ANGLO SWISS RESOURCES ANNOUNCES CLOSING OF PRIVATE PLACEMENT

Anglo Swiss Resources Inc. (TSX-Venture-ASW, OTC BB ASWRF, Berlin - AMO) has closed a non-brokered private placement for 4,000,000 units at 10 cents each. The placement was originally announced in a news release dated June 21, 2004. Each unit comprises one common share and one share purchase warrant, entitling the holder to purchase an additional common share for 15 cents for a one-year period.

Upon receiving final approval from the regulatory authorities, the shares and warrants will be subject to a minimum hold period, restricted from resale before December 10, 2004; the warrants expire August 10, 2005.

Anglo Swiss acquired 28 mineral claim units in the Nelson Mining District to add to its current gem property in the Slocan/Nelson Mining Districts known as the Blu Starr Gemstone property. The McAllister and Pipe Groups are contiguous and are located to the southeast of the Blu Starr property.

Anglo Swiss is targeting South-eastern British Columbia for its gem potential as its current discoveries of gemstone (sapphire, iolite, garnet) and a large flake-graphite showing are proof that this area has been long over looked for precious gem deposits. The recent discoveries of emerald, sapphire, opal and the emergence of the diamond industry throughout Canada have greatly advanced investor acceptance of the potential of Canadian gemstones.

The proceeds of the private placement will be used by the corporation for general working capital and to pay for the costs of continued evaluation of the Blu Starr Gemstone property and the additional 28 units acquired in July of this year.

On behalf of the Board,

"Len Danard"
President & CEO
