MEADOWBROOK INSURANCE GROUP, INC.

PROXY STATEMENT

QUESTIONS AND ANSWERS

1. What is a proxy?

A proxy is a procedure which enables you, as a shareholder, to authorize someone else to cast your vote for you. The Board of Directors of Meadowbrook Insurance Group, Inc. (the Company) is soliciting your proxy, and asking you to authorize Merton J. Segal, Chairman of the Board, Robert S. Cubbin, the President and Chief Executive Officer or Michael G. Costello, the Senior Vice President, General Counsel and Secretary of the Company, to cast your vote at the 2007 Annual Meeting. You may, of course, cast your vote in person or abstain from voting, if you so choose. The term proxy is also used to refer to the person who is authorized by you to vote for you.

2. What is a proxy statement and a proxy card?

A proxy statement is the document the United States Securities and Exchange Commission requires to explain the matters on which you are asked to vote. A proxy card is the form by which you may authorize someone else, and in this case Mr. Segal, Mr. Cubbin or Mr. Costello, to cast your vote for you. This proxy statement and proxy card with respect to the Company's 2007 Annual Meeting were mailed on or about April 11, 2007 to all shareholders entitled to vote at the Annual Meeting.

3. Who is entitled to vote?

Only holders of shares of the Company's common stock at the close of business on March 16, 2007 (the Record Date) are entitled to vote at the Annual Meeting. Each shareholder of record has one vote for each share of common stock for each matter presented for a vote.

4. What will I vote on at the Annual Meeting?

At the Annual Meeting, shareholders will vote upon:

- (i) Election of four directors for a three-year term expiring in 2010, or until the election and qualification of their successors;
- (ii) Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm;
- (iii) A proposal to amend the Company's Articles of Incorporation to increase the number of authorized shares of Common Stock from 50,000,000 to 75,000,000; and
- (iv) Transact any other business that is properly submitted before the Annual Meeting or any adjournments of the Annual Meeting.

5. How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends a vote FOR each proposal.

6. How can I vote?

You can vote in person or by proxy. To vote by proxy, complete, sign, date and return the enclosed proxy card in the enclosed envelope. If you returned your signed proxy card to the Company before the Annual Meeting, the persons named as proxies on the card will vote your shares as you direct. Shares represented by proxies, which are marked

WITHHELD to vote for all four nominees for director, or for any individual nominee(s) for election as director(s) and which are not otherwise marked FOR the other nominees, will not be counted in determining whether a plurality vote has been received for the election of directors. Similarly, shares represented by proxies which are marked ABSTAIN on the proposals to ratify the appointment of Ernst & Young LLP as independent registered public accounting firm for the Company in 2007, and to amend the Articles of Incorporation to increase the number of authorized shares of common stock, will not be counted in determining whether the requisite vote has been received for such proposal. IF YOU WISH TO VOTE IN THE

Table of Contents

MANNER THE BOARD OF DIRECTORS RECOMMENDS, IT IS NOT NECESSARY TO SPECIFY YOUR CHOICE ON THE PROXY CARD. SIMPLY SIGN, DATE AND RETURN THE PROXY CARD IN THE ENCLOSED ENVELOPE. You may revoke a proxy at any time before the proxy is voted by:

- (i) Providing written notice of revocation to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this booklet;
- (ii) Submitting another proxy that is properly signed and dated later; or
- (iii) Voting in person at the meeting (but only if the shares are registered in the Company's records in your name and not in the name of a broker, dealer, bank or other third party).

7. Is my vote confidential?

Yes, your vote is confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the votes have access to your proxy card. All comments received will be forwarded to management on an anonymous basis unless, of course, you ask that your name be disclosed.

8. What is a quorum?

There were 29,532,880 shares of the Company's common stock outstanding on the Record Date. A majority of the outstanding shares, or 14,766,441 shares, present or represented by proxy, constitutes a quorum. A quorum must exist to conduct business at the Annual Meeting. Abstentions and broker non-votes are counted as votes present. A broker non-vote is a proxy a broker submits that does not indicate a vote for the proposal, because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on the proposal.

9. How does voting work?

If a quorum exists at the Annual Meeting, a plurality vote, being the greatest number, of the shares voted, although not a majority is required to elect the four nominees for director. The four nominees receiving the highest number of votes will be elected. If a quorum is present, the affirmative vote by the holders of a majority of the shares present, or represented by proxy, is required to ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company in 2007. The affirmative vote by the holders of a majority of all of the outstanding shares entitled to vote, however, is required to approve the proposal to amend the Articles of Incorporation to increase the number of authorized shares of common stock. Broker non-votes are excluded for each of these purposes. Therefore, a broker non-vote will have no effect on the proposals to elect the four nominees for director and ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company in 2007, a broker non-vote has the effect of a vote against the proposal to amend the Articles of Incorporation to increase the number of authorized shares of common stock.

The Company will vote properly executed proxies it receives prior to the Annual Meeting in the way you direct. If you do not specify instructions, the shares represented by proxies will be voted FOR the nominees for director and FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the Company in 2007, and FOR the proposal to amend the Articles of Incorporation to increase the number of authorized shares of common stock.

10. Who pays for the costs of the Annual Meeting?

The Company pays the cost of preparing and printing the proxy statement, proxy card and soliciting proxies. The Company will solicit proxies primarily by mail, but also may solicit proxies personally and by telephone, facsimile or other means. Officers and regular employees of the Company and its subsidiaries also may solicit proxies, but will receive no additional compensation for doing so, nor will their efforts result in more than a minimal cost to the Company. The Company also will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial owners of the Company's common stock.

Table of Contents

11. When are stockholder proposals for the 2008 Annual Meeting due?

All shareholder proposals to be considered for inclusion in next year's proxy statement under Securities and Exchange Commission Rule 14a-8 must be submitted in writing to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this booklet by December 14, 2007.

For any proposal that is not submitted for inclusion in next year's proxy statement but instead is sought to be presented directly at next year's annual meeting, Securities and Exchange Commission rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on February 27, 2008 and advises shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on February 27, 2008.

The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

**THE FIRST PROPOSAL ON WHICH YOU ARE VOTING
THE ELECTION OF FOUR DIRECTORS**

The Company's Board of Directors (the Board) is divided into three classes with each class of directors elected to a three-year term of office. At each annual meeting of shareholders, the shareholders elect one class of directors for a three-year term to succeed the class of directors whose term of office expires at that meeting.

This year you are voting on four candidates for director. The Company's Board, acting upon the recommendation of the Governance and Nominating Committee, has nominated: Merton J. Segal, Joseph S. Dresner, David K. Page, and Herbert Tyner as directors with terms expiring in 2010. Each nominee currently serves as a director, has consented to their nomination and has agreed to serve as a director, if elected.

If any of the nominees are unable to stand for election, the Company may vote the shares to elect a substitute nominee, who is nominated by the Board, or the number of directors to be elected at the Annual Meeting may be reduced.

The Company's Board recommends a vote FOR each of the nominees.

Attention: Governance and Nominating Committee

The Governance and Nominating Committee has not established specific minimum qualifications and skills for directors to possess. The Governance and Nominating Committee uses a subjective process for identifying and evaluating nominees for director, based upon the information available to members of the Governance and Nominating Committee and the Company's then current needs. The Governance and Nominating Committee does not believe there would be any difference in the manner in which it evaluates nominees based on whether the nominee is recommended by a shareholder or director. Historically, nominees have been the existing directors or persons with significant business, insurance, accounting, actuarial or legal experience.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion & Analysis

Overview

As previously indicated, the Compensation Committee (the Committee) of the Board reviews and approves the goals and objectives for the Chairman and Chief Executive Officer, as well as evaluates their performance and approves their compensation. The Committee is also responsible for reviewing recommendations made by the Chief Executive Officer relating to the compensation of our named executive officers who report to the Chief Executive Officer. In addition, the Committee is responsible for reviewing and approving stock option awards and/or long-term incentive awards granted to applicable employees. The Committee is authorized to periodically review our compensation philosophy relating to the salaries, bonuses and other long-term incentive awards paid to our employees.

It is our policy to offer a compensation package including a competitive salary, an incentive bonus based upon individual and Company performance, as well as, competitive benefits. Our compensation policy for our named executive officers is similar to that of other employers and is intended to attract, motivate, and retain talented management, continued performance and attainment of corporate and personal goals, as well as to further promote our financial success by aligning executive officers' financial interest with long-term shareholder value.

The primary elements of our executive compensation program are base salary, annual incentive bonus, long-term cash and equity incentives, post-termination severance, and other benefits and perquisites. Other benefits and perquisites consist of a qualified 401(k) savings plan, a non-qualified deferred compensation plan, automobile allowance, and other miscellaneous perquisites summarized within the Summary Compensation Table.

Criteria for awarding stock options or long-term incentive awards to our named executive officers includes level of responsibility, expected future contributions, market data for our competitors in the insurance industry, corporate performance and actual achievement of individually established goals.

Compensation Assessment

Periodically, the Committee has retained Towers Perrin to review our compensation plans, as well as the compensation for our senior executives and the Board.

In 2006, the Committee engaged Towers Perrin to: 1) provide information relating to competitive salary, target annual and long term incentive levels for eight of our senior executives (excluding the Chairman of the Board) and current compensation trends, and 2) assess the structure of our annual bonus and Long-Term Incentive Plan (LTIP). The review considered the compensation practices in the insurance industry, which was supplemented with general industry data and companies similar in size, assets and revenue. The eight executive salaries and target annual bonus

opportunities were within the competitive range of market median levels. However, the executives' long-term incentive award opportunities were, on average, below market median levels. For reference purposes, in addition to the survey pay analysis described above, Towers Perrin presented fiscal 2005 pay levels (from proxy filings) of nine insurance companies, specifically, HCC Insurance Holdings, Inc., Markel Corporation, Philadelphia Consolidated Holding Corporation, ProAssurance Corporation, RLI Corporation, Argonaut Group, Inc., Sea Bright Insurance Holdings, Inc., Tower Group and American Physicians Capital, Inc.

Table of Contents

The Committee considered many factors, including Towers Perrin's analysis and recommendations, when adjusting the structure of our executive compensation program. For 2007, minor adjustments were made to the executives' base salary and annual incentive bonus award opportunities. Certain of the executives' target award opportunities under the LTIP were increased to align with market competitive levels given our interest in recruiting and retaining a strong management team.

Base Salary

Base salary is established based on various criteria consisting of level of responsibility, corporate performance, personal contribution to our success, experience, expertise and market data for our competitors in the insurance industry. We provide the opportunity for our executive officers to earn a competitive annual base salary. Generally, we believe executive base salaries should be set within the competitive range of salaries for executives in similar positions at comparable companies. Base salaries are reviewed annually and increases are based on corporate performance and individual performance. For 2006, the average increase in salaries of the named executive officers from 2005 salaries was 5.2%. For 2007, the average increase in salaries of the named executive officers from 2006 salaries is 3.5%.

Annual Incentive Bonus

In addition to base salaries, we have established a variable compensation Annual Bonus Plan (Bonus Plan) as an incentive for performance of our executive officers. We believe performance-based cash bonuses are an important factor in providing incentives to executive officers to achieve pre-defined annual objectives. Criteria for determining the named executive officers' annual incentive bonus includes corporate performance, personal contribution to our success, achievement of individually established goals, market data for our competitors in the insurance industry and the attainment of other corporate objectives.

The Bonus Plan is a discretionary cash bonus plan premised upon a targeted growth in net after-tax earnings on a year over year basis. Each year, the Committee and our Board establish a new target based upon prior year performance and the forecasted performance levels anticipated for the following year. If the minimum threshold is met, the Bonus Plan is funded from 0% up to a maximum of 120% of the targeted bonus pool. The amount of the bonus pool is established by aggregating the individual targets for each participant, which is a percentage of salary.

At the end of the year, the Committee and the Board review our performance in relation to performance targets and then establish the total bonus pool to be utilized to pay cash bonuses to the management team based upon overall corporate and individual participant goals. At the discretion of the Board, actual bonuses paid may be above or below targeted bonus levels. Ultimately, all awards are reviewed and approved by the Board both at inception and distribution.

In February 2006, the Board, upon recommendation of the Committee, established target bonus awards, based on a percentage of salary for each named executive officer. In February 2007, the Committee and the Board determined the applicable performance goals were substantially achieved in 2006 and on February 8, 2007, the Committee and the Board approved the distribution of the annual bonus awards.

Long-Term Incentive Plan Compensation

We provide the opportunity for our named executive officers and other executives to earn a long-term incentive award under our LTIP, adopted in 2004. The LTIP is intended to provide an incentive to management to improve our performance over a three year period, thereby increasing shareholder value, with the first performance period

commencing January 1, 2004. The LTIP is not discretionary and is based upon a target for an average three year return on beginning equity. The return on beginning equity target for the minimum 2004-2006 LTIP was 9.1%. In addition, the LTIP is based upon the achievement of cumulative three year after tax earnings of \$46.0 million. If the targets are met and all other terms and conditions are satisfied, the LTIP awards are paid. The LTIP can be funded from 0% to 160% of target, based upon our three year performance.

The LTIP is paid 50% in cash and 50% in stock. The cash portion of the award is made in three annual installments, with the first payment being paid as of the end of the performance period. The remaining two

Table of Contents

payments would be paid in the subsequent two years. Any unpaid portion of a cash award is subject to forfeiture if the participant voluntarily leaves, or is discharged for cause. The portion of the award to be paid in the form of stock will be issued as a stock award under the terms and conditions of the 2002 Amended and Restated Stock Option Plan as of the end of the performance period. The number of shares of common stock awarded is based upon the closing stock price at the beginning of the three year performance period. A participant's percentage is established by the Committee and the Board in advance of any new three year LTIP award. Ultimately, all awards under the LTIP are reviewed and approved by the Board both at inception and distribution.

In 2006, we achieved a three year return on beginning equity of 10.4% and our cumulative three year after tax earnings was \$53.8 million. Based on our performance over the three year period we attained 120% of the performance target under the LTIP. On February 8, 2007, the Committee and the Board approved the distribution of the LTIP award and the related grant of stock awards under the 2002 Amended and Restated Stock Option Plan for the 2004-2006 plan years.

Stock Options

In addition to the above variable compensation plans, we also provide for the granting of stock options under our 1995 and 2002 Amended and Restated Stock Options Plans (the Plans). These Plans are intended to further our interests and our shareholders interests by attracting, retaining, and motivating key management. The Plans provide for the grant of stock options (which may be nonqualified options or incentive stock options for tax purposes) and restricted stock awards.

The Committee is authorized to determine the terms and conditions of all restricted stock awards and option grants, subject to the limitations that the option price per share may not be less than the fair market value of a share of common stock on the date of grant and the term of an option may not be longer than ten years. Payment of the option price may be made in any manner specified by the Committee (which may include payment in cash or common stock or by cashless exercise).

We did not grant any stock options during 2006 under either of the Plans and have not granted any stock options since 2003.

Executive Perquisites

We provide the opportunity for our named executive officers to receive certain perquisites, such as automobile allowances and reimbursement for club membership dues. We also offer participation in our defined contribution 401(k) plan, as well as a non-qualified deferred compensation plan. In addition, our named executive officers occasionally receive tickets to sporting events or entertainment for personal use if the tickets are not needed for business use, for which we do not incur incremental costs. These benefits are provided as an additional incentive for our executives and to remain competitive within the marketplace for such talent. These perquisites are summarized within the *Other Compensation Table* below.

Chief Executive Officer Compensation

For 2006, the Committee established fifteen performance objectives for Mr. Cubbin. The performance goals included financial, operational and entity-wide control objectives. The financial objectives included goals for return on equity, earnings per share, targeted combined ratio, growth of after-tax profit, written premium, fee and commission revenue. The operational goals included implementation of new programs, growth of the Company's fee based business and consideration of strategic acquisitions. Further, the entity-wide control objectives included implementation of a risk assessment policy, and maintenance of the internal controls over financial reporting. The Committee determined that

Mr. Cubbin achieved substantially all of these performance objectives for 2006. Mr. Cubbin's base salary for the year ended December 31, 2006 was \$535,000. In addition, Mr. Cubbin received an annual bonus of \$285,000 in 2006, for his performance in 2005. Based upon Mr. Cubbin's performance in 2006, the compensation committee awarded a salary increase for 2007 of \$40,000, as well as an annual bonus of \$400,000. Further, the Compensation Committee approved a targeted annual bonus for 2007 of 50% of his base salary.

The Excess Plan allows certain employees, including the named executive officers, to defer receipt of current compensation in order to provide retirement and other benefits, as provided for in the Excess Plan. Deferred amounts are credited with earnings or losses based on the rate of return of funds selected by the participants in the plan. The Excess Plan is intended to be an unfunded plan maintained primarily for the purpose of providing deferred compensation benefits for eligible employees. We do not make contributions to participants' accounts under the Excess Plan. Participants may defer up to 100% of salary and bonus payments. Distributions are made in either a lump sum or installments over a period not to exceed five years as chosen by the executive at the time of the deferral.

These restrictions are in addition to those already in effect for all Company employees. Robert S. Cubbin and Michael G. Costello Employment Agreements

The Company entered into employment agreements with Mr. Cubbin and Mr. Costello effective January 1, 2004 through December 31, 2006. Unless either the Company or they give notice to the other party of an election not to renew their employment agreement on or before December 31, 2004, and annually thereafter, the employment agreement will automatically be extended one additional year.

Mr. Cubbin's employment agreement provides for a base salary of not less than \$37,500 per month. Mr. Costello's provides for a base salary of not less than \$18,417 per month. In addition, at the sole discretion of the Company, upon

The Demand Note was amended effective June 1, 2001 and deemed a non-recourse loan with the Company's sole remedy in the event of a default being the reclamation of the shares of the Company that were pledged as collateral. The employment agreement also provides that in the event Mr. Cubbin's employment is terminated by the Company without Cause or as a result of any purchaser acquiring 50% or more of the outstanding shares of the Company, then (a) the Demand Note shall be cancelled and deemed paid in full, and (b) Mr. Cubbin shall be entitled to retain his shares of Company stock subject to the pledge agreement or, in his discretion, sell the shares back to the Company at the then current market price or book value, whichever is greater. In the event his employment terminates following a change in control and Mr. Costello becomes entitled to the aforementioned payments, Mr. Costello has agreed to be subject to restrictive covenants against competing with the Company for a period of two years following such termination of employment. (Not applicable to Employment Agreement of Mr. Segal, dated January 1, 2006.)

AT-WILL EMPLOYMENT AND SEVERANCE AGREEMENTS

It is the Company's philosophy to attract and retain high-quality people, which is crucial to the short-term and long-term success of the Company. In order to further this goal, the Company determined that it was in the best

interests of the Company to enter into At-Will Employment and Severance Agreements (the Agreements) with twelve (12) senior executives of the Company, including Karen M. Spaun, Gregory L. Wilde and Stephen A. Belden. These Agreements provide for a lump-sum severance payment (of up to twelve (12) months of the executive s annual base salary, plus one times the executive s targeted annual bonus) to the executive in the event the executive s employment is terminated without Good Cause or Good Reason within two (2) years following a Change of Control of the Company. The Compensation Committee reviewed and approved the Agreements and those executives eligible for such Agreements. The actions of the Compensation Committee were also ratified by the Board of Directors of the Company.

THIRD PROPOSAL ON WHICH YOU ARE VOTING
THE THIRD PROPOSAL ON WHICH YOU ARE VOTING PROPOSAL TO AMEND
MEADOWBROOK INSURANCE GROUP, INC. S ARTICLES OF INCORPORATION TO
INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK OF THE
COMPANY FROM 50,000,000 TO 75,000,000.

The Board of Directors has adopted a resolution to amend Article III of the Company's Articles of Incorporation to increase the authorized shares of Common Stock from 50,000,000 shares to 75,000,000 shares, thereby increasing the total number of authorized shares of capital stock from 51,000,000 to 76,000,000 (the Articles Amendment). To effect the Articles Amendment, Article III of the Articles of Incorporation would be amended and restated to read as follows:

The total authorized shares:

Common shares 75,000,000 Preferred shares 1,000,000.

A statement of all or any of the relative rights, preferences and limitations of the shares of each class is as follows:

The holder of each outstanding common share shall have one vote per share with respect to all matters submitted to a vote of shareholders.

The preferred shares shall be issued from time to time in one or more series of such number of shares with such distinctive serial designations and (a) may have such voting powers, full or limited or may be without voting

powers; (b) may be subject to redemption at such time or times and at such prices; (c) may be entitled to receive dividends (which may be cumulative or non-cumulative) at such rate or rates, on such conditions and as such times and payable in preference to, or in such relation to, the dividends payable on any other class or classes or series of shares; (d) may have such rights upon the dissolution of, or upon any distribution of the assets of, the corporation; (e) may be made convertible into, or exchangeable for, shares of any other class or classes or of any other series of the same or any other class or classes of shares of the corporation, at such price or prices or at such rates of exchange, and with such adjustments; and (f) may have such other relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, all as shall hereafter be stated and expressed in the resolution or resolutions providing for the issue of each such series of preferred shares from time to time adopted by the Board of Directors pursuant to authority so to do which is hereby expressly vested in the Board of Directors.

The number of authorized shares of any class of shares of the corporation, including without limitation, the common shares and the preferred shares, may be increased or decreased by the affirmative vote the holders of the majority of the shares of the corporation entitled to vote, without regard to class.

At the close of business on March 16, 2007, there were:

29,532,880 shares of Common Stock issued and outstanding;

331,135 shares of Common Stock issuable upon the exercise of outstanding stock options; and

150,000 authorized shares of Series A Preferred Stock, issuable pursuant to the Rights Agreement dated September 20, 1999 between the Company and LaSalle Bank National, as Rights Agent.

The purpose of the proposed increase in the authorized number of shares of Common Stock is to provide the Company with additional shares to issue in connection with (i) acquisitions or other business combinations; (ii) the exercise of stock options by, or the issuance of other stock awards to, directors, officers and employees; and (iii) raising additional capital to improve the Company's capital ratios for business and regulatory purposes.

The Company believes that the number of shares of Common Stock that would be available for issuance following adoption of the Articles Amendment would be sufficient for any purposes foreseeable by the Company at this time. The Company does not currently contemplate that further authorization by a vote of the Company's shareholders will be solicited prior to the issuance of Common Stock that would be authorized if the Articles Amendment is approved. Other than increasing the number of authorized shares of the Company's Common Stock, the proposal to increase the authorized shares of Common Stock will not affect the rights, preferences or privileges of the Company's shareholders.

The Board of Directors has directed that the Articles Amendment be submitted for stockholder approval. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the Annual Meeting will be required for approval of the Articles Amendment. In the absence of approval, the authorized number of shares of Common Stock will remain 50,000,000.

When a proxy in the form of the proxy enclosed with this proxy statement is returned properly executed, unless marked to the contrary, such proxy will be voted in favor of the increase in authorized shares of Common Stock contemplated by the Articles Amendment.

The Board recommends that you vote FOR the approval of the proposal to amend the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 50,000,000 to 75,000,000.

OTHER MATTERS

The Company is not aware of any matter that may be brought before the Annual Meeting other than as described above. In the event any other matter properly comes before the Annual Meeting, the persons named in the accompanying form of proxy have discretionary authority to vote on such matters.
