**PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD OCTOBER 23, 2003**

Introduction

This Proxy Statement is being furnished to stockholders of Puroflow Incorporated, a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on Thursday, October 23, 2003, at 11:00 a.m., local time, at the offices of Allen & Company Incorporated located at 711 Fifth Avenue, 9th Floor, New York, New York 10022, and any adjournment or postponement thereof (the "Meeting").

At the Meeting, stockholders will be asked to consider and vote upon four proposals: (1) the election of seven directors to serve until the 2004 Annual Meeting (the "Election of Directors"), (2) the reorganization of the Company into a new holding company structure by the transfer of all of the Company's operating assets and liabilities relating to its Puroflow business to a new wholly-owned subsidiary of the Company (the "Reorganization"), (3) the amendment of the Company's Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to change the corporate name of the Company to "Argan, Inc." (the "Change of Name") and (4) the ratification of the selection of the Company's independent auditors (the "Ratification of Auditors").

This Proxy Statement is dated September 19, 2003 and is first being mailed to stockholders along with the related form of proxy on or about September 19, 2003.

If a proxy in the accompanying form is properly executed and returned to the Company in time for the Meeting and is not revoked prior to the time it is exercised, the shares represented by the proxy will be voted in accordance with the directions specified therein for the matters listed on the proxy card. Unless the proxy specifies that it is to be voted against or is an abstention on a listed matter, proxies will be voted FOR the Election of Directors, FOR the Reorganization, FOR the Change of Name and FOR the Ratification of Auditors and otherwise in the discretion of the proxy holders as to any other matter that may come before the Meeting.

Revocability of Proxy

Any stockholder of the Company who has given a proxy has the power to revoke such proxy at any time before it is voted either (i) by filing a written revocation or a duly executed proxy bearing a later date with H. Haywood Miller III, Corporate Secretary of the Company, at Puroflow Incorporated, One Church Street, Suite 302, Rockville, Maryland 20850, or (ii) by appearing at the Meeting and voting in person. Attendance at the Meeting will not in and of itself constitute the revocation of a proxy. Voting by those present during the Meeting will be by ballot.

Record Date, Outstanding Securities and Votes Required

The Board of Directors of the Company has fixed the close of business on September 5, 2003 as the record date (the "Record Date") for determining holders of outstanding shares of Common Stock, \$.15 par value per share (the "Common Stock"), who are entitled to notice of and to vote at the Meeting. As of the Record Date, there were approximately 277 stockholders of record and 1,798,100 shares of Common Stock issued and outstanding. Each share of Common Stock is entitled to one vote on each of the proposals set forth herein.

Abstentions and broker non-votes are counted for purposes of determining the number of shares represented at the Meeting, but are deemed not to have voted on the proposals. Broker non-votes occur when a broker nominee, holding shares in street name for the beneficial owner thereof, has not received voting instructions from the beneficial owner and does not have discretionary authority to vote. The Election of Directors requires the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy and voting. The Ratification of Auditors requires the affirmative vote of a majority of the shares of Common Stock, present in person or represented by proxy and voting. **Accordingly, abstentions, broker non-votes or the failure to either return a proxy or to attend the meeting will be deemed not to have voted on the Election of Directors and the Ratification of Auditors.** The Company is seeking the approval of a majority of the outstanding shares of Common Stock for the Reorganization. **Accordingly, abstentions, broker non-votes or the failure to either return a proxy or to attend the meeting will each have the same effect as a vote against the Reorganization.** Under applicable Delaware law, the Change of Name requires the approval of a majority of the outstanding shares of Common Stock. **Accordingly, abstentions, broker non-votes or the failure to either return a proxy or to attend the meeting will each have the same effect as a vote against the Change of Name.**

The officers and directors of the Company will vote the shares of Common Stock beneficially owned or controlled by them (representing approximately 36% of the shares of Common Stock issued and outstanding) in favor of the Election of Directors, the Reorganization, the Change of Name and the Ratification of Auditors.

Summary of Reorganization and Change of Name

In the Reorganization and the Change of Name, if approved:

- The Company will be reorganized into a new holding company structure by the transfer of all of the Company's operating assets and liabilities relating to its Puroflow business to a new wholly-owned subsidiary of the Company; and
- The Company will then change its name to "Argan, Inc.", following which the newly created wholly-owned subsidiary of the Company will adopt the name "Puroflow Incorporated."

PROPOSAL NUMBER ONE

Election of Directors

Recent Events

On December 31, 2002, the Company executed a non-binding term sheet (the "Term Sheet") with a group consisting of Rainer H. Bosselmann, H. Haywood Miller III and Arthur F. Trudel, setting forth terms for a private placement of Common Stock of the Company (the "Private Placement"). Pursuant to the Term Sheet, the group and/or its affiliates agreed to invest not less than \$2 million in the Private Placement. Mr. Bosselmann was appointed to the Company's Board of Directors as Vice Chairman upon execution of the Term Sheet. Mr. Miller and Mr. Trudel were appointed as corporate officers of the Company, each at a nominal annual salary of \$1.00, upon execution of the Term Sheet. In addition, the Company granted to the group warrants to purchase an aggregate of 180,000 shares of Common Stock at an exercise price of \$7.75 per share upon execution of the Term Sheet. These warrants could only be exercised in the event that the Private Placement was consummated.

On April 29, 2003, the Company completed the Private Placement. In the Private Placement, the Company sold 1,303,974 shares of Common Stock (the "Private Placement Common Stock") to a group of accredited investors (including Messrs. Bosselmann, Miller and Trudel) at a price of \$7.75 per share. The Company raised a total of \$10,106,000 in the Private Placement (before giving effect to offering expenses of approximately \$454,000).

Pursuant to the terms of the Private Placement, Mr. Bosselmann received the right to designate four members of the Company's Board of Directors (including himself) upon consummation of the Private Placement. Following the closing of the Private Placement, four existing directors of the Company (Warren Lichtenstein, Glen Kassin, Joshua Schechter and Robert Smith) resigned and were replaced by Mr. Bosselmann and three new directors designated by Mr. Bosselmann (DeSoto S. Jordan, James W. Quinn and Daniel A. Levinson). These new directors were appointed by the remaining members of the Company's Board of Directors. Also upon the consummation of the Private Placement, each of Messrs. Bosselmann, Miller and Trudel became senior officers of the Company.

Election of Directors

The directors of the Company are elected annually and hold office until the next annual meeting of stockholders and until their successors have been elected and shall have been qualified. Vacancies and newly-created directorships resulting from any increase in the number of authorized directors may be filled by a majority vote of the directors then in office.

The Board of Directors presently consists of seven persons. Two of the current directors (Michael H. Figoff and T. Kent Pugmire) were elected at the Company's 2001 Annual Meeting. Four of the current directors (Rainer H. Bosselmann, DeSoto S. Jordan, Daniel A. Levinson and James W. Quinn) were elected by the Board of Directors (as the designees of Mr. Bosselmann) to fill the vacancies caused by the resignations of Warren Lichtenstein, Glen Kassin, Joshua Schechter and Robert Smith upon consummation of the Private Placement. One of the current directors (Peter L. Winslow) was elected by the Board of Directors to fill the vacancy caused by the resignation of Travis Bradford in June 2003.

At the meeting, stockholders of the Company are being asked to elect seven directors. Six of the nominees (Rainer H. Bosselmann, DeSoto S. Jordan, Daniel A. Levinson, T. Kent Pugmire, James W. Quinn and Peter L. Winslow) are currently members of the Company's Board of Directors. The seventh nominee (W.G. Champion Mitchell) is not currently a director of the Company. Michael H. Figoff, a current director of the Company, has decided not to stand for re-election as a director at the Meeting.

Unless a stockholder withholds authority, the holders of proxies representing shares of Common Stock will vote FOR the election of each of the nominees listed below. The Board of Directors has no reason to believe that the nominees will decline or be unable to serve as Directors of the Company. However, if a nominee shall be unavailable for any reason, then the proxies may be voted for the election of such person as may be recommended by the Board of Directors.

(1) In June 2003, the Company accelerated the vesting of the options held by Messrs. Figoff, Conner, Livingston and Montesanti. As a result, all of these options are now exercisable.

Description of the 2001 Stock Option Plan

In August 2001, the Board of Directors adopted and the stockholders of the Company approved the 2001 Stock Option Plan. As adopted in 2001, the Plan authorized the issuance of options to purchase a maximum of 33,333 shares of Common Stock. In April 2003, the Board of Directors adopted and the stockholders of the Company approved an amendment to the 2001 Stock Option Plan increasing the total number of shares of Common Stock reserved for issuance under the Plan to 250,000. The maximum number of shares may be adjusted in certain events, such as a stock split, reorganization or recapitalization. Officers, directors and employees of the Company or its subsidiaries are eligible to receive non-qualified stock options under the Plan. Employees (including officers and directors who are employees) of the Company or its subsidiaries are eligible to receive incentive stock options under the Plan. In the event incentive stock options are granted, the aggregate fair market value of the Common Stock issuable under such options for each optionee during any calendar year cannot exceed \$100,000. To the extent that an incentive stock option exceeds the \$100,000 threshold, the excess will be treated as a non-qualified stock option.

The Company receives no monetary consideration for the grant of options under the 2001 Stock Option Plan. In the case of an incentive stock option, the exercise price cannot be less than the fair market value (as defined in the Plan) of the Common Stock on the date the option is granted. If the optionee is a stockholder who beneficially owns 10% or more of the outstanding Common Stock, the exercise price of incentive stock options may not be less than 110% of the fair market value of the Common Stock. The term of an option cannot exceed ten years; provided, however, that the term of options granted to owners of 10% or more of the outstanding shares of Common Stock cannot exceed five years.

The 2001 Stock Option Plan will terminate automatically and no options may be granted after July 19, 2011 (the "Termination Date"); provided, however, that Plan may be terminated by the Board of Directors at any time prior to the Termination Date. Termination of the Plan will not affect options that were granted prior to the Termination Date.

Pursuant to the terms of the 2001 Stock Option Plan, the vesting with respect to all issued and outstanding options to purchase Common Stock of the Company may accelerate and become fully exercisable upon a change in control of the Company.

As of January 31, 2003, there were 10,000 options granted under the 2001 Stock Option Plan.

Employment and Severance Agreements

On March 1, 1993, the Company entered into an employment agreement with Mr. Figoff pursuant to which Mr. Figoff agreed to serve as the Executive Vice President of the Company for a term of five years at an annual base salary of \$95,000. PROPOSAL NUMBER TWO

Transfer by the Company of All or Substantially All of its Puroflow Operating Assets and Liabilities to a Wholly-Owned Subsidiary

Background

The Company has two principal lines of business: telecommunications infrastructure services (which the Company refers to as its SMC business or telecom business) and the manufacture and sale of filtration and related products (which the Company refers to as its Puroflow business or manufacturing business). The Company conducts its SMC business through its wholly owned subsidiary, Southern Maryland Cable ("SMC"), and its Puroflow business directly. SMC is a provider of telecommunications infrastructure services including project management, construction and maintenance for the Federal Government, telecommunications and broadband service providers as well as electric utilities. In its Puroflow business, the Company manufactures and sells a broad range of filtration and related products for original equipment manufacturers, foreign and domestic military users, government direct, automotive and aviation aftermarket users as well as a number of commercial and industrial applications.

The Company is currently pursuing a strategic plan involving the diversification of its business through business acquisitions and/or other investments. Management of the Company believes that this diversification strategy will provide the potential for growth and profit.

On April 29, 2003, the Company completed the Private Placement. In the Private Placement, the Company sold 1,303,974 shares of its Common Stock to a group of accredited investors at a price of \$7.75 per share. The Company raised a total of \$10,106,000 in the Private Placement (before giving effect to offering expenses of approximately \$454,000). The Company used approximately \$3.6 million of proceeds from the private placement in its acquisition of SMC in July 2003. The Company intends to use the remaining proceeds from the Private Placement for acquisitions in growth oriented industries and for working capital.

On July 17, 2003, the Company acquired SMC. The Company acquired SMC by merger of SMC with and into a wholly-owned subsidiary of the Company. SMC's operations are now conducted by this wholly-owned subsidiary, which has been renamed "Southern Maryland Cable."

On September 2, 2003, the Company entered into a letter of intent with Dinsmore Communications Corp. ("DCC") to acquire all of the common stock of DCC. DCC provides premise design, engineering, installation, certification and maintenance services for commercial and industrial customers. The consummation of the transaction is contingent upon the completion of the Company's due diligence, the signing of a definitive purchase and sale agreement, approval of both companies' boards of directors and other conditions. The Company can provide no assurance that the transaction contemplated under the DCC letter of intent will occur.

On September 3, 2003, the Company entered into a letter of intent with Western Filter Corporation ("WFC") to sell its manufacturing business to WFC. The consummation of the transaction is contingent upon the completion of WFC's due diligence, the signing of a definitive purchase and sale agreement, approval of both companies' respective boards of directors and other conditions. The Company can provide no assurance that the transaction contemplated under the WCC letter of intent will occur.

The Proposal

As noted above, the Company operates its Puroflow business directly. In keeping with its internal restructuring strategy, the Board of Directors has determined that it would be in the best interests of the Company and its stockholders for the Company to transfer all or substantially all of the operating assets relating to its Puroflow business to a wholly-owned subsidiary (which would also assume all of the operating liabilities relating to the Puroflow business). The assets and liabilities to be transferred would include essentially all of the Company's operating assets and liabilities relating to its Puroflow business. The assets and liabilities to be transferred would not include the remaining proceeds of the private placement, assets and liabilities applicable to the executive operations of the Company or any assets or liabilities of Southern Maryland Cable. After the transfer, the Company would change its name to "Argan, Inc.," subject to the approval of the stockholders as discussed below under Proposal Number Three, following which the newly created wholly-owned subsidiary of the Company would adopt the name "Puroflow Incorporated." The new holding company structure will increase flexibility in financing and acquisitions and other investments as well as better define the managerial responsibilities for different businesses in which the holding company may become engaged. The Board notes that numerous national and international corporations conduct their operations through a holding company structure. The Board of Directors contemplates that upon the consummation of any additional acquisitions or other investments, the acquired operations would also be placed into one or more corporate entities in exchange for the issuance and sale to the holding company of capital stock constituting all of the outstanding capital stock of each newly formed subsidiary. Each new subsidiary would consequently become a wholly-owned subsidiary of the holding company. The holding company's operations would then be entirely conducted by the newly formed wholly-owned subsidiaries.

The principal executive offices of the Company will continue to be located at One Church Street, Suite 302, Rockville, Maryland 20850, telephone (301) 315-0027. The Company expects the principal executive offices of the newly created wholly-owned subsidiary to be the same as those of the Company.

The resolution authorizing the Company to transfer all or substantially all of its Puroflow operating assets to a newly-formed wholly-owned subsidiary is set forth on Exhibit A to this Proxy Statement.

Reasons for the Restructuring Plan

The transfer of the Puroflow operating assets and liabilities of the Company to a new wholly-owned subsidiary and the consequent holding company structure would permit greater flexibility in the management and financing of new and existing business operations. The new holding company structure would also facilitate the Company's entry into new businesses, the disposition of existing businesses and the formation of joint ventures or other business combinations with third parties.

It is contemplated that the restructuring would further the objective of operating the Company's businesses, and any additional businesses acquired in the future, on a more self-sufficient, independent economic basis. As a result of the restructuring, financings could be arranged by one or more of the separate subsidiaries of the holding company based on their separate cash flows and creditworthiness. The restructuring would also limit the holding company's exposure to liability, to the extent provided by law, to the assets of the subsidiary corporation engaged in the operations which may give rise to the liability.

In addition, a holding company structure would permit improved delineation of administrative and other responsibilities within the corporate structure and would allow a designated group of executive employees to concentrate their efforts on the concerns of the consolidated enterprise as a whole while at the same time placing certain definable business functions in separate subsidiaries and thereby achieving better allocation of responsibilities and more efficient operation.

As the Company pursues its plan of diversification, the Board of Directors believes that this holding company structure could result in a number of significant operational benefits, such as enhancing the effectiveness of management controls, avoiding duplication of certain costs, and facilitating more effective monitoring and analysis of certain significant categories of revenues and expenses. Management of the Company has also considered the possibility that the more elaborate corporate structure may introduce a certain amount of added complexity into the administration of the holding company's affairs, but believes the added administrative and accounting burdens and costs will be justified by the benefits that may be realized.

Certain Effects of the Proposed Restructuring

Effect on Stockholders' Rights. The restructuring of the Company into a holding company will not entail the issuance or redemption of any shares of capital stock of the Company. The outstanding capital stock of the Company will not be affected by the proposed internal restructuring. The stockholders of the Company will continue as stockholders of the holding company, with the same voting, dividend and liquidation rights and ownership interests as before. As a result of the restructuring, the stockholders will not directly elect the directors of any subsidiary. Directors of these subsidiaries will be elected by the Board of Directors of the holding company, as the holding company will be the sole stockholder of these subsidiaries. Notwithstanding that fact, however, the overall management of the affairs and operations of the holding company will be under the direction of the Board of Directors, who will be elected by the current stockholders of the Company.

Effect on Company's Financial Statements. For financial accounting and reporting purposes, the new subsidiaries will be fully consolidated with the holding company. The net income from the holding company's subsidiaries, reflected as income on the holding company's consolidated financial statements, will finance growth or be available for the payment of dividends to the stockholders of the holding company to the extent the holding company has received dividends or other distributions from its subsidiaries. The restructuring is not expected to otherwise have any material financial implications for the Company.

Other Effects on the Company and Stockholders. Consummation of the proposed internal restructuring is not expected to result in any material change in the overall operations of the Company or the location of its facilities. Similarly, the proposed restructuring will not result in any change in the current membership of the Company's Board of Directors. Persons who are currently serving as officers and Directors of the Company may become officers and/or directors of one or more subsidiaries.

As discussed above under "Effect on Stockholders' Rights", stockholders of the Company will not be entitled to elect the directors of the subsidiaries. Instead the stockholders of the holding company will elect the Directors of the holding company, who will have overall responsibility for the management of the holding company and its wholly-owned subsidiaries. Similarly, the stockholders' statutory right to inspect the books and records of the holding company under applicable Delaware law may not extend to the books and records of its subsidiaries. However, because the holding company is a public company subject to the reporting requirements of the Securities Exchange Act of 1934, as amended, information regarding the subsidiaries of the holding company is available to stockholders without resort to the statutory right to inspect their books and records.

Additionally, stockholders of the holding company will not be entitled to approve the sale, lease or exchange of all or substantially all of the property and assets of a subsidiary company unless the sale, lease or exchange involves property or assets comprising all or substantially all of the property or assets of the holding company.

While the proposed transfer of the Puroflow operating assets and liabilities of the Company to a wholly-owned subsidiary and the implementation of the restructuring does not create any conflict of interests between the Company and its stockholders, in the event that any of the subsidiaries, through public or private sale, should be owned in part by persons other than the holding company or its stockholders, conflicts could arise. However, management has no present intention to effect a public or private sale of a part ownership of any of the holding company's subsidiaries.

Federal Tax Consequences

Any operating assets transferred by the Company to a wholly-owned subsidiary pursuant to the restructuring proposal will be conveyed to the subsidiary on a tax-free basis pursuant to Section 351 of the Internal Revenue Code of 1986, as amended.

Conditions to Implementation of the Restructuring Proposal

In addition to being subject to approval of the stockholders and discretion of the Board of Directors, the proposed transfer of the Puroflow operating assets and liabilities of the Company to a wholly-owned subsidiary is subject to the Company's receipt of all necessary consents of lenders, lessors and other parties. No federal or state regulatory requirements must be complied with, nor must any governmental approval be obtained.

Vote Required

Under applicable Delaware law, the transfer by the Company of all or substantially all of its assets and liabilities to a wholly-owned subsidiary requires the approval of a majority of the outstanding shares of Common Stock. Although the Company believes that stockholder approval of the Reorganization is not technically required under Delaware law because the assets to be transferred do not constitute all or substantially all of its assets, the Company has determined to seek to obtain stockholder approval for the Reorganization anyway.

The executive officers and directors of the Company will vote the shares of Common Stock beneficially owned or controlled by them (representing approximately 36% of the shares of Common Stock issued and outstanding) in favor of the transfer by the Company of all of its Puroflow operating assets and liabilities to a wholly-owned subsidiary.

The Board of Directors recommends that the stockholders vote "FOR" the approval of the transfer by the Company of all of its Puroflow operating assets and liabilities to a wholly-owned subsidiary.

PROPOSAL NUMBER THREE

Amendment to Certificate of Incorporation to Change the Name of the Company

Description of Proposed Amendment

The Board of Directors has unanimously adopted a resolution proposing and declaring the advisability of an amendment to Article FIRST of the Certificate of Incorporation which would change the corporate name of the Company to "Argan, Inc." To become effective, the amendment must also be adopted by the stockholders of the Company. The resolution amending Article FIRST of the Company's Certificate of Incorporation to change the corporate name of the Company is set forth on Exhibit B to this Proxy Statement.

As discussed above under Proposal Number Two, the Board of Directors is proposing to realign the Company's corporate structure to comport with a new proposed business organization by transferring all of the Company's Puroflow operating assets and liabilities to a wholly-owned subsidiary organized for that purpose with the result that the Company would become a holding company. Approval of the Reorganization is not a condition precedent to adoption of the proposed name change.

If the proposed name change is adopted, the Company's Common Stock will be listed on the Boston Stock Exchange under the name "Argan, Inc." Furthermore, it is the intent of the Company to use the name "Argan, Inc." in its communications with stockholders and the investment community.

If the amendment is adopted, stockholders will not be required to exchange outstanding stock certificates for new certificates.

If approved by the stockholders, the amendment will become effective upon filing with the Secretary of State of the State of Delaware of a Certificate of Amendment to the Company's Certificate of Incorporation, which filing is expected to take place shortly after the Meeting. However, the Board of Directors will be authorized, without a further vote of the stockholders, to abandon the name change and determine not to file the Certificate of Amendment if the Board concludes that such action would be in the best interests of the Company and its stockholders. If this proposal is not approved by the stockholders, then the Certificate of Amendment will not be filed.

Vote Required

As discussed above, to become effective the amendment must be adopted by the Board of Directors and the stockholders. The Board already has adopted the amendment. Under Delaware law and the Company's Certificate of Incorporation, the amendment must be approved by the affirmative vote of the holders of a majority of the outstanding shares of Common Stock, entitled to vote at the Meeting

The executive officers and directors of the Company will vote the shares of Common Stock beneficially owned or controlled by them (representing approximately 36% of the shares of Common Stock issued and outstanding) in favor of the proposed amendment to the Company's Certificate of Incorporation changing the corporate name of the Company.

The Board of Directors recommends that the stockholders vote "FOR" the approval of the amendment to the Company's Certificate of Incorporation changing the corporate name of the Company.

PROPOSAL NUMBER FOUR

Ratification of Independent Accountants

The persons named in the enclosed proxy will vote to ratify the selection of Ernst & Young LLP as the Company's independent public accounting firm for the fiscal year ending January 31, 2004 unless otherwise directed by the stockholders.

Change in Accountants following Private Placement

Rose, Snyder & Jacobs, a corporation of Certified Public Accountants ("RS&J"), audited the Company's financial statements for its fiscal years ended January 31, 2003 and January 31, 2002. The Company dismissed RS&J as the Company's principal accountants in May 2003. The decision to dismiss RS&J was approved by the Audit Committee of the Company on May 19, 2003, and RS&J was notified of the decision on May 20, 2003. The Company found no fault with the services rendered by RS&J to the Company. Rather, the Company believes that RS&J is not equipped to audit the newly-established national operations of the Company.

During the Company's two most recently completed fiscal years and the subsequent interim period through May 20, 2003, there were no disagreements with RS&J on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of RS&J, would have caused it to make references to the subject matter of the disagreement in connection with its report. RS&J's reports on the Company's financial statements for the past two years did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the Company's two most recently completed fiscal years and the subsequent interim period preceding the decision to change principal accountants, there were no reportable events as defined in Regulation S-K Item 304(a)(1)(v).

On May 19, 2003, Ernst & Young LLP was engaged as the Company's new principal accountants. During the Company's two most recent fiscal years and the subsequent interim period prior to engaging Ernst & Young, neither the Company nor anyone on its behalf consulted with Ernst & Young regarding the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided to the Company by Ernst & Young that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue.

Representatives of Rose, Snyder & Jacobs and Ernst & Young are not expected to be present at the meeting.

Fees Paid to Accountants

The following table shows the fees that the Company paid or accrued for the audit and other services provided by RS&J for the fiscal years ended January 31, 2003 and January 31, 2002.

	<u>2003</u>	<u>2002</u>
Audit Fees	\$32,000	\$32,000
Tax Fees	\$5,500	\$5,500
Total	\$37,500	\$37,500

Audit Fees. This category includes the audit of the Company's annual financial statements, review of financial statements included in the Company's Form 10-Q quarterly reports and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years.

Tax Fees. This category consists of professional services rendered by RS&J for tax compliance, tax advice and tax planning.
