ACCORDINGLY, THE BOARD RECOMMENDS A VOTE FOR THE RE-ELECTION OF THE THREE DIRECTORS, FOR THE RATIFICATION OF THE BOARD OF DIRECTORS REAPPOINTMENT OF COMPANY S AUDITORS FOR THE YEAR 2010, and FOR AMENDING OUR CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF COMPANY S OUTSTANDING \$.01 PAR VALUE COMMON STOCK AT AN EXCHANGE RATIO OF BETWEEN ONE SHARE OF COMMON STOCK FOR EVERY FOUR SHARES OF COMMON STOCK (1:4) AND ONE SHARE OF COMMON STOCK FOR EVERY TWELVE SHARES OF COMMON STOCK (1:12) OWNED ON THE FILING DATE OF SUCH AMENDMENT, WITH THE FINAL RATIO TO BE DETERMINED AT THE DISCRETION OF THE BOARD OF DIRECTORS, AND FOR PROPER OFFICERS OF THE COMPANY TO IMPLIMENT THE REVERSE SPLIT, AT THE BOARD OF DIRECTORS DISCRETION AND ONLY IN THE EVENT THE BOARD OF DIRECTORS DEEM SUCH REVERSE SPLIT ADVISABLE TO ACQUIRE FINANCING, AND FILE SUCH AMENDMENT ANYTIME PRIOR TO NOVEMBER 22, 2011.

Table of Contents

What does it mean if I receive more than one Proxy Card?

It means you may have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares of Common Stock. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Clear Trust LLC, 17961 Hunting Bow Circle, Suite 102, Lutz, Florida, 33558, telephone (813) 235-4490.

Will my shares be voted if I do not provide my Proxy?

If you hold your shares directly in your own name, they will not be voted if you do not provide a Proxy.

Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms generally have the authority to vote customers' un-voted shares on certain routine matters. Neither the re-election of Company's Directors nor amending Company's Certificate of Incorporation to effect the above mentioned reverse stock split are considered routine matters. When a brokerage firm votes its customers' un-voted shares, these shares are counted for purposes of establishing a quorum. At our Annual Meeting these shares will be counted as voted by the brokerage firm with respect to ratifying the Board of Directors' reappointment of Cross, Fernandez & Riley, LLP as Company's auditors for the year 2010.

How do I vote if I hold shares registered in the name of a broker or bank?

If, on Record Date which is October 4, 2010, your shares were not held in your name, but rather were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and a Notice of Proxy Materials was forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares held in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent and bring such proxy to the annual meeting. If you want to attend the Annual Meeting, and vote at the Annual Meeting, you must provide proof of beneficial ownership as of the Record Date, such as your most recent account statement showing ownership as of October 4, 2010, a copy of the voting instruction card provided by your broker or other agent, or other similar evidence of ownership. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy in advance of the Annual Meeting to ensure your vote is counted.

Can I change my mind after I return my Proxy?

Yes. You may change your vote at any time before your Proxy is voted at the Annual Meeting. If you are a shareholder of record, you can do this by giving written notice to your respective corporate secretary, by submitting another Proxy with a later date, or by attending the Annual Meeting and voting in person. If you are a shareholder in street or nominee name, you should consult with the bank, broker or other nominee regarding that entity's procedures for revoking your voting instructions.

How many shares are eligible to be voted at the Annual Meeting?

The record date for the Annual Meeting is October 4, 2010. Only shareholders of record at the close of business on October 4, 2010, will be entitled to vote at the Annual Meeting. At the close of business on that date, there were issued and outstanding 29,884,409 shares of the Company's Common Stock entitled to one vote per share.

Table of Contents

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a Proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares of Common Stock as of October 4, 2010 must be present in person or by proxy at the meeting. This is referred to as a quorum. On October 4, 2010, there were 29,884,409 shares of Common Stock outstanding and entitled to vote. If a quorum is not present, then either the chairman of the meeting or the shareholders entitled to vote at the meeting may adjourn the meeting until a later time. Abstentions and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

What vote is required to re-elect directors?

Directors are elected by a plurality of the votes cast. Abstentions and broker non-votes (shares held by brokers or nominees as to which they have no discretionary authority to vote on a particular matter and have received no instructions from the beneficial owners or persons entitled to vote thereon) will have no effect on the vote for re-election of directors.

What vote is required to ratify the Board of Directors reappointment of Company's auditors for the year 2010?

Ratification of the Board of Directors reappointment of Cross, Fernandez & Riley, LLP as Company's auditors for the year 2010 will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the Meeting. Only proxies indicating votes FOR, AGAINST or ABSTAIN on this proposal or providing the designated proxies with the right to vote in their judgment and discretion on this proposal are counted to determine the number of shares present and entitled to vote. Abstentions will have no effect on the results of the vote on this proposal.

What vote is required to amend our Certificate of Incorporation with respect to the above mentioned reverse stock split?

To amend the Certificate of Incorporation with respect to the above described stock split requires the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Thus, any abstentions, broker non-votes, or other limited proxies will have the effect of a vote against the reverse split and the related amendment to the Company's Articles of Incorporation.

How will voting on any other business be conducted?

Although we do not know of any business to be conducted at the Annual Meeting other than the proposals described in this Proxy Statement, if any other business comes before the Annual Meeting, your signed Proxy Card gives authority to the Proxy holders to vote on those matters at their discretion.

Table of Contents

Who will bear the costs of this solicitation?

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this Proxy Statement, the Proxy Card and any additional information furnished to shareholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to the beneficial owners. We may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to the beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile or personal solicitation by our directors, officers or other regular employees.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published on a Current Report on Form 8-K.

When are shareholder proposals for the 2011 Annual Meeting due?

Any shareholder proposals for the 2011 annual meeting must be received by us, directed to the attention of the Company's President, Mr. Timothy Tangredi, Dais Analytic Corporation, 11552 Prosperous Drive, Odessa, Florida 33556 no later than July 22, 2011. The use of certified mail, return receipt requested, is advised. To be eligible for inclusion, a proposal must comply with our Bylaws, Rule 14a-8 and all other applicable provisions of Regulation 14A under the Securities Exchange Act of 1934.

PROPOSAL 1

RE-ELECTION OF DIRECTORS

At the Annual Meeting, three individuals will be re-elected to serve as directors until the next annual meeting or until their successors are duly elected, appointed and qualified. The Company's Board of Directors currently consists of three persons. The three individuals who are nominated for re-election to the Board of Directors are existing directors of the Company. Unless a shareholder WITHHOLDS AUTHORITY, a properly signed and dated Proxy will be voted FOR ALL of the three persons named below to serve as directors, unless the Proxy contains contrary instructions. Management has no reason to believe that any of the nominees will not be a candidate or will be unable to serve as a director. However, in the event any nominee is not a candidate or is unable or unwilling to serve as a director at the time of the election, unless the shareholder WITHHOLDS AUTHORITY from voting, the proxies will be voted FOR any nominee who shall be designated by the present Board of Directors to fill such vacancy.

The three current Directors to be considered for re-election are Timothy N. Tangredi, Raymond Kazyaka Sr. and Robert W. Schwartz.

Our Directors will generally serve one-year terms and shall hold office until the 2011 annual meeting of shareholders and until his successor has been duly elected, appointed and qualified. If all the nominees are re-elected, the Board of Directors will consist of three Directors.

Unless Proxy Cards are otherwise marked, the persons named as proxies will vote all proxies received FOR the re-election of each nominee named in this section.

Our By-Laws allow directors to be elected by a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors.

At each annual meeting of shareholders, directors will be elected by the holders of Common Stock to succeed those directors whose terms are expiring. Directors will be elected annually and will serve until successors are duly elected and qualified or until a director's earlier death, resignation or removal. Our bylaws provide that the authorized number of directors may be changed by action of the majority of the Board of Directors or by a vote of the shareholders of our Company. Vacancies in our Board of Directors may be filled by a majority vote of the Board of Directors with such newly appointed director to serve until the next annual meeting of shareholders, unless sooner removed or replaced.

The following table sets forth certain information concerning each nominee for re-election as a Director of the Company:

Name	Age	Position	Director Since
Timothy N. Tangredi	54	President, Chief Executive Officer and Chairman of the Board of Directors	1997
Robert W. Schwartz	66	Director	2001
Raymond Kazyaka Sr.	79	Director	1995

Table of Contents

Background

The following is a brief summary of the background of each nominee for Director of the Company:

Timothy N. Tangredi has been our Chief Executive Officer since 1996. Mr. Tangredi joined the Company in 1996, and was appointed a member of our Board of Directors in 1997. In 1999 and 2000, respectively, Mr. Tangredi initiated and executed the strategic purchases of Analytic Power and American Fuel Cell Corporation. From 1979 to 1990, Mr. Tangredi worked for AT&T, as a member of the Leadership Continuity Program working in technical marketing, network operations, and project management. Mr. Tangredi earned his BS from Siena College and MBA from Rensselaer Polytechnic Institute. He is a founder and member of the board of directors of Aegis BioSciences, LLC (Aegis). Aegis, created in 1995, is a licensee of the Company's nano-structured intellectual property and materials in the biomedical and healthcare fields. Mr. Tangredi spends approximately one to two days per month on Aegis business and is compensated by Aegis for his time and contribution(s).

Robert W. Schwartz was appointed to our Board of Directors in 2001. Mr. Schwartz founded the Schwartz-Heslin Group (SHG) in 1985 and serves as one of its Managing Directors. Mr. Schwartz specializes in corporate planning, finance and development. Prior to starting SHG, he was a founder, President and Chief Executive Officer of a venture-funded high tech telecommunications company (Windsorce, Inc.). In addition, he was the President and Chief Operating Officer of an American Stock Exchange listed company (Coradian Corporation). He was also the Chief Financial Officer of a major manufacturer of outdoor power equipment (Troy Built Products, Troy, NY). His earlier experience was with KPMG as a management consultant and with IBM. Mr. Schwartz received a Bachelor of Science from Cornell University in 1967 and undertook graduate studies in business at the University of New York Albany.

Raymond Kazyaka Sr. was appointed to our Board of Directors in 1995. Mr. Kazyaka is the former President (1976-2006) and a co-founder of Wright Malta Corporation, which was founded in 1972. Wright Malta, liquidated in 2005, owned and operated the Malta Test Station, which had performed military product development for various governmental and commercial organizations. Mr. Kazyaka has also served as a consultant to the Canadian National Defense on facility noise abatement. Prior to founding Wright Malta, Mr. Kazyaka worked for General Electric as a rocket engine design engineer and a manager. Mr. Kazyaka holds several patents on rocket engine components and noise abatement systems, and is a senior member of the American Institute of Aeronautics and Astronautics. Mr. Kazyaka graduated from Union College with a degree in Mechanical Engineering in 1953.

Involvement in Certain Legal Proceedings

None of our directors has been, during the past ten years:

- (i) involved in any bankruptcy petition filed by or against such person or any business of which such person was a general partner or executive officer, either at the time of the bankruptcy or within ten years prior to that time;
- (ii) named in as a defendant or counter-claimant in any civil litigation in the past ten years;
- (iii) convicted or plead nolo contendere in any criminal proceeding or is subject to a pending criminal proceeding (excluding traffic violations and other minor offences);
- (iv) subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoined, barred, suspended or otherwise limited from involvement in any type of business, securities, futures, commodities or banking activities;

Table of Contents

(iv) found by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended, or vacated;

(v) involved in any judicial or administrative proceeding resulting from involvement in mail or wire fraud or fraud in connection with any business entity;

(vi) involved in any judicial or administrative proceedings based on violations of federal or state securities, commodities, banking or insurance laws and regulations, or any settlement to such actions (other than settlements of civil proceedings among private parties);

(vii) involved in any disciplinary sanction or orders imposed by a stock, commodities or derivatives exchange or other similar self-regulatory organization.

Corporate Governance

As the Over-the-Counter Bulletin Board, on which the Company's shares of Common Stock are quoted, has no independence requirements, the Company has adopted the independence definitions and requirements of NASDAQ. The discussion below reflects such standards of independence.

Director Independence

Our Board of Directors has determined that it currently has two members who qualify as independent as the term is used in Item 407 of Regulation S-K as promulgated by the SEC and as that term is defined under NASDAQ Rule 4200(a) (15). The independent directors are Raymond Kazyaka Sr. and Robert W. Schwartz.

Board Meetings and Committees; Annual Meeting Attendance

Our Board of Directors has not adopted any committees to the Board of Directors. Our Board of Directors held, and all Directors attended, five formal meetings during the most recently completed fiscal year. Other proceedings of the Board of Directors were conducted by resolutions consented to in writing by all the directors and filed with the minutes of the proceedings of the directors. Such resolutions consented to in writing by the directors entitled to vote on that resolution at a meeting of the directors are, according to the corporate laws of the State of New York and our bylaws, as valid and effective as if they had been passed at a meeting of the directors duly called and held.

We currently do not have a policy regarding the attendance of board members at the annual meeting of shareholders.

Audit Committee

Due to the size and structure of the Company and its Board, the Board does not have a standing Audit Committee, and as a result does not have an audit committee charter. The functions that would be performed by the audit committee are performed by the entire Board. The Board views its duties as an audit committee as follows: (i) review recommendations of independent registered accountants concerning the Company's accounting principles, internal controls and accounting procedures and practices; (ii) review the scope of the annual audit; (iii) approve or disapprove each professional service or type of service other than standard auditing services to be provided by the registered public

Table of Contents

accountants; and (iv) review and discuss with the independent registered public accountants the audited financial statements. There are no board members that are considered to have significant financial experience. When independent directors with the appropriate financial background join the board, the board plans to establish an audit committee, which will then adopt an appropriate charter and pre-approval policies and procedures in connection with services to be rendered by the independent auditors.

Nominating Committee and Selection of Director Candidates

The Board of Directors does not currently have a standing Nominating Committee or a charter regarding the nominating process. The Board of Directors believes that it is appropriate for it to not have such a committee because it has delegated to the independent members of the Board of Directors the authority to identify, evaluate and recommend qualified nominees for election or appointment to the Company's Board of Directors.

The Board, (1) has no policy with regard to the nomination of candidates recommended by security holders; (2) has developed no specific minimum qualifications that it believes must be met by a Board-recommended nominee for a position on the Board; (3) has developed no specific qualities or skills that it believes are necessary for a member of the Board to possess; (4) has no specific process for identifying and evaluating nominees for director and (5) does not have a policy with regard to the consideration of diversity in identifying director nominees. The Board did not receive any shareholder nominations to the Board of Directors and the independent members on the Board nominated for re-election for each of Timothy N. Tangredi, Raymond Kazyaka Sr. and Robert Schwartz based on their experience on the Company's Board of Directors.

Shareholders who wish to recommend nominees for consideration by the independent members of the Board of Directors must submit their nominations in writing to our Corporate President. Submissions must include sufficient biographical information concerning the recommended individual for the committee to consider, including age, five-year employment history with employer names and a description of the employer's business, whether such individual can read and comprehend basic financial statements, and other board memberships (if any) held by the recommended individual. The submission must be accompanied by a written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the shareholders. PROPOSAL 3

AMENDING OUR CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF COMPANY S OUTSTANDING \$.01 PAR VALUE COMMON STOCK AT AN EXCHANGE RATIO OF BETWEEN ONE SHARE OF COMMON STOCK FOR EVERY FOUR SHARES (1:4) OF COMMON STOCK AND ONE SHARE OF COMMON STOCK FOR EVERY TWELVE SHARES OF COMMON STOCK (1:12) OWNED AS OF THE FILING DATE OF SUCH AMENDMENT, WITH THE FINAL RATIO TO BE DETERMINED AT THE DISCRETION OF THE BOARD OF DIRECTORS, AND FOR THE PROPER OFFICERS OF THE COMPANY TO IMPLIMENT THE REVERSE SPLIT AND FILE SUCH AMENDMENT, AT THE BOARD OF DIRECTORS DISCRETION AND ONLY IN THE EVENT THE BOARD OF DIRECTORS DEEM SUCH REVERSE SPLIT ADVISABLE TO ACQUIRE FINANCING, ANYTIME PRIOR TO NOVEMBER 22, 2011.

Description of the Proposed Reverse Stock Split and Amendment to Certificate of Incorporation

The Company s Board of Directors unanimously adopted a resolution approving an amendment to the Company s Certificate of Incorporation to effect a reverse stock split of Company s outstanding \$.01 par value common stock at an exchange ratio of between one share of common stock for every four shares of common stock and one share of common stock for every twelve shares of common stock owned as of the filing date of such amendment, with the final ratio to be determined at the discretion of the Board of Directors and, subject to shareholder approval, for the proper officers of the Company to implement the exchange and file such amendment, at the Board of Directors discretion and only in the event the Board of Directors deem such reverse split advisable to acquire financing, anytime prior to November 22, 2011 (Reverse Split). A copy of the Certificate of Amendment, as amended, is attached as Exhibit A.

If the amendment to the Company s Certificate of Incorporation is approved by the Shareholders holding a majority of the outstanding shares of the Company, the Board will have the discretion to determine, as it deems to be in the best interest of the Company s stockholders, the specific ratio to be used within the range described above and timing of the Reverse Split, which may occur at any time prior to November 22, 2011. The Board may also, in its discretion, determine not to effect the Reverse Split if it concludes, subsequent to obtaining stockholder approval, such action is not in the best interests of the Company, for example if the Company is not successful in attracting additional financing. In determining whether to effect the Reverse Split and, if so, the ratio to be used, the Board will consider various factors including, but not limited to, proposed financings and the terms of such financings, the historical and projected performance of the Company s common stock, prevailing market conditions and general economic trends, and will place emphasis on the expected closing price of Company s common stock in the period following the effectiveness of the Reverse Split. The Company s Board of Directors will also consider the impact of the Reverse Split ratio on investor interest. The purpose of providing a period within which the Reverse Split may be implemented and for selecting a range for the Reverse Split ratio is to give the Company s Board of Directors the flexibility to meet business needs as they arise, to take advantage of favorable opportunities, and to respond to a changing corporate environment.

The form of the proposed amendment to effect the Reverse Split, as more fully described below, will effect the Reverse Split but will not change the number of authorized shares of common or preferred stock, or the par value of our common or preferred stock.

Reason for the Reverse Split

The Board of Directors has requested authority to implement this Reverse Split for two reasons.

Table of Contents

The first reason relates to the current low market price of our common stock. The Company requires financing to fund its business development including, but not limited to, capital needed to fund growth. The Board of Directors has come to the conclusion that an increase in the market price of the Common Stock may enhance the marketability of the Common Stock and so improve the Company's prospects for obtaining financing. It is hoped that the Reverse Split will increase the per share market price of our common stock and possibly allow the Company to secure financing on more favorable terms. It would also at the same time, and on the same percentages, reduce the number of shares, issuable on exercise of the outstanding warrants and options and thereby reducing the exchange on the market.

The closing market price for Company's Common Stock in 2010, as recorded by the Over the Counter Bulletin Board, has been between \$.20 and \$.66 per share. Many brokerage firms are reluctant to recommend lower-priced stocks to their clients. The policies and practices of some brokerage houses tend to discourage individual brokers within those firms from dealing in lower priced stocks. Investors may also be dissuaded from purchasing lower priced stocks, such as ours, because the brokerage commission on the purchase or sale of such stock tends to represent a higher percentage of the sales price than the brokerage commission charged on a stock with a relatively high per share price. In addition, although it was not specifically informed by any analysts, the board believes that analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower priced stocks.

The Board of Directors believes that this issue is best addressed by an increase in the inherent value per share of common stock that may occur as a result of the Reverse Split. Moreover, the Board of Directors believes that, absent the Reverse Split, Company is not likely to obtain additional financing on favorable terms. Accordingly, the Board believes that the proposed Reverse Split is essential to the Company's growth.

The second reason for the Reverse Split is to increase the number of shares of authorized stock available for issuance. As noted above, our Articles of Incorporation authorize the Board to issue 200,000,000 common shares. As of the Record Date, 29,884,409 common shares have been issued and remain outstanding and 38,472,859 shares of common stock are underlying outstanding warrants and options issued by the Company. The Board believes that the additional shares of authorized Common Stock available for issuance upon effecting the Reverse Split would provide the Company with increased flexibility to issue and/or sell Common Stock from time to time at the discretion of the Board, and without further authorization by the shareholders, for one or more of the following business purposes: (i) in public or private offerings as a means of obtaining additional capital for the Company's business; (ii) as part or all of the consideration required to be paid for the acquisition of ongoing businesses or other assets (none currently contemplated); (iii) to satisfy any current or future financial obligations of the Company, including funding operations and repaying promissory notes that are currently due; (iv) in connection with the exercise of options, warrants or rights, or the conversion of convertible securities or notes that have been or may be issued by the Company; or (v) pursuant to any benefit, option or stock ownership plan or employment agreement.

Impact of the Proposed Reverse Split if Implemented

If approved and effected, the Reverse Split will automatically apply to all outstanding shares of the Company's Common Stock. Except for adjustments that may result from the treatment of fractional shares as described below, the Reverse Split will not affect any stockholder's percentage ownership or proportionate voting power as of the effective date of the Reverse Split.

However, because the number of authorized shares of the Company's common stock will not be reduced proportionately and will remain at 200,000,000, the Reverse Split will increase the Board's ability to issue authorized and unissued shares without further stockholder action. The Company has entered into a non-binding letter agreement for a brokerage firm to act as managing underwriter for a firm commitment public offering of equity up to \$20,000,000. The terms of the offering such as type of equity, price and amount of equity was not agreed to and is subject to future negotiations and is subject to the completion of due diligence of the Company and the execution of a definitive underwriting agreement between the Company and the brokerage firm. If such agreement could be entered into the Company would pay the broker up to 10% cash fee commission and issue warrants to the broker up to 10% of the equity issued in the offering exercisable for five (5) years at a price equal to the price paid by investors in the offering and on such terms contained in warrants issued to brokers in such offerings. The Company would also be responsible to reimburse the broker for certain of its expenses. There can be no assurances that the Company can consummate this offering or any other offering.

Table of Contents

Other than as described above, the Company does not have any immediate plans, arrangements, commitments or understandings relating to the issuance of any of the authorized but unissued shares that would be available as a result of the proposed Reverse Split. However, the Company is looking to raise additional equity capital and anticipates that it will continue through the issuance of common stock or other securities that are convertible into, or otherwise grant the holder thereof the right to purchase, common stock.

Although the Board intends to issue our common stock only when it considers such issuance to be in the best interest of the Company, the issuance of additional shares of common stock may have, among others, a dilutive effect on earnings per share of Common Stock and on the equity and voting rights of holders of shares of Common Stock. The increased proportion of authorized but unissued shares to issued shares could, under certain circumstances, have an anti-takeover effect. For example, the issuance of a large block of the Common Stock could dilute the stock ownership of a person seeking to effect a change in the composition of the Board or contemplating a tender offer or other transaction for the combination of the Company with another company. However, the Amendment providing for the reverse stock split is not being proposed in response to any effort of which the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a plan by management to recommend to the Board and Shareholders a series of amendments to the Company's Certificate of Incorporation. Other than the Amendment for the reverse stock split, the Board does not currently contemplate recommending the adoption of any other amendments to the Company's Certificate of Incorporation that could be construed to reduce or interfere with the ability of third parties to take over or change the control of the Company.

Ownership of shares of Common Stock entitles each shareholder to one vote per share of Common Stock. Holders of shares of Common Stock do not have pre-emptive rights to subscribe to additional securities that may be issued by the Company, which means that current shareholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership. Shareholders wishing to maintain their interest, however, may be able to do so through normal market purchases.

Based on the number of shares, warrants and options outstanding as of the Record Date, the principal effect of a Reverse Split (at a ratio between one share of common stock for every four shares of outstanding common stock (1:4) and one share of common stock for every twelve shares of outstanding common stock (1:12) would be as follows:

To avoid the existence of fractional shares of common stock after the Reverse Split, fractional shares that would be created as a result of the Reverse stock Split will be rounded up to the next whole share, including fractional shares that are less than one half of one share.

The columns reflecting the effect of the Reverse Split do not reflect any adjustments that may result from issuance of additional shares prior to the effective date of the proposed Reverse Split, shares that may be issued as a result of convertible notes Company has outstanding or the rounding-up of fractional shares as we cannot calculate at this time the number of shares that may be issued as a result of any such events.

The Reverse Split will not affect the par value of the common stock. As a result, as of the effective date of the Reverse Split, the stated capital attributable to common stock on our balance sheet will be reduced proportionately based on the Reverse Split ratio described above, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per-share net income or loss and net book value of the Company's common stock will be restated because there will be fewer shares of common stock outstanding.

Table of Contents

The Reverse Split may increase the number of stockholders who own odd lots (less than 100 shares). Stockholders who hold odd lots may experience an increase in the cost of selling their shares and may have greater difficulty in effecting sales.

Each stockholder is urged to consult with such stockholder's tax advisor with respect to any potential tax consequences of the Reverse Split.

Certain Risk Factors Associated with the Reverse Split

There can be no assurance that the total market capitalization of our common stock (the aggregate value of all common stock at the then market price) after the proposed Reverse Split will be equal to or greater than the total market capitalization before the proposed Reverse Split or that the per share market price of our common stock following the Reverse Split will increase or will increase in proportion to the reduction in the number of shares of common stock outstanding before the Reverse Split. Moreover, there can be no assurance that any increase in the per share price of our common stock after the Reverse Split will be sustained.

A decline in the market price of our common stock after the Reverse Split may result in a greater percentage decline than would occur in the absence of a Reverse Split and the liquidity of our common stock could be adversely affected following the Reverse Split.

Required Vote

The adoption of the amendment to the Certificate of Incorporation will require the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Thus, any abstentions, broker non-votes, or other limited proxies will have the effect of a vote against the Amendment to the Company's Articles of Incorporation.

No Appraisal Rights

Shareholders will not have dissenters' or appraisal rights under New York Business Corporation Law or under the Company's Certificate of Incorporation in connection with the proposed amendment to the Certificate of Incorporation.

Procedure for Effecting Reverse Split

Assuming the Reverse Split is authorized by the shareholder, the Board may decide to implement the Reverse Split at any time on or before November 22, 2011 whereupon the Company shall promptly file a Certificate of Amendment with the Secretary of State of the State of New York to amend its Certificate of Incorporation. The Reverse Split will become effective on the date of such filing, which is referred to as the Split Effective Date. Beginning on the Split Effective Date, each certificate representing pre-Reverse Split shares will be deemed for all corporate purposes to evidence ownership of post-Reverse Split shares. The text of the Certificate of Amendment is set forth in Exhibit A to this proxy statement. The text of the Certificate of Amendment is subject to modification to include such changes as may be required by the Department of State of the State of New York and as the Board deems necessary and advisable to effect the Reverse Split including, but not limited to, the Split Effective Date and applicable ratio for the Reverse Split.

Effect on Registered Certificated Shares

If any of your shares are held in certificate form and a Reverse Split is effected, you will receive a letter from the Company or our transfer agent, Clear Trust LLC (the Transfer Agent), as soon as practicable after the Split Effective Date. Upon the occurrence of such an event it is not necessary for a shareholder to obtain a replacement certificate in order to be registered in the record books of the corporation as the owner of the appropriate number of shares post Reverse Split shares. Every shareholder who wishes to receive a replacement certificate, however, may do so by surrendering to the Transfer Agent his certificate representing shares of pre-Reverse Split and paying the transfer agent's standard fee. The letter will contain instructions on how to surrender your certificate(s) representing your pre-Reverse Split shares to the transfer agent should you so chose. Upon meeting the requirements set forth in said letter, the shareholder will receive a replacement certificate representing the appropriate number of post Reverse Split shares. **STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S). YOU SHOULD NOT SEND YOUR CERTIFICATES NOW. YOU SHOULD SEND THEM ONLY AFTER YOU RECEIVE THE LETTER OF TRANSMITTAL FROM THE TRANSFER AGENT.**

Effect on Registered and Beneficial Stockholders

Upon a Reverse Split, we intend to treat stockholders holding common stock in street name, through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the Reverse Split for their beneficial holders holding common stock in street name. However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing the Reverse Split. If you hold your shares with a bank, broker or other nominee and if you have any questions in this regard, we encourage you to contact your bank, broker or nominee.

IF STOCKHOLDERS DO NOT APPROVE THE PROPOSAL, IT COULD MAKE IT MORE DIFFICULT TO OBTAIN FUTURE EQUITY FINANCING THAT WE BELIEVE IS ESSENTIAL TO THE COMPANY'S FUTURE OPERATIONS AND SUCCESS.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE IN FAVOR OF AMENDING OUR CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE SPLIT OF COMPANY'S OUTSTANDING \$.01 PAR VALUE COMMON STOCK AT AN EXCHANGE RATIO OF BETWEEN ONE SHARE OF COMMON STOCK FOR EVERY FOUR SHARES (1:4) OF COMMON STOCK AND ONE SHARE OF COMMON STOCK FOR EVERY TWELVE SHARES OF COMMON STOCK (1:12) OWNED ON THE FILING DATE OF SUCH AMENDMENT, WITH THE FINAL RATIO TO BE DETERMINED AT THE DISCRETION OF THE BOARD OF DIRECTORS, AND FOR THE PROPER OFFICERS OF THE COMPANY TO IMPLIMENT THE REVERSE SPLIT AND FILE SUCH AMENDMENT, AT THE BOARD OF DIRECTORS' DISCRETION AND ONLY IN THE EVENT THE BOARD OF DIRECTORS DEEM SUCH REVERSE SPLIT ADVISABLE TO ACQUIRE FINANCING, ANYTIME PRIOR TO NOVEMBER 22, 2011.

The following table sets forth information as of the August 10, 2010 as to each person or group who is known to us to be the beneficial owner of more than 5% of our outstanding voting securities and as to the security and percentage ownership of each of our executive officers and directors and of all of our officers and directors as a group.

Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. The number of shares shown as beneficially owned in the tables below are calculated pursuant to Rule 13d-3(d) (1) of the Exchange Act. Under Rule 13d-3(d)(1), shares not outstanding that are subject to options, warrants, rights or conversion privileges exercisable within 60 days are deemed outstanding for the purpose of calculating the number and percentage owned by such person, but not deemed outstanding for the purpose of calculating the percentage owned by each other person listed. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each shareholder identified in the table possesses sole voting and investment power over all of the shares of Common Stock shown as beneficially owned by the shareholder.

The address for each of the persons named below is 11552 Prosperous Drive, Odessa, FL 33556, unless otherwise indicated.

Applicable percentage ownership in the following table is based on approximately 29,666,717 shares of Common Stock outstanding as of August 10, 2010, plus, for each individual, any securities that individual has the right to acquire within 60 days of August 10, 2010.

The agreement sets forth Mr. Tangredi's compensation level, conditions for certain option grants, benefits and the obligations of the Company in the event of termination. Mr. Tangredi's base salary is \$170,000, plus certain allowances as well as performance related payments and option issuances.

For each product for which the Company commences commercial sale or licensing during the term and receives more than \$1 million of revenue during any 12 month period, Mr. Tangredi, in addition to any other compensation which he may receive under the agreement, shall be granted options to purchase 10,000 shares of the Company's Common Stock at an exercise price equal to either (i) the lower of: (a) \$2.50 per share or (b) the fair market value per share of the stock on the date of grant as determined in good faith by the Compensation Committee of the Board of Directors, if the Company has not conducted an initial public offering prior to the date of grant (as hereinafter defined), or (ii) at an exercise price equal to 75% of the market price of the Common Stock, if the Company has completed an initial public offering of its Common Stock prior to the date of grant (with the market price to be the average of the closing sale prices during the five trading days immediately preceding the date of grant of the option).
