Explanation of Responses:

(1) The reporting person (along with his spouse) entered into a "zero-cost collar" arrangement pursuant to which he wrote a covered call option and purchased a put option. Only one of the options can be in the money on the expiration date, at which time the in-the-money option will be exercised (and settled for cash), and the other option will expire. If neither option is in the money on the expiration date, both options will expire.
