PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Carrizo Oil & Gas, Inc., a Texas corporation (the “Company”), to be voted at the 2006 Annual Meeting of Shareholders (the “Annual Meeting”) to be held at Doubletree Hotel Houston Downtown, 400 Dallas Street, Houston, Texas on Tuesday, May 23, 2006, at 9:00 a.m., and any and all adjournments thereof.

This statement and the accompanying form of proxy are first being mailed to shareholders on or about May 2, 2006. In addition to the solicitation of proxies by mail, regular officers and employees of the Company may, without additional compensation, solicit the return of proxies by mail, telephone, telegram or personal contact. The Company will pay the cost of soliciting proxies in the accompanying form. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxy material to beneficial owners of stock.

Voting Procedures

Shareholders of record as of April 25, 2006, the record date for determining persons entitled to notice of, and to vote at, the Annual Meeting, are entitled to vote on all matters at the Annual Meeting and at any adjournments thereof. On that date, the issued and outstanding capital stock of the Company consisted of 24,396,463 shares of common stock, par value \$0.01 per share (the “Common Stock”). No other class of stock is outstanding. Each share of Common Stock is entitled to one vote on each matter submitted to a vote of shareholders. Cumulative voting is not allowed. The holders of a majority of the shares entitled to vote at the Annual Meeting, represented in person or by proxy, constitute a quorum for the transaction of business at the Annual Meeting.

All duly executed proxies received prior to the Annual Meeting will be voted in accordance with the choices specified thereon and, in connection with any other business that may properly come before the meeting, in the discretion of the persons named in the proxy. As to any matter for which no choice has been specified in the proxy, the shares represented thereby will be voted by the persons named in the proxy, to the extent applicable, (1) for the election as a director of each nominee listed herein; (2) for the approval of an amendment to the Incentive Plan increasing by 450,000 shares the number of shares of Common Stock available for issuance under the Incentive Plan; (3) for the appointment of Pannell Kerr Forster of Texas, P.C. (“PKF”) as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2006; and (4) in the discretion of the persons named in the proxy in connection with any other business that may properly come before the meeting. A shareholder giving a proxy may revoke it at any time before it is voted at the Annual Meeting by delivering written notice to the Secretary of the Company or by delivering a properly executed proxy bearing a later date. A shareholder who attends the Annual Meeting may, if he or she wishes, vote by ballot at the Annual Meeting and that vote will cancel any proxy previously given. Attendance at the Annual Meeting will not in itself, however, constitute the revocation of a proxy.

Proxies indicating shareholder abstentions will be counted for purposes of determining whether there is a quorum at the Annual Meeting, but will not be voted on any matter and therefore will have the same effect as a vote against a matter, except in the case of director elections, which are determined by a plurality of votes cast, as to which those abstentions will have no effect. Shares represented by “broker nonvotes” (*i.e.*, shares held by brokers or nominees for which instructions have not been received from the beneficial owners or persons entitled to vote and for which the broker or nominee does not have discretionary power to vote on a particular matter) will be counted for purposes of determining whether there is a quorum at the Annual Meeting, but will not be voted on any matter, and thus will be disregarded in the calculation of “votes cast” with respect to that matter (even though those shares may be considered as

entitled to vote or be voted on other matters). Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed as election inspectors for the Annual Meeting.

Director Independence

The Board has determined that Messrs. Carter, Loyd, Parker and Ramsey are “independent directors” within the meaning of Marketplace Rule 4200(a)(15) of the Nasdaq Stock Market.

Committees of the Board of Directors

The Board of Directors held four meetings during the fiscal year ended December 31, 2005, and transacted business on 14 occasions during the fiscal year by unanimous written consent.

During 2005, each director attended at least 75% of the aggregate of the total number of Board of Directors’ meetings and of meetings of committees of the Board of Directors on which he served held during his service on the Board of Directors. The Board of Directors has a Nominating Committee, an Audit Committee, a Compensation Committee and a Budget Committee.

The Board of Directors has a Nominating Committee, which currently consists of Messrs. Webster (chairman), Loyd and Carter. The primary responsibilities of the Nominating Committee include identifying, evaluating and recommending, for the approval of the entire Board of Directors, potential candidates to become members of the Board of Directors and recommending membership on standing committees of the Board of Directors. The Nominating Committee held one meeting during 2005. A copy of the Nominating Committee Charter may be found on the Company’s website at www.carrizo.cc. The Board of Directors has determined that Messrs. Loyd and Carter are independent for purposes of Nasdaq Marketplace Rule 4200(a)(15). Mr. Webster’s service on the Nominating Committee is pursuant to an exception provided under the Nasdaq rules, which will permit him to serve on the committee until March 5, 2007. Under the Nasdaq rules, a non-independent member of the Board of Directors may serve up to two years as a member of a nominating committee under exceptional and limited circumstances where such individual’s membership is required by the best interests of the Company and its shareholders. The Board of Directors believes these criteria are met with respect to Mr. Webster’s membership on the Nominating Committee because of his extensive knowledge of the Company and the oil and gas industry and because he is a major shareholder of the Company.

The Board of Directors has an Audit Committee, which currently consists of Messrs. Parker (chairman), Carter and Ramsey. The Audit Committee held nine meetings during 2005. The Audit Committee has direct responsibility for the appointment, retention, compensation and oversight of the independent registered public accounting firm for the purpose of preparing the Company's annual audit report or performing other audit, review or attest services for the Company. The Audit Committee has sole authority to approve all engagement fees and terms of the independent registered public accounting firm and to establish policies and procedures for preapproval of audit and nonaudit services. The Audit Committee also reviews and discusses the annual audited financial statements with management and the independent registered public accounting firm. A copy of the Audit Committee Charter may be found on the Company's website at www.carrizo.cc.

The Board has determined that all of the members of the Audit Committee satisfy the independence standards under the Nasdaq Marketplace Rules and Rule 10A-3 of the Securities Exchange Act. In addition, the Board has determined that Mr. Parker is an "audit committee financial expert," as such term is defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission (the "SEC"). Mr. Parker is a certified public accountant and served as partner in a major accounting firm.

The Board of Directors has a Compensation Committee which currently consists of Messrs. Parker (chairman) and Ramsey. The Compensation Committee held five meetings during 2005. The primary responsibilities of the Compensation Committee are to review

and approve the compensation of the CEO and the Company's other executive officers and oversee and advise the Board on the policies that govern the Company's compensation programs. The Compensation Committee has been appointed by the Board of Directors to administer the Company's stock option plans (subject in some cases to action by the full Board). A copy of the Compensation Committee Charter can be found on the Company's website at www.carrizo.cc. The Board of Directors has determined that Messrs. Parker and Ramsey are independent for purposes of Nasdaq Marketplace Rule 4200(a)(15).

Director Nominations Process

In assessing the qualifications of candidates for director, the Nominating Committee considers, in addition to qualifications set forth in the Company's bylaws, each potential nominee's personal and professional integrity, experience, reputation, skills, ability and willingness to devote the time and effort necessary to be an effective board member, and commitment to acting in the best interests of the Company and its shareholders. The Nominating Committee also considers requirements under the listing standards of the Nasdaq Stock Market, Inc. for a majority of independent directors, as well as qualifications applicable to membership on Board committees under the listing standards and various regulations. The Nominating Committee makes recommendations to the Board, which in turn makes the nominations for consideration by the shareholders.

Suggestions for potential nominees for director can come to the Nominating Committee from a number of sources, including incumbent directors, officers, executive search firms and others. The Nominating Committee will consider director candidates recommended by shareholders. The extent to which the Nominating Committee dedicates time and resources to the consideration and evaluation of any potential nominee brought to its attention depends on the information available to the Committee about the qualifications and suitability of the individual, viewed in light of the needs of the Board, and is at the Committee's discretion. Recognizing the contribution of incumbent directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole, the Nominating Committee reviews each incumbent director's qualifications to continue on the Board in connection with the selection of nominees to take office when that director's term expires, and conducts a more detailed review of each director's suitability to continue on the Board following expirations of the director's term.

In addition, the Nominating Committee's policy is that it will consider candidates for the Board recommended by shareholders. Any such recommendation should include the candidate's name and qualifications for Board membership and should be submitted in writing to the Secretary, Carrizo Oil & Gas, Inc., 1000 Louisiana Street, Suite 1500, Houston, Texas 77002, along with:

- a signed statement of the proposed candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director;
- a statement that the writer is a shareholder of the Company and is proposing a candidate for consideration by the Nominating Committee;
- a statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company;
- the financial and accounting background of the candidate, to enable the Nominating Committee to determine whether the candidate would be suitable for Audit Committee membership; and
- detailed information about any relationship or understanding between the proposing shareholder and the candidate.

Although the Nominating Committee will consider candidates recommended by shareholders, it may determine not to recommend that the Board, or the Board may determine not to, nominate those candidates for election to the Board of Directors.

Shareholder Communication with the Board of Directors

Shareholders may communicate with the Board by submitting their communications in writing, addressed to the Board as a whole or, at the election of the shareholder, to one or more specific directors, c/o Secretary, Carrizo Oil & Gas, Inc., 1000 Louisiana Street, Suite 1500, Houston, Texas 77002.

The Audit Committee of the Board of Directors has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters. Shareholders who wish to submit a complaint under these procedures should submit the complaint in writing to: F. Gardner Parker, Chairman of the Audit Committee, Carrizo Oil & Gas, Inc., 1000 Louisiana Street, Suite 1500, Houston, Texas 77002. The Company also has a confidential hotline by which employees can communicate concerns or complaints regarding these matters.

Director Attendance at Annual Meeting of Shareholders

The Company does not have a policy regarding director attendance at annual meetings of shareholders. Five of the Company's directors attended the 2005 Annual Meeting of Shareholders.

Code of Conduct

The Company has a Code of Conduct that is applicable to all employees and directors and that satisfies the requirements of Nasdaq Marketplace Rule 4350(n). The Code of Conduct is available on the Company's website at www.carrizo.cc.

Section 16(a) Reporting Compliance

Section 16(a) of the Exchange Act requires that the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, file reports of ownership and changes of ownership with the SEC. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all such forms they file.

Based solely on its review of the copies of such forms received by the Company, and on written representations by the Company's officers and directors regarding their compliance with the filing requirements, the Company believes that during the fiscal year ended December 31, 2005, all reports required by Section 16(a) to be filed by its directors, officers and greater than 10% beneficial owners were filed on a timely basis, except that Mr. Johnson did not file a Form 4 reporting a grant of stock options on February 28, 2005 on a timely basis.

Compensation of Nonemployee Directors

For the 2005-2006 director term, each director not employed by the Company or any of its subsidiaries (an "Outside Director") received an annual retainer of \$10,000 plus compensation of \$2,500 per regular meeting attended (\$1,000 if attended via telephone), \$1,000 per special meeting attended (\$500 if attended via telephone) and \$1,000 per committee meeting (\$500 if attended via telephone). The additional annual retainers for the Chairmen of the Audit, Compensation and Nominating Committees were \$12,500, \$6,000 and \$2,500, respectively, and for non-chairman members of the Audit and Compensation Committees were \$7,500 and \$4,000, respectively. Outside Director compensation for the 2006-2007 director term is currently expected to be the same as compensation for the 2005-2006 term.

Directors who are also employees of the Company receive no payments for serving as directors. All directors are reimbursed for travel and lodging expenses of attending meetings.

Under the Incentive Plan, the Chairmen of the Audit, Compensation and Nominating Committees and the nonchairmen members of the Audit, Compensation and Nominating Committees who are deemed by the Committee to be independent for purposes of the rules of the Nasdaq Stock Market may be granted stock options and/or restricted stock at the discretion of the Board of Directors or the Compensation Committee. The vesting terms of any stock options or shares of restricted stock granted to Outside Directors are at the discretion of the Compensation Committee or the Board of Directors. Each stock option granted to an Outside Director (i) has a ten-year term and (ii) has an exercise price equal to the fair market value of a share of Common Stock on the date of grant. Shares of restricted stock granted to Outside Directors in the 2005-2006 director term and the 2006-2007 director term will become fully vested on the first anniversary of the date of grant.

Mr. Webster did not receive the award for the Nominating Committee Chairman. Mr. Webster will not receive the awards mentioned above which he would otherwise be entitled in light of the consulting agreement between the Company and an entity owned by Mr. Webster. The Company does not expect to make any regular grants of stock options or restricted stock to Mr. Webster.

COMPENSATION OF EXECUTIVE OFFICERS

(1) Consists of bonuses earned with respect to the fiscal years listed. The bonuses for 2005 are expected to be paid in May 2006.

(2) For the fiscal years 2003, 2004 and 2005 the Named Executives did not receive any annual compensation not properly categorized as salary or bonus, except for certain perquisites and other personal benefits which are not shown because the aggregate amount of such compensation, if any, for each Named Executive during each of those fiscal years did not exceed the lesser of \$50,000 or 10% of total salary and bonus reported for that Named Executive.

(3) The restricted stock vests in three equal annual installments beginning on the first anniversary of May 23, 2005, the grant date. As of December 31, 2005, the number of shares of restricted stock held by the named executive officers and their market value (based on the common stock's closing price of \$24.70 on December 30, 2005 (the last trading day in 2005 on the Nasdaq National Stock Market)) were as follows:

Name	Shares of Restricted	Market Value
------	----------------------------	-----------------

Stock		
S.P. Johnson IV	9,300	\$ 229,710
Paul F. Boling	4,710	\$ 116,337
J. Bradley Fisher	5,850	\$ 144,495
Gregory E. Evans	1,500	\$ 37,050
Jack Bayless	-	-
Kendall A. Trahan	-	-

(4) For the fiscal year 2005, all other compensation consists of special cash bonuses in lieu of stock options of \$15,000 and \$7,500 for Messrs. Fisher and Trahan, respectively; contributions of \$8,310, \$5,079, \$6,612, \$2,625, \$0 and \$2,980 by the Company under its 401(k) plan for Messrs. Johnson, Boling, Fisher, Evans, Bayless and Trahan, respectively; life insurance premiums of \$658, \$641, \$657, \$493, \$0 and \$539 for Messrs. Johnson, Boling, Fisher, Evans, Bayless and Trahan, respectively; and overriding royalties of \$1,133 for Mr. Fisher. The compensation from overriding royalties awarded to Mr. Fisher arises from a one-time award of an overriding royalty interest on the Pitchfork Ranch A-90 #1 well to Mr. Fisher in 2001. The Company has since adopted a policy that it will not grant any overriding royalty interests to its executive officers.

For the fiscal year 2004, all other compensation consists of special cash bonuses in lieu of stock options of \$25,000, \$30,000 and \$15,500 for Messrs. Johnson, Fisher and Trahan, respectively; contributions of \$12,794, \$5,559, \$8,358 and \$11,693 by the Company under its 401(k) plan for Messrs. Johnson, Boling, Fisher and Trahan, respectively; life insurance premiums of \$811, \$756, \$811 and \$811 for Messrs. Johnson, Boling, Fisher and Trahan, respectively; and overriding royalties of \$1,500 for Mr. Fisher. Due to the low number of shares of Common Stock available for issuance under the Incentive Plan, in the first quarter of 2004, the Compensation Committee recommended and the Board of Directors approved the award of a special cash bonus in lieu of stock options to a number of key employees, including Messrs. Johnson, Fisher and Trahan. Subsequently, because of the availability of additional shares under the Incentive Plan, the Board of Directors gave these employees the option to receive stock options in lieu of a portion of the cash bonus. The special bonuses described above were paid to Messrs. Johnson, Fisher and Trahan over three equal installments on April 15, 2004, August 31, 2004 and February 28, 2005. Mr. Johnson elected to receive stock options in lieu of a portion of his cash bonus and therefore he received \$25,000 and options to purchase 16,668 shares of Common Stock.

For the fiscal year 2003, all other compensation consists of contributions of \$4,818, \$1,125, \$4,674, \$2,753 and \$4,622 by the Company under its 401(k) plan for Messrs. Johnson, Boling, Fisher and Trahan, respectively, life insurance premiums of \$697, \$124, \$595, \$688 and \$604 for Messrs. Johnson, Boling, Fisher and Trahan, respectively, and overriding royalties of \$5,599 for Mr. Fisher. For the fiscal year 2002, all other compensation consists of contributions of \$4,088, \$3,947 and \$4,129 by the Company under its 401(k) plan for Messrs. Johnson, Fisher and Trahan, respectively, life insurance premiums of \$648, \$533 and \$546 for Messrs. Johnson, Fisher and Trahan, respectively, and overriding royalties of \$7,368 for Mr. Fisher.

(5) Mr. Boling commenced his employment with the Company in August 2003.

(6) Mr. Fisher became Vice President and Chief Operating Officer in March 2005.

(7) Mr. Evans commenced his employment with the Company in March 2005.

(8) Mr. Bayless commenced his employment with the Company in October 2005.

(9) Mr. Trahan left the Company in July 2005.

Jack Bayless	—	—	—	—	—	—	—	—
Kendall A. Trahan	—	—	—	—	—	—	—	—

(1) The exercise price of the options granted is equal to or greater than the market value of the Common Stock on the date of grant.

(2) Potential realizable value of each grant assumes that the market price of the underlying security (based upon the value of the Common Stock on the date of grant) appreciates at annualized rates of 5% and 10% over the term of the award. Actual gains, if any, on stock option exercises are dependent on the future performance of Common Stock and overall market conditions. There can be no assurance that the amounts reflected on this table will be achieved.

Aggregated Option Exercises and Fiscal Year-End Option Values

The following table sets forth information with respect to the unexercised options to purchase the Common Stock held by the Named Executives at December 31, 2005.

Name	Shares Acquired on Exercise(#)	Value Realized (\$)(1)	Number of Securities Underlying Unexercised Options at Fiscal Year-End		Value of Unexercised In-the- Money Options at Fiscal Year-End(\$)(2)

Jack Bayless	—	—	—	—	—	—
Kendall A. Trahan	87,295	917,256	—	—	—	—

(1) Value realized is calculated based on the difference between the option exercise price and the closing market price of the Company's Common Stock on the date of exercise, multiplied by the number of shares underlying the options.

(2) Value of unexercised in-the-money options is calculated based upon the difference between the option price and the closing price of the Company's Common Stock at fiscal year-end, multiplied by the number of shares underlying the options. The closing price of the Company's Common Stock, as reported on the Nasdaq Stock Market on December 30, 2005 (the last trading day of 2005), was \$24.70.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during the last completed fiscal year were Mr. Parker and Mr. Ramsey. There are no matters relating to interlocks or insider participation that we are required to report.

Certain Transactions

Pinnacle Transaction

During the second quarter of 2003, we and Rocky Mountain Gas, Inc. ("RMG") each contributed our interests in certain natural gas and oil leases in Wyoming and Montana in areas prospective for coalbed methane to a newly formed joint venture, Pinnacle Gas Resources, Inc. In exchange for the contribution of these assets, we and RMG each received 37.5% of the common stock of Pinnacle and options to purchase additional Pinnacle common stock, or on a fully diluted basis, we and RMG each received an ownership interest in Pinnacle of 26.9%. U.S. Energy Corp. and Crested Corp (collectively, "U.S. Energy") later succeeded to RMG's interest in Pinnacle. We retained our interests in approximately 145,000 gross acres in the Castle Rock project area in Montana and the Oyster Ridge project area in Wyoming. We no longer have a drilling obligation in connection with the oil and natural gas leases contributed to Pinnacle.

Simultaneously with the contribution of these assets, affiliates and related parties of CSFB Private Equity (the "CSFB Parties") contributed approximately \$17.6 million of cash to Pinnacle in return for redeemable preferred stock of Pinnacle, 25% of Pinnacle's common stock as of the closing date and warrants to purchase Pinnacle common stock at an exercise price of \$100.00 per share, subject to adjustments.

In March 2004, the CSFB parties contributed additional funds of \$11.8 million to continue funding the 2004 development program of Pinnacle. In 2005, the CSFB Parties contributed \$15.0 million to Pinnacle to finance an

acquisition of additional acreage. CCBM and U.S. Energy elected not to participate in the equity contribution. In November 2005, the CSFB Parties and a former Pinnacle employee received 30,000 and 2,000 shares of Pinnacle common stock, respectively, after exercising certain warrants and options.

In April 2006, prior to and in connection with a private placement by Pinnacle of 7,400,000 shares of its common stock, Pinnacle issued 44 new shares of its common stock to each of its stockholders for each existing share in a stock split; Pinnacle redeemed the preferred stock held by the CSFB Parties at 110% of par value; the CSFB Parties exercised all of their warrants on a “cashless” net exercise basis; and we and U.S. Energy exercised our respective options on a “cashless” net exercise basis. On April 11, 2006, after the stock split, the redemption of the preferred stock, the warrant and option exercises and the private placement, we owned 2,459,102 shares of Pinnacle’s common stock, and our ownership of Pinnacle was 9.5% on a fully diluted basis. On such date, U.S. Energy and the CSFB Parties owned 2,459,102 and 7,306,782 shares of Pinnacle’s common stock, respectively, and their ownership of Pinnacle was 9.5% and 28.3% on a fully diluted basis, respectively.

We previously had the right to appoint two members of Pinnacle’s board of directors. We agreed to give up this right in connection with the transactions described above. However, Mr. Johnson and Mr. Parker currently serve on Pinnacle’s board of directors.

Immediately following its formation, Pinnacle acquired an approximate 50% working interest in existing leases and approximately 36,529 gross acres prospective for coalbed methane development in the Powder River Basin of Wyoming from an unaffiliated party for \$6.2 million. At the time of the Pinnacle transaction, these wells were producing at a combined gross rate of approximately 2.5 MMcfd, or an estimated 1 MMcfd net to Pinnacle. At the end of 2005 Pinnacle's production was approximately 17.8 Mmcfe/d gross (6.0 Mmcfe/d net). As of December 31, 2005, Pinnacle owned interests in approximately 418,000 gross acres (272,000 net) in the Powder River Basin.

Our Chairman, Steven A. Webster, serves as Chairman of Global Energy Partners, which through June 30, 2005, was an affiliate of CSFB Private Equity. Mr. Webster now serves as Co-Managing Partner of Avista Capital Partners LP, which is not affiliated with CSFB but which has an affiliate that provides consulting services to an affiliate of CSFB. Mr. Webster has entered into a consulting contract with CSFB Private Equity to assist through 2006 in monitoring certain of its investments, including Pinnacle. Mr. Webster and certain of his Avista associates serve on the board of directors of Pinnacle.

The Company, the CSFB Parties, U.S. Energy, Peter G. Schoonmaker, Gary W. Umland and Pinnacle also entered into an agreement providing generally for multiple demand registration rights with respect to the Pinnacle common stock in favor of the CSFB Parties, one demand registration right in favor of the Company and U.S. Energy and certain piggyback registration rights for the Company and U.S. Energy subject to the satisfaction of specified conditions.

Certain Matters Regarding Mr. Webster

In December 2001, the Company sold to Mr. Webster a 2% working interest in certain leases in Matagorda County and the right to participate in the Staubach #1 well located within those leases in exchange for \$20,000 and the payment by Mr. Webster of a 33% promoted interest for drilling costs through casing point of that well. The terms of this sale were consistent with the terms of sales to other participants in this project.

In November 1999, the Company entered into a month-to-month agreement with San Felipe Resource Company, an entity owned by Mr. Webster, under which Mr. Webster provides consulting services to the Company in exchange for a fee of \$9,000 per month, which was increased to \$12,000 per month effective April 2003. The Company provides office space for Mr. Webster's son.

In the first quarter of 2004, due to the low number of shares of Common Stock available for issuance under the Incentive Plan, the Compensation Committee recommended and the Board of Directors approved the award of a special cash bonus in lieu of stock options to Mr. Webster. The special bonus was paid to Mr. Webster in three equal installments of \$40,000 on April 15, 2004, August 31, 2004 and February 28, 2005.

Certain Matters Regarding Mr. Carter

On March 3, 2005, the Board of Directors appointed Mr. Carter to the Board of Directors and the Nominating Committee. Mr. Carter and his immediate family members collectively own interests directly and indirectly through entities, which are royalty owners in the Company's Louisiana Delta Farms #1, Louisiana Delta Farms #2 and King Gas #1. Mr. Carter also serves as an executive officer, general partner or controlling shareholder of these entities (the "Black Stone Entities") and in some cases he and his family hold substantial interests in these entities. The Black Stone Entities acquired the royalty interests from a third party in June 2004. The Company estimates that, during 2005, (i) the Black Stone Entities collectively earned approximately \$213,063 from working interests in which the Company is a partial owner, (ii) approximately \$6,500 of the amount received from these working interests was attributable to the ownership of Mr. Carter and his immediate family, and (iii) Mr. Carter's family members received \$562 directly from these working interests. In addition, the Black Stone Entities own royalty interests in the undeveloped Lazarus and Twins Prospects, which the Company may develop in the future.

Employment Agreements

The Company has entered into employment agreements with each executive officer listed below. The following chart shows the annual base salaries that the executive officers listed therein are currently being paid by the Company.

Name and Current Position	Annual Salary
S. P. Johnson IV President and Chief Executive Officer	\$283,500
Paul F. Boling Chief Financial Officer, Vice President, Secretary and Treasurer	\$173,250
J. Bradley Fisher Vice President and Chief Operating Officer	\$226,800
Gregory E. Evans(1) Vice President of Exploration	\$175,000
Jack Bayless(2) Vice President of Land	\$175,000

(1) Mr. Evans' employment with the Company commenced in March 2005.

(2) Mr. Bayless' employment with the Company commenced in October 2005 and his employment agreement was entered into in January 2006.

Each of the employment agreements of Mr. Johnson and Mr. Fisher has an initial three-year term; provided that at the end of the second year of such initial term and on every day thereafter, the term of each such employment agreement will automatically be extended for one day, such that the remaining term of the agreement shall never be less than one year. The employment agreements for Mr. Boling, Mr. Bayless and Mr. Evans have an initial one year term; provided that at the date of the agreement and on every day thereafter, the term of such employment agreement is automatically extended for one day, such that the remaining term of the agreement shall never be less than one year. Under each agreement, both the Company and the employee may terminate the employee's employment at any time. Upon termination of employment on account of disability or if employment is terminated by the Company for any reason (except under certain limited circumstances defined as "for cause" in the agreement), or if employment is terminated either (x) for any reason (including by reason of death) during a sixty day period following the elapse of one year after such a change of control ("window period") or (y) by the employee with good reason (as defined), under the agreements the employee will generally be entitled to (i) an immediate lump sum cash payment equal to 150% for Messrs. Johnson and Fisher and 100% in the case of Mr. Boling, Mr. Bayless and Mr. Evans (375% for Mr. Johnson and 275% for Mr. Fisher, if termination occurs after or in anticipation of a change of control) of his annual base salary that would have been payable for the remainder of the term of the applicable agreement discounted at 6%, (ii) continued participation in all the Company's welfare benefit plans and continued life insurance and medical benefits coverage, (iii) a pro-rated bonus for the year of termination and (iv) the immediate vesting of any stock options or restricted stock previously granted to such employee and outstanding as of the time immediately prior to the date of his termination, an extension of the period of exercisability of any such awards until the earlier of (A) one year following his date of termination or (B) the date such awards would have lapsed had the employee remained employed for the remaining term, or, in the case of Mr. Johnson, a cash payment in lieu of each outstanding compensatory equity award. If the termination is after or in anticipation of a change of control, the assumed remaining employment period for Mr. Boling, Mr. Bayless and Mr. Evans for purposes of calculating the lump sum described above in subparagraph (i) shall be 18 months. If employment terminates due to death of the employee and other than in a window period, the Company will pay a sum equal to the amount of the employee's annual base salary for the remaining term of the agreement, reduced by the amount payable under any life insurance policies to the extent that such amounts are attributable to premiums paid by the Company, a prorated annual bonus for the year of death, continued welfare benefits for the employee's dependents for one year following death and immediate vesting and extension of exercisability of equity awards as described above. The salaries in each of these agreements are subject to periodic review and provide for increases consistent with increases in base salary generally awarded to other executives of the Company. Each agreement entitles the employee to participate in all of the Company's incentive, savings, retirement and welfare benefit plans in which other executive officers of the Company participate. The agreements each provide for an annual bonus in an amount comparable to the annual bonus of other Company executives, taking into account the individual's position and responsibilities. In the event of a dispute regarding the employee's rights upon termination of employment, (a) the parties are required to submit the dispute to arbitration; (b) the Company is only required to pay the employee's attorneys fees pending a dispute if the termination occurred within two years after a change in control (as defined in the agreement) or, in the case of a termination before a change in control, if the termination was not initiated by the employee (with or without good reason); and (c) the Company is only required to pay the employee severance pending resolution of a dispute in the case of a termination within two years after a change in control. The agreements also provide that the employees will be entitled to a gross-up payment to offset the effect of any excise tax imposed under Section 4999 of the Code in connection with payments contingent on a change of control. Upon a voluntary termination of employment, the employees have agreed to be subject to one-year noncompetition and one-year nonsolicitation covenants.

Mr. Trahan was a party to an employment agreement with terms substantially similar to those for Mr. Johnson and Mr. Fisher. Mr. Trahan has contended that he terminated his employment in 2005 for “good reason” under his employment agreement and was therefore entitled to additional compensation. The Company disputes his contention. As consideration for certain amendments to their employment agreements in January 2006, which amendments are reflected in the descriptions of the employment agreements above, Mr. Fisher, Mr. Evans, Mr. Boling and Mr. Bayless received awards of 35,000, 25,000, 25,000 and 15,000 shares of restricted stock, respectively. The restricted stock granted to Messrs. Boling, Fisher and Evans vests in full on the date 30 months following the grant

date, and the restricted stock granted to Mr. Bayless vests in three equal annual installments beginning on October 15, 2006 (the first anniversary of his employment commencement date), in each case subject to forfeiture upon earlier departure from the Company.

Compensation Committee Report on Executive Compensation

The Company's executive compensation programs are designed to attract and retain highly qualified executives and to motivate them to maximize shareholder returns. The Company's executive compensation program is intended to provide competitive compensation levels and incentive pay levels that vary based on corporate and individual performance.

There are three basic components to the Company's current compensation system: base pay; annual incentive compensation in the form of a cash bonus; and long-term equity-based incentive compensation. Each component is addressed in the context of individual and Company performance and competitive conditions. In determining competitive compensation levels, the Company analyzes data that includes information regarding the general oil and natural gas exploration and production industry.

Actual individual awards and changes in remuneration to the individual executives are recommended by the Compensation Committee but approved by the Board of Directors. The Chief Executive Officer works with the Compensation Committee in the

design of the plans and makes recommendations to the Committee regarding the salaries and bonuses of Company employees that report directly to him. Grants or awards of stock, including stock options, are individually determined and administered by the Compensation Committee.

Base Pay. Base pay is designed to be competitive with salary levels for comparable executive positions at other oil and natural gas exploration and production companies and the Compensation Committee reviews such comparable salary information as one factor to be considered in determining the base pay for the Company's executive officers. Other factors the Compensation Committee considers in determining base pay for each of the executive officers are that officer's responsibilities, experience, leadership, potential future contribution, and demonstrated individual performance. The types and relative importance of specific financial and other business objectives vary among the Company's executives depending on their positions and the particular operations and functions for which they are responsible. The Compensation Committee also considers the Company's earnings levels and progress in implementing its business strategy in establishing base salary increases for executives. The employment contracts of the executive officers provide that base pay is to be reviewed at least annually and will be increased at any time and from time to time, and that any increase will be substantially consistent with increases in base salary generally awarded in the ordinary course of business to executives of the Company. In the past, the Company has taken into account positive financial results and drilling success in determining base salaries. Additionally, the Company has engaged an independent compensation consultant to review the Company's current compensation levels for all employees, including executives. Changes in compensation levels, including base pay for executives, are expected to be made effective in the second quarter of 2006 after the Compensation Committee receives and considers the independent consultant's compensation report.

Annual Bonus. The annual bonus is determined by the Compensation Committee. The employment agreements with the executive officers contemplate annual bonus awards in an amount comparable to the annual bonus of other Company executives, taking into account the individual's position and responsibilities. As a result of the Company's positive financial results and continued drilling success in 2005, each of Messrs. Johnson, Boling, Bayless, Fisher and Evans was awarded a bonus equal to 75%, 50%, 17%, 77% and 50%, respectively, of their annual base pay. Additionally, Mr. Boling received a \$25,000 bonus for his work on the Company's July 2005 refinancing project.

Special Cash Bonus in lieu of Stock Options. Due to the low number of shares of Common Stock available for issuance under the Incentive Plan, in the first quarter of 2004, the Compensation Committee recommended and the Board of Directors approved the award of a special cash bonus in lieu of stock options to a number of key employees, including the Company's executive officers. Subsequently, because of the availability of additional shares under the Incentive Plan, the Board of Directors gave these employees the option to receive stock options in lieu of a portion of the cash bonus. The special bonuses were paid to each recipient over three equal installments on April 15, 2004, August 31, 2004 and February 28, 2005. Mr. Fisher did not elect to receive any stock options and received a total cash bonus of \$45,000. Mr. Johnson elected to receive stock options in lieu of a portion of his cash bonus and therefore he received \$25,000 and options to purchase 16,668 shares of Common Stock.

Long-Term Equity-Based Compensation. In the past, the Company has relied upon stock option awards to provide long-term incentives for executives, although most recently the Compensation Committee has begun to rely upon restricted stock. Prior to the Company's IPO, the shareholders and the Board of Directors of the Company approved the Company's Incentive Plan. The objectives of the Incentive Plan are to (i) attract and retain the services of key employees, qualified independent directors and qualified consultants and other independent contractors and (ii) encourage a sense of proprietorship in and stimulate the active interest of those persons in the development and financial success of the Company by making awards designed to provide participants in the Incentive Plan with proprietary interest in the growth and performance of the Company. Long-term equity-based compensation is tied to shareholder return.

Under the Company's Incentive Plan, long-term incentive compensation includes stock options, which generally have a ten-year term and vest on a schedule determined by the Compensation Committee or the Board of Directors. The exercise price of stock options granted is equal to or greater than the fair market value of the Common Stock on the date of grant; accordingly, executives receiving stock options are rewarded only if the market price of the Common Stock appreciates. Stock options are thus designed to align the interests of the Company's executives with those of its shareholders by encouraging executives to enhance the value of the Company and, hence, the price of the Common Stock and each shareholder's return. On March 2, 2005, the Compensation Committee granted options to purchase 20,000 shares of Common Stock to Mr. Evans at an exercise price per share of \$14.90. These options have a ten-year term and vest in three annual installments beginning on the first anniversary of the grant date.

Particularly given the significant increase in the Company's stock price in the past few years, the Compensation Committee believes that the use of restricted stock may be a preferable tool to incentivize executive officers. On January 23, 2006, the Compensation Committee granted 25,000, 35,000, 25,000 and 15,000 shares of restricted stock to Messrs. Boling, Fisher, Evans and Bayless, respectively. The restricted stock granted to Messrs. Boling, Fisher and Evans vests in full on the date 30 months following the grant date, and the restricted stock granted to Mr. Bayless for his initial employment incentive award vests in three equal annual installments beginning on October 15, 2006 (the first anniversary of his employment commencement date), in each case subject to

forfeiture upon earlier departure from the Company. The grants to Messrs. Boling, Fisher and Evans were made in exchange for the amendments to the executives' employment agreements in January 2006. The Compensation Committee retains the flexibility to grant either restricted stock or stock options in the future, depending on various factors, including the price of the Common Stock.

The Company may periodically grant new awards to provide continuing incentive for future performance. In making the decision to grant additional awards, the Compensation Committee would expect to consider factors such as the size of previous grants and the number of awards held. In determining whether to grant executive officers awards under the Plan, the Compensation Committee considers factors, including that executive's current ownership stake in the Company, the degree to which increasing that ownership stake would provide the executive with additional incentives for future performance, the likelihood that the grant of those awards would encourage the executive to remain with the Company and the value of the executive's service to the Company.

Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits (to \$1 million per covered executive) the deductibility for federal income tax purposes of annual compensation paid to a company's chief executive officer and each of its other four most highly compensated executive officers. The Compensation Committee and the Board of Directors will take deductibility or nondeductibility of compensation into account but have in the past authorized, and will retain the discretion in the future to authorize, the payment of potentially nondeductible amounts.

Compensation of the Chief Executive Officer. The Compensation Committee based the compensation of the Company's Chief Executive Officer, Mr. Johnson, on the same considerations described above for other executive officers. As a result of the Company's positive financial results and continued drilling success, in April 2006, the Company awarded Mr. Johnson a bonus of \$212,625. Mr. Johnson's base salary may be changed after the Compensation Committee receives and considers the report of the independent compensation consultant.

Executive compensation is an evolving field. The Compensation Committee monitors trends in this area, as well as changes in law, regulation and accounting practices, that may affect either its compensation practices or its philosophy. Accordingly, the Committee reserves the right to alter its approach in response to changing conditions.

PROPOSAL 2**PROPOSAL TO AMEND INCENTIVE PLAN**

At the time of its initial public offering, the Company adopted the Incentive Plan. The objectives of the Incentive Plan are to:

- attract and retain the services of key employees, qualified directors and qualified consultants and other independent contractors; and
- encourage the sense of proprietorship in and stimulate the active interest of those persons in the development and financial success of the Company by making awards (“Awards”) designed to provide participants in the Incentive Plan with proprietary interest in the growth and performance of the Company.

The Company currently has reserved 2,350,000 shares of Common Stock for use in connection with the Incentive Plan. Persons eligible for Awards are (i) employees holding positions of responsibility with the Company and whose performance can have a significant effect on the success of the Company, (ii) nonemployee directors and (iii) certain nonemployee consultants and other independent contractors.

As of April 21, 2006, 1,897,171 options (excluding awards that have been forfeited or otherwise again become available under the Incentive Plan) and 222,285 shares of restricted stock had been granted under the Incentive Plan to 99 current and former employees and directors of the Company. As of April 21, 2006, there were 230,544 shares

available for issuance under the Incentive Plan. If the shareholders vote in favor of the proposal set forth herein, an additional 450,000 shares of Common Stock will be available for issuance under the Plan. The proposed increase in the number of authorized shares available under the Plan is equal to approximately 1.8% of the currently outstanding Common Stock. Shares of Common Stock that are the subject of awards under the Incentive Plan that are forfeited or terminated, expire unexercised, are settled in cash in lieu of Common Stock or in a manner such that all or some of the shares covered by an award are not issued or are exchanged for awards that do not involve Common Stock, will not count against this limit and may be regranted under the Incentive Plan.

The Company is not proposing any amendment to the terms of the Incentive Plan with respect to the approval of material terms of the performance-based goals under the Incentive Plan. However, Section 162(m) of the Code denies an employer a tax deduction for certain compensation in excess of \$1 million paid to “covered employees” of a publicly held corporation unless the compensation is qualified performance-based compensation. The Section 162(m) regulations generally require that shareholders approve the material terms of the performance awards. As more fully discussed below, the performance measures which the Company may use as a basis for performance-based awards are: increased revenue, net income, stock price, market share, earnings per share, return on equity or assets or decrease in costs. As part of this proposal, shareholders are being asked to approve the use of these performance goals for performance awards under the Plan so as to allow the Company to structure awards as qualified performance-based compensation exempt from the \$1 million annual limit on deductible compensation.

Summary of Incentive Plan

The Compensation Committee administers the Incentive Plan with respect to Awards to non-employee directors, employees and independent contractors and has broad power to take actions thereunder, to interpret the Incentive Plan and to adopt rules, regulations and guidelines for carrying out its purposes. The Compensation Committee may, in its discretion, among other things, extend or accelerate the exercisability of, accelerate the vesting of or eliminate or make less restrictive any restrictions contained in any Award, waive any restrictions or other provision of the Incentive Plan or in any Award or otherwise amend or modify any Award in any manner that is either (i) not adverse to that participant holding the Award or (ii) consented to by that participant. The Compensation Committee also may delegate to the chief executive officer and other senior officers of the Company its duties under the Incentive Plan. In February 2005, the Compensation Committee delegated authority to the Chief Executive Officer to designate certain eligible participants, including executive officers and directors, to receive options under the Plan and to determine the number of options to be issued to each such designee, subject to certain limitations. Any repricing of stock options granted under the Incentive Plan will require shareholder approval.

The Board of Directors may amend, modify, suspend or terminate the Incentive Plan for the purpose of addressing any changes in legal requirements or for any other lawful purpose, except that (i) no amendment or alteration that would adversely affect the rights of any participant under any Award previously granted to such participant shall be made without the consent of such participant and (ii) no amendment or alteration shall be effective prior to its approval by the shareholders of the Company to the extent such approval is then required pursuant to Rule 16b-3 in order to preserve the applicability of any exemption provided by such rule to any Award then outstanding (unless the holder of such Award consents) or to the extent shareholder approval is otherwise required by applicable legal requirements. The Board of Directors may make certain adjustments in the event of any subdivision, split or consolidation of outstanding shares of Common Stock, any declaration of a stock dividend payable in shares of Common Stock, any recapitalization or capital reorganization of the Company, any consolidation or merger of the Company with another corporation or entity, any adoption by the Company of any plan of exchange affecting the Common Stock or any distribution to holders of Common Stock of securities or property (other than normal cash dividends).

Awards to employees and independent contractors may be in the form of (i) rights to purchase a specified number of shares of Common Stock at a specified price not less than that of the fair market value on the date of grant (“Options”), (ii) rights to receive a payment, in cash or Common Stock, equal to the fair market value or other specified value of a number of shares of Common Stock on the rights exercise date over a specified strike price, (iii) grants of restricted or unrestricted Common Stock units denominated in Common Stock, (iv) grants denominated in cash and (v) grants denominated in cash, Common Stock, units denominated in Common Stock or any other property which are made subject to the attainment of one or more performance goals (“Performance Awards”). Subject to certain limitations, the Compensation Committee has the authority to determine the other terms, conditions and limitations of Awards under the Incentive Plan. An Option may be either an incentive stock option (“ISO”) that qualifies, or a nonqualified stock option (“NSO”) that does not qualify, with the requirements of Sections 422 of the Code; provided that independent contractors cannot be awarded ISOs. The Compensation Committee will determine the employees and independent contractors to receive Awards and the terms, conditions and limitations applicable to each such Award, which conditions may, but need not, include continuous service with the Company, achievement of specific business objectives, attainment of specified growth rates, increases in specified indices or other comparable measures of performance.

Section 162(m) of the Code generally limits the deductibility for federal income tax purposes of annual compensation paid to a company’s executive officers to \$1 million per covered executive in a taxable year. The Compensation Committee and the Board of Directors may take deductibility and nondeductibility of compensation into account but have in the past authorized, and retain in the future the discretion to authorize, the payment of potentially nondeductible amounts.

To preserve the Company's ability to deduct the compensation associated with grants and awards made under the Incentive Plan, the plan provides that grants or awards in the form of Options or stock appreciation rights made to an individual employee in any calendar year cannot cover an aggregate of more than 250,000 shares of Common Stock, and the aggregate amount of shares of Common Stock or stock units that may be the subject of Stock Awards in any calendar year may not exceed 50,000 shares. In addition, the maximum cash or other award (other than Options, SARs or stock awards) in respect of any one year period may not exceed \$500,000.

The Incentive Plan permits, but does not require, the Compensation Committee to structure any Performance Award made to a named executive officer as performance-based compensation. The particular performance-based objectives that may be imposed in connection with a Performance Award that qualifies as performance-based compensation under Code Section 162(m) are:

- increased revenue;
- net income;
- changes in stock price;
- market share;
- earnings per share;
- return on equity or assets; or
- decrease in costs.

Performance Awards may include more than one performance goal, and a performance goal may be based on one or more business criteria applicable to the grantee, the Company as a whole or one or more of the Company's business units.

On the date of his or her first appointment or election to the Board of Directors and on or after each annual award date, a nonemployee director may be granted one or more discretionary Awards of NSOs or shares of restricted stock that are determined by the Compensation Committee or the Board of Directors and the specific terms of the Awards, including the vesting schedule, are at the discretion of the Compensation Committee or the Board of Directors. Each NSO granted to nonemployee directors (i) has a ten-year term and (ii) has an exercise price per share equal to the fair market value of a Common Stock share on the date of grant, unless otherwise provided in the Award. The NSOs automatically vest upon certain change in control events and upon a nonemployee director's death. If a nonemployee director resigns from the Board without the consent of a majority of the other directors, such director's NSOs may be exercised only to the extent that they were exercisable on the resignation date.

The Incentive Plan also currently provides for discretionary Awards of stock options and/or shares of restricted stock to the Chairmen of the Audit, Compensation and Nominating Committees and non-chairman members of the Audit, Compensation and Nominating Committees who are deemed "independent" for purposes of Nasdaq rules.

The Compensation Committee and the Board of Directors has flexibility in establishing the specific terms of Awards of stock options and restricted stock granted, including without limitation the vesting schedules for those Awards and the dates the Awards may be granted. Awards of restricted stock granted to executive officers in 2005 vest in three equal annual installments beginning on the first anniversary of the date of grant. Awards of restricted stock granted to directors in 2005 vest in full on the first anniversary of the date of grant or earlier upon a change in control of the Company or the director's death. Options granted to executive officers in 2005 become exercisable in three equal annual increments beginning on the first anniversary of the date of grant.

As of April 25, 2006, the last reported sales price of Common Stock on the Nasdaq National Market was \$30.77.

New Plan Benefits

The allocation of some of the proposed new shares available for issuance under the Incentive Plan is not currently determinable as such allocation depends on future decisions to be made by the Compensation Committee or the Board of Directors in their sole discretion, subject to applicable provisions of the Incentive Plan. The Company expects to award (1) each nonemployee director 1,000 shares of restricted stock; (2) each member of the Audit and Compensation Committees 1,500 and 1,000 additional shares of restricted stock, respectively; and (3) the chairmen of the Audit, Compensation and Nominating Committees 2,500, 1,500 and 1,500 additional shares of restricted stock,

respectively. Since Mr. Webster, the current chairman of the Nominating Committee, is not considered an independent director, he will not receive the award of 1,500 shares of restricted stock that the chairman of the Nominating Committee would otherwise receive. Because future Awards are in the discretion of the Board and Compensation Committee, the number of shares subject to future Awards could increase or decrease and the type and terms of future Awards could change as well, all without the need for future shareholder approval.

Federal Income Tax Consequences

The following is a summary of the general rules of present federal income tax law relating to the tax treatment of stock awards, ISOs and NSOs issued under the Incentive Plan. The discussion is general in nature and does not take into account a number of considerations which may apply in light of the particular circumstances of a participant under the Incentive Plan, including those described under “Deductibility; Excise Taxes.”

Stock Awards and Related Tax Payments

Under the Code, federal income tax consequences with respect to a stock award depend on the facts and circumstances of each stock award and, in particular, the nature of the restrictions imposed with respect to the shares which are the subject of the stock award. In general, if shares which are the subject of the stock award are actually issued to a participant, but are subject to a “substantial risk of forfeiture” (for example, if rights to ownership of the shares are conditioned upon the future performance of substantial services by the participant), a taxable event generally occurs only when the risk of forfeiture lapses. At such time as the substantial risk of forfeiture lapses, the participant will realize ordinary income to the extent of the excess of the fair market value of the shares on the date the risk of forfeiture lapses over the participant’s cost for such shares (if any), and the same amount is then deductible by the Company as compensation expense. If the restrictions with respect to the shares that are the subject of such stock award, by their nature, do not subject the key employee to a “substantial risk of forfeiture” of the shares, then the participant will realize ordinary income with respect to the shares to the extent of the excess at the time of the grant of the fair market value of the shares over the participant’s cost; and the same amount is then deductible by the Company. If no shares are actually issued to the participant at the time the stock award is granted, the participant will generally realize ordinary income at the time the participant receives shares free of any substantial risk of forfeiture, and the amount of such income will be equal to the fair market value of the shares at such time over the participant’s cost, if any; and the same amount is then deductible by the Company. The Company’s deductions for compensation paid under the Incentive Plan are in all cases subject to certain applicable tax law limitations.

Options

Some of the options issuable under the Incentive Plan may constitute ISOs within the meaning of Section 422 of the Code, while other options granted under the Incentive Plan may be NSOs. Grants to nonemployee directors are NSOs. The Code provides for tax treatment of stock options qualifying as ISOs that may be more favorable to participants than the tax treatment accorded NSOs. Generally, upon the exercise of an ISO, the optionee will recognize no income for federal income tax purposes. The difference between the exercise price of the ISO and the fair market value of the stock at the time of exercise is an addition to income in determining alternative minimum taxable income and such amount may be sufficient in amount to subject the optionee to the alternative minimum tax. On the sale of shares acquired by exercise of an ISO (assuming that the sale does not occur within two years of the date of grant of the option or within one year from the date of exercise), any gain will be taxed to the optionee as long-term capital gain. In contrast, upon the exercise of an NSO, the optionee recognizes taxable income (subject to withholding) in an amount equal to the difference between the then-fair market value of the shares on the date of exercise and the exercise price. Upon any sale of such shares by the optionee, any difference between the sale price and the fair market value of the shares on the date of exercise of the NSO will be treated generally as capital gain or loss. No deduction is available to the Company upon the grant or exercise of an ISO (although a deduction may be available if the participant disposes of the shares so purchased before the applicable holding periods expire), whereas, subject to the limitations discussed below, upon exercise of an NSO, the Company is entitled to a deduction in an amount equal to the income recognized by the participant. Except with respect to death or disability, an optionee has three months after termination of employment in which to exercise an ISO and retain favorable tax treatment at exercise.

Deductibility; Excise Taxes

In general, a federal income tax deduction is allowed to the Company in an amount equal to the ordinary income recognized by a participant with respect to awards under the Incentive Plan, provided that such amount constitutes an ordinary and necessary business expense of the Company, that such amount is reasonable and that the Company satisfies any withholding obligation with respect to such income. As discussed above, Section 162(m) of the Code may limit the company's ability to deduct compensation in excess of \$1 million to any named executive officer, unless the excess amounts can meet the requirements for qualified performance-based compensation.

Change in Control. The acceleration of the exercisability or the vesting of a grant or award upon the occurrence of a change in control may result in an "excess parachute payment" within the meaning of Code Section 280G. A "parachute payment" occurs when an employee receives payments contingent upon a change in control that exceed an amount equal to three times his or her "base

amount.” The term “base amount” generally means the average annual compensation paid to such employee during the five-year period preceding the change in control. An “excess parachute payment” is the excess of all parachute payments made to the employee on account of a change in control over the employee’s base amount. If any amount received by an employee is characterized as an excess parachute payment, the employee is subject to a 20% excise tax on the amount of the excess, and the company is denied a deduction with respect to such excess.

Code Section 409A. Code Section 409A imposes new constraints on nonqualified deferred compensation, and some awards under the Incentive Plan may be subject to these new rules. Failure to comply with the new rules under Section 409A may result in the early taxation of deferred compensation and the imposition of a 20% penalty. The new Section 409A is effective with respect to amounts deferred after December 31, 2004, but may also apply to amounts deferred earlier under arrangements with are materially modified after October 3, 2004. Nothing in the proposed amendment to the Incentive Plan is intended to enlarge or modify those awards granted under the plan prior to December 31, 2004. In IRS Notice 2005-1 and in proposed regulations issued in September 2005, the IRS and Treasury Department have provided interim guidance on transition issues and the meaning of various provisions of new Section 409A and is expected to provide additional guidance later in calendar year 2006. We intend to design awards granted under the Incentive Plan in a manner that will satisfy the requirements of the new Section 409A to avoid the imposition of excise tax thereunder, but anticipate that we may be required to amend the Incentive Plan (and potentially outstanding award agreements) before December 31, 2006, to make changes necessary to comply with future guidance.

Copies of the Amended and Restated Incentive Plan, the First, Second, Third, Fourth, Fifth and Sixth Amendments to the Incentive Plan, and the proposed Seventh Amendment to the Incentive Plan are attached as Appendix A.

Board Recommendation

The Board believes that the amendment of the Incentive Plan and the approval of the performance measures for use in performance-based awards for purposes of Section 162(m) of the Code is in the best interest of the Company and its shareholders. **The Board therefore recommends a vote for approval of the amendment, and it is intended that the proxies not marked to the contrary will be so voted.** Since the amendment will increase the number of shares available for issuance under the Incentive Plan to all directors and executive officers of the Company, each of the directors and executive officers of the Company has an interest and may benefit from the adoption of the amendment. Approval of the amendment to the Incentive Plan and the approval of the performance measures for use in performance-based awards for purposes of Section 162(m) of the Code will require the affirmative vote of a majority of the shares of Common Stock cast and voted for or against or expressly abstained with respect to the consideration of the amendment. Accordingly, abstentions will have the effect of a vote against the proposal and broker nonvotes will not be included in the tabulation of votes cast on this matter.

PROPOSAL 3

APPOINTMENT OF PANNELL KERR FORSTER OF TEXAS, P.C. AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has appointed, and recommends the approval of the appointment of, Pannell Kerr Forster of Texas, P.C. as independent registered public accounting firm for the fiscal year ending December 31, 2006. PKF served as the Company’s independent public registered accounting firm for the fiscal year ended December 31, 2005. Representatives of PKF are expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

Unless shareholders specify otherwise in the proxy, proxies solicited by the Board of Directors will be voted by the persons named in the proxy at the Annual Meeting to ratify the selection of PKF as the Company’s independent

registered public accounting firm for 2006. The affirmative vote of a majority of the votes cast at the Annual Meeting will be required for ratification. Although the appointment of an independent registered public accounting firm is not required to be submitted to a vote of shareholders, the Board of Directors recommended that the appointment be submitted to our shareholders for approval. If our shareholders do not approve the appointment of PKF, the Board of Directors will consider the appointment of another independent registered public accounting firm.

On August 25, 2004, Ernst & Young LLP advised the Company by letter that it had resigned from serving as the independent registered public accounting firm of the Company. Neither the Audit Committee nor the Board of Directors of the Company recommended or approved Ernst & Young's resignation.

As noted in the Company's Current Report on Form 8-K filed on August 31, 2004, Ernst & Young's audit reports on the Company's consolidated financial statements as of and for the years ended December 31, 2003 and 2002 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except as follows:

(i) Ernst & Young's audit report on the consolidated financial statements of the Company for the year ended December 31, 2003 contained two separate paragraphs stating, respectively, that "As described in Note 2, the Company revised the reported amount of the after-tax write-down that would have been taken as of December 31, 2001 using prices in effect at that date. We audited the adjustments described in Note 2 that were applied to revise the reported amount of the full cost ceiling test write-down had the Company not utilized the improvements in pricing subsequent to December 31, 2001 and/or the addition of proved oil and natural gas reserves on existing properties subsequent to the end of the period but prior to issuance of financial statements. Our procedures included (a) agreeing the revised tax basis in the full cost ceiling test computation to the Company's underlying records obtained from management, and (b) testing the mathematical accuracy of the revisions to the full cost ceiling computation. In our opinion such adjustments are appropriate and have been properly applied. However, we were not engaged to audit, review, or apply any procedures to the 2001 consolidated financial statements of the Company other than with respect to such adjustments and accordingly, we do not express an opinion or any other form of assurance on the 2001 consolidated financial statements taken as a whole," and "As discussed in Note 2 to the consolidated financial statements, effective January 1, 2003, the Company changed its method of accounting for asset retirement obligations"; and

(ii) Ernst & Young's audit report on the consolidated financial statements of the Company for the year ended December 31, 2002 contained a separate paragraph stating that "As discussed above, the consolidated financial statements of the Company as of December 31, 2001 and for the two years then ended were audited by other auditors who have ceased operations. As described in Note 5, the Company revised the reported amounts of certain temporary differences at December 31, 2001. We audited the adjustments described in Note 5 that were applied to revise the reported amounts of temporary differences in the 2001 consolidated financial statements. Our procedures included (a) agreeing the revised temporary differences to the Company's underlying records obtained from management, and (b) testing the mathematical accuracy of the revisions to the temporary differences. In our opinion, such adjustments are appropriate and have been properly applied. However, we were not engaged to audit, review, or apply any procedures to the 2001 consolidated financial statements of the Company other than with respect to such adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2001 consolidated financial statements taken as a whole."

During the Company's last two fiscal years and for the period from January 1, 2004 to August 31, 2004, there were no disagreements between the Company and Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young, would have caused them to make reference to the subject matter of the disagreements in connection with their reports.

None of the "reportable events" described in item 304(a)(1)(v) of Regulations S-K under the Securities Act of 1933, as amended, occurred with respect to the Company within the last two fiscal years or for the period from January 1, 2004 to August 31, 2004.

On September 17, 2004, the Company retained the services of PKF as its new independent registered public accounting firm. The Audit Committee approved PKF's engagement.

During the fiscal years ended December 31, 2002 and December 31, 2003 and the period from January 1, 2004 to September 17, 2004, neither the Company nor someone on its behalf consulted with PKF regarding any of the matters or events set forth in Item 304(a)(2)(i) or (ii) of Regulation S-K.

Independent Registered Public Accounting Firm’s Fees

PKF billed the Company as set forth in the table below for professional services rendered for the audit of the Company’s annual financial statements for the years ended December 31, 2004 and 2005 and for the review of the Company’s quarterly financial statements included in the Company’s Quarterly Report on Form 10-Q for the quarters ended September 20, 2004, March 31, 2005, June 30, 2005 and September 30, 2005 and for work on other SEC filings. PKF did not provide any non-audit services for the Company during 2004 or 2005. All amounts billed by PKF in 2004 were for work performed subsequent to its engagement on September 23, 2004 and are reflected in the “Fiscal 2004” column below.

Audit Committee Preapproval Policy

The Audit Committee has adopted a policy that all audit, review or attest engagements and permissible non-audit services, including the fees and terms thereof, to be performed by the independent registered public accounting firm, (subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 and the applicable rules and regulation of the SEC) will be subject to specific pre-approval of the Audit Committee. No non-audit services were performed by PKF pursuant to the *de minimis* exception in 2005.

The Board of Directors recommends that shareholders vote FOR the ratification of the appointment of PKF as independent registered public accounting firm for the Company for 2006.

ADDITIONAL INFORMATION

Other Business

As of the date of this proxy statement, the Board of Directors is not informed of any other matters, other than those above, that may be brought before the meeting. The persons named in the enclosed form of proxy or their substitutes will vote with respect to any such matters in accordance with their best judgment.

Shareholder Proposals For Next Annual Meeting

Rule 14a-8 under the Securities Exchange Act of 1934, as amended, addresses when a company must include a shareholder's proposal in its proxy statement and identify the proposal in its form of proxy when the company holds an annual or special meeting of shareholders. Under Rule 14a-8, proposals that shareholders intend to have included in the Company's proxy statement and form of proxy for the 2007 Annual Meeting of Shareholders must be received by the Company no later than January 2, 2007. However, if the date of the 2007 Annual Meeting of Shareholders changes by more than 30 days from the date of the 2006 Annual Meeting of Shareholders, the deadline is a reasonable time before the Company begins to print and mail its proxy materials, which deadline will be set forth in a Quarterly Report on Form 10-Q or will otherwise be communicated to shareholders. Shareholder proposals must also be otherwise eligible for inclusion.

If a shareholder desires to bring a matter before an annual or special meeting and the proposal is submitted outside the process of Rule 14a-8, the shareholder must follow the procedures set forth in the Company's Bylaws. The Company's Bylaws provide generally that shareholders who wish to nominate directors or to bring business before a shareholders' meeting must notify the Company and provide certain pertinent information at least 80 days before the meeting date (or within ten days after public announcement pursuant to the Bylaws of the meeting date, if the meeting date has not been publicly announced more than 90 days in advance). If the date of the 2007 Annual Meeting of Shareholders is the same as the date of the 2006 Annual Meeting of Shareholders, shareholders who wish to nominate directors or to bring business before the 2007 Annual Meeting of Shareholders must notify the Company no later than March 4, 2007.

A copy of the Company's Bylaws setting forth the requirements for the nomination of director candidates by stockholders and the requirements for proposals by stockholders may be obtained from the Company's Secretary at the address indicated on the first page of this proxy statement. A nomination or proposal that does not comply with the above procedures will be disregarded. Compliance with the above procedures does not require the Company to include the proposed nominee or proposal in the Company's proxy solicitation material.

6. Administration.

(a) This Plan, as it applies to Participants who are Employees or Independent Contractors but not with respect to Participants who are Nonemployee Directors, shall be administered by the Committee. To the extent required in order for Employee Awards to be exempt from Section 16 of the Exchange Act by virtue of the provisions of Rule 16b-3, (i) the Committee shall consist of at least two members of the Board who meet the requirements of the definition of “non-employee director” set forth in Rule 16b-3(b)(3)(i) promulgated under the Exchange Act or (ii) Awards may be granted by, and the Plan may be administered by, the Board.

(b) Subject to the provisions hereof, insofar as this Plan relates to the Employee Awards or Independent Contractor Awards, the Committee shall have full and exclusive power and authority to administer this Plan and to take all actions that are specifically contemplated hereby or are necessary or appropriate in connection with the administration hereof. Insofar as this Plan relates to Employee Awards or Independent Contractor Awards, the Committee shall also have full and exclusive power to interpret this Plan and to adopt such rules, regulations and guidelines for carrying out this Plan as it may deem necessary or proper, all of which powers shall be exercised in the best interests of the Company and in keeping with the objectives of this Plan. The Committee may, in its discretion, provide for the extension of the exercisability of an Employee Award or Independent Contractor Award, accelerate the vesting or exercisability of an Employee Award or Independent Contractor Award, eliminate or make less restrictive any restrictions contained in an Employee Award or Independent Contractor Award, waive any restriction or other provision of this Plan (insofar as such provision relates to Employee Awards or to Independent Contractor Awards) or an Employee Award or Independent Contractor Award or otherwise amend or modify an Employee Award or Independent Contractor Award in any manner that is either (i) not adverse to the Participant to whom such Employee Award or Independent Contractor Award was granted or (ii) consented to by such Participant. The Committee may make an award to an individual who it expects to become an Employee of the Company or any of its Subsidiaries within the next six months, with such award being subject to the individual’s actually becoming an Employee within such time period, and subject to such other terms and conditions as may be established by the Committee. The Committee may correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Employee Award or Independent Contractor Award in the manner and to the extent the Committee deems necessary or desirable to further the Plan purposes. Any decision of the Committee in the interpretation and administration of this Plan shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned.

(c) No member of the Committee or officer of the Company to whom the Committee has delegated authority in accordance with the provisions of paragraph 7 of this Plan shall be liable for anything done or omitted to be done by him or her, by any member of the Committee or by any officer of the Company in connection with the performance of any duties under this Plan, except for his or her own willful misconduct or as expressly provided by statute.

7. Delegation of Authority. The Committee may delegate to the Chief Executive Officer and to other senior officers of the Company its duties under this Plan pursuant to such conditions or limitations as the Committee may establish, except that the Committee may not delegate to any person the authority to grant Awards to, or take other action with respect to, Participants who are subject to Section 16 of the Exchange Act.

8. Employee and Independent Contractor Awards.

(a) The Committee shall determine the type or types of Employee Awards to be made under this Plan and shall designate from time to time the Employees who are to be the recipients of such Awards. Each Employee Award may be embodied in an Employee Award Agreement, which shall contain such terms, conditions and limitations as shall be

determined by the Committee in its sole discretion and shall be signed by the Participant to whom the Employee Award is made and by an Authorized Officer for and on behalf of the Company. Employee Awards may consist of those listed in this paragraph 8(a) hereof and may be granted singly, in combination or in tandem. Employee Awards may also be made in combination or in tandem with, in replacement of, or as alternatives to, grants or rights under this Plan or any other employee plan of the Company or any of its Subsidiaries, including the plan of any acquired entity. An Employee Award may provide for the grant or issuance of additional, replacement or alternative Employee Awards upon the occurrence of specified events, including the exercise of the original Employee Award granted to a Participant. All or part of an Employee Award may be subject to conditions established by the Committee, which may include, but are not limited to, continuous service with the Company and its Subsidiaries, achievement of specific business objectives, increases in specified indices, attainment of specified growth rates and other comparable measurements of performance. Upon the termination of

employment by a Participant who is an Employee, any unexercised, deferred, unvested or unpaid Employee Awards shall be treated as set forth in the applicable Employee Award Agreement.

(i) *Stock Option.* An Employee Award may be in the form of an Option. An Option awarded pursuant to this Plan may consist of an Incentive Option or a Nonqualified Option. The price at which shares of Common Stock may be purchased upon the exercise of an Incentive Option shall be not less than the Fair Market Value of the Common Stock on the date of grant. The price at which shares of Common Stock may be purchased upon the exercise of a Nonqualified Option shall be not less than the Fair Market Value of the Common Stock on the date of grant. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Options awarded pursuant to this Plan, including the term of any Options and the date or dates upon which they become exercisable, shall be determined by the Committee.

(ii) *Stock Appreciation Right.* An Employee Award may be in the form of an SAR. The terms, conditions and limitations applicable to any SARs awarded pursuant to this Plan, including the term of any SARs and the date or dates upon which they become exercisable, shall be determined by the Committee.

(iii) *Stock Award.* An Employee Award may be in the form of a Stock Award. The terms, conditions and limitations applicable to any Stock Awards granted pursuant to this Plan shall be determined by the Committee.

(iv) *Cash Award.* An Employee Award may be in the form of a Cash Award. The terms, conditions and limitations applicable to any Cash Awards granted pursuant to this Plan shall be determined by the Committee.

(v) *Performance Award.* Without limiting the type or number of Employee Awards that may be made under the other provisions of this Plan, an Employee Award may be in the form of a Performance Award. A Performance Award shall be paid, vested or otherwise deliverable solely on account of the attainment of one or more pre-established, objective Performance Goals established by the Committee prior to the earlier to occur of (x) 90 days after the commencement of the period of service to which the Performance Goal relates and (y) the lapse of 25% of the period of service (as scheduled in good faith at the time the goal is established), and in any event while the outcome is substantially uncertain. A Performance Goal is objective if a third party having knowledge of the relevant facts could determine whether the goal is met. Such a Performance Goal may be based on one or more business criteria that apply to the individual, one or more business units of the Company, or the Company as a whole, and may include one or more of the following: increased revenue, net income, stock price, market share, earnings per share, return on equity, return on assets or decrease in costs. Unless otherwise stated, such a Performance Goal need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). In interpreting Plan provisions applicable to Performance Goals and Performance Awards, it is the intent of the Plan to conform with the standards of Section 162(m) of the Code and Treasury Regulation § 1.162-27(e)(2)(i), and the Committee in establishing such goals and interpreting the Plan shall be guided by such provisions. Prior to the payment of any compensation based on the achievement of Performance Goals, the Committee must certify in writing that applicable Performance Goals and any of the material terms thereof were, in fact, satisfied. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Performance Awards made pursuant to this Plan shall be determined by the Committee.

(b) Notwithstanding anything to the contrary contained in this Plan, the following limitations shall apply to any Employee Awards made hereunder:

(i) no Participant may be granted, during any one-year period, Employee Awards consisting of Options or SARs that are exercisable for more than 250,000 shares of Common Stock;

(ii) no Participant may be granted, during any one-year period, Stock Awards covering or relating to more than 50,000 shares of Common Stock (the limitation set forth in this clause (ii), together with the limitation set forth in clause (i) above, being hereinafter collectively referred to as the “Stock Based Awards Limitations”); and

(iii) no Participant may be granted Employee Awards consisting of cash or in any other form permitted under this Plan (other than Employee Awards consisting of Options or SARs or otherwise consisting of shares of Common Stock or units denominated in such shares) in respect of any one-year period having a value determined on the date of grant in excess of \$500,000.

(c) The Committee shall have the sole responsibility and authority to determine the type or types of Independent Contractor Awards to be made under this Plan and may make any such Awards as could be made to an Employee, other than Incentive Options.

9. *Director Awards.* Each Nonemployee Director of the Company shall be granted Director Awards in accordance with this paragraph 9 and subject to the applicable terms, conditions and limitations set forth in this Plan and the applicable Director Award Agreement. Notwithstanding anything to the contrary contained herein, Director Awards shall not be made in any year in which a sufficient number of shares of Common Stock are not available to make such Awards under this Plan.

(a) *Initial Director Options.* On the IPO Closing Date, each Nonemployee Director shall be automatically awarded a Director Option on 10,000 shares of Common Stock.

(b) *Other Director Options.* Effective upon the IPO Closing Date, on the date of his or her first appointment or election to the Board of Directors, a Nonemployee Director shall automatically be granted a Director Option that provides for the purchase of 10,000 shares of Common Stock. In addition, on each Annual Director Award Date, each Nonemployee Director shall automatically be granted a Director Option that provides for the purchase of 2,500 shares of Common Stock.

(c) *Terms.* Each Director Option shall have a term of ten years from the date of grant, notwithstanding any earlier termination of the status of the holder as a Nonemployee Director. The purchase price of each share of Common Stock subject to a Director Option shall be equal to the Fair Market Value of the Common Stock on the date of grant. All Director Options shall vest and become exercisable in increments of one-third of the total number of shares of Common Stock that are subject thereto (rounded up to the nearest whole number) on the first and second anniversaries of the date of grant and of all remaining shares of Common Stock that are subject thereto on the third anniversary of the date of grant. All unvested Director Options shall be forfeited if the Nonemployee Director resigns as a Director without the consent of a majority of the other Directors.

(d) *Agreements.* Any Award of Director Options shall be embodied in a Director Award Agreement, which shall contain the terms, conditions and limitations set forth above and shall be signed by the Participant to whom the Director Options are granted and by an Authorized Officer for and on behalf of the Company.

10. *Payment of Awards.*

(a) *General.* Payment of Employee Awards or Independent Contractor Awards may be made in the form of cash or Common Stock, or a combination thereof, and may include such restrictions as the Committee shall determine, including, in the case of Common Stock, restrictions on transfer and forfeiture provisions. If payment of an Employee Award or Independent Contractor Award is made in the form of Restricted Stock, the applicable Award Agreement relating to such shares shall specify whether they are to be issued at the beginning or end of the Restriction Period. In the event that shares of Restricted Stock are to be issued at the beginning of the Restriction Period, the certificates evidencing such shares (to the extent that such shares are so evidenced) shall contain appropriate legends and restrictions that describe the terms and conditions of the restrictions applicable thereto. In the event that shares of Restricted Stock are to be issued at the end of the Restriction Period, the right to receive such shares shall be evidenced by book entry registration or in such other manner as the Committee may determine.

(b) *Deferral.* With the approval of the Committee, amounts payable in respect of Employee Awards or Independent Contractor Awards may be deferred and paid either in the form of installments or as a lump-sum payment. The Committee may permit selected Participants to elect to defer payments of some or all types of Employee Awards or Independent Contractor Awards in accordance with procedures established by the Committee. Any deferred payment of an Employee Award or Independent Contractor Award, whether elected by the Participant or specified by the

Award Agreement or by the Committee, may be forfeited if and to the extent that the Award Agreement so provides.

(c) *Dividends and Interest.* Rights to dividends or Dividend Equivalents may be extended to and made part of any Employee Award or Independent Contractor Award consisting of shares of Common Stock or units denominated in shares of Common Stock, subject to such terms, conditions and restrictions as the Committee may establish. The Committee may also establish rules and procedures for the crediting of interest on deferred cash payments and Dividend Equivalents for Employee Awards or Independent Contractor Awards consisting of shares of Common Stock or units denominated in shares of Common Stock.

(d) *Substitution of Awards.* At the discretion of the Committee, a Participant who is an Employee or Independent Contractor may be offered an election to substitute an Employee Award or Independent Contractor Award for another Employee Award or Independent Contractor Award or Employee Awards or Independent Contractor Awards of the same or different type.

11. *Stock Option Exercise.* The price at which shares of Common Stock may be purchased under an Option shall be paid in full at the time of exercise in cash or, if elected by the optionee, the optionee may purchase such shares by means of tendering Common Stock or surrendering another Award, including Restricted Stock or Director Restricted Stock, valued at Fair Market Value on the date of exercise, or any combination thereof. The Committee shall determine acceptable methods for Participants who are Employees or Independent Contractors to tender Common Stock or other Employee Awards or Independent Contractor Awards; provided that any Common Stock that is or was the subject of an Employee Award or Independent Contractor Award may be so tendered only if it has been held by the Participant for six months. The Committee may provide for procedures to permit the exercise or purchase of such Awards by use of the proceeds to be received from the sale of Common Stock issuable pursuant to an Employee Award or Independent Contractor Award. Unless otherwise provided in the applicable Award Agreement, in the event shares of Restricted Stock are tendered as consideration for the exercise of an Option, a number of the shares issued upon the exercise of the Option, equal to the number of shares of Restricted Stock or Director Restricted Stock used as consideration therefor, shall be subject to the same restrictions as the Restricted Stock or Director Restricted Stock so submitted as well as any additional restrictions that may be imposed by the Committee.

12. *Taxes.* The Company shall have the right to deduct applicable taxes from any Employee Award payment and withhold, at the time of delivery or vesting of cash or shares of Common Stock under this Plan, an appropriate amount of cash or number of shares of Common Stock or a combination thereof for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Committee may also permit withholding to be satisfied by the transfer to the Company of shares of Common Stock theretofore owned by the holder of the Employee Award with respect to which withholding is required. If shares of Common Stock are used to satisfy tax withholding, such shares shall be valued based on the Fair Market Value when the tax withholding is required to be made. The Committee may provide for loans, on either a short term or demand basis, from the Company to a Participant who is an Employee or Independent Contractor to permit the payment of taxes required by law.

13. *Amendment, Modification, Suspension or Termination.* The Board may amend, modify, suspend or terminate this Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law, except that (i) no amendment or alteration that would adversely affect the rights of any Participant under any Award previously granted to such Participant shall be made without the consent of such Participant and (ii) no amendment or alteration shall be effective prior to its approval by the stockholders of the Company to the extent such approval is then required pursuant to Rule 16b-3 in order to preserve the applicability of any exemption provided by such rule to any Award then outstanding (unless the holder of such Award consents) or to the extent stockholder approval is otherwise required by applicable legal requirements.

14. *Assignability.* Unless otherwise determined by the Committee and provided in the Award Agreement, no Award or any other benefit under this Plan constituting a derivative security within the meaning of Rule 16a-1(c) under the Exchange Act shall be assignable or otherwise transferable except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act, or the rules thereunder. The Committee may prescribe and include in applicable Award Agreements other restrictions on transfer. Any attempted assignment of an Award or any other benefit under this Plan in violation of this paragraph 14 shall be null and void.

15. *Adjustments.*

(a) The existence of outstanding Awards shall not affect in any manner the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the capital stock of the Company or its business or any merger or consolidation of the Company, or any issue of bonds, debentures, preferred or prior preference stock (whether or not such issue is prior to, on a parity with or junior to the Common Stock) or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding of any kind, whether or not of a character similar to that of the acts or proceedings enumerated above.

(b) In the event of any subdivision or consolidation of outstanding shares of Common Stock, declaration of a dividend payable in shares of Common Stock or other stock split, then, except with respect to the Existing Options, (i) the number of shares of Common Stock reserved under this Plan, (ii) the number of shares of Common Stock covered by outstanding Awards in the form of Common Stock or units denominated in Common Stock, (iii) the exercise or other price in respect of such Awards, (iv) the appropriate Fair

Market Value and other price determinations for such Awards, (v) the number of shares of Common Stock covered by Director Options automatically granted pursuant to paragraph 9 hereof and (vi) the Stock Based Awards Limitations shall each be proportionately adjusted by the Board to reflect such transaction. In the event of any other recapitalization or capital reorganization of the Company, any consolidation or merger of the Company with another corporation or entity, the adoption by the Company of any plan of exchange affecting the Common Stock or any distribution to holders of Common Stock of securities or property (other than normal cash dividends or dividends payable in Common Stock), the Board shall make appropriate adjustments to (i) the number of shares of Common Stock covered by Awards in the form of Common Stock or units denominated in Common Stock, (ii) the exercise or other price in respect of such Awards, (iii) the appropriate Fair Market Value and other price determinations for such Awards, (iv) the number of shares of Common Stock covered by Director Options automatically granted pursuant to paragraph 9 hereof and (v) the Stock Based Awards Limitations to give effect to such transaction shall each be proportionately adjusted by the Board to reflect such transaction; provided that such adjustments shall only be such as are necessary to maintain the proportionate interest of the holders of the Awards and preserve, without exceeding, the value of such Awards. In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Board shall be authorized to issue or assume Awards by means of substitution of new Awards, as appropriate, for previously issued Awards or to assume previously issued Awards as part of such adjustment.

(c) In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Board may make such adjustments to outstanding Awards or other provisions for the disposition of outstanding Awards as it deems equitable, and shall be authorized, in its discretion, (i) to provide for the substitution of a new Award or other arrangement (which, if applicable, may be exercisable for such property or stock as the Board determines) for an outstanding Award or the assumption of an outstanding Award, regardless of whether in a transaction to which Section 424(a) of the Code applies, (ii) to provide, prior to the transaction, for the acceleration of the vesting and exercisability of, or lapse of restrictions with respect to, the outstanding Award and, if the transaction is a cash merger, to provide for the termination of any portion of the Award that remains unexercised at the time of such transaction or (iii) to provide for the acceleration of the vesting and exercisability of an outstanding Award and the cancellation thereof in exchange for such payment as shall be mutually agreeable to the Participant and the Board.

16. *Restrictions.* No Common Stock or other form of payment shall be issued with respect to any Award unless the Company shall be satisfied based on the advice of its counsel that such issuance will be in compliance with applicable federal and state securities laws. It is the intent of the Company that grants of Awards under this Plan comply with Rule 16b-3 with respect to persons subject to Section 16 of the Exchange Act unless otherwise provided herein or in an Award Agreement, that any ambiguities or inconsistencies in the construction of such an Award or this Plan be interpreted to give effect to such intention. Certificates evidencing shares of Common Stock delivered under this Plan (to the extent that such shares are so evidenced) may be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or transaction reporting system upon which the Common Stock is then listed or to which it is admitted for quotation and any applicable federal or state securities law. The Committee may cause a legend or legends to be placed upon such certificates (if any) to make appropriate reference to such restrictions.

17. *Unfunded Plan.* Insofar as it provides for Awards of cash, Common Stock or rights thereto, this Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are entitled to cash, Common Stock or rights thereto under this Plan, any such accounts shall be used merely as a bookkeeping convenience. (d) the Company engages in and completes (i) a complete liquidation or dissolution of the Company unless such liquidation or dissolution is approved as part of a plan of liquidation and dissolution involving a sale or disposition of all or substantially all of the assets of the Company to a corporation with respect to which, following such sale or other disposition, all of the requirements of clauses (ii) (A), (B) and (C) of this subsection (d) are satisfied, or (ii) the sale or other disposition of all or substantially all of the assets of the Company, other than to a corporation, with respect to which, following such sale or other disposition, (A) more than 85% of the then outstanding shares of common stock or such corporation and the combined voting power of the Voting Stock of such corporation is then beneficially owned, directly or indirectly, by all or substantially all of the Persons who were the Beneficial Owners of the outstanding Common Stock immediately prior to such sale or other disposition in substantially the same proportion as their ownership, immediately prior to such sale or other disposition, of the outstanding Common Stock, (B) no Person (excluding any Exempt Person and any Person beneficially owning, immediately prior to such sale or other disposition, directly or indirectly, 40% or more of the Common Stock then outstanding or 40% or more of the combined voting power of the Voting Stock of the Company then outstanding) beneficially owns, directly or indirectly, 40% or more of the then outstanding shares of common stock of such corporation and the combined voting power of the then outstanding Voting Stock of such corporation and (C) at least a majority of the members of the board of directors of such corporation were members of the Incumbent Board at the time of the execution of the initial agreement or initial action of the Board providing for such sale or other disposition of assets of the Company.

Notwithstanding the foregoing, no Change of Control shall be deemed to have occurred pursuant to subsections (a), (c) or (d) of this definition as a result of (i) any Person that is currently party to the Shareholders Agreement dated as of December 15, 1999 among the Company, C.B. Capital Investors, L.P. (now J.P. Morgan Partners (23A SBIC), LLC), S.P. Johnson IV, Frank A. Wojtek, Steven A. beneficial ownership of the Common Stock or Voting Stock of a Person who is listed in clause (i) above and is a member of a group with such other Person solely because of a voting agreement, tag-along rights or other rights substantially similar to the rights set forth in the Shareholders Agreements.

“Exempt Transaction” shall mean an increase in the percentage of the outstanding shares of Common Stock or the percentage of the combined voting power of the outstanding Voting Stock of the Company beneficially owned by any Person solely as a result of a reduction in the number of shares of Common Stock then outstanding due to the repurchase of Common Stock or Voting Stock by the Company, unless and until such time as (a) such Person or any Affiliate or Associate of such Person shall purchase or otherwise become the Beneficial Owner of additional shares of Common Stock constituting 1% or more of the then outstanding shares of Common Stock or additional Voting Stock representing 1% or more of the combined voting power of the then outstanding Voting Stock, or (b) any other Person (or Persons) who is (or collectively are) the Beneficial Owner of shares of Common Stock constituting 1% or more of the then outstanding shares of Common Stock or Voting Stock representing 1% or more of the combined voting power of the then outstanding Voting Stock shall become an Affiliate or Associate of such Person.

“Person” shall mean any individual, firm, corporation, partnership, association, trust, unincorporated organization or other entity.

“Voting Stock” shall mean, with respect to a corporation, all securities of such corporation of any class or series that are entitled to vote generally in the election of directors of such corporation (excluding any class or series that would be entitled so to vote by reason of the occurrence of any contingency, so long as such contingency has not occurred).
