PROXY STATEMENT

The accompanying proxy is being solicited by the Board of Directors of P. H. Glatfelter Company (the Company), 96 South George Street, Suite 500, York, Pennsylvania 17401, in connection with the 2003 annual meeting of shareholders of the Company (the annual meeting or meeting) to be held on Wednesday, April 23, 2003. This proxy statement and the accompanying proxy card are being mailed to the Company's shareholders on or after March 25, 2003.

ABOUT THE MEETING

WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

At the annual meeting, shareholders will act upon the following matters:

- electing three directors of the Company to serve for full three-year terms expiring at the Company's 2006 annual meeting;
- considering a shareholder proposal; and
- transacting any other business that may properly be brought before the meeting.

In addition, the Company's management will report on the Company's business during the year ended December 31, 2002 and respond to questions from shareholders.

WHO IS ENTITLED TO VOTE AT THE MEETING?

Only holders of record of the Company's common stock at the close of business on the record date, February 26, 2003, are entitled to receive notice of and to vote at the meeting. Each holder of the Company's common stock is entitled to one vote per share owned of record on all business presented at the meeting, except that shareholders have cumulative voting rights in electing directors. Cumulative voting means that each shareholder is entitled to as many votes in electing directors as is equal to the number of his or her shares of common stock multiplied by the number of directors to be elected. A shareholder may cast all such votes for a single nominee or may distribute them between two or more nominees as he or she sees fit. The persons named in the accompanying proxy card as proxy holders will vote the shares as designated by the shareholder, including any exercise of cumulative voting rights through the distribution of votes among the nominees as indicated on the proxy card. Absent such designation, the proxy holders will have the right to vote as they see fit, including the right to vote cumulatively.

HOW DO I VOTE?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you specify. If you are a holder of record of the Company's common stock on the record date and attend the meeting, you may deliver your completed proxy card in person or vote in person at the meeting. The votes will be counted by judges of election appointed by the Company.

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

WHAT CONSTITUTES A QUORUM?

A quorum is necessary to permit a particular matter to be considered and acted upon at the meeting. The presence at the meeting, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on a particular matter will constitute a quorum for the purposes of such matter. The Company had 43,692,722 shares of common stock outstanding on the record date.

WHAT VOTE IS REQUIRED TO ELECT A DIRECTOR AND TO APPROVE THE SHAREHOLDER PROPOSAL?

Election of Directors. The three nominees for directors receiving the highest number of votes cast by shareholders will be elected to serve on the Board. Votes withheld with respect to the election of a director will not be voted with respect to such director, although they will be counted in determining whether there is a quorum. Accordingly, votes withheld will have no effect on the result of the vote.

Shareholder Proposal. The approval of the shareholder proposal requires the affirmative vote of the holders of a majority of the shares represented in person or by proxy. Abstentions with respect to the shareholder proposal will be counted as present for purposes of determining whether there is a quorum, but will not be counted as votes cast. Accordingly, an abstention will have the effect of a negative vote. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) with respect to the shareholder proposal will be counted as present for purposes of determining whether there is a quorum but will not be voted. Accordingly, broker non-votes will have no effect on the result of the vote.

HOW DOES DISCRETIONARY VOTING AUTHORITY APPLY?

If you sign and return the accompanying proxy card, but do not make any selections, you give discretionary authority to the persons named as proxy holders in the proxy card. Your shares will then be voted as recommended by the Board of Directors.

WHAT IS THE BOARD'S RECOMMENDATION?

The Board of Directors recommends a vote:

- FOR election of its three nominees for director, George H. Glatfelter II, Ronald J. Naples and Richard L. Smoot, for terms expiring in 2006; and
- AGAINST approval of the shareholder proposal

CAN I CHANGE MY VOTE AFTER I RETURN MY PROXY CARD?

Yes. Even after you have submitted your proxy card, you may change your vote at any time before the proxy is exercised by filing with the Company's Secretary either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders to vote your proxy will be revoked if you attend the meeting in person and request to change your vote, vote in person or revoke your proxy, although attendance at the meeting will not by itself revoke a previously granted proxy.

WHO BEARS THE COST OF SOLICITATION OF PROXIES?

The Company bears the cost of preparing, printing, assembling and mailing

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

this proxy statement and other Board proxy solicitation materials. The Company will also reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to the owners of the Company's common stock. In addition to the solicitation of proxies by mail, some of the officers and other employees of the Company may solicit proxies personally, by telephone and by other means. These persons receive no special compensation for any solicitation activities.

WHEN ARE SHAREHOLDER PROPOSALS DUE FOR INCLUSION IN THE PROXY STATEMENT FOR THE 2004 ANNUAL MEETING?

To be included in the proxy statement for the Company's 2004 annual meeting, shareholder proposals must be submitted in writing to the Company's Secretary no later than November 26, 2003. The Company's Bylaws prescribe the procedures shareholders must follow to bring business before annual meetings. To bring matters before the 2004 annual meeting and to include a matter in the Company's proxy statement and proxy

2

for that meeting, notice must be received by the Company within the time limit described above. Such notice must meet the Company's Bylaw requirements, and otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended. Copies of the Company's Bylaws may be obtained free of charge from the Secretary of the Company.

WHO ARE THE COMPANY'S AUDITORS?

The Audit Committee of the Board of Directors has appointed Deloitte & Touche LLP, independent certified public accountants, to audit the consolidated financial statements of the Company and its consolidated subsidiaries for the year ending December 31, 2003. A representative of Deloitte & Touche is expected to attend the annual meeting, will be given the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate shareholder questions.

WHAT DID THE COMPANY PAY ITS AUDITORS IN 2002?

For the year ended December 31, 2002, the Company paid its principal independent accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates aggregate fees as follows:

ELECTION OF DIRECTORS

Three directors are to be elected at the annual meeting to serve three-year terms expiring on the date of the Company's 2006 annual meeting and until their respective successors are elected and qualified. The Board of Directors proposes

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

that George H. Glatfelter II, Ronald J. Naples, and Richard L. Smoot, all of whom are currently serving as directors of the Company, be elected as directors for terms expiring in 2006. Robert E. Chappell, a current member of the Board of Directors, whose term expires this year, has advised the Company that he will not stand for re-election to the Board of Directors at the annual meeting. The nominees have consented to serve if elected to the Board. If a nominee is unable to serve as a director at the time of the meeting, an event which the Board does not anticipate, the persons named in the accompanying proxy card will vote for such substitute nominee as may be designated by the Board, unless the Board reduces the number of directors accordingly.

BOARD OF DIRECTORS

The following table sets forth information as to the nominees and the other persons who are to continue as directors of the Company after the annual meeting. DIRECTOR COMPENSATION

HOW ARE DIRECTORS COMPENSATED?

Base Compensation. The Company pays non-employee directors an annual retainer fee of \$18,000. The directors receive shares of the Company's common stock in an amount that equals two thirds of this fee, with the balance paid in cash. In addition, the Company pays non-employee directors \$1,500 for attendance at the annual board retreat, \$1,000 for every board meeting attended and \$1,000 for every committee meeting attended. The Company also pays non-employee committee chairpersons an annual committee-related retainer of \$2,500.

Deferred Compensation. Pursuant to the Company's Deferred Compensation Plan for Directors (the plan), every year each director may elect to defer 50%, 75% or 100% of his or her retainer to be earned in that year and following years. For each director who participates in the plan, the Company will credit a deferred fee account with phantom shares of the Company's common stock (stock units) at such time as the retainer would otherwise have been paid. The number of stock units credited to a director's deferred account is the quotient of the amount of the deferred retainer divided by the fair market value of the Company's common stock on such date. Additional stock units are credited to each director's account as of each payment date for dividends on the Company's common stock, based on the number of stock units credited to a director's account on the record date for such dividends. Once a participant in the plan ceases to be a member of the Board of Directors, such participant is entitled to receive an amount in cash equal to the product of the number of stock units credited to his or her deferred account multiplied by the fair market value of the Company's common stock, payable in lump sum or in installments.

Options. Each non-employee director receives, on May 1st of each year, non-qualified stock options to purchase 2,500 shares of common stock of the Company for a purchase price per share equal to the fair market value per share

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

of the common stock of the Company on the date such options are granted. The options vest in full on the first anniversary of the date of the grant and expire on the earlier of the date on which the optionee ceases to be a member of the Board of Directors or ten years from the date of the grant; provided, however, that (i) in the event of the optionee's retirement from the Board, such options, whether or not exercisable on the date of his or her retirement, are exercisable until the first to occur of five years from the date of such retirement or ten years from the date of the grant and (ii) in the event that an optionee ceases to be a member of the Board by reason of death or disability, such options are exercisable until the first to occur of one year from the date of such death or disability or ten years from the date of the grant.

Benefits. Each non-employee director is covered by the Company's directors and officers liability insurance as well as the Company's travel accident insurance.

EMPLOYEE RETIREMENT PLANS

WHAT EMPLOYEE RETIREMENT PLANS HAS THE COMPANY ESTABLISHED?

Pension Plan. Officers and directors who are full-time employees of the Company participate in the P. H. Glatfelter Company Retirement Plan for Salaried Employees (the pension plan). Benefits payable under the pension plan are based upon years of service and average annual compensation for the five consecutive calendar years during the ten years preceding the year of retirement that yield the highest average. Retirement benefits under the pension plan are not subject

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

to any deduction for Social Security benefits. Annual compensation for purposes of the pension plan generally includes salary as listed in the Summary Compensation Table plus bonus listed in the Summary Compensation Table for the prior year. To the extent deferral of an award under the Company's Management Incentive Plan causes a reduction in a participant's pension under the pension plan, a pension supplement (the MIP adjustment supplement) will be paid from the Company's Supplemental Management Pension Plan.

The pension plan has been amended to reflect three voluntary early retirement enhancement programs (the VEREPs) effective in 1998, 1999 and 2000 for certain groups of eligible salaried employees of the Company. Eligible employees who have elected to participate in one of the VEREPs generally receive enhanced benefits under the pension plan based on the addition of five years of credited service and five years of additional age, but not beyond age 65.

Supplemental Executive Retirement Plan. The Company has a Supplemental Executive Retirement Plan (the SERP) consisting of two benefits, either or both of which are available to those management and executive employees who have been selected by the Company's Compensation Committee for participation therein. The first benefit, known as the restoration pension, provides an additional pension benefit based on the participant's pension benefit earned under the terms of the pension plan, which is intended to restore that portion of the pension plan's benefit which cannot be paid from that plan due to legal limitations on the compensation and total benefits payable thereunder. Participants may receive the restoration pension in a single sum or in any form permitted under the pension plan, as elected by the participant at the time he or she first becomes a participant.

The second benefit, known as the FAC pension, pays a monthly pension benefit equal to a designated percentage of the participant's final average compensation (as defined below), offset by the actuarially equivalent value of the participant's benefits under the pension plan and certain Company-sponsored nonqualified defined benefit pension arrangements, including (if applicable) the restoration pension. The designated percentage is 2% multiplied by the participant's years of credited service under the pension plan, but not in excess of 55%. The FAC pension is payable following the participant's retirement at or after age 62 in the form of a joint and 75% survivor annuity with the participant's spouse or, if so requested by the participant and approved by the Company's Compensation Committee, as a single sum. The FAC pension can also be paid on an early retirement basis as early as age 55, but reduced by 2.5% for each year by which the early benefit commencement precedes the participant's attainment of age 62. A survivor benefit is also payable to the participant's surviving spouse if the participant dies before his or her benefit commencement date. Final average compensation means the annualized average of the participant's eligible compensation for the sixty (60) calendar months immediately preceding his or her retirement, which generally means the salary and bonus amounts listed in the Summary Compensation Table.

12

WHAT ARE THE ESTIMATED ANNUAL RETIREMENT BENEFITS OF THE COMPANY'S EXECUTIVES?

The following table shows the estimated annual retirement benefits, payable in the form of a joint and 75% survivor annuity beginning at age 62, to those executives, including Messrs. Glatfelter, Newcomer, Parrini, and Inners, who are eligible for the FAC pension under the SERP. This benefit consists of the sum of the executive's pension plan benefits and the additional amount necessary to yield the benefit calculated under the FAC pension.

 (1) Pension benefit paid as a joint and 75% survivor annuity.

The following executive officers who participate in the pension plan had the indicated credited years of service at December 31, 2002: G. H. Glatfelter II: 26 years; R. P. Newcomer: 30 years; D. C. Parrinni: 5 years; R. L. Inners: 22 years; and G. K. Federer: 2 years.

The foregoing table assumes that the executive is a participant in the FAC pension under the SERP. Of the named executive officers at December 31, 2002, Mr. Federer is not eligible for the FAC pension and therefore is entitled to receive a pension determined under the pension plan, together with, as applicable, the restoration pension and the MIP adjustment supplement.

The accrued annual benefits for Mr. Federer under the pension plan, the restoration pension and the MIP adjustment supplement are \$6,492. These accrued benefits are payable in the form of a single life annuity beginning at age 65.

EMPLOYMENT, TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL AGREEMENTS

WHAT EMPLOYMENT CONTRACTS HAS THE COMPANY ENTERED INTO?

Mr. Federer has executed an employment contract with the Company effective March 1, 2001 and continuing for a term ending on June 30, 2004. Mr. Federer was paid an annual base salary under this agreement of \$199,224. The agreement provided that he would have been paid through the end of the term unless he resigned or was terminated for cause. Mr. Federer resigned effective February 28, 2003.

WHAT CHANGE-IN-CONTROL ARRANGEMENTS HAS THE COMPANY ENTERED INTO?

The Company has entered into change in control employment agreements with each of Messrs. Glatfelter, Newcomer, Parrinni, and Inners. Under the agreements, each executive will become entitled to additional payments and benefits if his employment is terminated under certain conditions within two years following a change in control (as defined in the agreements) of the Company during the term of the

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

agreements. Under the agreements, each executive's employment with the Company will continue for two years from the date of a change in control. During such period, the executive shall continue in the position he held prior to the change in control and shall receive compensation and benefits from the Company at least equal to those paid to him prior to the change in control.

The foregoing agreements provide that if, within two years following a change in control, the executive's employment is terminated by the Company other than for cause, death or disability, or is terminated by the executive for good reason (as defined in the agreements), he will receive his then current base salary through the date of termination, plus a lump sum payment, payable within thirty days after the date of termination, representing certain severance benefits (in lieu of further salary payments and in lieu of any severance benefits otherwise payable by the Company). The severance benefits under the agreements consist of: (i) a prorated bonus for the year in which the date of termination occurs, on the basis of a target bonus under the Management Incentive Plan and a 7.5% of base salary profit-sharing bonus; (ii) an amount equal to two times (three times in the case of Mr. Glatfelter) (a) the executive's base salary (at the highest rate achieved before the date of termination) plus (b) his annual bonus for the last full fiscal year before the date of termination; (iii) continued health, disability and life insurance coverage for two years (three years in the case of Mr. Glatfelter) at substantially similar levels of coverage, or at the Company's option payment to the executive of an amount equal to the Company's cost of providing such benefits; and (iv) full vesting and payout under all deferred compensation plans.

The agreements also provide that if the executive's employment is terminated by the Company for cause, death or disability, or is terminated by the executive (including voluntary retirement) without good reason, in lieu of the severance benefits above, such executive will receive a lump sum cash payment of his then current base salary through the date of termination, together with all compensation and benefits to which he is entitled under the Company's benefit plans for periods preceding the date of termination.

The agreements further provide that if any payment or benefit to an executive, whether pursuant to the agreements or otherwise, is subject to the excise tax imposed by the Internal Revenue Code on "excess parachute payments," then an additional payment will be made to such executive so that the amount he receives on a net basis will be the same amount that he would have received absent the applicability of the excise tax.

COMPENSATION COMMITTEE INTERLOCK AND INSIDER PARTICIPATION

The Compensation Committee currently consists of five members of the Board of Directors: R. E. Chappell (Chairman), N. DeBenedictis, K. Dahlberg, R. J. Naples, and R. L. Smoot. No member of this Committee was at any time during the Company's 2002 fiscal year, or at any other time, an officer or employee of the Company. All members were free of any relationship that, in the opinion of the Board, would interfere with their individual exercise of independent judgement. All members also qualified as "non-employee directors," within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, and "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended.

No executive officer of the Company has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Company's Board of Directors. Mr. Chappell will retire from the Board at the annual meeting. The Board will fill the vacancy created on the Compensation Committee by his retirement, as it deems necessary.

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

Until September 2002, Mr. Smoot was an officer of a banking institution that has a banking relationship with the Company and provides general banking services and credit facilities. See "Certain Relationships and Related Transactions".

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

WHAT ARE THE RESPONSIBILITIES OF THE COMPANY'S COMPENSATION COMMITTEE?

The primary functions of the Compensation Committee are to discharge the Board of Directors' responsibilities relating to compensation of the Company's executives, to review and approve the elements of the Company's executive compensation program and to assess the effectiveness of the program as a whole. In accordance with its written charter, the Compensation Committee's responsibilities include: (i) reviewing annually (A) with the Company's chief executive officer the job performance of the corporate officers and (B) the job performance of the Company's chief executive officer as measured against financial and other objectives and the Company's achievements as compared to certain other companies, (ii) reviewing and establishing the level of salaries and benefits for the chief executive officer and the corporate officers, including but not limited to benefits under the Company's long-term incentive plan, defined benefit and contribution plans and other welfare benefit plans, (iii) reviewing and approving certain participants in, and the operating rules for awards under, the Company's Management Incentive Plan, and (iv) overview and administration of various pension, 401(k) savings and profit sharing plans. The Compensation Committee also performs an annual review of the outside directors' compensation program. The Compensation Committee has the authority to engage independent compensation consultants or legal advisors, as it may deem appropriate in its sole discretion, and to approve related fees and retention terms of such consultants, counsel, or advisors.

The Compensation Committee from time to time reviews the Company's entire executive compensation structure through an examination of compensation information for comparable companies and certain broader-based data, compiled by the Company and by compensation and other consulting firms. The comparable companies are other companies in the paper and packaging industry (both publicly and privately owned) and companies in the materials sector, which on an overall basis are most similar to the Company in relation to size, products and financial and other characteristics. In certain cases comparable companies also include general industry and nondurable manufacturing companies of roughly the same revenue size as the Company. The companies that comprise the Peer Group in the Stock Performance Chart below are the Company's industry-based comparable companies and as such are also included in the list of comparable companies for the comparable review of executive compensation.

WHAT IS THE COMPANY'S PHILOSOPHY REGARDING EXECUTIVE OFFICER COMPENSATION?

The Compensation Committee has generally structured the Company's executive compensation program (i) to be competitive with compensation programs of comparable companies to enable the Company to attract, retain and motivate a highly qualified executive management team, (ii) to provide a significant portion of variable-based compensation that is contingent upon objectively-measured performance to align executive officers' interests with those of the Company's shareholders, and (iii) to include appropriate and flexible design features in such programs which will be responsive to the characteristics of the paper industry and to the changing needs of the Company. The elements of the Company's executive compensation program are salary and

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

annual incentive compensation comprised of management incentive and long-term incentive compensation and other benefits. From time to time the Compensation Committee solicits the advice of compensation and other consulting firms to evaluate the Company's executive compensation program in order to ensure that such program is competitive with compensation programs of comparable companies. In establishing executive compensation for 2002, the Compensation Committee considered a competitive market compensation analysis for all executive officer positions, prepared by the Company's compensation consultant.

WHAT ARE THE COMPONENTS OF EXECUTIVE COMPENSATION?

Base Salary. The Company's policy is to pay competitive salaries at levels which are sufficient to attract and retain high caliber individuals based on the relative value of each position, as measured against

15

comparable companies. The Compensation Committee assigns each executive position a salary, including a midpoint and a range, based on the comparison to competitive market levels for the executive's job function. Salaries and ranges are adjusted by the Compensation Committee periodically on the basis of corporate performance as well as competitive and internal equity considerations.

Generally, executive officer base salaries are reviewed and approved annually in December. The salary for each executive is set by the Compensation Committee after an assessment of his or her individual performance, overall corporate performance as well as competitive and internal equity considerations. The factors that were considered in granting salary increases to executive officers for 2002 were as follows: (i) the base salaries for most executives were below the midpoint of their respective salary ranges and below the median base salaries for positions of similar scope and responsibility at comparable companies, (ii) the objective of moving base salaries to the midpoint of salary ranges within a reasonable period of time, and (iii) the Compensation Committee's assessment of certain senior executive officers' performance as reported by the chief executive officer.

Profit Sharing Plan. The Company has established a profit sharing plan, which covers all of its domestic salaried employees. This plan is intended to incent participants to enhance Company performance by offering them a shared interest in profits each year, up to a maximum of 15% of base salary.

To establish financial targets for payment of profit sharing awards for 2002, the Compensation Committee established separate profit centers for the Company's global operations and for each of the domestic facilities. The Company's senior executives were participants in the global profit center in 2002. The operating rules established by the Compensation Committee for profit sharing in 2002 provide for awards of up to 15% of base salary depending on the percentage return on shareholders' equity for the operations included in the global profit center or, in the case of the domestic facilities' profit centers, on the individual facility financial performance for the year.

The 2002 financial performance of the Company's global profit center resulted in profit sharing awards of less than half of the maximum award attainable under this plan. Effective January 1, 2003, the Company's senior executives will no longer participate in the Company's Profit Sharing Plan.

Management Incentive Plan. The Compensation Committee establishes additional incentive bonus opportunities under its Management Incentive Plan, which are designed to encourage greater efforts on the part of key salaried employees to increase the profits of the Company. The incentive bonus opportunities potentially represent a significant portion of total compensation and are intended to correlate with the financial and other performance of the

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

Company. The underlying objectives of the Company's Management Incentive Plan are to assure that incentive bonus awards are at risk annually, to reward senior executives and key management personnel on the basis of corporate financial and other results and to provide an incentive bonus award that is similar to that of comparable companies.

To establish financial targets for payment of incentive awards for 2002, the Compensation Committee established separate profit centers for the Company's global operations, each of its domestic facilities and its Gernsbach facility. The Company's senior executives were participants in the global profit center in 2002. Under the operating rules established by the Compensation Committee for the Management Incentive Plan for 2002, the incentive bonus awards for all profit centers were based on the following weighted factors: (a) return on capital employed, (b) achievements related to the implementation of the Company's Enterprise Resource Planning System, known as the IMPACT project, and (c) the achievement of certain individually established key performance metrics. The Company's senior executives were assigned key performance metrics related to earnings per share, cash flow, revenue growth and environmental and safety performance.

The Compensation Committee established annual maximum, target and minimum financial objectives to be achieved for each component of the Management Incentive Plan. When establishing the return on capital employed objectives, the Compensation Committee linked the objectives to the Company's 2002 budget.

16

When establishing the specific measurements under the Company's IMPACT project, the Compensation Committee considered whether the key elements designed to accomplish a successful implementation of the Enterprise Resource Planning System under the IMPACT project were completed as planned. When establishing the achievement of certain individually established performance metrics, the Compensation Committee considered, among others, cash flow, operating profit and revenue growth for individual products and the accomplishment of certain environmental and safety goals.

This methodology is intended to induce management to enhance the profitability of the Company, and therefore to provide value to the shareholders of the Company. The Compensation Committee believes that executive officers should not receive any incentive bonus if the Company does not achieve annually established minimum financial objectives. If the minimum financial objectives of the individual components are achieved, the incentive award for an executive officer is the sum of the percentages derived from each of the components of the Management Incentive Plan multiplied by the midpoint of the salary range for such executive.

For purposes of the Management Incentive Plan, the performance of the global profit center for 2002 was modestly less than the target objectives but above the minimum objectives established by the Compensation Committee. Although the Company's financial performance in 2002 was below budget, the incentive bonus payments for Messrs. Parrini and Federer were slightly higher in 2002 than in 2001. This is due to the fact that Messrs. Parrini and Federer achieved higher results relative to their individually established key performance metrics in 2002 compared to 2001. In the case of Mr. Parrini, it is also due to the fact that effective January 1, 2002, he was promoted, causing his incentive bonus for 2002 to be based on a salary with a higher salary range midpoint than for 2001.

Long-Term Incentive Compensation. The Company's Long-Term Incentive Plan enables the Company to offer key employees equity interests in the Company and other incentive awards, including performance-based stock incentives. Certain

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

features of the plan (i.e., stock options, performance shares, performance units and restricted stock) are similar to long-term incentives offered by many of the comparable companies. The primary purposes of the plan are to (i) attract, retain, motivate and reward key employees, (ii) provide target long-term incentive award opportunities which are competitive with comparable companies, (iii) assure that the awards issued pursuant to the plan reflect the cyclical and long-term nature of the paper industry, (iv) enable senior executives to acquire appropriate levels of equity interest in the Company in order to increase the alignment of their interests with those of shareholders and (v) otherwise strengthen the mutuality of interests between key employees and the Company's shareholders.

In December 1998, the Compensation Committee adopted a long-term incentive program under which it made awards of restricted stock in combination with grants of stock options. These grants and awards were made effective the day of the December Compensation Committee meeting. Stock options have an exercise price equal to the fair market value of the Company's common stock at the time of the grant and generally become exercisable in annual 25% increments commencing one year after the date of grant. Contingent awards of restricted stock are generally made on the first day of a four-year vesting period. At the end of the four-year vesting period, the payout of restricted stock earned is based upon the achievement of a threshold earnings level established by the Compensation Committee at the date of the award. If the threshold earnings level is not attained, no payment is made. Payouts of earned restricted stock are made at the discretion of the Committee in cash or in common stock of the Company at the end of the four-year vesting period. The four-year vesting period for restricted stock granted in 1998 under the long-term incentive program ended on December 31, 2002.

In December 2002, the Compensation Committee introduced a performance-cash component to the existing long-term incentive program based on the recommendations of an executive compensation consulting firm. The payout of the performance-cash component is contingent upon the achievement of a level of total shareholder return at the end of the three year vesting period as determined by the Compensation Committee at the date of the grant. Accordingly, the Compensation Committee made a combination of performance-cash

17

and stock option grants and restricted stock awards to the Company's senior executives. The value of the stock option grants and restricted stock awards made in December 2002 was based on a percentage of the midpoint of the salary range for each executive. The stock options that were granted on December 17, 2002 had terms and conditions similar to previous grants of stock options, with the exception that they are subject to a three year vesting period and are exercisable with respect to 33 1/3% of the total number of shares subject to option in each year beginning on January 1, 2004. Upon retirement, the grantees may exercise these options until the first to occur of three years from the date of such retirement or the expiration of the option's exercise period. The restricted stock awards made in December 2002, unlike the restricted stock awards made in December 2000 and December 2001, are subject to the continued service of the executive for three years, except in cases of death, disability or retirement, and are contingent upon the achievement of a level of total shareholder return at the end of the three year vesting period as determined by the Compensation Committee at the date of the grant.

HOW IS THE COMPANY ADDRESSING INTERNAL REVENUE CODE LIMITS ON DEDUCTIBILITY OF COMPENSATION?

The Compensation Committee intends that awards made under the Long-Term Incentive Plan and the Management Incentive Plan will qualify as

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

performance-based compensation that will be deductible for federal income tax purposes under Section 162(m) of the Internal Revenue Code.

HOW IS THE COMPANY'S CHIEF EXECUTIVE OFFICER COMPENSATED?

The base salary of George H. Glatfelter II, Chairman and Chief Executive Officer of the Company, was increased by 4.0% effective January 1, 2002, consistent with the goal of aligning his base salary to competitive market levels. In approving this increase the Compensation Committee also considered Mr. Glatfelter's continuing contributions to the Company's long-term business strategy and his role in guiding the Company as its chief executive during 2001, a period in which the Company's business and the paper industry in general continued to experience significant challenges.

Mr. Glatfelter's annual management incentive bonus award for 2002 was less than in 2001 reflecting the fact that the performance of the Company's global profit center for 2002 with respect to the various elements of the Management Incentive Plan was slightly less than the respective target objectives established by the Compensation Committee.

The Compensation Committee also granted Mr. Glatfelter a combination of performance-cash and nonqualified stock options as well as an award of restricted stock under the Long-Term Incentive Plan effective December 17, 2002 with a total target value intended to approximate 120% of the midpoint of the salary range for Mr. Glatfelter's salary. The payout of the performance cash and the award of restricted stock are subject to the achievement of a level of total shareholder return at the end of the three year vesting period. The Compensation Committee believes that this form of stock and cash compensation more closely aligns Mr. Glatfelter's interests with those of the shareholders of the Company.

SHAREHOLDER PROPOSAL

The Company has been notified that the following shareholder intends to present the proposal set forth below for consideration at the annual meeting.

Mr. Nick Rossi, having an address at P.O. Box 249, Boonville, California 95415, beneficial owner of 600 shares of common stock, through his proxy Mr. John Chevedden, has proposed that the shareholders vote on the following

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

recommendation:

"SHAREHOLDER VOTE ON POISON PILLS

THIS TOPIC WON AN AVERAGE 60%-YES VOTE AT 50 COMPANIES IN 2002

This is to recommend that the Board of Directors redeem any poison pill previously issued (if applicable) and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote."

Mr. Rossi, through his proxy Mr. John Chevedden, has furnished the following statement in support of his recommendation:

"HARVARD REPORT

A 2001 Harvard Business School study found that good corporate governance (which took into account whether a company has a poison pill) was positively and significantly related to company value. This study, conducted with the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 companies and company performance from 1990 to 1999.

Some believe that a company with good governance will perform better over time, leading to a higher stock price. Others see good governance as a means of reducing risk, as they believe it decreases the likelihood of bad things happening to a company.

Since the 1980's Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies that have approved poison pills, Wall Street Journal, June 12, 2002.

COUNCIL OF INSTITUTIONAL INVESTORS RECOMMENDATION

The Council of Institutional Investors www.cji.org an organization of 120 pension funds, which invests \$1.5 trillion, called for shareholder approval of poison pills. In recent years, various companies have been willing to redeem existing poison pills or seek shareholder approval for their poison pill. This includes Columbia/HCA, McDermott International and Bausch & Lomb. I believe that our company should follow suit and allow shareholder participation.

SHAREHOLDER VOTE ON POISON PILLS YES"

WHAT IS THE BOARD'S RESPONSE TO THIS PROPOSAL?

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS:

The Board of Directors believes that this proposal is neither necessary nor appropriate. The Company does not have a shareholder rights plan, sometimes referred to as a "poison pill." Moreover, there is no present plan to adopt such a shareholder rights plan

Under certain circumstances, however, the use of a shareholder rights plan could be deemed necessary and proper in order to protect the interests of all of the Company's shareholders. By requiring shareholders to vote on the adoption of such a plan, the Board of Directors could be impeded in its ability to implement such a

plan, even if circumstances indicate that it would be in the best interests of

Edgar Filing: GLATFELTER P H CO - Form DEF 14A

the Company's shareholders to do so without further delay, especially in the face of unfair and abusive takeover tactics. A shareholder rights plan enhances the ability of the Board to negotiate with potential acquirers and discourages coercive or low-ball takeover tactics that would operate to the detriment of the Company's shareholders. The Board of Directors believes that good corporate governance policy should be employed for the benefit of all of the Company's shareholders and to the extent that the shareholder proposal described above would, if adopted, restrict the Board in its determination of corporate governance issues such as the adoption of a shareholder rights plan, the Board of Directors could be impaired in exercising its fiduciary duties to maximize shareholder value for the benefit of all of the Company's shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THE ADOPTION OF THIS SHAREHOLDER PROPOSAL AND YOUR PROXY WILL BE SO VOTED IF THE PROPOSAL IS PRESENTED, UNLESS YOU SPECIFY OTHERWISE.

OTHER BUSINESS

As of the date of this proxy statement, the Board of Directors knows of no business that will be presented for consideration at the annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by shareholders, the persons named in the accompanying proxy will have discretionary authority to vote proxies with respect to such matter in accordance with their best judgment.
