U.S. GAAP differs from generally accepted accounting principles in Canada before the adoption of International Financial Reporting Standards ("IFRS"), referred to as "Canadian GAAP" and IFRS applied by most Canadian reporting issuers starting in 2011. Therefore, the comparative consolidated financial statements incorporated by reference into this prospectus may not be comparable to financial statements prepared in accordance with Canadian GAAP or IFRS. A discussion of the principal differences between the financial results calculated under U.S. GAAP and under Canadian GAAP as it relates to the Company is provided in the notes to the annual comparative consolidated financial statements incorporated by reference into this prospectus.

CANADIAN PACIFIC RAILWAY COMPANY

We are one of Canada's oldest corporations and were North America's first transcontinental railway. From our inception over 125 years ago, we have developed into a fully integrated and technologically advanced Class I railway (a railway earning a minimum of US\$378.8 million in revenues annually) providing rail and intermodal freight transportation services over a 14,700 mile network serving the principal business centres of Canada, from Montreal, Quebec, to Vancouver, B.C., and the U.S. Midwest and Northeast regions. We are a wholly-owned subsidiary of CPRL. Our head office and registered office is located at Suite 500, 401 - 9th Avenue S.W., Calgary, Alberta, T2P 4Z4.

USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement relating to a series of debt securities, we will use the net proceeds we receive from the sale of the debt securities for general corporate purposes, which may include financing our capital expenditure program and working capital requirements. We may also use such proceeds for the repayment of indebtedness or to provide funding to CPRL for its general corporate purposes. The amount of net proceeds to be used for any such purpose will be set forth in the applicable prospectus supplement. We may, from time to time, issue debt instruments and incur additional indebtedness other than through the issue of debt securities pursuant to this prospectus.

DESCRIPTION OF DEBT SECURITIES

In this section only, "we", "us" or "our" refer only to Canadian Pacific Railway Company without any of its subsidiaries through which it operates.

The following description sets forth certain general terms and provisions of the debt securities. The particular terms and provisions of the series of debt securities offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in the applicable prospectus supplement, which may provide information that is different from this prospectus.

The debt securities will be issued under a trust indenture (the "Indenture") dated May 8, 2007 entered into between us and The Bank of New York, as trustee (the "Trustee"). The form of the Indenture has been filed with the SEC. Debt securities may also be issued under new indentures between us and a trustee or trustees as will be discussed in a prospectus supplement for such debt securities. The following statements with respect to the Indenture and the Securities (as hereinafter defined) are brief summaries of the material provisions of the Indenture. However, it is the Indenture, and not this summary, that governs your rights as a holder of the Securities. Wherever particular sections or defined terms of the Indenture are referred to, these sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by this reference. The term "Securities", as used under this caption, refers to all securities issued under the Indenture, including the debt securities. Prospective investors should rely on information in the applicable prospectus supplement if it is different from the following information.

General

The Indenture does not limit the aggregate principal amount of Securities (which may include debentures, notes and other evidences of indebtedness) which may be issued thereunder, and Securities may be issued thereunder from time to time in one or more series and may be denominated and payable in foreign currencies. The Securities offered pursuant to this prospectus will be issued in an amount up to US\$1,500,000,000 or the equivalent in other currency or units based on other foreign currencies. The Indenture also permits us to increase the principal amount of any series

of Securities previously issued and to issue that increased principal amount.

The applicable prospectus supplement will set forth certain terms relating to the debt securities offered thereby (the "Offered Securities"), including the following:

— the specific designation of the Offered Securities;

- 6 -

Table of Contents

- any limit on the aggregate principal amount of the Offered Securities;
- the extent and manner, if any, to which payment on or in respect of the Offered Securities will be senior or will be subordinated to the prior payment of our other liabilities and obligations;
 - the percentage or percentages of principal amount at which the Offered Securities will be issued;
- the date or dates, if any, on which the Offered Securities will mature and the portion (if less than all of the principal amount) of the Offered Securities to be payable upon declaration of acceleration of maturity;
- the rate or rates (which may be fixed or variable) at which the Offered Securities will bear interest, if any, the date or dates from which that interest will accrue and on which that interest will be payable and the regular record dates for any interest payable on the Offered Securities;
- any mandatory or optional redemption or sinking fund provisions, including the period or periods within which, the price or prices at which and the terms and conditions upon which the Offered Securities may be redeemed or purchased at our option or otherwise;
- whether the Offered Securities will be issuable in registered form or bearer form or both, and, if issuable in bearer form, the restrictions as to the offer, sale and delivery of the Offered Securities in bearer form and as to exchanges between registered and bearer form;
- whether the Offered Securities will be issuable in the form of one or more global securities and, if so, the identity of the depository for those global securities;
 - the denominations in which any of the Offered Securities which are in registered form will be issuable, if other than denominations of US\$1,000 and any multiple thereof, and the denominations in which any of the Offered Securities which are in bearer form will be issuable, if other than the denomination of US\$1,000;
- each office or agency where the principal of and any premium and interest on the Offered Securities will be payable, and each office or agency where the Offered Securities may be presented for registration of transfer or exchange;
- if other than United States dollars, the foreign currency or the units based on or relating to foreign currencies in which the Offered Securities are denominated and/or in which the payment of the principal of and any premium and interest on the Offered Securities will or may be payable;
- the terms, if any, on which the Offered Securities may be converted or exchanged for other of our debt securities or debt securities of other entities;
- whether and under what circumstances we will pay Additional Amounts on the Offered Securities of such series in respect of certain taxes (and the terms of any such payment) and, if so, whether we will have the option to redeem the Offered Securities of such series rather than pay the Additional Amounts (and the terms of any such option);
- any index pursuant to which the amount of payments of principal of and any premium and interest on the Offered Securities will or may be determined;

- any applicable Canadian and U.S. federal income tax considerations; and
- any other terms of the Offered Securities, including covenants and Events of Default relating solely to the Offered Securities or any covenants or Events of Default generally applicable to the Securities which are not to apply to the Offered Securities.

Table of Contents

Unless otherwise indicated in the applicable prospectus supplement, the Indenture does not afford the holders the right to tender Securities to us for repurchase, or provide for any increase in the rate or rates of interest per annum at which the Securities will bear interest.

Securities may be issued under the Indenture bearing no interest and may be offered and sold at a discount below their stated principal amount. The Canadian and U.S. federal income tax consequences and other special considerations applicable to those discounted Securities or other Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or U.S. federal income tax purposes will be described in the prospectus supplement relating thereto.

Ranking

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be our unsecured obligations and will rank pari passu with all our other unsecured and unsubordinated debt from time to time outstanding and pari passu with other Securities issued under the Indenture. We conduct a substantial portion of our business through corporate and partnership subsidiaries. The debt securities will be structurally subordinated to all existing and future liabilities, including trade payables and other indebtedness, of any of our corporate or partnership subsidiaries.

Debt Securities in Global Form

Unless otherwise indicated in the applicable prospectus supplement, debt securities of a particular series will be issued in the form of one or more "global securities" which will be registered in the name of and be deposited with a depository, or its nominee, each of which will be identified in the prospectus supplement relating to that series. Unless and until exchanged, in whole or in part, for Securities in definitive form, a global security may not be transferred except as a whole by the depository for a global security to a nominee of that depository, by a nominee of that depository to that depository or another nominee of that depository or by that depository or any nominee of that depository to a successor of that depository or a nominee of a successor of that depository.

The specific terms of the depository arrangement with respect to any portion of a particular series of Securities to be represented by a global security will be described in the prospectus supplement relating to that series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a global security, the depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Securities represented by that global security to the accounts of those persons having accounts with that depository or its nominee ("participants") as shall be designated by the underwriters, investment dealers or agents participating in the distribution of those Securities or by us if those Securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of the ownership of those beneficial interests will be effected only through, records maintained by the depository therefor or its nominee (with respect to beneficial interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some states in the United States require certain purchasers of securities to take physical delivery thereof in definitive form. These depository arrangements and these laws may impair the ability to transfer beneficial interests in a global security.

So long as the depository for a global security or its nominee is the registered owner thereof, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the Securities represented by that global security for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a global

security will not be entitled to have Securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of Securities of that series in definitive form and will not be considered the owners or holders of those Securities under the Indenture.

Table of Contents

Principal, premium, if any, and interest payments on a global security registered in the name of a Depository or its nominee will be made to that depository or nominee, as the case may be, as the registered owner of that global security. None of us, the Trustee or any paying agent for Securities of the series represented by that global security will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in that global security or for maintaining, supervising or reviewing any records relating to those beneficial interests.

We expect that the depository for a global security or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of that global security as shown on the records of that depository or its nominee. We also expect that payments by participants to owners of beneficial interests in that global security held through those participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of those participants.

If the depository for a global security representing Securities of a particular series is at any time unwilling or unable to continue as depository, or if the depository is no longer eligible to continue as depository, and a successor depository is not appointed by us within 90 days, or if an Event of Default described in clauses (a) or (b) of the first sentence under "Events of Default" below with respect to a particular series of Securities has occurred and is continuing, we will issue securities of that series in definitive form in exchange for that global security. In addition, we may at any time and in our sole discretion determine not to have the Securities of a particular series represented by one or more global securities and, in that event, will issue securities of that series in definitive form in exchange for all of the global securities representing securities of that series.

Debt Securities in Definitive Form

If indicated in the applicable prospectus supplement, the Securities may be issued in fully registered form without coupons and in denominations of US\$1,000 or any integral multiple thereof. We will file with the Trustee, within 15 days after CPRL is required to file them with the SEC, copies, which may be in electronic format, of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) which CPRL may be required to file with the SEC pursuant to Section 13 or Section 15(d) of the U.S. Exchange Act. Notwithstanding that CPRL may not be required to remain subject to the reporting requirements of Section 13 or 15(d) of the U.S. Exchange Act, as amended, or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, we will provide the Trustee:

- within 140 days (or such longer period as the Trustee in its discretion may consent to) after the end of each fiscal year, the information required to be contained in CPRL's annual reports on Form 20-F or Form 40-F as applicable (or any successor form); and
- within 60 days (or such longer period as the Trustee in its discretion may consent to) after the end of each of the first three fiscal quarters of each fiscal year, the information required to be contained in CPRL's reports on Form 6-K (or any successor form) which, regardless of applicable requirements, will, at a minimum, contain such information required to be provided in quarterly reports under the laws of Canada or any province thereof to security holders of a company with securities listed on the Toronto Stock Exchange, whether or not CPRL has any of its securities so listed.

Events of Default

The occurrence of any of the following events with respect to the Securities of any series will constitute an "Event of Default" with respect to the Securities of that series:

performance of any other covenant of ours or any Subsidiary contained in any instrument under which that Indebtedness is created or issued and the holders thereof, or a trustee, if any, for those holders, declare that Indebtedness to be due and payable prior to the stated maturities of that Indebtedness ("accelerated Indebtedness"), and such acceleration shall not be rescinded or annulled, or such default under such instrument shall not be remedied or cured, whether by payment or otherwise, or waived by the holders of such Indebtedness, provided that (i) if such accelerated Indebtedness is the result of an event of default which is not related to the failure to pay principal or interest on the terms, at the times and on the conditions set forth in such instrument, it will not be considered an Event of Default under this clause (d) until 30 days after such acceleration, or (ii) if such accelerated Indebtedness shall occur as a result of such failure to pay principal or interest or as a result of an event of default which is related to the failure to pay principal or interest on the terms, at the times, and on the conditions set out in any such indenture or instrument, then (A) if such accelerated Indebtedness is, by its terms, non recourse to us or the Railroad Subsidiaries, it shall not be considered an Event of Default; or (B) if such accelerated Indebtedness is recourse to us or the Railroad Subsidiaries, any requirement in connection with such failure to pay or event of default for the giving of notice or the lapse of time or the happening of any further condition, event or act under such other indenture or instrument in connection with such failure to pay principal or an event of default shall be applicable together with an additional seven days before being considered an Event of Default;

(e)certain events of bankruptcy, insolvency, winding up, liquidation or dissolution relating to us or any Significant Subsidiary as provided in the Indenture; or

(f) any other event of default provided with respect to that series.

If an Event of Default described in clause (a) or (b) above occurs and is continuing with respect to Securities of any series, unless the principal of all of the Securities of that series shall have already become due and payable, the Trustee may, in its discretion, and shall upon request in writing made by the holders of not less than 25% in aggregate principal amount of the Securities of that series then outstanding, declare the principal of (and premium, if any, on) all the Securities of that series then outstanding and the interest accrued thereon and all other money, if any, owing under the provisions of the Indenture in respect of those Securities to be due and payable immediately on demand. If an Event of Default described in clause (c) or (f) above occurs and is continuing with respect to the Securities of one or more series, unless the principal of all of the Securities of the affected series shall have already become due and payable, the Trustee may, in its discretion, and shall upon request in writing made by the holders of not less than 25% in aggregate principal amount of the Securities of all such affected series then outstanding (voting as one class), declare the principal of (and premium, if any, on) all the Securities of all the affected series then outstanding and the interest accrued thereon and all other money, if any, owing under the provisions of the Indenture in respect of those Securities to be due and payable immediately on demand. If an Event of Default described in clause (d) or (e) above occurs and is continuing, unless the principal of all Securities then outstanding shall have already become due and payable, the Trustee may, in its discretion, and shall upon request in writing made by the holders of not less than 25% in aggregate principal amount of all the Securities then outstanding (voting as one class), declare the principal of (and premium, if any, on) all the Securities then outstanding and the interest accrued thereon and all other money, if any, owing under the provisions of the Indenture in respect of those Securities to be due and payable immediately on demand. Upon certain conditions, any declaration of this kind may be cancelled if all Events of Default with respect to the Securities of all those affected series then outstanding shall have been cured or waived as provided in the Indenture by the holders of not less than a majority in aggregate principal amount of the Securities of the affected series then outstanding (voting as one class, except in the case of Events of Default described in clauses (a) and (b) of the first sentence of the preceding paragraph, as to which each series so affected will vote as a separate class). See "Modification and Waiver" below.

Reference is made to the applicable prospectus supplement or supplements relating to any series of original issue discount Securities for the particular provisions relating to the acceleration of a portion of the principal amount thereof upon the occurrence and continuance of an Event of Default with respect thereto.

The Indenture provides that the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of the holders, unless those holders shall have provided to the Trustee

Table of Contents

reasonable indemnity. Subject to those provisions for indemnity and certain other limitations contained in the Indenture, the holders of a majority in aggregate principal amount of the Securities of all affected series then outstanding (voting as one class) will have the right to sanction or direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Securities of those affected series.

The Indenture provides that no holder of the Securities of any series will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless (a) that holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to the Securities of that series, (b) the holders of not less than 25% in aggregate principal amount of the Securities of all affected series then outstanding shall have made written request, and provided reasonable indemnity, to the Trustee to institute that proceeding, (c) the Trustee shall not have received from the holders of a majority in aggregate principal amount of the Securities of all affected series then outstanding a direction inconsistent with that request and (d) the Trustee shall have failed to institute that proceeding within 60 days after that notification, request and offer of indemnity. However, the holder of any Security will have an absolute right to receive payment of the principal of and any premium and interest on that Security on or after the due dates expressed in that Security and to institute suit for the enforcement of any of these payments. The Indenture requires us to furnish to the Trustee annually an officers' certificate as to our compliance with certain covenants, conditions or other requirements contained in the Indenture and as to any non-compliance therewith.

The Indenture provides that the Trustee may withhold notice to the holders of the Securities of one or more series of any default affecting those series (except defaults as to payment of principal or interest) if it, in good faith, considers that withholding to be in the best interests of the holders of the Securities of those series.

Additional Amounts

All payments made by us under or with respect to the debt securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "Canadian Taxes"), unless we are required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof. If we are so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the debt securities, we will pay as additional interest such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each holder after such withholding or deduction (and after deducting any Canadian Taxes on such Additional Amounts) will not be less than the amount the holder would have received if such Canadian Taxes had not been withheld or deducted. However, no Additional Amounts will be payable with respect to a payment made to a holder (such holder, an "Excluded Holder") in respect of the beneficial owner thereof:

- (a) with which we do not deal at arm's length (within the meaning of the Income Tax Act (Canada)) at the time of making such payment;
- (b) which is subject to such Canadian Taxes by reason of the holder being a resident, domicile or national of, or engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of debt securities or the receipt of payments thereunder; or
- (c) which is subject to such Canadian Taxes by reason of the holder's failure to comply with any certification, identification, information, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in

the rate of deduction or withholding of, such Canadian Taxes.

We will also:

- 15 -

(a) make such withholding or deduction; and

(b) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

We will furnish to the holders of the debt securities, within 30 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by us.

We will indemnify and hold harmless each holder (other than an Excluded Holder) and upon written request reimburse each such holder for the amount of:

(a) any Canadian Taxes so levied or imposed and paid by such holder as a result of payments made under or with respect to the debt securities;

(b) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto; and

(c) any Canadian Taxes imposed with respect to any reimbursement under clause (a) or (b) above, but excluding any such Canadian Taxes on such holder's net income.

In any event, no Additional Amounts or indemnity will be payable in excess of the Additional Amounts or indemnity which would be required if the holder of the debt security was a resident of the United States for purposes of and entitled to the benefits of the Canada-U.S. Tax Convention (1980), as amended.

Wherever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to a Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Tax Redemption

The debt securities will be subject to redemption in whole, but not in part, at our option, at any time, on not less than 30 nor more than 60 days' prior written notice, at 100% of the principal amount, together with accrued interest thereon to the redemption date, in the event we determine that it is probable that we have become or would become obligated to pay, on the next date on which any amount would be payable with respect to the debt securities, any Additional Amounts as a result of an amendment to or change in the laws (including any regulations promulgated thereunder) of Canada (or any political subdivision or taxing authority thereof or therein), or any amendment to or change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of this prospectus.

Modification and Waiver

The Indenture permits us and the Trustee to enter into supplemental indentures without the consent of the holders of the Securities to, among other things: (a) secure the Securities of one or more series, (b) evidence the assumption by the Successor of our covenants and obligations, under the Indenture and the Securities then outstanding, (c) add covenants or Events of Default for the benefit of the holders of one or more series of the Securities or surrender any right or power conferred upon us by the Indenture, (d) cure any ambiguity or correct or supplement any defective provision in the Indenture which correction will not be prejudicial to the interests of the holders of the Securities in any material respect, (e) establish the form and terms of the Securities of any series, (f) evidence the acceptance of appointment by a successor Trustee, and (g) make any other modifications which will not be prejudicial to the interests of the holders of the Securities in any material respect.

The Indenture also permits us and the Trustee, with the consent of the holders of a majority in aggregate principal amount of the Securities of each series then outstanding and affected (voting as one class), to add any

Table of Contents

provisions to, or change in any manner or eliminate any of the provisions of, the Indenture or modify in any manner the rights of the holders of the Securities of each such affected series; provided, however, that we and the Trustee may not, among other things, without the consent of the holder of each Security then outstanding and affected thereby: (a) change the stated maturity of the principal amount of, or any installment of the principal of or the interest on, that Security; (b) reduce the principal amount of or the rate of interest on or any premium payable upon the redemption of that Security; (c) reduce the amount of principal of an original issue discount Security payable upon acceleration of the maturity thereof; (d) change the place or currency of payment of the principal of or any premium or interest on that Security; (e) impair the right to institute suit for the enforcement of payment of this kind with respect to that Security on or after the stated maturity thereof; or (f) reduce the percentage in principal amount of the outstanding Securities of the affected series, the consent of whose holders is required for modification or amendment of the Indenture, or for any waiver with respect to defaults, breaches, Events of Default or declarations of acceleration.

The holders of a majority in aggregate principal amount of the Securities of all series at the time outstanding with respect to which a default or breach or an Event of Default shall have occurred and be continuing (voting as one class) may on behalf of the holders of all such affected Securities waive any past default or breach or Event of Default and its consequences, except a default in the payment of the principal of or premium or interest on any Security of any series or an Event of Default in respect of a covenant or provision of the Indenture or of any Security which cannot be modified or amended without the consent of the holder of each Security affected.

Defeasance

The Indenture provides that, at our option, we will be discharged from any and all obligations with respect to the Securities of any series (except for certain obligations to execute and deliver definitive Securities of that series, to register the transfer or exchange of the Securities of that series, to replace mutilated, destroyed, lost or stolen Securities of that series, to maintain paying agencies, to compensate and indemnify the Trustee and to maintain the trust described below) (hereinafter called a "defeasance") upon the irrevocable deposit with the Trustee, in trust, of money, and/or securities of the government which issued the currency in which the Securities of that series are payable or securities backed by the full faith and credit of that government which, through the payment of the principal thereof and the interest thereon in accordance with their terms, will provide money, in an amount sufficient to pay all the principal of and any premium and interest on the Securities of that series on the stated maturity of those payments in accordance with the terms of the Securities of that series. Such a defeasance may be effected only if, among other things, (a) we have delivered to the Trustee an opinion of counsel (who may be our independent counsel) stating that we have received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in the applicable laws or regulations, in either case to the effect that the holders of the Securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of that defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance had not occurred, and (b) we have delivered to the Trustee an opinion of counsel in Canada (who may be our independent counsel) or a ruling from the Canada Revenue Agency to the effect that the holders of the Securities of that series will not recognize income, gain or loss for Canadian federal or provincial income or other Canadian tax purposes as a result of that defeasance and will be subject to Canadian federal or provincial income and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance had not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the Securities include holders who are not resident in Canada). In addition, we may obtain a discharge of the Indenture with respect to the Securities of all series issued under the Indenture by depositing with the Trustee, in trust, an amount of money and government securities as shall be sufficient to pay, at stated maturity or upon redemption, all of those Securities, provided that those Securities are by their terms to become due and payable within one year or are to be called for redemption within one year.

The Indenture also provides that we may omit to comply with the restrictive covenants described under the caption "Negative Pledge" and certain other covenants and no Event of Default shall arise with respect to the Securities of that series by reason of this failure to comply (hereinafter called a "covenant defeasance"), upon the irrevocable deposit with the Trustee, in trust, of money and/or securities of the government which issued the currency in which the Securities of that series are payable or securities backed by the full faith and credit of that government which, through the payment of the principal thereof and the interest thereon in accordance with their

Table of Contents

terms, will provide money, in an amount sufficient to pay all the principal of and any premium and interest on the Securities of that series on the stated maturity of those payments in accordance with the terms of the Securities of that series. Our other obligations with respect to the Securities of that series would remain in full force and effect. A covenant defeasance may be effected only if, among other things, (a) we have delivered to the Trustee an opinion of counsel (who may be our independent counsel) to the effect that the holders of Securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if that covenant defeasance had not occurred, and (b) we have delivered to the Trustee an opinion of counsel in Canada (who may be our independent counsel) or a ruling from the Canada Revenue Agency to the effect that the holders of the Securities of that series will not recognize income, gain or loss for Canadian federal or provincial income or other Canadian tax purposes as a result of that defeasance and will be subject to Canadian federal or provincial income and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance had not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the Securities include holders who are not resident in Canada).

In the event that we exercise our option to effect a covenant defeasance with respect to the Securities of any series and the Securities of that series are thereafter declared due and payable because of the occurrence of another Event of Default, the amount of money and securities on deposit with the Trustee would be sufficient to pay the amounts due on the Securities of that series at their respective stated maturities, but may not be sufficient to pay the amounts due on the Securities of that series at the time of the acceleration resulting from that Event of Default. However, we would remain liable for this deficiency.

Consent to Service

We have designated CT Corporation System, 111 Eighth Avenue, 13th Floor, New York, New York, 10011 as our authorized agent for service of process in the United States in any action, suit or proceeding arising out of or relating to the Indenture or the Securities and for actions brought under federal or state securities law in any federal or state court located in the Borough of Manhattan, New York, New York and irrevocably submit to the non-exclusive jurisdiction of any such court.

Governing Law

The Indenture and the Securities will be governed by and construed in accordance with the laws of the State of New York.

Enforceability of Judgments

We are incorporated and governed by the laws of Canada. A substantial portion of our assets are located outside the United States and some or all of the directors and officers and some or all of the experts named herein are residents of Canada. As a result, it may be difficult for investors to effect service within the United States upon us and upon those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors, officers or experts. We have also been advised by Macleod Dixon llp that there is some doubt as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments of United States courts, of liabilities predicated upon United States federal securities laws.

PLAN OF DISTRIBUTION

We may sell the debt securities to or through underwriters or dealers. We may also sell the debt securities to one or more other purchasers directly or through agents.

The applicable prospectus supplement will set forth the terms of the offering, including the name or names of any underwriters or agents, the purchase price or prices of the debt securities to be offered, the proceeds to us from the sale of the debt securities to be offered, any initial public offering price, any underwriting discount or commission and any discounts, concessions or commissions allowed or reallocated or paid by any underwriter to other dealers. Any initial public offering price and any discounts, concessions or commissions allowed or reallocated or paid to dealers may be changed from time to time.

The debt securities may be sold from time to time in one or more transactions at a fixed price or fixed prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to these prevailing market prices or at negotiated prices.

If so indicated in the applicable prospectus supplement, we may authorize dealers or other persons acting as our agents to solicit offers by certain institutions to purchase the debt securities directly from us pursuant to contracts providing for payment and delivery on a future date. These contracts will be subject only to the conditions set forth in the applicable prospectus supplement or supplements, which will also set forth the commission payable for solicitation of these contracts.

Underwriters, dealers and agents who participate in the distribution of the debt securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under the U.S. Securities Act of 1933, as amended, or to contribution with respect to payments which those underwriters, dealers or agents may be required to make in respect thereof. Those underwriters, dealers and agents may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

Each series of the debt securities will be a new issue of securities with no established trading market. Unless otherwise specified in an applicable prospectus supplement relating to a series of debt securities, the debt securities will not be listed on any securities exchange or on any automated dealer quotation system. Some broker-dealers may make a market in the debt securities, but they will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities of any series or that an active public market for the debt securities of any series will develop. If an active public trading market for the debt securities of any series does not develop, the market price and liquidity of such series of debt securities may be adversely affected.

EARNINGS COVERAGE

The following consolidated earnings coverage ratios of CPRL are calculated for the twelve-month period ended December 31, 2010 based on audited consolidated financial statements and for the twelve-month period ended March 31, 2011 based on unaudited consolidated interim financial statements. The earnings coverage ratios set out below do not purport to be indicative of earnings coverage ratios for any future periods. These coverage ratios do not give effect to the issuance of securities that may be issued pursuant to this prospectus and any applicable pricing supplement or other prospectus supplement, since the aggregate principal amounts and the terms of such securities are not presently known.

	Twelve	Twelve
	Months Ended	Months

	December 31, 2010	Ended March 31, 2011
Earnings coverage on long-term debt(1)(2)	4.5x	4.1x

Notes:

(1) Earnings coverage is equal to income before interest expense and income tax expense, divided by interest expense on all debt plus the amount of interest that has been capitalized during the period.

Table of Contents

(2) The earnings coverage ratios have been calculated excluding carrying charges for the \$281.7 million and \$279.8 million in long-term debt maturing within one year reflected as current liabilities in CPRL's consolidated balance sheets as at December 31, 2010 and March 31, 2011, respectively. If such long-term debt maturing within one year had been classified in its entirety as long-term debt for purposes of calculated earnings coverage ratios, the entire amount of the annual carrying charges for such long-term debt maturing within one year would have been reflected in the calculation of CPRL's earnings coverage ratios. For the twelve-month period ended December 31, 2010, earnings coverage on long-term debt would have been 4.0x. For the twelve-month period ended March 31, 2011, earnings coverage on long-term debt would have been 3.7x.

CPRL's interest expense requirements, including interest capitalized during the period, amounted to approximately \$293.5 million for the twelve-month period ended December 31, 2010 and approximately \$281.8 million for the twelve-month period ended March 31, 2011.

If we offer debt securities having a term to maturity in excess of one year under this prospectus and a prospectus supplement, the prospectus supplement will include earnings coverage ratios giving effect to the issuance of such securities.

CERTAIN INCOME TAX CONSIDERATIONS

The applicable prospectus supplement will describe the material Canadian federal income tax consequences to investors of purchasing, owning and disposing of debt securities, including, in the case of an investor who is not a resident of Canada, whether payments of principal, premium, if any, and interest will be subject to Canadian non-resident withholding tax.

The applicable prospectus supplement will also describe certain U.S. federal income tax consequences of the purchase, ownership and disposition of the debt securities by an investor who is a United States person, including, to the extent applicable, certain relevant U.S. federal income tax rules pertaining to capital gains and ordinary income treatment, original issue discount, backup withholding and the foreign tax credit, and any consequences relating to debt securities payable in a currency other than U.S. dollars, issued at an original discount for U.S. federal income tax purposes or containing early redemption provisions or other special terms.

RISK FACTORS

In addition to the risk factors set forth below, additional risk factors relating to our business are discussed in the AIF and MD&A, which risk factors are incorporated herein by reference. Prospective purchasers of the debt securities should consider carefully the risk factors set forth below and those incorporated by reference as well as the other information contained in and incorporated by reference into this prospectus and contained in the applicable prospectus supplement before purchasing the debt securities offered hereby.

If any event arising from these risks occurs, our or CPRL's business, prospects, financial condition, results of operations or cash flows, or your investment in the debt securities could be materially adversely affected.

There can be no assurance as to the liquidity of the trading market for the debt securities or that a trading market for the debt securities will develop.

There is no public market for the debt securities and, unless otherwise specified in the applicable prospectus supplement, we do not intend to apply for listing of the debt securities on any securities exchanges. If the debt securities are traded after their initial issue, they may trade at a discount from their initial offering prices depending on prevailing interest rates, the market for similar securities and other factors, including general economic conditions and

our financial condition. There can be no assurance as to the liquidity of the trading market for the debt securities or that a trading market for the debt securities will develop.

Credit ratings may not reflect all risks of an investment in the debt securities and may change.

Credit ratings may not reflect all risks associated with an investment in the debt securities. Any credit ratings applied to the debt securities are an assessment of our ability to pay our obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the debt securities. The credit ratings, however, may not reflect the potential impact of risks related to structure, market or other factors discussed

Table of Contents

herein on the value of the debt securities. There is no assurance that any credit rating assigned to the debt securities will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Changes in interest rates may cause the value of the debt securities to decline.

Prevailing interest rates will affect the market price or value of the debt securities. The market price or value of the debt securities may decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

The debt securities will be effectively subordinated to certain indebtedness of our corporate and partnership subsidiaries.

The debt securities will be our unsubordinated and unsecured obligation and, unless otherwise provided with respect to a series of debt securities, will rank equally with all of our other unsecured, unsubordinated obligations. We conduct a substantial portion of our business through corporate and partnership subsidiaries. Our obligations under the debt securities will be structurally subordinate to all existing and future indebtedness and liabilities, including trade payables, of any of our corporate and partnership subsidiaries.

LEGAL MATTERS

Unless otherwise specified in the applicable prospectus supplement relating to a series of debt securities, certain legal matters will be passed upon for us by Macleod Dixon llp, Calgary, Alberta, and by Paul, Weiss, Rifkind, Wharton & Garrison llp, New York, New York. In addition, certain legal matters relating to United States law will be passed upon for the underwriters, dealers or agents by Davis Polk & Wardwell llp, New York, New York.

INTEREST OF EXPERTS

The consolidated financial statements of CPRL incorporated by reference have been so incorporated by reference in reliance on the audit report of PricewaterhouseCoopers LLP, chartered accountants, given on the authority of the said firm as experts in auditing and accounting.

In connection with the audit of CPRL's annual financial statements for the year ended December 31, 2010, PricewaterhouseCoopers LLP, the former auditors of CPRL, confirmed that they were independent within the meaning of the Rules of Professional Conduct of the Institute of Chartered Accountants of Alberta.

Indemnification of Directors and Officers

Section 124 of the Canada Business Corporations Act (the “CBCA”) provides as follows:

124. (1) Indemnification. A corporation may indemnify a director or officer of the corporation, a former director or officer of the corporation or another individual who acts or acted at the corporation’s request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with the corporation or other entity.

(2) Advance of Costs. A corporation may advance moneys to a director, officer or other individual for the costs, charges and expenses of a proceeding referred to in subsection (1). The individual shall repay the moneys if the individual does not fulfill the conditions of subsection (3).

(3) Limitation. A corporation may not indemnify an individual under subsection (1) unless the individual

(a) acted honestly and in good faith with a view to the best interests of the corporation, or, as the case may be, to the best interests of the other entity for which the individual acted as director or officer or in a similar capacity at the corporation's request; and

(b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that the individual's conduct was lawful.

(4) Indemnification in derivative actions. A corporation may with the approval of a court, indemnify an individual referred to in subsection (1), or advance moneys under subsection (2), in respect of an action by or on behalf of the corporation or other entity to procure a judgment in its favour, to which the individual is made a party because of the individual's association with the corporation or other entity as described in subsection (1) against all costs, charges and expenses reasonably incurred by the individual in connection with such action, if the individual fulfills the conditions set out in subsection (3).

(5) Right to indemnity. Despite subsection (1), an individual referred to in that subsection is entitled to indemnity from the corporation in respect of all costs, charges and expenses reasonably incurred by the individual in connection with the defence of any civil, criminal, administrative, investigative or other proceeding to which the individual is subject because of the individual's association with the corporation or other entity as described in subsection (1), if the individual seeking indemnity

(a) was not judged by the court or other competent authority to have

committed any fault or omitted to do anything that the individual ought to have done; and

(b) fulfills the conditions set out in subsection (3).

(6) Insurance. A corporation may purchase and maintain insurance for the benefit of an individual referred to in subsection (1) against any liability incurred by the individual

(a) in the individual's capacity as a director or officer of the corporation; or

(b) in the individual's capacity as a director or officer, or similar capacity, of another entity, if the individual acts or acted in that capacity at the corporation's request.

(7) Application to court. A corporation, an individual or an entity referred to in subsection (1) may apply to a court for an order approving an indemnity under this section and the court may so order and make any further order that it sees fit.

(8) Notice to Director. An applicant under subsection (7) shall give the Director notice of the application and the Director is entitled to appear and be heard in person or by counsel.

(9) Other notice. On an application under subsection (7) the court may order notice to be given to any interested person and the person is entitled to appear and be heard in person or by counsel.

The by-laws of the Registrant provide that the Registrant shall indemnify a director or officer of the Registrant, a former director or officer of the Registrant, or a person who acts or acted at the Registrant's request as a director or officer of a body corporate of which the Registrant is or was a shareholder or creditor, and the heirs and legal representatives thereof, to the extent permitted by the CBCA or otherwise by law.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is therefore unenforceable.
