The Benefit Plan Administrative Committee

National-Oilwell Retirement and Thrift Plan

We have audited the accompanying statements of net assets available for benefits of the National-Oilwell Retirement and Thrift Plan as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, and delinquent participant contributions for the year ended December 31, 2005, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

National-Oilwell Retirement and Thrift Plan Notes to Financial Statements December 31, 2005

#### 1. Description of Plan

The following description of the National-Oilwell Retirement and Thrift Plan (the Plan) is provided for general information only. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan s provisions, a copy of which is available from National Oilwell Varco, L.P. (formerly, National-Oilwell, L.P.) (the Company). The Company is a wholly owned subsidiary of National-Oilwell, Inc., which effective March 11, 2005, merged with Varco International, Inc. (Varco), to form National Oilwell Varco, Inc. All employees who were employed by Varco on March 11, 2005, received active service credit for their period of service with Varco. Effective as of the close of business on December 31, 2005, the Varco International, Inc. 401(k) Plan (the Varco Plan) merged into the Plan and net assets of \$211,754,258 were transferred into the Plan.

#### General

The Plan was established effective April 1, 1987, for the benefit of the employees of the Company. The Plan is a defined contribution plan covering substantially all domestic employees who have completed at least six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Participants may make both pretax and after-tax contributions to the Plan. The Plan allows pretax salary deferral contributions of 1% to 100% (less any after-tax contributions, required withholdings, or other elected deductions) of compensation, subject to certain Internal Revenue Service (IRS) limitations. After-tax contributions may be made at 1% to 18% of compensation. However, combined pretax and after-tax contributions, required withholdings, and other elected deductions cannot exceed 100% of compensation. The Company matches 100% of the first 3% and 50% of the next 2% of each participant s contribution. The Company may also make a discretionary contribution to the Plan, the Employer Retirement Contribution. The amount of the Employer Retirement Contribution is determined based upon participants salary and years of service. Each participant may direct the trustee to invest both the participant s and the Company s contributions in one or more of the investment options offered by the Plan.

7

#### **Table of Contents**

#### 1. Description of Plan (continued)

#### **Vesting**

Participants are immediately vested in participant and employer contributions and the related earnings that have been credited to their accounts.

#### **Benefit Payments**

The Plan pays lump-sum benefits on retirement, disability, death, or termination of employment. In-service withdrawals, subject to certain rules and restrictions, may also be made from certain account balances.

# **Participant Loans**

The Plan includes a loan provision that permits participants to borrow up to the lesser of \$50,000 or 50% of the total value of their Plan assets. The loans are payable in principal installments plus interest at prime plus 1% through payroll deductions and are due in one- to five-year terms.

## **Administrative Expenses**

Certain administrative expenses are paid from the Plan s assets. All other Plan expenses are paid by the Company.

#### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their accounts in any event. Assets would be distributed to participants as prescribed by ERISA.

## 2. Summary of Accounting Policies

## **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. Benefit payments to participants are recorded upon distribution.

8

#### **Table of Contents**

#### 2. Summary of Accounting Policies (continued)

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the reported amounts in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

Short-term investments are stated at cost, which approximates fair value. Investments in common stocks and mutual funds are stated at fair value, based on quotations obtained from national securities exchanges. Investments in common collective trust funds are based on quoted market values as determined by the issuer based on the fair value of the underlying investments. Participant loans are stated at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### **Risks and Uncertainties**

The Plan provides for investments in various securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Subsequent to this determination by the IRS, the Plan was restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.
