THE COMPANY

The Procter & Gamble Company was incorporated in Ohio in 1905, having been built from a business founded in 1837 by William Procter and James Gamble. Today, the Company manufactures and markets a broad range of consumer products in many countries throughout the world. Our principal executive offices are located at One Procter & Gamble Plaza, Cincinnati, Ohio 45202, and our telephone number is (513) 983-1100.

Our business is organized into five product-based, reportable segments called Global Business Units. These units are: Fabric and Home Care; Baby and Family Care; Beauty Care; Health Care; and Snacks and Beverages.

Fabric and Home Care includes laundry detergents, dish care, fabric enhancers and surface cleaners. Representative brands include Ariel, Tide, Dryel, Downy, Cascade, Dawn, Febreze and Swiffer.

Baby and Family Care includes diapers, wipes, tissue and towels. Representative brands include Pampers, Luvs, Charmin and Bounty.

Beauty Care includes hair care, hair colorants, skin care, cosmetics, fine fragrances, deodorants, tampons, pads and pantliners. Representative brands include Pantene, Herbal Essences, Nice 'N Easy, Head & Shoulders, Olay, Zest, Cover Girl, Secret, Old Spice, Tampax, Always and Whisper.

Snacks and Beverages includes coffee, snacks, commercial services and juice. Representative brands include Folgers, Millstone, and Pringles.

Health Care includes oral care, personal health care, pharmaceuticals and pet health and nutrition. Representative brands include Crest, Scope, Metamucil, Vicks, Actonel, Asacol, Iams and Eukanuba.

In the most recent fiscal year ended June 30, 2003, the Fabric and Home Care segment accounted for 29% of total sales and Beauty Care accounted for 28% of total sales. Baby and Family Care accounted for 23%, Health Care accounted for 13% and Snacks and Beverages accounted for 7% of total sales.

In the United States, as of June 30, 2003, the Company owned and operated 35 manufacturing facilities and leased and operated 2 manufacturing facilities. These facilities were located in 21 different states. In addition, the Company owned and operated 83 manufacturing facilities in 42 other countries. Many of the domestic and international facilities produced products for multiple business segments. Fabric and Home Care products were produced at 45 of these locations; Baby and Family Care products at 32; Health Care products at 25; Beauty Care products at 39; and Snacks and Beverages products at 11.

RECENT DEVELOPMENTS

On August 2, 2004, The Procter & Gamble Company announced strong top and bottom-line growth for the April - June quarter and the 2003/04 fiscal year. The Company delivered earnings per share of \$0.50 for the quarter and \$2.32 for the fiscal year. Results were ahead of the Company's long-term annual growth rate targets for sales, earnings per share and cash flow.

Executive Summary

Unit volume grew 18 percent for the quarter and 17 percent for the fiscal year. Organic volume, which excludes the impact of acquisitions and divestitures, increased 10 percent for both the quarter and fiscal year. All business segments, regions and each of the Company's top 14 brands posted volume growth on the quarter and fiscal year.

Net sales for the quarter increased 19 percent to \$12.96 billion. For the fiscal year, sales also grew 19 percent to \$51.41 billion, crossing the \$50 billion threshold for the first time in Company history. Organic sales, which exclude the impacts of acquisitions and divestitures and foreign exchange, grew eight percent for both the quarter and fiscal year.

Diluted net earnings per share increased 47 percent for the quarter.

For the fiscal year, diluted net earnings per share increased 25 percent.

April - June Quarter Discussion

Unit volume increased 18 percent behind double-digit growth in Beauty Care and Health Care and in developing markets. Organic volume, which excludes the impact of acquisitions and divestitures from year-over-year comparisons, increased 10 percent. Net sales for the quarter increased 19 percent to \$12.96 billion. Organic sales increased eight percent, well above the Company's long-term annual target. The impact of foreign exchange added three percent to sales growth, primarily driven by the strength of the euro, British pound and Japanese yen. The combination of pricing and mix reduced sales by two percent.

Net earnings for the quarter increased 44 percent to \$1.37 billion. Earnings growth was primarily driven by volume, restructuring program charges of \$261 million after tax in the base period and gross margin expansion enabled through cost savings programs. These improvements were partially offset by marketing investments in new product initiatives and to support continued growth of the base business. Excluding prior year restructuring program charges, net earnings increased 13 percent.

Diluted net earnings per share increased 47 percent to \$0.50. The acquisition of Wella AG was slightly dilutive on the quarter.

Key Financial Highlights for the Quarter

Gross margin expanded 280 basis points, with 150 basis points of the improvement (\$168 million before tax) related to restructuring program charges in the base period. The remaining 130 basis points of the expansion were driven by the scale benefit of increased volume, cost reduction programs and the addition of Wella, which has a higher gross margin than the base business. These benefits more than offset the impacts of pricing, commodity price increases and current year expenses associated with the Company's ongoing efforts to maintain a competitive cost structure.

Marketing, research, administrative and other (MRA&O) expenses as a percentage of net sales decreased 20 basis points in the quarter. The prior year period includes \$213 million before tax of restructuring program charges. Excluding the impact of these charges, MRA&O as a percentage of net sales increased 170 basis points. The primary driver of the increase

Table of Contents

was the addition of Wella, which has a higher percentage of MRA&O expenses as a percentage of sales than the balance of the business. The remaining increase was driven primarily by marketing investments to support new product initiatives and the base business.

Business Segment Discussion

The following provides perspective on the Company's April - June quarter results by business segment.

Fabric and Home Care unit volume was up eight percent for the quarter behind the expansion of Tide® and Ariel® in developing markets, as well as continued success of initiatives including Gain Whitewater Fresh®, Mr. Clean AutoDry®, Leno® in Japan and Cascade Action Pacs®. Net sales increased seven percent to \$3.49 billion. Sales growth includes a three percent foreign exchange impact. Pricing reduced sales by three percent due to continuation of prior period actions, primarily in North America and Western Europe fabric care. Negative mix of one percent was driven by strong developing market growth. Net earnings increased five percent to \$523 million. The benefits of volume growth and cost savings were partially offset by marketing and startup expenses for initiatives, commodity price increases and temporary costs related to capacity expansion and supply chain optimization.

For the quarter, Beauty Care delivered strong results. Unit volume grew 41 percent. Excluding the impact of Wella, unit volume increased 11 percent. Volume growth was broad-based behind the continued success of the Always®/Alldays® and Tampax® feminine care brands, Olay Regenerist® and Total Effects® in skin care, and the Pantene®, Head & Shoulders® and Herbal Essences® hair care brands. Net sales increased 43 percent to \$4.41 billion. Foreign exchange increased sales by three percent. Excluding Wella, net sales increased 13 percent. Net earnings increased 14 percent to \$532 million. The benefits of volume growth, cost savings and the addition of Wella were partially offset by marketing spending in support of initiatives (Herbal Essences in France and Japan; Head & Shoulders in Korea; Olay® in Western Europe; Rejoice® and Pantene in China) and to strengthen the North America hair care business.

Baby and Family Care delivered very strong results for the quarter. Unit volume increased eight percent behind double-digit growth in baby care, driven primarily by strong gains in low income markets and North America. Family care volume increased behind solid results in North America. Baby and Family Care net sales increased nine percent to \$2.73 billion, including a positive foreign exchange impact of three percent. Sales were reduced by two percent due to pricing. Net earnings grew 22 percent to \$201 million driven primarily by volume growth and cost savings, which more than offset the impact of pricing and higher commodity costs.

Health Care delivered another quarter of outstanding volume, sales and earnings growth. Unit volume increased 13 percent behind the continued success of initiatives including Prilosec OTC®, Crest Whitestrips® and Crest Whitening Expressions®. Pharmaceuticals contributed strong double-digit growth behind Actonel® and Asacol®. Net sales increased 18 percent to \$1.64 billion, including a positive foreign exchange impact of three percent and mix of two percent due to a shift to premium oral care products. Net earnings increased 25 percent to \$138 million driven by volume and cost savings, partially offset by marketing and overhead spending to support initiatives.

For the quarter, Snacks and Beverages delivered strong earnings results behind unit volume, up nine percent. The base period included the impact of lower Pringles® shipments due to tornado damage at the company's North American manufacturing facility. Excluding

Table of Contents

this impact, unit volume increased by mid-single digits behind strong results in Pringles and Folgers®. Juice volume declined due, in part, to cooler weather in Western Europe. Net sales increased 10 percent to \$855 million. Foreign exchange increased sales by three percent. Product mix reduced sales by two percent due to higher growth in Pringles. Net earnings were \$77 million, an increase of 40 percent, driven by volume growth and a favorable base period comparison.

Fiscal Year Discussion

For the fiscal year, the Company exceeded long-term annual growth targets for sales, earnings per share and cash flow. Unit volume for the fiscal year increased 17 percent. Organic volume grew 10 percent. All business segments reported mid-single digit increases or better, led by strong double-digit gains from Beauty Care and Health Care. Every one of the Company's top 14 brands and each of the top 16 countries delivered volume growth for the fiscal year. Developing market volume increased 19 percent.

Net sales increased 19 percent to \$51.41 billion. Organic sales increased eight percent, which excludes the impacts of acquisitions and divestitures as well as a positive foreign exchange impact of four percent. Exchange gains were driven by the euro, British pound and Japanese yen, partially offset by weakening of the Mexican peso. Pricing and mix combined for a negative impact of two percent on sales.

Net earnings for the fiscal year increased 25 percent to \$6.48 billion. The primary drivers of earnings growth were volume, cost savings and the completion of the restructuring program, which included charges in the prior year of \$538 million after tax. These gains were partially offset by increases in marketing spending to sustain growth of the base business and support initiatives.

Diluted net earnings per share increased 25 percent to \$2.32. The acquisition of Wella AG was about neutral on the year.

Key Financial Highlights for the Fiscal Year

The company's operating cash flow for the fiscal year was \$9.36 billion, an increase of eight percent. Higher net earnings were partially offset by increases in working capital. However, excluding the impact of Wella, inventory days on hand, days sales outstanding and days payable all improved. Capital spending was four percent of sales, slightly above the prior year but in line with the company's long-term target despite significant capacity investments in Fabric and Home Care and Baby and Family Care. Free cash flow for the year was \$7.34 billion. Free cash flow productivity was 113 percent, well above the company's long-term target of 90 percent.

Gross margin expanded 220 basis points, including an improvement of 80 basis points due to restructuring program charges in the prior year (\$377 million before tax). Approximately one third of the remaining improvement was driven by the addition of Wella. The scale benefits of volume and cost savings were the primary contributors to the remaining gross margin expansion.

For the fiscal year, MRA&O as a percentage of sales increased 120 basis points. Restructuring program charges in the base period were \$374 million before tax. Excluding the impact of these charges, MRA&O as a percentage of sales increased 210 basis points. As with the quarterly results, the majority of the increase was driven by Wella. The

Company also made significant marketing investments to support new product launches and sustain top-line growth in the base business.

Table of Contents**Fiscal Year Business Segment Discussion**

The following provides perspective on the company's fiscal year results by business segment.

Fabric and Home Care delivered solid results. Unit volume increased nine percent behind growth on established brands such as Tide®, Ariel®, Gain® and Ace® and the success of initiatives including Gain Fabric Enhancer®, Swiffer Duster®, Swiffer WetJet®, Mr. Clean Magic Eraser®, Mr. Clean AutoDry® and the expansion of Febreze®. Net sales increased 10 percent to \$13.87 billion. Sales growth includes a positive three percent foreign exchange impact. Pricing reduced net sales by one percent, primarily driven by actions to maintain competitive shelf pricing in key geographies. Mix reduced sales by one percent due to double-digit growth in developing markets, including the success of initiatives such as Tide Clean White® in China and Downy One Rinse® in Latin America. Net earnings increased seven percent to \$2.20 billion. Earnings margin was down slightly compared to 2003 due to the mix effect of strong developing market growth which has a lower gross margin than the segment average, marketing investments and startup costs for increased liquid detergent capacity in North America to support strong, new product initiative activity and supply chain optimization.

Beauty Care posted strong double-digit volume, sales and earnings growth for the fiscal year. Unit volume increased 37 percent. Excluding the impact of the Wella acquisition, unit volume increased 10 percent. The volume growth was broad based across the business unit and driven by the combination of base business strength and successful initiatives. Global hair care volume increased double-digits with particular progress on the Head & Shoulders, Pantene, Herbal Essences and Rejoice brands, and despite low single-digit growth in North America. In feminine care, double-digit volume growth was driven by strong product innovations and expansion of the Always/Alldays brands, Tampax Pearl® in the United States and Naturella® in Latin America. In personal beauty care, Olay and SK-II® delivered double-digit volume growth, as did the fine fragrances business. Net sales increased 40 percent to \$17.12 billion. Sales growth includes a positive foreign exchange impact of four percent. Excluding Wella, net sales increased 13 percent. Net earnings increased 22 percent to \$2.42 billion. Volume benefits, including the addition of Wella, and product cost savings were partially offset by marketing investments to support the base businesses and initiatives and the higher marketing and administrative expense ratio for Wella.

For the fiscal year, Baby and Family Care delivered strong results. Volume increased six percent behind strength in baby care behind Baby Stages of Development®, particularly in Western Europe. Developing markets grew volume through the expansion of value-tier products, including Pampers Basics® in Latin America. Low single-digit growth in family care reflects a difficult competitive environment, particularly in North America, as competitors increased promotional spending. Baby and Family care net sales increased eight percent to \$10.72 billion, including a positive four percent impact from foreign exchange. Sales were reduced by one percent due to pricing investments, mainly in North America family care, and one percent due to mix from strong developing market growth. Earnings were up 13 percent to \$996 million behind volume growth and a robust cost savings program. These were partially offset by the previously discussed pricing activity and higher commodity costs.

Health Care delivered outstanding results for the fiscal year. Unit volume increased 18 percent. All categories grew volume, with double-digit gains in the pharmaceutical, personal health care and oral care businesses. Volume was driven by initiatives, including the successful launch of Prilosec OTC and the continued growth of Actonel. Developing markets also delivered strong volume gains, particularly in China behind Crest. Net sales increased 21 percent to \$6.99 billion. Foreign exchange increased sales three percent. Net

Table of Contents

earnings increased 36 percent to \$962 million. Earnings growth was primarily driven by sales growth behind initiatives and margin expansion due to product mix, manufacturing cost savings and lower overhead spending as a percentage of sales. Product mix expanded margin as pharmaceuticals made up a larger percentage of segment sales. Mix-driven margin expansion was offset by increased marketing spending.

Snacks and Beverages delivered strong earnings growth for the fiscal year. Unit volume increased four percent. Folgers and Pringles grew volume by mid-single digits behind a steady stream of initiatives including Pringles Dippers®, Pringles Prints®, new Pringles Snacks Stacks® items and Folgers AromaSeal®. Net sales were \$3.48 billion, an increase of eight percent. Foreign exchange increased sales by four percent. Net earnings were \$363 million, an increase of 19 percent, as volume and base business savings more than offset higher commodity costs.

Non-GAAP Measures

In accordance with the SEC's Regulation G, the following provides definitions of the non-GAAP measures used in this prospectus supplement and the reconciliation to the most closely related GAAP measures.

Organic sales growth is a non-GAAP measure of reported sales growth excluding the impact of acquisitions and divestitures and foreign exchange from year-over-year comparisons. The Company believes this provides investors with a more complete understanding of underlying results and trends of the base businesses by providing sales on a consistent basis. The reconciliation of reported sales growth to organic sales growth:

	April June	Fiscal Year
Total Sales Growth	19%	19%
Less: Foreign Exchange Impact	3%	4%
Less: Acquisitions/Divestitures	8%	7%
Organic Sales Growth	8%	8%

The Company also reports free cash flow. Free cash flow is defined as operating cash flow less capital spending. The Company views free cash flow as an important indicator of the cash available for dividends and discretionary investment. Free cash flow is also one of the measures used to evaluate management and is a factor in determining at-risk compensation levels. Free cash flow productivity is defined as the ratio of free cash flow to net earnings, and is another measure used to evaluate management's performance. The company's target for free cash flow productivity is 90 percent. The reconciliation of free cash flow and free cash flow productivity is provided below:

DESCRIPTION OF THE NOTES

The following descriptions of the particular terms of the 2014 notes and the 2034 notes supplements the more general description of the debt securities contained in the accompanying prospectus. If there are any inconsistencies between the information in this section and the information in the prospectus, the information in this section controls.

Investors should read this section together with the section entitled "Description of Debt Securities" in the accompanying prospectus. Any capitalized terms that are defined in the prospectus have the same meanings in this section unless a different definition appears in this section. We qualify the description of the notes by reference to the indenture as described below.

General

The 2014 notes:

will be in an aggregate initial principal amount of \$900,000,000, subject to our ability to issue additional notes which may be of the same series as the 2014 notes as described under "Further Issues,"

will mature on August 15, 2014,

will bear interest at a rate of 4.95%,

will be senior debt of Procter & Gamble, ranking equally with all other present and future unsecured and unsubordinated indebtedness of Procter & Gamble,

will be issued as a separate series under the indenture between Procter & Gamble and J.P. Morgan Trust Company, National Association, successor in interest to Bank One Trust Company, National Association, dated as of September 28, 1992, in registered, book-entry form only,

will be issued in U.S. dollars in denominations of \$5,000 and integral multiples of \$1,000 in excess thereof,

will be repaid at par at maturity,

will be redeemable by us at any time prior to maturity as described below under "Optional Redemption,"

will be subject to defeasance and covenant defeasance, and

will not be subject to any sinking fund.

The 2034 notes:

will be in an aggregate initial principal amount of \$600,000,000, subject to our ability to issue additional notes which may be of the same series as the 2034 notes as described under Further Issues,

will mature on August 15, 2034,

will bear interest at a rate of 5.80%,

will be senior debt of Procter & Gamble, ranking equally with all other present and future unsecured and unsubordinated indebtedness of Procter & Gamble,

will be issued as a separate series under the indenture between Procter & Gamble and J.P. Morgan Trust Company, National Association, successor in interest to Bank One Trust Company, National Association, dated as of September 28, 1992, in registered, book-entry form only,

S-16

Table of Contents

will be issued in U.S. dollars in denominations of \$5,000 and integral multiples of \$1,000 in excess thereof,

will be repaid at par at maturity,

will be redeemable by us at any time prior to maturity as described below under Optional Redemption,

will be subject to defeasance and covenant defeasance, and

will not be subject to any sinking fund.

The indenture and the notes do not limit the amount of indebtedness which may be incurred or the amount of securities which may be issued by us or our subsidiaries, and contain no financial or similar restrictions on us or our subsidiaries, except as described in the prospectus under the caption Description of Debt Securities Restrictive Covenants.

Interest

Interest on the notes will accrue from and include August 10, 2004 or from and include the most recent interest payment date to which interest has been paid or provided for. We will make interest payments semiannually on February 15 and August 15 of each year, with the first interest payment being made on February 15, 2005. We will make interest payments to the person in whose name the notes are registered at the close of business on February 1 or August 1, as applicable, before the next interest payment date.

If the interest payment date is not a Business Day at the relevant place of payment, payment of interest will be made on the next day that is a Business Day at such place of payment. Business Day means any day that is not a Saturday or Sunday and that is not a day on which banking institutions are generally authorized or obligated by law to close in The City of New York and, for any place of payment outside of The City of New York, in such place of payment.

Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months.

Optional Redemption

We will have the option to redeem the notes of either series, in whole or in part, at our option at any time, at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed, plus accrued interest on the notes to be redeemed to the date on which the notes are to be redeemed, or (2) as determined by a reference treasury dealer that we select, the sum of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed, not including any portion of these payments of interest accrued as of the date of which the notes are to be redeemed, discounted to the date on which the notes are to be redeemed on a semi-annual basis assuming a 360-day year consisting of twelve 30-day months, at the adjusted treasury rate plus 10 basis points, plus accrued interest on the notes to be redeemed to the date on which the notes are to be redeemed.

We will utilize the following procedures to calculate the adjusted treasury rate described in the previous paragraph. We will appoint Goldman, Sachs & Co., J.P. Morgan Securities Inc. and Morgan Stanley & Co. Incorporated (and their successors), with respect to the 2014 notes, and Goldman, Sachs & Co., J.P. Morgan Securities Inc. and Citigroup Global Markets Inc. (and their successors), with respect to the 2034 notes, and other primary U.S. Government securities dealers in New York City as reference dealers, and we will appoint one of the reference dealers to be our quotation agent. If any of reference dealers is no longer a primary U.S. Government securities dealer, we will substitute another primary U.S. Government securities dealer in its place as a reference dealer.

S-17

Table of Contents

The quotation agent will select a United States Treasury security which has a maturity comparable to the remaining maturity of the notes to be redeemed which would be used in accordance with customary financial practice to price new issues of corporate debt securities with a maturity comparable to the remaining maturity of the notes to be redeemed. The reference dealers will provide us and the trustee with the bid and asked prices for that comparable United States Treasury security as of 5:00 p.m. on the third Business Day before the redemption date. We will calculate the average of the bid and asked prices provided by each reference dealer, eliminate the highest and the lowest reference dealer quotations and then calculate the average of the remaining reference dealer quotations. However, if we obtain fewer than three reference dealer quotations, we will calculate the average of all the reference dealer quotations and not eliminate any quotations. We call this average quotation the comparable treasury price. The adjusted treasury rate will be the semi-annual equivalent yield to maturity of a security whose price, expressed as a percentage of its principal amount, is equal to the comparable treasury price.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of either series of notes, create and issue further notes of either series ranking equally with the notes of the corresponding series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further notes or except for the first payment of interest following the issue date of such further notes). Such further notes may be consolidated and form a single series with the notes of the corresponding series and have the same terms as to status, redemption or otherwise as the notes of the corresponding series.

Book-Entry System

We have obtained the information in this section concerning The Depository Trust Company (DTC), Clearstream Banking, société anonyme, Luxembourg (Clearstream, Luxembourg) and Euroclear Bank S.A./N.V., as operator of the Euroclear System (Euroclear) and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream, Luxembourg and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

The notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC's nominee). You may hold your interests in the global notes in the United States through DTC, or in Europe through Clearstream, Luxembourg or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream, Luxembourg or Euroclear's names on the books of their respective depositories, which in turn will hold those positions in customers' securities accounts in the depositories' names on the books of DTC. Citibank, N.A. will act as depository for Clearstream, Luxembourg and JPMorgan Chase Bank will act as depository for Euroclear.

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the

Table of Contents

notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Unless and until we issue the notes in fully certificated, registered form under the limited circumstances described below under the heading **Book-Entry System Certificated Notes** :

you will not be entitled to receive a certificate representing your interest in the notes;

all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and

all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC will act as securities depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC has advised us as follows: DTC is

a limited-purpose trust company organized under the New York Banking Law;

a banking organization under the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation under the New York Uniform Commercial Code; and

a clearing agency registered under the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its direct participants. Indirect participants of DTC,

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

If you are not a direct participant or an indirect participant and you wish to purchase, sell or otherwise transfer ownership of, or other interests in, notes, you must do so through a direct participant or an indirect participant. DTC agrees with and represents to DTC participants that it will administer its book-entry system in accordance with its rules and by-laws and requirements of law. The Securities and Exchange Commission has on file a set of the rules applicable to DTC and its direct participants.

Purchases of notes under DTC's system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to

S-19

Table of Contents

receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in Book-Entry System Certificated Notes.

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Clearstream, Luxembourg

Clearstream, Luxembourg advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream, Luxembourg holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thus eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream, Luxembourg interfaces with domestic markets in a number of countries. Clearstream, Luxembourg is an indirect participant in DTC.

Clearstream, Luxembourg customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream, Luxembourg customer either directly or indirectly.

The Euroclear System

Euroclear has advised us that the Euroclear System was created in 1968 to hold securities for participants in the Euroclear System and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thus eliminating the need for physical movement of certificates and risk from lack of simultaneous transfers of securities and cash. Transactions may now be settled in many currencies, including United States dollars. The Euroclear System provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries generally similar to the arrangements for cross-market transfers with DTC described below.

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

The Euroclear System is operated by Euroclear Bank S.A./N.V., which is known as the Euroclear Operator, under contract with Euroclear Clearance System, S.C., a Belgian cooperative corporation. The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the cooperative. The cooperative establishes policy for the Euroclear System on behalf of Euroclear participants. Euroclear

S-20

Table of Contents

participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to the Euroclear System is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly. Euroclear is an indirect participant in DTC.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

transfers of securities and cash within the Euroclear System;

withdrawal of securities and cash from the Euroclear System; and

receipts of payments with respect to securities in the Euroclear System.

All securities in the Euroclear System are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding securities through Euroclear participants.

Euroclear further advises that investors that acquire, hold and transfer interests in the notes by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the notes.

The Euroclear Operator advises that under Belgian law, investors that are credited with securities on the records of the Euroclear Operator have a co-property right in the fungible pool of interests in securities on deposit with the Euroclear Operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear Operator, Euroclear participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear Operator. If the Euroclear Operator did not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all Euroclear participants credited with such interests in securities on the Euroclear Operator's records, all Euroclear participants having an amount of interests in securities of such type credited to their accounts with the Euroclear Operator would have the right under Belgian law to the return of their pro rata share of the amount of interest in securities actually on deposit.

Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it, such as dividends, voting rights and other entitlements, to any person credited with such interests in securities on its records.

Book-Entry Format

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

Under the book-entry format, the trustee will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants (including Clearstream, Luxembourg or Euroclear) or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct

S-21

Table of Contents

participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC, Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. In addition, we and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC, Clearstream, Luxembourg, Euroclear or any of their direct or indirect participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Transfers Within and Among Book-Entry Systems

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with its applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European

Table of Contents

time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to the depositories.

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and Euroclear has agreed to the foregoing procedures in order to facilitate transfers of notes among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Same-Day Settlement and Payment

The underwriters will settle the notes in immediately available funds. We will make principal and interest payments on the notes in immediately available funds or the equivalent. Secondary market trading between DTC direct participants will occur in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with their respective applicable rules and operating procedures and will be settled using the procedures applicable to conventional eurobonds in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity (if any) in the notes.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

an event of default has occurred and is continuing under the indenture; or

we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note

S-23

representing the notes along with instructions for re-registration. The trustee will re-issue the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by the depositary upon instructions from their direct participants; and (3) all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to the depositary, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

Notices

The trustee will mail notices by first class mail, postage prepaid, to each registered holder's last known address as it appears in the security register that the trustee maintains. The trustee will only mail these notices to the registered holder of the notes, unless we reissue the notes to you or your nominees in fully certificated form.

Governing Law

The indenture and the notes for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

UNITED STATES TAX CONSIDERATIONS

The following summary describes the material United States federal income tax consequences and, in the case of a holder that is a non-U.S. holder (as defined below), the United States federal estate tax consequences, of purchasing, owning and disposing of notes. This summary applies to you only if you are the initial holder of the notes and you acquire the notes for a price equal to the issue price of the notes. The issue price of the notes is the first price at which a substantial amount of the notes is sold other than to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers.

This summary deals only with notes held as capital assets (generally, investment property) and does not deal with special tax situations such as:

dealers in securities or currencies;

traders in securities;

United States holders (as defined below) whose functional currency is not the United States dollar;

persons holding notes as part of a hedge, straddle, conversion or other integrated transaction;

certain United States expatriates;

financial institutions;

insurance companies;

entities that are tax-exempt for United States federal income tax purposes; and

persons that acquire the notes for a price other than their issue price.

This summary does not discuss all of the aspects of United States federal income and estate taxation which may be relevant to you in light of your particular investment or other circumstances. In addition, this summary does not discuss any United States state or local income or foreign income or other tax consequences. This summary is based on United States federal income tax law, including the provisions of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this prospectus supplement. Subsequent developments in United States federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the United States federal income tax consequences of purchasing, owning and disposing of notes as set forth in this summary. Before you purchase notes, you should consult your own tax advisor regarding the particular United States federal, state and local and foreign income and other tax consequences of acquiring, owning and disposing of the notes that may be applicable to you.

United States Holders

The following summary applies to you only if you are a United States holder (as defined below).

Definition of a United States Holder

A United States holder is a beneficial owner of notes who or which for United States federal income tax purposes is:

an individual citizen or resident of the United States;

a corporation or partnership (or other entity classified as a corporation or partnership for these purposes) created or organized in or under the laws of the United States or of any political subdivision of the United States, including any State (unless, in the case of a partnership, future Treasury regulations otherwise provide);

S-25

an estate, the income of which is subject to United States federal income taxation regardless of the source of that income; or

a trust, if, in general, a United States court is able to exercise primary supervision over the trust's administration and one or more United States persons (within the meaning of the Internal Revenue Code) has the authority to control all of the trust's substantial decisions.

Payments of Interest

Interest on your notes will be taxed as ordinary interest income. In addition:

if you use the cash method of accounting for United States federal income tax purposes, you will have to include the interest on your notes in your gross income at the time you receive the interest; and

if you use the accrual method of accounting for United States federal income tax purposes, you will have to include the interest on your notes in your gross income at the time the interest accrues.

Sale, Redemption or Other Disposition of Notes

Your tax basis in your notes generally will be their cost. You generally will recognize taxable gain or loss when you sell or otherwise dispose of your notes equal to the difference, if any, between:

the amount realized on the sale or other disposition (less any amount attributable to accrued interest, which will be taxable in the manner described under United States Tax Considerations United States Holders Payments of Interest); and

your tax basis in the notes.

Your gain or loss generally will be capital gain or loss. Such capital gain or loss will be long-term capital gain or loss if at the time of the sale or other disposition, you have held the notes for more than one year. If you are a non-corporate United States holder, your long-term capital gain generally will be subject to a maximum tax rate of 15%, which maximum tax rate will increase to 20% for dispositions occurring during taxable years beginning on or after January 1, 2009. Subject to limited exceptions, your capital losses cannot be used to offset your ordinary income.

Backup Withholding

In general, backup withholding at a rate of 28% (which rate will increase to 31% for taxable years beginning on or after January 1, 2011) may apply:

to any payments made to you of principal of and interest on your note, and

to payment of the proceeds of a sale or exchange of your note before maturity,

if you are a non-corporate United States holder and fail to provide a correct taxpayer identification number or otherwise comply with applicable requirements of the backup withholding rules.

The backup withholding tax is not an additional tax and may be credited against your United States federal income tax liability, provided that correct information is provided to the Internal Revenue Service.

Table of Contents

Non-U.S. Holders

The following summary applies to you if you are a beneficial owner of a note or notes who or which, for United States federal income tax purposes, is not a United States holder (as defined above) (a non-U.S. holder). An individual may, subject to exceptions, be deemed to be a resident alien, as opposed to a non-resident alien, by virtue of being present in the United States:

on at least 31 days in the calendar year, and

for an aggregate of at least 183 days during a three-year period ending in the current calendar year, counting for such purposes all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year.

Resident aliens are subject to United States federal income tax as if they were United States citizens.

United States Federal Withholding Tax

Under current United States federal income tax laws, and subject to the discussion below, United States federal withholding tax will not apply to payments by Procter & Gamble or any paying agent of Procter & Gamble (in its capacity as such) of principal of and interest on your notes under the portfolio interest exception of the Internal Revenue Code, provided that in the case of interest:

you do not, directly or indirectly, actually or constructively, own ten percent or more of the total combined voting power of all classes of the stock of Procter & Gamble entitled to vote within the meaning of section 871(h)(3) of the Internal Revenue Code and the Treasury regulations thereunder;

you are not (i) a controlled foreign corporation for United States federal income tax purposes that is related, directly or indirectly, to Procter & Gamble through sufficient stock ownership (as provided in the Internal Revenue Code), or (ii) a bank receiving interest described in section 881(c)(3)(A) of the Internal Revenue Code;

such interest is not effectively connected with your conduct of a United States trade or business; and

you provide a signed IRS Form W-8 BEN certifying, under penalties of perjury, that you are not a United States person within the meaning of the Internal Revenue Code to:

- (A) Procter & Gamble or any paying agent of Procter & Gamble; or
- (B) a securities clearing organization, bank or other financial institution that holds customers securities in the ordinary course of its trade or business and holds your notes on your behalf and that certifies to Procter & Gamble or any paying agent of Procter & Gamble under penalties of perjury that it, or the bank or financial institution between it and you, has received from you your signed IRS Form W-8BEN and provides Procter &

Gamble or any paying agent of Procter & Gamble with a copy of this Form.

Treasury regulations provide alternative methods for satisfying the certification requirement described in this section. In addition, under these regulations

if you are a foreign partnership, the certification requirement will generally apply to partners in you (or partners in such partners in the case of multiple-tiered partnerships).

if you are a foreign trust, the certification requirement will generally apply to you if you are a foreign complex trust , or to beneficiaries in you if you are a foreign simple trust , or a foreign grantor trust , all as defined in the Treasury regulations.

If you are a foreign partnership or a foreign trust, you should consult your own tax advisor regarding your status under these Treasury regulations and the certification requirements applicable to you.

United States Federal Income Tax

Except for the possible application of United States withholding tax (see *United States Tax Considerations Non-U.S. Holders United States Federal Withholding Tax* above) and backup withholding tax (see *United States Tax Considerations Backup Withholding and Information Reporting* below), you generally will not have to pay United States federal income tax on payments of principal of and interest on your notes, or on any gain or income realized from the sale, redemption, retirement at maturity or other disposition of your notes (provided that, in the case of proceeds representing accrued interest, the conditions described in *United States Tax Considerations Non-U.S. Holders United States Federal Withholding Tax* are met) unless:

in the case of gain, you are an individual who is present in the United States for 183 days or more during the taxable year of the sale or other disposition of your notes, and specific other conditions are met; or

the gain is effectively connected with your conduct of a United States trade or business, and, if an income tax treaty applies, is generally attributable to a United States permanent establishment maintained by you.

If you are engaged in a trade or business in the United States and interest, gain or any other income in respect of your notes is effectively connected with the conduct of your trade or business, and if an income tax treaty applies and you maintain a United States permanent establishment to which the interest, gain or other income is generally attributable, you may be subject to United States federal income tax on a net basis on the interest, gain or income (although interest is exempt from the withholding tax discussed in the preceding paragraphs provided that you provide a properly executed Internal Revenue Service form on or before any payment date to claim the exemption). In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% of your effectively connected earnings and profits for the taxable year, as adjusted for certain items, unless a lower rate applies to you under a United States income tax treaty with your country of residence. For this purpose, you must include interest, gain or income on your notes in the earnings and profits subject to the branch tax if these amounts are effectively connected with the conduct of your United States trade or business.

United States Federal Estate Tax

If you are an individual and are not a United States citizen or resident of the United States (as specially defined for United States federal estate tax purposes) at the time of your death, your notes will generally not be subject to the United States federal estate tax, unless, at the time of your death:

you directly or indirectly, actually or constructively, own ten percent or more of the total combined voting power of all classes of stock of Procter & Gamble that is entitled to vote within the meaning of section 871(h)(3) of the Internal Revenue Code and the Treasury regulations thereunder; or

your interest on the notes is effectively connected with your conduct of a United States trade or business.

Recently enacted legislation reduces the maximum federal estate tax over an 8-year period beginning in 2002 and eliminates the tax for estates of decedents dying after December 31, 2009. In the absence of renewal legislation, these amendments will expire and the federal estate tax provisions in effect immediately prior to 2002 will be restored for estates of decedents dying after December 31, 2010.

Backup Withholding and Information Reporting

Under current Treasury regulations, backup withholding and information reporting will not apply to payments made by Procter & Gamble or any paying agent of Procter & Gamble (in its capacity as such) to you if you have provided the required certification that you are a non-U.S. holder as described in [United States Tax Considerations Non-U.S. Holders United States Federal Withholding Tax](#) above, and provided that neither Procter & Gamble nor any paying agent of Procter & Gamble has actual knowledge or reason to know that you are a United States holder (as described in [United States Tax Considerations United States Holders](#) above). Procter & Gamble or any paying agent of Procter & Gamble generally will, however, report payments of interest on the notes.

The gross proceeds from the disposition of your notes may be subject to information reporting and backup withholding, at a rate of 28% (which rate will increase to 31% for taxable years beginning on or after January 1, 2011). If you sell your notes outside the United States through a non-United States office of a non-United States broker and the sales proceeds are paid to you outside the United States, then the United States backup withholding and information reporting requirements generally will not apply to that payment. However, United States information reporting will apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell your notes through a non-United States office of a broker that is:

a United States person (as defined in the Internal Revenue Code);

a controlled foreign corporation for United States federal income tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with a United States trade or business for a specified three-year period; or

a foreign partnership, if at any time during its tax year, one or more of its partners are United States persons, as defined in Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership or if, at any time during its tax year, the foreign partnership is engaged in a United States trade or business;

unless the broker has documentary evidence in its files that you are a non-U.S. person and certain other conditions are met or you otherwise establish an exemption. In circumstances where information reporting by a non-United States office of a broker is required, backup withholding will be required only if the broker has actual knowledge that you are a United States holder.

Payments of the proceeds from your disposition of a note made to or through the United States office of a broker is subject to information reporting and backup withholding unless you provide an IRS Form W-8BEN certifying that you are a non-U.S. person or you otherwise establish an exemption from information reporting and backup withholding.

You should consult your own tax advisor regarding application of backup withholding in your particular circumstance and the availability of and procedure for obtaining an exemption from backup withholding under current Treasury regulations. Any amounts withheld under the backup withholding rules from a payment to you will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished to the United States Internal Revenue Service.

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.300% of the principal amount of the notes, with respect to the 2014 notes, or 0.500%, with respect to the 2034 notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.250% of the principal amount of the notes, with respect to the 2014 notes and the 2034 notes. If all the notes of either series are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms of the notes of such series.

The notes are new issues of securities with no established trading market. The Company has been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions

S-30

created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Each underwriter has agreed that it will not offer, sell or deliver any of the notes in any jurisdiction outside the United States except under circumstances that will result in compliance with the applicable laws thereof. Each underwriter has acknowledged that no action has been taken to permit a public offering in any jurisdiction outside the United States where action would be required for such purpose.

Each underwriter has represented, warranted and agreed that : (i) it has not offered or sold and, prior to the expiry of a period of six months from the issue date, will not offer or sell any notes to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995; (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (FSMA)) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to the issuer; and (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

The notes may not be offered or sold, transferred or delivered, as part of their initial distribution or at any time thereafter, directly or indirectly, to any individual or legal entity in the Netherlands other than to individuals or legal entities who or which trade or invest in securities in the conduct of their profession or trade, which includes banks, securities intermediaries, insurance companies, pension funds, other institutional investors and commercial enterprises which, as an ancillary activity, regularly trade or invest in securities.

The notes may not be offered or sold by means of any document other than to persons whose ordinary business is to buy or sell shares or debentures, whether as principal or agent, or in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32) of Hong Kong, and no advertisement, invitation or document relating to the notes may be issued, whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made thereunder.

invitation or subscription or purchase, of the notes may not be circulated or distributed, nor may the notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than under circumstances in which such offer, sale or invitation does not constitute an offer or sale, or invitation for subscription or purchase, of the notes to the public in Singapore.

Each underwriter has acknowledged and agreed that the securities have not been registered under the Securities and Exchange Law of Japan and are not being offered or sold and may not be offered or sold, directly or indirectly, in Japan or to or for the account of any resident of Japan, except (i) pursuant to an exemption from the registration requirements of the Securities and Exchange Law of Japan and (ii) in compliance with any other applicable requirements of Japanese law.

Purchasers of the notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price set forth on the cover page hereof.

It is expected that delivery of the notes will be made against payment therefore on or about August 10, 2004, which is the fifth business day following the date of this prospectus supplement (such settlement cycle being referred to as T+5). Purchasers should note that the ability to settle secondary market trades of the notes effected on the date of pricing and the succeeding business days may be affected by the T+5 settlement.

The Company estimates that its share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$180,000.

J.P. Morgan Securities Inc. (JPMorgan) will make the notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Corporation, an Internet-based communications technology provider. Market Axess Corporation is providing the system as a conduit for communications between JPMorgan and its customers and is not a party to any transactions. Market Axess Corporation, a registered broker-dealer, will receive compensation from JPMorgan based on transactions JPMorgan conducts through the system. JPMorgan will make the notes available to its customers through the Internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels. In addition to JPMorgan, certain of the other underwriters may also make the notes available for distribution on the Internet.

To the extent any underwriter that is not a U.S.-registered broker-dealer intends to effect sales of notes in the United States, it will do so through one or more U.S.-registered broker-dealers in accordance with the applicable U.S. securities laws and regulations.

The Company has agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Company, for which they received or will receive customary fees and expenses.

RECENT DEVELOPMENTS

In March, 2003, the Company entered into an agreement to acquire a controlling interest in Wella AG from the majority shareholders and, in June, 2003, the Company completed a tender offer for the remaining outstanding voting class shares and preference shares. On September 2, 2003, the Company completed the previously announced purchase of the shares of Wella AG held by the majority shareholders. On September 10, 2003, the Company purchased the shares secured through the tender offer. As a result of these purchases, the Company acquired approximately 81% of the outstanding Wella shares (99% of the voting class shares and 45% of the preference shares) for a total purchase price of 4.67 billion Euros, excluding acquisition costs (approximately \$5.1 billion based on actual exchange rates on the date of the transaction). The acquisition was financed by a mixture of available cash balances and debt. Wella AG is a leading beauty care company selling its products in more than 150 countries, focused on professional hair care, retail hair care and cosmetics and fragrances.

Financial Review

Results of Operations

This financial report for the Company's fiscal year ended June 30, 2003 has been derived from our Annual Report to shareholders for the Company's fiscal year ended June 30, 2003.

The Company markets nearly 300 products in more than 160 countries around the world in five distinct business segments: Fabric and Home Care, Beauty Care, Baby and Family Care, Health Care and Snacks and Beverages.

The Company's results for the fiscal year ended June 30, 2003 reflect broad-based business strength, with four of the five segments delivering top-line sales growth and all five business segments delivering profit growth.

The Company continues to make clear choices about where to play and how to win. The framework for these decisions is grounded in focus areas that include: building core categories and leading brands, growing with leading customers and in the biggest geographic markets, investing in faster-growing, higher margin businesses and building leadership in fast-growing developing markets.

Consistent with this framework, in March 2003 the Company reached an agreement with the controlling shareholders of Wella AG to acquire 77.6% of the voting class shares. In June 2003, the Company completed a tender offer for the remaining outstanding voting class shares and preference shares, securing approximately 81% of the total outstanding Wella AG shares (99% of the voting class shares and 45% of the preference shares). This acquisition closed in the first quarter of fiscal 2004. Wella AG is a leading beauty care company selling its products in more than 150 countries, focused on professional hair care, retail hair care and cosmetics and fragrances.

This framework also requires some difficult decisions, including the Company's announcement in July 2003 to seek strategic alternatives for its Sunny Delight and Punica juice drink brands. Another example is the Company's continuing evaluation of outsourcing arrangements in areas where the Company can leverage industry expertise and scale to obtain high quality services at a lower cost. The Company has announced plans to outsource real estate and facilities management, information technology and certain other administrative and manufacturing processes.

Volume and Net Sales

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

The Company achieved record sales of \$43.38 billion in 2003, exceeding 2002 sales by \$3.14 billion, or 8%. Volume growth of 8% was broad-based, with particular strength in Fabric and Home Care, Beauty Care and Health Care. In fact, 19 of the Company's top 20 brands increased volume as compared to the prior year. Excluding the impacts of acquisitions and divestitures, volume was also up 8%, as the impact of the Clairol acquisition in November 2001 was offset by the impact of the Jif and Crisco spin-off in May 2002. Net sales included a favorable foreign exchange impact of 2%, as the strength of the Euro was partially offset by weakness in certain Latin American currencies. The foreign exchange impact was offset by pricing of 2% to stimulate growth and remain competitive in key categories, including the diapers, tissue, hair care, feminine care, teeth whitening and coffee. Future pricing activities will be aimed at providing value to both consumers and customers and will be influenced by competitive activity and the Company's product initiative program.

Fiscal year 2002 sales were \$40.24 billion, an increase of 3%, compared to \$39.24 billion in 2001, on volume growth of 7% driven by Health Care and Beauty Care. Net sales grew less than volume due to a 1% impact for exchange effects, a 1% impact for pricing and a 2% impact for mix.

Table of Contents

Net Earnings

Net earnings were \$5.19 billion in 2003, an increase of 19% compared to \$4.35 billion in 2002. Reported results included after-tax restructuring charges of \$538 million in 2003 and \$706 million in 2002. Increased earnings were driven by volume growth, the shift in mix to higher profit products in the Health Care and Beauty Care segments, lower restructuring costs and lower manufacturing costs as a percentage of net sales. Net earnings in 2001 were \$2.92 billion, including after-tax restructuring charges of \$1.48 billion. Net earnings in 2002 exceeded 2001 due to volume growth, manufacturing savings and lower restructuring charges. The restructuring program covered enrollment reductions, manufacturing consolidations and portfolio choices to scale back or discontinue under-performing businesses and initiatives and was substantially complete at June 30, 2003. It is discussed in more detail in the Restructuring Program section and Note 2 to the consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2003.

Diluted net earnings per share were \$3.69 in 2003 compared to \$3.09 in 2002 and \$2.07 in 2001, including the restructuring charge impact of \$0.39, \$0.50 and \$1.05 per share, respectively.

Operating Costs

Cost of products sold was \$22.14 billion in 2003 compared to \$20.99 billion in 2002 and \$22.10 billion in 2001. Before-tax restructuring charges included in cost of products sold were \$381 million in 2003, \$508 million in 2002 and \$1.14 billion in 2001. Gross margin in 2003 improved to 49.0%, an increase of 120 basis points versus the previous year. Lower restructuring costs accounted for 40 basis points of the improvement with the remainder achieved behind lower material costs and the benefits of restructuring and base business savings delivered outside the restructuring program. Gross margin of 47.8% in 2002 improved versus 43.7% in 2001, which was more significantly impacted by restructuring charges.

Marketing, research, administrative and other expense (MRA&O) was \$13.38 billion in 2003 versus \$12.57 billion in 2002 and \$12.41 billion in 2001. MRA&O included before-tax restructuring charges of \$374 million in 2003, \$519 million in 2002 and \$583 million in 2001. The increase in MRA&O in 2003 versus 2002 was driven by additional marketing investments behind new product launches and expansions of existing brands, including Tide with Bleach, Swiffer Duster, Crest Whitestrips and Olay Regenerist. Marketing investments were partially offset by lower research and administrative costs, reflecting savings from the Company's restructuring program.

As a percent of net sales, MRA&O has improved with 2003 down 30 basis points to 30.9%. Marketing expenses as a percentage of net sales increased 75 basis points due to the marketing investments discussed in the preceding paragraph as well as other product launches and brand equity building activities. This was more than offset by lower research and administrative expenses as a percentage of net sales due to scale efficiencies and lower restructuring costs. MRA&O was 31.2% of net sales in 2002 versus 31.6% in 2001, with higher marketing investments more than offset by lower restructuring costs.

Non-Operating Items

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

Interest expense was \$561 million in 2003, compared to \$603 million in 2002 and \$794 million in 2001. The decline in interest expense in 2003 was driven by lower interest rates and debt balances. The decline in 2002 versus 2001 was driven by lower interest rates partially offset by an increase in debt to fund the Clairol acquisition in November 2001.

Other non-operating income, which consists primarily of interest and investment income and divestitures, contributed \$238 million in 2003 compared to \$308 million in 2002 and \$674 million in

Table of Contents

2001. This decline was driven by significantly lower gains from divestitures and asset sales in 2003 and 2002 versus 2001, as the Company's activity to divest non-strategic brands declined.

The Company's effective tax rate for 2003 was 31.1%, a reduction of 70 basis points compared to the 2002 rate of 31.8%. The effective tax rate for 2001 was 36.7%. The decline in the current year was driven primarily by the country mix impact of foreign operations, as earnings increased in countries with lower overall tax rates. The declining rate since 2001 also reflected the impact of lower restructuring charges and amortization of goodwill and indefinite-lived intangibles prior to the adoption of Statement of Financial Accounting Standards (SFAS) No. 142, Goodwill and Other Intangible Assets.

Net Earnings Margins

Net earnings margin was 12.0% in 2003 versus 10.8% in 2002 and 7.4% in 2001. The margin increase in 2003 was primarily driven by higher volume, lower unit cost of products sold due to lower materials costs, the benefits of restructuring, as well as base business savings, and a reduction in restructuring charges. In 2002, the margin increase reflected a reduction in restructuring charges, the benefit of base and restructuring cost savings projects on both manufacturing and overhead costs and the benefits of lower interest expense.

Financial Condition

The Company's financial condition remains solid, particularly as demonstrated by cash flow generation. One of the Company's key focus areas is cash management, including capital spending targets, to achieve superior shareholder return.

Cash

Operating cash flow provides the primary source of funds to finance operating needs, capital expenditures and shareholder dividends. This is supplemented by additional borrowings to provide funds to finance the share repurchase program and acquisitions. The overall cash position of the Company reflects a global strategy to optimize cash management while considering offshore funding needs, liquidity management objectives and other economic considerations.

The Company continues to generate strong operating cash flow. In 2003, operating cash flow was \$8.70 billion, up \$958 million from \$7.74 billion in 2002. The increase in 2003 was primarily driven by higher earnings. Changes in working capital also contributed, primarily behind an increase in current liabilities. Operating cash flow in 2002 was up \$1.94 billion from \$5.80 billion in 2001, driven by higher earnings and an increase in taxes payable, partially offset by lower depreciation and amortization charges.

Operating cash flow less capital spending, or free cash flow, was \$7.22 billion for 2003, a 19% increase over the prior year. The majority of the year-over-year improvement was driven by increased earnings with lower capital spending also contributing. Free cash flow was \$6.06 billion in 2002 and \$3.32 billion in 2001.

Net cash used for acquisitions in 2003 was \$61 million. This compares to \$5.47 billion in cash used in 2002, primarily for the Clairol acquisition, and \$138 million in 2001. The acquisition of Wella AG, which occurred subsequent to the 2003 fiscal year, was funded using a combination of debt and available cash balances.

Proceeds from the divestiture of certain non-strategic brands and other asset sales generated \$143 million in cash flow in the current year, compared to the \$227 million generated in 2002.

Table of Contents

Divestitures in both years reflect historical levels, but represent a significant decline when compared to the \$788 million generated in 2001, during the Company's program to divest minor brands.

The Company maintains a share repurchase program and annually authorizes the purchase of shares of Company stock on the open market. A primary purpose of the program is to mitigate the dilutive impact of stock option grants, effectively prefunding the exercise obligation. Additionally, there is a discretionary component under which the Company may repurchase additional outstanding shares. Current year purchases under the combined programs were \$1.24 billion, reflecting a return to historical levels, compared to \$568 million in 2002 and \$1.25 billion in 2001. The decline in 2002 was primarily due to cash requirements associated with the Clairol acquisition.

Common share dividends grew 8% to \$1.64 per share in 2003 versus \$1.52 in 2002 and \$1.40 in 2001. The annual dividend rate will increase 11% to \$1.82 per common share in 2004, marking the 48th consecutive fiscal year of increased common share dividend payments. Total dividend payments, to both common and preferred shareholders, were \$2.25 billion, \$2.10 billion and \$1.94 billion in 2003, 2002 and 2001, respectively.

Total debt decreased from \$14.93 billion in 2002 to \$13.65 billion in 2003, a reduction of \$1.28 billion. Total debt in 2001 was \$12.02 billion. The decrease in 2003 was primarily due to the utilization of cash flow from operations to pay down existing balances. The increase in debt in 2002 was primarily driven by the Clairol acquisition.

Due to strong credit ratings, the Company is able to issue commercial paper at favorable rates and to readily access general bank financing. The Company's Standard & Poor's (S&P) and Moody's short-term credit ratings are A-1+ and P-1, respectively.

Capital Spending

Capital spending efficiency continues to be a focus area for the Company. Total capital spending in 2003 was \$1.48 billion, a decrease of \$197 million compared to 2002 spending of \$1.68 billion. Capital spending in 2001 was \$2.49 billion. Capital spending in 2003 as a percentage of net sales was 3.4%, the lowest level in over a decade. Capital spending was 4.2% and 6.3% of net sales in 2002 and 2001, respectively. This is a result of the systemic interventions the Company has made to improve capital spending efficiencies and asset utilization and is primarily the result of lower spending in Baby and Family Care. On an ongoing basis, while there may be exceptional years when specific business circumstances, such as capacity additions, may lead to higher spending, the Company's goal is to maintain capital spending at about 4% of net sales.

Guarantees and Other Off-Balance Sheet Arrangements

The Company does not have guarantees or other off-balance sheet financing arrangements that the Company believes could have a material impact on financial condition or liquidity.

Purchase Commitments

The Company has purchase commitments for materials, supplies, services and fixed assets as part of the normal course of business. Due to the proprietary nature of many of the Company's materials and processes, certain supply contracts contain penalty provisions for either early termination or failure to purchase contracted quantities. The Company does not expect potential payments under these provisions to materially affect results of operations or financial condition. This conclusion is made based upon reasonably likely outcomes assumed by reference to historical experience and current business plans.

Table of Contents

Liquidity

As discussed previously, the Company's primary source of liquidity is cash generated from operations. Additionally, the Company is able to support its short-term liquidity, if necessary, through agreements with a diverse group of creditworthy financial institutions. The Company has never drawn on these facilities and does not intend to do so in the foreseeable future. However, should the facilities be needed, when combined with cash on hand, the Company believes they would provide sufficient credit funding to meet any short-term financing requirements. The Company does not have other commitments or related party transactions that are considered material to the consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2003.

FORWARD-LOOKING STATEMENTS

All statements, other than statements of historical fact included in this Prospectus, are forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995. In addition to the risks and uncertainties noted in this presentation, there are certain factors that could cause actual results to differ materially from those anticipated by some of the statements made. These include: (1) the ability to achieve business plans, including growing existing sales and volume profitably despite high levels of competitive activity, especially with respect to the product categories and geographical markets (including developing markets) in which the Company has chosen to focus; (2) successfully executing, managing and integrating key acquisitions (including Wella) and completing planned divestitures (including the potential divestiture of the company's juice business), (3) the ability to manage and maintain key customer relationships; (4) the ability to maintain key manufacturing and supply sources (including sole supplier and plant manufacturing sources); (5) the ability to successfully manage regulatory, tax and legal matters (including product liability matters), and to resolve pending matters within current estimates; (6) the ability to successfully implement, achieve and sustain cost improvement plans in manufacturing and overhead areas, including successful completion of the Company's outsourcing projects; (7) the ability to successfully manage currency (including currency issues in volatile countries), interest rate and certain commodity cost exposures; (8) the ability to manage the continued global political and/or economic uncertainty, especially in the Company's significant geographical markets, as well as any political and/or economic uncertainty due to terrorist activities; and (9) the ability to successfully manage increases in the prices of raw materials used to make the Company's products. If the company's assumptions and estimates are incorrect or do not come to fruition, or if the Company does not achieve all of these key factors, then the company's actual results might differ materially from the forward-looking statements made herein. For additional information concerning factors that could cause actual results to materially differ from those projected herein, please refer to our most recent 10-K, 10-Q and 8-K reports.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we will use the net proceeds from the sale of debt securities and warrants offered by this prospectus for general corporate purposes.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of any debt securities that we may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series.

General

We expect to issue the debt securities under an indenture, dated as of September 28, 1992, between us and J.P. Morgan Trust Company, National Association, successor in interest to Bank One Trust Company, National Association, as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of Procter & Gamble. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

Terms of a Particular Series

Each prospectus supplement relating to a particular series of debt securities will include specific information relating to the offering. This information will include some or all of the following terms of the debt securities of the series:

the title of the debt securities;

any limit on the total principal amount of the debt securities;

the date or dates on which the debt securities will mature;

the rate or rates, which may be fixed or variable, at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payments;

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

any mandatory or optional sinking fund or similar provisions;

any optional or mandatory redemption provisions, including the price at which, the periods within which, and the terms and conditions upon which we may redeem or repurchase the debt securities;

the terms and conditions upon which the debt securities may be repayable prior to final maturity at the option of the holder;

the portion of the principal amount of the debt securities that will be payable upon acceleration of maturity, if other than the entire principal amount;

provisions allowing us to defease the debt securities or certain restrictive covenants and certain events of default under the indenture;

if other than in United States dollars, the currency or currencies, including composite currencies, of payment of principal of and premium, if any, and interest on the debt securities;

the federal income tax consequences and other special considerations applicable to any debt securities denominated in a currency or currencies other than United States dollars;

any index used to determine the amount of payments of principal of and premium, if any, and interest, if any, on the debt securities;

if the debt securities will be issuable only in the form of a global security as described below, the depository or its nominee with respect to the debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or its nominee; and

any other terms of the debt securities. (Section 301)

Payment of Principal, Premium and Interest

Unless otherwise indicated in the prospectus supplement, principal of and premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be exchangeable and transfers of debt securities will be registrable, at the office of the trustee at 1 Bank One Plaza, Suite IL1-0823 Chicago, Illinois 60670. At our option, however, payment of interest may be made by:

wire transfer on the date of payment in immediately available federal funds or next day funds to an account specified by written notice to the trustee from any holder of debt securities;

any similar manner that the holder may designate in writing to the trustee; or

check mailed to the address of the holder as it appears in the security register. (Sections 301, 305 and 1002)

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$1,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

Original Issue Discount Securities

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for federal income tax purposes, and special rules may apply to debt securities and warrants which are considered to be issued as investment units. Federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

Book-Entry Debt Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

Restrictive Covenants

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under **Definitions Applicable to Covenants**.

Restrictions on Secured Debt

If we or any Domestic Subsidiary shall incur, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property or on any shares of stock or debt of any Domestic Subsidiary, we will secure, or cause such Domestic Subsidiary to secure, the debt securities then outstanding equally and ratably with (or prior to) such Debt. However, we will not be restricted by this covenant if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 5% of our and our consolidated subsidiaries' Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) Mortgages on property of, or on any shares of stock or debt of, any corporation existing at the time the corporation becomes a Domestic Subsidiary;
- (2) Mortgages in favor of us or a Domestic Subsidiary;
- (3) Mortgages in favor of U.S. governmental bodies to secure progress or advance payments;
- (4) Mortgages on property, shares of stock or debt existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction cost Mortgages; and

- (5) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (4), inclusive. (Section 1004)

The indenture does not restrict the incurrence of unsecured debt by us or our subsidiaries.

Restrictions on Sales and Leasebacks

Neither we nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and

commencement of full operation of which has occurred more than 120 days prior to the transaction, unless

we or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under Restrictions on Secured Debt in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding or

we, within 120 days, apply to the retirement of our Funded Debt an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt.

This restriction will not apply to any sale and leaseback transaction

between us and a Domestic Subsidiary,

between Domestic Subsidiaries or

involving the taking back of a lease for a period of less than three years. (Section 1005)

Definitions Applicable to Covenants

The term **Attributable Debt** means the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term **Consolidated Net Tangible Assets** means the total amount of assets, less applicable reserves and other properly deductible items, after deducting (a) all current liabilities and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, all as described on our and our consolidated subsidiaries' most recent balance sheet and computed in accordance with generally accepted accounting principles.

The term **Debt** means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term **Domestic Subsidiary** means any of our subsidiaries except a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing our and our subsidiaries' operations outside the United States.

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

The term **Funded Debt** means Debt having a maturity of, or by its terms extendible or renewable for, a period of more than 12 months after the date of determination of the amount of Debt.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by us or one of our subsidiaries and having a gross book value in excess of $\frac{3}{4}$ of 1% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is a pollution control or other facility financed by obligations issued by a state or local governmental unit pursuant to Section 103(b)(4)(E), 103(b)(4)(F) or 103(b)(6) of the Internal Revenue Code of 1954, or any successor provision thereof, or (2) which, in the opinion of our board of directors, is not of material importance to the total business conducted by us and our subsidiaries as an entirety.

Events of Default

Any one of the following are events of default under the indenture with respect to debt securities of any series:

- (1) our failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) our failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) our failure to perform any other of our covenants in the indenture, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) certain events involving bankruptcy, insolvency or reorganization; and
- (6) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled Modification and Waiver .

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

During default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We will furnish to the trustee annually a certificate as to our compliance with all conditions and covenants under the indenture. (Section 1007)

Defeasance

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture.

Table of Contents

Defeasance and Discharge

We will be discharged from any and all obligations in respect of the debt securities of any series if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If we defease a series of debt securities, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

our obligation to register the transfer or exchange of debt securities of the series,

our obligation to replace stolen, lost or mutilated debt securities of the series,

our obligation to maintain paying agencies,

our obligation to hold monies for payment in trust and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee.

We may defease a series of debt securities only if, among other things:

we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that holders of the debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred, and

we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit, defeasance and discharge. (Section 403)

Defeasance of Covenants and Events of Default

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

We may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

We may defease the covenants and the related events of default described above only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that

the holders of the debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders of the debt securities of the series will be subject to federal

Table of Contents

income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred, and

the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit and defeasance. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we will remain liable for these payments.

Modification and Waiver

Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least 66 ²/₃% in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Without the consent of any holder of debt securities, we and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities as required by Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect.

The holders of at least 66 ²/₃% in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except

a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

Consolidation, Merger and Sale of Assets

If the conditions below are met, we may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease our assets as an entirety to another entity.

We have agreed that we will engage in a consolidation, merger or transfer or lease of assets as an entirety only if

the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is a corporation, partnership or trust organized and existing under the laws of any United States jurisdiction and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

Regarding the Trustee

J.P. Morgan Trust Company, National Association, successor in interest to Bank One Trust Company, National Association, is the trustee under the indenture. J.P. Morgan Trust Company is also a depository of Procter & Gamble and has performed other services for us and our subsidiaries in the normal course of its business.

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of the warrants to which any prospectus supplement may relate. The particular terms of the warrants offered by any prospectus supplement and the extent, if any, to which the general provisions may apply to the warrants so offered will be described in the prospectus supplement relating to the offered warrants.

We may issue the following types of warrants:

warrants for the purchase of debt securities,

warrants to buy or sell government debt securities, which are debt securities of or guaranteed by the United States,

warrants to buy or sell foreign currencies, currency units or units of a currency index or currency basket,

warrants to buy or sell units of a stock index or stock basket and

warrants to buy and sell a commodity or a commodity index.

We may issue warrants independently or together with any debt securities offered by any prospectus supplement. Warrants may be attached to or separate from any debt securities. The warrants will be settled either through physical delivery or through payment of a cash settlement value as described below and in any applicable prospectus supplement.

Warrants will be issued under a warrant agreement to be entered into between Procter & Gamble and a bank or trust company, as warrant agent, all as described in the prospectus supplement relating to the particular issue of warrants. The warrant agent will act solely as our agent in connection with the warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holders of warrant certificates or beneficial owners of warrants.

We have filed a copy of the form of warrant agreement, including the form of warrant certificate, as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the form of warrant agreement are not complete. You should read the form of warrant agreement for a more complete understanding of the provisions described in this section. The warrant agreement itself, not this description or the description in the prospectus supplement, defines your rights as a holder of warrants.

Terms

The prospectus supplement will describe the following terms of the offered warrants:

the offering price;

the currency, currency unit, currency index or currency basket based on or relating to currencies for which warrants may be purchased;

the date on which the right to exercise the warrants commences and the date on which the right expires;

whether the warrant certificates will be issuable in definitive registered form or global form or both;

federal income tax consequences;

whether the warrant is for debt securities, government debt securities, currencies, currency units, currency indices or currency baskets, stock indices, stock baskets, commodities,

Table of Contents

commodity indices or another index or reference as described in the prospectus supplement; and

any other terms of the warrants, including any terms which may be required or advisable under United States laws or regulations.

Warrants to Purchase Debt Securities

If the offered warrants are to purchase debt securities, the prospectus supplement will also describe

the designation, total principal amount, currency, currency unit or currency basket of denomination and other terms of the debt securities purchasable upon exercise of the offered warrants;

the designation and terms of the debt securities with which the offered warrants are issued and the number of offered warrants issued with each debt security;

the date on and after which the offered warrants and the related debt securities will be separately transferable; and

the principal amount of debt securities purchasable upon exercise of one offered warrant and the price at which and currency, currency unit or currency basket in which such principal amount of debt securities may be purchased upon exercise.

Warrants to Buy or Sell Government Debt Securities or Foreign Currencies

If the offered warrants are to buy or sell government debt securities or a foreign currency, currency unit, currency index or currency basket, the offered warrants will be listed on a national securities exchange and the prospectus supplement will describe

the amount and designation of the government debt securities or currency, currency unit, currency index or currency basket, as the case may be, subject to each offered warrant,

whether the offered warrants provide for cash settlement or delivery of the government debt securities or foreign currency, currency unit, units of the currency index or currency basket upon exercise, and

the national securities exchange on which the offered warrants will be listed.

Warrants on a Stock Index or a Stock Basket

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

If the offered warrants are warrants on a stock index or a stock basket, the offered warrants will provide for payment of an amount in cash determined by reference to increases or decreases in the stock index or stock basket and will be listed on a national securities exchange, and the prospectus supplement will describe

the terms of the offered warrants,

the stock index or stock basket covered by the offered warrants and the market to which the stock index or stock basket relates, and

the national securities exchange on which the offered warrants will be listed.

Table of Contents

Warrants on a Commodity or Commodity Index

If the offered warrants are warrants on a commodity or commodity index, the offered warrants will provide for cash settlement or delivery of the particular commodity or commodities and the offered warrants will be listed on a national securities exchange. The prospectus supplement will describe

the terms of the offered warrants,

the commodity or commodity index covered by the offered warrants and the market, if any, to which the commodity or commodity index relates and

the national securities exchange on which the warrants will be listed.

Warrant Certificates

Warrant certificates may be exchanged for new warrant certificates of different denominations, may if in registered form be presented for registration of transfer, and may be exercised at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement. Warrants to buy or sell government debt securities or a foreign currency, currency unit, currency index or currency basket, and warrants on stock indices or stock baskets or on commodities or commodity indices may be issued in the form of a single global warrant certificate, registered in the name of the nominee of the depository of the warrants, or may initially be issued in the form of definitive certificates that may be exchanged, on a fixed date, or on a date or dates selected by us, for interests in a global warrant certificate, as described in the applicable prospectus supplement.

Prior to the exercise of their warrants, holders of warrants to purchase debt securities will not have any of the rights of holders of the debt securities purchasable upon exercise of the warrant, including the right to receive payments of principal of, premium, if any, or interest, if any, on the debt securities or to enforce covenants in the indenture.

Exercise of Warrants

As described in or calculable from the prospectus supplement relating to the warrants, you may exercise your warrant

to purchase the principal amount of debt securities at the exercise price,

to buy or sell the amount of government debt securities or of a currency, currency unit, currency index or currency basket, stock index or stock basket, commodity or commodities at the exercise price or

Edgar Filing: PROCTER & GAMBLE CO - Form 424B5

to receive such settlement value in respect of such amount of government debt securities or of a currency, currency unit, currency index or currency basket, stock index or stock basket, commodity or commodity index.

Warrants may be exercised at any time up to 3:00 P.M. New York time on the date described in the prospectus supplement relating to such warrants or as may be otherwise described in the prospectus supplement. After that time on that date, or a later date to which the date may be extended by us, unexercised warrants will become void.

If there are no restrictions or additional requirements described in the prospectus supplement, you may exercise warrants by delivering to the warrant agent

the properly completed and duly executed warrant certificate and

payment as provided in the prospectus supplement of the amount required to purchase the debt securities, or, except in the case of warrants providing for cash settlement, payment for or

Table of Contents

delivery of the government debt securities or currency, currency unit, currency index, currency basket, stock index, stock basket, commodity or commodities index as the case may be, purchased or sold upon the exercise of the warrant.

Warrants will be deemed to have been exercised upon receipt of the warrant certificate and any payment, if applicable, at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement. We will, as soon as possible, issue and deliver the debt securities purchasable upon exercise, or buy or sell the government debt securities or currency, currency unit, currency index or currency basket, stock index or stock basket, commodity or commodities or pay the settlement value in respect of the warrants. If you exercise fewer than all of the warrants represented by the warrant certificate, you will receive a new warrant certificate for the remaining amount of the warrants.

PLAN OF DISTRIBUTION

General

We may sell debt securities and/or warrants in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers.

A prospectus supplement relating to a particular offering of debt securities or warrants may include the following information:

the terms of the offering,

the names of any underwriters or agents,

the purchase price of the securities from us,

the net proceeds to us from the sale of the securities,

any delayed delivery arrangements,

any underwriting discounts and other items constituting underwriters' compensation,

any initial public offering price and

any discounts or concessions allowed or reallowed or paid to dealers.

The distribution of the debt securities and warrants, if any, may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Underwriting Compensation

In connection with the sale of debt securities and warrants, if any, underwriters may receive compensation from us or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell debt securities and warrants to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or

commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

Underwriters, dealers and agents that participate in the distribution of debt securities and warrants may be deemed to be underwriters under the Securities Act. Any discounts or commissions that they receive from us and any profit that they receive on the resale of debt securities and warrants may be deemed to be underwriting discounts and commissions under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us.

Indemnification

We may enter agreements under which underwriters and agents who participate in the distribution of debt securities and warrants may be entitled to indemnification by us against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

Table of Contents

Related Transactions

Various of the underwriters who participate in the distribution of debt securities or warrants, and their affiliates, may perform various commercial banking and investment banking services for us from time to time in the ordinary course of business.

Delayed Delivery Contracts

We may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase debt securities and warrants from us pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the debt securities and/or warrants shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

No Established Trading Market

The debt securities and/or warrants, when first issued, will have no established trading market. Any underwriters or agents to or through whom we sell debt securities or warrants for public offering and sale may make a market in the securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities or warrants.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the Securities and Exchange Commission may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering, i.e., if they sell more securities than are set forth on the cover page of the prospectus supplement, the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

LEGAL OPINIONS

The validity of the issuance of our securities offered by this prospectus will be passed upon for The Procter & Gamble Company by Chris B. Walther, Assistant Secretary or any Counsel, Senior Counsel or Associate General Counsel of the Company, and for any underwriters or agents by Fried, Frank, Harris, Shriver & Jacobson LLP or other counsel for the underwriters. Mr. Walther or other counsel for the Company may rely as to matters of New York law upon the opinion of Fried, Frank, Harris, Shriver & Jacobson LLP or other counsel for the underwriters. Fried, Frank, Harris, Shriver &
