Privacy. The Eaton Vance organization is committed to ensuring your financial privacy. Each of the financial institutions identified below has in effect the following policy ("Privacy Policy") with respect to nonpublic personal information about its customers:

Only such information received from you, through application forms or otherwise, and information about your Eaton Vance fund transactions will be collected. This may include information such as name, address, social security number, tax status, account balances and transactions.

None of such information about you (or former customers) will be disclosed to anyone, except as permitted by law (which includes disclosure to employees necessary to service your account). In the normal course of servicing a customer's account, Eaton Vance may share information with unaffiliated third parties that perform various required services such as transfer agents, custodians and broker/dealers.

Policies and procedures (including physical, electronic and procedural safeguards) are in place that are designed to protect the confidentiality of such information.

We reserve the right to change our Privacy Policy at any time upon proper notification to you. Customers may want to review our Policy periodically for changes by accessing the link on our homepage: www.eatonvance.com.

Our pledge of privacy applies to the following entities within the Eaton Vance organization: the Eaton Vance Family of Funds, Eaton Vance Management, Eaton Vance Investment Counsel, Boston Management and Research, and Eaton Vance Distributors, Inc.

In addition, our Privacy Policy only applies to those Eaton Vance customers who are individuals and who have a direct relationship with us. If a customer's account (i.e., fund shares) is held in the name of a third-party financial adviser/broker-dealer, it is likely that only such adviser's privacy policies apply to the customer. This notice supersedes all previously issued privacy disclosures.

For more information about Eaton Vance's Privacy Policy, please call 1-800-262-1122.

Delivery of Shareholder Documents. The Securities and Exchange Commission (the "SEC") permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called "householding" and it helps eliminate duplicate mailings to shareholders.

Eaton Vance, or your financial adviser, may household the mailing of your documents indefinitely unless you instruct Eaton Vance, or your financial adviser, otherwise.

If you would prefer that your Eaton Vance documents not be househanded, please contact Eaton Vance at 1-800-262-1122, or contact your financial adviser.

Your instructions that householding not apply to delivery of your Eaton Vance documents will be effective within 30 days of receipt by Eaton Vance or your financial adviser.

Portfolio Holdings. Each Eaton Vance Fund and its underlying Portfolio (if applicable) will file a schedule of its portfolio holdings on Form N-Q with the SEC for the first and third quarters of each fiscal year. The Form N-Q will be available on the Eaton Vance website www.eatonvance.com, by calling Eaton Vance at 1-800-262-1122 or in the EDGAR database on the SEC's website at www.sec.gov. Form N-Q may also be reviewed and copied at the SEC's public reference room in Washington, D.C. (call 1-800-732-0330 for information on the operation of the public reference room).

Proxy Voting. From time to time, funds are required to vote proxies related to the securities held by the funds. The Eaton Vance Funds or their underlying Portfolios (if applicable) vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures and information on how the Funds or Portfolios voted proxies relating to portfolio securities during the most recent 12 month period ended June 30, without charge, upon request, by calling 1-800-262-1122. This description is also available on the SEC's website at www.sec.gov.

Eaton Vance Municipal Income Trusts as of November 30, 2007

management's discussion of fund performance

Eaton Vance Municipal Income Trusts (the Trusts) are closed-end Trusts, traded on the American Stock Exchange, which are designed to provide current income exempt from regular federal income tax and state personal income taxes, as applicable. This income is earned by investing primarily in investment-grade municipal securities.

Economic and Market Conditions

Economic growth in the third quarter of 2007 rose 4.9%, following the 3.8% growth rate achieved in the second quarter of 2007, according to preliminary Commerce Department data. At the end of November 2007, the housing sector continued to struggle due to market concerns related to subprime mortgages. However, the weaker dollar is having a stimulative effect on economic growth in export-related industries, tourism, and on U.S.-based multinational companies whose foreign profits are translated into more dollars. Overall, we believe the economy appears to be slowing, but in a somewhat controlled manner.

According to the Federal Reserve (the Fed), core inflation (which excludes the food and energy sectors) was still fairly well contained within the upper end of the Fed's comfort zone. However, more volatile oil and food costs posed a potential threat for overall inflation longer-term. On September 18, 2007, the Fed lowered its Federal Funds rate by 50 basis points to 4.75% from 5.25% its first rate cut since the Fed stopped raising rates in June 2006 and simultaneously lowered the Discount Rate by 50 basis points to 5.25% from 5.75%. On October 31, 2007, the Fed further cut the Fed Funds rate by 0.25% to 4.50% and the Discount Rate by 0.25% to 5.00%. (Shortly after this reporting period, the Fed once again cut the Fed Funds rate on December 11, 2007 by 25 basis points to 4.25% and the Discount Rate by 25 basis points to 4.75%.) Management believes that these moves were aimed at providing liquidity during a period of increased uncertainty and tighter credit conditions that surfaced rapidly in mid-August and intensified in November.

For the year ended November 30, 2007, the Lehman Brothers Municipal Bond Index(1) (the Index), an unmanaged index of municipal bonds, posted a gain of 2.71%. For more information about each Trust's performance and that of funds in the same Lipper Classification,(1) see the Performance Information and Portfolio Composition pages that follow.

Management Discussion

The Trusts invest primarily in bonds with stated maturities of 10 years or longer, as longer-maturity bonds historically have provided greater tax-exempt income for investors than shorter-maturity bonds.

The Trusts underperformed their benchmark Index for the year ended November 30, 2007. Management believes that much of the underperformance can be attributed to the broader-based credit scare that took hold of the fixed-income markets in August and November of 2007 that led to a flight-to-quality bid in the Treasury market, particularly in shorter-maturity bonds. This move was driven by the continuing fear that financial companies may experience further write-downs as a result of their exposure to mortgage-backed collateralized debt

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

obligations (CDOs), coupled with the disclosure by some of the major municipal bond insurers of their exposure to mortgage related CDO debt. As a result of our active management style that focuses on income and longer call protection, the Trusts generally hold longer-duration bonds. The flight to shorter-maturity (duration) bonds during September and November 2007 resulted in the Trusts' relative underperformance for the period.

In November 2007, yield ratios for many municipal bonds exceeded those seen in late August 2007, when they were in the low 90% s. Management believes that this was the result of dislocation in the fixed-income marketplace caused by the sub-prime contagion fears, insurance companies' mark-to-market risks, and the decentralized nature of the municipal marketplace.

The ratio of yields on current coupon AAA-rated insured bonds to the yield on the 30-year Treasury bond was 104% as of November 30, 2007, with many individual bonds trading higher than 104%.⁽²⁾ Historically, this is a rare occurrence in the municipal bond market and is generally considered a signal that municipal bonds are significantly undervalued compared to Treasuries.

With this backdrop, we continue to manage all of our municipal funds and trusts with the same relative value approach that we have traditionally employed—maintaining a long-term perspective when markets exhibit extreme short-term volatility. The Eaton Vance culture and philosophy have not changed, and we believe they have provided excellent long-term benefits to our investors over time.

Returns are historical and are calculated by determining the percentage change in net asset value or share price (as applicable) with all distributions reinvested. Investment return and principal value will fluctuate so that shares, when sold, may be worth more or less than their original cost. *** The leverage amount is Auction Preferred Shares at liquidation value as a percentage of the Trust's net assets applicable to common shares plus Auction Preferred Shares. The Trust uses leverage through the issuance of preferred shares. Use of financial leverage creates an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of common shares).*

(1) Returns are historical and are calculated by determining the percentage change in share price or net asset value with all distributions reinvested. The Trust's performance at market share price will differ from its results at NAV. Although share price performance generally reflects investment results over time, during shorter periods, returns at share price can also be affected by factors such as changing perceptions about the Trust, market conditions, fluctuations in supply and demand for the Trust's shares, or changes in Trust distributions. Performance results reflect the effect of leverage resulting from the Trust's issuance of Auction Preferred Shares.

(2) The Trust's market yield is calculated by dividing the last dividend paid per common share of the fiscal year by the share price at the end of the fiscal year and annualizing the result.

(3) Taxable-equivalent figure assumes a maximum 41.05% combined federal and state income tax rate. A lower tax rate would result in a lower tax-equivalent figure.

(4) It is not possible to invest directly in an Index. The Index's total return does not reflect the expenses that would have been incurred if an investor individually purchased or sold the securities represented in the Index. Index performance is available as of month end only.

(5) The Lipper Averages are the average annual total returns, at net asset value, of the funds that are in the same Lipper Classification as the Trust. It is not possible to invest in a Lipper Classification. Lipper Classifications may include insured and uninsured funds, as well as leveraged and unleveraged funds. The Lipper California Municipal Debt Funds Classification (closed-end) contained 24, 24 and 13 funds for the 1-year, 5-year and Life-of-Trust time periods, respectively. Lipper Averages are available as of month end only.

(6) Rating Distribution is determined by dividing the total market value of the issues by the total investments of the Trust.

(7) As of 11/30/07. Portfolio information may not be representative of the Trust's current or future investments and may change due to active management.

(8) Portfolio holdings information excludes securities held by special purpose vehicles in which the Trust holds a residual interest.

Past performance is no guarantee of future results. Returns are historical and are calculated by determining the percentage change in net asset value or share price (as applicable) with all distributions reinvested. Investment return and principal value will fluctuate so that shares, when sold, may be worth more or less than their original cost. Performance is for the stated time period only; due to market volatility, the Trust's current performance may be lower or higher than the quoted return. For performance as of the most recent month end, please refer to www.eatonvance.com.

*** The leverage amount is Auction Preferred Shares at liquidation value as a percentage of the Trust's net assets applicable to common shares plus Auction Preferred Shares. The Trust uses leverage through the issuance of preferred shares. Use of financial leverage creates an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of common shares).*

(1) Returns are historical and are calculated by determining the percentage change in share price or net asset value with all distributions reinvested. The Trust's performance at market share price will differ from its results at NAV. Although share price performance generally reflects investment results over time, during shorter periods, returns at share price can also be affected by factors such as changing perceptions about the Trust, market conditions, fluctuations in supply and demand for the Trust's shares, or changes in Trust distributions. Performance results reflect the effect of leverage resulting from the Trust's issuance of Auction Preferred Shares.

(2) The Trust's market yield is calculated by dividing the last dividend paid per common share of the fiscal year by the share price at the end of the fiscal year and annualizing the result.

(3) Taxable-equivalent figure assumes a maximum 40.83% combined federal and state income tax rate. A lower tax rate would result in a lower tax-equivalent figure.

(4) It is not possible to invest directly in an Index. The Index's total return does not reflect the expenses that would have been incurred if an investor individually purchased or sold the securities represented in the Index. Index performance is available as of month end only.

(5) The Lipper Averages are the average annual total returns, at net asset value, of the funds that are in the same Lipper Classification as the Trust. It is not possible to invest in a Lipper Classification. Lipper Classifications may include insured and uninsured funds, as well as leveraged and unleveraged funds. The Lipper New Jersey Municipal Debt Funds Classification (closed-end) contained 13, 13 and 8 funds for the 1-year, 5-year and Life-of-Trust time periods, respectively. Lipper Averages are available as of month end only.

(6) Rating Distribution is determined by dividing the total market value of the issues by the total investments of the Trust.

(7) As of 11/30/07. Portfolio information may not be representative of the Trust's current or future investments and may change due to active management.

(8) Portfolio holdings information excludes securities held by special purpose vehicles in which the Trust holds a residual interest.

The Trust invests primarily in debt securities issued by California municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2007, 47.9% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 0.5% to 18.8% of total investments.

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

- (1) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2007, the aggregate value of the securities is \$6,367,094 or 5.9% of the Trust's net assets applicable to common shares.
- (2) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at November 30, 2007.
- (3) Security represents the underlying municipal obligation of an inverse floating rate obligation held by the Trust.
- (4) Security (or a portion thereof) has been segregated to cover margin requirements on open financial futures contracts.

Eaton Vance Michigan Municipal Income Trust as of November 30, 2007

PORTFOLIO OF INVESTMENTS CONT'D

The Trust invests primarily in debt securities issued by Michigan municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2007, 47.0% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 1.0% to 19.5% of total investments.

(1) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2007, the aggregate value of the securities is \$2,330,584 or 7.6% of the Trust's net assets applicable to common shares.

(2) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at November 30, 2007.

(3) Security represents the underlying municipal obligation of an inverse floating rate obligation held by the Trust.

The Trust invests primarily in debt securities issued by New Jersey municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2007, 39.4% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.2% to 14.6% of total investments.

(1) Security represents the underlying municipal obligation of an inverse floating rate obligation held by the Trust.

(2) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2007, the aggregate value of the securities is \$973,350 or 1.4% of the Trust's net assets applicable to common shares.

The Trust invests primarily in debt securities issued by New York municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2007, 31.6% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate

percentage insured by an individual financial institution ranged from 0.7% to 22.0% of total investments.

- (1) Security is in bankruptcy but continues to make full interest payments.
- (2) When-issued security.
- (3) Security represents the underlying municipal obligation of an inverse floating rate obligation held by the Trust.
- (4) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2007, the aggregate value of the securities is \$2,063,215 or 2.5% of the Trust's net assets applicable to common shares.
- (5) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at November 30, 2007.
- (6) Security (or a portion thereof) has been segregated to cover margin requirements on open financial futures contracts.
- (7) Security (or a portion thereof) has been segregated to cover payable for when-issued securities.

AMT - Interest earned from these securities may be considered a tax preference item for purposes of the Federal Alternative Minimum Tax.

CIFG - CIFG Assurance North America, Inc.

FGIC - Financial Guaranty Insurance Company

FSA - Financial Security Assurance, Inc.

MBIA - Municipal Bond Insurance Association

The Trust invests primarily in debt securities issued by Pennsylvania municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at November 30, 2007, 57.9% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 2.8% to 19.3% of total investments.

(1) Security (or a portion thereof) has been segregated to cover margin requirements on open financial futures contracts.

(2) Security represents the underlying municipal obligation of an inverse floating rate obligation held by the Trust.

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

- (3) Security (or a portion thereof) has been segregated to cover payable for when-issued securities.
- (4) When-issued security.
- (5) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2007, the aggregate value of the securities is \$1,178,980 or 2.9% of the Trust's net assets applicable to common shares.
- (6) Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at November 30, 2007.
- (7) Security is in default with respect to scheduled principal payments.

(1) Per share net investment income was computed using average common shares outstanding.

(2) Returns are historical and are calculated by determining the percentage change in net asset value or market value with all distributions reinvested.

(3) Ratios do not reflect the effect of dividend payments to preferred shareholders.

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

- (4) The investment adviser was allocated a portion of the Trust's operating expenses (equal to less than 0.01% of average daily net assets for the year ended November 30, 2007). Absent this allocation, total return would be lower.
- (5) Interest and fee expense relates to the liability for floating rate notes issued in conjunction with inverse floater securities transactions (see Note 1H).
- (6) Calculated by subtracting the Trust's total liabilities (not including the preferred shares) from the Trust's total assets, and dividing this by the number of preferred shares outstanding.
- (7) Plus accumulated and unpaid dividends.

NOTES TO FINANCIAL STATEMENTS

1 Significant Accounting Policies

Eaton Vance California Municipal Income Trust (California Trust), Eaton Vance Florida Municipal Income Trust (Florida Trust), Eaton Vance Massachusetts Municipal Income Trust (Massachusetts Trust), Eaton Vance Michigan Municipal Income Trust (Michigan Trust), Eaton Vance New Jersey Municipal Income Trust (New Jersey Trust), Eaton Vance New York Municipal Income Trust (New York Trust), Eaton Vance Ohio Municipal Income Trust (Ohio Trust) and Eaton Vance Pennsylvania Municipal Income Trust (Pennsylvania Trust), (each individually referred to as the Trust, and collectively, the Trusts), are Massachusetts business trusts registered under the Investment Company Act of 1940, as amended (the 1940 Act), as non-diversified, closed-end management investment companies. Each Trust seeks to provide current income exempt from regular federal income taxes and taxes in its specified state, as applicable.

The following is a summary of significant accounting policies of the Trusts. The policies are in conformity with accounting principles generally accepted in the United States of America.

A Investment Valuation Municipal bonds and taxable obligations, if any, are generally valued on the basis of valuations furnished by a pricing service. Financial futures contracts and options on financial futures contracts listed on commodity exchanges are valued at closing settlement prices. Interest rate swaps are generally valued on the basis of valuations furnished by a pricing service. Short-term obligations, maturing in sixty days or less, are valued at amortized cost, which approximates market value. Investments for which valuations or market quotations are not readily available, and investments for which the price of a security is not believed to represent its fair market value, are valued at fair value using methods determined in good faith by or at the direction of the Trustees.

B Investment Transactions and Related Income Investment transactions for financial statement purposes are accounted for on a trade date basis. Realized gains and losses on investments sold are determined on the basis of identified cost. Interest income is recorded on the basis of interest accrued, adjusted for amortization of premium or accretion of discount.

C Federal Taxes Each Trust's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute to shareholders each year substantially all of its taxable, if any, and tax-exempt net investment income, and all or substantially all of its net realized capital gains. Accordingly, no provision for federal income or excise tax is necessary. Each Trust intends to satisfy conditions which will enable it to designate distributions from the interest income generated by its investments in municipal obligations, which are exempt from regular federal income taxes when received by each Trust, as exempt-interest dividends. The portion of such interest, if any, earned on private activity bonds issued after August 7, 1986, may be considered a tax preference item to shareholders.

At November 30, 2007, the following Trusts, for federal income tax purposes, had capital loss carryforwards which will reduce each Trust's taxable income arising from future net realized gains on investment transactions, if any, to the extent permitted by the Internal Revenue Code, and thus will reduce the amount of distributions to shareholders which would otherwise be necessary to relieve the Trusts of any liability for federal income or excise tax. The amounts and expiration dates of the capital loss carryforwards are as follows:

Eaton Vance Municipal Income Trusts as of November 30, 2007

NOTES TO FINANCIAL STATEMENTS CONT'D

California Trust, Florida Trust, Massachusetts Trust, Michigan Trust, New Jersey Trust, New York Trust, Ohio Trust and Pennsylvania Trust, respectively.

D Expense Reduction State Street Bank and Trust Company (SSBT) serves as custodian of the Trusts. Pursuant to the respective custodian agreements, SSBT receives a fee reduced by credits, which are determined based on the average daily cash balance each Trust maintains with SSBT. All credit balances, if any, used to reduce each Trust's custodian fees are reported as a reduction of expenses in the Statements of Operations.

E Legal Fees Legal fees and other related expenses incurred as part of negotiations of the terms and requirement of capital infusions, or that are expected to result in the restructuring of, or a plan of reorganization for, an investment are recorded as realized losses. Ongoing expenditures to protect or enhance an investment are treated as operating expenses.

F Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

G Indemnifications Under each Trust's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to each Trust, and shareholders are indemnified against personal liability for the obligations of each Trust. Additionally, in the normal course of business, each Trust enters into agreements with service providers that may contain indemnification clauses. Each Trust's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against each Trust that have not yet occurred.

H Floating Rate Notes Issued in Conjunction with Securities Held The Trusts may invest in inverse floating rate securities, whereby a Trust may sell a fixed rate bond to a broker for cash. At the same time, the Trust buys a residual interest in the assets and cash flows of a Special-Purpose Vehicle (the SPV), (which is generally organized as a trust), set up by the broker, often referred to as an inverse floating rate obligation (Inverse Floater). The broker deposits a fixed rate bond into the SPV with the same CUSIP number as the fixed rate bond sold to the broker by the Trust, and which may have been, but is not required to be, the fixed rate bond purchased from the Trust (the Fixed Rate Bond). The SPV also issues floating rate notes (Floating Rate Notes) which are sold to third-parties. The Trusts may enter into shortfall and forbearance agreements with the broker by which a Trust agrees to reimburse the broker, in certain circumstances, for the difference between the liquidation value of the Fixed Rate Bond held by the SPV and the liquidation value of the Floating Rate Notes, as well as any shortfalls in interest cash flows. The Inverse Floater held by a Trust gives the Trust the right (1) to cause the holders of the Floating Rate Notes to tender their notes at par, and (2) to have the broker transfer the Fixed Rate Bond held by the SPV to the Trust, thereby collapsing the SPV. Pursuant to Financial Accounting Standards Board (FASB) Statement No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities" (FAS 140), the Trusts account for the transaction described above as a secured borrowing by including the Fixed Rate Bond in their Portfolio of Investments and the Floating Rate Notes as a liability under the caption "Payable for floating rate notes issued" in their Statement of Assets and Liabilities. The Floating Rate Notes have interest rates that generally reset weekly and their holders have the option to tender their notes to the broker for redemption at par at each reset date. Interest expense related to the Trusts' liability with respect to Floating Rate Notes is recorded as incurred. At November 30, 2007, the amounts of the Trusts' Floating Rate Notes and related interest rates and collateral were as follows:

Trust	Floating Rate Notes Outstanding	Interest Rate or Range of Interest Rates		Collateral for Floating Rate Notes Outstanding
California	\$ 7,575,000	3.64%	3.68%	\$ 12,338,266
Florida	12,090,000	3.59%	3.78%	19,079,116
Massachusetts	3,043,333	3.54%	3.82%	4,764,240
Michigan	1,925,000	3.59%	3.68%	2,726,237
New Jersey	12,150,000	3.64%	3.98%	20,942,876
New York	19,150,000	3.59%	3.82%	31,508,744
Ohio	6,330,000	3.59%	3.71%	11,044,846
Pennsylvania	6,335,780	3.59%	3.71%	9,749,744

The Trusts' investment policies and restrictions expressly permit investments in Inverse Floaters. Inverse floating rate securities typically offer the potential for yields exceeding the yields available on fixed rate bonds with comparable credit quality and maturity. The Trusts'

Eaton Vance Municipal Income Trusts as of November 30, 2007

NOTES TO FINANCIAL STATEMENTS CONT'D

investment policies do not allow the Trusts to borrow money for purposes of making investments. Management believes that the Trusts' restrictions on borrowings do not apply to the secured borrowings deemed to have occurred for accounting purposes pursuant to FAS 140, which is distinct from a legal borrowing of the Trusts to which the policies apply. Inverse Floaters held by the Trusts are securities exempt from registration under Rule 144A of the Securities Act of 1933.

I Financial Futures Contracts The Trusts may enter into financial futures contracts. The Trusts' investment in financial futures contracts is designed for hedging against changes in interest rates or as a substitute for the purchase of securities. Upon entering into a financial futures contract, a Trust is required to deposit with the broker, either in cash or securities an amount equal to a certain percentage of the purchase price (initial margin). Subsequent payments, known as variation margin, are made or received by the Trust each business day, depending on the daily fluctuations in the value of the underlying security, and are recorded as unrealized gains or losses by the Trust. Gains (losses) are realized upon the expiration or closing of the financial futures contracts. Should market conditions change unexpectedly, the Trust may not achieve the anticipated benefits of the financial futures contracts and may realize a loss. In entering such contracts, the Trust bears the risk if the counterparties do not perform under the contracts' terms.

J Interest Rate Swaps A Trust may enter into interest rate swap agreements to enhance return, to hedge against fluctuations in securities prices or interest rates, or as substitution for the purchase or sale of securities. Pursuant to these agreements, a Trust makes periodic payments at a fixed interest rate and, in exchange, receives payments based on the interest rate of a benchmark industry index. Payments received or made are recorded as realized gains or losses. During the term of the outstanding swap agreement, changes in the underlying value of the swap are recorded as unrealized gains or losses. The value of the swap is determined by changes in the relationship between two rates of interest. A Trust is exposed to credit loss in the event of non-performance by the swap counterparty. Risk may also arise from movements in interest rates.

K When-Issued Securities and Delayed Delivery Transactions The Trusts may purchase or sell securities on a delayed delivery or when-issued basis. Payment and delivery may take place after the customary settlement period for that security. At the time the transaction is negotiated, the price of the security that will be delivered is fixed. The Trusts maintain security positions for these commitments such that sufficient liquid assets will be available to make payments upon settlement. Securities purchased on a delayed delivery or when-issued basis are marked-to-market daily and begin earning interest on settlement date. Losses may arise due to changes in the market value of the underlying securities or if the counterparty does not perform under the contract.

L Statement of Cash Flows The cash amount shown in the Statement of Cash Flows of a Trust is the amount included in the Trust's Statement of Assets and Liabilities and represents cash on hand at its custodian and does not include any short-term investments.

2 Auction Preferred Shares

Each Trust issued Auction Preferred Shares (APS) on March 1, 1999 in a public offering. The underwriting discounts and other offering costs incurred in connection with the offering were recorded as a reduction of the paid-in capital of the common shares of each respective Trust. Dividends on the APS, which accrue daily, are cumulative at rates which are reset every seven days by an auction, unless a special dividend period has been set.

The number of APS issued and outstanding as of November 30, 2007 was as follows:

Trust	APS Issued and Outstanding
California	2,360
Florida	1,420
Massachusetts	860
Michigan	700
New Jersey	1,520
New York	1,780
Ohio	940
Pennsylvania	900

The APS are redeemable at the option of each Trust at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, on any dividend payment date. The APS are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, if a Trust is in default for an extended period on its asset maintenance requirements with respect to the APS. If the dividends on the APS remain unpaid in an amount equal to two full years' dividends, the holders of the APS

as a class have the right to elect a majority of the Board of Trustees. In general, the holders of the APS and the common shares have equal voting rights of one vote per share, except that the holders of the APS, as a separate class, have the right to elect at least two members of the Board of Trustees. The APS have a liquidation preference of \$25,000 per share, plus accumulated and unpaid dividends. Each Trust is required to maintain certain asset coverage with respect to the APS as defined in the Trusts' By-Laws and the 1940 Act. Each Trust pays an annual fee equivalent to 0.25% of the liquidation value of the APS for the remarketing efforts associated with the APS auctions.

3 Distributions to Shareholders

Each Trust intends to make monthly distributions of net investment income to common shareholders, after payment of any dividends on any outstanding APS. In addition, at least annually, the Trusts intend to distribute all or substantially all of their net realized capital gains, if any. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. The dividend rates for APS at November 30, 2007, and the amount of dividends (including capital gains, if any) paid to APS shareholders, average APS dividend rates, and dividend rate ranges for the year then ended were as follows:

Trust	APS Dividend Rates at November 30, 2007	Dividends Paid to APS Shareholders	Average APS Dividend Rates	Dividend Rate Ranges	
California	4.15%	\$ 2,014,092	3.41%	2.88%	4.15%
Florida	4.25%	1,305,923	3.68%	3.45%	4.25%
Massachusetts	4.25%	734,875	3.42%	1.90%	4.25%
Michigan	4.20%	625,544	3.57%	3.20%	5.00%
New Jersey	4.10%	1,262,219	3.32%	2.50%	4.10%

Ohio	4.20%	839,516	3.57%	3.20%	4.20%
Pennsylvania	4.25%	813,684	3.62%	3.00%	4.25%

The Trusts distinguish between distributions on a tax basis and a financial reporting basis. Accounting principles generally accepted in the United States of America require that only distributions in excess of tax basis earnings and profits be reported in the financial statements as a return of capital. Permanent differences between book and tax accounting relating to distributions are reclassified to paid-in capital.

The tax character of distributions paid for the years ended November 30, 2007 and November 30, 2006 was as follows:

Year Ended November 30, 2007	California Trust	Florida Trust	Massachusetts Trust	Michigan Trust
Distributions declared from:

NOTES TO FINANCIAL STATEMENTS CONT'D

During the year ended November 30, 2007, the following amounts were reclassified due to differences between book and tax accounting, primarily for accretion of market discount and expired capital loss carryforwards:

	California Trust	Florida Trust	Massachusetts Trust	Michigan Trust
Increase (decrease):				
Paid-in capital	\$ (11,946)	\$	\$	\$
Accumulated net realized gain (loss)	\$ 82,868	\$ 14,227	\$ (10,613)	\$ (9,826)
Accumulated undistributed net investment income	\$ (70,922)	\$ (14,227)	\$ 10,613	\$ 9,826
	New Jersey Trust	New York Trust	Ohio Trust	Pennsylvania Trust
Increase (decrease):				
Paid-in capital	\$	\$	\$	\$ (446,327)
Accumulated net realized gain (loss)	\$ 13,579	\$ 6,353	\$ (21,533)	\$ 462,377
Accumulated undistributed net investment income	\$ (13,579)	\$ (6,353)	\$ 21,533	\$ (16,050)

These reclassifications had no effect on the net assets or net asset value per share of the Trusts.

As of November 30, 2007, the components of distributable earnings (accumulated losses) and unrealized appreciation (depreciation) on a tax basis were as follows:

	California Trust	Florida Trust	Massachusetts Trust	Michigan Trust
Undistributed income	\$ 470,128	\$ 229,667	\$ 268,938	\$ 123,465
Capital loss carryforward	\$ (3,235,450)	\$ (2,707,055)	\$ (976,972)	\$ (2,344,240)

	\$	\$ (5,187)	\$ (8,115)	\$ (10,482)

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

Other temporary
differences

The differences between components of distributable earnings (accumulated losses) on a tax basis and the amounts reflected in the Statements of Assets and Liabilities are primarily due to wash sales, dividends payable and differences between book and tax accounting for futures contracts, accretion of market discount and inverse floaters.

4 Investment Adviser Fee and Other Transactions with Affiliates

The investment adviser fee is earned by Eaton Vance Management (EVM) as compensation for investment advisory services rendered to each Trust. The fee is computed at an annual rate of 0.70% of each Trust's average weekly gross assets and is payable monthly. Average weekly gross assets as referred to herein exclude assets deemed held pursuant to FAS 140 (see Note 1H). The administration fee is earned by EVM for administering the business affairs of each Trust and is computed at an annual rate of 0.20% of each Trust's average weekly gross assets. In addition, pursuant to a voluntary expense reimbursement, EVM was allocated certain operating expenses of the Trusts. For the year ended November 30, 2007, the investment adviser fee, administration fee and expenses allocated to EVM were as follows:

Trust	Investment Adviser Fee	Administration Fee	Expenses Allocated to EVM
California	\$ 1,205,401	\$ 344,400	\$ 4,176
Florida	705,323	201,521	2,505

Pennsylvania	445,271	127,221	3,758

Eaton Vance Municipal Income Trusts as of November 30, 2007

NOTES TO FINANCIAL STATEMENTS CONT'D

Except for Trustees of the Trusts who are not members of EVM's organization, officers and Trustees receive remuneration for their services to the Trusts out of the investment adviser fee. Trustees of the Trusts who are not affiliated with the investment adviser may elect to defer receipt of all or a percentage of their annual fees in accordance with the terms of the Trustee Deferred Compensation Plan. For the year ended November 30, 2007, no significant amounts have been deferred. Certain officers and Trustees of the Trusts are officers of EVM.

Pursuant to FAS 140, an Inverse Floater sold by the Florida Trust to an affiliated fund was deemed to be held by the Florida Trust at November 30, 2007. Interest income of \$35,674 paid by the SPV to the affiliated fund for the year ended November 30, 2007 was deemed paid by the Florida Trust and is included in interest expense.

5 Purchase and Sales of Investments

Purchases and sales of investments, other than short-term obligations, for the year ended November 30, 2007 were as follows:

8 Overdraft Advances

Pursuant to the respective custodian agreements, SSBT may, in its discretion, advance funds to the Trusts to make properly authorized payments. When such payments result in an overdraft, the Trusts are obligated to repay SSBT at the current rate of interest charged by SSBT for secured loans (currently, a rate above the Federal Funds rate). This obligation is payable on demand to SSBT. SSBT has a lien on a Trust's assets to the extent of any overdraft. At November 30, 2007, the New Jersey Trust had a payment due to SSBT pursuant to the foregoing arrangement of \$667,305.

9 Financial Instruments

The Trusts may trade in financial instruments with off-balance sheet risk in the normal course of their investing activities to assist in managing exposure to various market risks. These financial instruments may include financial futures contracts and interest rate swaps and may involve, to a varying degree, elements of risk in excess of the amounts recognized for financial statement purposes. The notional or contractual amounts of these instruments represent the investment a Trust has in particular classes of financial instruments and does not necessarily represent the amounts potentially subject to risk. The measurement of the risks associated with these instruments is meaningful only when all related and offsetting transactions are considered.

A summary of obligations under these financial instruments at November 30, 2007 is as follows:

10 Recently Issued Accounting Pronouncements

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48 (FIN 48), "Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109". FIN 48 clarifies the accounting for uncertainty in income taxes recognized in accordance with FASB Statement No. 109, "Accounting for Income Taxes". This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective on the last business day of the first required financial reporting period for fiscal years beginning after December 15, 2006. Management is currently evaluating the impact of applying the various provisions of FIN 48.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157 (FAS 157), "Fair Value Measurements". FAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosure about fair value measurements. FAS 157 is effective for fiscal years beginning after November 15, 2007. As of November 30, 2007, management does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements; however, additional disclosures may be required about the inputs used to develop the measurements of fair value and the effect of certain of the measurements on changes in net assets for the period.

11 Subsequent Event

Effective January 1, 2008, the name of the Florida Trust was changed to Eaton Vance Florida Plus Municipal Income Trust. In connection with this change, the Florida Trust's investment policy that at least 65% of its total assets normally will be invested in municipal obligations issued by the State of Florida or its political subdivisions, agencies, authorities and instrumentalities was eliminated.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Shareholders of Eaton Vance California Municipal Income Trust, Eaton Vance Florida Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust:

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Eaton Vance California Municipal Income Trust, Eaton Vance Florida Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust (individually, the "Trust," collectively, the "Trusts"), as of November 30, 2007, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the statements of cash flows of Eaton Vance Florida Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust and Eaton Vance Pennsylvania Municipal Income Trust for the year then ended. These financial statements and financial highlights are the responsibility of each Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trusts are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trusts' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2007, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Eaton Vance California Municipal Income Trust, Eaton Vance Florida Municipal Income Trust, Eaton Vance Massachusetts Municipal Income Trust, Eaton Vance Michigan Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust, and Eaton Vance Pennsylvania Municipal Income Trust as of November 30, 2007, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, their financial highlights for each of the five years in the period then ended, and the cash flows of Eaton Vance Florida Municipal Income Trust, Eaton Vance New Jersey Municipal Income Trust, Eaton Vance New York Municipal Income Trust, Eaton Vance Ohio Municipal Income Trust and Eaton Vance Pennsylvania Municipal Income Trust for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

DIVIDEND REINVESTMENT PLAN

Each Trust offers a dividend reinvestment plan (the Plan) pursuant to which shareholders automatically have dividends and capital gains distributions reinvested in common shares (the Shares) of the same Trust unless they elect otherwise through their investment dealer. On the distribution payment date, if the net asset value per Share is equal to or less than the market price per Share plus estimated brokerage commissions, then new Shares will be issued. The number of Shares shall be determined by the greater of the net asset value per Share or 95% of the market price. Otherwise, Shares generally will be purchased on the open market by the Plan Agent. Distributions subject to income tax (if any) are taxable whether or not shares are reinvested.

If your shares are in the name of a brokerage firm, bank, or other nominee, you can ask the firm or nominee to participate in the Plan on your behalf. If the nominee does not offer the Plan, you will need to request that your shares be re-registered in your name with each Trust's transfer agent, PFPC Inc., or you will not be able to participate.

The Plan Agent's service fee for handling distributions will be paid by each Trust. Each participant will be charged their pro rata share of brokerage commissions on all open-market purchases.

Plan participants may withdraw from the Plan at any time by writing to the Plan Agent at the address noted on the following page. If you withdraw, you will receive shares in your name for all Shares credited to your account under the Plan. If a participant elects by written notice to the Plan Agent to have the Plan Agent sell part or all of his or her Shares and remit the proceeds, the Plan Agent is authorized to deduct a \$5.00 fee plus brokerage commissions from the proceeds.

If you wish to participate in the Plan and your shares are held in your own name, you may complete the form on the following page and deliver it to the Plan Agent.

Any inquires regarding the Plan can be directed to the Plan Agent, PFPC Inc., at 1-866-439-6787.

BOARD OF TRUSTEES' ANNUAL APPROVAL OF THE INVESTMENT ADVISORY AGREEMENTS

Overview of the Contract Review Process

The Investment Company Act of 1940, as amended (the "1940 Act"), provides, in substance, that each investment advisory agreement between a fund and its investment adviser will continue in effect from year to year only if its continuance is approved at least annually by the fund's board of trustees, including by a vote of a majority of the trustees who are not "interested persons" of the fund ("Independent Trustees"), cast in person at a meeting called for the purpose of considering such approval.

At a meeting of the Boards of Trustees (each a "Board") of the Eaton Vance group of mutual funds (the "Eaton Vance Funds") held on April 23, 2007, the Board, including a majority of the Independent Trustees, voted to approve continuation of existing advisory and sub-advisory agreements for the Eaton Vance Funds for an additional one-year period. In voting its approval, the Board relied upon the affirmative recommendation of the Special Committee of the Board, which is a committee comprised exclusively of Independent Trustees. Prior to making its recommendation, the Special Committee reviewed information furnished for a series of meetings of the Special Committee held in February, March and April 2007. Such information included, among other things, the following:

Information about Fees, Performance and Expenses

An independent report comparing the advisory and related fees paid by each fund with fees paid by comparable funds;

An independent report comparing each fund's total expense ratio and its components to comparable funds;

An independent report comparing the investment performance of each fund to the investment performance of comparable funds over various time periods;

Data regarding investment performance in comparison to relevant peer groups of funds and appropriate indices;

Comparative information concerning fees charged by each adviser for managing other mutual funds and institutional accounts using investment strategies and techniques similar to those used in managing the fund;

Profitability analyses for each adviser with respect to each fund;

Information about Portfolio Management

Descriptions of the investment management services provided to each fund, including the investment strategies and processes employed;

Information concerning the allocation of brokerage and the benefits received by each adviser as a result of brokerage allocation, including information concerning the acquisition of research through "soft dollar" benefits received in connection with the funds' brokerage, and the implementation of a soft dollar reimbursement program established with respect to the funds;

Data relating to portfolio turnover rates of each fund;

The procedures and processes used to determine the fair value of fund assets and actions taken to monitor and test the effectiveness of such procedures and processes;

Information about each Adviser

Reports detailing the financial results and condition of each adviser;

Descriptions of the qualifications, education and experience of the individual investment professionals whose responsibilities include portfolio management and investment research for the funds, and information relating to their compensation and responsibilities with respect to managing other mutual funds and investment accounts;

Copies of the Codes of Ethics of each adviser and its affiliates, together with information relating to compliance with and the administration of such codes;

Copies of or descriptions of each adviser's proxy voting policies and procedures;

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

Information concerning the resources devoted to compliance efforts undertaken by each adviser and its affiliates on behalf of the funds (including descriptions of various compliance programs) and their record of compliance with investment policies and restrictions, including policies with respect to market-timing, late trading and selective portfolio disclosure, and with policies on personal securities transactions;

Descriptions of the business continuity and disaster recovery plans of each adviser and its affiliates;

Other Relevant Information

Information concerning the nature, cost and character of the administrative and other non-investment management services provided by Eaton Vance Management and its affiliates;

Information concerning management of the relationship with the custodian, subcustodians and fund accountants by each adviser or the funds' administrator; and

The terms of each advisory agreement.

In addition to the information identified above, the Special Committee considered information provided from time to time by each adviser throughout the year at meetings of the Board and its committees. Over the course of the twelve-month period ended April 30, 2007,

Eaton Vance Municipal Income Trusts

BOARD OF TRUSTEES' ANNUAL APPROVAL OF THE INVESTMENT ADVISORY AGREEMENTS CONT'D

the Board met ten times and the Special Committee, the Audit Committee and the Governance Committee, each of which is a Committee comprised solely of Independent Trustees, met twelve, fourteen and eight times, respectively. At such meetings, the Trustees received, among other things, presentations by the portfolio managers and other investment professionals of each adviser relating to the investment performance of each fund and the investment strategies used in pursuing the fund's investment objective.

For funds that invest through one or more underlying portfolios, the Board considered similar information about the portfolio(s) when considering the approval of advisory agreements. In addition, in cases where the fund's investment adviser has engaged a sub-adviser, the Board considered similar information about the sub-adviser when considering the approval of any sub-advisory agreement.

The Special Committee was assisted throughout the contract review process by Goodwin Procter LLP, legal counsel for the Independent Trustees. The members of the Special Committee relied upon the advice of such counsel and their own business judgment in determining the material factors to be considered in evaluating each advisory and sub-advisory agreement and the weight to be given to each such factor. The conclusions reached with respect to each advisory and sub-advisory agreement were based on a comprehensive evaluation of all the information provided and not any single factor. Moreover, each member of the Special Committee may have placed varying emphasis on particular factors in reaching conclusions with respect to each advisory and sub-advisory agreement.

Results of the Process

Based on its consideration of the foregoing, and such other information as it deemed relevant, including the factors and conclusions described below, the Special Committee concluded that the continuance of the investment advisory agreements of the following funds:

Eaton Vance California Municipal Income Trust

Eaton Vance Florida Municipal Income Trust

Eaton Vance Massachusetts Municipal Income Trust

Eaton Vance Michigan Municipal Income Trust

Eaton Vance New Jersey Municipal Income Trust

Eaton Vance New York Municipal Income Trust

Eaton Vance Ohio Municipal Income Trust

Eaton Vance Pennsylvania Municipal Income Trust

(the "Funds"), each with Eaton Vance Management (the "Adviser"), including their fee structures, is in the interests of shareholders and, therefore, the Special Committee recommended to the Board approval of each agreement. The Board accepted the recommendation of the Special Committee as well as the factors considered and conclusions reached by the Special Committee with respect to each agreement. Accordingly, the Board, including a majority of the Independent Trustees, voted to approve continuation of the advisory agreement for each Fund.

Nature, Extent and Quality of Services

In considering whether to approve the investment advisory agreements of the Funds, the Board evaluated the nature, extent and quality of services provided to the Funds by the Adviser.

The Board considered the Adviser's management capabilities and investment process with respect to the types of investments held by each Fund, including the education, experience and number of its investment professionals and other personnel who provide portfolio management, investment research, and similar services to the Funds, and recent changes in the identity of such personnel. In particular, the Board evaluated, where relevant, the abilities and experience of such investment personnel in analyzing factors such as credit risk, tax efficiency, and special considerations relevant to investing in municipal bonds. The Board considered the Adviser's 30-person municipal bond team, which includes six portfolio managers and nine credit specialists who provide services to the Funds. The Board also took into account the resources dedicated to portfolio management and other services, including the compensation paid to recruit and retain investment personnel, and the time and attention devoted to each Fund by senior management.

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

The Board reviewed the compliance programs of the Adviser and relevant affiliates thereof. Among other matters, the Board considered compliance and reporting matters relating to personal trading by investment personnel, selective disclosure of portfolio holdings, late trading, frequent trading, portfolio valuation, business continuity and the allocation of investment opportunities. The Board also evaluated the responses of the Adviser and its affiliates to requests from regulatory authorities such as the Securities and Exchange Commission and the National Association of Securities Dealers.

Eaton Vance Municipal Income Trusts

BOARD OF TRUSTEES' ANNUAL APPROVAL OF THE INVESTMENT ADVISORY AGREEMENTS CONT'D

The Board also considered shareholder and other administrative services provided or managed by Eaton Vance Management and its affiliates, including transfer agency and accounting services. The Board evaluated the benefits to shareholders of investing in a fund that is a part of a large family of funds, including the ability, in many cases, to exchange an investment among different funds without incurring additional sales charges.

After consideration of the foregoing factors, among others, the Board concluded that the nature, extent and quality of services provided by the Adviser, taken as a whole, are appropriate and consistent with the terms of the respective investment advisory agreements.

Fund Performance

The Board compared each Fund's investment performance to a relevant universe of similarly managed funds identified by an independent data provider and appropriate benchmark indices. The Board reviewed comparative performance data for the one-, three-, and five-year periods ended September 30, 2006 for each Fund in operation over such periods. On the basis of the foregoing and other relevant information, the Board concluded that the performance of each Fund was satisfactory.

Management Fees and Expenses

The Board reviewed contractual investment advisory fee rates, including any administrative fee rates, payable by each Fund (referred to collectively as "management fees"). The Board considered the financial resources committed by the Adviser in structuring each Fund at the time of its initial public offering. As part of its review, the Board considered each Fund's management fees and total expense ratio for the year ended September 30, 2006, as compared to a group of similarly managed funds selected by an independent data provider.

After reviewing the foregoing information, and in light of the nature, extent and quality of the services provided by the Adviser, the Board concluded with respect to each Fund that the management fees charged to the Fund for advisory and related services and the total expense ratio of the Fund are reasonable.

Profitability

The Board reviewed the level of profits realized by the Adviser in providing investment advisory and administrative services to each Fund and to all Eaton Vance Funds as a group. The Board considered the level of profits realized without regard to revenue sharing or other payments by the Adviser and its affiliates to third parties in respect of distribution services. The Board also considered other direct or indirect benefits received by the Adviser in connection with its relationship with the Funds.

The Board concluded that, in light of the foregoing factors and the nature, extent and quality of the services rendered, the profits realized by the Adviser and its affiliates are reasonable.

Economies of Scale

In reviewing management fees and profitability, the Board also considered the extent to which the Adviser and its affiliates, on the one hand, and each Fund, on the other hand, can expect to realize benefits from economies of scale as the assets of the Fund increase. The Board acknowledged the difficulty in accurately measuring the benefits resulting from the economies of scale with respect to the management of any specific fund or group of funds. The Board also considered the fact that the Funds are not continuously offered and concluded that, in light of the level of the Adviser's profits with respect to each Fund, the implementation of breakpoints in the advisory fee schedule is not appropriate. Based upon the foregoing, the Board concluded that the benefits from economies of scale are currently being shared equitably by the Adviser and its affiliates and each Fund.

Eaton Vance Florida Municipal Income Trust

NOTICE TO SHAREHOLDERS

The Florida state intangibles tax was repealed effective January 1, 2007. Accordingly, the Board of Trustees of Eaton Vance Florida Municipal Income Trust approved a revision of the Fund's investment objective. Prior to January 1, 2007, the Fund's objective was "to provide current income exempt from federal income tax in the form of an investment exempt from Florida intangibles tax." As of January 1, 2007, the Fund's objective is "to provide current income exempt from federal income tax."

As part of this objective, the Fund has an investment policy to invest substantially all of its assets (at least 80%) in municipal obligations, the interest on which is exempt from regular federal income tax. The Fund will continue to invest pursuant to this policy and seek income exempt from regular federal income tax, but will increase its exposure to municipal obligations of issuers outside the State of Florida, transforming the Fund in an orderly manner over time into a diversified, national municipal bond fund. In connection with this change, the Fund eliminated its investment policy that at least 65% of its total assets normally will be invested in municipal obligations issued by the State of Florida or its political subdivisions, agencies, authorities and instrumentalities. The Fund's other investment policies remain unchanged. In connection with this, the Fund changed its name to "Eaton Vance Florida Plus Municipal Income Trust." These changes went into effect on January 1, 2008.

Eaton Vance Michigan Municipal Income Trust

NOTICE TO SHAREHOLDERS

The Michigan single business tax was repealed effective December 31, 2007 and replaced with the Michigan business tax effective January 1, 2008, and, accordingly, the investment objective of Eaton Vance Michigan Municipal Income Trust was revised to reflect this change. Prior to January 1, 2008, the objective of Eaton Vance Michigan Municipal Income Trust was "to provide current income exempt from regular federal income tax and Michigan state and city income and single business taxes." As of January 1, 2008, the Fund's objective is "to provide current income exempt from regular federal income tax and Michigan state and city income taxes and the net income tax portion of the Michigan business tax."

The new Michigan business tax has two components consisting of a tax (4.95%) on business income and a tax (0.8%) on gross receipts. In general, an additional surcharge of 21.99% of a taxpayer's liability under the Michigan business tax will also be imposed on those taxpayers subject to the tax. Fund dividends that are exempt-interest dividends attributable to Michigan tax-exempt obligations will be exempt from the tax on business income. These dividends should also be exempt from the tax on gross receipts for individuals, estates, and partnerships and trusts organized for estate or gift planning purposes (but not for other entities). Based on legislation enacted in early December 2007, it appears that individuals, estates, and partnerships and trusts organized for estate or gift planning purposes will generally not be subject to either component of the Michigan business tax with respect to interest, dividends, and gains from stocks and securities. Other distributions with respect to shares of the Michigan Fund including, but not limited to, long or short-term capital gains, will be subject to the Michigan income tax or single business tax or business tax and may be subject to the city income taxes imposed by certain Michigan cities. While it is contemplated that there may be additional legislation to make technical corrections to the Michigan business tax, the applicability of the tax on gross receipts is currently the most asked question of the Michigan Department of Treasury. Shareholders should consult their tax advisers concerning the applicability of Michigan state and city taxes to their investment in the Fund.

Item 4. Principal Accountant Fees and Services

(a) (d)

The following table presents the aggregate fees billed to the registrant for the fiscal years ended November 30, 2006 and November 30, 2007 by the registrant's principal accountant for professional services rendered for the audit of the registrant's annual financial statements and fees billed for other services rendered by the principal accountant during those periods.

Fiscal Years Ended	11/30/2006	11/30/2007
Audit Fees	\$ 27,350	\$ 24,090
Audit-Related Fees(1)	\$ 3,675	\$ 3,785
Tax Fees(2)	\$ 6,650	\$ 6,883
All Other Fees(3)	\$ 0	\$ 0
Total	\$ 37,675	\$ 34,758

(1)

Edgar Filing: EATON VANCE MASSACHUSETTS MUNICIPAL INCOME TRUST - Form N-CSR

Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under the category of audit fees and specifically include fees for the performance of certain agreed-upon procedures relating to the registrant's auction preferred shares.

- (2) Tax fees consist of the aggregate fees billed for professional services rendered by the principal accountant relating to tax compliance, tax advice, and tax planning and specifically include fees for tax return preparation and other tax related compliance/planning matters.
- (3) All other fees consist of the aggregate fees billed for products and services provided by the registrant's principal accountant other than audit, audit-related, and tax services.

(e)(1) The registrant's audit committee has adopted policies and procedures relating to the pre-approval of services provided by the registrant's principal accountant (the Pre-Approval Policies). The Pre-Approval Policies establish a framework intended to assist the audit committee in the proper discharge of its pre-approval responsibilities. As a general matter, the Pre-Approval Policies (i) specify certain types of audit, audit-related, tax, and other services determined to be pre-approved by the audit committee; and (ii) delineate specific procedures governing the mechanics of the pre-approval process,

including the approval and monitoring of audit and non-audit service fees. Unless a service is specifically pre-approved under the Pre-Approval Policies, it must be separately pre-approved by the audit committee.

The Pre-Approval Policies and the types of audit and non-audit services pre-approved therein must be reviewed and ratified by the registrant's audit committee at least annually. The registrant's audit committee maintains full responsibility for the appointment, compensation, and oversight of the work of the registrant's principal accountant.

(e)(2) No services described in paragraphs (b)-(d) above were approved by the registrant's audit committee pursuant to the de minimis exception set forth in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(f) Not applicable.

(g) The following table presents (i) the aggregate non-audit fees (i.e., fees for audit-related, tax, and other services) billed to the registrant by the registrant's principal accountant for the registrant's fiscal years ended November 30, 2006 and November 30, 2007; and (ii) the aggregate non-audit fees (i.e., fees for audit related, tax, and other services) billed to the Eaton Vance organization by the registrant's principal accountant for the same time periods, respectively.

Fiscal Years Ended	11/30/2006	11/30/2007
Registrant	\$ 10,325	\$ 10,668
Eaton Vance(1)	\$ 66,100	\$ 286,446

(1)Eaton Vance Management, a subsidiary of Eaton Vance Corp., acts as the registrant's investment adviser and administrator.

(h) The registrant's audit committee has considered whether the provision by the registrant's principal accountant of non-audit services to the registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant that were not pre-approved pursuant to Rule 2-01(c)(7)(ii) of Regulation S-X is compatible with maintaining the principal accountant's independence.

Item 5. Audit Committee of Listed registrants

The registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities and Exchange Act of 1934, as amended. Norton H. Reamer (Chair), William H. Park, Lynn A. Stout, Heidi L. Steiger and Ralph E. Verni are the members of the registrant's audit committee.

Item 6. Schedule of Investments

Please see schedule of investments contained in the Report to Stockholders included under Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

The Board of Trustees of the Trust has adopted a proxy voting policy and procedure (the Fund Policy), pursuant to which the Trustees have delegated proxy voting responsibility to the Fund's investment adviser and adopted the investment adviser's proxy voting policies and procedures (the Policies) which are described below. The Trustees will review the Fund's proxy voting records from time to time and will annually consider approving the Policies for the upcoming year. In the event that a conflict of interest arises between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund, the investment adviser will generally refrain from voting the proxies related to the companies giving rise to such conflict until it consults with the Board's Special Committee except as contemplated under the Fund Policy. The Board's Special Committee will instruct the investment adviser on the appropriate course of action.

The Policies are designed to promote accountability of a company's management to its shareholders and to align the interests of management with those shareholders. An independent proxy voting service (Agent), currently Institutional Shareholder Services, Inc., has been retained to assist in the voting of proxies through the provision of vote analysis, implementation and recordkeeping and disclosure services. The investment adviser will generally vote proxies through the Agent. The Agent is required to vote all proxies and/or refer them back to the investment adviser pursuant to the Policies. It is generally the policy of the investment adviser to vote in accordance with the recommendation of the Agent. The Agent shall refer to the investment adviser proxies relating to mergers and restructurings, and the disposition of assets, termination, liquidation and mergers contained in mutual fund proxies. The investment adviser will normally vote against anti-takeover measures and other proposals designed to limit the ability of shareholders to act on possible transactions, except in the case of closed-end management investment companies. The investment adviser generally supports management on social and environmental proposals. The investment adviser may abstain from voting from time to time where it determines that the costs associated with voting a proxy outweighs the benefits derived from exercising the right to vote or the economic effect on shareholders interests or the value of the portfolio holding is indeterminable or insignificant.

In addition, the investment adviser will monitor situations that may result in a conflict of interest between the Fund's shareholders and the investment adviser, the administrator, or any of their affiliates or any affiliate of the Fund by maintaining a list of significant existing and prospective corporate clients. The investment adviser's personnel responsible for reviewing and voting proxies on behalf of the Fund will report any proxy received or expected to be received from a company included on that list to the personal of the investment adviser identified in the Policies. If such personnel expects to instruct the Agent to vote such proxies in a manner inconsistent with the guidelines of the Policies or the recommendation of the Agent, the personnel will consult with members of senior management of the investment adviser to determine if a material conflict of interests exists. If it is determined that a material conflict does exist, the investment adviser will seek instruction on how to vote from the Special Committee.

Information on how the Fund voted proxies relating to portfolio securities during the most recent 12 month period ended June 30 is available (1) without charge, upon request, by calling 1-800-262-1122, and (2) on the Securities and Exchange Commission's website at <http://www.sec.gov>.

Potential for Conflicts of Interest. The portfolio managers manage multiple investment portfolios. Conflicts of interest may arise between a portfolio manager's management of the Fund and his or her management of these other investment portfolios. Potential areas of conflict may include allocation of a portfolio manager's time, investment opportunities and trades among investment portfolios, including the Fund, personal securities transactions and use of Fund portfolio holdings information. In addition, some investment portfolios may compensate the investment adviser or sub-adviser based on the performance of the securities held by that account. The existence of such a performance based fee may create additional conflicts of interest for a portfolio manager in the allocation of management time and investment opportunities. EVM has adopted policies and procedures that it believes are reasonably designed to address these conflicts. There is no guarantee that such policies and procedures will be effective or that all potential conflicts will be anticipated.

Portfolio Manager Compensation Structure

Compensation of EVM's portfolio managers and other investment professionals has three primary components: (1) a base salary, (2) an annual cash bonus, and (3) annual stock-based compensation consisting of options to purchase shares of EVC's nonvoting common stock and/or restricted shares of EVC's nonvoting common stock. EVM's investment professionals also receive certain retirement, insurance and other benefits that are broadly available to all EVM's employees. Compensation of EVM's investment professionals is reviewed primarily on an annual basis. Cash bonuses, stock-based compensation awards, and adjustments in base salary are typically paid or put into effect at or shortly after the October 31st fiscal year end of EVC.

Method to Determine Compensation. EVM compensates its portfolio managers based primarily on the scale and complexity of their portfolio responsibilities and the total return performance of managed funds and accounts versus appropriate peer groups or benchmarks. Performance is normally based on periods ending on the September 30th preceding fiscal year end. Fund performance is evaluated primarily versus peer groups of funds as determined by Lipper Inc. and/or Morningstar, Inc. In evaluating the performance of a fund and its manager, primary emphasis is normally placed on three-year performance, with secondary consideration of performance over longer and shorter periods. For funds that are tax-managed or otherwise have an objective of after-tax returns, performance is measured

net of taxes. For other funds, performance is evaluated on a pre-tax basis. In addition to rankings within peer groups of funds on the basis of absolute performance, consideration may also be given to risk-adjusted performance. For funds with an investment objective other than total return (such as current income), consideration will also be given to the fund's success in achieving its objective. For managers responsible for multiple funds and accounts, investment performance is evaluated on an aggregate basis, based on averages or weighted averages among managed funds and accounts. Funds and accounts that have performance-based advisory fees are not accorded disproportionate weightings in measuring aggregate portfolio manager performance.

The compensation of portfolio managers with other job responsibilities (such as heading an investment group or providing analytical support to other portfolios) will include consideration of the scope of such responsibilities and the managers' performance in meeting them.

EVM seeks to compensate portfolio managers commensurate with their responsibilities and performance, and competitive with other firms within the investment management industry. EVM participates in investment-industry compensation surveys and utilizes survey data as a factor in determining salary, bonus and stock-based compensation levels for portfolio managers and other investment professionals. Salaries, bonuses and stock-based compensation are also influenced by the operating performance of EVM and its parent company. The overall annual cash bonus pool is based on a substantially fixed percentage of pre-bonus operating income. While the salaries of EVM's portfolio managers are comparatively fixed, cash bonuses and stock-based compensation may fluctuate significantly from year to year, based on changes in manager performance and other factors as described herein. For a high performing portfolio manager, cash bonuses and stock-based compensation may represent a substantial portion of total compensation.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

No such purchases this period.

Item 10. Submission of Matters to a Vote of Security Holders.

No Material Changes.

Item 11. Controls and Procedures

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
