Guaranteed Senior Notes due 2018 (the **2018 Notes**) and \$1,000,000,000 7.175 per cent. Guaranteed Senior Notes due 2019, in each case issued by Telecom Capital S.A. The Tender Offer is being made on the terms and subject to the conditions set out in the offer to purchase dated July 7, 2015 (the **Offer to Purchase**), the related Letter of Transmittal and the Notice of Guaranteed Delivery prepared in connection with the Tender Offer, and is subject to the offer and distribution restrictions set out below. The following table sets forth certain information relating to pricing for the Tender Offer.

Rationale and Background for the Tender Offer

The Tender Offer is being made as part of the Company's liability management and is aimed at optimising its cost of debt and, furthermore, providing liquidity to those Holders whose Notes are accepted in the Tender Offer.

Concurrently with the Tender Offer, the Company is inviting qualifying holders of certain other Euro denominated securities issued by it to tender such securities for purchase by the Company for cash, subject to a maximum aggregate nominal amount of securities repurchased equal to EUR 1,500,000,000 less the Euro equivalent of the aggregate nominal amount repurchased in relation to the Notes accepted for purchase pursuant to the Tender Offer described herein. Such invitations are only open to any holder of such securities that can make certain representations, including that it is not located in the United States and it is not participating from the United States or it is acting on a non-discretionary basis for a principal that is located outside the United States and that is not giving an order to participate from the United States. Holders that hold any such securities that cannot make the required representations may not offer to sell them pursuant to such invitation or tender any securities thereby.

Details of the Tender Offer

Upon the terms and subject to the conditions of the Tender Offer, all Notes validly tendered and not validly withdrawn at or prior to the Expiration Time will be accepted for purchase. The Company reserves the right to terminate or withdraw the Tender Offer, subject to applicable law. In the event of a termination or withdrawal of the Tender Offer, Notes tendered and not accepted for purchase pursuant to the tender offer will be promptly returned to the tendering holders.

Holders who wish to be eligible to receive the Purchase Price (as defined below) must validly tender and not validly withdraw their Notes at any time at or prior to the Expiration Time.

For Notes validly tendered and not validly withdrawn prior to the Expiration Time and accepted for purchase, the purchase price per \$1,000 principal amount of the Notes (the **Purchase Price**) relating to each series of Notes will be a price (calculated in accordance with standard market practice) determined as described in this Offer to Purchase by reference to a yield to maturity equal to the sum of (i) the yield to maturity for the United States Treasury (**UST**) Reference Security specified in the table above for each series of Notes, calculated based on the bid-side price of such UST Reference Security for such series of Notes as of 11:00 a.m., New York City time, on Wednesday, July 15, 2015, plus (ii) the Fixed Spread specified for such series of Notes in the table above.

In addition, holders whose Notes are purchased in the tender offer will be paid accrued and unpaid interest on their purchased Notes from the last interest payment date up to, but not including, the payment date for such purchased Notes. Upon the terms and subject to the conditions of the tender offer, the settlement of the Tender Offer will occur promptly after the Expiration Time (such settlement is expected to be Monday, July 20, 2015).

The Tender Offer is subject to the satisfaction or waiver of certain conditions, as specified in the Offer to Purchase.
