Item 7.01 Regulation FD Disclosure (Information furnished pursuant to Item 2.02 Results of Operations and Financial Condition)

The following information is furnished pursuant to Item 7.01 (Regulation FD Disclosure) and Item 2.02 (Results of Operations and Financial Condition). In accordance with general instruction B.2 of Form 8-K, the information in this report is furnished under Items 7.01 and 2.02 and is not deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liability of that Section.

Dynamex Inc. issued a correction on September 21, 2006 to its press release of September 20, 2006, announcing its Results of Operations and Financial Condition for the Three and Twelve Month Periods ended July 31, 2006. The Condensed Statements of Consolidated Cash Flows on the last page of the release included an incorrect number in the table at line item Net cash provided by operating activities for 2006. The correct number should read 15,519 instead of 15,119. A copy of the Company's corrected press release is attached as Exhibit 99.1.

In addition to reporting financial results in accordance with generally accepted accounting principles, or GAAP, the Company provides information regarding EBITDA in the press release as additional information about its operating results. This measure is not in accordance with, or an alternative to, GAAP. The Company's management believes that this presentation provides useful information to management, analysts and investors regarding certain additional financial and business trends relating to its results of operations. In addition, management uses this measure for reviewing the financial results of the Company and for planning purposes. The press release includes a tabular reconciliation of this non-GAAP financial measure to GAAP net income.
