Operating results for the three month and six month period ended June 30, 2004, are not necessarily indicative of the results that may be expected for the year ended December 31, 2004. #### 2. Net Income (Loss) Per Share

The computation of basic earnings (loss) per share is based upon the weighted average number of shares of common stock outstanding during the period. The computation of diluted earnings per share includes the dilutive effects of common stock equivalents of options and warrants.

#### 3. Stock Based Compensation

In December 2002, the FASB issued SFAS No. 148 "Accounting for Stock Based Compensation- Transition and Disclosure". SFAS No. 148 provides alternative methods of transitions to SFAS No 123's fair value method of accounting for stock based employee compensation, but does not require companies to use fair value method. It also amends the disclosure provisions of SFAS No. 123 and APB No.25 to require, in the summary of significant policies, the effect of an entity's accounting policy with respect to stock based employee compensation on reported net income and earnings per share in annual and interim financial statements. The provision of this statement is effective for fiscal years ending after December 15, 2002, and interim reporting periods beginning after December 15, 2002. Accordingly, the fair value of all options granted on and after January 1, 2003 is to be charged against income over the vesting period. For the six months ended June 30, 2004, the Company charged \$18,707 of options granted subsequent to January 1, 2003 against 2004 earnings. Those issued prior to adoption are accounted for under the intrinsic value method in accordance with APB No. 25. The Company adopted the perspective method as permitted by SFAS No. 148 on January 1, 2003.

Based upon the fair value method to measure compensation expense, the Company's proforma effects for the three and six months ended June 30, 2004 and 2003 is as follows:

### Critical Accounting Policies

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Results of Operations

#### Six Months Ended June 30, 2004 and June 30, 2003

Sales - Sales for the six months ended June 30, 2004 were \$12,191,983 representing an increase of \$4,965,562 or 69% as compared to \$7,226,421 for the six months ended June 30, 2003. This sales increase is believed to be due to improved general economic conditions and an enhanced emphasis on security. The Airorlite acquisition accounted for an increase in the Company's sales of \$523,386. Each of the Company's four regions experienced significant sales growth during the six months ended June 30, 2004 as compared to the June 30, 2003 period. The Company backlog as of June 30, 2004 is \$22,500,000, representing a historical high for the Company.

Cost of Sales - Cost of sales for the six months ended June 30, 2004 was \$9,384,475 as compared to \$5,604,699 for the six months ended June 30, 2003. The gross profit margin for the six months ended June 30, 2004 was 23.0% as compared to 22.4% for the six months ended June 30, 2003. The improved gross profit percentage is due to higher margins reported in Arizona and New Jersey and the addition of the higher margin Airorlite sales. This was partially offset by decreased margins in California due to higher labor costs to complete projects on the West coast.

Selling, General and Administrative Expenses - Selling, general and administrative expenses was \$3,026,223 for the six months ended June 30, 2004 as

## Edgar Filing: DIVERSIFIED SECURITY SOLUTIONS INC - Form 10QSB

compared to \$4,385,578 for the six months ended June 30, 2003. This decrease of 31.0% or \$1,359,355 was primarily attributed to savings from employee reductions, salary reductions for key employees, employee benefit reductions (health insurance, 401k, etc) and the implementation of other general cost reductions during the six months of 2004.

Interest Income - Interest income for the six months ended June 30, 2004 was \$3,404 as compared to \$6,733 for six months ended June 30, 2003. This decrease of \$3,329 was due to having less cash to invest and lower interest rates.

Interest Expense - Interest expense for the six months ended June 30, 2004 was \$49,019 as compared to \$51,114 for the six months ended June 30, 2003. The decrease of \$2,095 and is due to having a lower average debt balance for the six months ended June 30, 2004 of \$2,076,333 versus \$2,325,650 for the three months ended June 30, 2003.

### Three Months Ended June 30, 2004 and June 30, 2003

Sales - Sales for the three months ended June 30, 2004 were \$6,524,490 representing an increase of \$3,003,772 or 85.3% as compared to \$3,520,718 for the three months ended June 30, 2003. The Airorlite acquisition accounted for an increase in sales of \$523,386. Each of the Company's four regions experienced significant sales growth during the three months ended June 30, 2004 as compared to the June 30, 2003 period due to would what is believed to be improving economic conditions and increased emphasis on security.

Cost of Sales - Cost of sales for the three months ended June 30, 2004 was \$4,995,689 as compared to \$2,950,163 for the three months ended June 30, 2003. The gross profit margin for the three months ended June 30, 2004 was 23.4% as compared to 16.2% for the three months ended June 30, 2003. We attribute this 7.2% increase in the gross profit margin to improved cost control

9

in all of the Company's regions and the addition of the Airorlite sales, which have a higher gross profit percentage.

Selling, General and Administrative Expenses - Selling, general and administrative expenses was \$1,599,389 for the three months ended June 30, 2004 as compared to \$2,212,438 for the three months ended June 30, 2003. This decrease of 27.7% or \$613,049 was primarily attributed to savings from head count reductions, salary reductions for key employees, selective payroll reductions (health insurance, 401k, etc) and the implementation of other general cost reductions for the three months ended June 2004.

Interest Income - Interest income for the three months ended June 30, 2004 was \$1,879 as compared to \$1,193 for three months ended June 30, 2003. This was an increase of \$686.

Interest Expense - Interest expense for the three months ended June 30, 2004 was \$24,211 as compared to \$24,391 for the three months ended June 30, 2003. The average debt balance for the three Months ended June 30, 2004 was \$2,192,489 as compared to \$2,222,355 for the three months ended June 30, 2003.

## Edgar Filing: DIVERSIFIED SECURITY SOLUTIONS INC - Form 10QSB

Liquidity and Capital Resources - As of June 30, 2004, we had cash and cash equivalents \$1,571,691. We have a loan facility of \$4,500,000 with Hudson United Bank ("HUB") and have certain debt maturing from November 2004 through May 2005. The Company's outstanding loan balance with Hudson United Bank was \$2,042,628 (\$1,975,215 was current portion) and approximately \$2,186,575 was available under HUB credit facility as of June 30, 2004. Our working capital was \$6,522,308 as of June 30, 2004. The Company was in violation of various loan covenants within its debt agreement with HUB as of June 30, 2004. HUB waived these covenants.

During the six months ended June 30, 2004, net cash provided by operating activities was \$216,552. We purchased property and equipment of \$49,053. In addition, due to positive cash flows from operations, the Company was to pay HUB more than the required minimum payments of its credit facility of \$320,148. The total debt service payments were \$49,562 for the six months ended June 30, 2004.

Our working capital requirements have grown and as a result, our cash and cash equivalents have significantly decreased over the last few years. On July 28, 2004, the Company completed a \$3,300,000 private placement of its common stock to certain qualified institutional investors, which netted the Company approximately \$3,000,000 after expenses. (See Note 6 for additional details). We believe that our current cash and available lines of credit should be sufficient to meet our capital requirements for the next twelve months. However, we may seek additional equity and or debt financing as our operations continue to grow.

### Item 3. Controls and Procedures

The Company's executive management, including the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, conducted an evaluation as of the end of the period covered by this report, of the effectiveness of the Company's disclosure controls and procedures as defined in Exchange Act Rule 13a-15(e).
