PROXY STATEMENT

GENERAL INFORMATION

We are providing these proxy materials to you in connection with the

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

solicitation of proxies by the Board of Directors of American Express Company for the 2003 Annual Meeting of Shareholders and for any adjournment or postponement of the Meeting. In this Proxy Statement, we refer to American Express Company as "the Company," "we" or "us."

We are holding the Annual Meeting at 10:00 a.m. Eastern Time, on Monday, April 28, 2003, at the Company's New York City headquarters and invite you to attend in person. If you need special assistance at the Meeting because of a disability, please call Stephen P. Norman, our Corporate Secretary, at (212) 640-5583.

The Company has arranged for live audio of the 2003 Annual Meeting to be accessible to the general public on the Internet at <http://ir.americanexpress.com>. A replay of the Meeting's audio webcast will also be available at the same website address beginning on the same day.

We intend to mail this Proxy Statement and proxy card to shareholders starting on or about March 14, 2003.

VOTING INFORMATION

RECORD DATE

You may vote all shares that you owned as of February 28, 2003, which is the record date for the Annual Meeting. On February 28, 2003, we had 1,304,650,222 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Meeting.

OWNERSHIP OF SHARES

You may own common shares (1) directly in your name as the shareholder of record, which includes shares purchased through our Shareholder's Stock Purchase Plan (Purchase Plan) and restricted share awards (RSAs) issued to employees under our long-term incentive plans, or (2) indirectly through a broker, bank or other holder of record, or (3) indirectly in the American Express Company Stock Fund of our Incentive Savings Plan (ISP), the Employee Stock Ownership Plan of Amex Canada, Inc., and the AEFA Stock Purchase Program.

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us, give your voting instructions by telephone or by the Internet or vote in person at the Meeting. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in "street name," and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Regardless of how you hold your shares, we invite you to attend the Meeting.

HOW TO VOTE

YOUR VOTE IS IMPORTANT. We encourage you to vote promptly. Internet and telephone voting are available through 4:00 p.m. Eastern Time on Tuesday, April 22, 2003 for shares held in employee plans and through 4:00 p.m. Eastern Time on Sunday, April 27, 2003 for all other shares. You may vote in one of the following ways:

BY TELEPHONE. If you are located in the U.S., you can vote your shares by calling the toll-free telephone number on your proxy card or in the instructions that accompany your proxy materials. You may vote by telephone 24

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

hours a day. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your votes. If you vote by telephone, you do not need to return your proxy card.

BY INTERNET. You can also vote your shares by the Internet. Your proxy card indicates the website you may access for Internet voting. You may vote by the Internet 24 hours a day. As with telephone voting, you will be able to confirm that the system has properly recorded your votes. If you are an owner in street name, please follow the Internet voting instructions that accompany your proxy materials. You may incur costs such as telephone and Internet access charges if you vote by the Internet.

BY MAIL. If you are a holder of record, you can vote by marking, dating and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you hold your shares in street name, please complete and mail the voting instruction card.

AT THE ANNUAL MEETING. The way you vote your shares now will not limit your right to change your vote at the Annual Meeting if you attend in person. If you hold your shares in street name, you must obtain a proxy, executed in your favor, from the holder of record if you wish to vote these shares at the Meeting.

All shares that have been properly voted and not revoked will be voted at the Meeting. If you sign and return your proxy card without any voting instructions, your shares will be voted as the Board of Directors recommends.

REVOCATION OF PROXIES. You can revoke your proxy at any time before your shares are voted if you (1) submit a written revocation to our Secretary, (2) submit a later-dated proxy (or voting instructions if you hold shares in street name), (3) provide subsequent telephone or Internet voting instructions or (4) vote in person at the Meeting.

SHARES HELD UNDER PLANS

If you participate in the Purchase Plan, your proxy card shows the number of shares enrolled in that plan as well as any shares you have acquired through dividend reinvestment. If you participate in the ISP, the Employee Stock Ownership Plan of Amex Canada, Inc., or the AEFA Stock Purchase Program, your proxy card may include shares that the plan has credited to your account.

To allow sufficient time for the plan trustees to vote, the trustees must receive your voting instructions by 4:00 p.m. Eastern Time on Tuesday, April 22, 2003. If the ISP trustee does not receive your instructions by that date, the trustee will vote your shares in the same proportion of votes that the trustee receives from other ISP participants. If the trustee for the Employee Stock Ownership Plan of Amex Canada, Inc., or the broker holding shares in the AEFA Stock Purchase Program do not receive your instructions by that date, they will not vote your shares.

CONFIDENTIAL VOTING

We maintain the confidentiality of the votes of individual shareholders. We do not disclose these votes to any member of management, except if we must disclose them for legal reasons. However, if a shareholder writes a comment on the proxy card, we will forward the comment to management. In reviewing the comment, management may learn how the shareholder voted. In addition, the Inspectors of Election and selected employees of our independent tabulating agent may have access to individual votes in the normal course of counting and verifying the vote.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

QUORUM AND REQUIRED VOTE

QUORUM. We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the votes that shareholders are entitled to cast are present at the Meeting, either in person or by proxy.

VOTES REQUIRED FOR PROPOSALS. To elect directors and adopt the other proposals, the following proportion of votes is required:

- . To elect the Directors, a plurality of the votes cast.
- . To ratify the selection of our auditors, and to adopt the shareholder proposals, the affirmative vote of a majority of the votes cast.

ROUTINE AND NON-ROUTINE PROPOSALS. New York Stock Exchange rules determine whether proposals presented at shareholder meetings are routine or not routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner.

2

If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is not routine and the owner does not provide any instructions.

The New York Stock Exchange has informed us that the election of directors and ratification of the selection of our auditors are routine items. The Exchange has also informed us that the shareholder proposals are not routine items.

HOW WE COUNT VOTES. In determining whether we have a quorum, we count abstentions and broker non-votes as present and entitled to vote.

In counting votes on the proposals:

- . We do not count abstentions or broker non-votes as votes cast for the election of Directors, but we do count votes withheld for one or more nominees as votes cast.
- . We do not count abstentions as votes cast on our proposal to ratify the selection of auditors or the shareholder proposals. We also do not count broker non-votes as votes cast on these proposals. Therefore, abstentions and broker non-votes will have no impact on the outcome of these proposals.

MULTIPLE SHAREHOLDERS SHARING THE SAME ADDRESS

In accordance with notices we previously sent to street-name shareholders who share a single address, we are sending only one annual report and proxy statement to that address unless we received contrary instructions from any shareholder at that address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if any shareholder residing at such an address wishes to receive a separate copy of the 2002 Annual Report, or this proxy statement, or a separate annual report or proxy statement in the future, they may telephone our Secretary, Stephen P. Norman, at (212) 640-5583 or write to him at 200 Vesey Street, New York, New York 10285. If you are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting the Secretary in the same

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

manner.

COST OF PROXY SOLICITATION

We will pay the expenses of soliciting proxies. Our Directors, officers or employees may solicit proxies for us in person, or by telephone, facsimile or electronic transmission. We have hired Morrow & Co. to help us distribute and solicit proxies. We will pay Morrow \$17,500 plus expenses for these services.

CORPORATE GOVERNANCE

Our business is managed by the Company's employees under the direction and oversight of the Board of Directors. Except for Mr. Chenault, none of our Board members is an employee of the Company. The Board limits membership of the Audit Committee, Compensation and Benefits Committee and Nominating and Governance Committee to independent non-employee Directors. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices and their participation in Board and Board committee meetings.

The Board of Directors has adopted Corporate Governance Principles which, along with the charters of the Board Committees and the Company's Code of Conduct, provide the framework for the governance of the Company. A complete copy of the Company's governance principles, the charters of the Board Committees and the Code of Conduct may be found on the Company's Investor Relations website at <http://ir.americanexpress.com>. The Audit Committee charter is also attached as Exhibit A to this proxy statement.

The following is a summary of the Company's Corporate Governance Principles.

A significant majority of the Board of Directors shall consist of independent, non-management directors who meet the criteria for independence required by the New York Stock Exchange.

A director is independent if he or she does not have a material relationship with the Company.

The Board has established the following guidelines to assist it in determining director independence:

3

A director will not be considered independent if, within the last five years (i) the director or an immediate family member was employed by the Company or a subsidiary as an officer, (ii) the director or an immediate family member was employed by the Company's auditor as partner or manager, or (iii) an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director as an officer.

The following relationships will be considered material:

- . If a Company director is an executive officer of another company which does business with the Company and the annual revenues derived from that business exceed 1% of either company's total revenues.
- . If a Company director is a director, officer or trustee of a charitable organization and the Company's annual charitable contributions to the organization (exclusive of gift-match payments) are greater than 1% of the organization's total annual charitable receipts.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- . If a Company director is a partner of or of counsel to a law firm that performs substantial legal services to the Company on a regular basis.
- . If a Company director is a partner, officer or employee of an investment bank or consulting firm that performs substantial services to the Company on a regular basis.

The Board of Directors has determined that as of January 27, 2003, nine of the Company's 12 incumbent directors are independent under these guidelines: Messrs. Akerson, Artzt, Bowen, Dolan, Johnson, Leschly, McGinn, Popoff and Walter. The other two non-management directors, Ms. Barshefsky and Mr. Jordan, continue to participate fully in the Board's activities and provide valuable insights and advice.

Directors should be persons who have achieved prominence in their field and who possess significant experience in areas of importance to the Company, such as general management, finance, marketing, technology, law, international business or public sector activities.

Directors should possess integrity, independence, energy, forthrightness, analytical skills and commitment to devote the necessary time and attention to the Company's affairs. Directors should possess a willingness to challenge and stimulate management and the ability to work as part of a team in an environment of trust.

The non-management directors shall meet periodically in executive session without the Chief Executive Officer present.

The executive sessions of non-management directors shall be chaired by the director who is the chairman of the Committee responsible for the issue being discussed. General discussions, such as the review of the Company's overall performance, may be chaired by a director chosen by the other directors, or may be chaired by the longest serving member of the Board. The Board will schedule three executive sessions of non-management directors each year. However, any director may request additional executive sessions of non-management directors to discuss any matter of concern.

Non-management directors shall have access to individual members of management or to other employees of the Company on a confidential basis. Directors are authorized to conduct independent investigations and to hire outside consultants or experts at the Company's expense. Directors shall also have access to Company records and files, and directors may contact other directors without informing company management regarding the purpose or even the fact of such contact.

The Company believes that each director should have a substantial personal investment in the Company. A personal holding of 20,000 shares of the Company is recommended for each director. Directors shall have five years to attain their share ownership threshold.

The Company has established several means for shareholders or others to communicate their concerns to the Board of Directors. If the concern relates to the Company's financial statements, accounting practices or internal controls, the concern should be submitted in writing to the Chairman of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern may be submitted in writing to the Chairman of the Nominating and Governance Committee in care of the Company's Secretary at the Company's headquarters address. If the shareholder is unsure as to which category his or her concern relates, he or she may communicate it to any one of the independent directors in care of the Company's Secretary.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

4

The Company's "whistleblower" policy prohibits the Company or any of its employees from retaliating or taking any adverse action against anyone for raising a concern. If a shareholder or employee nonetheless prefers to raise his or her concern in a confidential or anonymous manner, the concern may be directed to the Office of the Ombudsperson at the Company's headquarters or by telephone at 1-800-297-1010. The Ombudsperson will refer the concern to the appropriate independent director.

BOARD MEETINGS

During 2002, the Board of Directors met nine times. All our Directors attended 75 percent or more of the meetings of the Board and Board committees on which they served in 2002. Mr. Artzt will not be standing for reelection in accordance with the Board's retirement policy.

This table lists our five committees, the Directors who currently serve on them and the number of committee meetings held in 2002.

COMPENSATION AND BENEFITS COMMITTEE

The Compensation and Benefits Committee has oversight responsibility for the compensation and benefit programs for executive officers and other employees.

NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee considers and recommends candidates for election to the Board, advises the Board on Director compensation, oversees the annual performance evaluations of the Board and Board Committees, advises the Board on corporate governance matters and considers candidates for election to the Board that shareholders recommend in accordance with the requirements we provide on page 31.

EXECUTIVE COMMITTEE

The Executive Committee is authorized to meet instead of the full Board in emergencies or in the interval between Board meetings.

5

PUBLIC RESPONSIBILITY COMMITTEE

The Public Responsibility Committee reviews our practices that affect the communities in which we work and the public interest in general.

AUDIT COMMITTEE

The responsibilities of the Audit Committee are described in the committee charter beginning on page 32 and in the following Report of the Audit Committee.

All members of the Audit Committee are independent Directors as defined by the listing standards of the New York Stock Exchange and the Company's Corporate Governance Principles. The Board has also determined that Messrs. Akerson, Johnson and Walter meet the requirements for being "audit committee financial experts" as defined by regulations of the Securities and Exchange Commission adopted in January 2003.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

In the performance of its oversight function, the Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements. The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, has discussed with the independent auditors their independence from the Company and its management, and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

auditor's independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Chief Executive Officer and Chief Financial Officer of the Company to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements be included in the Company's 2002 Annual Report to Shareholders and Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

COMPENSATION OF DIRECTORS

----- CASH COMPENSATION

In 2002, we paid each non-employee Director compensation for Board service as follows:

- . an annual retainer of \$64,000, which we reduce by \$16,000 if the Director does not attend at least 75 percent of our Board meetings and meetings of the committees on which the Director serves;
- . an annual retainer of \$10,000 for a Director who is a committee chairperson; and
- . reimbursement of customary expenses for attending Board, committee and shareholder meetings.

We do not pay Directors who are also our employees any additional compensation for serving as a Director.

EQUITY COMPENSATION

We have two stock-related plans for our non-employee Directors that link a portion of their compensation to our share price performance. These plans are the Directors' Stock Option Plan and the Directors' Stock Plan.

DIRECTORS' STOCK OPTION PLAN. Under this plan, we made a 3,000-share stock option grant to each non-employee Director on the date of the 2002 Annual Meeting of Shareholders. The 2002 grant has these features:

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- . The exercise price is \$43.09 per share, which was the market price of our common shares on the date we made the grant.
- . Directors may exercise the option for up to ten years.
- . Directors may exercise one-third of the grant after one year, two-thirds after two years and the full grant after three years.
- . Directors may transfer the option to family members so long as the Director remains responsible for the payment of taxes when the transferee exercises the option.

This plan is due to expire on April 26, 2003 and will not be renewed.

DIRECTORS' STOCK PLAN. We make an annual grant of 600 common shares to each non-employee Director for service in the prior year. In two instances we will grant fewer than 600 shares: (1) we will grant 450 shares to any Director who attends less than 75 percent of all Board and committee meetings in the prior year and (2) we will grant 300 shares to any Director who joined the Board after July 1 of the prior year. In January 2003 we granted 600 common shares to each of ten Directors and 300 shares to Mr. Walter who was elected to the Board after July 1, 2002. This plan was established in July 1997 and is scheduled to expire in July 2007.

DEFERRED COMPENSATION PLAN

Non-employee Directors may elect to defer the receipt of their cash compensation until a later date. Participating Directors may invest their deferred amounts in two ways: (1) in a cash account that we value based on a schedule linked to our return on equity or (2) in a common share equivalent account that we value according to the performance of our common shares, including reinvested dividends. Under either alternative, Directors will receive cash payments and will not receive shares. Seven Directors currently participate in the plan. On page 9 we show the number of common share equivalent units we have credited thus far to the Directors who invest in the stock account.

DIRECTORS STOCK EQUIVALENT UNITS

Beginning in April 2003, non-employee Directors will receive 1,000 Stock Equivalent Units (SEU's) upon election or reelection at the Annual Meeting of Shareholders. The SEU's will be held for the Director until retirement. Each SEU will have a cash value equal to the value of one share of the Company's common stock. Upon the Director's retirement, the accumulated SEU's will be paid out in cash in an amount equal to the value of a corresponding number of common shares plus reinvested dividends from the date of grant.

RETIREMENT BENEFITS

We offer no retirement benefits to non-employee Directors who began their Board service after March 31, 1996. However, we pay a retirement benefit to Directors who (1) began their Board service on or before March 31,

1996, (2) have served on our Board for at least five years and (3) have never been our employees. The retirement benefit consists of a payment of \$30,000 per year for each year a Director served on the Board. We will not make payments past a Director's death. We may provide retirement benefits to Directors who do not qualify under this plan, but have never done so and have no plans to change

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

this practice. Six of the current Directors are eligible to receive retirement benefits.

INSURANCE

We provide our non-employee Directors with group term life insurance coverage of \$50,000 and accidental death and dismemberment insurance coverage of \$300,000. Directors may purchase \$50,000 of additional group term life insurance. In 2002 four Directors purchased this additional insurance.

DIRECTORS' CHARITABLE AWARD PROGRAM

One way we promote charitable giving is through our Directors' Charitable Award Program. Under this program we purchase life insurance on the lives of participating Directors and advisors to the Board. We will receive a \$1,000,000 benefit upon the death of a Director and \$500,000 upon the death of an advisor. We expect to donate one-half of the benefit to the American Express Foundation for charitable purposes and one-half directly to the charitable organization that the Director or advisor recommends. The program does not provide any financial benefit to Directors or advisors and we bear only nominal cost in running it. In addition, our donation of the death benefits to the Foundation helps meet the Foundation's funding needs.

OTHER ARRANGEMENTS

Mr. Jordan is of counsel to the law firm of Akin, Gump, Strauss, Hauer & Feld, L.L.P. Ms. Barshefsky is a partner of the law firm of Wilmer, Cutler & Pickering. These firms provided legal services to us in 2002 at customary rates and they continue to provide such services to us in 2003. Mr. Jordan is also a Senior Managing Director of the investment banking firm of Lazard Freres & Co. LLC, which the Company utilizes from time to time for investment banking and financial advisory services.

8

OWNERSHIP OF OUR COMMON SHARES

This table shows how many American Express common shares certain individuals and entities beneficially owned on February 28, 2003. These individuals and entities include: (1) owners of more than 5% of our outstanding common shares; (2) our current Directors; (3) the five executive officers named in the summary compensation table on page 21 and (4) all current Directors and executive officers as a group. A person has beneficial ownership over shares if the person has voting or investment power over the shares or the right to acquire such power within 60 days. Investment power means the power to direct the sale or other disposition of the shares. Each person has sole voting and investment power over the shares, except as we describe below. The table also shows the number of common share equivalent units we have credited to Directors under the Deferred Compensation Plan.

Of the shares listed in the table, National Indemnity Company beneficially owns 120,255,879 shares. National Indemnity is a subsidiary of Berkshire. Mr. Buffett, Berkshire and the subsidiaries of Berkshire share voting and investment power over the shares. As a result of this ownership position in Berkshire, Mr. Buffett may be considered the beneficial owner of the shares that Berkshire beneficially owns.

In 1995 we signed an agreement with Berkshire designed to ensure that Berkshire's investment in our Company will always be passive. The agreement remains in effect so long as Berkshire owns 10% or more of our voting securities. Berkshire made similar commitments to the Board of Governors of the Federal Reserve System. Berkshire and its subsidiaries have also agreed to follow our Board of Directors' recommendation in voting Company common shares they own so long as Mr. Chenault is our Chief Executive Officer and Berkshire owns 5% or more of our voting securities. With certain exceptions, Berkshire and its subsidiaries may not sell Company common shares to any person who owns more than 5% of our voting securities or who attempts to change the control of the Company.

ITEM 1--ELECTION OF DIRECTORS

Our Board of Directors currently has 12 members. Each current Board member, except for Mr. Artzt who is retiring, is standing for reelection, to hold office until the next Annual Meeting of Shareholders. If during the year a Director resigns or retires, the Board of Directors, with input from the Nominating and Governance Committee, may elect another Director as a replacement. The Board may add new members during the year based on a number of factors, such as the size of the Board and the Board's desire to add fresh perspectives or expertise.

The Board has appointed Gary L. Crittenden, Stephen P. Norman and Louise M. Parent as the proxy committee who will vote your shares on your behalf. Their names appear on the proxy card. These individuals intend to vote for the election of each of the eleven nominees unless you indicate on the proxy card or voting instructions that your vote is withheld from any or all of the nominees. The telephone and Internet voting procedures will include instructions on how to withhold your vote from any or all nominees. We expect that each nominee will be able to serve if elected as a Director. However, if any nominee is not able to serve, the persons named as proxies may vote for another person.

ITEM 2--SELECTION OF AUDITORS

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as our independent auditors for 2003. We are asking shareholders to ratify the Committee's selection. Ernst & Young LLP or a predecessor firm has served

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

as our independent auditors since 1975. Ernst & Young LLP follows a policy of rotating the partner in charge of the Company's audit every seven years. Other partners and non-partner personnel are rotated on a periodic basis. Beginning in 2004 the partner in charge of the Company's audit will be rotated every five years.

In the event the shareholders fail to ratify the appointment, the Audit Committee will consider it a direction to consider other auditors for the subsequent year.

One or more representatives of Ernst & Young will be present at the Meeting with the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

AUDIT FEES

The aggregate fees billed or to be billed by Ernst & Young for each of the last two fiscal years for professional services rendered for the audit of the Company's annual financial statements, review of financial statements included in the Company's Quarterly Reports on Form 10-Q and services that were provided in connection with statutory and regulatory filings or engagements were \$18.4 million for 2002 and \$15.2 million for 2001.

AUDIT-RELATED FEES

The aggregate fees billed or to be billed by Ernst & Young in each of the last two fiscal years for assurance and related services that were reasonably related to the performance of the audit or review of the Company's financial statements were \$1 million for 2002 and \$1.5 million for 2001. The nature of the services performed for these fees included, among other things, employee benefit plan audits, due diligence related to mergers, acquisitions and divestitures, internal control reviews, attest services not required by statute or regulation and consultations concerning financial accounting and reporting matters not classified as audit.

TAX FEES

The aggregate fees billed by Ernst & Young in each of the last two fiscal years for professional services rendered for tax compliance, tax advice, expatriate tax services and tax planning were \$6.2 million for 2002 and \$3.7 million for 2001.

ALL OTHER FEES

The aggregate fees billed by Ernst & Young in each of the last two fiscal years for products and services other than those reported in the three prior categories were \$700,000 for 2002 and \$800,000 for 2001. The nature of the other services performed included certain advisory services relating to privacy, expatriates, insurance recovery and risk management services.

SERVICES TO ASSOCIATED ORGANIZATIONS

Ernst & Young also provided other services to associated organizations of the Company that were charged directly to those organizations. These amounts included \$1.2 million for 2002 and \$1 million for 2001 primarily for performing the audits of exchange traded funds, alternative investment funds, common trust funds and other investment vehicles.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

POLICY ON PRE-APPROVAL OF RETENTION OF INDEPENDENT AUDITOR

The engagement of Ernst & Young for non-audit accounting and tax services performed for the Company is limited to those instances in which such services are considered integral to the audit services that it provides or in which there is another compelling rationale for utilizing its services. Pursuant to the requirements of the Sarbanes-Oxley Act of 2002, all audit and permitted non-audit services to be performed by Ernst & Young require pre-approval by the Audit Committee. Such pre-approval may be given by the chairman of the Audit Committee in certain circumstances, with notice to the full Committee at its next meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE FOLLOWING RESOLUTION:

RESOLVED, that the appointment by the Audit Committee of the Board of Directors of Ernst & Young LLP, independent auditors, to audit the accounts of the Company and its subsidiaries for 2003 is ratified and approved.

ITEM 3--SHAREHOLDER PROPOSAL

Mrs. Evelyn Y. Davis, Suite 215, Watergate Office Building, 2600 Virginia Avenue, N.W., Washington, D.C. 20037, record owner of 444 common shares, has advised us that she plans to introduce the following resolution:

RESOLVED: "That the stockholders of American Express recommend that the Board take the necessary steps so that future outside directors shall not serve for more than six years."

REASONS: "The President of the U.S.A. has a term limit, so do Governors of many states."

"Newer directors may bring in fresh outlooks and different approaches with benefits to all shareholders."

"No director should be able to feel that his or her directorship is until retirement."

"If you AGREE, please mark your proxy FOR this resolution."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL FOR THESE REASONS:

The Board opposes the foregoing resolution because it believes term limits unnecessarily curtail the useful tenure of Directors.

The Board believes that Directors become increasingly effective as their knowledge of the Company's businesses and its officers and employees increases. This is particularly true in the case of a large global corporation such as American Express Company, which is engaged in a variety of businesses in diverse locations around the world during a period of rapid technological and competitive change. A term limit for Directors, especially a limit as short as six years, needlessly deprives the shareholders and the Company of the benefits of Directors' experience and knowledge at a time in their tenure when they are becoming increasingly effective and productive.

Each Director is subject to reelection by the shareholders on an annual basis. The Directors are not guaranteed a directorship until retirement. The average tenure of the Company's 11 incumbent Director nominees is currently nine years. Seven of the 11 have already served six or more years.

The Board believes that its mandatory retirement age of 72 is a preferable means of assuring Director turnover and that the proponent's term limits would

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

deprive the Company of experienced oversight, promote excessive turnover of Directors, and weaken the Company's system of governance.

ACCORDINGLY, YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

ITEM 4--SHAREHOLDER PROPOSAL

The American Federation of Labor and Congress of Industrial Organizations, 815 Sixteenth Street, N.W. Washington, D.C. 20006, record owner of 800 common shares, has advised us that it plans to introduce the following resolution:

13

SHAREHOLDER PROPOSAL

RESOLVED: The shareholders of the American Express Company (the "Company") urge the Board of Directors (the "Board") to adopt a policy prohibiting future stock option grants to senior executives. The Board shall implement this policy in a manner that does not violate any existing employment agreement or equity compensation plan.

SUPPORTING STATEMENT

Since the accounting scandals at Enron, Worldcom, and other companies, the role of stock options in executive compensation has come controversial. Critics of stock options have argued that they can be a powerful incentive for executives to manipulate earnings or engage in accounting fraud. By timing their stock option exercises, executives can also inappropriately trade on inside information.

Stock options provide incentives to executives that significantly differ from the interests of shareholders. Stock option grants promise executives all of the gain of share price increases with none of the risk of share price declines. For this reason, they can encourage excessive risk taking by executives. In contrast to direct stock holdings, stock options also discourage executives from increasing dividends because option holders are not entitled to dividends.

Our Company allows executives to exercise a portion of their stock option grants after just two years following their grant date. For this reason, senior executives can gain substantial windfalls from the proceeds of their stock option exercises even if the share price later falls under their watch. Executives at our Company can also receive stock option "reloads" if they use stock to cover the exercise price of their options.

We are concerned that our Company's annual stock option grants to senior executives are excessive. In 2001, CEO Kenneth Chenault received stock options with a grant date present value of \$13.4 million. He also realized \$9.3 million in stock option exercises from previous grants.

Banning stock options for senior executives will decouple executive pay from short-term price movements and the temptation for executives to inappropriately manipulate our Company's stock price in order to exercise their stock options. In our opinion, other forms of compensation, such as restricted stock and long term incentive plans, will better focus senior executives on building the sustained profitability of our Company.

Leading investors and regulators have questioned the appropriateness of using stock options in executive compensation. Portfolio manager Bill Miller, whose Legg Mason Value Trust is the only mutual fund to beat the S&P

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

500 Index 11 years in a row, has said "I support the banning of stock options because anything that can be accomplished with options can be accomplished by giving stock directly. And it has none of the downsides of options."

Former Federal Reserve Chairman Paul Volker has stated that "Given both the very large capricious element inherent in the returns from fixed price stock options and the distorted incentives for management, I believe the use of such options should be strongly discouraged for public companies. There are far better alternatives for seeking and achieving an appropriate alignment of shareholder and management interests."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL FOR THESE REASONS:

The Board believes the foregoing proposal, which calls for a complete ban on any stock options to senior executives, is unduly restrictive and extreme.

Many commentators have criticized the granting of excessive stock options generally, but few have sought to ban them entirely. The proponent's total prohibition on such grants to senior executives deprives the Company of needed flexibility in designing effective incentives. When used appropriately, as the Board believes they are at the Company, stock options can provide effective incentives to management in alignment with shareholder interests.

The Company has taken a number of steps to further align its executive compensation program with the interests of shareholders:

- . Reduced the grant of stock options to executive officers. Overall, the total grant of stock options and restricted stock awards to all employees declined from 2.9% of outstanding shares in January 2002 to 1.1% of outstanding shares in January 2003;

14

- . Committed that it will not grant options below fair market value or reprice them without shareholder approval;
- . Adopted share ownership guidelines for senior management; and
- . Decided to expense stock options beginning with the Company's 2003 grants.

Attracting, retaining and providing appropriate incentives to talented senior executives is in the best interests of shareholders. The proponent's complete prohibition deprives the Board of any ability to incorporate stock options as part of a balanced and effective incentive program.

ACCORDINGLY, YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

ITEM 5--SHAREHOLDER PROPOSAL

Mr. Dennis Breuel, 1161 Ridgely Ave., Point Pleasant, New Jersey 08742, record owner of 1,410 common shares, has advised us that he plans to introduce the following resolution:

Resolved: That the shareholders of American Express, assemble in annual meeting in person and by proxy, hereby request that the Board of Directors shall not issue any stock options to executive officers* lower than the highest stock price of the company/1/ at the time of grant. The option shall contain a buyback provision by the company. The Board of Directors shall

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

determine a reasonable return for a buyback price.

Reasons

1. The options are granted to be exercised over a period of several years. The lengthy exercise period creates an exercise price with a substantial discount, based on the time value of money
2. The option should allow for the corporation to buy back the option at a price that is fair and reasonable for the executive. This policy would allow for the company to reasonably determine the cost to the company and avoid extreme compensation to the executive officers

The buyback price would be adjusted to allow for a reasonable return and allow for proper expensing of the cost, if required on the income statement.

/1/ Adjusted for stock splits

* Terminology of Securities & Exchange letter of 1/16/03

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL FOR THESE REASONS:

The Board believes this proposal to grant options at only the highest historical stock price and to impose a buyback provision would substantially reduce the incentive value of options and impair the Company's ability to attract and retain talented executives.

The Board believes that to be efficient, incentive awards must reflect conditions at the time of grant. Options that are granted at a historical rather than a current market price fail to provide incentives that are tied to current conditions. For example, an option granted at the \$63 highest historical price of a Company share would provide little current incentive to the recipient of an option grant made today. In addition, the proposal would incorporate a buyback provision into such options, thereby capping the appreciation that an executive officer may receive. This feature would further reduce the value of the option.

The twin effects of both requiring all option grants to be made at the highest historical stock price and capping their appreciation would reduce the Company's ability to provide effective incentives that are aligned with shareholders' interests.

As stated in the Board's response to Item 4, the Company has taken a number of steps to further align its executive compensation program with the interests of shareholders:

- . Reduced the grant of stock options to executive officers. Overall, the total grant of stock options and restricted stock awards to all employees declined from 2.9% of outstanding shares in January 2002 to 1.1% of outstanding shares in January 2003;
- . Committed that it will not grant options below fair market value or reprice them without shareholder approval;

- . Adopted share ownership guidelines for senior management; and

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

. Decided to expense stock options beginning with the Company's 2003 grants.

By severely limiting the incentive value of stock options, the proponent's proposal may require an increase in the number of options granted to maintain competitive compensation. Such dilution of the Company's outstanding shares is contrary to the interests of shareholders.

The Board of Directors believes that the changes called for in this proposal would severely restrict the Board's ability to design balanced incentive programs for senior management and are not in the shareholders' best interests.

ACCORDINGLY, YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

EXECUTIVE COMPENSATION

COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Benefits Committee has overall responsibility for executive officer compensation and other compensation and benefit programs for key employees under its charter. No member of the Committee is an employee of the Company or participates in any of its executive compensation programs. The Committee considers data and input provided by independent compensation consultants.

OBJECTIVES

The Company has designed its executive compensation programs to:

- . attract, motivate and retain the most talented executives;
- . link the financial interests of the Company's executives and its shareholders; and
- . provide rewards for behavior consistent with the Company's values.

To meet these objectives, the Committee considers objective and subjective factors in making pay decisions for the twelve executive officers of the Company and for reviewing compensation and benefit programs. These factors range from competitive pay practices to its judgment of business and individual performance.

EXECUTIVE OFFICER COMPENSATION PROGRAMS AND POLICIES

COMPENSATION GUIDELINES. The Committee sets executive compensation guidelines for base salary, annual incentive and long-term incentive awards for each executive officer position. The Committee uses three factors to set these guidelines: (1) competitive pay practices, (2) job scope and responsibility, and (3) the Company's need to attract, retain and reward executive talent. The importance of each factor varies by individual. For 2002 the Committee reviewed competitive pay practices at approximately 65 companies that compete with the Company in business or for executive talent. The Standard & Poor's (S&P) 500 Index includes nearly all of these companies and the S&P Financial Index includes approximately one third of these companies. When the Committee approves compensation, it considers these guidelines, current competitive market data and its judgment of Company, business unit and individual performance as described below.

BASE SALARY. The Committee reviews possible merit increases in salary every 18 months or longer. During this review the Committee considers the compensation guideline for the executive officer position and individual

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

performance. The Committee may also increase the base salary of executives who are promoted or change jobs within the executive group or in special circumstances. In support of cost reduction objectives, the Committee approved a one-year 5% reduction in the salary payments otherwise payable during 2002 to each executive officer.

ANNUAL INCENTIVE AWARDS. The Company's annual incentive award program compensates executive officers for annual performance.

For 2002 the Company paid annual incentive awards to each of the executive officers, including the Chief Executive Officer and the four other most highly compensated executive officers. (In this Proxy Statement we

16

refer to these five executives as the named executives.) The Committee used its judgment about each individual's annual goal and leadership performance to make discretionary awards, giving equal weight to the goal and leadership categories.

The Committee evaluated progress toward goals in these areas that are important for sustaining the Company's success:

- . **SHAREHOLDER VALUE (50% WEIGHT).** Includes shareholder return, earnings growth, revenue growth, return on equity and reengineering.
- . **CUSTOMER SATISFACTION (25% WEIGHT).** Includes customer survey results, expansion and retention of customer base and development of products and services.
- . **EMPLOYEE SATISFACTION (25% WEIGHT).** Includes employee survey results, success in achieving long-term, world-class targets and retention of talented employees.

The Committee evaluated leadership by considering a variety of factors, such as innovation, strategic vision, customer focus, management effectiveness, teamwork, integrity, diversity, developing others and managing change, without assigning weights to these factors.

The Committee used similar criteria to evaluate the goal and leadership performance of Mr. Chenault. The specific factors the Committee used to evaluate Mr. Chenault's goal performance are described on pages 18-20. The Committee did not assign weights to the goal categories in evaluating Mr. Chenault's performance. In addition, the Committee evaluated his leadership based on its judgment of his overall leadership of the senior management team and the Company.

LONG-TERM INCENTIVE AWARDS. The Company's long-term incentive award program rewards executive officers for Company, business unit and individual performance over more than one year. In 2002 annual long-term awards included stock option and Portfolio Grant (PG) awards. The Committee approved awards in amounts that were consistent with compensation guidelines after reviewing the incentive and retention value of outstanding stock option, PG and restricted stock awards held by each executive officer.

STOCK OPTIONS. Ten-year stock options reward executive officers if the Company's share price increases for all shareholders. Executives may exercise one-third of the 2002 grant after one year, two-thirds after two years and the full grant after three years.

PG AWARDS. The Committee granted PG-XIII awards in 2002 for executive

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

officers to link their interests to longer-term financial and shareholder return performance. The PG awards are designed to preserve the Company's tax deductions under the Million Dollar Cap as described on page 18. The awards contain a formula based on the Company's 2002-2004 earnings per share growth, revenue growth, average return on equity and total shareholder return compared to the return of the S&P Financial Index. The Committee may adjust downward the values produced by these performance measures based on its judgment of Company, business unit and individual performance. To receive payment, PG-XIII award holders must be employed by the Company through the vesting and payment date in February 2005.

ADDITIONAL AWARDS. The Committee may in its judgment grant short- or long-term awards for special contributions or job promotions, to attract new hires to the Company, to retain executives or in special circumstances. In January 2003 the Committee made cash awards to certain executive officers to recognize their individual contributions to the Company's or business unit's financial performance over the 2000-2002 period, taking into account the economic environment and circumstances during the period and the level of the PG payments to be made to the executive officers for such period. These awards will vest and become payable in September 2003. The Committee also made restricted stock awards to certain executive officers to recognize their efforts in improving the Company's competitive position created over the past two years despite unprecedented changes, including economic, competitive, business model and other changes, and the impact of the events of September 11, 2001. These awards will vest in two equal installments after three and four years for certain executive officers and in four equal annual installments starting one year from the grant date for others.

DEFERRAL AND OTHER PROGRAMS. Under the annual Pay for Performance Deferral Program, executives may defer receipt of part of their current compensation to a later date. Each year the Company adds to or subtracts from the deferred compensation value an amount based on a schedule linked to the Company's return on equity. The Company also provides executive officers with pension, profit sharing, incentive savings, life insurance,

17

perquisite and other benefits consistent with market practices. The reportable value of these programs are shown on pages 21 and 22.

SHARE OWNERSHIP. The Company's share ownership policy requires approximately 150 senior officers, including executive officers, to meet share ownership targets over time. The program includes these key features:

- . Participants have a share ownership target based on a multiple of their base salary, ranging from three times base salary for certain participants to 20 times for Mr. Chenault.
- . As an incentive to maximize shareholder value, a participant may count toward his or her target the value of: owned shares, shares held in employee benefit plans, 50% of the unrealized gain in stock options and 50% of the market value of restricted shares, with market value based on the market price of the Company's common shares.
- . The Company expects participants to meet their targets within five years and to make pro rata progress each year.

DETRIMENTAL CONDUCT. To help protect the Company's competitive position, approximately 625 officers, including executive officers, have signed agreements that include a provision that requires them to forfeit compensation

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

they receive through stock option, restricted share and/or Portfolio Grant awards if they engage in behavior that is detrimental to the Company for time periods after certain employment terminations. Detrimental behavior covers conduct such as working for certain competitors, soliciting customers or employees after employment ends and disclosure of confidential information.

MILLION DOLLAR CAP. Current U.S. tax law has a \$1,000,000 annual tax deduction limit on compensation the Company pays to the Chief Executive Officer and the four other most highly compensated executive officers. The limit does not apply to "performance-based" compensation (as defined under the Internal Revenue Code and related regulations). Compensation is performance-based if the Company can pay it only if objective pre-established performance criteria set by the Committee are met. The Committee may use its discretion to set actual compensation below the maximum amount calculated by application of the Company performance criteria.

The Committee's general policy is to structure compensation programs that allow the Company to fully deduct the compensation under the Million Dollar Cap requirements. The Committee also believes that the Company needs flexibility to meet its incentive and retention objectives, even if the Company may not deduct all of the compensation. The Company expects that the design of the 2002 stock option and PG-XIII awards, the vesting of certain restricted stock in 2002 that was in payment of a performance-based award and the vesting of PG-XI amounts in 2003 (except in certain new hire and promotion situations) will be treated as performance-based and be deductible. The Company expects that the application of the Million Dollar Cap requirements may limit the deductibility of certain compensation resulting from the vesting in 2002 of certain restricted stock and the payment in the future of certain cash awards made to the named executives (described above under "Additional Awards").

CHIEF EXECUTIVE OFFICER COMPENSATION

The Committee made decisions about Mr. Chenault's 2002 compensation and awards after reviewing performance and compensation with the full Board. The Committee considered the Company's overall performance, as well as initiatives taken to strengthen its overall competitive position despite the continued weak economic and market conditions. The compensation decisions were in accordance with the Company's objectives and included the following:

SALARY. The Committee did not change Mr. Chenault's annual base salary in 2002. In support of cost reduction objectives, the Committee approved a one-year 5% reduction in salary payments otherwise payable during 2002.

ANNUAL INCENTIVE. The Committee approved a 2002 annual incentive award for Mr. Chenault of \$2,800,000. The Committee determined this award based on Mr. Chenault's annual incentive award guideline, goal and leadership performance, the Company's results and the economic and competitive environment in 2002.

2002 FINANCIAL PERFORMANCE

- . **FINANCIAL MEASURES.** The Company met most of its annual financial targets. Both net income and diluted earnings per share rose significantly compared with 2001 results (which reflected charges for high-yield

losses, restructuring and the impact of September 11th). Return on equity for 2002 was 20.6%. Total revenues increased 5% due to greater discount revenues, higher interest and dividend income, increased securitization income, higher cardmember lending finance charge revenues and greater card

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

fees. These items were partially offset by lower management and distribution fees, weaker travel revenues and reduced revenues in other areas.

- . SHAREHOLDER RETURN. Total shareholder return for 2002 increased 0.1% relative to 2001, which, although flat, was better than the performance of the market overall and most financial services companies. By comparison, the Dow Jones Industrial Average declined 15%, the S&P 500 Index was down 22% and the S&P Financial Index was down 15%.

INITIATIVES TO STRENGTHEN BUSINESS

During 2002, Mr. Chenault and the senior management team continued to strengthen the Company and set a strong foundation for future growth in its core businesses in global payments and retail financial services by focusing on issues identified in prior years. Major initiatives included:

- . INCREASING THE FLEXIBILITY OF ITS BUSINESS MODELS IN ORDER TO MEET FINANCIAL OBJECTIVES EVEN IN A SLOWER-GROWTH ECONOMY BY:
 - . Focusing on margin improvement and continuing to reengineer processes, which led to improvements in operating expenses and provisions for losses; reengineering efforts in 2002 delivered more than \$1 billion in benefits (among the factors driving these savings were a workforce reduction of 13,400 positions, or 15% since the beginning of 2001, the expansion of its global servicing network in lower cost markets, the increased use of Six Sigma quality improvement methodology across the organization, and the increasing shift of employee and customer services and capabilities to the Internet);
 - . Utilizing part of the reengineering savings to fund investment spending in business growth initiatives, such as the launch of new products and marketing, customer acquisition and advertising efforts; and
 - . Continuing to diversify its cardmember spending base by reducing the Company's reliance on the travel and entertainment sectors and expanding its presence among merchants in the retail and everyday spending categories.
- . SUBSTANTIALLY IMPROVING ITS OVERALL RISK PROFILE BY:
 - . Increasing reserve coverage ratios in the card business;
 - . Improving the overall quality of the American Express Financial Advisors (AEFA) owned investment portfolio and aligning the portfolio mix with the business strategy;
 - . Shifting loan exposures at American Express Bank (AEB) from commercial to consumer lending; and
 - . Intensifying its focus on control and compliance processes.

BUSINESS PERFORMANCE

The Company achieved several significant business accomplishments in its two core businesses during 2002. Highlights of these accomplishments include:

- . GLOBAL PAYMENTS BUSINESSES
 - . Adding a net total of 2.1 million cards in force, as well as increasing card billed business (the total amount spent on American Express(R) Cards) and worldwide lending balances;

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

- . Launching competitive card products in the United States, including a new suite of rewards charge cards and a cash rebate card, which together accounted for almost 500,000 new cards in 2002 (mostly in the fourth quarter);
- . Strengthening the Company's already strong position in the small business arena by creating a new sub-brand--OPEN: The Small Business Network From American Express/SM/--and launching a host of new products, services, online account management tools and partnerships;
- . Introducing more than 100 new proprietary card products in 17 countries outside the United States and signing eight partners to its Global Network Services businesses;
- . Delivering a number of key account signings in Corporate Services; and
- . Expanding and diversifying the network of physical and online merchants that accept the Company's cards around the world and continuing to broaden the card spending base beyond the travel and entertainment sectors.

19

. RETAIL FINANCIAL SERVICES BUSINESSES

- . Strengthening AEFA's asset management capabilities and improving investment performance;
- . Launching 34 new products across AEFA's asset management, insurance and annuity businesses, a major increase over prior years;
- . Implementing AEFA's strategy to attract more affluent clients and to increase asset gathering by launching the AMERICAN EXPRESS ONE/SM/FINANCIAL ACCOUNT, which integrates U.S. clients' investing, banking, lending and card relationships into a single account, as well as by rolling out American Express Platinum Financial Services(R) across the United States;
- . Increasing the total number of AEFA clients by 2% and achieving a client retention rate of 94%; and
- . Delivering strong financial results at AEB, with significant volume increases in the Private Banking, Personal Financial Services and Financial Institutions businesses.

EMPLOYEES AND LEADERSHIP TALENT

- . Results of the annual employee survey indicated that employee satisfaction continued to improve during 2002 despite the distractions and challenges caused by September 11 and the tough economic environment. The survey measures employee perceptions in a number of areas, including employee development, integrity, teamwork and customer focus. The Company also received wide-ranging recognition as a top corporate employer around the world and was cited for its successful return to its headquarters building in lower Manhattan and its commitment to rebuilding the community in that area.
- . The Company continued to focus on improving the leadership capabilities of its senior management and ensuring that appropriate talent exists within

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

the Company. It also undertook a number of initiatives to improve employee recruitment and retention.

LONG-TERM INCENTIVE AWARDS. In January 2002, the Committee approved 540,000 nonqualified stock option shares and a PG-XIII award with a grant value of \$1,000,000 for Mr. Chenault, both of which were at his compensation guidelines.

In January 2003, the Committee certified and approved the financial and shareholder return results and payout values for the PG-XI award granted in 2000, which had a 2000-2002 performance period. The Committee certified and approved a payment of \$228,960, which will vest and become payable in September 2003.

The Committee approved an additional cash award to Mr. Chenault in the amount of \$1,203,540, which was based on the Company's financial performance and Mr. Chenault's individual performance and leadership over the 2000-2002 period. In determining such award, the Committee also considered the economic environment and circumstances in which the Company operated during the three-year period and reviewed the level of the PG payments to be made to Mr. Chenault for such period. This award will vest and become payable in September 2003. The Committee approved 136,000 restricted shares for Mr. Chenault to recognize the Company's improved competitive position created over the last two years in a period of unprecedented change and disruption. These restricted shares will vest in equal installments after three and four years from the January 2003 grant date.

During 2002, the Company conducted a compensation review in light of a number of developments including the Company's adoption of an accounting standard (SFAS 123) for expensing the estimated value of stock option awards, effective with January 2003 awards. As a result, the Committee approved a 2003 long-term incentive program that significantly reduces share usage compared with the past and provides competitive total compensation opportunities. As one of the changes under that program, in January 2003, the Committee approved annual stock option shares that were reduced 10% compared with January 2002 stock option shares for Mr. Chenault and other executive officers (except for two officers whose guidelines were changed to reflect job responsibilities) and for other stock option recipients overall. These stock options have fair market value exercise prices, become exercisable in four equal annual installments starting one year from grant (compared with the three-year vesting schedule used last year), and have ten-year terms.

(1) The amounts in this column reflect cash payments under annual incentive awards.

(2) These amounts reflect the cost of providing perquisites and other personal benefits. SEC rules require us to break out each benefit that exceeds 25% of the total we report for each named executive as follows:

NAME	LOCAL TRAVEL ALLOWANCE	FLEXIBLE PERQUISITE ALLOWANCE
K.I. Chenault..	\$84,661	--
A.F. Kelly, Jr.	30,000	\$35,000
J.M. Cracchiolo	30,000	35,000
G.L. Crittenden	30,000	35,000
E.P. Gilligan..	30,000	35,000

In addition, this column includes the following amounts for perquisites and benefits that exceed 25% of the total reported for the named executive: for Mr. Chenault, \$60,555 for personal travel expenses; and for Mr. Cracchiolo, \$28,009 for tax payments.

(3) This column includes the grant date value of restricted share grants we made as special performance or retention awards. The awards shown for 2002

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

(granted in January 2003) and 2001 contain financial performance measures for vesting, which are designed to meet the requirements for tax deduction by the Company. If the applicable financial performance measures required for vesting are met: the 2002 awards vest in equal installments after three and four years from the grant date; and the 2001 awards vest four years from the grant date. The special retention awards made to Messrs. Kelly, Cracchiolo and Gilligan in 2000 also contained financial performance measures for vesting, as designed to meet the requirements for tax deduction by the Company. These 2000 awards were cancelled as of December 31, 2001 when certain of these financial performance measures were not achieved, and are not included in the table shown below. We value restricted share awards in the table based on the closing price of the Company's common shares on the New York Stock Exchange on the grant date. We pay dividends on the restricted shares in the same way we pay them on our common shares.

21

On December 31, 2002, the named executives held the restricted shares set forth below. We valued them based on the closing price of \$35.35 on December 31, 2002.

NAME ----	NUMBER OF RESTRICTED SHARES -----	VALUE ON DECEMBER 31, 2002 -----
K.I. Chenault..	300,667	\$10,628,578
A.F. Kelly, Jr.	117,500	4,153,625
J.M. Cracchiolo	117,500	4,153,625
G.L. Crittenden	80,200	2,835,070
E.P. Gilligan..	107,900	3,814,265

- (4) All shares in this and other tables have been adjusted to reflect the April 24, 2000 three-for-one stock split.
- (5) These include annual, special and restoration stock option awards. For Messrs. Kelly, Cracchiolo and Gilligan, we include retention and promotion stock option grants made in 2000. For Messrs. Kelly, Cracchiolo and Gilligan, certain of the special option grants made to them in 2000 vest in equal installments after two, three and four years from the grant date, and the other special option grants vest in equal installments after four, five and six years from the grant date. For Mr. Crittenden, we include stock option awards granted in 2000 as part of his new hire arrangements. One of these awards vests in equal installments after two, three and four years from the grant date, and the other of these awards vests in equal installments after four, five and six years from the grant date. For Mr. Chenault, we include a 2001 promotional stock option grant, which vests in equal installments after four, five and six years from the grant date. We describe all stock option grants made in 2002 in the table captioned "Option Grants in 2002" on page 23.
- (6) For 2002, these include the values of the Portfolio Grant XI awards (PG-XI awards) granted in 2000, and cash awards granted in January 2003. The PG-XI awards vest and become payable in September 2003. Each PG award has two parts. The first part is the Financial Incentive Component, which accounts for 60% of the target value of the award. We valued this part based on earnings or earnings per share growth, revenue growth and average return on

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

equity for our business segments or for the entire Company over the 2000-2002 period. The second part is the Stock Incentive Component, which accounts for 40% of the target value of the award. We valued this part based on our total shareholder return compared to that of the S&P Financial Index over the 2000-2002 period. The Company expects that PG-XI payments will qualify as deductible, performance-based compensation under the Million Dollar Cap requirements, except for certain promotional and new hire awards.

The additional cash awards included in 2002 for Messrs. Chenault, Kelly, Cracchiolo, and Gilligan were made based on, among other things, individual and organizational performance over the 2000-2002 period, as well as an assessment of the economic environment and circumstances in which the Company operated during such period. The Company expects that these additional awards, which will vest and become payable in September 2003, may be subject to the tax deductibility limitations imposed by the Million Dollar Cap requirements.

(7) The dollar value of the amounts in this column include the following:

NAME	EMPLOYER		
	CONTRIBUTIONS UNDER SAVINGS AND RELATED PLANS	ABOVE-MARKET EARNINGS ON DEFERRED COMPENSATION	VALUE OF SPLIT-DOLLAR LIFE INSURANCE
----	-----	-----	-----
K.I. Chenault..	\$70,399	\$345,250	\$ 829

G.L. Crittenden	37,998	68,527	21,324
E.P. Gilligan..	29,749	39,230	333

In addition, this column includes the following amounts for other compensation: for Mr. Chenault, a payment of \$2,325 from a personal investment in a limited partnership managed by a former subsidiary; and for Mr. Crittenden, a new hire payment of \$100,000 in each of 2001 and 2002.

- (1) We granted these non-qualified stock options on January 28, 2002 as part of our annual award program. Each option has an exercise price per share equal to the fair market value per common share on the grant date. The options also have the restoration feature described in note (2) below. Executive officers may transfer them to certain family members and entities for their beneficial interest, subject to requirements or changes as determined by the Company, including termination of this feature. Holders may exercise one-third of their options after one year, two-thirds after two years, and the full grant after three years, subject to award requirements. All outstanding stock options may also become exercisable upon death, disability termination, retirement or a change in control of the Company as we describe on pages 27-29.
- (2) These are restoration options that we granted when participants exercised stock options that were outstanding for at least five years. The number of restoration option shares we granted equals the number of shares that the holder delivered to us as payment of the exercise price of the original option plus the number of shares withheld to pay tax withholding. The exercise price of the restoration option is the fair market value of a Company common share on the date of its grant. The holder of a restoration option may exercise it after six months from the grant date (but no later than the original stock option's expiration date) if the holder is in compliance with our stock ownership targets. For Mr. Chenault this date is September 7, 2002. For Mr. Kelly, this date is November 10, 2002. For Mr. Cracchiolo, this date is May 22, 2003. For Mr. Gilligan, this date is November 1, 2002.
- (3) These numbers show hypothetical values under a variation of the Black-Scholes option pricing model. This model is a complicated mathematical formula that makes assumptions about stock option features. A number of these assumptions do not apply to the options we grant to our executive officers and other employees. In particular, the model assumes that holders can exercise stock options immediately and freely transfer them. For these reasons, we caution that the values we show in the table are theoretical and may not reflect the amounts that option holders will realize. Whether an option holder realizes value and how much this value is will depend on what our share price is relative to the exercise price. The assumptions listed below and Black-Scholes values are consistent with the assumptions we used to report stock option valuations in our 2002 Annual Report to Shareholders. We expect to use the same method to expense the fair value of stock options prospectively beginning with 2003 grants.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

ASSUMPTIONS FOR VALUING JANUARY 2002 GRANTS:

- . The exercise price is the same as our share price on the grant date.
- . A 4.5-year life for each option. Based on recent experience, this is the amount of time that passes before holders of our options exercise them.
- . Expected dividend yield of 0.9%. This reflects the yield on the grant date.
- . Expected stock price volatility of 33%. This reflects the most recent volatility for the month-end stock prices of the Company's common shares for the 54 months prior to the grant date.
- . A risk-free rate of return of 4.3%. This reflects the return an investor could expect in a risk-free investment with the same grant and expiration date as our stock options. This is the yield on a zero-coupon bond on the option grant date with a maturity date similar to the expected life of the stock options.

ASSUMPTIONS FOR VALUING RESTORATION OPTIONS:

The values shown for the restoration stock options are based on the same model above except that the assumptions reflect:

- . The life for each restoration stock option is its remaining term.
- . A risk-free rate of return ranging from 1.4% to 4.6%.
- . Expected dividend yield of 0.8%.

- (1) We structured the PG awards in the table to qualify as performance-based compensation under the Million Dollar Cap. As a consequence, the Committee may adjust downward the formula values shown. The Committee will decide the amount of any downward adjustment after it evaluates various factors such as Company, business unit and individual performance over the 2002-2004 period.

24

PG awards link compensation to our financial and total shareholder return performance. Each PG award consists of a Financial Incentive Component and a Stock Incentive Component. The Financial Incentive Component represents 60% of the target value of the award and earns value based on earnings per share growth, revenue growth and average return on equity of the Company over the 2002-2004 period. The Financial Incentive Component will earn value if we achieve at least a threshold level of performance on any of these financial measures. The Stock Incentive Component represents 40% of the target value of the award and earns value based on how our total shareholder return compares to that of the S&P Financial Index over the 2002-2004 period. Total shareholder return means share price appreciation plus dividends.

PERFORMANCE GRAPH

This graph compares the cumulative total shareholder return on our common shares for the last five fiscal years with the total return on the S&P 500 Index and the S&P Financial Index over the same period. The graph shows the growth of a \$100 investment in our common shares, the S&P 500 Index and the S&P Financial Index on December 31, 1997 and the reinvestment of all dividends.

PENSION BENEFITS

We provide pension benefits under the American Express Retirement Plan and the American Express Supplemental Retirement Plan.

AMERICAN EXPRESS RETIREMENT PLAN. We have a U.S. Retirement Plan that is commonly referred to as a cash balance plan. Each payroll period, we credit each participating employee with an amount equal to a percentage of the employee's base salary we pay in that period. We also credit each employee with a percentage of any annual bonus and certain other types of compensation we pay at the time we pay the compensation. The percentage varies with the employee's age and years of service. This table shows the percentages we use to determine the amount of the credits:

SUM OF AGE PLUS YEARS OF SERVICE APPLICABLE PERCENTAGE	

Less than 35..	2.50%
35-44.....	3.25
45-59.....	4.25
60-74.....	5.75
75-89.....	8.00
90 or more....	10.00

On January 1, 2003 the sum of age plus years of service for the named executives was as follows: Mr. Chenault: 74, Mr. Kelly: 61, Mr. Cracchiolo: 66, Mr. Crittenden: 53 and Mr. Gilligan: 67.

The Plan credits participants with interest on their cash balances. The Plan sets the interest rate each year based on an average of the interest rates for various five-year U.S. Treasury Notes. The minimum interest rate is 5%. The maximum rate is the lower of 10% or a specific rate set by the U.S. government under the tax laws. For 2002 the interest rate was 5.0%, and for 2003 the rate is 5.0%.

When the employee retires or terminates employment after completing five years of service, the Plan will pay out the cash balance amounts. The Plan will make these payments in the form and at the time the employee elects, including payment in a single lump sum or as an annuity. An annuity obligates the Plan to make payments in monthly installments over time, in amounts based on assumptions we make as to life expectancy and the value of making payments in the future. Employees may choose similar methods of payment for benefits they earned before July 1, 1995.

26

SUPPLEMENTAL RETIREMENT PLAN. By meeting certain legal requirements, the Retirement Plan provides a tax-advantaged way for us to provide retirement benefits. However, U.S. tax law limits the amount of benefits we can provide an employee as well as the amount of compensation that we can take into account under the Retirement Plan. We make up for these lost benefits under our U.S. Supplemental Retirement Plan.

FUNDED PENSION PLAN. Some of our employees, including Messrs. Chenault, Cracchiolo and Gilligan, have earned retirement benefits under the U.S. American Express Funded Pension Plan, a plan in effect until May 1985. We

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

purchased an annuity from an insurance company to fund benefits that these employees may receive under this plan when they leave the Company or upon reaching age 65.

PENSION TABLE. We set forth in the table below the amount we estimate we will pay each year to the named executives as a single life annuity at age 65 under the Retirement Plan and the Supplemental Retirement Plan. Under a single life annuity, when the employee dies we cease making payments. We break out separately payments the insurance company will make under the Funded Pension Plan. In deriving our estimated payments for the Retirement Plan and the Supplemental Retirement Plan, we used these assumptions:

- . We credit interest on account balances at the actual rate for all years through 2003 and at 5% for 2004 and later years.
- . We start paying retirement benefits to the executives at normal retirement age (age 65) as a single life annuity based on an interest rate of 4.93% and U.S. government-approved assumptions as to life expectancy.
- . We continue to employ Messrs. Chenault, Kelly, Cracchiolo, Crittenden and Gilligan until age 65 at their current base salaries and pay them annual bonuses equal to their average bonus over the last five years. For Mr. Crittenden, the average bonus is based on bonus amounts paid in 2001 and 2002.

SEVERANCE, CHANGE IN CONTROL AND OTHER ARRANGEMENTS

We have in place three types of compensation arrangements that we describe in this section of the Proxy Statement: a uniform severance policy, change in control policies and arrangements relating to death, disability and retirement.

UNIFORM SEVERANCE POLICY. We have a uniform severance policy that applies to senior officers, including the named executives. Severance for executive officers is subject to the approval of the Compensation and Benefits Committee. If we terminate the employment of the participating officer for any reason generally other than misconduct or we and the officer terminate such employment by mutual agreement, we will pay the officer severance over a period of two years or less. To receive these payments, the officer must sign a severance agreement that prohibits the officer from working for certain competitors, soliciting business from our customers, attempting to hire our employees and disclosing our confidential information. The officer must also agree to release any claims against us.

The amount of severance that we would pay to each named executive is two times base salary plus two times the amount of the last bonus that was paid as of the date the executive is tendered a severance agreement by the Company.

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

During all or a part of the severance period, the officer's long-term incentive awards continue to vest, and we will continue to offer coverage under certain welfare and benefit plans.

CHANGE IN CONTROL POLICIES. We have designed our change in control policies to help keep employees focused on their jobs during the uncertainty that accompanies a change in control, to preserve benefits after a change in control transaction and to help us attract and retain key talent. We originally adopted these policies in 1994 and updated them in 2000. A change in control of the Company generally includes these events: (1) any

27

person acquires 25% or more of our common shares or of voting securities, (2) a majority of our Directors are replaced, (3) certain mergers, reorganizations, consolidations, or sales of our assets, subject to consummation or (4) shareholder approval of a liquidation or dissolution of the Company.

- . SEVERANCE. We will pay the amount of severance that we would pay under the uniform severance policy in a lump sum to senior officers, including the named executives, if the officer's employment is terminated under certain conditions within two years after a change in control. These conditions include (1) a termination by us for any reason generally other than willful misconduct or conviction of a felony or (2) a termination by the officer for good reason. The officer would have good reason to terminate his or her employment if we impose a reduction in base salary or position, material reduction in the total value of annual incentive and long-term incentive award opportunities, certain relocations of the officer's workplace or duties materially inconsistent with prior duties. We refer to any of these employment terminations as a "Covered Termination."
- . PRO RATA BONUS. If a Covered Termination occurs within two years after a change in control, we will pay participating officers, including the named executives, a bonus for part of the year in which termination occurs. We will base the amount of the pro rata bonus on the average of the prior two annual incentive awards.
- . KEY EXECUTIVE LIFE. If a Covered Termination occurs within two years after a change in control, we will transfer to participating officers, including the named executives, policies under our U.S. Key Executive Life Insurance Plan. Each policy provides life insurance coverage equal to four times annual base salary up to a maximum of \$1,500,000. The officers may retain the life insurance coverage or cash out any value in the policy.
- . SUPPLEMENTAL RETIREMENT PLAN. We do not fund benefits under our Supplemental Retirement Plan. However, upon a change in control, we will fully fund benefits that participants have earned under the Supplemental Retirement Plan.

If a Covered Termination occurs within one year after a change in control, we will provide senior officers, including the named executives, with an additional benefit under the Supplemental Retirement Plan. This benefit will equal the additional amount we would provide to the officers under the Retirement Plan if the officers had two additional years of service and age under that plan. If a Covered Termination occurs between one and two years after a change in control, we will use one additional year of service and age to calculate the additional benefits.

If a Covered Termination occurs within one year after a change in control, we will add two years of service to participants' actual service

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

when we determine whether profit sharing contributions we made to the Supplemental Retirement Plan have vested. If the termination occurs between one and two years after a change in control, we will add one year of service.

- . DEFERRED COMPENSATION PROGRAMS. Upon a change in control, we will credit to participants' accounts under our U.S. deferred compensation programs (including the Pay for Performance Deferral Program) two years of interest based on the rate in effect for the year before the change in control. We will also pay out all balances in these plans.
- . STOCK OPTIONS AND RESTRICTED SHARES. Stock option and restricted share awards that we issued to employees under our long-term incentive compensation plans will immediately vest upon a change in control. If an employee is terminated for reasons other than misconduct within two years after a change in control, the employee will have up to an additional 90 days from termination to exercise stock options granted on and after February 28, 2000.
- . PORTFOLIO GRANTS. If a Covered Termination occurs within two years after a change in control, Portfolio Grant awards under these plans will immediately vest and we will pay a pro rata portion of the value of the awards.
- . BENEFITS. We will continue for up to two years our subsidy of U.S. medical and dental benefits for employees who are terminated within two years after a change in control.
- . EXCISE TAX GROSS UP. Current U.S. tax laws generally (1) do not allow companies to deduct from income certain compensation provided in connection with a change in control that exceeds specified limits and

28

(2) impose a 20% excise tax on the individuals who receive such compensation. We generally will pay to members of senior management, including the named executives, an amount in cash if necessary to offset this excise tax.

DEATH, DISABILITY AND RETIREMENT. These policies generally apply to stock options, restricted share awards and Portfolio Grants that we issue to employees under our long-term incentive compensation plans, upon certain types of employment termination:

- . DEATH OR DISABILITY. Upon death or disability, unvested stock options and restricted shares will fully vest and Portfolio Grants will vest pro rata. If a participant is age 60 or older with 10 or more years of service, all or a portion of the remaining value of Portfolio Grants will vest. Following death or disability, the holder (or the holder's estate) will have up to five years to exercise vested stock options.
- . RETIREMENT. Upon retirement (meaning age 55 or older with 10 or more years of service), unvested restricted shares outstanding for more than two years will fully or partially vest. Portfolio Grants outstanding for more than one year will vest pro rata. If a participant is age 60 or older with 10 or more years of service, all or a portion of his or her unvested stock options, restricted shares and Portfolio Grants that the participant would have lost will also vest. Retirees may exercise vested stock options through the end of their original term.

CERTAIN TRANSACTIONS

SERVICE BY DIRECTORS AND OFFICERS

In the usual course of our business, we have transactions with many other firms, including financial institutions. Some of the directors or officers of these firms may also serve as directors or officers for us or our subsidiaries. We carry out our transactions with these firms on customary terms. The directors and officers who serve us, our subsidiaries or the other firms involved may not have knowledge of these transactions.

TRANSACTIONS BETWEEN THE COMPANY AND OUR DIRECTORS AND OFFICERS

Our executive officers and Directors may take out loans from certain of our subsidiaries on the same terms that these subsidiaries offer to the general public. By way of example, American Express Centurion Bank may extend credit to our Directors and executive officers under their Optima(R) Cards or Blue from American Express/SM/. Our executive officers and Directors may engage in similar transactions with certain subsidiaries in 2003. All indebtedness from these transactions is in the ordinary course of our business and is substantially on the same terms, including interest rates, in effect for comparable transactions with other people. Such indebtedness involves normal risks of collection and does not have features or terms that are unfavorable to our subsidiaries.

Our executive officers and Directors may also have transactions with us or our subsidiaries involving other goods and services, such as travel, insurance and investment services. These transactions are also in the usual course of our business and we provide them on terms that we offer to our employees generally.

CERTAIN EMPLOYEES

Occasionally we may have employees who are related to our executive officers or Directors. We compensate these individuals consistent with our policies that apply to all employees.

STOCK PURCHASE ASSISTANCE PLAN

Our Stock Purchase Assistance Plan (SPAP) was approved by shareholders in 1983, to provide full-recourse loans to enable certain of our senior officers to purchase our common shares. As of August 2002, the Company decided to stop issuing any new SPAP loans, although existing SPAP loans may remain outstanding. During 2002 none of the named executives had any loan amounts outstanding under SPAP. For all of our executive officers as a group, the highest principal amount outstanding under SPAP during 2002 was \$1.1 million. As of February 28, 2003, no loan to any executive officer remained outstanding.

The purpose of SPAP loans was to enable participants to pay the exercise price of stock options (as well as related taxes) or to buy common shares in the open market. Participants were limited to a loan of 300% of their base salary, must repay the loan within five years, and pledged common shares as collateral, the value of which was at least 100% of the loan principal on the date of the loan. Outstanding loans require interest to be paid quarterly at a rate that is two percentage points below the prime lending rate of a major New York City bank. Consequently, the remaining outstanding SPAP loans bear interest at 2.25% per annum.

TRANSACTIONS WITH SIGNIFICANT SHAREHOLDERS

We have a number of ordinary course relationships with Berkshire Hathaway Inc., Davis Selected Advisers L.P. (Davis), their affiliates, and companies in which they have significant investments. Some of these companies are service establishments that accept our charge and credit cards and pay our subsidiaries fees when our customers use these cards. From time to time we may enter into joint marketing or other relationships with one or more of these companies that encourage our customers to apply for and use our cards. Our subsidiaries also provide Corporate Card or travel services to some of these companies and these companies pay fees to these subsidiaries. We or our subsidiaries may engage in other commercial transactions with these companies and pay or receive fees in these transactions. One of our subsidiaries has retained Davis to act as the sole sub-advisor to one of the mutual funds sponsored by the financial advisory services business of the Company. Davis is paid a fee for such services, the amount and terms of which are consistent with practices within the fund industry. Under the terms of its engagement, Davis is prohibited from making investments in the securities of the Company or any of its subsidiaries for the fund that Davis advises.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

In preparing its 2002 year end reports of transactions in Company securities by executive officers, the Secretary's Office noted that David C. House, an executive officer of the Company, had purchased 718 Company shares on July 24, 2002 using cash that had accumulated in his brokerage account from dividends on Company shares held in that account. Upon reviewing this transaction, the Company determined that while essentially a reinvestment of dividends, this transaction did not qualify for deferred reporting and should have been reported on or before August 10, 2002. The transaction was subsequently reported on a Form 4 dated January 27, 2003.

DIRECTORS AND OFFICERS LIABILITY INSURANCE

We have an insurance policy that provides coverage for Directors and officers liability and fiduciary liability arising from employee benefit plans we sponsor. The directors and officers liability coverage provides that the insurance carriers will (1) reimburse us when we are legally allowed to indemnify our Directors and officers and (2) pay losses, including settlements, judgments and legal fees, on behalf of our Directors and officers when we cannot legally indemnify them. The fiduciary liability portion of the policy covers Directors and employees who serve as fiduciaries for our employee benefit plans. It covers losses from alleged breaches of fiduciary duty as defined in the Employee Retirement Income Security Act of 1974. Vigilant Insurance Company issued this policy, which is effective from November 30, 2000 to November 30, 2003. We expect to renew similar coverage at expiration. Gulf Insurance Company and a consortium of other insurers led by AIG provide excess coverage. We pay an annualized premium for these coverages of approximately \$1,064,000.

We also have a supplemental directors and officers liability insurance policy that covers additional losses in cases where we are not legally permitted to indemnify our Directors or officers. ACE Insurance Company Ltd. issued this policy which is effective November 30, 2000 to November 30, 2003. We expect to renew similar coverage at expiration. We pay an annualized premium for this policy of \$147,200.

We added another policy to the supplemental policy effective April 1, 2002 to November 30, 2003. This policy also covers additional losses where we are not legally permitted to indemnify our Directors or officers. The additional

Edgar Filing: AMERICAN EXPRESS CO - Form DEF 14A

policy is led by Indian Harbor Insurance Company and followed by XL Insurance Ltd., National Union Fire Insurance Company and Starr Excess International. We expect to renew similar coverage at expiration and pay an annualized premium for this policy of \$821,250.
