ING Groep N.V.

% ING Perpetual Debt Securities

We are issuing \$ _____ aggregate principal amount of % ING Perpetual Debt Securities, which will be issued pursuant to a subordinated indenture between us and The Bank of New York, as trustee.

The ING Perpetual Debt Securities will bear interest at a rate of % per annum on their outstanding principal amount, payable in U.S. dollars quarterly in arrears on _____, _____, and _____, commencing on _____, 2003. We refer to these dates as interest payment dates. You will receive interest payments on your ING Perpetual Debt Securities only in cash. As more fully described in this prospectus supplement, except in limited circumstances, we may defer interest payments for any period of time; provided, however, that such deferred payments will become immediately due and payable if we make any payment on, or repurchase or redeem, our Junior Securities or Parity Securities (each as defined herein). Although you will always receive cash in satisfaction of any payments, we may, in certain circumstances, elect and, in the case of deferred payments, be required to satisfy our obligation to make such payments in cash by issuing our Ordinary Shares, which, when sold, will provide a sufficient amount of cash necessary to make all such payments. We refer to this as the Alternative Interest Satisfaction Mechanism. When we refer to Ordinary Shares, we mean our ordinary shares, or bearer receipts in respect thereof.

ING Perpetual Debt Securities are perpetual securities that have no fixed maturity or redemption date. However, at our option, we may redeem the ING Perpetual Debt Securities in whole (but not in part) at their aggregate principal amount of \$ _____, together with any Outstanding Payments (as defined herein), on _____ or any interest payment date thereafter, and upon the occurrence of certain tax and regulatory events described in this prospectus supplement under "Description of the ING Perpetual Debt Securities."

We have applied to list the ING Perpetual Debt Securities on the New York Stock Exchange under the symbol "_____." Trading of the ING Perpetual Debt Securities is expected to begin within 30 days after the initial delivery of the ING Perpetual Debt Securities.

You should read the entire accompanying prospectus and prospectus supplement, including the financial statements and related notes incorporated by reference herein, before making an investment decision. Terms which are defined in "Description of the ING Perpetual Debt Securities" or in the accompanying prospectus have the same meaning when used herein.

Securities Offered.....	% ING Perpetual Debt Securities, in an aggregate principal amount of \$. The ING Perpetual Debt Securities will be issued under our subordinated indenture, as supplemented by a second supplemental indenture, between us and The Bank of New York, as trustee, and will constitute a series of our subordinated debt securities as described in this prospectus supplement and the accompanying prospectus.
Interest.....	The ING Perpetual Debt Securities will bear interest at a rate of % per annum, payable quarterly in arrears in equal payments for any

Edgar Filing: ING GROEP NV - Form 424B5

full Interest Period.

Interest Payment Dates..... Subject as described below, interest payments on the ING Perpetual Debt Securities will be payable quarterly on _____, _____ and _____ of each year, commencing on _____, 2003. We refer to these dates as interest payment dates.

Regular Record Dates..... The regular record dates for each interest payment date will be _____, _____ and _____, respectively.

Redemption..... The ING Perpetual Debt Securities are perpetual securities and have no fixed maturity date or redemption date. The ING Perpetual Debt Securities are redeemable at our option, in whole, but not in part, at their aggregate principal amount, together with any outstanding payments, on _____, which we refer to as the First Call Date, or any interest payment date thereafter. The ING Perpetual Debt Securities are also subject to redemption upon the occurrence of a Tax Event or a Regulatory Event, each as described in this prospectus supplement under "Description of the ING Perpetual Debt Securities -- Optional Redemption and Redemption upon Certain Events."

Subordination..... The ING Perpetual Debt Securities are our direct, unsecured and subordinated securities. The rights and claims of the holders of the ING Perpetual Debt Securities are subordinated to the claims of holders of our Senior Debt. Our Senior Debt means:

- all claims of our unsubordinated creditors;
- S-1
- all claims of creditors whose claims are, or are expressed to be, subordinated only to the claims of our unsubordinated creditors (whether only in the event of our bankruptcy or otherwise); and
 - all claims of all of our other creditors, except those whose claims are, or are expressed to rank, pari passu with, or junior to, the claims of holders of the ING Perpetual Debt Securities.

Upon our liquidation (upon dissolution or otherwise), you will be treated effectively from a financial point of view as if you were a holder of our most senior class or classes of preference shares. As a result, your claims would effectively from a financial point of view rank pari passu with such preference shares and any other Parity Securities or

Edgar Filing: ING GROEP NV - Form 424B5

Parity Guarantees, and junior to our Senior Debt. When we refer to Parity Securities, we mean our most senior class of preference shares or any of our other securities which effectively from a financial point of view

- are similar to the most senior class of our preference shares:

- with respect to distributions on a return of assets upon our liquidation; or

- with respect to dividends or distribution of payments or other amounts thereunder; and

- rank pari passu with the ING Perpetual Debt Securities with respect to such distributions or payments.

When we refer to Parity Guarantees, we mean any guarantees, indemnities or other contractual support arrangements we enter into with respect to securities issued by any of our subsidiaries or Undertakings which effectively from a financial point of view

- are similar to the most senior class of our preference shares:

- with respect to distributions on a return of assets upon our liquidation; or

- with respect to dividends or distribution of payments or other amounts thereunder; and

- rank pari passu with the ING Perpetual Debt Securities with respect to such distributions or payments.

Optional Deferral of Payments.....

Subject to the payment restriction described below, we may elect to defer any payment (other than principal) on the ING Perpetual Debt Securities for any period of time. However, if we make this election, the deferred payment will bear interest at a rate of %.

Required Deferral of Payments.....

We will not make interest payments on the ING Perpetual Debt Securities if, following payment of the interest, we would not be solvent. Payments that are not made will be treated as deferred interest. Interest will not accrue on interest payments we are required to defer.

Dividend Stopper.....

As long as there is deferred interest outstanding and any payment is so deferred, we may not recommend to our shareholders and, to the fullest extent permitted by law, we will

otherwise act to prevent, any action that would constitute a Mandatory Payment Event or Mandatory Partial Payment Event, each as described in this prospectus supplement under "Description of the ING Perpetual Debt Securities -- Dividend Stopper; Mandatory Interest Payment."

Mandatory Payment Events;
Mandatory Partial Payment
Events.....

Notwithstanding the payment restrictions described above, if a Mandatory Payment Event or a Mandatory Partial Payment Event occurs, interest and deferred interest will be mandatorily due and payable, including any additional amounts due, as described herein under the heading "Description of the ING Perpetual Debt Securities -- Dividend Stopper; Mandatory Interest Payment." We refer to these payments as Mandatory Interest Payments.

A Mandatory Payment Event occurs if:

- we declare, pay or distribute a dividend or make a payment (other than a dividend in the form of Ordinary Shares) on any of our Junior Securities or make a payment on a Junior Guarantee;
- any of our subsidiaries or any entity in which we have a direct or indirect financial, commercial or contractual majority interest, declares, pays or distributes a dividend on any security issued by it benefitting from a Junior Guarantee or makes a payment (other than a dividend in the form of Ordinary Shares) on any security issued by it benefitting from a Junior Guarantee;
- we or any of our subsidiaries or Undertakings redeems, purchases or otherwise acquires for any consideration any of our Junior Securities, any Parity Securities or any securities issued by any of our subsidiaries or Undertakings benefitting from a Junior Guarantee or Parity Guarantee, other than:
 - by conversion into or in exchange for our Ordinary Shares;
 - in connection with transactions effected by or for the account of our customers or customers of any of our subsidiaries or in connection with distribution, trading or market-making activities in respect of those securities;
 - in connection with our satisfaction of our,

Edgar Filing: ING GROEP NV - Form 424B5

or the satisfaction by any of our subsidiaries of its, obligations under any employee benefit plans or similar arrangements with or for the benefit of employees, officers, directors or consultants;

- as a result of a reclassification of us or any of our subsidiaries or the exchange or conversion of one class or series of capital stock for another class or series of capital stock; or
- the purchase of the fractional interests in shares of our capital stock or the capital stock of any of our subsidiaries pursuant to the conversion or exchange provisions of that capital stock (or the security being converted or exchanged); or

S-3

- any moneys are paid to or made available for a sinking fund or for redemption of any Junior Securities, Parity Securities or any securities issued by any of our subsidiaries or Undertakings benefitting from a Junior Guarantee or Parity Guarantee.

A Mandatory Partial Payment Event occurs if:

- we declare, pay or distribute a dividend or make a payment on any of our Parity Securities or make any payment on any of our Parity Guarantees; or
- any of our subsidiaries or Undertakings declares, pays or distributes a dividend on any security issued by it benefitting from a Parity Guarantee or makes a payment on any security issued by it benefitting from a Parity Guarantee.

Alternative Interest

Satisfaction Mechanism.....

If we have deferred an interest payment, we must, or if we so elect at any time we may, satisfy our obligation to make any payment to you on the ING Perpetual Debt Securities by issuing Ordinary Shares in such amount that, when the Ordinary Shares are sold, will provide enough cash for us to make full payments to you on the ING Perpetual Debt Securities in respect of the relevant payment. The Calculation Agent will calculate in advance the number of our Ordinary Shares that we must issue to raise the full amount of money due to you on the relevant payment date. You will receive payments on the ING Perpetual Debt Securities only in cash, never in Ordinary Shares.

Sufficiency and Availability

Edgar Filing: ING GROEP NV - Form 424B5

of Ordinary Shares..... We are required to keep available for issue enough Ordinary Shares as we reasonably consider would be required for issuance in order to satisfy the next four interest payments using the Alternative Interest Satisfaction Mechanism.

Market Disruption Event..... If, in our opinion, a Market Disruption Event exists on or after the 15th business day preceding any date upon which we are due to satisfy a payment using the Alternative Interest Satisfaction Mechanism, we may delay making payment to you until the Market Disruption Event no longer exists. Any such deferred payment shall bear interest at the Interest Rate if the Market Disruption Event continues for 14 days or more beyond the interest payment date.

Market Disruption Event means:

- the occurrence or existence of any suspension of, or limitation imposed on, trading by reason of movements in price exceeding limits permitted by Euronext Amsterdam N.V. or on settlement procedures for transactions in the Ordinary Shares on Euronext Amsterdam N.V. if, in any such case, that suspension or limitation is, in the determination of the Calculation Agent, material in the context of the sale of the Ordinary Shares;
- in our opinion, there has been a substantial deterioration in the price and/or value of the Ordinary Shares, or circumstances

S-4

are such as to prevent or, to a material extent, restrict the issue or delivery of the Ordinary Shares; or

- where, pursuant to the terms of the Indenture, moneys are required to be converted from one currency into another currency in respect of any payment, the occurrence of any event that makes it impracticable to effect such conversion.

Additional Amounts..... We will pay additional amounts to you to gross up interest payments upon the imposition of Dutch withholding tax, subject to customary exceptions.

Early Redemption for Tax Event..... Upon the occurrence of certain changes in the treatment of the ING Perpetual Debt Securities for taxation purposes (e.g., loss of deductibility to us or payments becoming subject to withholding tax), we may redeem the ING Perpetual Debt Securities in whole, but not

Edgar Filing: ING GROEP NV - Form 424B5

in part, on the next interest payment date, including before or after the First Call Date, at their aggregate principal amount, together with any Outstanding Payments.

Early Redemption for
Regulatory Event.....

If we become subject to capital adequacy regulations and if the relevant regulator has determined that securities of the nature of the ING Perpetual Debt Securities can no longer qualify as Tier 1 Capital (or instruments of a similar nature which qualify as core capital) for the purposes of such capital adequacy regulations, then we may redeem the ING Perpetual Debt Securities at any time, including prior to the First Call Date, in whole, but not in part, at their aggregate principal amount together with any Outstanding Payments.

Book-entry System; Delivery
and Form.....

We will issue the ING Perpetual Debt Securities only in fully registered form, without coupons, in the form of beneficial interests in one or more global securities. The ING Perpetual Debt Securities will be issued only in denominations of US\$25, and integral multiples thereof. We will issue the ING Perpetual Debt Securities as global securities registered in the name of Cede & Co., as nominee for The Depository Trust Company, which we refer to as DTC.

The ING Perpetual Debt Securities will be accepted for clearance by DTC, Euroclear, and Clearstream, Luxembourg. The initial distribution of the ING Perpetual Debt Securities will be cleared through DTC only. Beneficial interests in the global ING Perpetual Debt Securities will be shown on, and transfers thereof will be effected only through, the book-entry records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream. Owners of beneficial interests in the ING Perpetual Debt Securities will receive all payments relating to their ING Perpetual Debt Securities in U.S. dollars.

The ING Perpetual Debt Securities will not be issued in definitive form, except under certain limited circumstances described herein. See "Description of the ING Perpetual Debt Securities -- Book-entry System; Delivery and Form."

S-5

Remedy for Non-payment.....

If any Payment Default occurs and continues regarding the ING Perpetual Debt Securities, the trustee may pursue all legal remedies available to it, including commencing a

Edgar Filing: ING GROEP NV - Form 424B5

judicial proceeding for the collection of the sums due and unpaid or a bankruptcy proceeding in The Netherlands (but not elsewhere), but the trustee may not declare the principal amount of any outstanding ING Perpetual Debt Security to be due and payable. If we fail to make payment and the solvency conditions are not satisfied at the end of the 14-day period described under "Description of the ING Perpetual Debt Securities -- Defaults; Limitation of Remedies -- Payment Defaults," such failure does not constitute a Payment Default, but instead constitutes a Payment Event. Upon a Payment Event, the trustee may institute bankruptcy proceedings exclusively in The Netherlands, but may not pursue any other legal remedy, including a judicial proceeding for the collection of the sums due and unpaid.

Notwithstanding the foregoing, as a holder of the ING Perpetual Debt Securities, you have the absolute and unconditional right to institute suit for the enforcement of any payment when due and such right may not be impaired without your consent.

It is a payment default with respect to the ING Perpetual Debt Securities if we fail to pay or set aside for payment the amount due to satisfy any payment on the ING Perpetual Debt Securities when due, and such failure continues for 14 days; provided, however, if we fail to make any Mandatory Interest Payment as a result of:

- failure to satisfy the solvency conditions; or
- a deferral of an interest payment as permitted under the terms of the Indenture;

that payment will constitute an Outstanding Payment and will accumulate with any other Outstanding Payments until paid, but will not be a Payment Default.

Listing; Trading..... The ING Perpetual Debt Securities constitute a series of our debt securities. We have applied to list the ING Perpetual Debt Securities on the New York Stock Exchange under the symbol " . " Trading of the ING Perpetual Debt Securities is expected to begin within 30 days after the initial delivery of the ING Perpetual Debt Securities.

Once listed, each ING Perpetual Debt Security will trade as an individual unit at a trading price that will take into account the value, if any, of accrued but unpaid interest.

Governing Law..... The ING Perpetual Debt Securities and the related Indenture will be governed by, and

Edgar Filing: ING GROEP NV - Form 424B5

construed in accordance with, the laws of the State of New York, except that the subordination provisions will be governed by and construed in accordance with the laws of The Netherlands.

S-6

Use of Proceeds..... We will use the net proceeds of the issue and sale of the ING Perpetual Debt Securities for general corporate purposes and to further strengthen our capital base.

Rating..... The ING Perpetual Debt Securities are expected to be assigned, on issue, a rating of "A1" by Moody's Investors Services, and a rating of "A-" by Standard & Poor's Rating Services, a division of the McGraw-Hill Companies, Inc. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the relevant rating organization.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated:

YEAR ENDED DECEMBER 31,					NINE MONTHS ENDED
1997	1998	1999	2000	2001	SEPTEMBER 30, 2002
1.39	1.25	1.45	1.72	1.31	1.35

The ratio of earnings to fixed charges is calculated by dividing earnings by fixed charges. For this purpose, "earnings" means income from continuing operations before income tax and before minority interests in consolidated subsidiaries plus fixed charges and losses from investments accounted for under the equity method. "Fixed charges" means interest expense plus capitalized interest.

S-7

RISK FACTORS

Your investment in the ING Perpetual Debt Securities will involve a degree of risk, including those risks which are described in this section. You should carefully consider the following discussion of risks, as well as the risks set forth in the accompanying prospectus beginning on page 3, before deciding whether an investment in the ING Perpetual Debt Securities is suitable for you.

WE MAY DEFER PAYMENTS ON THE ING PERPETUAL DEBT SECURITIES FOR ANY PERIOD OF TIME.

We may elect, and under certain circumstances we may be required, to defer payments on the ING Perpetual Debt Securities for any period of time, subject to

Edgar Filing: ING GROEP NV - Form 424B5

suspension of payments on our Junior Securities, Parity Securities, Junior Guarantees or Parity Guarantees. Unless deferral is required, deferred payments will bear interest at a rate of %. See "Description of the ING Perpetual Debt Securities -- Deferral of Interest Payments."

THE ING PERPETUAL DEBT SECURITIES ARE PERPETUAL SECURITIES, AND YOU WILL HAVE NO RIGHT TO CALL FOR THEIR REDEMPTION.

The ING Perpetual Debt Securities are perpetual securities and have no fixed maturity date or redemption date. We are under no obligation to redeem the ING Perpetual Debt Securities at any time and you will have no right to call for their redemption.

WE MAY REDEEM THE ING PERPETUAL DEBT SECURITIES AT ANY TIME IF CERTAIN ADVERSE TAX OR REGULATORY EVENTS OCCUR AND WE MAY REDEEM THEM AT OUR OPTION ON
OR AT ANY TIME ON ANY INTEREST PAYMENT DATE THEREAFTER.

Upon the occurrence of certain tax or regulatory events described more fully in this prospectus supplement under "Description of the ING Debt Securities -- Optional Redemption and Redemption upon Certain Events," the ING Perpetual Debt Securities will be redeemable at any time in whole, but not in part, at our option. We may also redeem the ING Perpetual Debt Securities at our option, in whole but not in part, on or after . Any redemption of the ING Perpetual Debt Securities will be subject to the conditions described under "Description of the ING Debt Securities -- Optional Redemption and Redemption upon Certain Events."

WE ARE NOT PROHIBITED FROM ISSUING FURTHER DEBT WHICH MAY RANK PARI PASSU WITH OR SENIOR TO THE ING PERPETUAL DEBT SECURITIES.

Subject only to the conditions described in "Description of the ING Perpetual Debt Securities -- Subordination," there is no restriction on the amount of debt that we may issue, which ranks senior to the ING Perpetual Debt Securities or on the amount of securities that we may issue, which ranks pari passu with the ING Perpetual Debt Securities. The issue of any such debt or securities may reduce the amount recoverable by you upon our bankruptcy or may increase the likelihood of a deferral of payments on the ING Perpetual Debt Securities.

WE MAY DEFER PAYMENTS THAT WE ELECT, OR ARE REQUIRED, TO MAKE PURSUANT TO THE ALTERNATIVE INTEREST SATISFACTION MECHANISM SHOULD WE FAIL TO HAVE A SUFFICIENT NUMBER OF ORDINARY SHARES AVAILABLE FOR ISSUE.

If we are to make a payment using the Alternative Interest Satisfaction Mechanism and we have an insufficient number of Ordinary Shares available for issue, then our payment obligation will be suspended to the extent of such insufficiency until such time as sufficient Ordinary Shares are available to satisfy all or part of the suspended payment obligation, as more fully described under "Description of the ING Perpetual Debt Securities -- Alternative Interest Satisfaction Mechanism -- Insufficiency of Payment Ordinary Shares."

S-8

WE MAY DEFER PAYMENTS ON THE ING PERPETUAL DEBT SECURITIES IF A MARKET DISRUPTION EVENT OCCURS.

If, following our decision to satisfy a payment using the Alternative Interest Satisfaction Mechanism, in our opinion, a Market Disruption Event exists, such payment may be deferred until the cessation of such market disruption, as more fully described under "Description of the ING Perpetual Debt Securities -- Market Disruption Event." Any such deferred payments shall bear

Edgar Filing: ING GROEP NV - Form 424B5

interest at a rate of % if the Market Disruption Event continues for 14 days or more.

THERE ARE LIMITATIONS ON THE REMEDIES AVAILABLE TO YOU AND THE TRUSTEE SHOULD WE FAIL TO PAY AMOUNTS DUE ON THE ING PERPETUAL DEBT SECURITIES.

If a Payment Default occurs and continues regarding the ING Perpetual Debt Securities, the trustee may pursue all legal remedies available to it, including commencing a judicial proceeding for the collection of sums due and unpaid or commencing a bankruptcy proceeding in The Netherlands, but not elsewhere. The trustee may not, however, declare the principal amount of any outstanding ING Perpetual Debt Security to be due and payable. Upon a Payment Event, the sole remedy available to you and the trustee for recovery of amounts owing in respect of any payment or principal in respect of the ING Perpetual Debt Securities will be the institution of bankruptcy proceedings in The Netherlands. Although there is some doubt under Dutch law whether the trustee would be permitted to commence a bankruptcy proceeding in The Netherlands, in all cases any holder of the ING Perpetual Debt Securities with a due and payable claim would be permitted to commence such proceedings in accordance with Dutch bankruptcy law. See "Description of the ING Perpetual Debt Securities -- Defaults; Limitation of Remedies."

YOU WILL BE DEEMED TO HAVE WAIVED ALL RIGHTS OF SET-OFF.

Subject to applicable law, you may not exercise or claim any right of set-off in respect of any amount we owe you arising under or in connection with the ING Perpetual Debt Securities and you will be deemed to have waived all such rights of set-off. See "Description of the ING Perpetual Debt Securities -- Defaults; Limitation of Remedies -- General."

THE ING PERPETUAL DEBT SECURITIES ARE A NEW ISSUE OF SECURITIES, AND THERE IS NO ASSURANCE THAT A TRADING MARKET WILL EXIST OR THAT IT WILL BE LIQUID.

The ING Perpetual Debt Securities are a new issue of securities and have no established trading market. Although application has been made to list the ING Perpetual Debt Securities on the New York Stock Exchange, there can be no assurance that an active trading market will develop. Even if an active trading market does develop, no one, including the underwriters, is required to maintain its liquidity. The liquidity and the market prices for the ING Perpetual Debt Securities can be expected to vary with changes in market and economic conditions, our financial condition and prospects and other factors that generally influence the market prices of securities.

SELECTED FINANCIAL INFORMATION

In the table below, we provide you with our summary historical financial data. We have prepared this information using the consolidated financial statements of ING Groep N.V. for the five years ended December 31, 2001. The financial statements for the five fiscal years ended December 31, 2001 have been audited by Ernst & Young Accountants, independent auditors, except for the financial statements of ING Bank N.V., a direct wholly-owned subsidiary, which were audited by KPMG Accountants N.V. and whose report, only insofar as it relates to the 2001, 2000 and 1999 consolidated financial statements, is based in part upon the report of Ernst & Young Reviseurs d'Enterprises S.C.C., independent auditors.

The income statement data for the six months ended June 30, 2002 and June 30, 2001, respectively, and the balance sheet data as of June 30, 2002 and June 30, 2001, respectively, have been derived from our unaudited consolidated

The consolidated financial statements are prepared in accordance with Dutch GAAP, which differ in certain significant respects from U.S. GAAP. You can find a description of the significant differences between Dutch GAAP and U.S. GAAP and a reconciliation of certain income statement and balance sheet items to U.S. GAAP in note 6 of the notes to the consolidated financial statements, which are incorporated by reference from our Annual Report on Form 20-F for the year ended December 31, 2001, which we refer to herein as our Annual Report, and in note 3 of the notes to the unaudited consolidated financial statements, which are incorporated by reference from our Form 6-K filed on October 24, 2002 with respect to the six months ended June 30, 2002.

When you read this summary historical financial data, it is important that you read along with it the historical financial statements and related notes in our annual reports on Form 20-F filed with the SEC, as well as the section titled "Operating and Financial Review and Prospects" included in such annual reports and in our semi-annual reports furnished to the SEC on Form 6-K.

For purposes of this calculation, for the years 2001, 2000, 1999, 1998 and 1997 and the six months periods ended June 30, 2001 and June 30, 2002, ING Groep N.V. shares held by Group companies were deducted from the applicable number of outstanding Ordinary shares. All amounts and numbers are presented after giving effect to all stock dividends and retroactive application of the Company's 2-for-1 stock split, which became effective July 2, 2001. The cumulative effect of the changes to the principles is recognized in Shareholders' equity.
- (8) As of 2001, investment income for risk of policyholders has been netted with the related underwriting expenditure. This results in a presentation of investment income of the insurance operations for own risk, which is in line with international practice. The comparative figures have been adjusted accordingly.

Our financial strength, the broad range of our products and services, the wide diversity of our profit sources and the diversification of risks form the basis of our continuity and growth potential.

We market our products and services under a variety of well-recognized and strong brand names, including Nationale-Nederlanden, ING Bank and Postbank in The Netherlands, Bank Brussels Lambert in Belgium, BHF-BANK in Germany and ING Direct worldwide. choosing to include the letters "ING" and the orange lion in their name logo. Virtually all ING companies in North America have adjusted their name and logo during the past two years.

Our home market is the Benelux countries, where we are the market leader in integrated financial services. We also have considerable market positions in the rest of Europe, North America, South America, Asia and Australia. In The Netherlands, we are currently the largest life and pension insurer (with a 22% market share) and the second largest non-life insurer (with an 11% market share). We are currently the second biggest bank in The Netherlands, with a 25% market share based on total assets and a 26% market share based on total deposits. Through our banking and insurance operations, we have a financial relationship with approximately 75% of households in The Netherlands. INSURANCE OPERATIONS

We offer a comprehensive range of life and non-life insurance products in The Netherlands, Belgium, the United States, Canada and Australia. ING Insurance also primarily offers a range of life insurance products through start-up operations, which we refer to as our greenfield operations, in Europe, including a number of Central and Eastern European countries, Asia and Latin America. Life insurance products

S-18

include retirement products and life products for individuals and groups. In the Group's mature markets, ING offers a broad range of those products with an increasing emphasis on savings products. In ING's insurance greenfield operations, the product range is generally more limited with an orientation towards individual life coverages. All of these products are tailored to the local markets. In the non-life sector, the Group's insurance products principally include fire, automobile, accident and health, as well as workmen's

Edgar Filing: ING GROEP NV - Form 424B5

compensation, transport and aviation and third-party liability.

BANKING OPERATIONS

Our banking operations include the commercial banking operations that the Group conducts in The Netherlands through the branch network of ING Bank Nederland and through the direct marketing channel that Postbank utilizes, commercial banking operations in Belgium and internationally that the Group conducts through BBL, and international corporate and investment banking operations.

Our domestic banking operations provide a wide array of banking products and services to individual and corporate customers in The Netherlands. Individual products and services include consumer loans, mortgage loans, funds transfer, electronic banking, personal financial services, credit and debit cards and savings and other deposit accounts. Corporate products and services include corporate loans, cash management, funds transfer and payment systems, foreign exchange and leasing.

Our international corporate banking activities specialize in emerging market activities and provide a full range of corporate banking products and services. ING Barings principally conducts investment banking activities, with its activities including, among others, equity research, underwriting, advisory services (principally for cross-border mergers and acquisitions) and trading and sales of emerging market debt and other financial products.

We also conduct retail banking operations in Australia, Belgium, Canada, Greece, Hungary, Italy and Poland, with the most significant of these operations in Australia, Poland and Belgium. Our acquisitions of retail banks in Poland (1994), Belgium (1998) and Germany (1999) are part of our strategy to provide integrated financial services in these markets and utilize banc-assurance for distribution of insurance products.

ASSET MANAGEMENT

The main business units are ING Investment Management, Baring Asset Management, ING Baring Private Bank, ING Furman Selz Asset Management, Parcom Ventures, Baring Private Equity Partners, ING Trust and ING Real Estate.

ING Asset Management provides investment management and account management for institutional investors, international banking services for high net-worth individuals, ING's real estate and equity investment activities, the management of ING's own label and third-party investment funds, and asset management on behalf of the ING insurance companies.

RECENT DEVELOPMENTS

FURTHER RESTRUCTURING OF INTERNATIONAL WHOLESALE BANKING

We are continuing the restructuring of our international wholesale banking operations in order to restore their profitability. In connection with this restructuring, we plan to reduce the workforce by an additional 1,000 full-time equivalents. The additional restructuring measures will focus on underperforming branches and businesses. In addition, we plan to improve the efficiency of back office and information technology operations by reducing the number of booking and administrative centers. To cover the expenses of these measures, a restructuring provision of EUR 128 million has been charged to the operational profit and loss account in the third quarter of 2002.

Edgar Filing: ING GROEP NV - Form 424B5

U.S. INSURANCE OPERATIONS

The reorganization of our U.S. insurance operations, which was announced at the end of 2001, remains on schedule. During the first nine months of 2002, 1,895 employees were notified of their release dates, of which 1,374 were released during the first nine months of 2002. Through September 30, 2002, this reorganization resulted in gross cost savings of EUR 94 million. The total U.S. workforce decreased by 14.6% from 11,325 employees as of September 30, 2001 to 9,669 employees as of September 30, 2002.

STRONG GROWTH AT ING DIRECT

As of September 30, 2002, the client base of ING Direct had grown by 77% to 4.6 million clients (compared to 2.6 million at year-end 2001), and the funds entrusted more than doubled, increasing to EUR 51.3 billion from EUR 24.0 billion at year-end of 2001. The operational result before taxation improved to a loss of EUR 80 million, as compared to a loss of EUR 151 million for the nine months ended September 30, 2001.

CONTINUED GROWTH OF DEVELOPING MARKETS INSURANCE ACTIVITIES

For the nine months ended September 30, 2002, premium income of the insurance operations in developing markets increased by 51.8% to EUR 5.9 billion compared to the same period last year. Excluding the consolidation of ING Comercial America in Mexico and the divestment of Aetna Argentina, premium growth was 10.3% for the nine months ended September 30, 2002. The pre-tax operational result of developing markets insurance improved by 50.3% to EUR 532 million for the nine months ended September 30, 2002, compared to the same period last year, which constituted 17% of the total operational result of our insurance operations for the September 30, 2002 period.

CUSTODY ALLIANCE WITH THE BANK OF NEW YORK

We and The Bank of New York have entered into an agreement to create a European commercial alliance for sales, marketing and servicing of global custody and related services to institutional clients in Germany, the Benelux and Central and Eastern Europe. The new partnership will provide global custody services to the approximately EUR 90 billion of global assets of ING Investment Management's Benelux operations. ING Bank will provide sub-custody services to The Bank of New York in The Netherlands, Germany and potentially from Central and Eastern Europe. In addition, we have agreed to outsource ING's international cash equities clearing and settlement operations in London, New York, Hong Kong and Singapore to The Bank of New York.

INCREASED HOLDINGS IN VYSYA BANK

On September 9, 2002, we purchased an additional 24% interest in Vysya Bank Ltd. in India for approximately EUR 73 million, increasing our holdings to 44%. Our total holdings constitute one of the largest direct foreign investments by an international financial institution in an Indian bank to date.

PENSION FUND LAUNCH IN RUSSIA

The fund, the first of its kind in Russia and modeled after similar ING funds in western markets, will focus on providing tailor-made pension solutions for employees of international and local companies. The Non-State Pension Fund ING will offer defined contribution schemes to corporate clients with individual employee pension accounts. This will be offered through dedicated ING pension consultants, ING Bank and third party international brokers.

ING REAL ESTATE DEVELOPMENTS IN SPAIN AND THE UNITED STATES

Edgar Filing: ING GROEP NV - Form 424B5

ING Real Estate recently increased its 30% stake in Spanish real estate company Promodeico to full ownership by acquiring the remaining 70%. Promodeico will be combined with ING Real Estate Iberica Development and Viena Inmuebles. As of January 2003, the combined company will operate under the name ING Real Estate Development and will develop shopping centers, residential units and industrial real estate.

S-20

In the U.S., ING Real Estate's subsidiary Clarion has entered into an agreement to acquire the Crow Holdings Industrial Trust, a private Real Estate Investment Trust which invests in industrial real estate throughout the United States.

PARTICIPATION IN A STRUCTURED LIQUIDITY FACILITY WITH MONT BLANC

ING Bank N.V., through its Dublin Branch, is party to a structured liquidity facility with Mont Blanc Capital Corp., a non-consolidated special purpose funding vehicle which has issued commercial paper to third-party investors. The facility provides, among other things, that Mont Blanc Capital Corp., acting through ING Capital Markets as its agent, may require ING Bank N.V. to purchase from Mont Blanc Capital Corp. \$510 million of notes issued by a finance subsidiary of National Century Financial Enterprises, Inc. ("NCFE"). The subsidiary commenced bankruptcy proceedings in November 2002. It is currently unclear when or to what extent ING Bank N.V. might be required to purchase such NCFE subsidiary notes from Mont Blanc Capital Corp., and the value, if any, such notes would have upon any purchase.

CHANGES IN THE DIVIDEND POLICY

We will propose to the Annual General Meeting of Shareholders in April 2003 to introduce an optional cash/stock dividend beginning with the last dividend in 2002. We intend to fully fund the cash element by selling stock in the market. We expect that this dividend policy change will enable us to further strengthen our solvency, help protect us from swings in asset values and support organic growth.

SALE OF 36 MILLION OF OUR ORDINARY SHARES

We have completed a sale of 36 million of our Ordinary Shares, which had been held by us as treasury stock. The sale follows a policy change with respect to the hedge of future obligations arising from the ING employee stock option plan, which has resulted in a reduction of the number of our Ordinary Shares held as part of our portfolio. The 36 million shares were sold at EUR 18.14 per share in cash, generating approximately EUR 650 million in proceeds, which will be added to shareholders' equity.

RESULTS FOR THE FIRST NINE MONTHS OF 2002

On November 21, 2002, we announced our third-quarter results. Compared with the first nine months of 2001, our operational result before taxation decreased by 2.1% to EUR 4,489 million in the first nine months of 2002 from EUR 4,584 million for the first nine months of 2001. The operational result before taxation of our insurance operations for the first nine months of 2002 rose by 11.7% to EUR 3,132 million from EUR 2,804 million for the first nine months of 2001. The operational result before taxation of our banking operations for the first nine months of 2002 decreased by 23.8% to EUR 1,357 million from EUR 1,780 million for the first nine months of 2001. This decrease was due, among other factors, to substantially higher risk costs as a consequence of the deterioration in global market circumstances.

Edgar Filing: ING GROEP NV - Form 424B5

In the first nine months of 2002, operational net profit increased by 0.7% to EUR 3,238 million, or EUR 1.72 per share, from EUR 3,304 million, or EUR 1.71 per share, for the first nine months of 2001. This result was positively influenced by a decrease in the tax rate from 22.8% to 20.4% due to a change in tax legislation in Australia, the release of a tax provision, a sale of our holdings in Clearstream Banking, S.A. and the establishment of our joint venture with ANZ.

Operational net profit for our insurance operations increased by 17.1% to EUR 2,478 million in the first nine months of 2002, mainly due to a stronger performance in The Netherlands and the rest of Europe and the profit on the sale of the life and mutual fund operations in Australia to ANZ in the amount of EUR 225 million.

Operational net profit from banking operations decreased by 28.5% to EUR 850 million in the first nine months of 2002. These results reflected an increase in loan loss provisions due to the economic downturn and a restructuring provision of EUR 128 million with respect to international wholesale banking operations.

S-21

Compared with the end of 2001, total assets rose by 2.3% to EUR 721.6 billion as of September 30, 2002.

Shareholders' equity decreased by EUR 5.0 billion to EUR 16.5 billion (a decline of 23.3%) as of September 30, 2002 as a net result of a negative revaluation (a decrease of EUR 4.9 billion) of our equity and real estate portfolio, the write-off of goodwill (a decrease of EUR 1.1 billion), exchange rate fluctuations (a decrease of EUR 0.9 billion), the payment of the final dividend in 2001 and interim dividend in 2002 (a decrease of EUR 2.0 billion) and the addition of net profit in the first nine months of 2002 (an increase of EUR 3.6 billion).

Shareholders' equity per share decreased from EUR 11.03 at the end of 2001 to EUR 8.4 at the end of September 2002. Our operational return on equity increased from 18.4% for the full year 2001 to 21.8% (on an annualized basis) for the first nine months of 2002. The return on equity from our insurance operations was 22.6% (compared to 16.9% in 2001). The risk-adjusted return on capital of our banking operations was 14.5% for the first nine months of 2002 (compared to 13.5% for the full year 2001).

Total assets under management decreased by 11.0% to EUR 456.7 billion, as compared to year-end 2001. The net inflow amounted to EUR 7.3 billion, and the joint venture with ANZ contributed EUR 4.3 billion. The negative impact of the ongoing decrease in asset values and exchange rate fluctuations was EUR 68 billion.

The net profit per ordinary share for the first nine months of 2002 was EUR 1.72, an increase of 0.6% compared with the net profit per ordinary share for the first nine months of 2001 (EUR 1.71).

INTEREST

Subject to our right to defer interest payments as described under "-- Deferral of Interest Payments," interest on the ING Perpetual Debt Securities will be payable quarterly in arrears in equal payments for any full Interest Period on _____, _____, and _____ of each year, at a fixed rate per annum on their outstanding principal amount equal to _____%, commencing on _____, 2003 (calculated on a 30/360 day basis). If any interest payment date is not a business day, interest will be payable on the next business day (without any interest or other payment in respect of the

Edgar Filing: ING GROEP NV - Form 424B5

delay). The regular record dates for each interest payment date shall be , , and , respectively.

S-23

Each of the periods, commencing on (and including) the issue date and ending on (but excluding) the first interest payment date, and each successive period commencing on (and including) an interest payment date and ending on (but excluding) the next succeeding interest payment date is referred to herein as an Interest Period.

PAYMENTS

METHOD OF PAYMENT

Payments of any amounts in respect of any ING Perpetual Debt Securities represented by global securities will be made by the trustee to DTC. Any such payments of interest and certain other payments on or in respect of the ING Perpetual Debt Securities will be in U.S. dollars and will be calculated by the trustee or such other agent as we may appoint.

Except in a bankruptcy, all payments on the ING Perpetual Debt Securities will be conditional upon our being solvent at the time of payment, and we will not make any payment unless we will be solvent immediately afterwards. We refer to this condition as the Required Deferral Condition. For this purpose, we are solvent if we meet the following "solvency conditions":

- we are able to make payments on our Senior Debt as they become due, and
- our assets exceed the sum of our liabilities (excluding liabilities not considered Senior Debt).

PAYMENTS SUBJECT TO FISCAL LAWS

All payments made in respect of the ING Perpetual Debt Securities will be subject, in all cases, to any fiscal or other laws and regulations applicable thereto in the place of payment, but will not affect our obligation to pay Additional Amounts.

DEFERRAL OF INTEREST PAYMENTS

Interest payments and any other payments with respect to the ING Perpetual Debt Securities will be subject to deferral in the following circumstances.

REQUIRED DEFERRAL OF PAYMENTS

Except in the case of a Mandatory Payment Event or a Mandatory Partial Payment Event, if the Required Deferral Condition is met on the 20th business day preceding the date on which any payment would, in the absence of deferral, be due and payable, we must defer any such payment. In such case, we will deliver a notice to the trustee, the holders and the Calculation Agent, not less than 16 Business Days prior to such date. We refer to such notice as a Deferral Notice.

Except in the case of a Mandatory Payment Event or a Mandatory Partial Payment Event, if, after we defer a payment as a result of the Required Deferral Condition being met, the Required Deferral Condition is no longer met on the 20th business day preceding any subsequent interest payment date, then we will satisfy such payment on the relevant Deferred Interest Satisfaction Date by giving notice, not less than 16 business days prior to the Deferred Interest Satisfaction Date, to the trustee, the holders and the Calculation Agent that we

Edgar Filing: ING GROEP NV - Form 424B5

will satisfy such payment on such date.

We will not satisfy such payment on the relevant Deferred Interest Satisfaction Date referred to above, if:

- we have previously elected to satisfy such payment earlier (provided that, at the time of satisfying such payment, the Required Deferral Condition fails to be met) by delivering a notice to the trustee, the holders and the Calculation Agent not less than 16 business days prior to the relevant Deferred Interest Satisfaction Date that we will satisfy such payment on such date; or
- we validly elect to use our right to optionally defer any such payment which would otherwise have been required to be paid on such Deferred Interest Satisfaction Date.

S-24

Any payment that we defer due to the Required Deferral Condition will not accrue interest, except under the circumstances we describe below under "-- Alternative Interest Satisfaction Mechanism." Unless we obtain permission from our relevant regulator, we are permitted to satisfy our obligation to pay the Deferred Interest Payment only in accordance with the Alternative Interest Satisfaction Mechanism. See "-- Alternative Interest Satisfaction Mechanism" below.

OPTIONAL DEFERRAL OF PAYMENTS

We may defer all or part of any payment that is due and payable by giving a Deferral Notice to the trustee, the Calculation Agent and the holders not less than 16 business days prior to the relevant due date. We refer to this right to defer as an Elective Deferral Interest Payment. Except in the case of a Mandatory Payment Event or a Mandatory Partial Payment Event, unless we obtain the prior consent of the relevant regulator, we may satisfy any such payment at any time, but only by using the Alternative Interest Satisfaction Mechanism. When we use the Alternative Interest Satisfaction Mechanism, we will deliver a notice to the trustee and the Calculation Agent, not less than 16 business days prior to the relevant Deferred Interest Satisfaction Date, informing them of our election to so satisfy such payment and specifying the relevant Deferred Interest Satisfaction Date.

Elective Deferral Interest Payments will bear interest at a rate equal to % from (and including) the date on which, but for such deferral, the Deferred Interest Payment would otherwise have been due to be made to (but excluding) the relevant Deferred Interest Satisfaction Date.

DIVIDEND STOPPER; MANDATORY INTEREST PAYMENT

We will give a Deferral Notice in the case of a Required Deferral Condition and we may give a Deferral Notice, in our sole discretion and for any reason, in the case of an Elective Deferral Interest Payment, except that a Deferral Notice as to a payment required to be paid pursuant to a Mandatory Payment Event or Mandatory Partial Payment Event will have no force or effect.

DIVIDEND STOPPER

We agree in the Indenture that, beginning on the day we give a Deferral Notice until all Deferred Interest Payments are paid or satisfied in full, we will not recommend to our shareholders, and to the fullest extent permitted by applicable law, we will otherwise act to prevent a Mandatory Payment Event or a Mandatory Partial Payment Event from occurring. A Mandatory Payment Event occurs

Edgar Filing: ING GROEP NV - Form 424B5

if:

- we declare, pay or distribute a dividend or make a payment (other than a dividend in the form of Ordinary Shares) on any of our Junior Securities or make a payment on a Junior Guarantee;
- any of our subsidiaries or any entity in which we have a direct or indirect financial, commercial or contractual majority interest, which we refer to as an Undertaking, declares, pays or distributes a dividend on any security issued by it benefitting from a Junior Guarantee or makes a payment (other than a dividend in the form of ordinary shares) on any security issued by it benefitting from a Junior Guarantee;
- we or any of our subsidiaries or Undertakings redeems, purchases or otherwise acquires for any consideration any of our Junior Securities, Parity Securities or securities issued by any of our subsidiaries or Undertakings benefitting from a Junior Guarantee or Parity Guarantee, other than:
 - by conversion into or in exchange for our Ordinary Shares;
 - in connection with transactions effected by or for the account of our customers or customers of any of our subsidiaries or in connection with the distribution, trading or market-making activities in respect of those securities;
 - in connection with our satisfaction of our, or the satisfaction by any of our subsidiaries of its, obligations under any of our employee benefit plans or similar arrangements with or for the benefit of employees, officers, directors or consultants of the Group;

S-25

- as a result of a reclassification of us or any of our subsidiaries or the exchange or conversion of one class or series of capital stock for another class or series of capital stock; or
- the purchase of fractional interests in shares of our capital stock or the capital stock of any of our subsidiaries pursuant to the conversion or exchange provisions of that capital stock (or the security being converted or exchanged); or
- any moneys are paid to or made available for a sinking fund or for redemption of any Junior Securities, Parity Securities or any securities issued by any of our subsidiaries or Undertakings benefitting from a Junior Guarantee or Parity Guarantee.

A Mandatory Partial Payment Event occurs if:

- we declare, pay or distribute a dividend or make a payment on any of our Parity Securities or make any payment on any of our Parity Guarantees; or
- any of our subsidiaries or Undertakings declares, pays or distributes a dividend on any security issued by it benefitting from a Parity Guarantee or makes a payment on any security issued by it benefitting from a Parity Guarantee.

MANDATORY INTEREST PAYMENT

If a Mandatory Payment Event occurs, then:

- all Deferred Interest Payments will become mandatorily due and payable in

Edgar Filing: ING GROEP NV - Form 424B5

full on the date of the Mandatory Payment Event, notwithstanding any further Deferral Notice or an occurrence or continuance of the Required Deferral Condition. Unless we obtain the prior consent of our relevant regulator, we may only satisfy our obligations to pay such Deferred Interest Payments in accordance with the Alternative Interest Satisfaction Mechanism; and

- the interest payments payable on the next four consecutive interest payment dates, the next two consecutive interest payment dates or the next interest payment date, as the case may be, after the occurrence of such Mandatory Payment Event, depending on whether the Junior Securities, Parity Securities, or the security benefitting from the Junior Guarantee or the Parity Guarantee pay dividends or income distributions on an annual basis, a semiannual basis or a quarterly basis, as the case may be, will be mandatorily due and payable in full on each such next interest payment date, notwithstanding any Deferral Notice as to such interest payments or the occurrence or continuance of any Required Deferral Condition. We are permitted, but shall not be required, to satisfy our obligation to make the interest payments payable on such interest payment date, other than Deferred Interest Payments, in accordance with the Alternative Interest Satisfaction Mechanism.

If a Mandatory Partial Payment Event occurs, then:

- all Deferred Interest Payments will become mandatorily due and payable in full on the date of the Mandatory Partial Payment Event, notwithstanding any further Deferral Notice or an occurrence or continuance of the Required Deferral Condition. Unless we obtain the prior consent of our relevant regulator, we may only satisfy our obligations to pay such Deferred Interest Payments in accordance with the Alternative Interest Satisfaction Mechanism; and
- Mandatory Partial Payments in respect of each ING Perpetual Debt Security will be mandatorily due and payable on the next four consecutive interest payment dates, the next two consecutive interest payment dates or the next interest payment date, as the case may be, after the occurrence of such Mandatory Partial Payment Event, depending on whether the Parity Securities or the security benefitting from the Parity Guarantee pay dividends or income distributions on an annual basis, a semiannual basis or a quarterly basis, as the case may be, notwithstanding any Deferral Notice or an occurrence of the Required Deferral Condition. We are permitted, but shall not be required, to satisfy our obligation to pay any Mandatory Partial Payments in accordance with the Alternative Interest Satisfaction Mechanism.

S-26

ALTERNATIVE INTEREST SATISFACTION MECHANISM

GENERAL

We are permitted to satisfy our obligation to pay you through the issuance of our Ordinary Shares which, when sold, will provide a cash amount sufficient for us to make payments due to you in respect of the relevant payment. We refer to this procedure as the Alternative Interest Satisfaction Mechanism. Subject to the absence of a Required Deferral Condition, we may elect to use the Alternative Interest Satisfaction Mechanism in order to satisfy our obligation to make any interest payment, including any Mandatory Interest Payment, by giving not less than 16 business days' notice to the trustee.

Our obligation to pay in accordance with the Alternative Interest

Edgar Filing: ING GROEP NV - Form 424B5

Satisfaction Mechanism will be satisfied as follows:

- we will give at least 16 business days' notice of the relevant interest payment date to the trustee, the Calculation Agent and holders of the ING Perpetual Debt Securities;
- by the close of business on or before the seventh business day prior to the relevant interest payment date or Deferred Interest Satisfaction Date, we will have authorized for issuance such number of Ordinary Shares as, in the determination of the Calculation Agent, have a market value (after conversion from euros into U.S. dollars) of not less than 110% of the relevant payment to be satisfied on such interest payment date (each such Ordinary Share is a Payment Ordinary Share) plus the claims for the costs and expenses to be borne by us in connection with using the Alternative Interest Satisfaction Mechanism (including, without limitation, the fees and expenses of the Calculation Agent);
- the Calculation Agent will procure purchasers for such Ordinary Shares as soon thereafter as reasonably practicable, but not later than the fourth business day prior to the relevant Interest Payment Date;
- we will sell such Ordinary Shares in the open market as instructed by the Calculation Agent and collect any sales proceeds;
- we will immediately transfer the sales proceeds (or such amount of sales proceeds as is necessary (after conversion from euros into U.S. dollars) to make the relevant payment) to the trustee on the business day preceding the payment date for payment by the trustee, on the payment date, towards applicable Interest Payments to be satisfied;
- if, after the operation of the above procedures, there would, in the opinion of the Calculation Agent, be a shortfall on the date on which the relevant payment is due, we will issue further Ordinary Shares in accordance with the provisions of the Indenture to ensure that a sum at least equal to the relevant payment is available to make the payment in full on the relevant due date. If, despite these provisions, such a shortfall still exists on the relevant due date we may, in accordance with the provisions of the Indenture, either pay an amount equal to such shortfall as soon as practicable to the trustee or continue to issue Ordinary Shares until the trustee has received funds equal to the full amount of such shortfall; and
- if, pursuant to the Alternative Interest Satisfaction Mechanism, proceeds are raised in excess of the amount required to pay the applicable payments plus the claims for the fees, costs and expenses to be borne by us in connection with using the Alternative Interest Satisfaction Mechanism, we will retain such excess proceeds.

If we elect to make any payment in accordance with the Alternative Interest Satisfaction Mechanism, the receipt of cash proceeds on the sale of our Ordinary Shares issued to the trustee or its agent will satisfy the relevant payment or the relevant part of such payment. The proceeds from the sale of Ordinary Shares pursuant to the Alternative Interest Satisfaction Mechanism will be paid to you by the trustee in respect of the relevant payment.

S-27

INSUFFICIENCY OF PAYMENT ORDINARY SHARES

If we are to satisfy a payment pursuant to the Alternative Interest Satisfaction Mechanism and we do not, on the date when the number of Payment

Edgar Filing: ING GROEP NV - Form 424B5

Ordinary Shares required to be issued is determined, have a sufficient number of Ordinary Shares available for issue, then we shall notify the trustee, the Calculation Agent and the holders that all or part, as the case may be, of the relevant payment cannot be satisfied due to not having a sufficient number of authorized Ordinary Shares. In this case the payment or part thereof shall be satisfied following the date of our next annual general meeting or extraordinary general meeting of our shareholders at which a resolution is passed authorizing a sufficient number of Ordinary Shares available to satisfy all or such part of the relevant payment. If, however, the number of Ordinary Shares authorized to be issued at any such meeting is insufficient to satisfy all or such part of the relevant payment then those Ordinary Shares so issued will be applied by us in partial satisfaction of all or such part of the relevant payment. Following the passage of a resolution which authorizes us to issue additional Ordinary Shares for this purpose, we will provide not less than 16 business days' notice to the trustee, the Calculation Agent and the holders of the date upon which the relevant payment or, as the case may be, the part thereof is to be made. The relevant payment or, as the case may be, the part thereof which is not so satisfied will, unless it is a required Deferred Interest Payment and has not been subsequently either satisfied or deferred pursuant to an Elective Deferral Interest payment, continue to accrue interest at a rate of % from (and including) the date on which payment would otherwise have been due to (but excluding) the date on which such payment or part thereof is satisfied or, in the event of a Market Disruption Event, the date on which such payment or part thereof would, but for the occurrence of such Market Disruption Event, have been satisfied from which date interest (if any) will accrue on such payment as provided in "-- Market Disruption Event" below.

If we do not have a sufficient number of Ordinary Shares and do not hold an annual general meeting within six months of giving the notice first mentioned above, at which a resolution to make a sufficient number of Ordinary Shares available is proposed, the trustee will by notice require us to convene an extraordinary general meeting at which such a resolution will be proposed on a date falling within 10 weeks of such notice from the trustee.

In the event that any such resolution proposed at any such annual general meeting or extraordinary general meeting is rejected, the resolution will be proposed at each annual general meeting or any extraordinary general meeting thereafter until the resolution has been passed by our shareholders.

At the date of this prospectus supplement, we have a sufficient number of authorized but unissued Ordinary Shares, and our Executive Board has the necessary authority to make the interest payments required to be made in respect of the ING Perpetual Debt Securities during the next 12-month period, assuming the Alternative Interest Satisfaction Mechanism is used for each interest payment during such 12-month period.

We will undertake in the Indenture to keep available for issue a sufficient number of authorized, but unissued Ordinary Shares as we reasonably consider would be required to be issued as Payment Ordinary Shares in connection with the next four interest payments. Should we fail to keep available such unissued Ordinary Shares, no damages will be payable in connection with such failure. The trustee may, however, require that we, as soon as practicable, hold an extraordinary general meeting of our shareholders at which a resolution will be passed to remedy such failure.

The trustee is not obligated to monitor whether we have a sufficient number of unissued Ordinary Shares available for issuance as Payment Ordinary Shares and the trustee is entitled to assume, unless it has actual knowledge to the contrary, that we are complying with our obligations to do so.

MARKET DISRUPTION EVENT

Edgar Filing: ING GROEP NV - Form 424B5

If, in our opinion, a Market Disruption Event exists on or after the 15th business day preceding any date upon which a payment or part thereof is due to be made or satisfied pursuant to the Alternative Interest Satisfaction Mechanism, then we may give notice to the trustee, the Calculation Agent and the

S-28

holders as soon as possible after the Market Disruption Event has arisen or occurred, whereupon the relevant payment will be deferred until such time as, in our opinion, the Market Disruption Event no longer exists.

Any such deferred payment or part thereof will be satisfied as soon as practicable after the Market Disruption Event no longer exists. Except as provided in the next sentence, interest will not accrue on such deferred payment or part thereof, however, during a Market Disruption Event. If we do not make the relevant payment or part thereof for a period of 14 days or more after its due date, even if the Market Disruption Event is continuing, interest shall accrue on such deferred payment or part thereof from (and including) the date on which the relevant payment or part thereof was due to be made to (but excluding) the date on which such payment or part thereof is made. Any such interest shall accrue at the Interest Rate and shall be satisfied only in accordance with the Alternative Interest Satisfaction Mechanism and as soon as reasonably practicable after the relevant deferred payment is made. No liability shall attach to the trustee or its agents if, as a result of a Market Disruption Event or any other event outside the control of the trustee or any such agent, the trustee or any such agent is unable to comply with its duties in connection with any payment made pursuant to the Alternative Interest Satisfaction Mechanism.

SUBORDINATION

The ING Perpetual Debt Securities constitute our direct, unsecured subordinated securities and rank pari passu without any preference among themselves.

The rights and claims of the holders of the ING Perpetual Debt Securities are subordinated to Senior Debt in that rights regarding payments and the issuance of Ordinary Shares (as described under "Alternative Interest Satisfaction Mechanism") will be subject to the solvency conditions. Upon our liquidation, moratorium of payments or bankruptcy, the holders of the ING Perpetual Debt Securities will rank, effectively from a financial point of view, in priority to all holders of Junior Securities and equally with the holders of our existing most senior preference shares and any other Parity Securities and Parity Guarantees then outstanding. Upon our liquidation, moratorium of payments or bankruptcy, any payments on the ING Perpetual Debt Securities will be subordinate to, and subject in right of payment to the prior payment in full of, all Senior Debt.

For the purposes of the ING Perpetual Debt Securities, our Senior Debt means:

- all claims of our unsubordinated creditors;
- all claims of creditors whose claims are, or are expressed to be, subordinated (whether only in the event of our insolvency or otherwise) only to the claims of our unsubordinated creditors; and
- all claims of all of our other creditors, except those whose claims are, or are expressed to rank, pari passu with, or junior to, the claims of holders of ING Perpetual Debt Securities.

As of September 30, 2002, we had approximately EUR 7 billion of Senior Debt

Edgar Filing: ING GROEP NV - Form 424B5

outstanding.

The definition of Senior Debt described in the accompanying prospectus under "Description of Debt Securities We May Offer -- The Senior Debt Indenture and the Subordinated Debt Indenture -- Subordination Provisions" does not apply to the ING Perpetual Debt Securities. For the purposes of the Indenture and the description thereof in the accompanying prospectus, all references to Senior Debt shall be deemed to be references to Senior Debt as described above.

We will agree in the Indenture that, so long as any of the ING Perpetual Debt Securities remain outstanding, we will not issue any preference shares (or other securities which are akin to preference shares as regards distributions on a return of assets upon our liquidation or in respect of distribution or payment of dividends and/or any other amounts thereunder by us) or give any guarantee or contractual support arrangement in respect of any of our preference shares or such other securities or in respect of any other entity if such preference shares, preferred securities, guarantees or contractual support arrangements would rank (as regards distributions on a return of assets upon our liquidation or in respect of distribution or payment of dividends and/or any other amounts thereunder by us) senior to the ING Perpetual Debt Securities, unless we alter the terms of the ING Perpetual Debt Securities such that the ING Perpetual Debt Securities rank pari passu effectively from a financial point of view with any such preference shares, such other securities akin to preference shares or such guarantee or support undertaking.

WINDING UP

If any action causes our liquidation (except solely for the purpose of our reconstruction, amalgamation or the substitution of a successor in business for us, as defined in the Indenture, the terms of which have previously been approved in writing by the trustee or by not less than a majority of the holders), with respect to each ING Perpetual Debt Security you own, we will pay you (in lieu of any other payment) an amount as if on and after the day immediately before the liquidation began, any holder of those ING Perpetual Debt Securities had been the holder of our most senior class of preference shares which we refer to as the Notional Preference Shares, which have a preferential right to a return of assets upon liquidation over and so rank ahead of the holders of all other classes of our issued shares for the time being in our capital, but ranking junior to the claims of Senior Debt. Any such payment shall be made on the assumption that the amount that you were entitled to receive in respect of each Notional Preference Share on a return of assets upon liquidation was an amount equal to the principal amount of \$25 of the relevant ING Perpetual Debt Security and any other Outstanding Payments together with, to the extent not otherwise included within the foregoing, the pro rata share of any Winding-Up Claims attributable to the ING Perpetual Debt Security.

As a consequence of the subordination provisions, the holders of the ING Perpetual Debt Securities may recover less than the holders of our unsubordinated liabilities and the holders of certain of our subordinated liabilities, including the holders of other subordinated debt securities as described in the accompanying prospectus under the heading "Description of Debt Securities We May Offer." If, upon liquidation the amount payable on any ING Perpetual Debt Securities and any claims ranking pari passu with the ING Perpetual Debt Securities are not paid in full, the ING Perpetual Debt Securities and other claims ranking equally will share ratably in any distribution of our assets upon liquidation in proportion to the respective amounts to which they are entitled. If any holder is entitled to any recovery with respect to the ING Perpetual Debt Securities upon liquidation, the holder might not be entitled to a recovery in U.S. dollars and might be entitled only

Edgar Filing: ING GROEP NV - Form 424B5

to a recovery in euros. In addition, under current Dutch law, our liability to holders of the ING Perpetual Debt Securities would be converted into euros at a date close to the commencement of insolvency proceedings against us and holders of the ING Perpetual Debt Securities would be exposed to currency fluctuations between that date and the date they receive proceeds pursuant to such proceedings, if any.

DEFAULTS; LIMITATION OF REMEDIES

The Events of Default and rights to accelerate described in the accompanying prospectus under "Description of Debt Securities We May Offer -- Default, Remedies and Waiver of Default -- Events of Default" and certain remedies provided for under "-- Remedies if an Event of Default Occurs" do not apply to the ING Perpetual Debt Securities.

The only defaults and remedies are as provided below.

PAYMENT DEFAULTS

It is a Payment Default with respect to the ING Perpetual Debt Securities if we fail to pay or set aside for payment the amount due to satisfy any payment on the ING Perpetual Debt Securities when due, and such failure continues for 14 days; provided, however, that if we fail to make any Mandatory Interest Payment as a result of failure to satisfy the solvency conditions, or due to a deferral of an interest payment as permitted under the terms of the Indenture, that payment will constitute an Outstanding Payment and will accumulate with any other Outstanding Payments until paid but will not be a Payment Default.

LIMITATION OF REMEDIES

If any Payment Default occurs and continues regarding the ING Perpetual Debt Securities, the trustee may pursue all legal remedies available to it, including commencing a judicial proceeding for the collection of the sums due and unpaid or a bankruptcy proceeding in The Netherlands (but not

S-30

elsewhere), but the trustee may not declare the principal amount of any outstanding ING Perpetual Debt Security to be due and payable. If we fail to make payment and the solvency conditions are not satisfied at the end of the 14-day period described under "-- Payment Defaults," such failure does not constitute a Payment Default but instead constitutes a Payment Event. On a Payment Event, the trustee may institute bankruptcy proceedings exclusively in The Netherlands, but may not pursue any other legal remedy, including a judicial proceeding for the collection of the sums due and unpaid.

Notwithstanding the foregoing, holders of the ING Perpetual Debt Securities have the absolute and unconditional right to institute suit for the enforcement of any payment when due and such right may not be impaired without the consent of the holder.

GENERAL

By purchasing ING Perpetual Debt Securities, you and the trustee will be deemed to have waived any right of set-off, counterclaim or combination of accounts with respect to the ING Perpetual Debt Securities or the Indenture (or between our obligations regarding the ING Perpetual Debt Securities and any liability owed by a holder or the trustee to us) that they might otherwise have against us.

Subject to the provisions of the Indenture relating to the duties of the trustee, if a Payment Default occurs and continues with respect to the ING

Edgar Filing: ING GROEP NV - Form 424B5

Perpetual Debt Securities, the trustee will be under no obligation to any holder of the ING Perpetual Debt Securities, unless they have offered reasonable indemnity to the trustee. Subject to the Indenture provisions for the indemnification of the trustee, the holders of a majority in aggregate principal amount of the outstanding ING Perpetual Debt Securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the series, if the direction is not in conflict with any rule of law or with the Indenture and the trustee does not determine that the action would be unjustly prejudicial to the holder or holders of any ING Perpetual Debt Securities not taking part in that direction. The trustee may take any other action that it deems proper that is not inconsistent with that direction.

The Indenture provides that the trustee will, within 90 days after the occurrence of a Payment Default with respect to the ING Perpetual Debt Securities, give to each holder of the ING Perpetual Debt Securities notice of the Payment Default known to it, unless the Payment Default has been cured or waived. The trustee will be protected in withholding notice, however, if it determines in good faith that withholding notice is in the interest of the holders.

We are required to furnish to the trustee, on an annual basis a statement as to our compliance with all conditions and covenants under the Indenture.

ADDITIONAL AMOUNTS

Any amounts to be paid by us on the ING Perpetual Debt Securities will be made without deduction or withholding for any taxes, assessments or other charges imposed by the government of The Netherlands or the government of a jurisdiction in which a successor to us is organized, unless the withholding or deduction of such taxes, assessments or charges is required by law. In that event we will pay such additional amounts, which we refer to as Additional Amounts, as may be necessary in order that the net amounts received by holders after such withholding or deduction equal the respective amounts of principal and interest which would have been received in respect of the ING Perpetual Debt Securities in the absence of such withholding or deduction.

There are certain circumstances in which we will not be obligated to pay such Additional Amounts. Please see "Description of Debt Securities We May Offer -- Payment of Additional Amounts with Respect to the Debt Securities" in the accompanying prospectus.

Whenever we refer in this prospectus supplement or the accompanying prospectus to principal, interest amounts, Deferred Interest Payments, Mandatory Partial Payments and/or Accrued Interest

S-31

Payments, we intend to include any Additional Amounts which may become payable pursuant to the terms of the Indenture as described above.

In the event that any payment is satisfied through the Alternative Interest Satisfaction Mechanism, then any Additional Amounts which are payable must also be satisfied through the Alternative Interest Satisfaction Mechanism.

OPTIONAL REDEMPTION AND REDEMPTION UPON CERTAIN EVENTS

OPTIONAL REDEMPTION

The ING Perpetual Debt Securities are perpetual debt securities and have no fixed maturity or mandatory redemption date. The ING Perpetual Debt Securities

Edgar Filing: ING GROEP NV - Form 424B5

are not redeemable at the option of the holder of an ING Perpetual Debt Security at any time and are not redeemable at our option prior to _____, except in certain limited circumstances. See "-- Redemption upon Certain Events" below.

We may redeem the ING Perpetual Debt Securities in whole (but not in part) at our option, on _____, _____, or on any interest payment date thereafter at their aggregate principal amount together with Outstanding Payments due through the date of redemption, which sum we refer to as the Base Redemption Price.

We may purchase on the open market at any time ING Perpetual Debt Securities in any manner and at any price.

Cancellation of any ING Perpetual Debt Securities so redeemed by us will be effected by reducing the principal amount of the global ING Perpetual Debt Securities, and any ING Perpetual Debt Securities so cancelled may not be reissued or resold and our obligations in respect of any such cancelled ING Perpetual Debt Securities will be discharged. ING Perpetual Debt Securities purchased by us may be held, reissued, resold or, at our option, be cancelled by decreasing in an equal amount the principal amount of ING Perpetual Debt Securities represented by the Global Security.

REDEMPTION UPON CERTAIN EVENTS

TAX EVENT. Upon the occurrence of a Tax Event with respect to the ING Perpetual Debt Securities, we may, by giving notice of redemption, redeem in whole (but not in part) the ING Perpetual Debt Securities at their base redemption price.

"Tax Event" means we determine that immediately prior to the giving of the notice referred to below, on the next interest payment date:

- we would, for reasons outside our control, be unable to make such payment without being required to pay Additional Amounts and we cannot avoid the requirement or circumstance by taking measures as we (acting in good faith) deem appropriate;
- payments of amounts in respect of interest on the ING Perpetual Debt Securities, including, for the avoidance of doubt, the issue of Ordinary Shares pursuant to the Alternative Interest Satisfaction Mechanism, may be treated as "distributions" within the meaning of Section II of the Dividend Withholding Tax Act 1965 (Wet op de dividendbelasting 1965; or such other provision as may from time to time supersede or replace Section II of the Dividend Withholding Tax Act 1965 for the purposes of such definition) and we cannot avoid the requirement or circumstance by taking such measures as we (acting in good faith) deem appropriate; or
- as a result of any proposed change or amendment to the laws of The Netherlands, or any proposed change in the application of official or generally published interpretation of such laws, or any interpretation or pronouncement by any relevant tax authority that provides for a position with respect to such law or regulations that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written confirmation given by a tax authority in respect of the ING Perpetual Debt Securities, which change or amendment becomes,

S-32

or would become, effective, or in the case of a change or proposed change

Edgar Filing: ING GROEP NV - Form 424B5

in law if such change is enacted (or, in the case of a proposed change, is expected to be enacted) by Act of Parliament or made by Statutory Instrument on or after December 2, 2002, there is more than an insubstantial risk that we will not obtain substantially full relief for the purposes of Dutch corporation tax for any payment of interest including, for the avoidance of doubt, where the payment of interest is to be satisfied by the issue of Ordinary Shares pursuant to the Alternative Interest Satisfaction Mechanism and we cannot avoid this risk by taking such measures as we (acting in good faith) deem appropriate.

In the case of redemption upon the occurrence of a Tax Event, we are required, before we give a notice of redemption, to deliver to the trustee a written legal opinion of independent Netherlands counsel of recognized standing, selected by us, in a form satisfactory to the trustee confirming that we are entitled to exercise our right of redemption.

REGULATORY EVENT. Upon the occurrence of a Regulatory Event with respect to the ING Perpetual Debt Securities, we may by giving notice of redemption, at any time redeem the ING Perpetual Debt Securities in whole (but not in part) at their Base Redemption Price.

"Regulatory Event" means any time after we become subject to capital adequacy regulations, the relevant regulator makes a determination that securities of the nature of the ING Perpetual Debt Securities can no longer qualify as Tier 1 Capital (or instruments of a similar nature which qualify as core capital) for purposes of such capital adequacy regulations.

NOTICE OF REDEMPTION

We must give 30 to 60 days' notice of redemption to the holders of the ING Perpetual Debt Securities. Any notice of redemption is irrevocable and must be given as described in the accompanying prospectus. If the redemption price in respect of any ING Perpetual Debt Securities is improperly withheld or refused and is not paid by us, interest on the ING Perpetual Debt Securities will continue to be payable until the redemption price is actually paid.

CALCULATION AGENT

So long as any of the ING Perpetual Debt Securities are outstanding, we will ensure that there will always be a Calculation Agent. If the Calculation Agent is unable or unwilling to act as such, or if it fails to make a determination, calculation or otherwise fails to perform its duties under the Indenture or the Calculation Agency Agreement, we will appoint an independent investment bank acceptable to the trustee to act as such in its place. Subject to certain limited exceptions, neither the termination of the Calculation Agent's appointment nor the Calculation Agent's resignation will be effective without a successor having been appointed.

All calculations and determinations made by the Calculation Agent with respect to the ING Perpetual Debt Securities (except in the case of manifest error) are final and binding on us, the trustee and the holders.

Neither we nor the trustee have any responsibility to anyone for any errors or omissions in any calculation by the Calculation Agent.

TRADING CHARACTERISTICS

The ING Perpetual Debt Securities will be listed and traded on the New York Stock Exchange under the symbol " . " We expect the ING Perpetual Debt Securities to trade as an individual unit at a trading price that takes into account the value, if any, of accrued but unpaid interest. This means that purchasers will not pay, and sellers will not receive, accrued and unpaid

interest on the ING Perpetual Debt Securities which has not been included in their trading price.

BOOK-ENTRY SYSTEM; DELIVERY AND FORM

GENERAL

The ING Perpetual Debt Securities will initially be represented by one or more global securities in registered form, without coupons attached. They will be deposited with or on behalf of The Depository Trust Company, DTC, or its nominee and registered in the name of Cede & Co., as nominee of DTC. Until the ING Perpetual Debt Securities are exchanged for definitive securities, the global securities may not be transferred except as a whole by DTC to a nominee or a successor of DTC.

The ING Perpetual Debt Securities have been accepted for clearance by DTC, Euroclear and Clearstream, Luxembourg. The initial distribution of the ING Perpetual Debt Securities will be cleared through DTC only. Beneficial interests in the global ING Perpetual Debt Securities will be shown on, and transfers thereof will be effected only through, the book-entry records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream, Luxembourg. Owners of beneficial interests in the ING Perpetual Debt Securities will receive all payments relating to their ING Perpetual Debt Securities in U.S. dollars.

So long as DTC, or its nominee, is the holder of a global ING Perpetual Debt Security, it will be considered the sole holder of the global ING Perpetual Debt Security for all purposes under the Indenture. Except as described below under "-- Issuance of Definitive Securities," no participant, indirect participant or other person will be entitled to have ING Perpetual Debt Securities registered in its name, receive or be entitled to receive physical delivery of ING Perpetual Debt Securities in definitive form or be considered the owner or holder of the ING Perpetual Debt Securities under the Indenture. Each person having an ownership or other interest in ING Perpetual Debt Securities must rely on the procedures of DTC, Euroclear and Clearstream, Luxembourg, and, if a person is not a participant or another securities intermediary through which that person owns its interest, exercise any rights and obligations of a holder under the Indenture or the ING Perpetual Debt Securities. See also "Legal Ownership and Book-Entry Issuance" in the accompanying prospectus.

PAYMENTS ON THE GLOBAL SECURITIES

Payments of any amounts in respect of any global ING Perpetual Debt Securities will be made by the trustee to DTC. Payments will be made to beneficial owners of ING Perpetual Debt Securities in accordance with the rules and procedures of DTC or its direct and indirect participants, as applicable. Neither we, the trustee or any of our agents will have any responsibility or liability for any aspect of the records of any securities intermediary in the chain of intermediaries between DTC, Euroclear or Clearstream, Luxembourg, and any beneficial owner of an interest in a global security, or the failure of DTC, Euroclear or Clearstream, Luxembourg, or any intermediary to pass through to any beneficial owner any payments that we make to DTC.

For more information about holding ING Perpetual Debt Securities in global book-entry form please see "Legal Ownership and Book-Entry Issuance" in the accompanying prospectus.

ISSUANCE OF DEFINITIVE SECURITIES

Edgar Filing: ING GROEP NV - Form 424B5

So long as DTC holds the global ING Perpetual Debt Securities, the global securities will not be exchangeable for definitive securities unless:

- DTC notifies the trustee that it is unwilling or unable to continue to hold the book-entry ING Perpetual Debt Securities or DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 and the trustee does not appoint a successor to DTC which is registered under the Securities Exchange Act of 1934 within 120 days;
- a Payment Default has occurred and is continuing;
- a Payment Event has occurred;

S-34

- in the event of our bankruptcy we fail to make a payment on the ING Perpetual Debt Securities when due; or
- at any time we determine in our sole discretion that the global securities of a particular series should be exchanged for definitive debt securities of that series in registered form.

Each person having an ownership or other interest in ING Perpetual Debt Securities must rely exclusively on the rules and procedures of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and any agreement with any participant of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, or any other securities intermediary through which that person holds its interest to receive or direct the delivery or possession of any definitive security.

Definitive securities will be issued in registered form only in denominations of US\$25 and any integral multiples thereof. To the extent permitted by law, we and the trustee are entitled to treat the person in whose name any definitive security is registered as its absolute owner.

Payments in respect of each series of definitive securities will be made to the person in whose name the definitive securities are registered as it appears in the register for that series. Payments will be made in respect of the ING Perpetual Debt Securities by transfer to the holder's account in New York.

If we issue definitive securities of a particular series in exchange for global ING Perpetual Debt Securities, DTC, as holder of the global ING Perpetual Debt Securities, will surrender it against receipt of the definitive securities, cancel the book-entry securities of that series, and distribute the definitive securities of that series to the persons in the amounts that DTC specifies.

If definitive securities are issued in the limited circumstances described above, those securities may be transferred in whole or in part in denominations of any whole number of securities upon surrender of the definitive securities certificates together with the form of transfer endorsed on it, duly completed and executed at the specified office of the trustee. If only part of a securities certificate is transferred, a new securities certificate representing the balance not transferred will be issued to the transferor. For more information regarding the transfer and exchange of definitive securities see "Description of Debt Securities We May Offer -- Form, Exchange and Transfer of Debt Securities -- Transfer and Exchange" in the accompanying prospectus.

UNITED STATES TAXATION

This section describes the material United States federal income tax

Edgar Filing: ING GROEP NV - Form 424B5

consequences of owning ING Perpetual Debt Securities. It applies to you only if you acquire your ING Perpetual Debt Securities in this offering and you hold your ING Perpetual Debt Securities as capital assets for tax purposes. This section does not apply to you if you are a member of a special class of holders subject to special rules, including:

- a dealer in ING Perpetual Debt Securities;
- a trader in ING Perpetual Debt Securities that elects to use a mark-to-market method of accounting for your ING Perpetual Debt Securities holdings;
- a tax-exempt organization;
- a life insurance company;
- a person liable for alternative minimum tax;
- a person that actually or constructively owns 10% or more of the voting stock of ING Groep N.V.;
- a person that holds ING Perpetual Debt Securities as part of a straddle or a hedging or conversion transaction; or
- a person whose functional currency is not the U.S. dollar.

S-39

This section is based on the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations, published rulings and court decisions all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

You are a U.S. holder if you are a beneficial owner of ING Perpetual Debt Securities and you are:

- a citizen or resident of the United States;
- a domestic corporation;
- an estate whose income is subject to U.S. federal income tax regardless of its source; or
- a trust if a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons are authorized to control all substantial decisions of the trust.

A "non-U.S. holder" is a beneficial owner of ING Perpetual Debt Securities that is not a U.S. person for U.S. federal income tax purposes.

You should consult your own tax advisor regarding the U.S. federal, state and local and other tax consequences of owning and disposing of ING Perpetual Debt Securities in your particular circumstances.

CLASSIFICATION OF THE ING PERPETUAL DEBT SECURITIES

Although the matter is not free from doubt, the ING Perpetual Debt Securities should be treated as an equity interest in ING Group, and not as debt. Accordingly, each "interest" payment should be treated as a distribution by ING Group with respect to such equity interest, and any reference in this discussion to "dividends" refers to the "interest" payments on the ING Perpetual

Edgar Filing: ING GROEP NV - Form 424B5

Debt Securities. The rest of this discussion so assumes.

TAXATION OF DIVIDENDS

U.S. HOLDERS. Under the U.S. federal income tax laws, and subject to the passive foreign investment company, or PFIC, rules discussed below, if you are a U.S. holder, you must include in your gross income the gross amount of any dividend paid by ING Group out of its current or accumulated earnings and profits (as determined for U.S. federal income tax purposes). The dividend is ordinary income that you must include in income when you receive the dividend, actually or constructively. The dividend will not be eligible for the dividends-received deduction generally allowed to U.S. corporations in respect of dividends received from other U.S. corporations. Distributions in excess of current and accumulated earnings and profits, as determined for U.S. federal income tax purposes, will be treated as a non-taxable return of capital to the extent of your basis in the ING Perpetual Debt Securities and thereafter as capital gain.

Dividends will be income from sources outside the United States, but generally will be "passive income" or "financial services income" which is treated separately from other types of income for purposes of computing the foreign tax credit allowable to you.

NON-U.S. HOLDERS. If you are a non-U.S. holder, dividends paid to you in respect of ING Perpetual Debt Securities will not be subject to U.S. federal income tax unless the dividends are "effectively connected" with your conduct of a trade or business within the United States, and the dividends are attributable to a permanent establishment that you maintain in the United States if that is required by an applicable income tax treaty as a condition for subjecting you to U.S. taxation on a net income basis. In such cases you generally will be taxed in the same manner as a U.S. holder. If you are a corporate non-U.S. holder, "effectively connected" dividends may, under certain circumstances, be subject to an additional "branch profits tax" at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

S-40

TAXATION OF CAPITAL GAINS

U.S. HOLDERS. Subject to the PFIC rules discussed below, if you are a U.S. holder and you sell or otherwise dispose of your ING Perpetual Debt Securities, you will recognize capital gain or loss for U.S. federal income tax purposes equal to the difference between the U.S. dollar value of the amount that you realize and your tax basis in your ING Perpetual Debt Securities. Capital gain of a noncorporate U.S. holder is generally taxed at a maximum rate of 20% where the property is held more than one year, and 18% where the property is held for more than five years. The gain or loss will generally be income or loss from sources within the United States for foreign tax credit limitation purposes.

NON-U.S. HOLDERS. If you are a non-U.S. holder, you will not be subject to U.S. federal income tax on gain recognized on the sale or other disposition of your ING Perpetual Debt Securities unless:

- the gain is "effectively connected" with your conduct of a trade or business in the United States, and the gain is attributable to a permanent establishment that you maintain in the United States if that is required by an applicable income tax treaty as a condition for subjecting you to U.S. taxation on a net income basis; or
- you are an individual, you are present in the United States for 183 or

Edgar Filing: ING GROEP NV - Form 424B5

more days in the taxable year of the sale and certain other conditions exist.

If you are a corporate non-U.S. holder, "effectively connected" gains that you recognize may also, under certain circumstances, be subject to an additional "branch profits tax" at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

PFIC RULES

We believe that ING Perpetual Debt Securities should not be treated as stock of a PFIC for U.S. federal income tax purposes, but this conclusion is a factual determination that is made annually and thus may be subject to change. If we were to be treated as a PFIC, unless a U.S. holder elects to be taxed annually on a mark-to-market basis with respect to the ING Perpetual Debt Securities, gain realized on the sale or other disposition of your ING Perpetual Debt Securities would in general not be treated as capital gain. Instead, if you are a U.S. holder, you would be treated as if you had realized such gain and certain "excess distributions" ratably over your holding period for the ING Perpetual Debt Securities and would be taxed at the highest tax rate in effect for each such year to which the gain was allocated, together with an interest charge in respect of the tax attributable to each such year.

BACKUP WITHHOLDING AND INFORMATION REPORTING

If you are a noncorporate U.S. holder, information reporting requirements, on Internal Revenue Service Form 1099, generally will apply to:

- dividend payments or other taxable distributions made to you within the United States; and
- the payment of proceeds to you from the sale of ING Perpetual Debt Securities effected at a U.S. office of a broker.

Additionally, backup withholding may apply to such payments if you are a noncorporate U.S. holder that:

- fails to provide an accurate taxpayer identification number;
- is notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax returns; or
- in certain circumstances, fails to comply with applicable certification requirements.

S-41

If you are a non-U.S. holder, you are generally exempt from backup withholding and information reporting requirements with respect to:

- dividend payments made to you outside the United States by the Group or another non-U.S. payor; and
- other dividend payments and the payment of the proceeds from the sale of ING Perpetual Debt Securities effected at a U.S. office of a broker, as long as the income associated with such payments is otherwise exempt from U.S. federal income tax; and:
- the payor or broker does not have actual knowledge or reason to know that you are a U.S. person; and you have furnished the payor or broker:

Edgar Filing: ING GROEP NV - Form 424B5

- an Internal Revenue Service Form W-8BEN or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-U.S. person; or
- other documentation upon which it may rely to treat the payments as made to a non-U.S. person in accordance with U.S. Treasury regulations; or
- you otherwise establish an exemption.

Payment of the proceeds from the sale of ING Perpetual Debt Securities effected at a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale of ING Perpetual Debt Securities that is effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

- the proceeds are transferred to an account maintained by you in the United States;
- the payment of proceeds or the confirmation of the sale is mailed to you at a U.S. address; or
- the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a U.S. person and the documentation requirements described above are met or you otherwise establish an exemption.

In addition, a sale of ING Perpetual Debt Securities effected at a foreign office of a broker will be subject to information reporting if the broker is:

- a U.S. person;
- a controlled foreign corporation for U.S. tax purposes;
- a foreign person 50% or more of whose gross income is effectively connected with the conduct of a U.S. trade or business for a specified three-year period; or
- a foreign partnership, if at any time during its tax year:
 - one or more of its partners are "U.S. persons," as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership; or
 - such foreign partnership is engaged in the conduct of a U.S. trade or business,

unless the broker does not have actual knowledge or reason to know that you are a U.S. person and the documentation requirements described above are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a U.S. person.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by filing a refund claim with the U.S. Internal Revenue Service.

This summary is based on the tax legislation, published case law, and other regulations in force as of December 2, 2002, without prejudice to any amendments introduced at a later date and implemented with or without retroactive effect.

In the following, it is assumed the holders of the ING Perpetual Debt Securities are not residents of The Netherlands, not deemed to be residents of The Netherlands and have not opted to be treated as resident in The Netherlands. We have been informed that under the current tax law and jurisprudence of The Netherlands:

WITHHOLDING TAX

All payments by us in respect of the ING Perpetual Debt Securities can be made without withholdings or deductions for or because of any taxes, duties or charges of any nature whatsoever that are or may be withheld or assessed by the Dutch tax authorities or any political subdivision thereof or therein.

TAXES ON INCOME AND CAPITAL GAINS

A holder of an ING Perpetual Debt Security who derives income from such ING Perpetual Debt Security, or who realizes a gain on the disposal or redemption of an ING Perpetual Debt Security, will not be subject to Dutch taxation on income or capital gains, unless:

Edgar Filing: ING GROEP NV - Form 424B5

N.V., which substantial interest does not form part of the assets of an enterprise.

GIFT, ESTATE OR INHERITANCE TAX

There will be no Dutch gift, estate or inheritance taxes levied on the transfer of an ING Perpetual Debt Security by way of gift by a holder, or upon the death of a holder, unless:

- the transfer is construed as an inheritance or as a gift made by or on behalf of a person who, at the time of the gift or death, is, or is deemed to be, resident in The Netherlands;

S-43

- such ING Perpetual Debt Security is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in The Netherlands; or
- if, in the case of a gift of ING Perpetual Debt Securities by a natural person who -- at the date of the gift -- was neither resident nor deemed to be resident in The Netherlands, such natural person takes up or is deemed to take up residence in The Netherlands and dies within 180 days after the date on which the gift was given.

VALUE-ADDED TAX

No value-added tax will be due in The Netherlands in respect of payments made in consideration for the issue of the ING Perpetual Debt Securities, whether in respect of payments of interest and principal or in respect of the transfer of an ING Perpetual Debt Security.

OTHER TAXES

There will be no registration tax, capital transfer tax, customs duty, stamp duty, property transfer tax or any other similar tax or duty due in The Netherlands in respect of or in connection with the issue, transfer, execution, delivery and enforcement by legal proceedings of the ING Perpetual Debt Securities or the performance of our obligations under the relevant documents. However, capital tax will be payable by us upon the issue of our Ordinary Shares to the trustee or its agent on the basis of the Alternative Interest Satisfaction Mechanism.

RESIDENCY

A holder of an ING Perpetual Debt Security will not become, and will not be deemed to be, resident in The Netherlands by the sole virtue of holding such ING Perpetual Debt Security or the execution, performance, delivery and/or enforcement of the relevant documents.

PROPOSED EUROPEAN UNION SAVINGS DIRECTIVE

On July 18, 2001, the European Commission published a proposal for a new directive regarding the taxation of savings income. It is proposed that each European Union Member State, which we refer to as a Member State, under its domestic law requires disbursing agents (within the meaning of the directive) established within its territory to provide to the tax authorities of another Member State details of the payment of interest or other similar income such as discount or premium to an individual resident in that other Member State. However, for a transitional period of seven years, Austria, Belgium and Luxembourg may opt instead to withhold tax from such payments. During the first

Edgar Filing: ING GROEP NV - Form 424B5

three years after the directive comes into force, tax will have to be withheld by these Member States at a rate of 15% and thereafter at 20%. The proposed directive is to be implemented by the Member States by January 1, 2004. However, since the implementation of the proposal is subject to certain non-Member States and associated territories and dependencies of Member States also agreeing to supply information or imposing a withholding tax, it is currently not possible to predict whether, when, or in what form the proposal will ultimately be adopted.

The Underwriters and/or their affiliates have provided investment banking, commercial banking and financial advisory services to us or our affiliates in the past, for which they have received customary compensation and expense reimbursement, and may do so again in the future. ING Financial Markets LLC, our subsidiary, is participating in this offering of ING Perpetual Debt Securities as an Underwriter.

It is expected that delivery of the ING Perpetual Debt Securities will be made against payment therefor on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of pricing of the ING Perpetual Debt Securities (such settlement cycle being herein referred to as "T+5"). Trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade ING Perpetual Debt Securities on the date of pricing or the next business day will be required, by virtue of the fact that the ING Perpetual Debt Securities initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of ING Perpetual Debt Securities who wish to trade certificates on the date of pricing or the next business day should consult their own advisors.
