## **INFORMATION TO BE INCLUDED IN THE REPORT**

### **Section 1 Registrant's Business And Operations**

#### **Item 1.01**

##### **Entry into a Material Definitive Agreement**

The Company entered into a new senior credit facility on June 23, 2010. See Item 2.03, the text of which is incorporated by reference.

### **Section 2 Financial Information**

#### **Item 2.03**

##### **Creation of a Direct Financial Obligation or an Obligation under an Off Balance Sheet Arrangement of a Registrant**

##### **Credit Facility**

On June 23, 2010, the Company entered into a new senior credit facility to provide an unsecured \$125 million facility that will expire on June 23, 2014. This new senior credit facility replaced a previously-existing credit facility that was due to expire on July 27, 2011. The Credit Agreement documenting the new senior credit facility was entered into between the Company and the following lenders: Bank of America, N.A., M&I Marshall & Ilsley Bank, Wells Fargo Bank National Association, Northwest Farm Credit Services, PCA, and 1<sup>st</sup> Farm Credit Services.

Under the terms of the Credit Agreement, the Company will pay an annual facility fee (initially .425%) and interest on borrowed funds that is generally based on the Eurodollar rate then in effect plus a stated margin (initially 1.950%).

With respect to each loan advance, the interest rate and facility fees will be determined by the Company's

consolidated leverage ratio (i.e., consolidated indebtedness to consolidated capitalization).

The Credit Agreement also requires the Company to maintain a consolidated leverage ratio of not more than 55%, except in certain circumstances when the Company or one of its subsidiaries acquires a business and is in compliance with certain debt-to-EBITDDA ratio requirements. In addition, the Credit Agreement requires that the Company maintain a consolidated interest coverage ratio (EBITDDA to interest expense) of not less than 3 to 1 and a consolidated net worth of \$215 million (as increased by 25% of net quarterly income and proceeds from equity sales).

The Credit Agreement contains representations and warranties, covenants, and provisions for default customary for facilities of this nature for customers of the banks having similar creditworthiness, and it provides for the acceleration of the maturity of any loans, at the option of the lenders, upon a change in control of the company, as defined in the agreement.
