The Retirement Committee
Armstrong World Industries, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. as of September 30, 2000 and 1999 and the related statements of changes in net assets available for benefits for each of the years in the two-year period ended September 30, 2000. These financial statements are the responsibility of the plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. as of September 30, 2000 and 1999 and the changes in net assets available for benefits for each of the years in the two-year period ended September 30, 2000, in conformity with accounting principles generally accepted in the United States of America.

RETIREMENT SAVINGS PLAN FOR HOURLY-PAID EMPLOYEES
OF ARMSTRONG WORLD INDUSTRIES, INC.

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates recorded. Certain prior year amounts have been reclassified to conform to the current presentation.

(b) Investments in Master Trust

The money market portfolio is stated at cost, which approximates fair value. The interest income fund is comprised of guaranteed interest rate contracts within the Master Trust which are fully benefit responsive; and therefore are reflected at contract value plus credited interest in the financial statements. The value of the participant loans represents the unpaid principal of employee loans. The value of all other investments is based on quoted market price.

Securities transactions are recognized on the settlement date (the date on which payment for a buy or sell order is made or received), since adjustment to a trade-date basis would not be material. Dividend income is recorded on the ex-dividend date.

Realized gains and losses on investments are determined by the average cost method.

(c) Expenses

All legal, accounting and administrative expenses associated with Plan operations are paid by Armstrong World Industries, Inc. ("Armstrong")

(2) Plan Description

The Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. ("the Plan") is a defined contribution plan established for the purpose of providing eligible hourly-paid employees a means for long-term savings intended for the accumulation of retirement income in addition to that provided under other retirement plans maintained for the benefit of employees.

Separate balances are maintained for contributions made by or on behalf of a participant. The balances in each fund reflect the participants' contributions together with dividends, interest, other income, and realized and unrealized gains and losses allocated thereon.

Each participant may have up to five accounts that make up the participant's total balance:

Sheltered account - Participants may contribute from 1% to 15% of

before-tax compensation as deferred compensation, as permitted under Section 401(k) of the Internal Revenue Code.

Standard account - Participants may contribute from 1% to 10% of

after-tax compensation.

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

Notes to Financial Statements, (Continued)

Rollover account - Participants may invest any untaxed amounts rolled

over from another tax-qualified, employer-sponsored plan.

Tax-deductible account (MIRA) - This account holds any contributions

made to the Plan before January 1, 1987. No new contributions can be made to this account.

Old Match account - This account holds any amount contributed by

Armstrong before matching contributions were discontinued. No new contributions are being made to this account.

Participants have an immediate 100 percent vested interest with respect to their contributions and are fully vested with regard to any previously made matching Armstrong contributions.

(3) Investments in Master Trust -----

Assets are held in a Master Trust administered by Fidelity Management Trust Co., as Trustee, and are segregated into fourteen investment options. The Plan participates in fourteen investment alternatives.

The following is a brief description of the investment funds to which Plan participants may elect to allocate their contributions. Participants should refer to fund prospectuses for more complete information regarding the investment funds.

(4) Benefits

Under terms of the Plan, a participant (or a beneficiary) is eligible for benefits upon retirement, termination of employment, or death before retirement. Disbursement of the total amount credited to a participant's account is payable (i) in a lump sum or (ii) in the case of retirement, in such other manner as requested by the participant and approved by the Plan Administrator.

In addition, an active employee may elect to withdraw all or any part of his account attributable to after-tax contributions. Before reaching age 59 1/2, an active employee may withdraw his pretax contributions from the Sheltered Account, provided he can demonstrate financial hardship. Such employee shall be ineligible to make contributions for a 12-month period. An active employee may elect to withdraw all or any portion of his account balance in the Tax-Deductible (MIRA) and Rollover Accounts.

Under the rules of the Plan, the participant may borrow up to the lesser of 50% of his balance or \$50,000. The money borrowed must come from the Sheltered, Rollover, or Standard Accounts. The amount of the loan is transferred to a Loan Reserve pledged as security for the loan and is evidenced by a promissory note payable to the Plan. Interest rates are determined periodically by the Retirement Committee in accordance with prevailing interest rates. The loans are reflected in the Loan Portfolio investment fund. Loan repayments are made by payroll deductions or in a

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

manner agreed to by the employee and the Plan Administrator.

(5) Obligation for Benefits

All the funds of the Plan are held by investing institutions appointed by Armstrong under a trust agreement or investment contract. Benefits under the Plan are payable only out of these funds. Armstrong has no legal obligation to make any direct payment of benefits accrued under the Plan.

Except as may be provided in an investment contract, neither Armstrong nor any investing institution guarantees the funds of the Plan against any loss or depreciation or guarantees the payment of any benefit hereunder. Although Armstrong has not expressed any intent to terminate the Plan, it may do so at any time. In case of termination or partial termination, the total amount in each employee's account will be distributed as the Plan Administrator directs.

11

Eligible participants who leave Armstrong and are later reemployed can resume participation in the Plan on the date of rehire.

(7) Federal Income Taxes

By a letter dated February 13, 1996, the Internal Revenue Service has determined and informed Armstrong that the Plan qualifies under the applicable provisions of the Internal Revenue Code and is therefore exempt from federal income taxes.

(8) Master Trust Agreement

Effective October 1, 1990, the Plan established a Master Trust Agreement with Fidelity Management Trust Company.
