REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Environmental Monitoring and Testing Corporation
Las Vegas, Nevada

We have audited the accompanying balance sheet of Environmental Monitoring and Testing Corporation as of September 30, 2004 and the related statements of operations, changes in stockholders’ (deficit), and cash flows for the year then ended. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We have conducted our audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying financial statements for the year ended September 30, 2004 have been prepared assuming that the Company will continue as a going concern. As discussed in Note 5 to the financial statements, the Company has sustained operating losses and capital deficits that raise substantial doubt about its ability to continue as a going concern. Management’s operating and financing plans in regard to these matters are also discussed in Note 5. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Environmental Monitoring and Testing Corporation as of September 30, 2004 and the results of its operations,

changes in stockholders' (deficit) and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

ENVIRONMENTAL MONITORING AND TESTING CORPORATION
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004 AND 2003

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

The Company was incorporated on May 10, 1998, under the laws of the State of Delaware. The business purpose of the Company was originally to engage in environmental monitoring and testing. However, on December 31, 2001, the Company liquidated its operating assets and currently has no operations. The Company has adopted a fiscal year ending September 30.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash equivalents.

Income Taxes

The income tax benefit is computed on the pretax loss based on the current tax law. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates. The Company has not established a provision due to the losses sustained.

Earnings (Loss) Per Share of Common Stock

Historical net (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) include additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants. Common stock equivalents were not included in the computation of diluted earnings per share when the Company reported a loss because to do so would be antidilutive for periods presented.

The following is a reconciliation of the computation for basic and diluted EPS:

<Page> 7

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
SEPTEMBER 30, 2004 AND 2003

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Earnings (Loss) Per Share of Common Stock (continued)

Options and warrants outstanding to purchase stock were not included in the computation of diluted EPS because inclusion would have been antidilutive.

There are no options and warrants outstanding to purchase stock at September 30, 2004 and 2003.

Reclassifications

Certain amounts for the years ended September 30, 2003 have been reclassified to conform to the presentation of the September 30, 2004 amounts. The reclassifications have no effect on net income for the year ended September 30, 2003.

NOTE 3 - STOCKHOLDERS' EQUITY (DEFICIT)

As of September 30, 2004, there were 30,000,000 shares authorized shares and 6,184,000 shares issued and outstanding of the Company's common stock with a par value of \$.01. There were no shares issued during the years ended September 30, 2004 and 2003, respectively.

As of September 30, 2004, there were 1,000,000 shares authorized and 0 shares issued and outstanding of the Company's preferred stock with a par value of \$.01.

<Page> 8

ENVIRONMENTAL MONITORING AND TESTING CORPORATION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
SEPTEMBER 30, 2004 AND 2003

NOTE 4 - INCOME TAXES

There was no income tax benefit recognized at September 30, 2004 and 2003.

The net deferred tax assets in the accompanying balance sheet include benefit of utilizing net operating losses of approximately \$2,064,000, however due to the uncertainty of utilizing the net operating losses, an offsetting valuation allowance has been established.

NOTE 5 - GOING CONCERN

As shown in the accompanying financial statements, the Company incurred substantial net losses for the years ended September 30, 2004 and 2003. There is no guarantee whether the Company will be able to generate enough revenue and/or raise capital to support those operations. This raises substantial doubt about the Company's ability to continue as a going concern. Management believes the Company's capital requirement will depend on many factors, including the success of the Company to raise money. The Company continues to search for acquisition candidates to fund operations. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

NOTE 6 - COMMITMENT AND CONTINGENCY

Included in the accounts payable and accrued expenses is an accrual of \$3,000 representing the fair market of value of stock to be issued to former directors of the Company.

NOTE 7 - SUBSEQUENT EVENT

On December 3, 2004, the Company increased the authorized number of shares of common stock from 30,000,000 shares to 90,000,000 shares with a par value of \$0.001. In addition, the Company had 1,000,000 shares of preferred stock with a par value of \$0.01 which was reallocated to 990,000 shares of Preferred Stock A with a par value of \$0.001; 9,000,000 shares of Preferred Stock B with a par value of \$0.001; and 10,000 shares of Preferred Stock C with a par value of \$0.001. The Preferred Stock A is participating, voting and convertible with a liquidation of \$1,000 each; the Preferred Stock B is participating, voting and convertible with a liquidation value of \$3 each; and the Preferred Stock C has a liquidation value of \$10 each. All preferred stock series A, B and C are convertible to 4,000 common shares for each share held and will have 4,000 votes for each share held. In addition, in all cases, the holders of the Preferred Stock C will vote cumulatively at least fifty one percent (51%) of all votes cast regardless of the amount of series C shares issued, at any meeting of shareholders or any major issue put before the Company for voting of shareholders.
