**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)**

**Note 1.**

**Basis of Presentation**

The condensed consolidated financial statements include the results of Wausau Paper Corp. and our consolidated subsidiaries. All significant intercompany transactions have been eliminated. The accompanying condensed financial statements, in the opinion of management, reflect all adjustments, which are normal, and recurring in nature and which are necessary for a fair statement of the results for the periods presented. Results for the interim period are not necessarily indicative of future results. In all regards, the financial statements have been presented in accordance with accounting principles generally accepted in the United States of America. Refer to notes to consolidated financial statements, which appear in the Annual Report on Form 10-K for the year ended December 31, 2009, for our accounting policies and other disclosures, which are pertinent to these statements.

**Note 2.**

**Restructuring**

In March 2009, we announced plans to permanently shut down all operations at our Paper segment's mill in Jay, Maine. The shutdown of the mill was completed in May 2009. The cost of sales in the Condensed Consolidated Statements of Operations for the three months ended March 31, 2009, includes \$3.3 million in pre-tax charges for accelerated depreciation on assets and other associated closure costs. Pre-tax restructuring expense, as reflected in the Condensed Consolidated Statements of Operations, includes \$0.5 million related primarily to severance and benefit continuation costs. No closure charges have been incurred or are expected to be incurred during 2010.

In December 2008, we announced plans to permanently close our Paper segment's converting operations at our Appleton, Wisconsin facility. The closure of the Appleton, Wisconsin facility was completed in December 2009. The cost of sales, as reflected in the Condensed Consolidated Statements of Operations, includes \$0.4 million in pre-tax charges for related closure costs for the three months ended March 31, 2009. Restructuring expense in the Condensed Consolidated Statements of Operations for the three months ended March 31, 2009, includes \$0.2 million in pre-tax charges related to severance and benefit continuation costs. No closure charges have been incurred or are expected to be incurred during 2010.

**Note 3.**

**Alternative Fuel Mixture Credits**

During 2009, the Internal Revenue Code provided for a tax credit for the use of qualified alternative fuel mixtures in a taxpayer's trade or business. The credit expired on December 31, 2009. We began mixing black liquor and diesel fuel in February 2009 and filed an application to be registered as an alternative fuel mixer with the Internal Revenue Service ( IRS ) in March 2009. In May 2009, our Paper segment's mill in Mosinee, Wisconsin, was approved by the IRS as a producer and consumer of a qualified alternative fuel mixture which is used as a fuel source to generate energy in the Mosinee mill. At December 31, 2009, there were \$3.0 million in alternative fuel mixture tax credits included in receivables, net, on the Condensed

Consolidated Balance Sheets. All of the refunds were collected during the three months ended March 31, 2010.

**Note 4.**

**Income Taxes**

During the three months ended March 31, 2010, we have recorded an additional provision for deferred income taxes of \$1.2 million related to the passage of the Patient Protection and Affordable Care and Health Care and Education Reconciliation Acts of March 2010. The passage of these Acts eliminated the income tax deduction for retiree health care costs beginning 2013 equal to the federal subsidies received for providing retiree prescription drug benefits.

**Note 5.**

**Earnings Per Share**

The following table reconciles basic weighted average outstanding shares to diluted weighted average outstanding shares:

(all amounts in thousands, except per share data)	Three Months Ended March 31,	
	2010	2009
Net earnings (loss)	\$ 2,915	\$ (1,353)
Basic weighted average common shares outstanding	48,951	48,810
Dilutive securities:		
Stock compensation plans	277	
Diluted weighted average common shares outstanding	49,228	48,810
Net earnings (loss) per share:		
Basic	\$ 0.06	\$ (0.03)
Diluted	\$ 0.06	\$ (0.03)

Stock options for which the exercise price exceeds the average market price over the applicable period have an antidilutive effect on EPS, and accordingly, are excluded from the calculation of diluted EPS. For the three months ended March 31, 2010, stock-based grants for 1,649,763 shares were excluded from the diluted EPS calculation because the shares were antidilutive. Due to the net loss reported in the three months ended March 31, 2009, stock-based grants for 2,600,540 shares were considered to be antidilutive.

**Note 6.****Receivables**

Accounts receivable consisted of the following:

(all dollar amounts in thousands)	<b>March 31, 2010</b>	December 31, 2009
Trade	\$ 98,515	\$ 91,333

Less: LIFO reserve	(49,671)	(47,701)
	<b>\$ 102,415</b>	\$ 90,004

**Note 8.****Property, Plant, and Equipment**

The accumulated depreciation on fixed assets was \$715.3 million as of March 31, 2010, and \$705.7 million as of December 31, 2009. The provision for depreciation, amortization, and depletion was \$14.0 million and \$15.6 million for the three months ended March 31, 2010 and 2009, respectively.

**Note 9.****Debt**

A summary of total debt is as follows:

(all dollar amounts in thousands)	<b>March 31, 2010</b>	December 31, 2009
Unsecured private placement notes	<b>\$ 35,000</b>	\$ 35,000
Industrial development bonds	<b>19,000</b>	19,000

Commercial paper placement agreement	<b>41,569</b>	30,514
Note payable		127
Subtotal	<b>130,569</b>	117,641
Premium on unsecured private placement notes	<b>301</b>	355
Total debt	<b>130,870</b>	117,996
Less: current maturities of long-term debt		(52)
Total long-term debt	<b>\$130,870</b>	\$117,944

We are subject to certain financial and other covenants under the revolving-credit and unsecured private placement note agreements. At March 31, 2010, we were in compliance with all required covenants and expect to remain in full compliance throughout the remainder of 2010.

At March 31, 2010, the amount of commercial paper outstanding has been classified as long-term on our Condensed Consolidated Balance Sheets as we have the ability and intent to refinance the obligations under our revolving-credit agreement.

On March 31, 2010, we entered into a note purchase and private-shelf agreement. This agreement provides for the April 9, 2010 issuance of \$50 million of unsecured senior notes having an interest rate of 5.69 percent, and also establishes a three-year private shelf facility under which up to \$125 million of additional promissory notes may be issued at terms agreed upon by the parties at the time of issuance. No amounts were outstanding under the note purchase and private-shelf agreement at March 31, 2010.

**Note 10.****Pension and Other Post-retirement Benefit Plans**

The components of net periodic benefit costs recognized in the Condensed Consolidated Statements of Operations for the three months ended March 31, 2010 and 2009, are as follows:

	Pension Benefits		Other Post-retirement Benefits	
	2010	2009	2010	2009
Service cost	\$ 1,389	\$ 1,401	\$ 366	\$ 362
Interest cost	3,061	3,108	1,207	1,145
Expected return on plan assets	(3,740)	(3,757)		
Amortization of:				
Prior service cost (benefit)	447	499	(862)	(873)
Actuarial loss	642	295	596	453
Settlements		207		
Net periodic benefit cost	\$ 1,799	\$ 1,753	\$ 1,307	\$ 1,087

We previously disclosed in our consolidated financial statements for the year ended December 31, 2009, that although we do not have a minimum funding requirement for defined benefit pension plans in 2010, we may elect to make contributions of up to \$14.0 million directly to pension plans. As of March 31, 2010, we have made payments of approximately \$1.2 million to our pension plans. In addition, as previously reported, we expect to contribute \$4.7 million directly to other post-retirement plans in 2010. As of March 31, 2010, we have contributed approximately \$1.3 million to our other post-retirement plans.

**Note 11.****Share-Based Compensation**

We have adopted the provisions of FASB ASC Subtopic 718-10, which requires that certain share-based compensation awards be remeasured at their fair value at each interim reporting period until final settlement.

***Stock Options, Restricted Stock Awards, and Performance Units***

During the three months ended March 31, 2010 and March 31, 2009, share-based compensation expense related to fixed option grants, restricted stock awards, and performance unit awards was approximately \$1.0 million and \$1.3 million, respectively. We recognize compensation expense on grants of stock options, restricted stock, and performance unit share-based compensation awards on a straight-line basis over the requisite service period of each award. Forfeiture rates are estimated based upon our historical experience for each grant type. As of March 31, 2010, total unrecognized compensation cost related to share-based compensation awards was approximately \$2.8 million, net of estimated forfeitures, which we expect to recognize over a weighted average period of approximately 0.9 years.

During the three months ended March 31, 2010, we granted 380,000 fixed stock options with an average exercise price of \$11.62. Also, as a component of the director compensation policy, we awarded 15,437 performance units during the first quarter of 2010.

On an annual basis, we generally grant performance unit awards as part of a performance-based compensation award to certain employees of Wausau Paper. The vesting of these performance-based awards is subject to (1) achieving certain operating profit levels and (2) completion of a service requirement. During the first quarter of 2010, we granted 181,830 performance unit awards as part of a performance-based compensation award for the year ended December 31, 2010.

In addition, during the first quarter of 2010, we granted 59,572 performance unit awards as part of a retention-based compensation award to certain employees of Wausau Paper. The vesting of these performance unit awards is subject to the completion of a service requirement. Compensation expense is recognized for these awards on a straight-line basis over the requisite service period of each award.

#### ***Stock Appreciation Rights and Dividend Equivalents***

Share-based compensation provisions or credits related to stock appreciation rights and dividend equivalents are determined based upon a remeasurement to their fair value at each interim reporting period in accordance with the provisions of ASC Subtopic 718-10. During the three months ended March 31, 2010 and 2009, we recognized credits of approximately \$0.3 million and \$0.9 million, respectively, in share-based compensation related to stock appreciation rights and dividend equivalents.

#### **Note 12.**

#### **Interim Segment Information**

##### ***Factors Used to Identify Reportable Segments***

In September 2009, we announced plans to consolidate our Specialty Products and Printing & Writing businesses into a single strategic operating unit. The consolidation was effective on January 1, 2010, and did not impact the organization of the Tissue business segment. We have evaluated our disclosures of our business segments in accordance with ASC Subtopic 280-10, and as a result we have classified our operations into two principal reportable segments: Paper and Tissue, each providing different products. Separate management of each segment is required because each business unit is subject to different marketing, production, and technology strategies.

***Products from which Revenue is Derived***

The Paper segment produces specialty and fine printing and writing papers within five core markets – Food, Tape, Print & Color, Liner, and Industrial. These products are produced at manufacturing facilities located in Brainerd, Minnesota, and in Rhinelander, Mosinee, and Brokaw, Wisconsin. The Tissue segment produces a complete line of towel and tissue products that are marketed along with soap and dispensing systems for the away-from-home market. Tissue operates a paper mill in Middletown, Ohio, and a converting facility in Harrodsburg, Kentucky.

***Reconciliations***

The following are reconciliations to corresponding totals in the accompanying condensed consolidated financial statements. The reconciliations for 2009 have been restated to display the information in accordance with the segment structure that became effective January 1, 2010.

**Item 2.****Management's Discussion and Analysis of Financial Condition and Results of Operations****Critical Accounting Policies and Estimates**

The condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America which require us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the condensed consolidated financial statements and revenues and expenses during the periods reported. Actual results could differ from those estimates. Please refer to the notes to the financial statements, which appear in the Annual Report on Form 10-K for the year ended December 31, 2009, for our accounting policies and other disclosures which are pertinent to these statements.

**Operations Review***Overview*

<b>Consolidated</b> (all dollar amounts in thousands, except tons sold and per share data)	Three Months Ended	
	March 31,	
	<b>2010</b>	2009
Net sales	<b>\$ 255,862</b>	\$ 238,771
Tons sold	<b>168,218</b>	154,691
Net earnings (loss)	<b>\$ 2,915</b>	\$ (1,353)
Net earnings (loss) per share - basic and diluted	<b>\$ 0.06</b>	\$ (0.03)

For the first quarter of 2010, we reported net earnings of \$2.9 million, or \$0.06 per share, compared to a prior year net loss of \$1.4 million, or \$0.03 per share. Net sales and product shipments both increased in the three months ended March 31, 2010, as compared to the same period in 2009 due to demand improvement in most market categories.

Net earnings during the first quarter of 2010 were impacted by income tax charges of \$1.2 million, or \$0.02 per share, related to the passage of the Patient Protection and Affordable Care and Health Care and Education Reconciliation Acts of March 2010, which eliminated the income tax deduction for federal subsidies received for providing retiree prescription drug benefits. For additional information on income taxes, please refer to Note 4 Income Taxes in the

Notes to Condensed Consolidated Financial Statements. The net loss for the first quarter of 2009 included after-tax facility closure charges of \$2.8 million, or \$0.06 per share, primarily related to the closure of a paper mill in Jay, Maine, and a converting facility in Appleton, Wisconsin; and after-tax charges of \$1.9 million, or \$0.04 per share, related to the rebuild of a towel machine at the Middletown, Ohio, mill and the start-up of a distribution center in Bedford Park, Illinois. For additional information on the facility closures, please refer to Note 2 Restructuring in the Notes to Condensed Consolidated Financial Statements.

In September 2009, we announced plans to consolidate our Specialty Products and Printing & Writing businesses into a single strategic operating unit. The consolidation was effective on January 1, 2010, and did not impact the organization of the Tissue segment. The January 1, 2010

consolidation of our Printing & Writing and Specialty Product business units was the final step in a multi-year restructuring initiative which included the closure of several manufacturing facilities, consolidation of converting and distribution activities, and the sale of non-core manufacturing businesses. We have evaluated our disclosures of our business segments in accordance with ASC Subtopic 280-10, and as a result we have classified our operations into two principal reportable segments: Paper and Tissue. The segment information for 2009 has been restated to display the information in accordance with the segment structure that became effective January 1, 2010.

*Net Sales and Gross Profit on Sales*

<b>Consolidated</b> (all dollar amounts in thousands, except tons sold)	Three Months Ended	
	2010	March 31, 2009
Net sales	\$ 255,862	\$ 238,771
Tons sold	168,218	154,691
Gross profit on sales	\$ 26,984	\$ 20,248
Gross profit margin	11%	8%

Consolidated net sales and shipments increased 7% and 9%, respectively, during the first quarter of 2010 as compared to the first quarter of 2009, due to modest demand improvement in many market categories. During the same comparative periods, average net selling price decreased 1%, or approximately \$1 million.

Gross profit for the three months ended March 31, 2010, was \$27.0 million compared to \$20.2 million for the three months ended March 31, 2009. Gross profit margins in the first quarter of 2009 were negatively impacted by pre-tax facility closure charges of approximately \$3.7 million primarily related to the shutdown of the Jay, Maine mill and the closure of the Appleton, Wisconsin converting facility. There were no facility closure charges incurred during the first quarter of 2010. For additional information on the facility closures, refer to Note 2 Restructuring in the Notes to Condensed Consolidated Financial Statements. Year-over-year, sales volume and mix improvements, as well as energy price declines of \$1.6 million, offset fiber cost increases of \$12.0 million, contributing to gross profit margin improvement.

<b>Consolidated Order Backlogs</b>	March 31,

Paper	47,100	22,700

Tissue	<b>3,700</b>	2,400
	<b>50,800</b>	25,100

Backlog tons at March 31, 2010, represent \$82.2 million in sales compared to \$35.8 million in sales at March 31, 2009. The entire backlog at March 31, 2010, is expected to be shipped during the remainder of 2010.

Paper's first quarter 2010 net sales increased 7% and product shipments increased 9% as compared to the same period in 2009. In the first quarter of 2010 as compared to the first quarter of 2009, the Paper segment's average net selling price decreased approximately 1%, or \$1 million. Operating loss in the first quarter of 2009 included pre-tax charges of approximately \$5.1 million related to facility closure and restructuring charges, as well as expenses associated with the start-up of a new distribution center. In addition, the Paper segment's financial performance in the first three months of 2010 as compared to the same period in 2009 was impacted by substantially higher fiber costs.

Gross profit margin for the Paper segment was 7% in the first quarter of 2010 compared to 5% in the first quarter of 2009. Gross profit margins in the first quarter of 2009 were negatively impacted by pre-tax facility closure charges of approximately \$4.3 million, or 2 percentage points, primarily related to the shutdown of the Jay, Maine mill and the closure of the Appleton, Wisconsin converting facility. For detailed information regarding facility closures, please see Note 2 Restructuring in the Notes to Condensed Consolidated Financial Statements. In addition, we executed downtime equivalent to approximately 10 percent of production capacity during the first quarter of 2009 due to market-related weakness. There was no market-related downtime or facility closure charges incurred during the first quarter of 2010. Gross profit margins for the three months ended March 31, 2010 compared to the three months ended March 31, 2009, were favorably impacted by a decline in energy prices, as well as sales volume and mix improvements, which were able to offset increases in fiber and other manufacturing related costs.

During the first quarter of 2010, the Board of Directors approved a \$27 million capital project to rebuild a paper machine in Brainerd, Minnesota, to add tape-backing paper production capabilities. The rebuild is scheduled for completion in the first quarter of 2011, and will provide capabilities to produce a wide range of unsaturated tape-backing paper while retaining the flexibility to produce premium printing and writing products. This capital investment is expected to improve the overall cost-efficiency and manufacturing flexibility of the Paper segment's operations.

**Tissue**

(all dollar amounts in thousands, except tons sold)	Three Months Ended March 31,	
	2010	2009
Net sales	\$ 79,867	\$ 73,777
Operating profit	\$ 11,070	\$ 7,280
Tons sold	41,768	38,995
Gross profit on sales	\$ 16,446	\$ 12,457
Gross profit margin	21%	17%

Tissue's net sales and product shipments increased 8% and 7%, respectively, in the first quarter of 2010 compared to the same period in the prior year. Average net selling price increased approximately 2%, or \$1 million, in the first quarter of 2010 over the first quarter of 2009. The Tissue segment's financial performance, as indicated by improved operating profit, remained strong during the first quarter of 2010, despite flat demand in the away-from-home towel and tissue market. Gross profit margin for Tissue in the first quarter of 2010 increased compared to the first quarter of 2009. During the three months ended March 31, 2009, gross profit margin was unfavorably impacted by approximately \$2.5 million, or 3 percentage points, due to one-time costs incurred as a result of the towel machine rebuild at the Middletown, Ohio mill. During the first quarter of 2010 as compared to the same period in 2009, increased average net selling prices and a decline in the cost of purchased towel and tissue parent rolls were able to more than offset increases in the prices of wastepaper. We continue to focus our efforts on our value-added product lines, such as our Green Seal™-certified products, to improve our competitive strength and operating margins.

*Selling and Administrative Expenses*

(all dollar amounts in thousands)	Three Months Ended March 31,	
	2010	2009
Selling and administrative expense	\$ 19,173	\$ 19,031
Percent increase (decrease)	1%	(9%)
As a percent of net sales	7%	8%

Selling and administrative expenses in the first quarter of 2010 were \$19.2 million compared to \$19.0 million in the same period of 2009. Stock-based incentive compensation programs resulted in expense of \$0.2 million during the first quarter of 2010 compared to a credit of \$0.7 million during the first quarter of 2009. After adjusting for stock-based incentive compensation programs, the majority of the quarter-over-quarter decrease in selling and administrative expense was primarily a result of decreased wages and benefits over the same comparative periods.

*Other Income and Expense*

(all dollar amounts in thousands)	Three Months Ended March 31,	
	2010	2009
Interest expense	\$ 1,301	\$ 2,659
Other income, net	128	66

Interest expense in the first quarter of 2010 was \$1.3 million compared to interest expense of \$2.7 million in the first quarter of 2009. The decline in interest expense is due to a significant reduction in average debt balances outstanding during the respective periods combined with a lower average interest rate on debt. Total debt was \$130.9 million and \$216.2 million at March 31, 2010 and 2009, respectively. Total debt at December 31, 2009, was \$118.0 million.

Interest expense during the remainder of 2010 is expected to continue to be lower than 2009 levels.

*Income Taxes*

(all dollar amounts in thousands)	Three Months Ended March 31,	
	2010	2009
Provision (credit) for income taxes	\$ 3,723	\$ (812)
Effective tax rate	56.1%	37.5%

During the three months ended March 31, 2010, we have recorded an additional provision for deferred income taxes of \$1.2 million related to the passage of the Patient Protection and Affordable Care and Health Care and Education Reconciliation Acts of March 2010. The passage of these Acts eliminated the income tax deduction for retiree health care costs beginning in 2013 equal to the federal subsidies received for providing retiree prescription drug benefits.

The passage of these acts increased the effective tax rate for the first quarter of 2010 by approximately 18.1%. The effective tax rate for the remainder of 2010 is expected to be 38.0%.

**Liquidity and Capital Resources**

*Cash Flows and Capital Expenditures*

(all dollar amounts in thousands)	Three Months Ended March 31,	
	2010	2009
Net cash (used in) provided by operating activities	\$ (7,373)	\$ 7,489
Capital expenditures	6,152	20,813

Comparing the first three months of 2010 with the same period in 2009, cash (used in) provided by operating activities decreased reflecting higher cash earnings that were more than offset by an increase in working capital.

Capital spending for the first three months of 2010 was \$6.2 million compared to \$20.8 million during the first three months of 2009. The decrease in capital expenditures in the first quarter of 2010 as compared to the same period in 2009 is due to the \$32.5 million towel machine rebuild in our Tissue segment and \$15 million fiber handling project in our Paper segment that were either completed or in process during the first quarter of 2009. Total capital spending for the full-year of 2010 is expected to be approximately \$36 million.

During 2005, we announced our intent to sell approximately 42,000 acres of timberlands, at values expected to result in an after-tax gain of \$29 million. Since introducing the timberland sales program, we have sold approximately 30,000 acres and have realized after-tax earnings of approximately \$23.8 million. During each of the first quarters of 2010 and 2009, we sold approximately 80 acres of timberlands, resulting in after-tax gains of less than \$0.1 million. A total of approximately 12,000 acres remains in the timberland sales program and we expect to sell these timberlands over the next two years. We have not committed to implement additional timberland sales programs in the future.

#### *Debt and Equity*

(all dollar amounts in thousands)	<b>March 31, 2010</b>	December 31, 2009
Current maturities of long-term debt	\$	\$ 52
Long-term debt	<b>130,870</b>	117,944
Total debt	<b>130,870</b>	117,996
Stockholders' equity	<b>230,110</b>	225,422
Total capitalization	<b>360,980</b>	343,418
Total debt/capitalization ratio	<b>36%</b>	34%

As of March 31, 2010, total debt increased \$12.9 million from the \$118.0 million borrowed at December 31, 2009.

The increase in debt in the first quarter of 2010 is due, in part, to seasonal variation in working capital levels.

Overall, we generally experience lower sales in the first quarter, in comparison to the rest of the year, primarily due to reduced business activity for many customers following the year-end holiday season.

We are subject to certain financial and other covenants under our revolving-credit and unsecured private placement note agreements. At March 31, 2010, we were in compliance with all required covenants and expect to remain in full compliance throughout the remainder of 2010.

At March 31, 2010, the amount of commercial paper outstanding has been classified as long-term on our Condensed

Consolidated Balance Sheets as we have the ability and intent to refinance the obligations under our revolving-credit agreement.

On March 31, 2010, we entered into a note purchase and private-shelf agreement. This agreement provides for the April 9, 2010 issuance of \$50 million of unsecured senior notes having an interest rate of 5.69 percent, and also establishes a three-year private shelf facility under which up to \$125 million of additional promissory notes may be issued at terms agreed upon by the parties at the time of issuance. The proceeds from the April 9, 2010 issuance of unsecured senior notes were used to pay down revolving debt and prepare us to meet future debt

obligations. No amounts were outstanding under the note purchase and private-shelf agreement at March 31, 2010.

At December 31, 2009, there were approximately 2.0 million shares available for repurchase through an authorization approved by our Board of Directors in 2008. There were no repurchases during the first quarter of 2010. Repurchases may be made from time to time in the open market or through privately negotiated transactions. We do not intend to repurchase shares in the near future.

### *Dividends*

On March 31, 2009, we announced the suspension of cash dividends. There were no cash dividends declared on our common stock during the first quarter of 2010 or 2009.

### **Information Concerning Forward-Looking Statements**

The foregoing discussion and analysis of our financial condition and results of operations contains forward-looking statements that involve risks, uncertainties, and assumptions. Forward-looking statements are not guarantees of performance. If the risks or uncertainties ever materialize or the assumptions prove incorrect, the results of Wausau Paper and our consolidated subsidiaries may differ materially from those expressed or implied by such forward-looking statements and assumptions. All statements other than statements of historical fact are statements that could be deemed forward-looking statements. Forward-looking statements may be identified by, among other things, beliefs or expectations that certain events may occur or are anticipated and projections or statements of expectations with respect to various aspects of our business, our plans or intentions, our stock performance, the industry within which we operate, the markets in which we compete, the economy, and any other expressions of similar import or covering other matters relating to our business and operations. Risks, uncertainties, and assumptions relating to our forward-looking statements include the level of competition for our products, changes in the paper industry, downturns in our target markets, changes in the price or availability of raw materials and energy, the failure to develop new products that meet customer needs, adverse changes in our relationships with large customers and our labor unions, costs of compliance with environmental regulations, our ability to fund our operations, unforeseen operating problems, changes in strategic plans or our ability to execute such plans, maintenance of adequate internal controls, changes in financial accounting standards, unforeseen liabilities arising from current or prospective claims, and the effect of certain organizational anti-takeover provisions. These and other risks, uncertainties, and assumptions are described under the caption **Risk Factors** in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2009, and from time to time in our other filings with the Securities and Exchange Commission after the date of such annual report. We assume no obligation, and do not intend, to update these forward-looking statements.

**Quantitative and Qualitative Disclosures About Market Risk**

There has been no material change in the information provided in response to Item 7A of our Form 10-K for the year ended December 31, 2009.

**Item 4.**

**Controls and Procedures**

As of the end of the period covered by this report, management, under the supervision, and with the participation, of our President and Chief Executive Officer and the Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rule 13a-15(e)) under the Securities and Exchange Act of 1934, as amended (the Exchange Act ) pursuant to Exchange Act Rule 13a-15. Based upon, and as of the date of such evaluation, the President and Chief Executive Officer and the Chief Financial Officer concluded that our disclosure controls and procedures were effective. There were no changes in our internal control over financial reporting (as such term is defined in Exchange Act Rule 13a-15(f)) during the fiscal quarter covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**
