REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Executive Committee of the Board of Directors

Plan Oversight Committee

Park National Corporation Employees Stock Ownership Plan

We have audited the accompanying statement of net assets available for benefits of the Park National Corporation Employees Stock Ownership Plan (the Plan) as of December 31, 2006, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006, and the changes in net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report of Independent Registered Public Accounting Firm

Executive Committee of the Board of Directors

Park National Corporation

We have audited the accompanying statement of net assets available for benefits of the Park National Corporation Employees Stock Ownership Plan (the Plan) as of December 31, 2005, and the related statement of changes in net assets available for benefits of the Plan for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005, and the changes in its net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Park National Corporation
Employees Stock Ownership Plan
Notes to Financial Statements
December 31, 2006 and 2005

1. Description of the Plan

The following description of the Park National Corporation Employees Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time or part-time employees of Park National Corporation and subsidiaries (Park) who have completed one year of service, and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 25% of their pretax annual compensation, as defined in the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined contribution plans. The maximum salary deferral permitted by the Internal Revenue Code (Code) was \$15,000 and \$14,000 for 2006 and 2005, respectively. The Plan also permits participants who are age 50 or older to make catch-up contributions in accordance with Code Section 414(v).

Park provides a matching contribution at a level established annually by Park. For 2006 and 2005, Park matched 50% up to the first 15% of compensation contributed by the participant.

Participant Accounts

Each participant's account is credited with the participant's salary deferral and allocation of Park's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants' accounts are 100% vested at all times.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation.

Notes to Financial Statements (continued)
December 31, 2006 and 2005

1. Description of the Plan (continued)

Payments of Benefits

Upon termination or after age 59^{1/2}, a participant may elect lump sum, rollover, or installments over a period certain not to exceed the participant's (and their designated beneficiary's) life expectancy in an amount equal to the value of his or her account. A participant can elect to take a distribution of their account balance in cash or shares of Park National Corporation common stock.

ESOP

Effective January 1, 2002, the Plan was amended and restated to become an ESOP Plan that invests in shares of Park National Corporation common stock. The Plan is not leveraged and all new contributions (both employer and employee) will be used to purchase only Park National Corporation common stock. Participants have the ability to diversify their investments upon reaching age 55. Effective January 1, 2007, the Plan was amended to allow these participants to diversify their investments on a quarterly basis. The Plan has changed its name from Park National Corporation Employees Voluntary Salary Deferral Plan and Trust to Park National Corporation Employees Stock Ownership Plan. All other provisions of the Plan remain the same.

Bank Acquisitions

On December 31, 2004, Park acquired First Federal Bancorp, Inc., (First Federal), a savings and loan holding company headquartered in Zanesville, Ohio. First Federal's prior plan was terminated and First Federal employees were eligible to participate in the Park National Corporation Plan beginning on January 1, 2005. On January 3, 2005, Park acquired First Clermont Bank of Milford, Ohio. First Clermont's prior plan was terminated and employees were eligible to participate in the Plan effective January 3, 2005.

2. Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis.

Valuation of Investments and Income Recognition

Investments are stated at fair value. Park National Corporation common stock is valued at its quoted market price. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Investments in the money market fund and savings accounts are stated at cost, which approximates fair value.

Investment income consists of interest income accrued as earned, and dividend income recorded on the ex-dividend date. Investment transactions are recorded on a trade-date basis.

Administrative Expenses

All administrative expenses charged to the Plan are borne by Park. Trustee fees for the Plan are waived each year. Park also provides other accounting and administrative services to the Plan.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

At December 31, 2006 and 2005, approximately 79% and 80%, respectively, of the Plan's assets were invested in Park National Corporation common stock.

At December 31, 2006 and 2005, approximately 3% and 4%, respectively, of the Plan's assets were invested in savings accounts issued by Park National Corporation bank affiliates. The investments in savings accounts may from time to time exceed the federally insured limits.

2. Summary of Accounting Policies (continued)

Adoption of New Accounting Standard

Effective January 1, 2006, the Plan adopted Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). This FSP modifies the accounting and reporting requirements for defined contribution plans direct and indirect investments in fully benefit-responsive investment contracts. Adoption of the FSP had no effect on the Plan s 2006 or 2005 financial statements, as the Plan held no direct or indirect interests in fully benefit-responsive investment contracts as of December 31, 2006 or 2005.

3. Plan Termination

Although Park has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. Investments

The Plan s investments are held in trust by The Park National Bank, a wholly owned subsidiary of Park National Corporation. 6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 30, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

7. Party-in-Interest

The Plan held the following party-in-interest investments (at fair value):

	December 31,	
	2006	2005

9. Risks and Uncertainties

The Plan invests in various investment securities including Park National Corporation common stock, mutual funds, savings accounts and a money market fund. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Event

On March 9, 2007, Park acquired Vision Bancshares, Inc. (Vision). Vision will terminate its 401(k) plan on June 30, 2007 and all employees who have met the eligibility requirements of the Plan will then become eligible to participate in the Plan on July 1, 2007.
