**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

June 1, 2004

To the Participants and Plan Administrator  
American Axle & Manufacturing, Inc. Personal Savings Plan for Hourly-Rate Associates  
Detroit, Michigan

We have audited the accompanying statement of assets available for benefits of the American Axle & Manufacturing, Inc. Personal Savings Plan for Hourly-Rate Associates (the Plan ) as of December 31, 2003, and the related statement of changes in assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit. The statement of assets available for benefits of the Plan as of December 31, 2002 was audited by other auditors whose report dated June 16, 2003 expressed an unqualified opinion on that statement.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the aforementioned 2003 financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2003 is presented for purposes of complying with the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is not a required part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**1. DESCRIPTION OF THE PLAN**

**General** - The following description of the American Axle & Manufacturing, Inc. Personal Savings Plan for Hourly-Rate Associates (the Plan) provides only general information. Participants should refer to the summary plan description for more complete details of the Plan's provisions. Copies of the summary plan description are available from the human resource department of American Axle & Manufacturing, Inc. (the Company).

The Plan, established March 1, 1994, is a defined contribution plan covering substantially all employees of the Company and the Company's U.S. subsidiaries who are members of the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America (UAW) and the International Association of Machinists and Aerospace Workers (IAM). The collective bargaining agreements which cover the above employees expire in 2004 and 2005, respectively. The Company may amend, modify, suspend, or terminate the Plan to the extent not precluded by the applicable agreements. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of members or their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - The Plan provides for each participant to contribute from 1% to 40% of their eligible earnings. The employee contributions may be made on a pre-tax or after-tax basis. Employees over age 50 may contribute an additional 1% to 40% as a catch-up contribution. Certain limitations exist as defined in the Plan agreement as to maximum contribution amounts. Additionally, participants may transfer funds into the Plan from other qualified plans. Employee participation is voluntary.

**Vesting** - Each participant is fully vested in the assets credited to their account, and no portion of such account shall be subject to forfeiture.

**Investment Options** - Participants may direct investments to be split among any of the investment fund options available.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
DECEMBER 31, 2003 AND 2002 AND FOR THE YEAR ENDED DECEMBER 31, 2003**

**1. DESCRIPTION OF THE PLAN (CONTINUED)**

*Participant Loans* - The Plan allows participants to borrow against their account balances with repayment through payroll deductions. Loans can be from a minimum of \$1,000 to a maximum of \$50,000 or 50%, whichever is less, of the participant's vested account balance.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*General* - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ( GAAP ).

*Valuation of Investments* - The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices that represent the asset value of the shares held by the Plan at year-end. Participant loans are recorded at cost, which approximates fair value.

*Use of Estimates* - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits at the date of the financial statements and the reported amounts of increases or decreases in assets available for benefits during the reporting period. Actual results could differ from those estimates. The Plan invests in various securities, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits.
