MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors held nineteen meetings during 2002.

The Board of Directors of the Corporation and the Board of Directors of the Bank have a number of joint committees that serve both the Corporation and the Bank. These include an Audit Committee, a Personnel Committee, an Executive Compensation Committee and a Nominating Committee.

Audit Committee

The Audit Committee met five times in 2002. The Audit Committee recommends the appointment of the Corporation's independent accountants, reviews and approves the audit plan and fee estimate of the independent public accountants, appraises the effectiveness of the internal and external audit efforts, evaluates the adequacy and effectiveness of accounting policies and financial and accounting management, supervises the internal auditor, and reviews and approves the annual financial statements. Members of the Audit Committee are Jeffrey S. Powell, Chairman, Dennis L. Merrey, Robert C. Penoyer, and James B. Ryan. The Corporation's board adopted a written charter for the Audit Committee on May 3, 2001. It was subsequently reassessed and readopted by the board on May 14, 2002. A current charter is appended to this Proxy Statement as Appendix A.

Audit Committee Independence. In the opinion of the Corporation's board, the members of the Audit Committee do not have a relationship with the Corporation or any of its affiliates that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors. None of them is or has for the past three years been an employee of the Corporation or any of its affiliates, and no immediate family members of any of them is or has for the past three years been an executive officer of the Corporation or any of its affiliates.

Audit Committee Report. The Audit Committee has submitted the following report for inclusion in this proxy statement:

The Audit Committee has reviewed the audited financial statements for the year ended December 31, 2002 and has discussed the audited financial statements with management. The Audit Committee has also discussed with Crowe, Chizek and Company LLP, independent accountants, the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee has received the written disclosures and the letter from Crowe, Chizek and Company LLP required by Independence Standards Board Standard No. 1 (having to do with matters that could affect the auditor's independence), and has discussed with Crowe, Chizek and Company LLP the independent accountants independence. Based on this, the Audit Committee recommended to the board that the audited financial statements be included in CNB Financial Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

Submitted by the Audit Committee:

Jeffrey S. Powell, Chairman

Dennis L. Merrey

Robert C. Penoyer

James B. Ryan

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Exchange Act of 1934, except to the extent that the Corporation specifically incorporates this information by reference, and shall not otherwise be deemed filed under such act.

Executive Compensation Committee

The Executive Compensation Committee consists of Dennis L. Merrey, Chairman; Robert E. Brown; Jeffrey S. Powell and James B. Ryan. The Committee met eight times during 2002. See EXECUTIVE COMPENSATION Report of the Executive Compensation Committee.

Nominating Committee

The Nominating Committee met once during 2002. The Committee consists of William R. Owens, Chairman; Robert E. Brown; Dennis L. Merrey; James B. Ryan; and Jeffrey S. Powell. Its function is to recommend candidates for nomination for election to the Board of Directors. Any shareholder who wishes to have the committee consider a candidate should submit the name of the candidate, along with any biographical or other relevant information that the shareholder wishes the Committee to consider and the consent of such candidate evidencing his or her willingness to serve as a director, to the President of the Corporation at the address appearing on the first page of this Proxy Statement. Any nomination is subject to Article V, Section 2 of the By-Laws.

Directors William R. Owens and William F. Falger are ex officio members of all committees if not otherwise named, except the Audit and Executive Compensation Committees as to Mr. Falger.

EXECUTIVE COMPENSATION

Report of the Executive Compensation Committee

The Executive Compensation Committee (Committee) is composed of four non-employee, independent directors selected from the Board of Directors of the Corporation.

The Committee has the overall responsibility for reviewing, establishing, and administering policies which govern executive compensation programs. In discharging these responsibilities, the Committee seeks to maintain a position of equity with respect to the balancing of interests of the shareholders with those of the executive officers.

At the request of the Committee, executive officers of the Corporation or Bank may be present at Committee meetings for discussion purposes. However, they have no involvement in the decisions made by the Committee, nor do they have a vote on any matters brought before the group. Independent, outside advisors and consultants may also be used from time to time by the Committee in a similar manner.

Executive Compensation Philosophy & Policy

The written executive compensation philosophy is an integral part of the Executive Compensation Program since it reflects the attitudes of the Board(s) of Directors toward program participation, peer group comparisons, plan design, etc. Within the overall objectives of equity and regulatory compliance, the philosophy serves to guide the deliberations of the Committee and acts as a standard against which plan performance may be measured.

Executive compensation programs are designed to encourage executive decisions and actions that have a positive impact on the Corporation's overall performance. For that reason, program participation is limited to those individuals who have the greatest opportunity to influence the achievement of strategic corporate objectives.

The pay philosophy defines what the organization will pay for, e.g., performance, job worth, etc. The Committee has established the following parameters for the pay philosophy under the current program:

1. Base compensation levels for the Corporation's executive officers that are competitively set relative to companies in the banking industry of comparable size within a multi-state region including Pennsylvania. The Committee also takes into account individual experience and performance of executive officers relative to the specific needs of the Corporation.
2. Compensation adjustments that are subjective and discretionary on the part of the Committee and the Board(s) of Directors. However, these discretionary adjustments will be made taking into account the overall performance of the Corporation and the individual performance appraisals of the executive officers.
3. Incentive compensation that is based on overall bank and individual performance. This form of compensation is in addition to base salary and is intended to focus management on the achievement of certain financial goals on a yearly basis. It is also designed to have a portion of the executive officers' total compensation at risk relative to the performance of the Corporation.
4. The utilization of non-qualified programs, as defined by the Internal Revenue Code, where these programs are appropriate in meeting shareholder, Corporation, and executive officer interests.
5. Stock incentive plan designed to provide long term incentives with awards that are discretionary by the Board of Directors.

This executive compensation philosophy and policy has been developed to help the Executive Compensation Committee meet the objective of the executive compensation plan. To the extent necessary, it will be regularly evaluated and revised in order to meet this objective on an ongoing basis.

Executive Compensation Programs

The primary components of the executive compensation program are base salaries and base benefits. Base salaries are defined by taking into account the job responsibilities of the positions, characteristics of the organization, and comparative salary information compiled and reviewed on an annual basis. The Committee regularly reviews the job assignments of the executive officers and analyzes a variety of annually-developed compensation salary survey information in order to maintain executive officer salaries that are equitable and competitive.

Executive officers participate in the normal benefits programs available to employees of the Bank, e.g., pension plan, savings plan, group life, disability, hospitalization, major medical plans, etc. which do not discriminate in favor of officers and are available to all employees.

Beginning in 1995, the Committee established an Executive Incentive Compensation Plan for executive officers. The purpose of this plan is to provide a direct financial incentive in the form of an annual cash bonus to executives to achieve the Corporation's annual goals set at the beginning of the fiscal year. The primary measure utilized in the plan is return on average assets with additional measures for loan growth and quality and trust asset growth and profitability. The Plan is reviewed and updated annually.

Beyond the payment of dues to certain service and social organizations, executive officers do not receive any additional perquisites with the exception of a vehicle provided to Mr. Falger at the expense of the Corporation.

Chief Executive Officer Compensation

During 2002, William F. Falger served as President and Chief Executive Officer of CNB Financial Corporation and County National Bank. In determining Mr. Falger's base salary the Executive Compensation Committee reviewed Mr. Falger's performance relative to attainment of corporate goals and objectives such as earnings per share, return on assets and return on equity. Also in determining Mr. Falger's base salary, the Committee took into consideration a comparison of base salaries of chief executive officers of a peer group of financial institutions.

In addition to base salary, Mr. Falger received a cash bonus for 2002 performance equal to 40% of base salary. This bonus was paid based upon the level of earnings of the Corporation in excess of the median level of earnings achieved by all bank holding companies in the United States with assets in excess of \$500 million but less than \$1.0 billion in accordance with the 2002 Executive Incentive Plan approved in December, 2001.

Mr. Falger was granted an option to purchase 5,000 shares of the Corporation under the 1999 Stock Incentive Plan. The option price of these shares is \$33.25 per share and the option agreement expires in ten years from the date of the option grant.

The Corporation also provides to Mr. Falger the use of a vehicle as well as the payment of club dues.

2002 Executive Compensation Actions

The Committee reviewed the performance of the Chief Executive Officer and other executive officers and established their base salaries for the ensuing year. The Committee also set the performance targets utilized in the Executive Incentive Compensation Plan. In addition, the Committee reviews the non-qualified benefit plans of the executives. The executive officers of the Corporation and/or the Bank are William A. Franson, Executive Vice President and Cashier, Joseph B. Bower, Executive Vice President and Chief Financial Officer, Mark D. Breakey, Senior Vice President and Chief Loan Officer and Donald E. Shawley, Senior Vice President and Senior Trust Officer.

When evaluating the salaries, incentive compensation and benefits of the executive officers for 2002, the Committee utilized a comprehensive survey of financial institutions with total assets between \$500 million and \$1.0 billion in a multi-state region including Pennsylvania. The Committee used the Bank Holding Company Performance Report prepared by the Federal Reserve Board in establishing performance targets under the 2002 Executive Incentive Compensation Plan. Incentive awards under the Plan were determined using year end 2002 data and paid in the first quarter of 2003. In addition, the Committee measures and evaluates the total cost of executive compensation as a percentage of the Corporation's net income. The Committee reviewed the following comparison for the years shown:

Executive Salaries and bonuses	2002	12.2 %
as a % of Net Income	2001	12.8 %
	2000	13.5 %

Employment Contracts

Edgar Filing: CNB FINANCIAL CORP/PA - Form DEF 14A

During 2001, the Board of Directors of the Corporation approved, upon the recommendation of the Committee, the execution of Executive Employment Contracts for Messrs. Falger, Franson and Bower. The term of these contracts is three years commencing on January 1, 2001 and may be extended for one year at the Corporation's option on each anniversary date of the contracts. The contracts are for the primary purpose of providing for severance pay in the event of a change of control of the Corporation. In consideration for the provisions regarding payment of severance benefits, the executives agree to not compete with the Corporation for a period of three years following the date of severance. During 2002, these contracts were extended for one year for Messrs. Falger and Bower.

Based on our records and other information, we believe that all of our directors and executive officers complied during 2002 with the reporting requirements of section 16(a) of the Securities Exchange Act of 1934, with the exception of Mr. Merrey who filed a report in February 2003 reporting the purchase of shares through the Corporation's Dividend Reinvestment Plan in November of 2002.

PERFORMANCE GRAPH

The following graph illustrates the performance pattern of the common stock of CNB Financial Corporation as compared to the NASDAQ bank stock index and all NASDAQ U.S. stocks. The index values are market weighted, dividend reinvestment numbers which measure the total return for investing \$100 five years ago. This index meets all SEC requirements for showing dividend reinvestment share performance over a five year period. The bank index values qualify as industry specific peer groups for reporting purposes and measure the return to an investor for placing \$100 into a basket of stocks and letting that money set with all dividends being reinvested into the stock paying the dividend.
