When the enclosed proxy is properly executed and returned, or you vote your proxy through the Internet as provided for on the enclosed proxy card, the shares which it represents will be voted at the Meeting in accordance with the instructions thereon. In the absence of any such instructions, the shares represented thereby will be voted in favor of the election of all of the nominees for director listed under the caption Election of Directors and for the ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm for 2009. Management does not know of any other business to be brought before the Meeting not described herein, but it is intended that as to any such other business properly brought before the Meeting, a vote will be cast pursuant to any proxy granted in accordance with the judgment of the proxies appointed thereunder. This proxy statement and the accompanying form of proxy are first being given or sent to shareholders of the Company, and made available on the Internet, on or about April 3, 2009.

Any shareholder who executes and delivers a proxy, or votes a proxy through the Internet, may revoke it at any time prior to its use by: (i) giving written notice of such revocation to the Acting Secretary of the Company at 4370 Peachtree Road, N.E., Atlanta, Georgia 30319-3000; (ii) executing and delivering a proxy bearing a later date to the Acting Secretary of the Company at 4370 Peachtree Road, N.E., Atlanta, Georgia 30319-3000; (iii) voting, or re-voting, as the case may be, a proxy over the Internet at a later date; or (iv) attending the Meeting and voting in person.

On the Record Date, there were 23,323,595 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on each matter to be acted upon.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR SHAREHOLDER MEETING TO BE HELD ON MAY 5, 2009.

The proxy statement is available at www.atlam.com.

ANNUAL REPORT

A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2008 is being provided with this proxy statement.

EXPENSES OF SOLICITATION

The costs of soliciting proxies will be borne by the Company. Officers, directors and employees of the Company may solicit proxies by telephone, personal interview or otherwise, but will not receive any additional compensation for so doing. No contract or arrangement exists for engaging specially-paid employees or solicitors in connection with the solicitation of proxies for the Meeting. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries holding shares for a beneficial owner to send proxies and proxy materials to their principals, and the Company will reimburse them for their expenses in so doing.

VOTE REQUIRED

A majority of the outstanding shares of Common Stock must be present in person or by proxy at the Meeting in order to have the quorum necessary to transact business. Abstentions and broker non-votes will be counted as present in determining whether the quorum requirement is satisfied. A non-vote occurs when a custodian, nominee or fiduciary

holding shares for a beneficial owner votes on one proposal pursuant to discretionary authority or instructions from the beneficial owner, but does not vote on another proposal because the nominee has not received instruction from the beneficial owner and does not have discretionary authority to vote with respect to such other proposal. Directors are elected by the affirmative vote of a plurality of the shares of Common Stock present in person or by proxy and actually voting at the Meeting at which a quorum is present. In order for shareholders to approve each other matter to be voted on at the Meeting, the votes cast favoring the proposal must exceed the votes cast opposing the proposal. Abstentions and non-votes will not count as votes for or against any director or proposal, as the case may be, as to which there is an abstention or non-vote.

Table of Contents**1. ELECTION OF DIRECTORS**

One of the purposes of the Meeting is to elect ten directors to serve until the next annual meeting of shareholders and until their successors have been elected and qualified or until their earlier resignation or removal. In the event any of the nominees should be unavailable to serve as a director, which contingency is not presently anticipated, proxies will be voted for the election of such other persons as may be designated by the present Board of Directors.

All of the nominees for election to the Board of Directors are currently Directors of the Company. There are no arrangements or understandings between any nominee and any other person pursuant to which such nominee was selected as a nominee or is to be elected as a director. One current director of the Company, Mark C. West, has advised the Company that, due to certain other significant commitments, he does not desire to stand for reelection at the Meeting.

Table of Contents**Committees of The Board of Directors**

As a result of the level of beneficial ownership of our Common Stock by J. Mack Robinson, one of our director nominees and currently Chairman Emeritus, and his affiliates, the Company meets the definition of a controlled company as defined pursuant to Rule 4350(c)(5) of the National Association of Securities Dealers, Inc. Marketplace Rules (the NASDAQ Rules). Accordingly, the Company is exempt from certain requirements of the NASDAQ Rules, including the requirement that a majority of its Board of Directors be independent, as defined in such rules, the requirement that director nominees be selected, or recommended for the board's selection, by either a majority of the independent directors or a nominating committee comprised solely of independent directors, and certain requirements relating to the determination of executive officer compensation. Notwithstanding this, however, the Board of Directors has determined that the following individuals are independent pursuant to the NASDAQ Rules for purposes of serving as a member of the Board of Directors: Edward E. Elson, Harold K. Fischer, D. Raymond Riddle, Mark C. West and Dom H. Wyant. As described above, Mr. West has advised the Company that he does not desire to stand for reelection at the Meeting. As a result, from and after the Meeting, he will cease to be a director and to be a member of any committee of the Board.

The Board of Directors of the Company has three standing committees: the Executive Committee, the Stock Option and Compensation Committee and the Audit Committee.

The Executive Committee is composed of Messrs. Robinson, Howell and Hudgins, and Dr. Whaley. The Executive Committee's function is to act in the place and stead of the Board of Directors to the extent permitted by law on matters which require Board action between meetings of the Board of Directors. The Executive Committee of the Company did not meet or act by written consent during 2008.

The Stock Option and Compensation Committee is composed of Messrs. Elson, Riddle and West and Dr. Whaley, Chairman, each of whom, with the exception of Dr. Whaley, is independent pursuant to the NASDAQ Rules. The Stock Option and Compensation Committee's function is to establish the number of stock options to be granted to officers and key employees and the annual salaries and bonus amounts payable to officers of the Company. The Stock Option and Compensation Committee met two times during 2008. Due to its status as a controlled company, and the related historically low turnover among Board and Committee members, as well as among the Company's executive officers, the Board has not foreseen a need to adopt a charter to govern the Stock Option and Compensation Committee's functions.

The Audit Committee is composed of Messrs. Elson, Riddle, West and Wyant. Certain information regarding the functions performed by the Audit Committee and its membership during 2008 is set forth in the Report of the Audit Committee, included below. The Board of Directors has determined that all of the members of the Audit Committee are independent for purposes of being an Audit Committee member, and financially literate, as such terms are defined in the NASDAQ Rules and the rules of the Securities and Exchange Commission. In addition, the Board of Directors has determined that three of the members of the Audit Committee, Messrs. Elson, Riddle and West, each is an audit committee financial expert as defined by the Securities and Exchange Commission in Item 407(d) of Regulation S-K. In making such determination, the Board took into consideration, among other things, the express provision in Item 407(d) of Regulation S-K that the determination that a person is an audit committee financial expert shall not impose any greater responsibility or liability on that person than the responsibility and liability imposed on such person as a member of the Audit Committee, nor shall it affect the duties and obligations of other Audit Committee members or the Board of Directors. The Audit Committee has a written charter which sets out its authority and responsibilities, a copy of which is available on the Company's website, www.atlam.com. The Audit Committee met or acted by written consent five times during 2008.

Due to its status as a controlled company, and the related historically small turnover of its members, the Board has not foreseen the need to establish a separate nominating committee or adopt a charter to govern the nomination process. The Board of Directors has generally addressed the need to retain members and fill vacancies after discussion among current members, or the members of the Executive Committee, if necessary in lieu of the full Board, and the Company's management. The Board of Directors does not have any specific qualifications that are required to be met by director candidates and does not have a formal process for identifying and evaluating director candidates.

Additionally, the Board of Directors does not have a formal policy with respect to the consideration of any director candidates recommended by shareholders and has determined that it is appropriate not to have such a formal policy at this time. The Board of Directors, however, will give due consideration to director candidates recommended by shareholders. Any shareholder that wishes to nominate a director candidate should submit complete information as to the identity and qualifications of the director candidate to the Board of Directors at the address and in the manner set forth below for communication with the Board.

The Board of Directors met or acted by written consent five times in 2008. Each of the Directors named above attended at least 75% of the meetings of the Board and its committees of which he or she was a member during 2008. The Company does not have a formal policy regarding Director attendance at its annual meetings, but attendance by the Directors is encouraged and expected. At the Company's 2008 annual meeting of shareholders, ten of the Company's directors were in attendance.

Shareholders may communicate with members of the Board of Directors by mail addressed to the full Board of Directors, a specific member of the Board of Directors or a particular committee of the Board of Directors, at Atlantic American Corporation, 4370 Peachtree Road, N.E., Atlanta, Georgia 30319.

Report of the Audit Committee

The Audit Committee (the Committee) oversees the Company's (i) financial reports and other financial information; (ii) systems of internal controls regarding finance, accounting, legal compliance and ethics; and (iii) auditing, accounting and financial reporting processes. The Company's management has the primary responsibility for the financial statements and the reporting processes, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements of the Company as of and for the year ended December 31, 2008, including a discussion of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements.

The Company's independent registered public accounting firm is responsible for performing an audit of the Company's financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion thereon. During 2008, the Committee reviewed with the independent auditors for the 2008 fiscal year their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including the items set out in Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, promulgated by the Auditing Standards Board of the American Institute of Certified Public Accountants and rule 2-07 of Regulation S-X. In addition, the Committee has discussed with the Company's independent auditors for the 2008 fiscal year the auditors' independence from management and the Company, including the matters in the written disclosures received as required by Independence Standards Board Standard No.1, and considered the compatibility of nonaudit services provided to the Company by BDO Seidman, LLP, with the maintenance of the auditors' independence.

The Committee discussed with the Company's independent auditors for the 2008 fiscal year the overall scope and plans for the 2008 audit. The Committee met with such independent auditors, with and without management present, to discuss, among other things, the results of their audit, their considerations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee met or acted by written consent five times during fiscal year 2008.

In performing its functions, the Committee acts only in an oversight capacity. The Committee reviews the Company's periodic reports prior to filing with the Securities and Exchange Commission and quarterly earnings announcements. In its oversight role, the Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the Company's annual financial statements as to their conformity with generally accepted accounting principles.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, executive officers, and any persons holding more than ten percent of any class of the Company's equity securities registered pursuant to the Securities Exchange Act of 1934 are required to file with the Securities and Exchange Commission initial reports of ownership and reports of changes of ownership of Common Stock of the Company, and to furnish the Company with copies of such reports. To the Company's knowledge, all such filings were completed, but three of these required filings were not timely completed, during the year ended December 31, 2008. Each such untimely filing was inadvertently made after the required deadline due to administrative error. The three untimely filings were required by Mr. West: one relating to two transactions; one relating to one transaction; and one relating to four transactions. In making this disclosure, the Company has relied on written representations of its directors and executive officers and its receipt of copies of the reports that have been filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

The Stock Option and Compensation Committee (the Compensation Committee) believes that the compensation of executives should be designed to attract, retain and motivate those persons who enable Atlantic American to achieve its mission. Our compensation setting process includes establishing an overall level of compensation for executive officers that will be paid if certain personal, corporate and combined performance goals are met. Compensation is then allocated through four primary components: base salaries, discretionary cash bonuses, equity incentives and other minor perquisites.

The Compensation Committee's philosophy includes providing for salaries that are competitive with prevailing levels within our industry and market determined by both geography and size. The Compensation Committee also considers the payment of annual bonus awards to award and incentivize officers, as well as to, if deemed appropriate, bring overall compensation to desired levels. In addition, equity incentives are available for consideration and grant by the Compensation Committee in order to provide additional motivation to improve the Company's long term prospects. Industry compensation data is typically sourced from SNL Financial, a financial information provider to the financial services industries, including insurance. Market compensation data, which we generally obtain from various public sources such as proxy statements and various state and/or regional salary surveys, relating to companies of similar size (measured by assets, revenues, GAAP and statutory profitability, etc.) with executive officers in the Atlanta area, is also considered.

To assist the Compensation Committee in establishing overall compensation for executive officers, the Compensation Committee has, from time to time, although not in 2008, engaged the services of an external compensation consultant. These consultants have been previously engaged to make recommendations relative to the levels and timing of base and incentive cash compensation and short and long-term equity awards and programs. The Compensation Committee did not deem it necessary to engage an outside consultant in 2008 in light of general economic, industry and business conditions and due to the input provided previously related to the Company's compensation programs in general. Compensation components are generally determined annually at the beginning of each year, effective March 15, and are solely the responsibility of the Compensation Committee. Adjustments, after consideration of industry and market data and input from any relevant consultants and any other extraordinary circumstances applicable to the Company, are then based primarily on the historical performance of the Company and the individual executive officer during the prior calendar year and expectations and objectives for performance in the current year. In the case of extraordinary developments, the Compensation Committee also retains the discretion to make other periodic adjustments. All decisions within the discretion of the Compensation Committee are made without regard to race, religion, color, age, handicap, gender, national origin or other prohibited factors; and our overall compensation program is designed to comply with all applicable federal, state, and local rules and guidelines.

Base Cash Compensation

Annual adjustments to cash compensation levels are determined on a discretionary basis by the Compensation Committee after considering not only those factors discussed above, but also after considering various other external market factors such as changes in consumer prices, external forces which may be influencing the Atlanta employment market and/or competitive offers and/or positions. Annual adjustments have historically been made with an effective

date of March 15 in each year. Annualized base cash compensation approved by the Compensation Committee was as follows:

	Hilton H. Howell, Jr.	John G Sample, Jr.	J. Mack Robinson
Effective March 15, 2006	\$456,500	\$374,286	\$187,550
2007	\$502,150	\$396,743	\$200,000
2008 ⁽¹⁾			
2009	\$500,000	\$416,580	\$187,550

(1) No adjustments to base cash compensation were approved in 2008.

Subsequent to the Compensation Committee's approval of the 2007 base cash compensation and in recognition of the declining levels of business and related premium revenue, effective July 16, 2007, Mr. Howell voluntarily reduced his annualized base cash compensation to the level effective March 15, 2006 of \$456,500. Subsequent thereto, effective November 1, 2007, Mr. Howell further voluntarily reduced his annualized base cash compensation by 52% to \$218,600. At the same time, Mr. Sample voluntarily reduced his annualized base cash compensation by 10% to \$357,069 and Mr. Robinson voluntarily reduced his annualized base cash compensation by 99% to \$2,000. Subsequent to and in recognition of the completion of the sale of the Company's regional property and casualty operations, effective April 1, 2008, Mr. Howell's base cash compensation was increased to \$410,832, or approximately 82% of his then currently approved salary. Effective May 1, 2008, at the same time that all other employees' salaries were adjusted, Mr. Howell's annualized base cash compensation was again increased to \$456,500,

Table of Contents

the level which was effective March 15, 2006 and 91% of his then currently approved salary. Also effective May 1, 2008, Mr. Sample's annualized base cash compensation was restored to \$396,743, the level which was effective March 15, 2007. Effective October 1, 2008, Mr. Robinson's annualized base cash compensation was also restored to \$187,550, the level which was effective March 15, 2006, which was equal to 94% of his then currently approved salary. In March 2009, and effective March 15, 2009, after a thorough review of each executive's compensation history and consideration of the factors above, the Compensation Committee approved certain adjustments to the annualized base cash compensation as noted in the table above.

Bonus Compensation

Cash bonuses are determined on a discretionary basis by the Compensation Committee. The bonuses are generally intended to reflect an evaluation of the individual's prior year performance as well as the Company's prior year performance, although the Compensation Committee retains the discretion to grant bonuses at other times and for other extraordinary reasons. Historical practice was that bonuses have been determined based on a percentage of the annual cash compensation to be paid with effect as of March 15 of the year in which the bonus is paid and the performance evaluation is made. While the Compensation Committee retains discretion as to the amounts and percentages of bonus awards, the annual bonus compensation range as a percentage of salary for each of the Company's executive officers has historically been within the following ranges: Chairman of the Board (40%-50%), Chief Executive Officer (50%-60%), and Chief Financial Officer (30%-40%).

As a result of the declining levels of business and related premium revenue, and general economic circumstances, the Compensation Committee determined it was not appropriate to pay bonuses related to 2007.

Upon completion of the sale of the Company's regional property & casualty subsidiaries, and in recognition of the extensive time and efforts involved in connection with the sale, the Compensation Committee in July 2008 authorized the payment of bonuses to both the Chief Executive Officer and the Chief Financial Officer at a rate of 100% and 50%, respectively, of their annualized base cash compensation then in effect.

For the year ended December 31, 2008, in light of factors historically considered, the evaluation of the levels of the Company's business results for 2008 and expectations relating thereto, the Compensation Committee approved bonuses within the ranges set out above and in amounts included in the Summary Compensation Table below. The distribution of bonus awards coincides with the release of performance results for the previous year and after considering the Federal income tax consequences of such deductions. All forms of compensation are taxed in compliance with State and Federal law.

Equity-Based Compensation

The Compensation Committee believes that equity-based compensation, in the form of stock options or other stock awards, serves to motivate executives to seek to improve the Company's short-term and long-term prospects and thereby align the interests of the Company's executives with those of its shareholders. Given evolving trends in equity-based compensation, the Compensation Committee declined to make any equity-based compensation awards in 2008 to allow for further analysis of results for 2008 and expectations relating thereto. Analysis is ongoing and the Compensation Committee does expect that it will make future equity-based awards.

Perquisites

The Compensation Committee believes that including in compensation for the Company's executive officers certain minor perquisites, such as matching contributions under the Company's 401(k) plan, is consistent with the Company's overall compensation philosophy and appropriately reflects prevailing market conditions. The Compensation Committee reviews, from time to time, the nature and level of perquisites available for such officers.

In 2008, the Compensation Committee determined that the perquisites set out below in the notes to the Summary Compensation Table were appropriate in type and amount for the executive officers.

Employment Agreements and Change in Control Agreements

The Company does not enter into employment agreements with its executive officers. Given the nature and location of its business, and the fact that the Company's ownership is closely held, the Company has not had significant turnover among its senior management, and has determined that it is not necessary to enter into such agreements with its executives.

For similar reasons, due to the nature of compensation and the fact that a change in control of the Company is unlikely without significant input and approval from the Company's board of directors and shareholders, the Compensation Committee has determined that it is not necessary to condition any payments upon, or make any amounts contractually payable upon, any change in control of the Company.

Termination Payments

During 2008 the Company did not make any payment to any executive officer as a result of dismissal, resignation, or retirement.

Report of the Stock Option and Compensation Committee on Executive Compensation

The Stock Option and Compensation Committee (the Compensation Committee) of the Company has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Table of Contents**2. RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee is required by law and applicable NASDAQ Rules to be directly responsible for the appointment, compensation and retention of the Company's independent registered public accounting firm. The Audit Committee has appointed BDO Seidman, LLP (BDO) as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009. While shareholder ratification of the selection of BDO as the Company's independent registered public accounting firm is not required by the Company's By-laws or otherwise, the Board of Directors is submitting the selection of BDO to the shareholders for ratification. If the shareholders fail to ratify the selection, the Audit Committee may, but is not required to, reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

A representative from BDO is expected to be present at the Meeting and will have the opportunity to make any statement if such representative desires to do so, and, if present, will be available to respond to appropriate questions. Amounts paid to the Company's principal accountant by category were as follows:

Audit Fees

The Company has paid or expects to pay BDO approximately \$322,000, in the aggregate, for professional services it rendered for the audit of the Company's consolidated financial statements and audits of subsidiary company statutory reports for the fiscal year ended December 31, 2008 and the reviews of the interim financial statements included in our Quarterly Reports on Form 10-Q filed during the fiscal year ended December 31, 2008. The Company paid BDO \$498,000, in the aggregate, for professional services it rendered for the audit of the Company's consolidated financial statements and audits of subsidiary company statutory reports for the fiscal year ended December 31, 2007 and the reviews of the interim financial statements included in the Company's quarterly reports on Form 10-Q filed during the fiscal year ended December 31, 2007.

Audit Related Fees

The Company paid BDO \$9,100 for professional services it rendered in connection with the review of the SEC comment letters and related responses during 2008. No audit-related fees were paid to BDO during 2007.

Tax Fees

There were no tax fees paid to the Company's principal accountant in either 2008 or 2007.

All Other Fees

BDO did not provide any other category of products or services to the Company during the fiscal years ended December 31, 2008 or 2007 and, accordingly, no other fees were paid thereto in either 2008 or 2007.

The Audit Committee considers whether the provision of non-audit services by the Company's independent registered public accounting firm is compatible with maintaining auditor independence. All audit and non-audit services to be performed by the Company's independent registered public accounting firm must be, and for 2008 and 2007 were, approved in advance by the Audit Committee. Pursuant to the Audit Committee's Audit and Non-Audit Services Pre-Approval Policy (the Policy) and as permitted by Securities and Exchange Commission rules, the Audit Committee may delegate pre-approval authority to any of its members, provided that any service approved in this manner is reported to the full Audit Committee at its next meeting.

The Policy provides for a general pre-approval of certain specifically enumerated services that are to be provided within specified fee levels. With respect to requests to provide specifically enumerated services not specifically pre-approved pursuant to such general grant, such requests must be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer, and must include a joint statement as to whether, in their view, the request is consistent with Securities and Exchange Commission rules on auditor independence. Such requests must also be specific as to the nature of the proposed service, the proposed fee and any other details the Audit Committee may request.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Under various leases, the most recent one dated November 1, 2007 and amended March 31, 2008, the Company leases space for its principal offices, as well as the principal offices of certain of its subsidiaries, in an office building located

at 4370 Peachtree Road, N.E., Atlanta, Georgia, from Delta Life Insurance Company, a corporation of which Mr. Robinson, the Company's Chairman Emeritus, owns 59% of the stock, with the remainder owned by Mrs. Robinson directly and as trustee for her children. Under the terms of the lease, the Company occupies approximately 49,586 square feet of office space as well as covered parking garage facilities at an annual rent of approximately \$0.5 million, plus a pro rata share of all real estate taxes, general maintenance and service expenses and insurance costs with respect to the office building and other facilities. The terms of the lease are believed by management of the Company to be comparable to terms that could be obtained by the Company from unrelated parties for comparable rental property. In 2008 and 2007, the Company paid \$0.9 million and \$1.1 million, respectively, to Delta Life Insurance Company under the terms of these leases.

Effective December 31, 1995, an aggregate of \$13.4 million in principal of demand notes previously issued by the Company were canceled in exchange for the issuance by the Company of an aggregate of 134,000 shares of a new series of preferred stock (the Series B Preferred Stock), which had a stated value of \$100 per share and accrued dividends at 9% per year. At December 31, 2007, the Company had accrued but unpaid dividends on the Series B Preferred Stock totaling approximately \$14.5 million, which

Table of Contents

was the largest amount outstanding during such year. All shares of Series B Preferred Stock were owned directly or indirectly by affiliates of Mr. Robinson, Mrs. Robinson or Mr. Howell. On October 28, 2008, the Company redeemed all of the issued and outstanding shares of Series B Preferred Stock at the stated value of \$100 per share, for an aggregate payment of \$13.4 million. In connection therewith, the Company also paid approximately \$1.7 million in dividends to the holders of the Series B Preferred Stock in satisfaction of a portion of the accrued but unpaid dividends on the Series B Preferred Stock through the date of redemption. The holders of the Series B Preferred Stock agreed to discharge the Company from any obligation to pay the remaining \$13.8 million of accrued but unpaid dividends on the Series B Preferred Stock and to release the Company from any further obligations thereunder. Effective September 30, 2006, the Company issued and sold 70,000 shares of its Series D preferred stock, par value \$1.00 per share (the Series D Preferred Stock) to an affiliate of Mr. Robinson and Mrs. Robinson. Effective September 30, 2008, that affiliate transferred all of its Series D Preferred Stock to Delta Life Insurance Company, a corporation controlled by Mr. Robinson. The outstanding shares of Series D Preferred Stock have a stated value of \$100 per share; accrue annual dividends at a rate of \$7.25 per share (payable in cash or shares of the Company's common stock at the option of the board of directors of the Company) and are cumulative; in certain circumstances may be convertible into an aggregate of approximately 1,754,000 shares of common stock, subject to certain adjustments and provided that such adjustments do not result in the Company issuing more than approximately 2,703,000 shares of common stock without obtaining prior shareholder approval; and are redeemable solely at the Company's option. The Series D Preferred Stock is not currently convertible. During 2008, the Company issued 417,107 shares of common stock in lieu of series D Preferred Stock dividend payments valued at approximately \$0.5 million. As of December 31, 2008, the Company had accrued but unpaid dividends on the Series D Preferred Stock of \$22,556.

In accordance with the terms of the Stock Purchase Agreement for the sale of Georgia Casualty and Association Casualty to Columbia Mutual Insurance Company, certain investments held by Georgia Casualty and Association Casualty were required to be disposed of prior to the completion of such sale. On March 11, 2008, the Parent acquired 166,354 shares of Gray Television, Inc. (Gray) Class A common stock, 56,000 shares of Gray common stock, 11,177 shares of Triple Crown Media, Inc. (Triple Crown) common stock, and 1,180 shares of Triple Crown Series A preferred stock held by the discontinued operations at their quoted or estimated market values for an aggregate purchase price of approximately \$2.0 million. Effective November 30, 2007, an investment in a real estate joint venture was sold to Gulf Capital for a purchase price of \$3.7 million. Mr. Robinson and his affiliates collectively own 100% of Gulf Capital.

In accordance with the terms of the written charter of the Audit Committee of the Board of Directors, the Audit Committee is to approve all related party transactions that are required to be disclosed pursuant to the rules and regulations of the SEC. The Audit Committee approved all such transactions in 2008.

Management of the Company knows of no matters other than those stated above which are to be brought before the Meeting. Any such proposal should be addressed to the Company's President and mailed to 4370 Peachtree Road, N.E., Atlanta, Georgia 30319-3000.
