Report of Independent Auditors

To the Owners of Le Meridien San Francisco

We have audited the accompanying balance sheets of Le Meridien San Francisco (the Hotel), as of December 31, 2009 and 2008, and the related statements of operations, net assets and cash flows for the years then ended. These financial statements are the responsibility of the Hotel's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Hotel's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hotel's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Hotel at December 31, 2009 and 2008, and the results of its operations and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

Le Meridien San Francisco

Notes to Financial Statements

September 30, 2010 (unaudited) and December 31, 2009 and 2008

**1. Organization**

The financial statements of Le Meridien San Francisco (the Hotel), present the financial position, results from operations and cash flows of the Hotel's operations. The Hotel is owned by HEI San Francisco LLC (the Owner). The Hotel is a luxury property with 360 guest rooms located in San Francisco's financial district, situated on the Land that consists of approximately 0.36 acres at 333 Battery Street.

The Hotel is operated and managed by Merritt Hospitality, LLC, an affiliate of the Owner, through a management agreement dated May 9, 2006.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The accompanying financial statements have been prepared for purposes of enabling Chesapeake Lodging Trust to comply with certain requirements of the Securities and Exchange Commission. The financial statements of the Hotel are prepared in conformity with U.S. generally accepted accounting principles (GAAP). The financial statements include the assets, liabilities and results of operations of the Hotel and not the accounts of the limited liability company that owns the Hotel.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the realizability of accounts receivable, useful lives of real estate for purposes of determining depreciation expense and assessments as to whether there is impairment in the value of long-lived assets. Actual results could differ from those estimates.

Le Meridien San Francisco

Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

**Real Estate**

Real estate is stated at cost less accumulated depreciation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets, which are as follows:

	<b>Classification</b>	<b>Years</b>
Building		40
Building improvements		15
Furniture, fixtures and equipment		5 - 7

Maintenance, minor repairs and replacements are expensed when incurred.

The Hotel reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposal is less than its carrying amount. No impairment loss has been identified or recorded in 2010, 2009 or 2008.

**Cash and Cash Equivalents**

Cash and cash equivalents include all cash on hand, cash held in financial institutions and other highly liquid investments with an initial maturity of three months or less when purchased. The cash balance may at times exceed federal depository insurance limits.

**Restricted Cash**

Restricted cash represents tax and insurance escrows and a property improvement plan reserve. This restricted cash balance is not available for use in the Hotel's operations.

**Goodwill**

Goodwill represents the excess of acquisition considerations over the fair value of identifiable net assets acquired. Goodwill is tested for impairment on an annual basis or more frequently if

Le Meridien San Francisco

Notes to Financial Statements (continued)

events or circumstances indicate that goodwill might be impaired. In testing goodwill for

**2. Summary of Significant Accounting Policies (continued)**

impairment, management compares the fair value of goodwill with its carrying amount. If the carrying amount exceeds its fair value, an impairment loss would be recognized in an equal amount to that excess. For the period ended September 30, 2010 and for the years ended December 31, 2009 and 2008, management of the Hotel believes that goodwill is not impaired.

**Revenue Recognition**

Hotel income represents revenue derived from room, food, beverage and parking. Room revenue is recognized as room-stays occur. Food, beverage and parking revenue are recognized when services have been provided. Deposits received for future services are recorded within accrued expenses and other liabilities and are recognized as revenue when the services are provided. Ongoing credit evaluations are performed and an allowance for potential credit losses is provided against the portion of accounts receivable that is estimated to be uncollectible. The Hotel determined that no allowance for doubtful accounts was necessary as of September 30, 2010 (unaudited), December 31, 2009 and 2008.

**Deferred Financing Costs**

Deferred financing costs include fees and costs incurred to obtain financing and are amortized over the term of the related debt using the straight-line method, which approximates the effective-interest method. Amortization expense was \$59,361 (unaudited) and \$111,451 (unaudited) for the nine months ended September 30, 2010 and 2009, respectively, and \$136,202 and \$247,715 for the years ended December 31, 2009 and 2008, respectively. Accumulated amortization was \$835,549 (unaudited) as of September 30, 2010, and \$776,188 and \$639,986 as of December 31, 2009 and 2008, respectively.

**Income Taxes**

The owner of the Hotel is a limited liability company (LLC) and under the existing provisions of the Internal Revenue Code, income and losses of the LLC flow through to the members of the LLC; accordingly, no provision for income taxes has been provided for in the accompanying financial statements of the Hotel.

Le Meridien San Francisco

Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

**Fair Value of Financial Instruments**

As cash equivalents have maturities of less than three months, the carrying value of cash and cash equivalents approximates fair value. The fair values of the Hotel's other financial instruments (including such items in the financial statement captions as accounts receivable, accounts payable and accrued expenses, and advance deposits) approximate their carrying values based on their nature and terms. Based upon management's estimate of borrowing rates and loan terms currently available for variable rate financing, the fair value of the Hotel's variable rate mortgage loans payable would approximate their carrying values as of September 30, 2010 and December 31, 2009 (see Note 4).

**New Accounting Pronouncements**

Effective July 1, 2009, the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC or Codification) is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The adoption of the FASB ASC does not impact the Hotel's financial statements; however, the Hotel's references to accounting literature within its notes to the combined financial statements reflect the Codification as of and for the years ended December 31, 2009 and 2008.

The Hotel adopted FAS No. 157 or ASC 820, on January 1, 2008, which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements required under other accounting pronouncements, but does not change existing guidance as to whether or not an instrument is carried at fair value. The adoption did not have a material impact on the combined financial statements.

The Hotel adopted FAS No. 141(R), or ASC 805, on January 1, 2009. This topic significantly changed how a reporting enterprise accounts for the acquisition of a business in fiscal years beginning after December 31, 2008. It applies to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008, which was the beginning of the 2009 fiscal year. The adoption of this topic did not have a material impact on the combined financial statements.

## Le Meridien San Francisco

## Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

The Hotel adopted FAS No. 160 or ASC 820-10-65-1, on January 1, 2009, which establishes new accounting and reporting standards for non-controlling interests, previously known as minority interests, in a subsidiary and for the deconsolidation of a subsidiary. This topic is applied prospectively for fiscal years and interim periods within those fiscal years, beginning with the current fiscal year, except for the presentation and disclosure requirements, which are applied retrospectively for all periods presented. The adoption of this topic did not have a material impact on the financial statements.

**3. Real Estate**

Real estate as of September 30, 2010 (unaudited) and December 31, 2009 and 2008, is comprised of the following:

	September 30, 2010 (unaudited)	December 31, 2009	December 31, 2008

Depreciation expense related to real estate totaled \$3,201,455 (unaudited) and \$3,199,490 (unaudited) for the nine months ended September 30, 2010 and 2009, respectively, and \$4,246,231 and \$4,184,081 for the years ended December 31, 2009 and 2008, respectively.

**4. Loans Payable**

As of September 30, 2010 (unaudited), December 31, 2009 and 2008, loans payable consist of an acquisition loan of \$92,100,000 (unaudited), \$92,100,000 and \$99,100,000, respectively, bearing interest at a rate of 7.06% per annum for the initial month and thereafter LIBOR plus the spread, maturing on May 9, 2011. The acquisition loan is collateralized by the Hotel's buildings, structures and other tangible property.

Le Meridien San Francisco

Notes to Financial Statements (continued)

**5. Related Party Transactions**

Effective May 9, 2006, the Hotel entered into a management agreement with Merritt Hospitality, LLC to operate and manage the Hotel. Certain members of the Owner of the Hotel are also members of Merritt Hospitality, LLC. Merritt Hospitality, LLC is paid a base management fee equal to 3% of the Hotel's gross revenues. Merritt Hospitality, LLC is also entitled to receive reimbursement for certain costs and expenses as provided in the agreement. The financial statements reflect base management fees of \$634,349 (unaudited) and \$571,095 (unaudited) for the nine months ended September 30, 2010 and 2009, respectively, and \$789,035 and \$946,863 for the years ended December 31, 2009 and 2008, respectively.

Merritt Hospitality, LLC also has been engaged to manage certain renovation projects at the Hotel. In accordance with the terms of the management agreement, Merritt Hospitality, LLC receives project management fees equal to 4.5% of the project cost. Project management fees were \$26,707 (unaudited) and \$8,406 (unaudited) for the nine months ended September 30, 2010 and 2009, respectively, and \$8,406 and \$72,430 for the years ended December 31, 2009 and 2008, respectively.

**6. Commitments and Contingencies**

**Litigation**

The Hotel is subject to legal proceedings and claims that arise in the normal course of business. As of September 30, 2010, December 31, 2009 and 2008, management is not aware of any asserted or pending litigation or claims against the Hotel that it expects to have a material adverse effect on the Hotel's financial condition, results of operations or liquidity.

**7. Subsequent Events**

On December 7, 2010, the Owner entered into a purchase agreement with Chesapeake Lodging Trust for the sale of the Hotel for \$143,000,000. The sale closed on December 15, 2010.

The Hotel evaluated subsequent events through February 1, 2011, for inclusion in the financial statements.
