Edgar Filing: ANDERSONS INC - Form S-3

Following are factors that we believe you should consider before making an investment decision.

SEASONALITY; WEATHER CONDITIONS

Many of our operations are dependent on weather conditions. The success of our Agriculture Group is highly dependent on the weather in the eastern corn belt (Ohio, Michigan, Indiana and Illinois), primarily during the spring planting season through the summer (wheat) and fall (corn and soybean) harvests. The Processing Group manufactures and distributes lawn fertilizer for home and professional use and its sales are highly seasonal with the majority occurring in the first and second quarter. Poor weather conditions during the spring adversely affect consumer purchases of do-it-yourself lawn care products. The Retail Group's business is also highly seasonal with a majority of sales generated in the second and fourth quarters.

SUPPLY AND DEMAND OF COMMODITIES

Our Agriculture Group buys, sells and holds inventories of various commodities, some of which are readily traded on commodity futures exchanges. Our Processing Group uses some of these same commodities as base raw materials in its lawn fertilizer. Changes in the supply and demand of these commodities can affect the value of inventories that we hold as well as the price of raw materials for our Processing Group. We hedge the majority of our grain inventory positions including purchase and sale contracts, however, we are unable to hedge 100% of the price risk of each transaction due to timing, availability of hedge contracts and third party credit risk. We generally do not hedge non-grain commodities.

GOVERNMENT POLICY

Agricultural production and trade flows are significantly affected by government actions. Examples of government policies include tariffs, duties, subsidies, import and export restrictions and outright embargos. Changes in government policies and producer supports may impact the amount and type of grains planted, which in turn, may impact our ability to buy grain in our market region. Because a portion of our grain sales are to exporters, the imposition of export restrictions could limit our sales opportunities.

Our Processing Group manufactures lawn fertilizers and control products using potentially hazardous materials. Regulations about the use and registration of these materials have in the past and may in the future require us to adjust the raw material content of our products and make formulation changes.

Changes in existing and future government policies may restrict our ability to do business and/or cause our financial results to suffer.

ENVIRONMENTAL RISKS

We handle potentially hazardous materials in several of our businesses. Our operations are regulated by environmental laws and regulations, including those governing the labeling, use, storage, discharge and disposal of hazardous materials. Because we use and handle hazardous substances in our business, changes in environmental requirements or an unanticipated significant adverse environmental event could have a material adverse effect on our business. In addition, changes to environmental regulations may require us to modify our existing plant and processing facilities and could significantly increase the cost of those operations.

ABSENCE OF PUBLIC MARKET FOR DEBENTURES; EFFECT OF INTEREST RATE CHANGES

Edgar Filing: ANDERSONS INC - Form S-3

We don't intend to list these Debentures on any national securities exchange. We don't expect any trading market to develop. Because of this, we can't provide assurance that any market will develop for the Debentures. If you want to sell your Debentures, we can't assure you that a willing buyer will be found or at what price you might be able to sell. In addition, because the interest rates on the Debentures are fixed, an increase in general interest rates would negatively impact the value of the Debentures and consequently any market that may develop.

SUBORDINATED OBLIGATIONS; ADDITIONAL LEVERAGE NOT RESTRICTED

Our Debenture obligations are subordinate and junior in right of payment to all of our senior indebtedness. The Debentures are of equal rank with other debenture bonds of the Company due through 2013 at interest rates ranging from 5.5% to 8.5%. We are able to incur additional indebtedness or issue other securities that would be senior to the Debentures. See Description of Debentures for further discussion about the Debentures

4

CALL FEATURE OF THE DEBENTURES

You may redeem the Debentures on their maturity date for the principal amount plus accrued interest. We hold the option to call the Debentures at any time, paying principal plus interest at the date that they are called. Although we don't plan to call these debentures before their maturity, we can't guarantee that this will not happen. You, as a holder of Debentures, don't have the option to require us to purchase your Debentures.

ABSENCE OF DEBENTURE CREDIT RATING

The Debentures have not been rated by an independent rating organization. We don't plan to seek an independent rating at this time.

USE OF PROCEEDS

The offering is not underwritten and we don't know how many of the Debentures will sell or when they will be sold. The proceeds we receive from the sale of the Debentures (after deducting our expenses) will be used first for the payment of current maturities of long-term debt as scheduled. Following are our current maturities as of December 31, 2002 (in thousands):

Debenture bonds due 2003, interest rates from 7.0% to 8.5%	\$6,019
Notes payable, due quarterly with balance due in 2008, interest rate 6.95%	1,268
Acquisition liability	810
Note payable, variable rate (2.76% at December 31, 2002), payable quarterly with balance due in 2005	496
Note payable, due quarterly with balance due in 2017, interest rate 6.5%	795
Other	387

	\$9,775
	=====

There is no time limit to this offering, and we plan to continue the

Edgar Filing: ANDERSONS INC - Form S-3

sale of the Debentures indefinitely or until they are completely sold. We are not requiring a minimum sale of Debentures under this offering, and if the amount sold does not cover our current maturities, we will fund those payments either through cash provided by operations or with borrowings on our short-term line of credit.

Our secondary use for proceeds will be to add to working capital. Increases in working capital will allow us to reduce our short-term borrowings.

CAPITALIZATION

Following are the details (in thousands) of our consolidated capitalization as of December 31, 2002. We haven't included the effect of the receipt of any proceeds from this offering of Debentures, since the amount of proceeds and when the proceeds will be received is uncertain.

Long-term debt:

DESCRIPTION OF DEBENTURES

The Debentures we are offering are to be issued under an Indenture between us and Fifth Third Bank, as Trustee (the "Trustee"). The original Indenture agreement was dated as of October 1, 1985, and has been supplemented by a Seventeenth Supplemental Indenture, dated as of August 14, 1997. The Seventeenth Supplemental Indenture was created to authorize a new series of debentures that were registered and issued from 1997 to the present. We confirmed our liability for the interest and principal payment of these debentures as well as compliance with the original Indenture. Except for the rate of interest and years to maturity, the terms and conditions of the Debentures, including all debentures previously issued under the Indenture, are identical. Following are summaries of certain provisions of the Indenture that are not complete definitions. Please refer to the Seventeenth Supplemental Indenture a copy of which was filed as an exhibit to our 1999 Annual Report on Form 10-K or the

Edgar Filing: ANDERSONS INC - Form S-3

original Indenture as previously filed. If particular Sections or defined terms of the Indenture are referred to in this Prospectus, we intend that such Sections or defined terms shall be incorporated by reference from the original Indenture documents.

GENERAL

The Indenture does not limit the principal amount of the Debentures, either in the aggregate or as to any series. The Debentures will be unsecured direct obligations of the Company and any successor entities.

We may not merge or consolidate or sell substantially all of our assets as an entirety unless the successor entity expressly assumes the payment of principal and interest on all outstanding Debentures

Although we have no present plans, understandings or arrangements, we may issue unsecured debt in the future. This new unsecured debt may have terms that would be senior to the Debentures. If we become subject to any insolvency or bankruptcy proceedings, or any other receivership, liquidation, reorganization or similar proceedings, the holders of any such senior debt as well as holders of any of our secured debt would be entitled to receive payment in full before the holders of the Debentures are entitled to receive any payment of principal or interest on the Debentures. The Indenture contains no restriction against our issuance of additional indebtedness, including unsecured debt senior to the Debentures, or secured debt. The Debentures are of equal rank with other debenture bonds of the Company due through 2013 at interest rates ranging from 5.5% to 8.5%. See Note 7 of the Notes to our Consolidated Financial Statements as of December 31, 2002 for more information about our secured borrowings.

The Indenture contains no minimum working capital, current ratio or other such requirements, or any protective provisions in the event of a highly leveraged transaction. No such transactions are contemplated.

We will issue Debentures on the first of the following month after we receive payment for the Debentures. The Debentures we are offering will be due in either five years or ten years from their Original Issue Date. This maturity date is subject to our right to redeem the Debentures at any time by paying the holder the principal amount plus accrued interest to the date of redemption (Section 1101). The Debentures will bear interest at the annual rate shown on the front cover of this Prospectus. The interest payment will be made annually to the holder of record at the close of business on the fifteenth day of the month preceding the Interest Payment Date and will first occur one year from the Original Issue Date. (Section 301) Principal and interest will be payable, and the Debentures will be transferable, at the office of the Trustee, Fifth Third Bank, Corporate Trust Services, Mail Drop 1090D2, 38 Fountain Square Plaza, Cincinnati, Ohio, 45263. We may, however, make any payment of interest or principal by check mailed to the address of the holder of record as it appears on the Debenture Register. (Sections 301 and 307)

The Debentures will be issued only in fully registered form without coupons in denominations of \$1,000 or any multiple of \$1,000. (Section 302) No service charge will be made for any transfer or exchange of Debentures, but we may require payment of an amount sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange. (Section 305)

We may issue Debentures in series from time to time with an aggregate principal amount as is authorized by our Board of Directors. (Section 311) The Debentures do not provide for any sinking fund. At December 31, 2002, we had

Edgar Filing: ANDERSONS INC - Form S-3

outstanding Debentures with a principal amount of \$27.7 million.

MODIFICATION AND WAIVER

We can't modify the Indenture without the approval of the holders of 66 2/3 % of the principal amount of all outstanding debentures that would be affected by the modification. Specifically, the following modifications need support of 66 2/3% of holders:

- A change to the stated maturity date of the principal of any Debenture;
- A change to the stated payment date of interest;
- A reduction of the principal amount of any Debenture;
- A reduction of the interest paid on any Debenture;
- A change to the place or currency of payment of principal or interest on any Debenture;
- A limitation on the right to institute suit for the enforcement of any payment on or with respect to any Debenture;
- A reduction of the above-stated percentage of holders of Debentures necessary to modify or amend the Indenture; or
- A modification of the foregoing requirements or reduction of the percentage of outstanding

6

Debentures necessary to waive any past default to less than a majority.

Holders of a majority of the principal amount of the outstanding Debentures may waive compliance by the Company with certain restrictions. (Sections 902 and 513)

EVENTS OF DEFAULT

The following are events of default:

- failure to pay principal when due;
- failure to pay any interest when due, continued for 30 days;
- failure to perform any other indenture covenant of the Company, continued for 60 days after written notice; and
- certain events in bankruptcy, insolvency or reorganization.

If we don't make payments of principal or interest, the Trustee must provide you with a notice of default. For any other event of default, the Trustee is not required to send notice to you if it considers withholding the notice to be in your best interest. (Section 501 and 602)

If an event of default happens and is not cured, either the Trustee or the holders of 25% or more of the principal amount of the Debentures may accelerate the maturity of all outstanding Debentures.

Edgar Filing: ANDERSONS INC - Form S-3

Holders of a majority of the principal amount of the outstanding Debentures may waive a default that would normally result in acceleration of the Debentures, but only if all defaults have been remedied and all payments due have been made. (Sections 502 and 513)

You have the unconditional right to receive the payment of principal and interest when due and to institute suit for the enforcement of such payment. (Section 508)

THE TRUSTEE

Except for its duties in the case of default as described previously, the Trustee is not required to exercise any of its rights or powers under the Indenture at the request, order or direction of any holders, unless such holders have offered to the Trustee reasonable indemnity. (Section 603) Subject to such provisions for indemnification, the holders of a majority in principal amount of the outstanding Debentures may determine the time, method and place of conducting proceedings for any remedy available to the Trustee, or of exercising any trust or power conferred upon the Trustee. (Section 512)

We are required to furnish to the Trustee an annual statement on our performance or fulfillment of covenants, agreements or conditions in the Indenture and the absence of events of default. (Section 1004)

PLAN OF DISTRIBUTION

This offering of Debentures is not underwritten. We are selling the Debentures directly to you without any intermediaries. There is no time limit to this offering and we plan to continue the sale of the Debentures indefinitely or until they are completely sold. We can't be sure of the amount of Debentures that we may ultimately sell. We are selling the Debentures for our own account and are not paying commissions to anyone.

LEGAL OPINIONS

Beverly J. McBride, our Vice President, General Counsel and Secretary has issued an opinion regarding certain legal matters and matters with respect to Ohio law. She owns 41,953 of our common shares and has the option to purchase 15,200 additional common shares (10,900 of the options are exercisable).

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 1701.59 of the Ohio General Corporation Law, inter alia, empowers an Ohio corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. Similar indemnity is authorized for such person against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of any such threatened, pending or completed action or suit if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and provided

Edgar Filing: ANDERSONS INC - Form S-3

further that (unless a court of competent jurisdiction otherwise provides) such person shall not have been adjudged liable to the corporation. Any such indemnification may be made only as authorized in each specific case upon a determination by the shareholders or disinterested directors or by independent legal counsel in a written opinion that indemnification is proper because the indemnitee has met the applicable standard of conduct.

Section 1701.59 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against any liability asserted against him or her and incurred in any such capacity, or arising out of his or her status as such, whether or not the corporation would otherwise have the power to indemnify him or her under Section 1701.59. The Company maintains policies insuring its and its subsidiaries' officers and directors against certain liabilities for actions taken in such capacities, including certain liabilities under the Securities Act of 1933.

Article IV of the Code of Regulations of the Company provides for indemnification of the directors and officers of the Company to the full extent permitted by law, as now in effect or later amended. In addition, the Code of Regulations provide for indemnification against expenses incurred by a director or officer to be paid by the Company in advance of the final disposition of such action, suit or proceeding; provided, however, that if required by the Ohio General Corporation Law, an advancement of expenses will be made only upon receipt of an undertaking by or on behalf of the director or officer to repay such amount if it shall be ultimately determined that he or she is not entitled to be indemnified by the Company. The Code of Regulations further provide for a contractual cause of action on the part of directors and officers of the Company with respect to indemnification claims which have not been paid by the Company.

Article Sixth of the Company's Restated Articles of Incorporation limits to the fullest extent permitted by the Ohio General Corporation Law as the same exists or may have been amended, the personal liability of the Company's directors to the Company or its shareholders for monetary damages for a breach of their fiduciary duty as directors. Section 1701.59 of the Ohio General Corporation Law currently provides that such provisions do not eliminate the liability of a director (i) for a breach of the director's duty of loyalty to the Company or its shareholders; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) under Section 1701.59 of the Ohio General Corporation Law (relating to the declaration of dividends and purchase or redemption of shares in violation of the Ohio General Corporation Law); or (iv) for any transaction from which the director derived an improper personal benefit.
