FORM U-3A-2

Statement by Holding Company Claiming Exemption Under Rule U-3A-2 from the  
Provisions of the Public Utility Holding Company Act of 1935

NEW JERSEY RESOURCES CORPORATION

For the Calendar Year Ending December 31, 2003

New Jersey Resources Corporation (the "Company") hereby files with the Securities and Exchange Commission, pursuant to Rule 2, its statement claiming exemption as a holding company from the provisions of the Public Utility Holding Company Act of 1935, and submits the following information:

1. The Company and all of its affiliates named herein, unless otherwise noted, are New Jersey corporations, located at 1415 Wyckoff Road, Wall, New Jersey. The Company holds 100% of the Common Stock of New Jersey Natural Gas Company (NJNG), NJR Energy Services Company (Energy Services), NJR Retail Holdings Corporation (Retail Holdings), NJR Capital Services Corporation (Capital), and NJR Service Corporation (Service Corp.). The Company has no independent business operations but operates as a holding company of these and any other subsidiaries that may be formed in the future.

Energy Services provides unregulated wholesale energy services, including natural gas supply, pipeline capacity and storage management to customers in New Jersey and in states from the Gulf Coast to New England.

Retail Holdings, formed as an unregulated affiliate to consolidate the Company's unregulated retail operations, holds 100% of the following subsidiaries:

(a) NJR Home Services Company (Home Services) serves the needs of more than 131,300 customers under natural gas appliance protection plan contracts and installs, sells and services appliances to residential and commercial customers with residential-size equipment.

## Edgar Filing: NEW JERSEY RESOURCES CORP - Form U-3A-2

(b) NJR Natural Energy Company (Natural Energy) was formed to participate in the unregulated retail marketing of natural gas, but is currently a non-operating company;

(c) NJR Power Services Company (Power Services) was formed to participate in the distribution of alternative sources of energy, such as fuel cells and micro turbines, but is currently a non-operating company; and

(d) NJR Plumbing Services Company provides plumbing services necessary to support the heating, ventilation and air-conditioning operations of Home Services.

Capital was formed to consolidate the Company's unregulated energy-related and real estate investments. Capital's subsidiaries include the following:

(a) Commercial Realty & Resources Corp. (CR&R) develops and owns commercial office and mixed-use commercial/industrial real estate projects primarily in Monmouth and Atlantic counties, New Jersey. CR&R currently owns one fully leased building totaling 4,000 square feet and has about 151 acres of undeveloped land. In 2003, CR&R contracted to build a 200,000 square-foot build-to-suit building in the Monmouth Shores Corporate Office Park II. Total capital expenditures for the project are estimated at \$22.5 million;

(b) NJR Investment Company, which was formed to make energy-related equity investments; and

2

(c) NJR Energy Holdings, formerly a sub-holding company of NJR, has subsidiaries that include NJR Energy Corporation, an investor in energy-related ventures. NJNR Pipeline Company, a subsidiary of NJR Energy Corporation, also invests in energy-related ventures.

Service Corp. was formed to provide administrative services, including corporate communications, financial, internal audit, legal, and computer technology, to all affiliated companies.

Among the Company's direct and indirect subsidiaries, only NJNG is a public utility. NJNG is engaged in the business of purchasing, distributing and selling natural gas exclusively in the state of New Jersey, other than as described in Section 3(c) of this document, to nearly 450,000 residential, commercial and industrial customers in Monmouth and Ocean counties and parts of Morris and Middlesex counties.

Service Corp. and NJNG, from time to time, render to each other certain services and make available the use of certain personnel, facilities and equipment. The company receiving such services or using such facilities and equipment will reimburse the other for the cost thereof, pursuant to certain service agreements approved by the New Jersey Board of Public Utilities.

2. As of December 31, 2003, NJNG owned approximately 3,821 miles of

Edgar Filing: NEW JERSEY RESOURCES CORP - Form U-3A-2

steel, wrought and cast iron distribution main, and 2,473 miles of plastic distribution main. Additionally, NJNG owns approximately 208 miles of steel transmission main in various sizes, approximately 417,492 services and approximately 456,158 meters.

3

NJNG owns and operates two liquefied natural gas storage plants, one in Stafford Township and one in Howell Township, New Jersey. The two plants have an estimated maximum capacity of 20,000 and 150,000 Mcf per day, respectively. These facilities are used for peaking supply and emergencies.

NJNG owns two service centers, one in Atlantic Highlands and the other in Wall, New Jersey, and owns combined service center/customer service offices in Lakewood and Rockaway Township, New Jersey. NJNG leases a storage facility in Long Branch, New Jersey. NJNG also leases its headquarters facilities and a customer service office in Wall, New Jersey, a customer service office in Asbury Park, New Jersey, and a service center in Manahawkin, New Jersey. Each service center houses storerooms, garages, gas distribution operations, and small administrative offices. The customer service offices support customer contact, marketing and other functions.

NJNG owns and leases certain electronic data processing equipment and owns and leases a fleet of trucks, service vehicles, and automobiles.

Substantially all of NJNG's properties, not expressly excepted or duly released, are subject to the lien of an Indenture of Mortgage and Deed of Trust to Bank of New York, Midwest Trust Company, dated April 1, 1952, as amended by thirty (30) Supplemental Indentures, as security for NJNG's bonded debt which totaled approximately \$204,845.00 at December 31, 2003.

3. (a) NJNG distributed 73,154,712 Dth of natural or manufactured gas at retail in the State of New Jersey for the calendar year ended December 31, 2003. Revenues of \$591,055,950 were received from these sales.

(b) None.

4

(c) NJNG sold at wholesale approximately 29.9 Bcf of natural gas outside the State of New Jersey or at the State line to various customers during calendar 2003 under a Blanket Sale for Resale Certificate issued by the Federal Energy Regulatory Commission, as set forth in the following table:
