**PROXY STATEMENT
FOR THE 2008 ANNUAL MEETING OF
STOCKHOLDERS**

June 6, 2008

**QUESTIONS AND ANSWERS ABOUT THIS PROXY
MATERIAL AND VOTING**

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors (Board of Directors) of ICO Global Communications (Holdings) Limited (Company or ICO) is soliciting your proxy to vote at the 2008 Annual Meeting of Stockholders (Annual Meeting). You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

The Company intends to mail this proxy statement and accompanying proxy card on or about April 25, 2008 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 15, 2008 (Record Date) will be entitled to vote at the Annual Meeting. On this Record Date, there were 145,431,083 shares of Class A common stock outstanding and entitled to vote (one vote per share) and 53,660,000 shares of Class B common stock outstanding and entitled to vote (ten votes per share).

Stockholders of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with ICO's transfer agent, Mellon Investor Services LLC (BNY Mellon), then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on the Record Date your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

TABLE OF CONTENTS

What am I voting on?

There are two matters scheduled for a vote:

Election of 9 directors; and
Ratification of the selection of the independent registered public accounting firm of Deloitte & Touche LLP as independent auditor of the Company for its fiscal year ending December 31, 2008.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-866-540-5760 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on June 5, 2008, the day prior to the Annual Meeting, to be counted.

To vote on the Internet, go to <http://www.proxyvoting.com/icog> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on June 5, 2008, the day prior to the Annual Meeting, to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from ICO.

Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. You may contact your broker or bank to request a proxy

form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you will have one vote for each share of Class A common stock you own as of the Record Date and ten votes for each share of Class B common stock you own as of the Record Date.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted **For** the election of all 9 nominees for director, and **For** the ratification of the selection of the

independent registered public accounting firm of Deloitte & Touche LLP as independent auditor of the Company for its fiscal year ending December 31, 2008. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to the Company's Corporate Secretary at 11700 Plaza America Drive, Suite 1010, Reston, Virginia 20190.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year s Annual Meeting?

To be included in next year s proxy materials, your proposal must be submitted in writing by December 26, 2008 to ICO s Corporate Secretary at 11700 Plaza America Drive, Suite 1010, Reston, Virginia 20190.

A stockholder proposal or nomination for director that will not be included in next year s proxy materials, but that a stockholder intends to present in person at next year s Annual Meeting, must comply with the notice, information and consent provisions contained in the Company s Bylaws. In part, the Bylaws provide that to timely submit a proposal or nominate a director you must do so by submitting the proposal or nomination in writing, which must be delivered to or mailed and received by the Company s Corporate Secretary at the Company s principal executive offices no later than the close of business on April 7, 2009 (60 days prior to the first anniversary of the 2008 Annual Meeting Date) nor earlier than the close of business on March 8, 2009 (90 days prior to the first anniversary of the 2008 Annual Meeting date). However, if the date of the meeting is changed by more than 30 days from such anniversary date, to be timely, notice by the stockholder must be received no later than the close of business on the earlier of the 7th day following the date on which notice of the date of the meeting was mailed or a public announcement of the meeting was made. The Company s Bylaws contain additional requirements to properly submit a proposal or nominate a director. If you plan to submit a proposal or nominate a director, please review the Company s Bylaws carefully. You may obtain a copy of the Company s Bylaws by mailing a written request to the Corporate Secretary of ICO at 11700 Plaza America Drive, Suite 1010, Reston, Virginia 20190 or by visiting the Company s website at www.ico.com.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes,

3

TABLE OF CONTENTS

abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Currently under the Nasdaq regulations, the election of directors and the ratification of the selection of independent registered public accounting firms are considered routine matters for which brokerage firms may vote shares for which they have not received voting instructions.

How many votes are needed to approve each proposal?

For Proposal No. 1, Election of Directors, the 9 nominees receiving the most For votes (from the holders of votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes For or Withheld will affect the outcome.

To be approved, Proposal No. 2, Ratification of the Selection by the Audit Committee of the Board of Directors of the Independent Registered Public Accounting Firm of Deloitte & Touche LLP as Independent Auditor, must receive For votes from the holders of a majority of shares present in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding shares representing a majority of the combined voting power of the outstanding Class A common stock and Class B common stock are present at the meeting in person or represented by proxy. On the Record Date, there were 145,431,083 of Class A common stock outstanding and 53,660,000 shares of Class B common stock outstanding. Thus, holders of shares representing 341,015,542 votes must be present in person or represented by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in the Company's quarterly report on Form 10-Q for the second quarter of 2008.

ELECTION OF DIRECTORS

The Company's Board of Directors consists of 9 directors. There are 9 nominees for director this year. Each director to be elected will hold office until the next Annual Meeting of stockholders and until his or her successor is elected, or, if sooner, until the director's death, resignation or removal. Each of the nominees listed below is currently a director of the Company who was previously elected by the stockholders. The Company encourages nominees for directors and directors to attend the Annual Meeting. Seven of the directors attended the 2007 Annual Meeting of Stockholders. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by the Company's management. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

Controlled Company

Under the NASD Marketplace Rules, a controlled company is a company of which more than 50% of the voting

power is held by an individual, a group or another company. The Board of Directors has determined that the Company is a controlled company within the meaning of the Nasdaq Stock Market's listing standards. The basis for the Board of Directors' determination that the Company is a controlled company is the beneficial ownership of approximately 68% of the voting power of the Company's outstanding capital stock, as of the Record Date, by Eagle River Satellite Holdings, LLC (ERSH). Craig O. McCaw is the sole manager and beneficial member of Eagle River Investments, LLC, which is the sole member of ERSH. As a controlled company under Nasdaq Global Market corporate governance requirements, ICO is exempted from complying with (1) Nasdaq's requirement that a majority of the Board of Directors consist of independent directors, (2) Nasdaq's requirement that the compensation of officers be determined, or recommended to the Board of Directors for determination, by a majority of the independent directors or a compensation committee comprised solely of independent directors, and (3) Nasdaq's requirement that director nominees be selected, or recommended for the Board of Directors' selection, by a majority of the independent directors or a nominating committee comprised solely of independent directors with a written charter or board resolution addressing the nomination process. The Company has elected to use these exemptions available to controlled companies.

Nominations Process

Because the Company qualifies as a controlled company, it currently does not have a Board of Directors consisting of a majority of independent directors, and the slate of nominees nominated and recommended by the Board of Directors is not comprised of a majority of independent directors. Further, due to its status as a controlled company, and in part as a result of the historically low turnover of its members, the Board of Directors has not established a nominating committee comprised solely of independent directors and has not adopted a nominating committee charter or a policy for the nomination of directors, other than as set out in the Company's bylaws. In light of the Company's status as a controlled company and the fact that all of the nominees for director named herein are incumbent directors, the Board of Directors approved the nomination of such nominees without a prior recommendation from a majority of the independent directors.

The Board of Directors consults with the Company's counsel to ensure that its determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the Nasdaq, as in effect from time to time. Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditor, the Board of Directors has affirmatively determined that Mr. Ginn, Mr. Rowan, Mr. Thompson, and Mr. Wasserman are independent directors within the meaning of the applicable Nasdaq listing standards.

Meetings of the Board of Directors

The Board of Directors met four times during the last fiscal year. All directors except Mr. McCaw and Mr. Wasserman attended at least 75% of the aggregate of the meetings of the Board of Directors and of the committees on which they served, held during the period for which they were directors or committee members, respectively.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board of Directors in accordance with Section 10A(m) of the Securities Exchange Act of 1934, as amended (Exchange Act), and Nasdaq Marketplace Rule 4250(d) to assist the Board of Directors in overseeing the Company's accounting and financial reporting processes and system of internal controls; evaluating the qualifications and independence of the Company's auditor; and overseeing the Independent Auditor. For this purpose, the Audit Committee performs several functions. The Audit Committee: (i) evaluates the performance of and assesses the qualifications of the independent auditor; (ii) determines and approves the engagement of the independent auditor; (iii) determines whether to retain or terminate the existing independent auditor or to appoint and engage a new independent auditor; (iv) reviews and approves the retention of the independent auditor to perform any proposed permissible non-audit services; (v) monitors the rotation of partners of the independent auditor on the Company's audit engagement team as required by law; (vi) reviews and approves or rejects transactions between the Company and any related persons; (vii) confers with management and the independent auditor regarding the effectiveness of internal controls over financial reporting; (viii) establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submissions by employees of concerns regarding questionable accounting or auditing matters; and (ix) meets to review the Company's annual audited financial statements and quarterly financial statements with management and the independent auditor, including reviewing the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. The Audit Committee is composed of three directors: Messrs. Rowan (chairman), Ginn and Thompson. The Audit Committee met seven times during the last fiscal year. The Board of Directors has adopted a written charter for the Audit Committee that is available to stockholders on the Company's website at www.ico.com.

The Board of Directors reviewed the Nasdaq listing standards definition of independence for Audit Committee members and has determined that Messrs. Rowan, Ginn and Thompson are independent (as independence is currently defined in Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq listing standards). The Board of Directors has also determined that Mr. Rowan qualifies as an audit committee financial expert, as defined in the applicable U.S. Securities and Exchange Commission (SEC) rules. The Board of Directors made a qualitative assessment of Mr. Rowan's level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer for public reporting companies.

Compensation Committee

The Compensation Committee of the Board of Directors was established by the Board of Directors to: (i) act on behalf of the Board of Directors in fulfilling the Board of Director s responsibilities to oversee the Company s compensation policies, plans and programs; (ii) review and determine the compensation to be paid

to the Company s executive officers and directors; (iii) review the Compensation Discussion and Analysis (CD&A) with management and make a recommendation as to whether the CD&A should be included in the Company s annual report and/or proxy statement; (iv) prepare and review the Committee report included in the Company s annual proxy statement in accordance with applicable rules and regulations of the SEC in effect from time to time; and (v) perform such other functions as may be deemed necessary or convenient in the efficient and lawful discharge of the foregoing.

The Compensation Committee is composed of two directors: Messrs. Thompson (chairman) and Rowan, each of whom is an independent director. The Compensation Committee met two times during the last fiscal year. The Compensation Committee has adopted a written charter that is available to stockholders on the Company s website at www.ico.com.

Compensation Committee Processes and Procedures

In accordance with its charter, the Compensation Committee meets at least one time annually and with greater frequency if necessary. The Chairman of the Committee, the Chairman of the Board of Directors or the Chief Executive Officer may call meetings. From time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice, or otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in or be present during any deliberations or determinations of the Compensation Committee regarding his compensation. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company, as well as the authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultants reasonable fees and other retention terms.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is, or was during the Company s last fiscal year, an officer or employee of ICO, and none of the Company s executive officers serves, or during the Company s last fiscal year served, as a member of a compensation committee (or other board committee performing equivalent functions) of any entity that has one or more executive officers serving as a member of the Company s Compensation Committee. No member of the Compensation Committee during the last fiscal year was formerly an officer of the Company. No executive officer of the Company serves, or during the Company s last fiscal year served, as a director of another entity, one of whose directors sits on the Company s compensation committee.

The Strategy Committee is composed of two directors: Messrs. McCaw (Chairman) and Ginn. The Strategy Committee did not meet during the last fiscal year.

Stockholder Communications with the Board of Directors

Nevertheless, the Company believes it has provided for the views of its stockholders to be heard by the Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. During the upcoming year, the Board of Directors may consider the adoption of a formal process for stockholder communications with the Board of Directors and, if adopted, publish it promptly and post it to the Company's website. Stockholders may submit questions to the Investor Relations department by going to the Investor Relations section of the Company's website at www.ico.com.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the independent registered public accounting firm of Deloitte & Touche LLP as the Company's independent auditor for the fiscal year ending December 31, 2008, and has further directed that management submit the selection of the independent auditor for ratification by the stockholders at the Annual Meeting. Deloitte & Touche LLP has audited the Company's financial statements for the years ending 2003 through 2007. Representatives of Deloitte & Touche LLP will be available telephonically at the Annual Meeting to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte & Touche LLP as the Company's independent auditor. However, the Audit Committee of the Board of Directors is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board of Directors in its discretion may direct the appointment of a different independent auditor at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Principal Accountant Fees and Services

The following table represents aggregate fees billed to the Company for the fiscal years ended December 31, 2007 and 2006 by Deloitte & Touche LLP, the Company's principal accountant.

Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and non-audit services rendered by our independent registered public accounting firm, Deloitte & Touche LLP. While the Audit Committee charter permits the Audit Committee to delegate pre-approval authority to subcommittees consisting of one or more individuals, the Audit Committee has not done so. To date, all pre-approval has been given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case

basis before the independent auditor is engaged to provide each service. All of the services provided by Deloitte & Touche LLP in 2007, as described under Audit Fees above, were pre-approved by the Audit Committee.

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2007 with management of the Company. The Audit Committee has discussed with the independent auditor the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent accountants required by the Independence Standards Board Standard No. 1, (*Independence Discussions with Audit Committees*), as adopted by the PCAOB in Rule 3600T and has discussed with the independent accountants the independent accountant's independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Form 10-K for the fiscal year ended December 31, 2007. **The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, as amended.**

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The primary goals of the Company's executive officer compensation program are to tie compensation to achievement of specified performance objectives, to attract and retain talented and dedicated executives, and to align the Company's executive officers' interests with those of its stockholders. The elements of this executive compensation program (some or all of which may be applicable to any particular executive) include the following: base salary, annual bonus, equity incentive compensation and other compensation. Each element is designed to achieve one or more of the Company's goals regarding performance, retention and alignment.

While the Compensation Committee sets and oversees compensation policy for all of the Company's executive officers and directors, this discussion and analysis is limited to compensation granted to the Company's named executive officers.

The Company has entered into employment agreements with each of its named executive officers that, as modified by the Board of Directors, set the salary and, where applicable (currently in the case of Messrs. Schmitt and Bagley), targets for an annual discretionary bonus for the applicable calendar year.

Compensation Objectives

The Compensation Committee designs compensation packages that seek to serve the goals of performance, alignment and retention.

Performance

One goal of the Company's executive compensation program is to reward individual performance and contributions toward Company performance over a long period of time. At this stage of its development, the Company measures its performance primarily based on achievement of key strategic goals such as the development of its satellite system and

achievement of other operational milestones. The following elements of compensation are designed to achieve this goal:

equity incentive compensation in the form of stock options and restricted stock awards, the value of which is contingent upon the performance of the Company's share price, and subject to vesting schedules that require continued service with the Company; and

in the case of Messrs. Schmitt and Bagley, a discretionary cash bonus, provided under each executive's employment agreement, based upon individual and Company performance.

Base salary amounts and, for certain named executive officers, cash bonuses are designed to reward annual achievements based upon responsibilities, demonstrated leadership, and management experience and effectiveness.

The Company does not typically provide annual cash bonuses for its most senior executive officers. Instead, the Company pays competitive salaries for these officers and provides their remaining compensation in long-term equity incentive awards.

Alignment

The Company seeks to align the interests of its named executive officers with those of its stockholders by evaluating executive performance on the basis of key operational measurements which the Company believes closely correlate to

long-term stockholder value. These measurements include development of the Company's satellite and ground systems, development of strategic relationships, furtherance of the Company's business plan and other corporate and operational objectives. The element of compensation that most directly aligns the interests of named executive officers with stockholders is equity incentive compensation, which links a significant portion of compensation to stockholder value because the total value of those awards is tied to stock price appreciation.

Retention

The Company competes for executive talent in the telecommunications industry. To encourage retention of its named executive officers, the Company makes a substantial portion of their compensation dependent upon continued service.

The Company's equity incentive compensation awards require long-term continued service to receive any, or the maximum, payout.

Implementing the Company's Objectives

Determining Compensation

The Compensation Committee determines compensation for named executive officers after reviewing the overall performance of the Company and evaluating executive performance during the year. The Compensation Committee evaluated executive performance based upon leadership, operational performance, responsibilities and career with the Company. Specific factors affecting compensation decisions for the Company's named executive officers include:

achievement of specific operational goals for the Company, including sustained progress in furtherance of its business plan; and

achievement of strategic objectives such as entering into key transactions, achieving financial and other corporate goals, and pursuing technological innovation.

The Company considers competitive market compensation paid by other communications companies, but does not attempt to maintain a certain target percentile within a peer group or otherwise rely on data to determine executive

compensation. The Company maintains flexibility in its compensation program and in the assessment process which enables the Company to respond to and adjust for its evolving business environment.

The Company designs the mix of compensation elements to reward recent results and to motivate long-term performance through a combination of cash and equity incentive awards. The Company also seeks to balance compensation elements that are based on operational and strategic measures with others that are based on the performance of its stock. The Company believes the most important indicator of whether its compensation objectives are being met is its ability to motivate and to retain its named executive officers on a cost-effective basis.

Management's Role

Management coordinates the annual review of the compensation programs for all of the Company's named executive officers. This includes an evaluation of individual and Company performance, competitive practices and trends, and various compensation issues. Based on the outcomes of this review, management makes recommendations to the Compensation Committee regarding the compensation of each of the named executive officers, other than the chief executive officer. The Compensation Committee believes that input from management provides useful information and points of view to assist the Compensation Committee in making compensation decisions. Although the Compensation Committee receives information and recommendations regarding the design and level of compensation of the Company's named executive officers from management, the Compensation Committee makes the final decisions as to the plan design and compensation levels for these executives.

Compensation Committee

The Compensation Committee has overall responsibility for the review, evaluation and approval of programs to ensure that they are reasonable, consistent with the Company's stated compensation objectives and consistent with its business goals and objectives. The Board of Directors established the Compensation Committee in December 2006.

The current members of the Committee are Mr. Thompson, who serves as the chairman, and Mr. Rowan.

The Compensation Committee has authority and responsibility for the review, evaluation and approval of the compensation for all of the Company's executive officers and directors. This includes establishing compensation objectives, and policies and plans covering the Company's executive officers. The Compensation Committee also conducts an annual review of the chief executive officer and approves his annual compensation.

The Compensation Committee has a charter, which is available on the Company's website at www.ico.com. Under the charter, the purposes of the Compensation Committee are summarized as follows, to:

act on behalf of the Board of Directors in fulfilling the Board of Director's responsibilities to oversee the Company's compensation policies, plans and programs;

22

TABLE OF CONTENTS

review and determine the compensation for the Company's executive officers and directors;
review the Compensation Discussion and Analysis with management and recommend whether the Compensation Discussion and Analysis should be included in the Company's annual report and/or proxy statement;
prepare and review the Compensation Committee report included in the annual proxy statement; and
perform such other functions as may be deemed necessary.

The Compensation Committee meets at least one time each year to address various compensation issues and processes and holds such additional meetings as it determines are appropriate. The Compensation Committee reports to the Board of Directors regarding executive compensation matters.

Compensation Consultant

Neither the Company nor the Compensation Committee has any contractual arrangement with any compensation consultant who has a role in determining or recommending the amount or form of executive or director compensation. In the future, either the Company or the Compensation Committee may engage or seek the advice of compensation consultants.

Equity Grant Practices

The Company's grant process authorizes the Company's Chief Executive Officer to grant options to newly hired employees and consultants who do not directly report to him and are not reporting persons for purposes of Section 16 of the Exchange Act, subject to certain limitations. The option must have an exercise price equal to the closing share price on the date of grant, the number of shares covered by the option are limited based on the position (up to 250,000 shares for an employee who is a senior vice president), and the total number of shares covered by options granted by the Chief Executive Officer cannot exceed 2,000,000 shares unless further approval is obtained from the Board of Directors. In 2007, the Compensation Committee amended this grant process to further enhance the predictability and administrative simplicity of the grant process. Currently, option grants for new hires eligible for an option grant under the grant process are made on the 15th of each month that is on or after their service start date, with an exercise price equal to the fair market value of the Company's stock on the date of grant. For new hires not subject to the process described above, the Board of Directors (either by itself or through the Compensation Committee) continues to approve the relevant grants, with an exercise price equal to the closing share price on the grant approval date.

Tax Deductibility

Section 162(m) imposes a \$1,000,000 limit on the amount that a public company may deduct for compensation paid to the Company's Chief Executive Officer or any of the Company's four other most highly compensated executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation. When a company first becomes publicly held, special transition rules apply to compensation paid pursuant to a compensation plan or agreement that existed during the period in which the company was not publicly held.

Annual Review of Executive Compensation

Each year, the Compensation Committee evaluates each named executive officer's total compensation, equity holdings and merit history, including management's recommendations regarding the appropriate compensation for each named executive officer other than the Chief Executive Officer. In making its decisions on each named executive officer's compensation, the Compensation Committee considers the nature and scope of all elements of the executive officer's total compensation package, responsibilities, and his or her effectiveness in supporting the Company's key strategic, operational and financial goals. The Compensation Committee also considers recommendations from the Chief Executive Officer regarding total compensation for those reporting directly to him.

Employment Agreement

The Company has employment agreements with each of its named executive officers that, among other things, provide for a target base salary, subject to adjustment by the Compensation Committee from time to time. Each of the named executive officers serves at the will of the Board of Directors, and the Company may

terminate each executive's employment at any time. However, if the Company terminates the employment of Messrs. Schmitt or Bagley without cause, the Company must pay the executive 30 days' salary and benefits during that period (or may elect to give 30 days' notice in the alternative). If the Company terminates Messrs. Bryan, Jorgens or Corkery without cause, the Company must pay continued salary and vesting of options and restricted stock (if applicable) for a period of six months. For additional information about the employment agreements, see Potential Payments upon Termination or Change-in-Control below.

Compensation Elements

The Company's executive compensation program includes the following elements: base salary, annual bonus, and equity incentive compensation (which collectively represent an executive officer's total direct compensation, as reported below) and other compensation. For 2007, the mix of the total direct compensation elements for each of the named executive officers is as follows:

Percent of Total Direct Compensation

Officer	Base Salary	Annual & Non-Equity Incentive Compensation	Equity and Long-Term Incentive Awards
Mr. Bryan	28.4 %	0.0 %	71.6 %
Mr. Corkery	59.2 %	0.0 %	40.8 %
Mr. Schmitt	61.6 %	10.6 %	27.8 %
Mr. Jorgens	62.1 %	0.0 %	37.9 %
Ms. Alderman	55.6 %	0.0 %	44.4 %
Mr. Bagley	53.0 %	13.9 %	33.1 %

Base Salary

Base salaries for the Company's named executive officers are established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions. During 2007, the Compensation Committee increased the base salary amounts for calendar year 2007 for the named executive officers by approximately 4%. On February 29, 2008, the Compensation Committee increased the 2008 base salary amounts for Messrs. Bryan, Corkery, Schmitt and Bagley by approximately 4.5% (pro-rated for Mr. Corkery since he joined the Company during 2007). Effective March 31, 2008, Ms. Alderman resigned her position as Executive Vice President, Corporate Development and Strategy and became a consultant for the Company. For additional information regarding Ms. Alderman's resignation, please see Potential Payments upon Termination or Change-in-Control, Employment Agreements with Named Executive Officers and Change-in-Control Arrangements below.

Annual Bonus

The employment agreements for Messrs. Schmitt and Bagley provide that each executive is eligible for a discretionary annual bonus based on a specified percentage of his respective salary (Mr. Schmitt 20% and Mr. Bagley 30%). These awards are intended to compensate the executives for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives vary depending on the individual executive, and relate generally to strategic factors such as progress towards the furtherance of the Company's business plan. For Mr. Schmitt, the primary objectives were the timely and accurate filing of financial statements, the elimination of material weaknesses in the Company's internal controls, and the production of timely and accurate internal budgets and reports.

For Mr. Bagley, the primary objectives were the effective negotiation and closing of important agreements, which have included those for the development of technology and infrastructure for the ICO mim offering as well as satellite

and in-orbit insurance. In addition, while it is the Company's current policy not to award bonuses to its most senior executive officers, the Compensation Committee has the authority to award discretionary annual bonuses and to set the terms and conditions of those bonuses. In March 2007, Mr. Schmitt received a bonus of \$44,540, representing 20% of his 2006 base salary and Mr. Bagley received a bonus of \$79,091, representing 30% of his 2006 base salary. In March 2008, Mr. Schmitt received a bonus of \$46,675, representing 20% of his 2007 base salary and Mr. Bagley received a bonus of \$90,000, representing 33% of his 2007 base salary.

Equity Incentive Compensation

The Company's equity incentive compensation program consists of stock options and restricted stock awards. The Company grants equity awards as long-term incentive compensation for its named executive officers. Equity awards allow the executive to acquire and maintain stock ownership in the Company and encourage the executive to remain employed by the Company to satisfy the vesting conditions. The equity awards are granted under the Plan. The Plan permits the grant of options and stock awards.

As of January 1, 2006, the Company records stock-based compensation expense on stock options and restricted stock awards issued to its named executive officers in accordance with Statement of Financial Accounting Standards 123 (revised 2004), *Share-Based Payment* (SFAS 123R).

In 2007, the Company granted stock options and restricted stock awards to each of its named executive officers in the amounts reported in the "Grants of Plan-Based Awards" table. The stock options require time-based vesting and vest in equal installments over a 4 year period based upon continued employment or service and expire 10 years after the date of grant.

Also in 2007, the Company awarded restricted stock awards to each of its named executive officers in the amounts reported in the "Grants of Plan-Based Awards" table. The restricted stock awards combine performance and time-based conditions to encourage both the meeting of key Company goals in 2008 and retention. The restricted stock awards vest in accordance with specific performance conditions. The performance conditions are: (i) certify to the Federal Communications Commission (FCC) that ICO G1 is operational; (ii) demonstrate DVB-SH/GMR through the Company's alpha trial; (iii) obtain Ancillary Terrestrial Component (ATC) authorization from the FCC; and (iv) retain provisional authority in Europe. Different named executive officers have different amounts of restricted stock awards allocated to the various performance conditions depending upon their responsibilities. The percentages allocated to each performance condition for our named executive officers range from 0% to 70%. The portion of restricted stock awards allocated to a particular performance condition vest 50% when that condition is achieved. After the performance condition is achieved, 25% of shares allocated to that condition vest one year after the performance condition is achieved and the remaining 25% of shares allocated to that condition vest two years after the performance condition is achieved, in each case, provided the individual performs continuous services for the Company through the vesting date. The ability to meet each of the performance based conditions expires on December 31, 2008.

Other Compensation

Each named executive officer is eligible to participate in the health, medical and other benefits the Company makes available to all employees. These other benefits include the Company's matching contribution to an employee's 401(k) account equal to 12% of the employee's base salary, subject to Internal Revenue Service limitations. Mr. Jorgens received an amount for tax return preparation and the Company pays the premiums related to his supplemental life insurance and individual disability insurance.

Potential Payments upon Termination or Change-in-Control

Employment Agreements with Named Executive Officers and Change-in-Control Arrangements

The Company entered into an employment letter agreement with J. Timothy Bryan, naming him as the Chief Executive Officer of both the Company and ICO North America, Inc. In 2007, Mr. Bryan received a base salary of \$568,333 under the agreement. The agreement provided for the grant of an option to purchase 2,000,000 shares of

Class A common stock under the Plan, such option to be inclusive of any options that he would have received for services as a director, and for a grant of 150,000 shares of restricted Class A common stock. Under the agreement, Mr. Bryan's employment is at-will, and he is subject to termination with or without cause and may leave the Company for any reason. If the Company terminates him without cause (other than following a change-in-control), he is entitled to a lump sum payment of accrued base salary through the date of termination, accrued but unused vacation time and reimbursement of business expenses, and, upon execution of a release of claims, continued salary and vesting of options granted under the Plan and restricted stock for six months, to the extent not superseded by any change-in-control provisions under the Plan. If Mr. Bryan is terminated without cause within six months after a change-in-control of the Company, upon execution of a release of claims, he is entitled to the continuation of his salary then in effect for six months. In case of termination for cause or his resignation, Mr. Bryan would only be entitled to a lump sum payment of accrued base salary through the date of termination, accrued but unused vacation time and reimbursement of business expenses. In addition, in the case of termination for cause, the option granted in connection with the agreement would immediately terminate, notwithstanding any prior vesting. In the event of a change-in-control, Mr. Bryan would be entitled to continuation of his base salary then in effect for six months equal to \$284,167 and in the event of Mr. Bryan's death, the amount payable under his life insurance policy would be \$200,000. The agreement obligates Mr. Bryan not to compete following termination of employment for a period equal to the longer of 12 months or the applicable severance period.

The Company has entered into an employment letter agreement with Michael P. Corkery. In 2007, Mr. Corkery received an annualized salary of \$325,000 (pro-rated since he joined the Company during the year). Under the agreement, Mr. Corkery's employment is at-will, and he is subject to termination with or without cause and may leave the Company for any reason. However, if the Company terminates him without cause, he is entitled to a lump sum payment of accrued base salary through the date of termination, accrued but unused vacation time, and reimbursement of reasonable business expenses, and, upon execution of a release of claims, continued salary, benefits and vesting of options granted under the Plan for six months. Additionally, the Company will accelerate and immediately vest all options and restricted stock awards which would have vested during the six months after termination. In case of termination for cause or his resignation, Mr. Corkery would only be entitled to a lump sum payment of accrued base salary through the date of termination, the value of accrued but unused vacation time, and reimbursement of reasonable business expenses. In the event of a change-in-control, Mr. Corkery would be entitled to continuation of his base salary then in effect for six months equal to \$162,500 and in the event of Mr. Corkery's death, the amounts payable under his life insurance policy would be \$200,000. Mr. Corkery is obligated not to compete following termination of employment for a period equal to six months.

The Company has entered into an employment letter agreement with Craig Jorgens. In 2007, Mr. Jorgens received a base salary of \$589,000. Under the agreement, Mr. Jorgens' employment is at-will, and he is subject to termination with or without cause and may leave the Company for any reason. However, if the Company terminates him without cause, he is entitled to a lump sum payment of accrued unpaid base salary, accrued but unused vacation time, and reimbursement of reasonable business expenses, and, upon execution of a release of claims, continued salary, benefits and vesting of options granted under the Plan for six months, to the extent not superseded by any change of control provisions under the Plan. In case of termination for cause or his resignation, Mr. Jorgens would only be entitled to a lump sum payment of accrued base salary and benefits through the date of termination, the value of accrued but unused vacation time and unpaid reasonable business expenses. In the event of a change-in-control, Mr. Jorgens would be entitled to continuation of his

base salary then in effect for six months equal to \$294,500 and in the event of Mr. Jorgens' death, the amounts payable under his life insurance policy would be \$200,000. Mr. Jorgens is obligated not to compete following termination of employment for a period equal to six months.

The Company entered into an employment agreement with Donna P. Alderman pursuant to which Ms. Alderman received a base salary of \$516,667. Ms. Alderman's employment was at-will. On March 4, 2008, the Company and Ms. Alderman entered into a Separation Agreement ("Separation Agreement"). Pursuant to the Separation Agreement,

Ms. Alderman resigned in her capacity as Executive Vice President, Corporate Development and Strategy of the Company effective March 31, 2008, and was engaged to serve as a consultant to the Company effective as of April 1, 2008. Ms. Alderman's Employment Letter Agreement with the Company dated April 16, 2006, is terminated effective March 31, 2008. Pursuant to the Separation Agreement, Ms. Alderman will no longer participate in the Company's benefit plans, but stock options and restricted stock awards will continue vesting in accordance with the original vesting schedules for so long as she continues to serve the Company as a consultant (with the exception of an option for 150,000 shares granted on November 14, 2005 for Ms. Alderman's service as a director of the Company, which shall continue to vest so long as she serves as a director). The Separation Agreement also contains covenants relating to non-competition, non-disparagement and confidentiality. In conjunction with executing the Separation Agreement, the Company and Ms. Alderman entered into a Consulting Agreement, effective April 1, 2008. Pursuant to the terms of the Consulting Agreement, Ms. Alderman will receive compensation equal to \$45,953 per month for the term of the Consulting Agreement, which terminates on December 31, 2008, unless terminated earlier pursuant to its terms, and will work for the Company on a full-time basis as directed by the Company's Chief Executive Officer.

David Bagley and Dennis Schmitt have entered into executive employment agreements. In 2007, Mr. Bagley received a base salary of \$274,505 and Mr. Schmitt received a base salary of \$231,880. The agreements entitle them to an annual base salary and a discretionary bonus in the target amount of 30% of base salary for the applicable calendar year, for Mr. Bagley, and 20% of base salary for the applicable calendar year, for Mr. Schmitt. Each person's actual bonus compensation may be more or less than the target amount. Either the Company or the individual may terminate the agreement for any reason with 30 days' written notice or, in lieu of notice, the Company may pay the individual one month's base salary, plus any accrued benefits and bonuses. The Company may also terminate for cause without notice, in which case the individual will not be entitled to any further compensation, including unpaid bonuses or benefits, other than his accrued salary, unused vacation time and reimbursement of expenses. In the event of a change-in-control, Mr. Bagley and Mr. Schmitt would be entitled to receive payments equal to one month of their respective base salaries equal to \$22,875 and \$19,323, respectively, and in the event of the death of either Mr. Bagley or Mr. Schmitt, the amounts payable would be \$483,000 and \$467,000, respectively.

Indemnification Agreements

The Company has entered into indemnity agreements with certain officers and directors which provide, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of the Company, and otherwise to the fullest extent permitted under Delaware law and the Company's Bylaws.

Under an indemnification agreement between the Company and Eagle River Investments, LLC, we are required to indemnify, defend, and hold harmless Eagle River Investments, LLC, its affiliates, and their respective members, directors, officers, agents, employees and controlling persons against claims, liabilities, losses, damages and fees and expenses incurred resulting from, or in connection with, the fact that such entity or person is or was a shareholder, director, officer, or employee of the Company or any of its subsidiaries, or based on an alleged breach of his or her fiduciary duty as a director or officer of the Company or any of its subsidiaries. The indemnification obligation is subject to certain exceptions, including losses and damages incurred through certain violations of the U.S. securities laws and damages caused by acts that a court determines to be a breach of fiduciary duties, gross negligence, or willful

misconduct. We agreed to advance reasonable costs and expenses incurred for defending any claim upon receipt of an undertaking to repay the advanced amounts if it is ultimately determined the indemnitee was not entitled to indemnification under the agreement.

Under an indemnification agreement with Cascade Investment, we are similarly required to indemnify Cascade Investment, its affiliates (including Mente), and their respective members, directors, officers, agents, employees and controlling persons.

We are also a party to an indemnification agreement with CDR-Satco, Clayton, Dubilier & Rice, Inc. (CD&R) and The Clayton, Dubilier & Rice Fund VI Limited Partnership, which obligates us to indemnify, defend, and hold harmless each of those entities and their respective directors, officers, partners, members, employees, agents and controlling persons under the same general terms as the indemnification agreement with Eagle River Investments, LLC, other than the addition of an obligation to indemnify for any claims arising out of or based upon the provision by CD&R of any consulting services (except to the extent a court finds that any of the indemnitees acted with gross negligence or intentional misconduct).

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials with respect to two or more stockholders sharing the same address by delivering a single annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are ICO's stockholders will be householding our proxy materials. A single annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials, please notify your broker. Upon written or oral request, we will promptly deliver a separate copy of the annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials, as applicable, to a stockholder at a shared address to which a single copy of the documents was delivered. Direct your written request to ICO, 11700 Plaza America Drive, Suite 1010, Reston, Virginia 20190, Attn: General Counsel or contact John Flynn at (703) 964-1400. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their brokers.
