Subject Company: Hawaiian Telcom Holdco, Inc.

Commission File No.: 001-34686

The following letter was sent to the Governor of the State of Hawai'i and other senior elected and governmental officials of the State of Hawai'i and to certain labor and union officials by the President and Chief Executive Officer of Cincinnati Bell Leigh R. Fox on July 10, 2017:

Dear Sir/Madam

I want to be one of the first ones to inform you that today, Cincinnati Bell announced that it has entered into a definitive agreement to combine with Hawaiian Telcom for a total consideration of \$30.75 per share, to be paid 60% in cash and 40% in Cincinnati Bell stock. This represents an enterprise value of \$650 million.

While this transaction has many strategic and financial benefits for both companies, we are most excited by the opportunity to expand Cincinnati Bell's fiber-centric footprint to Hawai'i through the combination with an established and locally-focused company like Hawaiian Telcom. We anticipate that the combination will make Hawaiian Telecom financially stronger in both the short and long term. As a result of this transaction, customers in Hawai'i will have access to a broader, financially strengthened platform – with increases in existing product and service offerings and options that address new demands altogether. Consumers will also experience greater customer service benefits, including tailored solutions specific to their needs and strengthened local operations. Together with Hawaiian Telcom, we plan to expand the combined Company's Next Generation high capacity fiber network to both urban and non-urban areas, bringing superior service and high-speed broadband to even more customers in Oahu and the neighbor islands.

We are committed to making this transaction seamless – given the geographic and operational separation between the two companies, this merger is not expected to materially impact jobs or retirees in Hawai'i, and Cincinnati Bell is committed to honoring Hawaiian Telecom's union labor agreements. Most importantly, residents of Hawai'i will continue to make decisions and shape how to best meet the needs of the islands' communities. And Hawaiian Telcom will play a role in our broader strategy – we will be appointing two Hawaiian Telcom Board members that are residents of Hawai'i to our combined Company's Board of Directors.

Hawaiian Telcom is a highly valued member of Hawai'i's business community – its strong ties to the local community are a core part of Hawaiian Telcom's identity and one of the many reasons we pursued the combination in the first place. These are values that we share, and connections that we are committed to maintaining as this transaction moves forward. The Hawaiian Telcom brand will continue to operate as-is in the marketplace, with no impact on customer service or quality.

We are looking forward to bringing together two highly complementary cultures. For both historic enterprises, a commitment to first-in-class services and facilities in respective local markets has been a key to our success. The Hawai'i market represents a significant commercial opportunity and Hawaiian Telcom's distinctive brand and strength in its local territory position both companies to uniquely serve customers in this space.

In closing, we are excited to embark on this partnership with Hawaiian Telcom, and are committed to continued engagement with you throughout this process. We are confident that this transaction will continue to reap benefits for

both companies – and their customers – for years to come.

Thank you,

/s/ Leigh Fox
