Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. #### 1. Major Features of the Plan

WESCO Distribution, Inc. Retirement Savings Plan (the Plan ) was established as of February 28, 1994 (date of inception). At the date of inception, certain employees of the predecessor company became employees of WESCO Distribution, Inc. (the Company ) and participants in the Plan. At the date of inception, all funds held by the prior plans related to the transferred employees were transferred to the Plan.

The Plan covers the current employees of the Company and those former employees with a fund balance of at least \$5,000 who elected to maintain their funds in the Plan. Former employees cannot make contributions to the Plan.

As a result of the acquisition of Communications Supply Holdings, Inc. on November 3, 2006, approximately 800 participants were added to the Plan. These participants did not rollover their balances from that plan until plan year 2007.

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Participants may elect to make tax deferred contributions ranging from 1% up to the lesser of 50% of their compensation or \$15,000. The \$15,000 limit may be adjusted in future years by the Internal Revenue Service (IRS). The sum of the tax deferred contributions and the after-tax contributions cannot exceed 50% of the participant is compensation. Subject to limitation, the Company will make matching contributions in an amount equal to 50% of a participant is total monthly contributions up to a maximum of 6% of their compensation. Participants who have attained age 50 before the close of the plan year are eligible to make catch-up contributions in addition to pre-tax contributions. A catch-up contribution is a pre-tax contribution that exceeds the annual deferral limit (\$15,000 in 2006). A participant is total catch-up contributions during 2006 and 2007 cannot exceed \$5,000. The catch up contribution limits are determined by the IRS and then indexed for inflation after 2007. In addition, the Company may, at the Board of Directors discretion, make a discretionary contributions of \$11,876,545 and \$9,127,876 for the fiscal years ended December 29, 2006 and 2005, respectively.

Participants are fully vested in the value of their contributions and related investment income at all times and vest in their allocated share of employer contributions according to the following schedule:

Less than two years of service	0%
Two years of service	20%
Three years of service	40%
Four years of service	66%
Five or more years of service	100%

In conjunction with a leveraged recapitalization of the Company all active employees as of June 5, 1998 became fully vested.

Employer contributions forfeited by participants not vested at their termination date are used to reinstate previously forfeited account balances of former participants who have returned to employment with the Company, or to reduce employer contributions in accordance with the plan

## 2. Summary of Significant Accounting Policies

#### **Accounting Principles**

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The following are the significant accounting policies followed by the Plan:

#### **Basis of Accounting**

The accounting records of the Plan are maintained on the accrual basis of accounting.

6

Table of Contents
WESCO Distribution, Inc.
Retirement Savings Plan
Notes to Financial Statements
December 29, 2006 and 2005

#### **Investment Valuation and Income Recognition**

Investments are carried at fair value in the accompanying financial statements. Investments in common/collective trust funds are valued by the trustee based on market values of all assets in the funds—securities portfolio and the number of units in the funds owned by the Plan. Investments in the WESCO International Stock Fund, registered investment companies and common stocks are valued at quoted market prices. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a settlement date basis. Dividends are recorded on the ex-dividend date.

## **Net Appreciation in Value of Investments**

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains and the unrealized appreciation in common/collective trusts, registered investment companies, WESCO International stock and other common stocks.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions. These may affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants—account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

#### Other

Administrative expenses, excluding participant loan setup fees, distribution fees and hardship withdrawal fees, are paid by the Company and, therefore, are not expenses of the Plan.

Benefits are recorded when paid.

#### 3. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 15, 2003, that the Plan is designed in accordance with Section 401(a) of the Internal Revenue Code (IRC) and, therefore, is

exempt from federal taxes under provisions of Section 501(a). Accordingly, no provision for income taxes has been included in the Plan s financial statements. The Plan has been amended since reviewing the determination letter. However, the Plan administrator and the Plan s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### 4. Employee Loans

Participants are permitted to borrow against a portion of their vested account balance within the prescribed limitations and pursuant to nondiscriminatory rules established by the Administrative Committee. Each loan is to be repaid over a period not to exceed five years.

The interest rate applied to employee loans is established each month by the Administrative Committee at 1% above the PNC Bank prime interest rate. The interest rate on new loans ranged between 8.25% and 9.25% for the fiscal year ended December 29, 2006. Principal and interest payments are generally made through monthly payroll deductions and are credited to the participant s individual account. Loans of approximately \$2,899,000 were made from the Plan and loan principal repayments of approximately \$2,439,000 were received by the Plan for the year ended December 29, 2006. Interest of approximately \$347,000 was received by the Plan for the year ended December 29, 2006 related to employee loans.

#### 5. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts, and all vested assets shall be distributed to such participants in accordance with the terms of the Plan, or in such other manner, not inconsistent with the requirements of any applicable law or regulation, as the Company may in its sole discretion determine.
