has determined that it would be in the best interests of the Company and its stockholders to amend our Certificate of Incorporation to remove the requirement that any action taken by the stockholders of the Company must be effected at a meeting of stockholders of the Company. Under Section 228 of the Delaware General Corporation Law, unless provided otherwise in a company's certificate of incorporation, any action required to be taken or which may be taken at any annual or special meeting of stockholders of a corporation, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Under the Company's Certificate of Incorporation, as currently in effect, the right of stockholders to act by written consent without a meeting is eliminated. Thus, adoption of this Proposal 2C would allow the Company's stockholders to act by written consent without a meeting in accordance with Section 228 of the Delaware General Corporation Law, which currently provides that the holders of a majority of the outstanding capital stock will have the ability to elect directors and take stockholder action without a meeting of stockholders.

This amendment would not relieve the Company and its stockholders from complying with federal securities and state laws with respect to solicitation of votes and, under both federal securities and state law, the Company would remain obligated to notify all non-consenting stockholders of the actions taken by written consent and other information concerning such actions. The Board of Directors believes that both Delaware law and federal securities laws provide sufficient protection for non-consenting stockholders, including notice requirements in the Delaware General Corporation Law and the Exchange Act.

The Board of Directors believes that allowing stockholders to take actions by written consent provides a more efficient and cost-effective alternative for taking certain corporate actions and allows the Company to take certain actions in the future, if the necessity arises, more expeditiously and without the delay and expense associated with calling a special meeting of stockholders. Delays in calling a meeting and distributing meeting materials, including notice of a meeting, might deny the Company the flexibility that the Board of Directors views as important in facilitating the operations of the Company. In addition, the first sentence of Article IX could delay or defer a takeover attempt that stockholders may consider in their best interests including attempts that might result in a premium over the market price for the shares held by the stockholders.

Vote Required

Approval of Proposal 2C requires a FOR vote of the 66 2/3% shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

PROPOSAL 2D

AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO REMOVE THE SUPERMAJORITY THRESHOLD FOR AMENDING CERTAIN PROVISIONS OF THE CERTIFICATE OF INCORPORATION AND TO REVISE PARAGRAPH 1 AND REMOVE PARAGRAPH 5 OF ARTICLE VI

Amending Article XII

Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to remove the supermajority threshold for amending certain provisions of the Certificate of Incorporation. Currently, Article XII of our Certificate of Incorporation requires the affirmative vote of (1) the combined voting power of at least 66 2/3% of the total voting power of all outstanding shares of stock in the Company entitled to vote in order to amend, alter, change or repeal certain provisions of the Certificate of Incorporation, or (2) two-thirds of the Continuing Directors, which are defined as “(i) those Directors who were members of the Board of Directors on the date of the merger of the corporation’s California predecessor with and into the corporation; and (ii) those Directors who were nominated or appointed by a Board of Directors of which a majority of the members were Continuing Directors.” The proposed amendment would amend Article XII to eliminate the two-thirds supermajority requirement by stockholders or Continuing Directors.

If approved, this Proposal 2D would amend Article XII of our Certificate of Incorporation to provide that the following provisions of our Certificate of Incorporation may be amended, altered, changed or repealed by the affirmative vote of not less than a majority of the issued and outstanding shares of common stock entitled to vote at a meeting:

•Article V, relating to, among other things, setting the authorized number of directors and amendments to the Bylaws.

•Article VI, relating to, among other things, the structure of the Board of Directors.

•Article IX, relating to, among other things, meetings of stockholders and the prohibition on stockholders taking action by written consent.

•Article XII, relating to amendments to the Certificate of Incorporation.

In addition, this proposed amendment would remove an outdated reference to Continuing Directors, which is no longer relevant.

If this Proposal 2D is approved by the stockholders, Article XII of the Certificate of Incorporation will be amended to read as follows:

“The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Amended and Restated Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred on stockholders herein are granted subject to this reservation.”

The Board of Directors considered that the provisions requiring a supermajority vote to amend certain provisions of the Certificate of Incorporation can be viewed as facilitating corporate governance stability by requiring broad stockholder consensus to effect changes. A lower threshold for stockholder votes can increase stockholders’ ability to participate effectively in the Company’s corporate governance and increase the Board of Directors’ accountability to stockholders. The Board of Directors also recognized that maintaining supermajority voting requirements could make it more difficult for the Company to secure stockholder approval for various actions should the Company wish to make changes to certain important corporate governance provisions or to take actions viewed positively by a majority of the holders of the Company’s capital stock, and are in the best interests of the Company and its stockholders. Therefore, following careful consideration of the foregoing matters, the Board of Directors has determined that it is appropriate to propose an amendment to the Certificate of Incorporation that would eliminate the supermajority voting provision.

If this Proposal 2D is approved by the Company’s stockholders, changes to the Certificate of Incorporation would be governed by the Delaware General Corporation Law which currently requires the approval of a majority of the

outstanding shares of stock entitled to vote thereon, and a majority of the outstanding shares of stock of each class entitled to vote thereon as a class (if any).

Amending Paragraph 1 of Article VI. The Board of Directors has approved, and is proposing to the stockholders, the following change to the Certificate of Incorporation. Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to revise the first sentence of paragraph 1 of Article VI to read as follows:

“The number of directors of the Corporation shall be fixed from time to time pursuant to the Bylaws of the Corporation.”

The Board of Directors does not believe that this change is material or affects the substantive rights of stockholders, and it is not intended to result in any substantive change to the remaining provisions of the Certificate of Incorporation.

Deleting Paragraph 5 of Article VI. Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to remove paragraph 5 of Article VI, which currently reads as follows:

“Any director may be removed, with cause, by the holders of at least sixty-six and two-thirds percent (66-2/3%) of the shares then entitled to vote for that director by applicable law and the Protective Provisions.”

The language in Article VII, paragraph 5 of Article VI of our current Certificate of Incorporation is substantially redundant and thus open to varied interpretation leaving the Company subject to unnecessary risks. The proposed amendment would eliminate this provision and mitigate the current ambiguity in our Certificate of Incorporation. The provision is a vestige of the past, no longer has any operative effect, and is confusing to readers. This Proposal 2D will not amend Article VII of the Certificate of Incorporation (relating to the power of stockholders to remove directors).

Vote Required

Approval of Proposal 2D requires a FOR vote of the 66 2/3% shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

Board Recommendation

The Board recommends a vote FOR Proposal 2D.

PROPOSAL 2E

AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO UPDATE THE REGISTERED OFFICE OF THE COMPANY, EFFECT CERTAIN NON-MATERIAL CONFORMING CHANGES, AND INCLUDE A FORUM-SELECTION PROVISION

Our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation to update the Company's registered office in Article II. If the amendment is approved by the stockholders, Article II of the Certificate of Incorporation will be amended to read as follows:

"The address of the Corporation's registered office in the State of Delaware is the Corporation Trust Center, 1209 Orange Street, City of Wilmington, County of New Castle, State of Delaware 19801. The name of the Corporation's registered agent at such address is The Corporation Trust Company. The registered office and/or registered agent of the Corporation may be changed from time to time by resolution of the Board of Directors."

In addition, the Board of Directors has approved, and is proposing to the stockholders, a change that the Board of Directors does not believe is material or affects the substantive rights of stockholders. This proposed change is to revise the reference to the "Restated Certificate of Incorporation" in Paragraph B of Article IV so that it refers to the "Amended and Restated Certificate of Incorporation."

We propose to amend our Certificate of Incorporation to require that the Court of Chancery of the State of Delaware be the sole and exclusive forum for certain actions brought against the Company, its directors, officers and employees. We believe that stockholders derive a significant benefit from the inclusion of a provision in a corporation's certificate of incorporation requiring that certain stockholder lawsuits be brought exclusively in the Court of Chancery.

Consistent with this philosophy, our Board of Directors has approved, and is proposing to the stockholders, an amendment to our Certificate of Incorporation that would establish the Court of Chancery as the exclusive forum for litigating certain intra-company disputes.

The benefits of litigating intra-company disputes in the Court of Chancery are clear. Over the years, the State of Delaware has developed a well-established body of corporate law, and the Court of Chancery is the most experienced forum for deciding the outcome of such disputes. Litigating intra-company corporate disputes in Delaware results in greater certainty and predictability for all stockholders. Furthermore, there is a significant risk that allowing stockholders to bring such highly sophisticated matters in forums with little familiarity or experience in corporate governance leaves stockholders at risk that foreign jurisdictions may misapply Delaware law. Additionally, such a provision helps to eliminate duplicative litigation in multiple forums, which can be costly and inefficient. Finally, the ability of the Court of Chancery to resolve disputes on an accelerated schedule reduces the time and cost of uncertain, protracted litigation.

The Board of Directors believes that our stockholders will benefit from having disputes of this nature litigated in the Chancery Court. Although some plaintiffs may find it more convenient to litigate matters in a forum outside of Delaware, the Board of Directors believes that the proposed provision provides substantial benefits to the Company and to the vast majority of its stockholders who appreciate the certainty and predictability of litigating in Delaware. The Chancery Court is a specialist in dealing with difficult matters of corporate law and possesses streamlined procedures and processes that may help to resolve matters on a relatively expedited basis. Additionally, the Delaware courts have developed a substantial and influential body of case law interpreting Delaware's corporate law. There is also a great deal of long-standing precedent regarding corporate governance matters. These considerations will provide stockholders and the Company with more certainty with regard to the outcome of intra-corporate disputes. Similar provisions have already been upheld by the Delaware Chancery Court.

For these reasons, the Board of Directors is proposing the stockholders approve of an amendment to our Certificate of Incorporation. The amendment will add a new Article XIII and will state that, except in cases where the Company provides written consent to the selection of an alternative forum, the sole and exclusive forum for certain actions shall be the Court of Chancery of the State of Delaware. If the amendment is approved by our stockholders, the Certificate of Incorporation would be amended to include a new Article XIII which will state that, unless the Company consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and

exclusive forum for (1) any derivative action or proceeding brought on behalf of the Company, (2) any action asserting a claim of breach of a fiduciary duty owed by any director, officer, employee or agent of the Company to the Company or the Company's stockholders, (3) any action asserting a claim arising pursuant to any provision of the General Corporation Law of Delaware, the Certificate of Incorporation or the Bylaws of the Company, (4) any action to interpret, apply, enforce or determine the validity of the Certificate of Incorporation or the Bylaws of the Company or (5) any action asserting a claim governed by the internal affairs doctrine, in each case subject to said Court of Chancery having personal jurisdiction over the indispensable parties named as defendants therein.

If the stockholders approve this proposal, the Board of Directors has approved a similar amendment to the Bylaws, the effectiveness of which is contingent upon stockholder approval. The Board of Directors is also proposing to include this provision in the Certificate of Incorporation to limit the ability of future Boards of Directors to amend this provision, and provide more certainty for the stockholders of the Company that such provisions will not be further amended without stockholder vote.

For these reasons, on March 27, 2014, the Board of Directors approved the following resolution to amend our Certificate of Incorporation, subject to the approval of the stockholders at the Annual Meeting.

“RESOLVED, the Company’s Amended and Restated Certificate of Incorporation is hereby amended to include the following:

Article XIII. Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer, employee or agent of the Corporation to the Corporation or the Corporation’s stockholders, (iii) any action asserting a claim arising pursuant to any provision of the General Corporation Law of Delaware, the Certificate of Incorporation or the Bylaws, (iv) any action to interpret, apply, enforce or determine the validity of the Certificate of Incorporation or the Bylaws or (v) any action asserting a claim governed by the internal affairs doctrine, in each case subject to said Court of Chancery having personal jurisdiction over the indispensable parties named as defendants therein. Any person or entity purchasing or otherwise acquiring any interest in any share of capital stock of the Corporation shall be deemed to have notice of and consented to this Article XIII.”

The Board of Directors has also approved, and is proposing to the stockholders, the filing of an amendment and restatement of our Certificate of Incorporation. The purpose of amending and restating the Certificate of Incorporation is to consolidate the Certificate of Incorporation by reflecting all amendments to the previous Certificate of Incorporation.

Certain information in the table concerning stockholders other than our directors and officers is based on information contained in filings made by such beneficial owner with the SEC. In addition, we note that Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file reports of securities ownership and changes in such ownership with the SEC. In determining the percentage ownership of any person, the amount of shares outstanding is deemed to include any shares beneficially owned by such person (and only such person) but excludes any securities held by or for the account of the Company or its subsidiaries. As a result, the percentage of outstanding shares held by any person in the table below does not necessarily reflect the person's actual voting power. Peter T. Dameris	President and Chief Executive Officer
Edward L. Pierce	Executive Vice President and Chief Financial Officer

Executive Summary

Our executive compensation program is designed to provide a total compensation package intended to attract and retain high-caliber executive officers and also to incentivize executive contributions that are consistent with our corporate objectives and stockholder interests. It is our policy to provide a competitive total compensation package and share our success with our named executive officers, as well as our other employees, when our objectives are met.

The following table sets forth the key elements of our named executive officers' compensation, along with the primary objective associated with each element of compensation.

Compensation Element	Primary Objective
Base salary	To provide stable income as compensation for ongoing performance of job responsibilities.
Annual performance-based cash compensation (bonuses)	To incentivize short-term corporate objectives and individual contributions to the achievement of those objectives.
Long-term equity incentive compensation	To incentivize long-term performance objectives, align the interests of our named executive officers with stockholder interests, encourage the maximization of shareholder value and retain key executives.
Severance and change in control benefits	To encourage the continued attention and dedication of our named executive officers and provide reasonable individual security to enable our named executive officers to focus on our best interests, particularly when considering strategic alternatives.
Retirement savings (401(k) plan)	To provide retirement savings in a tax-efficient manner.
Health and welfare benefits	To provide standard protection with regard to health, dental, life and disability risks as part of a market-competitive compensation package.

To serve the foregoing objectives, our overall compensation program is generally designed to be flexible and complementary rather than purely formulaic. In alignment with the objectives set forth above, the Compensation

Committee has generally determined the overall compensation of our named executive officers and its allocation among the elements described above, relying on the analyses and advice provided by its compensation consultant as well as input from our management team.

Our compensation decisions for the named executive officers in 2013, including each of the key elements of our executive compensation program, are discussed in detail below. This discussion is intended to be read in conjunction with the executive compensation tables and related disclosures.

Compensation Consultant

In 2012, the Compensation Committee retained Semler Brossy as its compensation consultant to help benchmark compensation for certain positions in the Company including the Chief Executive Officer and Chief Financial Officer. Semler Brossy also assisted the Compensation Committee on compensation-related items including pay amounts, design of the annual cash incentive compensation program, design of the long-term incentive compensation program and renewal of the Chief Executive Officer's employment agreement. The Compensation Committee did not make any significant changes to the compensation plans of the named executive officers in 2013, and did not engage Semler Brossy (or any other compensation consultant) for executive compensation in 2013.

In March 2013, the Compensation Committee reviewed Semler Brossy's independence and conflict of interest policies and confirmed that no conflicts of interest exist with Semler Brossy.

Compensation Philosophy

The Company seeks to attract, motivate and retain key talent needed to enable On Assignment to operate successfully in a competitive environment. The Company's fundamental policy is to offer On Assignment's named executive officers competitive and fair compensation opportunities based upon their relevant experience, their individual performance and the overall financial performance of On Assignment in a way that is aligned with the long-term interests of the Company's stockholders. The Company believes that the compensation program for the executive officers is instrumental in the Company's performance.

The Compensation Committee oversees the executive compensation program and determines compensation for the Company's executive officers. The Compensation Committee recognizes that, from time to time, it is appropriate to enter into compensatory agreements with key executives, and has done so with each of its named executive officers. Through these agreements, On Assignment seeks to further motivate such individuals or retain their services as well as to secure confidentiality and non-solicitation obligations from such executives, applicable both during and after their employment. These compensatory agreements include executive employment agreements and severance arrangements.

In exercising discretion to determine compensation, the Compensation Committee carefully considers the experience, responsibilities and performance of each executive officer and the Company's overall financial performance. In determining appropriate compensation for our executives, the Compensation Committee considers numerous factors including, but not limited to: rewarding results which are beneficial for the stockholders, competitive compensation, balancing cash and equity payments, recognizing external effects on our business, retention of our executive officers, skills of the executive officers, the Company's business and growth strategy and the overall reasonableness of compensation.

In 2012, the Compensation Committee, with the assistance of Semler Brossy, considered the compensation of executive officers of competitor companies when considering the compensation of the Chief Executive Officer and Chief Financial Officer. In its analysis, Semler Brossy utilized a peer group of 20 professional services companies to benchmark compensation for the Chief Executive Officer and Chief Financial Officer, including related industry peers, primarily in the staffing and consulting services area and were generally within one-third to three times On Assignment's revenue. The following companies were included in the peer group: AMN Healthcare, Inc., CACI International Inc., CDI Corporation, Ciber Inc., Cross Country Healthcare, Inc., FTI Consulting, Inc., Heidrick & Struggles International, Inc., Hudson Global, Inc., Huron Consulting Group Inc., iGATE Corporation, Insperity, Inc., Kforce Inc., Korn/Ferry International, Mednax, Inc., Navigant Consulting, Inc., The Resource Connection, Inc., Robert Half International Inc., Team Health Holdings, Inc., TrueBlue, Inc., and Unisys Corporation. As no significant compensation structure changes were made in 2013, this benchmark information and the comparable peer group were not updated.

The Compensation Committee considers the Chief Executive Officer's reviews and assessments of the performance of the other executive officers. The Compensation Committee works closely with the Chief Executive Officer in setting compensation for the executive officers (other than the Chief Executive Officer), giving weight to the Chief Executive Officer's evaluation of the other executive officers because of his direct knowledge of their performance.

The Compensation Committee strives to achieve a balance between cash and equity compensation as well as long-term and short-term incentive compensation which aligns with our stockholders' interests, but the Compensation Committee does not employ any formal method for allocating between cash and equity awards or between long-term and short-term incentives. Instead, the Compensation Committee balances various goals, longer-term performance objectives and vesting conditions on an individualized basis.

A fundamental objective of the Compensation Committee is to make a substantial portion of each executive officer's compensation contingent upon On Assignment's performance as well as upon his or her own individual level of performance such that each executive officer is compensated for results. The Compensation Committee furthers this objective through an annual performance-based incentive compensation program using multi-year, long-term incentive awards subject to achievement of specified goals tied to business criteria, including periodic equity grants with performance-based vesting components. The Compensation Committee strives to align the

remuneration potential for the executive officers with stockholder interests through the use of equity awards. The mechanics and performance criteria for annual incentive awards and long-term incentive awards are discussed in greater detail below.

With respect to our named executive officers, in 2013, the Compensation Committee linked a substantial portion of the executive's total compensation to the performance of the Company or division over which the executive has responsibility (as applicable), quantified by the following measurements (which apply differently to different executives, as described in more detail below): (i) EBITDA adjusted for the purposes of incentive compensation targets, which is earnings before interest, taxes, depreciation and amortization but excluding gains losses or expenses associated with unusual items which include restructurings, discontinued operations, force majeure, litigation, judgments and settlements, changes in tax laws or accounting principles, severance, equity-based compensation expense, one-time gains or losses from disposal or sale of assets and impairment of goodwill or other identifiable intangible assets) ("Adjusted EBITDA"); (ii) gross profit; (iii) Adjusted EBITDA per share; and (iv) Adjusted EBITDA/branch contribution. Adjusted EBITDA/branch contribution is specific to the leaders of our divisions, and "branch contribution" is calculated by taking branch gross profit less branch operating expenses, but excluding gains, losses or expenses associated with the unusual items addressed in the Adjusted EBITDA definition.

The Compensation Committee believes this structure is appropriate because senior executives' efforts and business judgment significantly impact the performance of the Company and the Company's stock price, and these metrics qualify that impact. Our executive officers receive annual cash incentive compensation opportunities with attainment targets set each year by the Compensation Committee, based on percentages of their annual salary depending upon the scope of the executive's responsibilities. Additionally, our executive officers receive RSU equity grants, the size of which increase as the executive's level of responsibility and impact on overall Company performance increases. The value of the equity grants are tied to the value of On Assignment's common stock, with vesting schedules that are based on the passage of time and/or upon the attainment of performance-based goals established by the Compensation Committee. We believe that linking equity awards to continued service and/or performance-based vesting conditions provides desirable retention and performance incentives.

The Compensation Committee believes the use of both annual and long-term incentive awards encourages the executive officers to balance and manage short-term returns against long-term Company goals and investments in future opportunities. Annual incentive awards are generally cash awards intended to reward the executive for achieving growth on one or more designated business unit level or consolidated performance metrics. Multi-year, long-term incentive awards are typically equity awards, with vesting triggered by the passage of time and/or by the attainment of designated levels of Company or division financial performance. The Compensation Committee may, in its discretion, reduce the amount of certain awards otherwise payable in connection with an incentive program if the Compensation Committee determines that the assumptions applied when setting the goals ultimately prove invalid, unanticipated factors not tied to executive performance results in the attainment of the targets, or the Compensation Committee determines that other considerations dictate that the award should be reduced. Awards to individuals who are "covered employees" under Code Section 162(m) (discussed below) or who the Compensation Committee believes may be covered in the future, may be structured in a manner intended to constitute "qualified performance-based compensation" under Code Section 162(m) in order to preserve the deductibility of the awards.

The key factors considered in establishing the components of each executive officer's compensation package for 2013 are summarized below.

Say-on-Pay

We provide our stockholders with the opportunity to cast an annual advisory vote on the compensation of our named executive officers (a "say-on-pay proposal"). At our 2013 annual stockholder's meeting held on June 7, 2013, a majority

of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms our stockholders' support of the compensation program, objectives and policies for our named executive officers, and did not change the approach in 2013. The Company submits compensation for executive officers for advisory vote on an annual basis, and the Compensation Committee will continue to consider the outcome of the Company's say-on-pay proposals when making future compensation decisions for our named executive officers.

Compensation Program Elements

The key elements of executive compensation are:

- base salary;
- performance-based cash incentive compensation;
- long-term equity-based incentive awards, which include time vesting and performance-based vesting grants; and
- perquisites and participation in Company-sponsored employee benefit plans.

The discussion that follows summarizes key features and the purpose of the elements of the 2013 executive compensation program for the Company.

Base Salary

One component of our compensation package is an annual salary commensurate with each executive officer's experience, scope of responsibility, skill in executing those responsibilities and overall value to the organization. The Company considers the following factors in determining the base salary for each named executive officer:

- individual performance as measured by the success of the executive officer's business division or area of responsibility;
- competitiveness with salary levels of similarly-sized companies evaluated through informal salary surveys and internal compensation parity standards;
- the range of the Company's other executive officer salaries and annual salary increases awarded to the Company's other executive officers;
- the performance of the Company and the overall economic climate;
- whether the base salary equitably compensates the executive for the competent execution of his duties and responsibilities;
- the executive officer's experience; and
- the anticipated impact of the executive officer's business division or area of responsibility.

The amount and timing of any increase in base compensation depends upon, among other things, overall economic conditions, the performance of the Company and the executive officer's business unit (if applicable), the individual's performance, internal compensation parity and the time interval and any responsibilities assumed since the last salary increase. While the Compensation Committee allocates a competitive base salary for each executive, base salary is only a portion of the overall compensation program. Executive officers' performance, including over-achievement, is generally rewarded through incentive programs, rather than base salary.

In determining whether or not to apply a salary increase for the named executive officers in 2013, the Compensation Committee evaluated the overall value of each executive officer's compensation and equity, the timing of the executive officer's last salary increase, the performance of the Company and the division over which the executive has responsibility (if applicable), the percentage of executive compensation compared to the Company's overall expenses, the performance of the staffing industry, the Company's need to invest in new headcount and the overall economic climate. The Compensation Committee determined to increase Mr. Dameris' annual salary by \$100,000 to \$800,000 per year, effective January 1, 2013, which was included in the terms of the amended and restated employment agreement (the "Dameris Employment Agreement") that Mr. Dameris entered into with the Company on December 13, 2012. Mr. McGowan's base salary was increased \$22,000, or 4%, to \$572,000 on June 1, 2013, the first anniversary of his promotion to Chief Operating Officer. Mr. Pierce's base salary increased \$18,000, or 4%, to \$468,000 on the first anniversary of his employment as our Chief Financial Officer. The base salaries for Messrs. Blazer and Hanson, \$650,000 and \$400,000, respectively, did not increase in 2013 considering they had received a pay raise upon the Company's acquisition of Apex in May 2012.

Annual Cash Incentive Compensation

Executive officers, including our named executive officers, are eligible for annual incentive compensation payable in cash and tied to achievement of performance goals, which typically include components related to profitability, either at the divisional or corporate levels, or a combination, depending upon the executive's area of responsibility. By focusing on profitability measures, the Compensation Committee attempts to relate annual cash incentive compensation to performance measures that demonstrate appropriate growth and contribute to overall shareholder

value. Within the first 90 days of each fiscal year, the Compensation Committee typically establishes annual performance targets and corresponding incentive compensation, which annual incentive compensation is typically calculated as a percentage of the individual's base salary, with higher level executives eligible for higher target percentages. The Compensation Committee followed this procedure for 2013 annual incentive compensation, setting maximum bonus opportunities at 180% of annual base salary for Mr. Dameris and 100% of annual base salary for the other named executive officers, assigned according to the rank and the scope of responsibilities of the executive and provisions in the executive employment agreements.

For our named executive officers, half or more of each annual compensation package is attached to attainment of their respective incentive compensation program targets. The Compensation Committee believes this arrangement appropriately links the executives' remuneration to the performance of the Company and the benefits derived by the stockholders. The targets are based on full-year performance measures and are, therefore, determined at a time when attainment is substantially uncertain. In recent years, including 2013, this incentive bonus has consisted of two components: a "Tier 1 bonus" for the achievement of set objectives the Compensation Committee established at the beginning of the year, and a "Tier 2 bonus" based on extraordinary performance surpassing those objectives, paid incrementally up to a pre-set level. The Tier 1 bonus and Tier 2 bonus together make up the executive officer's maximum annual cash

incentive bonus opportunity. Structuring the annual incentive compensation in this manner upholds On Assignment's philosophy of paying for performance. The Tier 1 bonus component is designed to be achievable based upon highly competent management performance on the executive's part, assuming certain economic conditions and other circumstances at the time the goal was established. The Tier 2 bonus component is designed to be difficult to achieve under those circumstances and to reward truly exceptional performance.

In 2013, the Compensation Committee established the cash incentive compensation percentages based on provisions in each named executive officer's employment agreement, historical cash incentive compensation amounts and the same general factors that the Compensation Committee considered for annual base salary. The performance goals were set by the Compensation Committee after consultation with the Chief Executive Officer (with respect to executive officers other than himself) and represent a percentage attainment of the amount forecasted by the Company or a division for the fiscal year as set forth in the 2013 Board-approved budget. In 2013, for purposes of setting named executive officer annual cash incentive bonus targets, the Compensation Committee determined that growth and success in the areas of Adjusted EBITDA, gross profit and Adjusted EBITDA per share would indicate growth and success for the Company. The Compensation Committee believes that the Company's success in these areas best represents the measures used by our stockholders to assess our Company's value. As described under "Compensation Philosophy" above, Adjusted EBITDA for the purposes of incentive compensation targets is earnings before interest, taxes, depreciation and amortization but excluding gains losses or expenses associated with unusual items.

For 2013, the cash incentive compensation component and amount attained for each named executive officer is set forth below.

Chief Executive Officer. For 2013, Mr. Dameris' maximum cash incentive compensation amount was set at 180% of his base salary, as provided in the Dameris Employment Agreement, and Mr. Dameris earned a cash incentive bonus equal to \$1,251,625 out of a maximum possible \$1,440,000 of his 2013 cash incentive bonus. Annual Equity Incentive Compensation

The Compensation Committee periodically approves grants of stock options and/or restricted stock units to On Assignment's executive officers, including its named executive officers. These grants are designed to balance the comparatively short-term goals of the annual cash incentive compensation bonuses with long-term stock price

performance, to align the interests of each executive officer with those of the stockholders and to provide each individual with a significant incentive to manage their responsibilities from the perspective of an owner with an equity stake in the business. In addition, On Assignment believes that granting equity awards with long vesting periods creates a retention incentive and encourages the executive officers to focus on the Company's long-term business objectives and long-term stock price performance.

In 2013, the Company continued to rely on long-term equity awards in the form of RSUs to ensure a strong connection between the executive compensation program and the long-term interests of the Company's stockholders. RSUs enable the Company to confer value in excess of simple future appreciation, providing a valuable incentive in a sometimes volatile market. Accordingly, the Company believes that RSUs are an effective compensation element for attracting executives and promoting their long-term commitment to the Company. The Compensation Committee prefers RSUs to stock options because, unlike stock options, RSUs are not at risk of having an

exercise price which is greater than the market price of the underlying shares during the vesting period and thereby failing in their fundamental purpose of providing an incentive to the executives to remain employed with the Company and focus efforts on achieving the performance targets necessary for vesting.

RSU grants may condition the vesting of some percentage of the award upon achievement of defined performance criteria within a specific timeframe. The Compensation Committee believes that conditioning some of the vesting of RSU awards on the attainment of performance objectives is appropriate. This type of award creates an incentive for the executive to attain the designated performance criteria for vesting purposes, as well as to execute business plans that increase the overall fair market value of our common stock and align the executives' interests with the Company's stockholders.

The size of the RSU grant is set at a level that the Compensation Committee deems appropriate in order to create a meaningful opportunity for stock ownership based upon the executive's seniority and ability to impact our stock price. In determining the size of the award or grant, the Compensation Committee also considers the executive officer's annual salary and annual cash incentive compensation opportunity. Equity awards also take into account the scope and business impact of the executive's position, the individual's potential to assume future duties and responsibility on behalf of On Assignment over the vesting schedule and/or option term, the executive's individual performance in recent periods and the executive's current holdings of On Assignment stock and options received through previous equity grants as well as the per individual, per period award limits, quality of service to the Company, experience of the officer, the then-current fair market value of the Company's common stock, and the overall equity awarded to each executive officer. The Compensation Committee feels that taking all of these factors into consideration enhances our ability to provide meaningful, appropriate and balanced incentives.

Long-term equity incentive compensation, structured in a way that aligns compensation of the executive officers with interests of our stockholders, comprised a significant portion of our named executive officers' total 2013 compensation. The Compensation Committee granted Mr. Dameris, our President and Chief Executive Officer, equity awards in 2013 in accordance with the terms of his employment agreement. Pursuant to the Dameris Employment Agreement, Mr. Dameris' 2013 equity awards have multi-year time-vesting schedules and are further conditioned on performance-vesting requirements linked to the attainment of specified goals related to Adjusted EBITDA. The Compensation Committee believes that a multi-year vesting schedule encourages Mr. Dameris' continuation in service with the Company through those vesting dates. In addition, the Compensation Committee believes that Mr. Dameris' RSU grants provide Mr. Dameris with incentive to focus on increasing the long-term value of the Company as measured by the Company's Adjusted EBITDA, as adjusted for certain determinations. The use of Adjusted EBITDA targets encourages Mr. Dameris to focus on producing financial results that align with the interests of the stockholders. In addition, one of Mr. Dameris' 2013 equity awards is based on the attainment of Adjusted EBITDA per share during the 12-month performance period, which encourages Mr. Dameris to strive for quality stock performance of the Company which benefits our stockholders.

The Compensation Committee similarly strived to align the remuneration potential for the other executive officers with stockholder interests through the use of RSU equity awards during 2013. Equity awards for Messrs. Pierce, McGowan, Blazer and Hanson included a multi-year time-vesting portion and a portion which vests based on the achievement of Adjusted EBITDA performance targets set by the Company. Consistent with its overall compensation philosophy, the Compensation Committee believes that the time-vesting portion of the RSU grant rewards the executive officers for exercising business judgment that maximizes the trading price of the Company's common stock over a multi-year period. The Compensation Committee believes the performance-vesting portion of the RSU grant encourages the executives to strive for superior Adjusted EBITDA results, which is an important measurement of the Company's success for the stockholders.

The 2013 long-term equity incentive compensation granted to each named executive officer is set forth below.

Chief Executive Officer. Mr. Dameris was entitled to receive the following equity incentive compensation opportunities in 2013:

- On January 2, 2013, pursuant to the Dameris Employment Agreement, Mr. Dameris was granted 143,182 performance-based RSUs. The RSUs were eligible to vest based on the Company's attainment of a threshold Adjusted EBITDA target over the one-year period ending on December 31, 2013, and meeting various target amounts above the threshold. The earned portion of the award vested and becomes payable in three equal components on January 4, 2014, January 4, 2015 and January 4, 2016, subject to continued employment. The Compensation Committee set the applicable targets and their weighting and determination as follows:
- (i)

33.3%	Company achieves \$162,794,000 to \$179,073,400 (sliding linear scale) of Adjusted EBITDA	47,728	44,913

The Company achieved \$178,113,298 in Adjusted EBITDA in 2013 and therefore Mr. Dameris earned the performance objective for 140,367 shares related to this RSU grant on February 14, 2014 when the Compensation Committee certified achievement of the performance target, and 46,789 of the shares were paid out on that date, with the remaining shares to be paid out equally on January 4, 2015 and January 4, 2016 subject to continued employment.

On January 2, 2013, pursuant to the Dameris Employment Agreement, Mr. Dameris was granted two RSU awards, each with a fair market value of up to \$500,000, determined on the applicable date of settlement. Pursuant to the grant terms, Mr. Dameris was eligible to receive a linear pro ration of each grant based on percentage attainment of the target after a minimum threshold was met. The Compensation Committee set the minimum threshold target as the Company attaining Adjusted EBITDA per share of the Company's common stock of \$2.74 during the 12-month performance period ending December 31, 2013, and Mr. Dameris vested in 80% of each RSU award upon (ii) achievement of the minimum threshold target. The remaining 20% of the target was achievable upon the Company attaining Adjusted EBITDA per share of the Company's common stock of \$2.74 to \$3.34. The Company achieved \$3.33 in Adjusted EBITDA per share, and therefore Mr. Dameris vested in \$496,984 of each RSU award. The Dameris Employment Agreement provides that first award under this grant is payable as soon as practicable after February 1, 2014, and Mr. Dameris received 16,135 shares on February 14, 2014 when the Compensation Committee certified achievement of the performance target. The second award under this grant is payable as soon as practicable after February 1, 2015.

On December 31, 2012, pursuant to the Dameris Employment Agreement, Mr. Dameris was granted an RSU award having a value of \$800,000. This award vested on January 4, 2014 and was subject to continued (iii) employment and the Company attaining positive EBITDA in 2013 which was achieved. Mr. Dameris received 39,448 shares on February 14, 2014 when the Compensation Committee certified achievement of the performance target.

Other Executive Officers.

Messrs. Pierce and McGowan. On January 2, 2013, Messrs. Pierce and McGowan received a grant of 20,000 and 22,728 RSUs, respectively, 60% of which time vest in three equal, annual installments on January 2, 2014, January 2, 2015 and January 4, 2016, subject to continued employment. The remaining 40% of the RSU award is performance-based, vesting in three equal, annual installments subject to attainment of performance targets established by the Compensation Committee for that year and subject to continued employment (the "Performance Vesting Grant"). On March 4, 2013, the Compensation Committee established the following target for the 2013

Performance Vesting Grant for Messrs. Pierce and McGowan: 50% of the 2013 Performance Vesting Grant vested based on the Company achieving \$138,374,900 of Adjusted EBITDA in 2013, and up to an additional 50% vested on a percentage basis incrementally on Adjusted EBITDA greater than \$138,374,900 to a maximum of \$170,933,700 in 2013. According to the terms of the grant, if the performance goal was not attained in full, the portion of the 2013 Performance Vesting Grant which did not vest would have rolled forward to become part of the 2014 Performance Vesting Grant scheduled to vest in January 2015 contingent upon attainment of the applicable target for 2014. The Company achieved \$178,113,298 in Adjusted EBITDA in 2013 so Messrs. Pierce and McGowan vested in full in their 2013 Performance Vesting Grants and no RSUs from the 2013 Performance Vesting Grant rolled forward to become part of the 2014 Performance Vesting Grant.

Messrs. Blazer and Mr. Hanson. On May 15, 2013, each of Messrs. Blazer and Hanson received a grant of 16,801 RSUs, 60% of which time vest in three equal, annual installments on May 15, 2014, May 15, 2015 and May 15, 2016, subject to continued employment. The remaining 40% of the RSU award is performance-based, vesting in three equal, annual installments on January 2, 2014, January 2, 2015 and January 4, 2016, subject to attainment of performance targets established by the Compensation Committee for that year and subject to continued employment (the "Apex Performance Vesting Grant"). The Compensation Committee established the following

target for the Apex Performance Vesting Grant for Messrs. Blazer and Hanson: 50% of the Apex Performance Vesting Grant vested based on the Company achieving \$88,893,000 of Adjusted EBITDA from June 1, 2013 to December 31, 2013, and up to an additional 50% vested on a percentage basis incrementally on Adjusted EBITDA greater than \$88,893,000 to a maximum of \$109,809,000 from June 1, 2013 to December 31, 2013. According to the terms of the grant, if the performance goal was not attained in full, the portion of the Apex Performance Vesting Grant which did not vest would have rolled forward to become part of the 2014 Performance Vesting Grant scheduled to vest in January 2015 contingent upon attainment of the applicable target for 2014. The Company achieved \$111,753,257 in Adjusted EBITDA for the seven-month period in 2013, and therefore Messrs. Blazer and Hanson vested in full in their Apex Performance Vesting Grants and no RSUs from the Apex Performance Vesting Grant rolled forward to become part of their 2014 Performance Vesting Grant.

Discretionary Equity Award. The Compensation Committee may grant additional discretionary cash bonuses or equity awards to reward or incentivize our executive officers for separate or additional accomplishment, and/or upon a change in the executive officer's employment status. In December 2013, the Compensation Committee awarded discretionary RSU awards to Messrs. Blazer and Hanson for their exceptional performance in 2013 and their support in integrating Apex with On Assignment. The RSU awards were valued at approximately \$100,000 and \$70,000 for Messrs. Blazer and Hanson, respectively, and vest over three years, with 25% of the award vesting on the first anniversary of the grant date, and the remaining 75% of the award vesting in equal consecutive quarterly installments thereafter upon each quarterly anniversary of the grant date, and are subject to continued service by the executive officers through the vesting dates.

Company-Sponsored Health and Welfare Benefits. Our executives and their legal dependents are eligible to participate in Company sponsored health and welfare plans. These benefits are designed to be competitive with overall market practices and to attract and retain employees with the skills and experience needed to promote On Assignment's goals. The Compensation Committee believes that providing this coverage opportunity and enabling payment of the employee portion of such coverage costs through payroll deductions encourages our executives and their legal dependents to avail themselves of appropriate medical, dental and other health care services, as necessary, to help ensure our executives' continued ability to contribute their efforts towards achieving On Assignment's growth, profitability and other goals.

401(k) Plan. On Assignment offers tax-qualified 401(k) plans to its U.S. employees. Some of our executives and other employees are not eligible to fully participate up to the maximum contribution levels permitted by the Code in the applicable On Assignment 401(k) plan as a result of their status as "highly compensated" employees under the Code. **Severance and Change in Control Benefits.** Each of our named executive officers is party to an employment agreement that provides for severance upon a qualifying termination of employment. Additionally, pursuant to the Executive Change of Control Agreements that the Company entered into with Messrs. Dameris and Pierce as well as the On Assignment Change in Control Severance Plan, as amended and restated on June 21, 2013 (the "CIC Severance Plan") in which our other named executive officers participate, On Assignment provides for cash severance and other benefits in the event the executive is terminated under certain defined circumstances following a change in control of our Company. We feel that these severance triggers and levels (described in more detail below) are appropriate to ensure our executive officers' financial security, commensurate with their positions, in order to permit them to stay focused on their duties and responsibilities and promote the best interests of On Assignment in all circumstances.

Pursuant to the Executive Change of Control Agreements with Messrs. Dameris and Pierce, immediately prior to a change in control (as defined in the agreements), all unvested equity awards then held by the executive will become fully vested and exercisable subject, in Mr. Dameris' case, to exceptions with respect to certain equity awards granted under his employment agreement. Under Mr. Dameris' Change of Control Agreement, in the event it is determined that any payment arising under the agreement would be subject to the excise tax imposed by Code Section 4999, then Mr. Dameris shall be entitled to receive an additional payment in an amount equal to the excise tax imposed upon the

payments. Mr. Pierce's Change of Control Agreement provides for a "best pay cap" reduction for any excess parachute payments under Code Section 280G unless he would receive a greater benefit without the reduction and after paying the related excise tax. The Compensation Committee believes that the change in control arrangements serve to minimize any distraction to the executive officer resulting from a potential change in the control of the Company and decrease the risk that these individuals would leave On Assignment when a transaction was imminent which would reduce the value of On Assignment to a prospective buyer, or to the stockholders in the event the transaction failed to close. Structuring the change in control severance benefits as primarily "double-trigger" (becoming payable only upon qualifying termination following the change in control) appropriately serves these goals yet avoids bestowing a windfall on the executive officer in the event he is not involuntarily terminated following such an event. The Compensation Committee believes use of the "single-trigger" accelerated vesting of unvested equity awards held by Mr. Dameris and Mr. Pierce (which occurs immediately prior to a change in control regardless of whether the executive is involuntarily terminated upon or following the transaction), properly acknowledges the direct link between the executive's leadership of the Company and the value of the equity and recognizes that the link is greatly attenuated after a change in control, regardless of the executive's actual employment status. The single-trigger arrangement permits Mr. Dameris and Mr. Pierce to receive the benefit of an increase in the fair market value of the equity resulting from their efforts to consummate a transaction approved by our stockholders. The executive severance and change in control arrangements are further described under the heading "Employment Agreements" and "Payments upon Termination or Change in Control" below.

Perquisites. On Assignment also makes reasonable perquisites available to certain of its executive officers, which may consist of a monthly automobile allowance, payment or reimbursement of actual expenses incurred by the executive officer in connection with an annual physical examination (subject to specific limits) and/or payment or reimbursement of actual expenses incurred for tax preparation and financial planning services (again, not to exceed specific limits). The Compensation Committee acknowledges the considerable time and focus demanded of our executive officers by their work duties as well as their role as “ambassadors” of On Assignment and authorizes these benefits in order to limit the impact and distraction of attending to these personal responsibilities. Additionally, the Compensation Committee believes the executives perceive these perquisites to be valuable and therefore helpful in attracting and retaining qualified leaders.

Tax Provisions and Accounting Consequences. The Compensation Committee considers the anticipated tax consequences to us and our executive officers when reviewing our compensation programs, as the deductibility of some types of compensation payments or the amount of tax imposed on the payments can depend upon the timing of an executive’s vesting or exercise of previously granted rights or termination of employment. The Compensation Committee considers the requirements of Code Sections 409A and 162(m) when structuring the executive compensation packages. Code Section 162(m) limits the tax deductibility to the Company of annual compensation in excess of \$1,000,000 that is paid to our Chief Executive Officer, and our three other most highly compensated executive officers (other than the Chief Financial Officer). However, certain performance-based compensation is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon the attainment of pre-established, objective performance goals that are based on stockholder-approved performance criteria and the committee that establishes and certifies such goals consists only of “outside directors.” Section 409A of the Internal Revenue Code requires that “nonqualified deferred compensation” be deferred and/or paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Changes in applicable tax laws and regulations, as well as other factors beyond the Compensation Committee’s control, also can affect the deductibility of compensation. While the Compensation Committee endeavors to minimize deductibility limitations for the Company, the Compensation Committee may, in appropriate circumstances, authorize payments that may become subject to these limitations in order to properly incentivize an executive officer.

Code Section 280G disallows a tax deduction with respect to excess parachute payments to certain executives of companies which undergo a change in control. In addition, Code Section 4999 imposes a 20 percent penalty on the individual receiving the excess payment. Parachute payments are compensation that is linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Code Section 280G based on the executive’s prior compensation. In approving the compensation arrangements for our executive officers, our Compensation Committee considers all elements of the cost to our Company of providing such compensation, including the potential impact of Code Section 280G. However, our Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Code Section 280G and the imposition of excise taxes under Code Section 4999 when it believes that such arrangements are appropriate to attract and retain executive talent. With respect to Mr. Dameris, the Compensation Committee has provided for tax gross-up payments to alleviate the impact of Section 4999 and, with respect to Mr. Pierce, the Compensation Committee has provided for a best pay cap reduction for excess parachute payments under Code Section 280G unless he would otherwise receive a greater after-tax benefit without the reduction and after paying the related taxes (including the excise tax). The Compensation Committee believes these payments are appropriate to properly incentivize and motivate these executives in the event of a potential transaction. With respect to severance payments that would be made to the other named executive officers under the CIC Severance Plan, in June 2013 the Board removed the plan’s tax gross-up provision, and payments to the executive officers under the CIC

Severance Plan would be reduced if necessary to avoid any excise tax that may be imposed.

The Compensation Committee also regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity compensation awards. In particular, ASC Topic 718 (formerly known as FASB 123R), requires us to recognize an expense for the fair value of equity-based compensation awards. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our awards with our overall executive compensation philosophy and objectives.

While the tax or accounting impact of any compensation arrangement is one factor to be considered in determining appropriate compensation, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent. The Compensation Committee may award compensation which is not fully deductible to our executive officers if it determines that such award is consistent with its philosophy and is in our and our stockholders' best interests.

Amounts shown in the table above reflect the aggregate grant date fair value of the awards, computed in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts with respect to stock-based awards are included in Note 11 to the consolidated financial statements for the year ended

(1) December 31, 2013 included in our Annual Report and are described in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” under “Critical Accounting Policies-Stock-Based Compensation” in the Annual Report.

(2) All non-equity incentive plan compensation amounts were earned based on performance in the year reported and payable, by their terms, in the subsequent year, except as noted otherwise.

(3)

The Company had two deferred compensation plans in effect from 1998 and 2008. These plans were terminated in May 2011, with distributions being made according to the terms of the plans in June 2012 in compliance with applicable law.

- The amounts set forth in the "All other compensation" column in 2013 for Mr. Dameris include life insurance premiums paid by On Assignment. For Mr. Pierce, the 2013 amounts reflect perquisites of \$7,269 of auto allowance, \$563 of life insurance premium costs, \$4,000 in reimbursement of legal expenses incurred related to the review of his employment agreement and \$137,189 in reimbursement of relocation expenses. Mr. McGowan's 2013 amounts include \$6,000 for auto allowance; \$5,000 in 401(k) plan matching contributions; \$310 for life insurance

(1) Executive annual incentive compensation is determined by the Compensation Committee of the Board. See “Executive Compensation Discussion and Analysis—Annual Incentive Compensation” for a general description of the criteria used in determining incentive compensation paid to our executive officers. Amounts shown in these

columns represent each named executive officer's cash incentive bonus opportunity for 2013. The "target" amount represents the bonus the named executive officer could receive if the applicable target performance goals were achieved. The "maximum" amount represents the named executive officer's maximum bonus opportunity for truly exceptional performance.

- (2) Represents performance-based RSU awards granted to our named executive officers in 2013 under the 2010 Plan (or the Inducement Plan in the case of Mr. Pierce). The "Target" amount represents the minimum number of RSUs that could vest if the applicable performance goals are achieved at threshold levels. The "Maximum" amount represents the maximum number of RSUs that are available to vest. These grants vested on January 2, 2014, and were paid out in February 2014 when the performance goals were certified, with the exception of Messrs. Blazer and Hanson's June 21, 2013 grants where the performance period runs through May 31, 2014. Each of the named executive officers received the maximum target with the exception of Mr. Dameris, who vested in 140,367 of 143,182 of these RSU awards.

- (3) Represents time-based RSUs granted under the 2010 Plan (or the Inducement Plan in the case of Mr. Pierce) as a part of long-term incentive compensation as determined by the Compensation Committee of the Board. See "Executive Compensation Discussion and Analysis—Annual Equity Incentive Compensation" for a general description of the criteria used by the Compensation Committee in approving grants of restricted stock units to our named executive officers. These grants vest pro rata annually over three years from the date of grant, (with the exception of the grants to Messrs. Blazer and Hanson on December 16, 2013 which vest one-third on the first anniversary of the date of grant, and then in eight pro rata quarterly installments thereafter), subject to the named executive officers continued service to the Company through the vesting dates.

- (4) Amounts shown in this column in the table above reflect the aggregate grant date fair value of the awards, computed in accordance with ASC Topic 718. Assumptions used in the calculation of these amounts with respect to stock-based grants are included in Note 11 to the consolidated financial statements for the year ended December 31, 2013 included in our Annual Report and are described in Part II-Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" under "Critical Accounting Policies-Stock-Based Compensation" in the Annual Report.

- (5) The first of two awards for 16,135 shares valued at \$496,985 (out of a maximum possible award amount of \$500,000) were paid out on February 14, 2014. The number of shares for the remaining award will be determined by dividing \$496,985 by the share price of our common stock when paid out on or about February 1, 2015. The estimated future payouts "threshold," "target" and "maximum" amounts could not be filled out because they are dollar, and not share targets. If dollar targets were included, the "threshold" amount listed would have been \$400,000, the "target" amount would be \$450,000, and the "maximum" amount would be \$500,000.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreements

Peter T. Dameris. We have entered into employment agreements with each of our named executive officers, as described in this section. Under the terms of their employment agreements, all named executives must comply with certain confidentiality, non-solicitation and release requirements during and after their employment. See “Payments Upon Termination or Change in Control” for a discussion of payments and benefits to which the executive officers are entitled pursuant to their employment agreements and change in control agreements upon their termination of employment and/or change in control.

On December 13, 2012, Mr. Dameris entered into an amended and restated employment agreement with the Company that is effective from December 31, 2012 through December 31, 2015, with automatic renewals for one-year periods. The Dameris Employment Agreement provides for an annual salary of \$800,000 and an annual cash incentive compensation targeted at no less than 90% of Mr. Dameris’ annual salary, with a maximum annual bonus opportunity equal to 180% of his annual salary. In addition, under the Dameris Employment Agreement, Mr. Dameris and his family, as applicable, are entitled to participate in our incentive, retirement and welfare plans to the extent applicable to other peer executives of the Company and Mr. Dameris is entitled to receive a stipend of \$450 per month for lease of an automobile and other related expenses. Under the Dameris Employment Agreement, Mr. Dameris is eligible to receive the following long-term incentive awards: (i) annual RSU awards with respect to each of 2013, 2014 and 2015 (the “Tranche A awards”), each having a value of \$800,000, (ii) annual RSU awards (the “Tranche B awards”) in each of 2013, 2014 and 2015, the value of each of which will be between \$2,100,000 and \$3,150,000, based on the achievement of applicable performance goals over the calendar year during which the award is granted and (iii) three performance awards (the “Additional Grants”) (two in 2013 and one in 2014), the value of each providing the opportunity to vest in common stock of the Company with a value of \$500,000. The Tranche A awards generally will vest and become payable, subject to continued employment and the Company attaining positive EBITDA over the calendar year during which the award is granted, on January 4 of the year following the year of grant, however the first Tranche A award was granted on December 31, 2012 and vested on January 4, 2014. The Tranche B awards will vest and become payable (to the extent earned in substantially equal installments, subject to continued employment, on January 4 of each of the three years following the year of grant. Payments upon Termination or Change in Control

Described below are the arrangements the Company has entered into with each of our named executive officers and the estimated payments and benefits that would be provided under such arrangements, assuming that the named executive officer's employment terminated under certain circumstances as of December 31, 2013 and, where applicable, a change in control of the Company occurs on that date, using the closing price of our common stock on December 31, 2013 (\$34.92 per share). In each case, the executive officer's right to receive severance benefits is subject to his execution of a valid and binding release agreement and contingent upon his continued adherence to certain confidentiality and non-solicitation agreements.

Chief Executive Officer

Dameris Employment Agreement. Under the Dameris Employment Agreement, upon a termination of Mr. Dameris' employment by the Company "without cause" or by Mr. Dameris for "good reason" (each, as defined in the agreement), in addition to his accrued obligations, Mr. Dameris would be entitled to: (1) continuation payments totaling 150% of his annual base salary, over a period of 18 months following such termination; (2) a cash lump sum in an amount equal to the aggregate premiums that the Company would have paid over 18 months for basic life insurance, accidental death and dismemberment insurance and long- and short-term disability insurance, each as in effect on the date of termination; and (3) during the 18-month period, subject to Mr. Dameris' proper election to continue healthcare coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), payment of his COBRA premiums.

If Mr. Dameris' employment terminates due to his death, "disability" (as defined in the Dameris Employment Agreement), termination by the Company without cause, or termination by Mr. Dameris for good reason (each a qualifying termination), then under the Dameris Employment Agreement, Mr. Dameris or his estate is entitled to disability income or life insurance payments from insurance

policies maintained by the Company (other than any “key man” life insurance policy) and is entitled to payment of an amount equal to 100% of Mr. Dameris’ base salary payable over 12 months following the termination date in equal installments.

The Dameris Employment Agreement also provides that upon a qualifying termination, (i) each Additional Grant provided for in the agreement that has not vested as of the termination date will be eligible to vest on a pro-rated basis, based on actual achievement of applicable performance goals, on the January 2 immediately following the termination date, (ii) each Tranche A award and Tranche B award will be governed by the terms and conditions of the applicable award agreement, and (iii) each long-term incentive award granted to Mr. Dameris pursuant to his prior employment agreement will be governed by the terms and conditions of the applicable award agreement and prior employment agreement.

Under the Dameris Employment Agreement, if Mr. Dameris experiences a qualifying termination in the first 90 days of any calendar year during the term of the agreement, any long-term incentive awards that would otherwise be granted with respect to such calendar year will be granted to Mr. Dameris.

Upon a change in control, each Additional Grant provided for in his employment agreement will vest in full as if all applicable performance targets were fully attained, and each Tranche A award and Tranche B award will be governed by the terms and conditions of the applicable award agreement. In the event of a termination in connection with a change in control, the severance provisions of Mr. Dameris’ employment agreement will be superseded by his Executive Change of Control Agreement (described below).

Change in Control Agreement. Mr. Dameris entered into an Amended and Restated Executive Change of Control Agreement (the “Dameris CIC Agreement”) with the Company on December 11, 2008, which governs if Mr. Dameris’ employment is involuntarily terminated following a change of control. Pursuant to that agreement, Mr. Dameris will be entitled to receive the following amounts for an involuntary termination of employment which occurs within six months and ten days after a change in control (as defined in the Dameris Change in Control Agreements): (1) all then accrued compensation (earned and unpaid salary, reimbursement of expenses) and a pro-rata portion (based on number of days worked) of Mr. Dameris’ “target bonus” (as defined in the Dameris CIC Agreement) for the year in which the termination is effected; (2) 3.0 times Mr. Dameris’ then-current base salary plus target bonus for the year in which the termination is effected; (3) continuation of Mr. Dameris’ then-current automobile allowance for a period of up to 18 months following the date of termination; (4) company-paid healthcare continuation coverage for up to 18 months following the termination date; (5) a cash amount equal to the aggregate premiums that the Company would have paid for 18 months of basic life insurance, accidental death and dismemberment insurance and long- and short-term disability insurance coverage, each as in effect on the date of termination; (6) continued contributions to the Company’s retirement plans for 18 months following the date of termination; and (7) reimbursement, up to \$15,000, for outplacement services.

Also pursuant to the Dameris CIC Agreement, immediately prior to a change of control and regardless of whether Mr. Dameris is terminated upon or following the change in control transaction, all stock options and other unvested equity awards then held by Mr. Dameris will become fully vested and exercisable. Mr. Dameris’ 2010 Employment Agreement similarly provides that performance-vesting equity awards granted thereunder shall vest fully as if all applicable performance targets were fully attained and all service requirements were satisfied. Payments under the Dameris CIC Agreement are subject to additional gross up payments to cover any excise tax that may be imposed.

Following a change in control, if the employment of Mr. Dameris is terminated for “cause” (as defined in the Dameris CIC Agreement) or Mr. Dameris resigns other than in connection with an involuntary termination or due to death or disability, the Dameris CIC Agreement will terminate.

The estimated payments or benefits which would have been paid to Mr. Dameris in the event of a change in control and/or a qualifying termination on December 31, 2013 are as follows:

Chief Financial Officer

Termination under Employment Agreement. Under Mr. Pierce's employment agreement, upon a termination of employment by the Company "without cause" (as defined in his employment agreement) including nonrenewal of his employment agreement, in addition to his accrued obligations, Mr. Pierce will be entitled to: (1) continuation of 100% of his annual base salary for a period of 12 months following such termination; (2) any earned but unpaid annual bonus; and (3) reimbursement of up to \$80,000 in moving expenses within a prescribed time frame. If Mr. Pierce's employment terminates because of his death or disability, Mr. Pierce will be entitled to receive payment equal to 100% of his base salary payable over 12 months in equal installments.

In the event of a termination in connection with a change in control, the severance provisions of Mr. Pierce's employment agreement will be superseded by his Executive Change of Control Agreement (described below).

Change in Control Agreement. Mr. Pierce entered into an Executive Change of Control Agreement with the Company (the "Pierce CIC Agreement") on September 1, 2012, which governs if Mr. Pierce's employment is involuntarily terminated in connection with a change in control. Pursuant to the Pierce CIC Agreement, Mr. Pierce will be entitled to receive the following amounts for an involuntary termination of employment which occurs within six months and ten days after a change in control, in addition to any accrued but unpaid amounts (including any earned but unpaid annual bonus for the year prior to the year in which the termination occurs) and subject to delivery of an effective release of claims in favor of the Company: (i) a pro-rata bonus for the year in which the termination occurs; (ii) an amount equal to 2.5 multiplied by the sum of Mr. Pierce's base salary and "target bonus" (as defined in the Pierce CIC Agreement); (iii) continuation of Mr. Pierce's car allowance for 18 months following the termination date; (iv) Company-paid healthcare continuation coverage for up to 18 months following the termination date; (v) an amount equal to the premiums the Company would have paid for basic life insurance and disability insurance, had he remained employed for 18 months following the termination date; and (vi) reimbursement of up to \$15,000 for outplacement services. In addition, any outstanding stock options held by the Chief Financial Officer as of the termination date will remain outstanding as though he had remained employed by the Company until the 18-month anniversary of the termination date (but in no event will any option be exercisable beyond its maximum term). Immediately prior to a change in control, all outstanding Company stock options, restricted stock and stock units held

by the executive will become fully vested (and, in the case of options, remain exercisable for an extended period).

Also pursuant to the Pierce CIC Agreement, immediately prior to a change in control and regardless of whether Mr. Pierce is terminated upon or following the change in control transaction, all stock options and other unvested equity awards then held by Mr. Pierce will become fully vested and exercisable. The agreement provides that the Chief Financial Officer with a best pay cap reduction for any excess parachute payments under Code Section 280G unless he would receive a greater after-tax benefit without the reduction and after paying the related excise tax.

Following a change in control, if the employment of Mr. Pierce is terminated for cause (as defined in the Pierce CIC Agreement) or Mr. Pierce resigns other than in connection with an involuntary termination or due to death or disability, the Pierce CIC Agreement will terminate.

The estimated payments or benefits which would have been paid to Mr. Pierce in the event of a change in control and/or a qualifying termination on December 31, 2013 are as follows:

	Termination Without Cause (\$)	Involuntary Termination After CIC (\$)	Death or Disability (\$)
Edward L. Pierce

Total Cash Severance (applicable salary and target bonus amounts or multiples)	468,000	1,755,000	468,000

(1) Cash incentive bonuses are earned on December 31 of a given year, and are therefore payable in full upon certification. Mr. Pierce earned a cash incentive bonus of \$437,130 in 2013.

McGowan, Blazer and Hanson - Termination under Employment Agreements

Michael J. McGowan. If the Company terminates Mr. McGowan's employment without "cause" (as defined in his employment agreement) or Mr. McGowan terminates his employment as a result of the Company imposing a change in key terms, (i.e., a change in his reporting relationship or requiring him to relocate to a principal work location that is more than 50 miles from Beverly, Massachusetts) or if Mr. McGowan's employment terminates because of his death or disability, Mr. McGowan is entitled to receive, in addition to accrued obligations, (1) salary continuation for a period of 12 months, at the rate in effect as of the date his employment is terminated; and (2) subject to his proper election to continue healthcare coverage under COBRA, for a period of 12 months from the date of termination, payment of the difference between his COBRA premiums and the cost of such coverage immediately prior to such termination.

Randolph C. Blazer and Theodore S. Hanson. If the Company terminates the employment of either of Messrs. Blazer or Hanson without "cause" (as defined in their employment agreements) or if their employment terminates due to death during their employment period, the executive officer is entitled to receive, in addition to accrued obligations, (1) salary continuation for a period of 12 months, at the rate in effect as of the date his employment is terminated; and (2) subject to his proper election to continue healthcare coverage under COBRA, for a period of 12 months from the date of termination, payment of the difference between his COBRA premiums and the cost of such coverage immediately prior to such termination. In the event of disability, Mr. Blazer is entitled to his accrued obligations and salary continuation for 12 months subject to reduction in certain circumstances.

McGowan, Blazer and Hanson - Termination Pursuant to a Change in Control

If the employment of Messrs. McGowan, Blazer or Hanson is involuntarily terminated following a "change in control," benefits will be determined in accordance with the Company's "CIC Severance Plan." Pursuant to the CIC Severance Plan, upon an involuntary termination within 18 months of a "change in control transaction," each of Messrs. McGowan

and Blazer are entitled to receive: (1) a pro rata bonus for the year of termination which equals 100% of the “target bonus” for the executive officer for the year of termination times the pro rata portion of the year the executive worked prior to his termination; (2) 275% of his annual salary and target bonus in effect at the time of the involuntary termination; and (3) a lump-sum payment equaling an after tax calculation of the cost of 18 months of COBRA premiums for the medical, dental and/or vision coverage he received at the time of the termination. Mr. Hanson receives the same except that he is entitled to receive 200% of his annual salary and target bonus. Payments to the executive officers under the CIC Severance Plan are reduced if necessary to avoid any excise tax that may be imposed. “Change in control,” “change in control transaction,” and “target bonus” have the meanings set forth for those terms in the CIC Severance Plan.

The estimated payments or benefits which would have been paid to each of Messrs. McGowan, Blazer and Hanson in the event of his termination on December 31, 2013 under the specified circumstances are as follows:

Inducement Plan was not required as a condition of the effectiveness of the Inducement Plan. A description of the principal features of the Inducement Plan is set forth below.

Eligibility and Administration. Only certain prospective employees of the Company are eligible to participate in the Inducement Plan. The Inducement Plan is administered by our Compensation Committee. The plan administrator has the authority to grant and set the terms of all awards under, make all determinations and interpretations under, prescribe all forms for use with, and adopt rules for the administration of, the Plan, subject to its express terms and conditions. Awards must be approved by the Compensation Committee or a majority of our independent directors and the authority to grant awards under the Inducement Plan may not be delegated.

Limitation on Awards and Shares Available. The maximum number of shares of common stock that were available for issuance pursuant to awards under the Inducement Plan is 935,861 shares (the “Inducement Plan Share Limit”). Shares issued under the Inducement Plan may be treasury shares or authorized but unissued shares.

The following types of shares are added back to the available share limit under the Inducement Plan: (x) shares subject to awards that are forfeited, expire or are settled for cash and (y) shares repurchased by the Company at the same price paid by a participant pursuant to the Company's repurchase right with respect to restricted stock awards. However, the following types of shares are not added back to the available share limit under the Inducement Plan: (A) shares subject to a stock appreciation right ("SAR") that are not issued in connection with the stock settlement of the SAR on its exercise, (B) shares purchased on the open market with the cash proceeds from the exercise of options and (C) shares tendered or withheld to satisfy grant or exercise price or tax withholding obligations associated with an award.

Awards granted under the Inducement Plan upon the assumption of, or in substitution for, awards authorized or outstanding under a qualifying equity plan maintained by an entity with which the Company enters into a merger or similar corporate transaction will not reduce the shares authorized for grant under the Inducement Plan.

Awards. The Inducement Plan provides for the grant of stock options, including non-qualified stock options, restricted stock, dividend equivalent awards, stock payment awards, deferred stock, RSUs, performance awards, performance share awards, SARs, and other incentive or cash awards. Certain awards under the Inducement Plan may constitute or provide for a deferral of compensation, subject to Code Section 409A, which may impose additional requirements on the terms and conditions of such awards. All awards are to be set forth in award agreements, which detail all terms and conditions of the awards, including any applicable vesting and payment terms. Awards other than cash awards are generally settled in shares of our common stock, but the plan administrator may provide for cash settlement of any award. A brief description of each award type follows.

Stock Options. Stock options provide for the purchase of shares of our common stock in the future at an exercise price set on the grant date. The exercise price of a stock option may not be less than 100% of the fair market value of the underlying share on the date of grant, except with respect to certain substitute options granted in connection with a corporate transaction. The term of a stock option may not be longer than ten years. Vesting conditions determined by the plan administrator may apply to stock options, and may include continued service, performance and/or other conditions.

Stock Appreciation Rights. SARs entitle their holder, upon exercise, to receive from us an amount equal to the appreciation of the shares subject to the award between the grant date and the exercise date. The exercise price of a SAR may not be less than 100% of the fair market value of the underlying share on the date of grant (except with respect to certain substitute SARs granted in connection with a corporate transaction) and the term of a SAR may not be longer than ten years. Vesting conditions determined by the plan administrator may apply to SARs, and may include continued service, performance and/or other conditions.

Restricted Stock; Deferred Stock; RSUs and Performance Shares. Restricted stock is an award of nontransferable shares of our common stock that remain forfeitable unless and until specified conditions are met, and which may be subject to a purchase price. Dividends will not be paid on restricted stock awards unless and until the shares vest. Deferred stock and RSUs are contractual promises to deliver shares of our common stock in the future, which may also remain forfeitable unless and until specified conditions are met. Delivery of the shares underlying these awards may be deferred under the terms of the award or at the election of the participant, if the plan administrator permits such a deferral. Performance shares are contractual rights to receive a range of shares of our common stock in the future based on the attainment of specified performance goals, in addition to other conditions which may apply to these awards. Vesting conditions determined by the plan administrator may apply to restricted stock, deferred stock, RSUs and performance shares, and may include continued service, performance and/or other conditions.

Stock Payments; Other Incentive Awards and Cash Awards. Stock payments are awards of fully vested shares of our common stock that may, but need not be, made in lieu of base salary, bonus, fees or other cash compensation otherwise payable to any individual who is eligible to receive awards. Other incentive awards are awards other than those enumerated in this summary that are denominated in, linked to or derived from shares of our common stock or value metrics related to our shares, and may remain forfeitable unless and until specified conditions are met. Cash awards are cash incentive bonuses subject to performance goals.

Dividend Equivalent Rights. Dividend equivalent rights represent the right to receive the equivalent value of dividends paid on shares of our common stock and may be granted alone or in tandem with awards other than stock options or SARs. Dividend equivalents are credited as of dividend payments dates during the period between the date

an award is granted and the date such award vests, is exercised, is distributed or expires, as determined by the plan administrator.

Certain Transactions. The plan administrator has broad discretion to equitably adjust the provisions of the Inducement Plan, as well as the terms and conditions of existing and future awards, to prevent the dilution or enlargement of intended benefits and facilitate necessary or desirable changes in the event of certain transactions and events affecting our common stock, such as stock dividends, stock splits, mergers, acquisitions, consolidations and other corporate transactions. In addition, in the event of certain non-reciprocal transactions with our stockholders known as “equity restructurings,” the plan administrator will make equitable adjustments to the Inducement Plan and outstanding awards. In the event of a change in control of On Assignment (as defined in the Inducement Plan), the surviving entity must assume outstanding awards or substitute economically equivalent awards for such outstanding awards; however, if the surviving

entity declines to assume or substitute for outstanding awards, then all awards will vest in full and be deemed exercised (as applicable) upon the transaction. Individual award agreements may provide for additional accelerated vesting and payment provisions.

Foreign Participants; Transferability and Participant Payments. The plan administrator may modify award terms, establish subplans and/or adjust other terms and conditions of awards, subject to the share limits described above, in order to facilitate grants of awards subject to the laws and/or stock exchange rules of countries outside of the United States. With limited exceptions for estate planning, domestic relations orders, certain beneficiary designations and the laws of descent and distribution, awards under the Inducement Plan are generally non-transferable prior to vesting and are exercisable only by the participant. With regard to tax withholding, exercise price and purchase price obligations arising in connection with awards under the Inducement Plan, the plan administrator may, in its discretion, accept cash or check, shares of our common stock that meet specified conditions, a “market sell order” or such other consideration as it deems suitable.

Stockholder Approval; Plan Amendment and Termination. Pursuant to applicable stock exchange rules, stockholder approval of the Inducement Plan was not required as a condition of the effectiveness of the Inducement Plan. The Board may amend or terminate the Inducement Plan at any time; however, except in connection with certain changes in capital structure, stockholder approval will be required for any amendment that “reprices” any stock option or SAR (including any grant of cash or another award in respect of any stock option or SAR when the option or SAR price per share exceeds the fair market value of the underlying shares).

PROPOSAL THREE – ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders the opportunity to cast an advisory, non-binding vote on executive compensation disclosed in this Proxy Statement and as required by Item 402 of Regulation S-K. Stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to On Assignment, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Executive Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

We believe that it is appropriate to seek the views of stockholders on the design and effectiveness of the Company's executive compensation program. The Company's goal for its executive compensation program is to attract, motivate and retain a talented, team of executives who will provide leadership for the Company's success. We attempt to accomplish this goal in a way that aligns with the long-term interests of our stockholders. We are committed to responsible compensation practices and structures and strive to balance the need to compensate our employees fairly and competitively based on their performance, while assuring that their compensation reflects principles of sound business practice and performance metrics that reward long-term success. This advisory vote is referred to as "say-on-pay." In light of the fact that a majority of the votes cast at our annual stockholders' meeting held in May 2010 voted in favor of holding an annual advisory vote, our Board has decided that we will hold an annual advisory vote on the compensation of our named executive officers until the next required vote on the frequency of the say-on-pay vote; therefore, our next vote on a say-on-pay proposal after the vote on this Proposal Three is expected to be held at our Annual Meeting of Stockholders in 2015.

The Executive Compensation Discussion and Analysis of this Proxy Statement summarizes our executive compensation program and the Compensation Committee's decisions regarding 2013 compensation. Highlights of the 2013 executive compensation program and our 2013 performance include:

The Compensation Committee negotiated an employment agreement for Mr. Dameris in 2012 that had implications for 2013, including a \$100,000 increase in salary, an additional 60% of annual salary maximum cash bonus target opportunity in consideration of the very positive financial results the Company had achieved in the past year and the more than double growth in the size of the Company due to the acquisition of Apex and organic growth in 2012, and a strong emphasis on long-term performance-based equity awards.

Fixed cash compensation constitutes only a portion of the compensation of the named executive officers.

Performance-based compensation constitutes a significant majority of the Chief Executive Officer's compensation and approximately half of the compensation of the other named executive officers.

The named executive officers generally receive equity awards in the form of RSUs, a portion of which is tied to achievement of specified performance goals that we believe correlate to increased shareholder value and vest over a period of time, which aligns with the long-term interests of the stockholders. These RSU awards are intended as a long-term incentive and should be viewed as compensation over the vesting period not as compensation only for 2013.

The compensation program for the executive officers is instrumental in helping the Company achieve its strong financial performance.

In 2013, the Company's revenues grew to \$1,632 million representing an increase of \$494 million or 43.4% over the prior year, and the Company's Adjusted EBITDA grew to \$172.2 million representing an increase of \$46.8 million or 37.3% over the prior year. Cash incentive bonuses and performance-based vesting RSUs granted to our named executive officers in 2013 were earned and vested based on our strong performance in these areas.

•

If it is determined that performance-based compensation was based on materially inaccurate performance criteria or if Mr. Dameris materially violates risk limits, his incentive compensation for 2013 is subject to a claw back from the Company (i.e., executive officers' forfeiture of the incentive compensation) pursuant to the Dameris Employment Agreement and Section 304 of the Sarbanes-Oxley Act of 2002.

In June 2013, the Board removed the tax gross-up provision in the Company's CIC Severance Plan that applies to certain of our named executive officers, including Messrs. McGowan, Blazer and Hanson. Instead, payments to the executive officers under the CIC Severance Plan would be reduced if necessary to avoid any excise tax that may be imposed.

Stockholders are urged to read the Executive Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement because these sections discuss, in detail, our compensation philosophy and practices.

The advisory vote set forth in this Proposal Three is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by stockholders. The Compensation Committee will consider the outcome of this vote when making future compensation decisions for our executive officers.

Vote Required

Approval of Proposal Three requires a FOR vote of the majority shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

Board Recommendation

The Board recommends a vote FOR Proposal Three.

PROPOSAL FOUR – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed the firm of Deloitte & Touche LLP as our independent registered public accounting firm to audit On Assignment's consolidated financial statements for the fiscal year ending December 31, 2014, and is asking stockholders to ratify this appointment at the Annual Meeting.

Deloitte & Touche LLP has audited our consolidated financial statements annually since 1986. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. Information regarding fees billed by Deloitte & Touche LLP for the years ended December 31, 2013 and December 31, 2012 is set forth herein.

Our Bylaws do not require that stockholders ratify the appointment of our independent registered public accounting firm. We are seeking ratification because we believe it is a matter of good corporate governance practice. In the event that stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP, but may ultimately determine to retain Deloitte & Touche LLP as our independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of On Assignment and its stockholders.

Principal Accountant Fees and Services

The following table sets forth fees for professional services rendered by Deloitte & Touche LLP for the audit of On Assignment's financial statements for fiscal years 2013 and 2012 and fees billed for tax and all other services rendered by Deloitte & Touche LLP for fiscal years 2013 and 2012:

	2013	2012
Audit Fees(1)	\$ 2,394,043	\$ 1,854,200
Tax Fees(2)	\$ 19,600	\$ 29,400
All Other Fees(3)	\$ 760,692	\$ 141,200

Represents aggregate fees for professional services provided in connection with the audit of our annual financial (1) statements, review of our quarterly financial statements, audit services provided in connection with other statutory or regulatory filings and the audit of internal controls pursuant to section 404 of the Sarbanes-Oxley Act of 2002.

(2) Represents fees for services provided in connection with On Assignment's tax services concerning foreign income tax compliance for Canada and Europe.

(3) Represents fees for services provided to On Assignment not otherwise included in the categories seen above including, but not limited to, due diligence, Sarbanes-Oxley Act of 2002 implementation advisory services, strategic consulting and subscription to technical library. None of these fees were for services related to the design or implementation of financial information systems.

Vote Required

The ratification of the appointment of Deloitte & Touche requires a FOR vote of the majority shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

Board Recommendation

Our Board unanimously recommends that our stockholders vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

Unless a contrary choice is specified, shares represented by proxies will be voted FOR ratification of the appointment.

REPORT OF THE AUDIT COMMITTEE

To the extent that this Proxy Statement is incorporated by reference into any other filing by On Assignment under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, this section entitled “Report of the Audit Committee” will not be deemed incorporated, unless specifically provided otherwise in such filing.

The Audit Committee of the Board consists of Mr. Callaghan, Mr. Jones and Mr. Kittrell, who serves as Chairman. The Audit Committee members are not professional accountants or auditors, and their role is not intended to duplicate or certify the activities of management and the independent registered public accounting firm, nor can the Audit Committee certify that the independent registered public accounting firm are “independent” under applicable rules. The Audit Committee serves a Board-level oversight role, in which it provides advice, counsel and direction to management and the independent registered public accounting firm on the basis of the information it receives, discussions with management and the independent registered public accounting firm and the experience of the Audit Committee’s members in business, financial and accounting matters.

Pre-approval of Audit and Non-Audit Services

All audit-related services, tax services and other services performed by our independent registered public accounting firm were pre-approved by the Audit Committee, which concluded that the provision of these services by Deloitte & Touche LLP was compatible with the maintenance of Deloitte’s independence in the conduct of its auditing functions. The Audit Committee Charter, most recently amended on August 21, 2013, provides for pre-approval of policies and procedures with respect to the approval of audit or non-audit services consistent with applicable laws, rules and regulations and the requirements of the NYSE. Pursuant to such policies and procedures, the Audit Committee may delegate to a member the authority to pre-approve certain auditing services and non-audit services.

Filing of Audited Financial Statements with Annual Report for 2013

The Audit Committee reviewed and discussed On Assignment’s audited consolidated financial statements for the year ended December 31, 2013, with management. The Audit Committee also discussed with Deloitte & Touche LLP, On Assignment’s independent registered public accounting firm, the accountant’s responsibilities, any significant issues arising during the audit and other matters required to be discussed by the statement on Auditing Standards No. 16, as adopted by the Public Company Accounting Oversight Board. The Audit Committee received the written disclosures and letter from On Assignment’s independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence and has discussed with On Assignment’s accountants its independence. Based on its review of such documents and the discussions noted above, the Audit Committee recommended to the Board that On Assignment’s consolidated financial statements for the year ended December 31, 2013 be included in its Annual Report on Form 10-K for that fiscal year for filing with the Securities and Exchange Commission.

Respectfully submitted,

Marty R. Kittrell, Chairman
Brian J. Callaghan
Jeremy M. Jones

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee is responsible for review, approval or ratification of specific transactions involving the Company in which a “related person” has a direct or indirect material interest. Under SEC rules, “related persons” include directors, officers, nominees for director, 5% stockholders and their immediate family members. Information about our directors and executive officers and persons related to them is collected and updated through annual Directors and Officers Questionnaires. Directors and executive officers provide the names of the entities with which they, and their immediate family members, are affiliated, including board memberships, executive officer positions and charitable organizations. As needed, the Company’s legal department prepares requests for pre-approval or ratification of transactions or relationships involving related persons or parties with which the Company expects to do business. The Audit Committee reviews these requests and, if appropriate, pre-approves or ratifies each transaction or relationship and/or an annual spending limit for same.

Apex leases two properties, Cox Road and Sadler Place, located in Glen Allen, Virginia, and Apex uses these properties as corporate headquarters. Cox Road and Sadler Place are owned by ASI Partners, LLC and ASI Partners Sadler Place, LLC, respectively. These entities are wholly owned by Messrs. Callaghan, Hanson, Sheridan, and Veatch. The lease for Cox Road expires in 2015, with the option to renew for an additional term of 60 months. The lease for Sadler Place expires in 2017, with an automatic one-year extension unless either party gives written notice of termination. Rent paid for these properties aggregated approximately \$1.3 million in 2013 and \$1.2 million in 2012.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires each of our directors and officers and each beneficial owner of more than 10 percent of a registered class of our equity securities to file with the Securities and Exchange Commission reports of beneficial ownership and subsequent reports regarding changes in such ownership. Based on our records and other information, we believe that each person who was subject to Section 16(a) during fiscal year 2013 filed on a timely basis all such reports required for the year with the following exceptions: (a) Forms 4 for Messrs. Pierce, McGowan, James L. Brill, Emmett McGrath and Christian Rutherford were filed one day late on January 7, 2013; (b) Forms 4 for Messrs. Blazer and Hanson were filed one day late on June 21, 2013; and (c) Mr. Rutherford did not file a Form 4 for his March 2013 sale of shares of the Company’s Common Stock until March 2014.

to Class I shall serve for a term ending on the annual meeting next following the end of fiscal year 1992, the directors first elected to Class II shall serve for a term ending on the second annual meeting next following the end of fiscal year 1992, and the directors first elected to Class III shall serve for a term ending on the third annual meeting next following the end of fiscal year 1992. The foregoing notwithstanding, each director shall serve until his successor shall have been duly elected and qualified, unless he shall resign, become disqualified, disabled or shall otherwise be removed.

At each annual election, directors chosen to succeed those whose terms then expire shall be of the same class as the directors they succeed, unless by reason of any intervening changes in the authorized number of directors, the Board shall designate one or more directorships whose term then expires as directorships of another class in order more nearly to achieve equality of number of directors among the classes.

Notwithstanding the rule that the three classes shall be as nearly equal in number of directors as possible, in the event of any change in the authorized number of directors each director then continuing to serve as such shall nevertheless continue as a director of the class of which he is a member until the expiration of his or her current term, or his or her prior death, resignation or removal. If any newly created directorship may, consistently with the rule that the three classes shall be as nearly equal in number of directors as possible, be allocated to one of two or more classes, the Board shall allocate it to that of the available classes whose term of office is due to expire at the earliest date following such allocation.

Any director may be removed, with cause, by the holders of at least sixty-six and two-thirds percent (66-2/3%) of the shares then entitled to vote for that director by applicable law and the Protective Provisions.⁶

ARTICLE VII

If the General

Corporation Law of the State of Delaware is hereafter amended to authorize, with the approval of a corporation's stockholders, further reductions in the liability of this Corporation's directors for breach of fiduciary duty, then a director of this Corporation shall not be liable for any such breach to the fullest extent permitted by the General Corporation Law of the State of Delaware as so amended.

⁶Amendment to be effected pursuant to Proposal 2D.

Any repeal or modification of any of the foregoing provisions of this Article XI shall not adversely affect any right or protection of a director, officer, agent or other person existing at the time of, or increase the liability of any director of this Corporation with respect to any acts or omissions of such director, officer or agent occurring prior to such repeal or modification.

ARTICLE XII

Notwithstanding the foregoing, the provision set forth in Articles V, VI, IX and this Article XII may not be amended, altered, changed or repealed in any respect unless such repeal or amendment is approved by the affirmative vote of not less than two-thirds percent (66-2/3%) of the total voting power of all outstanding shares of stock in the corporation entitled to vote thereon or two-thirds (2/3) of the "Continuing Directors." "Continuing Directors" shall include (i) those Directors who were members of the Board of Directors on the date of the merger of the corporation's California predecessor with and into the corporation; and (ii) those Directors who were nominated or appointed by a Board of Directors of which a majority of the members were Continuing Directors.⁸

ARTICLE XIII

Section 2. The Corporation may also have offices at such other places both within and without the State of Delaware as the Board of Directors may from time to time determine or the business of the Corporation may require.

ARTICLE II
MEETINGS OF STOCKHOLDERS

Section 1. All meetings of the stockholders for the election of directors shall be held in the City of Canoga Park, State of California, at such place as may be fixed from time to time by the Board of Directors, or at such other place either within or without the State of Delaware as shall be designated from time to time by the Board of Directors and stated in the notice of the meeting. Meetings of stockholders for any other purpose may be held at such time and place, within or without the State of Delaware, as shall be stated in the notice of the meeting or in a duly executed waiver of notice thereof.

Section 2. Annual meetings of stockholders, commencing with the year 1992, shall be held at such date and time as shall be designated from time to time by the Board of Directors and stated in the notice of the meeting, at which they shall elect by a plurality vote a Board of Directors, and transact such other business as may properly be brought before the meeting. Except as may be otherwise required by the Certificate of Incorporation, each director shall be elected by the vote of the majority of the votes cast (meaning the number of shares voted "for" a nominee must exceed the number of shares voted "against" such nominee) at any meeting for the election of directors at which a quorum is present, provided that the directors shall be elected by a plurality of the votes cast (instead of by a majority of votes cast "for" or "against" a nominee) at any meeting at which a quorum is present for which (i) the Corporation is on notice that a stockholder intends to nominate a director or directors and (ii) such proposed nomination has not been withdrawn by such stockholder on or prior to the tenth (10th) day preceding the date the Corporation first mails or delivers by electronic transmission its notice of meeting for such meeting to the stockholders.

Any nominee in an uncontested election who receives a greater number of "against" votes than "for" votes shall promptly tender his or her resignation following certification of the vote. A contested election shall be an election for which (i) the Corporation is on notice that a stockholder intends to nominate a director or directors and (ii) such proposed nomination has not been withdrawn by such stockholder on or prior to the tenth (10th) day preceding the date the Corporation first mails or delivers by electronic transmission its notice of meeting for such meeting to the stockholders. The Nominating and Corporate Governance Committee shall consider the resignation offer and shall recommend to the Board of Directors the action to be taken. Any director whose resignation is under consideration shall not participate in the Nominating and Corporate Governance Committee recommendation regarding whether to accept the resignation. The Board of Directors shall accept such resignation unless it determines that the best interests

of the Corporation and its stockholders would not be served by doing so. If the Board of Directors does not accept the resignation, it will promptly disclose its decision and the reasons therefore, in a Form 8-K furnished to the Securities and Exchange Commission. The Board of Directors shall take action within 90 days following certification of the vote, unless such action would cause the Corporation to fail to comply with any applicable requirement

of national securities exchange or quotation system on which the Corporation's securities are listed or quoted or any rule or regulation promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), in which event the Corporation shall take action as promptly as is practicable while continuing to meet such requirements.

Section 3. Written notice of the annual meeting stating the place, date and hour of the meeting shall be given to each stockholder entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the date of the meeting.

Section 4. The officer who has charge of the stock ledger of the Corporation shall prepare and make, at least ten days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten days prior to the meeting, either (i) at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the place where the meeting is to be held or (ii) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of meeting. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present.

The Corporation may, and shall if required by law, in advance of any meeting of stockholders, appoint one or more inspectors of election to act at the meeting or any adjournment thereof and to make a written report thereof. The Corporation may designate one or more persons as alternate inspectors to replace any inspector who fails to act. In the event that no inspector so appointed or designated is able to act at a meeting of stockholders, the person presiding at the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath to execute faithfully the duties of inspector with strict impartiality and according to the best of his or her ability. The inspector or inspectors so appointed or designated shall have the duties prescribed by law and shall (i) ascertain the number of shares of capital stock of the Corporation outstanding and the voting power of each such share, (ii) determine the shares of capital stock of the Corporation represented at the meeting and the validity of proxies and ballots, (iii) count all votes and ballots, (iv) determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors, (v) certify their determination of the number of shares of capital stock of the Corporation represented at the meeting and such inspectors' count of all votes and ballots, and (vi) do any other acts that may be proper to conduct the election or vote with fairness to all stockholders. Such certification and report shall specify such other information as may be required by law. In determining the validity and counting of proxies and ballots cast at any meeting of stockholders of the Corporation, the inspectors may consider such information as is permitted by applicable law. Unless otherwise required by law, inspectors may be officers, employees or agents of the Corporation. No person who is a candidate for an office at an election may serve as an inspector at such election. Any report or certificate made by the inspectors of election is prima facie evidence of the facts stated therein.

Section 5. Special meetings of the stockholders, for any purpose or purposes, unless otherwise prescribed by statute or by the Certificate of Incorporation, may be called by the president or the Chairman of the Board only at the request in writing of a majority of the Board of Directors, or at the request in writing of stockholders owning at least fifty percent (50%) of the voting power of the entire voting stock of the Corporation issued and outstanding. Such request shall state the purpose or purposes of the proposed meeting.

Section 6. Written notice of a special meeting stating the place, date and hour of the meeting and the purpose or purposes for which the meeting is called, shall be given not less than thirty (30) nor more than sixty (60) days before the date of the meeting, to each stockholder entitled to vote at such meeting.

Section 7. Business transacted at any special meeting of stockholders shall be limited to the purposes stated in the notice.

Section 8. The holders of fifty percent (50%) of the stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the Certificate of Incorporation. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the stockholders entitled to vote thereat, present in person or represented by proxy, shall have power to adjourn the meeting from time to time, without notice other than announcement at the meeting,

B- 2

until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented any business may be transacted which might have been transacted at the meeting as originally notified. If the adjournment is for more than thirty days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

Section 9. When a quorum is present at any meeting, the vote of the holders of a majority of the stock having voting power present in person or represented by proxy shall decide any question brought before such meeting, unless the question is one upon which by express provision of the statutes or of the Certificate of Incorporation, a different vote is required, in which case such express provision shall govern and control the decision of such question.

Section 10. Unless otherwise provided in the Certificate of Incorporation each stockholder shall at every meeting of the stockholders be entitled to one vote in person or by proxy for each share of the capital stock having voting power held by such stockholder, but no proxy shall be voted on after three years from its date, unless the proxy provides for a longer period.

Section 11. Nominations for election to the Board of Directors must be made by the Board of Directors or by any stockholder of any outstanding class of capital stock of the corporation entitled to vote for the election of directors. Nominations, other than those made by the Board of Directors of the corporation, must be preceded by notification in writing in fact received by the Secretary of the corporation not less than thirty (30) days nor more than sixty (60) days prior to any meeting of stockholders called for the election of directors. Such notification shall contain the written consent of each proposed nominee to serve as a director if so elected and the following information as to each proposed nominee and as to each person, acting alone or in conjunction with one or more other persons as a partnership, limited partnership, syndicate or other group, who participates or is expected to participate in making such nomination or in organizing, directing or financing such nomination or solicitation of proxies to vote for the nominee:¹⁰

Section 11.¹¹

To be timely, a stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Corporation not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the later of the 90th day prior to the date of such annual meeting or, if the first public announcement of the date of such annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which public announcement of the date of such meeting is first made by the Corporation. In no event shall any adjournment or postponement of an annual meeting or the announcement thereof commence a new time period for the giving of a stockholder's notice as described above. In addition, to be timely, a stockholder's notice shall further be updated and supplemented, if necessary, so

The presiding officer of the meeting shall have the authority to determine and declare to the meeting that a nomination not preceded by notification made in accordance with the foregoing procedure shall be disregarded.

(B) Notwithstanding anything in the second sentence of paragraph (A) of this Section 11, in the event that the number of directors to be elected to the Board of Directors is increased and there is no public announcement by the Corporation naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this bylaw shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the day on which such public announcement is first made by the Corporation.

(C)

(1) Only such persons who are nominated in accordance with the procedures set forth in this bylaw shall be eligible to serve as directors as shall have been brought before the meeting in accordance with the procedures set forth in this bylaw. Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, the Chairman of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in this bylaw and, if any proposed nomination is not in compliance with this bylaw, to declare that such defective nomination shall be disregarded. Unless otherwise required by law, if the stockholder (or a qualified representative of the stockholder) does not appear at the annual or special meeting of stockholders of the Corporation to make a nomination, such nomination shall be disregarded, notwithstanding that proxies in respect of such vote may have been received by the Corporation. For purposes of this bylaw, to be considered a qualified representative of the

stockholder, a person must be authorized by a writing executed by such stockholder or an electronic transmission delivered by such stockholder to act for such stockholder as proxy at the meeting of stockholders and such person must produce such writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, at the meeting of stockholders.

(2) For purposes of this bylaw, “public announcement” shall mean disclosure in a press release reported by a national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act and the rules and regulations promulgated thereunder.

B- 5

(3) Notwithstanding the foregoing provisions of this bylaw, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in this bylaw; provided, however, that any references in these bylaws to the Exchange Act or the rules promulgated thereunder are not intended to and shall not limit the requirements applicable to nominations pursuant to this Section 11 or proposals as to any other business to be considered pursuant to Section 12. Nothing in this bylaw shall be deemed to affect any rights (i) of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act or (ii) of the holders of any series of Preferred Stock if and to the extent provided for under law, the Certificate of Incorporation or these Bylaws. Subject to Rule 14a-8 under the Exchange Act, nothing in these bylaws shall be construed to permit any stockholder, or give any stockholder the right, to include or have disseminated or described in the Corporation's proxy statement any nomination of director or directors.

(D) To be eligible to be a nominee for election or reelection as a director of the Corporation, upon request of the Corporation, a person must deliver (in accordance with the time periods prescribed for delivery of notice under Section 11 of these bylaws) to the Secretary at the principal executive offices of the Corporation a written questionnaire with respect to the background and qualification of such person and the background of any other person or entity on whose behalf the nomination is being made (which questionnaire shall be provided by the Secretary upon written request) and a written representation and agreement (in the form provided by the Secretary upon written request) that such person (A) is not and will not become a party to (1) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a director of the Corporation, will act or vote on any issue or question (a "Voting Commitment") that has not been disclosed to the Corporation or (2) any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of the Corporation, with such person's fiduciary duties under applicable law, (B) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Corporation with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a director that has not been disclosed therein and (C) in such person's individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, would be in compliance, if elected as a director of the Corporation, and will comply with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines of the Corporation.

Section 12. At any meeting of the stockholders, only such business shall be conducted as shall have been brought before the meeting (a) pursuant to the Corporation's notice of meeting, (b) by or at the direction of the Board of Directors or (c) by any stockholder of the Corporation who is a stockholder of record at the time of giving of the notice provided for in this Bylaw, who shall be entitled to vote at such meeting and who complies with the notice procedures set forth in this Bylaw.

For business to be properly brought before any meeting by a stockholder pursuant to clause (c) of this Section 12, the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Corporation not less than thirty (30) days nor more than sixty (60) days prior to the date of the meeting. A stockholder's notice to the Secretary shall set forth as to each matter the stockholder proposes to bring before the meeting (a) a brief description of the business desired to be brought before the meeting and the reasons for conducting such business at the meeting, (b) the name and address, as they appear on the Corporation's books, of the stockholder proposing such business, and the name and address of the beneficial owner, if any, on whose behalf the proposal is made, (c) the class and number of shares of the Corporation which are owned beneficially and of record by such stockholder of record and by the beneficial owner, if any, on whose behalf of the proposal is made and (d) any material interest of such stockholder of record and the beneficial owner, if any, on whose behalf the proposal is made in such business.

Notwithstanding anything in these Bylaws to the contrary, no business shall be conducted at a meeting except in accordance with the procedures set forth in this Section 12. The presiding officer of the meeting shall, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting and in accordance with the procedures prescribed by this Section 12, and if he or she should so determine, he/she presiding officer shall so declare to the

B- 6

meeting and any such business not properly brought before the meeting shall not be transacted.
