The voting common stock currently held by Purchaser constitutes approximately 8% of the outstanding common stock of the Company.

SCHEDULE 13D

This Amendment No. 1 to Schedule 13D relates to the holdings of Baxter Healthcare Corporation, a Delaware corporation ("Purchaser"), of common stock, \$0.001 par value per share ("Common Stock"), of Genstar Therapeutics Corp. (formerly known as Urogen Corp.), a Delaware corporation (the "Company"). This Amendment No. 1 amends the previously filed Schedule 13D to correct the calculation of the number of shares of Common Stock into which the Series B Preferred Stock may be converted in order to reflect a fixed conversion ratio as of June 13, 2001.

ITEM 5. INTEREST IN SECURITIES OF THE ISSUER

Item 5 to Schedule 13D is hereby amended and restated in its entirety as follows:

Except as set forth below, neither Purchaser, Parent, nor, to the best knowledge of Purchaser and Parent, any director or executive officer of Purchaser or Parent beneficially owns any other shares of Common Stock of the Company.

Edgar Filing: GENSTAR THERAPEUTICS CORP - Form SC 13D/A

(a) Purchaser and Parent may be deemed to beneficially own an aggregate of 9,782,139 shares of Common Stock, which constitutes approximately 31% of the total number of outstanding shares of Common Stock. Such percentage assumes the conversion of the Series A Preferred Stock and Series B Preferred Stock into Common Stock and the exercise of the Warrant for Common Stock. As of the date of this filing, the Series A Preferred Stock and Series B Preferred Stock have not been converted into Common Stock and the Warrant has not been exercised for Common Stock. The Common Stock currently held by Purchaser constitutes approximately 8% of the outstanding shares of Common Stock.

(b) Purchaser may share the power to vote and dispose of the Common Stock with Parent.

(c) On June 13, 2001, 7,041 shares of Series B Preferred Stock held by Purchaser became convertible at Purchaser's option without additional consideration into a number of shares of Common Stock equal to the product of (a) the quotient of (i) the liquidated value (initially \$1,000 per share subject to recapitalization adjustments), divided by (ii) 110% of the fair market value of the Common Stock based on the thirty (30) day trailing average closing market price for the Common Stock on the date two days before June 13, 2001 (\$6.41), multiplied by (b) the number of shares of Series B Preferred Stock so converted. In August, 2001, Purchaser acquired an additional 5,849 shares of Series B Preferred Stock as payment of the Company's remaining balance under the Credit Agreement, which shares also are convertible into shares of Common Stock. Applying the conversion ratio, Purchaser's 12,890 shares of Series B Preferred Stock are convertible into 2,010,920 shares of Common Stock. After July 8, 2001, Purchaser's 5,830 shares of Series A Preferred Stock became convertible into 5,830,000 shares of Common Stock pursuant to the terms of the Asset Purchase Agreement. To date, Purchaser has not exercised its conversion option with respect to its shares of Series A Preferred Stock or Series B Preferred Stock.

(d) Not applicable.

(e) Not applicable.
