You may also attend the meeting virtually via the Internet at amt.d.onlineshareholdermeeting.com, where you will be able to vote electronically and submit questions during the meeting.

At the 2018 Annual Meeting the following items of business will be considered:

- 1) The election of four nominees recommended by the board of directors to the board of directors;
- 2) Advisory vote on executive compensation; and
- 3) Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2018.

Only stockholders of record at the close of business on December 19, 2017 will be entitled to notice of and to vote at the meeting.

We have adopted the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) to most of our stockholders instead of a paper copy of this Proxy Statement and our 2017 Annual Report. The Internet Availability Notice contains instructions on how to access and review those documents over the Internet. We believe that this process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received an Internet Availability Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Availability Notice.

Your vote is very important. Whether or not you plan to attend the Annual Meeting (in person or virtually via the Internet), please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your Internet Availability Notice. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person or virtually via the Internet. Proxies are being solicited on behalf of the board of directors.

By Order of the Board of Directors

General Information About the Meeting

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2018 Annual Meeting of Stockholders (the Annual Meeting) of TD Ameritrade Holding Corporation (the Company). The 2018 Annual Meeting will be held on Friday, February 16, 2018 at 9:00 a.m., Central Standard Time, at 3000 TD Ameritrade Lane, Southlake, Texas and via the Internet at amt.d.onlineshareholdermeeting.com, where you will be able to vote electronically and submit questions during the meeting. This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about January 3, 2018.

Quorum and Voting Requirements

The Company has one class of common stock. Each share of common stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on December 19, 2017 (the Record Date) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 567,219,978 shares of common stock issued and outstanding.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class I directors recommended by the board of directors, an advisory vote on executive compensation and ratification of the appointment of the Company's independent registered public accounting firm. All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the persons named as proxies in accordance with the directions given. Where no instructions are indicated on any such proxy, properly executed proxies will be voted FOR the proposals set forth in this Proxy Statement for consideration at the Annual Meeting. At this time, we are unaware of any matters, other than those described above in the Notice of Annual Meeting of Stockholders, that may properly come before the Annual Meeting. If any other matters come before the Annual Meeting, the proxies in the enclosed form will confer discretionary authority on the persons named as proxies to vote in their discretion with respect to such matters.

The accompanying proxy is solicited from the holders of the Company's common stock on behalf of the board of directors of the Company. A proxy is revocable at any time by giving written notice of revocation to the secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting.

Furthermore, the stockholders who are present at the Annual Meeting (in person or via the Internet) may revoke their proxies and vote in person. Stockholders attending the Annual Meeting via the Internet should follow the instructions at amt.d.onlineshareholdermeeting.com in order to vote at the meeting.

A quorum consisting of at least a majority of shares of common stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld or abstentions are cast or shares that are broker non-votes, will be considered present at the Annual Meeting for purposes of determining a quorum. Broker non-votes are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and for which the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole routine matter the ratification of the appointment of the Company's independent registered public accounting firm. Your broker will not have discretion to vote on the following non-routine matters absent direction

from you: the election of directors recommended by the board of directors and the advisory vote on executive compensation.

Proposal No. 1 Election of Directors Recommended by the Board of Directors

Board of Directors

The Company's certificate of incorporation divides the Company's board of directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. The Toronto-Dominion Bank, a Canadian chartered bank, owned approximately 41% of our common stock as of the Record Date. References to "TD" or "TD Bank Group" in this Proxy Statement refer to The Toronto-Dominion Bank and its subsidiaries. In connection with the Company's January 24, 2006 acquisition of TD Waterhouse Group, Inc. ("TD Waterhouse") the Company entered into a stockholders agreement, as amended (the "Stockholders Agreement").

Under the Stockholders Agreement, the Company's board of directors consists of twelve members, up to five of whom may be designated by TD, one of whom is the Company's chief executive officer ("CEO"), and the remainder of whom are outside independent directors who are nominated by the Outside Independent Directors ("OID") Committee and subject to consent by TD not to be unreasonably withheld. The right of TD to designate directors is subject to its maintaining specified ownership thresholds of Company common stock, as set forth in

the Stockholders Agreement. As of the Record Date, based on its ownership position in the Company, TD has the right to designate five members of the board of directors. See discussion under **Stock Ownership and Related Information** **Stockholders Agreement** for additional information regarding the terms of the Stockholders Agreement. The board of directors has nominated the following persons as directors to be voted upon at the Annual Meeting: Tim Hockey, Brian M. Levitt, Karen E. Maidment and Mark L. Mitchell, as Class I directors to serve terms ending at the 2021 annual meeting of stockholders. Mr. Hockey is the CEO of the Company. Mr. Levitt and Ms. Maidment are designees of TD. Mr. Mitchell is an outside independent director. Bharat B. Masrani, Irene R. Miller, Todd M. Ricketts and Allan R. Tessler are Class II directors serving terms ending at the 2019 annual meeting of stockholders. Lorenzo A. Bettino, V. Ann Hailey, Joseph H. Moglia and Wilbur J. Prezzano are Class III directors serving terms ending at the 2020 annual meeting of stockholders. The board of directors has determined that Ms. Hailey, Maidment and Miller and Messrs. Bettino, Levitt, Mitchell, Moglia, Prezzano, Ricketts and Tessler are independent as defined in Nasdaq Rule 5605.

The board of directors knows of no reason why any of Messrs. Hockey, Levitt and Mitchell and Ms. Maidment might be unavailable to serve as directors, and each has expressed an intention to serve if elected. If any of Messrs. Hockey, Levitt and Mitchell and Ms. Maidment is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may recommend. With the exception of the Stockholders Agreement, there are no arrangements or understandings between any of the persons nominated to be a Class I director and any other person pursuant to which any of such nominees was selected. The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and voting, provided a quorum of at least a majority of the outstanding shares of common stock is represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this non-routine proposal, your broker does not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the

election of directors. Where no instructions are indicated, properly executed and unrevoked proxies will be voted FOR the election of each of Messrs. Hockey, Levitt and Mitchell and Ms. Maidment as Class I directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE
FOR THE ELECTION OF TIM HOCKEY, BRIAN M. LEVITT, KAREN E.
MAIDMENT AND MARK L. MITCHELL AS CLASS I DIRECTORS.

Table of Contents**Proposal No. 1 Election of Directors Recommended by the Board of Directors****Board Meetings and Committees**

The board of directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. The non-employee members and the independent members of our board of directors regularly meet in executive session without management present. These directors select a presiding director at these meetings on an ad-hoc basis. The board of directors has a policy requiring the separation of the roles of CEO and chairman of the board because the board of directors believes it improves the ability of the board to exercise its oversight role. Mr. Hockey serves as the CEO and Mr. Moglia serves as chairman of the board. The chairman is responsible for managing the affairs of the board, with the objective that it is properly organized, functions effectively and fulfills its responsibilities. The chairman also works with the CEO and the corporate secretary to establish the agenda for each board meeting and receives input from other directors as necessary or desired for the coordination of board activities. The separation of the roles of CEO and chairman of the board does not affect risk oversight, which is the responsibility of the board of directors, primarily overseen by the Risk Committee. Our management team is responsible for managing risk, using risk management processes, policies and procedures to identify, measure and manage risks.

During the fiscal year ended September 30, 2017, the board of directors held seven meetings. During fiscal year 2017, each incumbent director attended at least 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board of directors on which he or she served during the period in which he or she served, if any. Although the Company does not have a formal policy regarding director attendance at our annual meeting of stockholders, directors are encouraged to attend. All directors of the Company at the time of the 2017 annual meeting of stockholders attended the 2017 annual meeting of stockholders.

The board of directors has established six standing committees: Audit, H.R. and Compensation, Corporate Governance, Outside Independent Directors, Non-TD Directors and Risk. The committee members are identified in the following table:

Corporate Governance Committee. The primary purpose of the Corporate Governance Committee is to ensure that the Company has and follows appropriate governance standards. To carry out

this purpose, the committee develops and recommends to the board of directors corporate governance principles and leads and oversees the annual self-evaluation of the board of directors and its committees. The Company's Corporate Governance Committee met four times during fiscal year 2017. The Corporate Governance Committee charter and the Corporate Governance Guidelines are available on the Company's website at www.amtd.com under the governance section.

Outside Independent Directors Committee. The OID Committee's purpose is to assist the board of directors in fulfilling the board's oversight responsibilities by: (1) identifying individuals qualified to serve on the board of directors, (2) reviewing the qualifications of the members of the board and recommending nominees to fill board of director vacancies and (3) recommending a slate of nominees for election or reelection as directors by the Company's stockholders at our annual meeting of stockholders to fill the seats of directors whose terms are expiring. The OID Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed by the Company. The OID Committee is also responsible for approving transfers of voting securities by TD not otherwise

permitted by the Stockholders Agreement, approving qualifying transactions (as defined in the Stockholders Agreement) and determining the fair market value (or selecting an independent investment banking firm to determine the fair market value) of certain property in connection with the stock purchase and transfer rights of TD set forth in the Stockholders Agreement. All current OID Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. The Company's OID Committee met eight times during fiscal year 2017.

Written communications submitted by stockholders pursuant to the Company's Stockholder Communications Policy recommending the nomination of a person to be a member of the Company's board of directors will be forwarded to the chair of the OID Committee for consideration. The OID Committee will consider director candidates who have been identified by other directors or the Company's stockholders, but it has no obligation to recommend such candidates for nomination, except as may be required by contractual obligation of the Company. Stockholders who submit director recommendations must include the following: (1) a detailed resume outlining the candidate's knowledge, skills and experience, (2) a one-page summary of the candidate's attributes, including a statement as to why the candidate is an excellent choice for the board of directors, (3) a detailed resume of the stockholder submitting the director recommendation and (4) the number of shares held by the stockholder, including the dates such shares were acquired.

Proposal No. 1 Election of Directors Recommended by the Board of Directors

The OID Committee charter establishes the following guidelines for identifying and evaluating candidates for selection to the board of directors:

1. Decisions for recommending candidates for nomination are based on merit, qualifications, performance, character and integrity and the Company's business needs and will comply with the Company's anti-discrimination policies and federal, state and local laws.
2. The composition of the entire board of directors will be taken into account when evaluating individual directors, including: the diversity, depth and breadth of knowledge, skills, experience and background represented on the board of directors; the need for financial, business, financial industry, public company and other experience and expertise on the board of directors and its committees; and the need to have directors work cooperatively to further the interests of the Company and its stockholders.
3. Candidates will be free of conflicts of interest that would interfere with their ability to discharge their duties as a director.
4. Candidates will be willing and able to devote the time necessary to discharge their duties as a director and shall have the desire and purpose to represent and advance the interests of the Company and stockholders as a whole.
5. Any other criteria as the OID Committee may determine.

Notwithstanding any provision to the contrary in the OID Committee charter, when the Company is legally required by contractual obligation to provide third parties with the ability to nominate directors (including pursuant to the Stockholders Agreement, discussed under **Stock Ownership and Related Information** **Stockholders Agreement, and the Merger Agreement**), the selection and nomination of such directors is not subject to the committee's review and recommendation process. The OID Committee charter is available on the Company's website at www.amtd.com under the governance section.

Non-TD Directors Committee. The Non-TD Directors Committee is composed of all of the directors not designated by TD. The purpose of this committee is to make determinations relating to any acquisition by the Company of a competing business (as defined in the Stockholders Agreement) held by TD. Table of Contents**Proposal No. 1 Election of Directors Recommended by the Board of Directors****Director Compensation**

The following table summarizes non-employee director compensation for calendar year 2017 under the terms of the TD Ameritrade Holding Corporation 2006 Directors Incentive Plan:

Non-employee	
Director Compensation	Amount
Chairman of the Board	\$400,000 in cash or a
Annual Retainer	combination of cash and RSUs
Annual Cash Retainer (excluding Chairman)	\$80,000
Annual Equity Retainer (excluding Chairman)	\$130,000 in RSUs
Annual Committee	\$25,000 for chairs of Audit and Risk Committees
Chair Fee	\$15,000 for chairs of Governance, H.R. and Compensation, and OID Committees
Annual Committee Member Fee	\$10,000 for Audit and Risk Committees
(excluding Chair)	\$5,000 for Governance, H.R. and Compensation, and OID Committees

Non-employee directors may also receive, at the discretion of the Corporate Governance Committee and approved by the board of directors, payment of additional non-employee director compensation when special circumstances warrant.

The calendar year 2017 non-employee director compensation generally remained unchanged from the prior calendar year, except that the chair fee for each of the Governance, H.R. and Compensation, and OID Committees was \$10,000 for 2016, and committee member fees for 2016 included only \$10,000 for the Audit Committee.

The 2006 Directors Incentive Plan is designed to:

fairly compensate non-employee directors for work required of a company the size and complexity of TD Ameritrade and

align directors' interests with the long-term interests of stockholders.

The annual cash retainer, the committee chair and membership fees are paid in advance at the beginning of each calendar year.

Under the 2006 Directors Incentive Plan, any non-employee director is permitted to defer any or all of the cash or equity award. Investment earnings on amounts deferred in the form of stock units are based on the fluctuations in the underlying common stock of the Company. Deferred cash awards earn interest at the prime rate as reported by The Wall Street Journal.

The number of restricted stock units (RSUs) under the annual equity grant is calculated by using the average of the high and low price of the Company's common stock for the 20 trading days prior to the grant date. RSU awards vest completely on the first anniversary of the grant date and are settled by issuing shares of Company common stock. RSUs do not have any voting rights. RSUs receive the benefit of any dividends on common stock of the Company in the form of additional RSUs. In the event of the death or disability of a non-employee director or a change in control of the Company, the RSUs will vest and be settled in common stock of the Company.

Non-employee directors are reimbursed for expenses incurred in connection with attending meetings of the board of directors. The Company also indemnifies and provides liability insurance for its directors and officers.

Mr. Moglia is compensated pursuant to a non-employee chairman term sheet. Under the term sheet, Mr. Moglia earns an annual retainer of \$400,000, which is paid in either cash or a combination of cash and equity as agreed upon between Mr. Moglia and the board of directors. The term sheet also provides for administrative support equivalent to that provided to a senior executive including secretarial assistance, office, and certain other equipment. Mr. Moglia was paid in cash for his 2017 annual retainer. For the provisions of the non-employee chairman term sheet, see Exhibit 10.2 of the Company's Annual Report on Form 10-K filed with the SEC on November 18, 2011.

Although Mr. Bradley no longer serves as an executive officer of the Company, he appears in the Summary Compensation Table and related tables below as required by SEC rules because he was serving as an executive officer on the last day of our fiscal year 2017.

On September 7, 2017, the Company announced that, in connection with the Company's acquisition of Scottrade, Mr. deSilva would join the Company as Executive Vice President, Retail Distribution, effective on the closing of the acquisition, which occurred on September 18, 2017. Also, on September 7, 2017, the Company announced that Mr. Bradley would leave the Company, effective September 30, 2017. On October 25, 2017, Mr. Bradley entered into a separation and release of claims agreement described under the heading "Potential Payments Upon Termination or Change in Control."

This discussion and the executive compensation tables below are based in part on the Company's agreements with Messrs. Executive Compensation and Related Information

We have organized this report as follows:

1. First, we provide information regarding our Compensation Committee and its role in setting executive compensation.
2. Next, we discuss the guiding principles underlying senior executive compensation policies and decisions.
3. We describe the risk assessment of our compensation programs.
4. We discuss the elements of compensation, how we determined the amount of each element and how each element fits into the Company's compensation objectives.
5. We describe stock ownership guidelines.
6. We discuss severance and change in control provisions.
7. We discuss certain tax treatment of senior executive compensation.
8. We conclude by describing certain compensation-related actions taken since the end of fiscal year 2017.

1. The H.R. and Compensation Committee

The Compensation Committee is composed of non-employee directors of the board. No member of the Compensation Committee during fiscal year 2017 was an employee of the Company or any of its subsidiaries at the time of his service on the Compensation Committee. Each member of the Compensation Committee during fiscal year 2017 was intended to qualify as a non-employee director under rule 16b-3 under the Securities Exchange Act of 1934 (the 1934 Act) and as an outside director under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Mr. Masrani, group president and chief executive officer of The Toronto-Dominion Bank (TD), served on the Compensation Committee until November 18, 2016. Given that TD is the Company's largest stockholder, we believe Mr. Masrani's views are properly aligned with stockholder interests.

The Compensation Committee establishes and administers the Company's executive compensation programs and, in consultation with the Risk Committee, reviews compensation-related risks. The board of directors evaluates the performance of the CEO and reviews and provides input on the Compensation Committee's compensation

recommendation. The Compensation Committee then formally approves the CEO's compensation. The CEO and the Compensation Committee together assess the performance of each of the other named executive officers and then the Compensation Committee determines their compensation based on initial recommendations from the CEO.

Beginning in October 2005, the Company retained Mercer Human Resources Consulting (Mercer) to advise on executive compensation practices and market compensation levels. Annually, Mercer provides independent validation of the market

data to management. In addition, Mercer provides management with guidance on industry trends and best practices. Management also engages Mercer to provide consulting services to the Company on its health and welfare plans. In fiscal year 2017, Mercer earned \$29,189 in fees for executive compensation market analysis and \$398,392 in fees for other services, including consulting services on the Company's benefit plans, compensation market surveys and compensation market survey software. In addition, the Company paid an affiliate of Mercer \$549,369, which was primarily for premiums on certain insurance coverages during fiscal year 2017.

The Compensation Committee has delegated to our CEO the authority to increase the compensation of, and grant equity awards to, any employee participating in the Management Incentive Plan (the MIP), except for executive officers and any other employees whose total target compensation equals or exceeds \$1 million per year, subject in each case to any increase or grant being (1) within the budget previously approved by the Compensation Committee and (2) in accordance with the terms of the applicable compensation plan.

2. Guiding Principles

The objective of the executive compensation plans is to attract, retain and motivate high-performing executives to create sustainable long-term value for stockholders. To achieve this objective, the Company and the Compensation Committee use the following guiding principles when evaluating executive compensation policies and decisions:

Alignment with the Company's Business Strategy

Executive compensation is linked with the achievement of specific short- and long-term strategic business objectives and the Company's overall performance.

Compensation plans are linked to key business drivers that support long-term stockholder value creation.

Alignment to Stockholders' Interests

The interests of executives are aligned with those of long-term stockholders through policy and plan design.

Stock ownership guidelines are used to align the interests of executives with those of stockholders over the long term.

As an executive increases in seniority, an increasing percentage of total compensation consists of equity-based awards to help align executives with stockholders, aid in retention and to focus executives on sustainable long-term performance.

Risk Management

Compensation plan design should not create an incentive for excessive risk-taking and each plan is reviewed on at least an annual basis to determine that it is operating as intended.

Executive Compensation and Related Information

Incentive compensation is subject to risk of forfeiture in accordance with the clawback policy.

Pay for Performance

Clear relationships should exist between executive compensation and performance. Compensation should reward both corporate and individual performance.

Total compensation includes a meaningful variable component that is linked to key business objectives and the Company's overall performance.

A substantial portion of variable compensation is awarded in the form of equity-based awards.

Equity awards are generally granted based on the achievement of annual performance goals and are subject to time-based and/or performance vesting.

The Compensation Committee has the ability to exercise negative discretion to reduce compensation.

Pay Competitively

Competitive data on market median compensation, adjusted to reflect scope of responsibility or other factors specific to the executive, is considered when establishing compensation targets (although we do not necessarily target market median, and market data generally is used as a point of reference for these purposes).

At the Company's 2017 annual meeting of stockholders, stockholders approved, on a non-binding advisory basis, the compensation of the fiscal year 2016 named executive officers, with more than 98% of the total votes cast voting in favor of the say-on-pay proposal. The Compensation Committee also takes into account the views of stockholders as expressed directly to the Company. Our investor relations department engages directly with institutional stockholders to understand their priorities and concerns. After considering the results of the stockholder advisory vote, the Compensation Committee decided to maintain the same general approach with respect to the Company's executive compensation program for fiscal year 2017.

3. Risk Assessment

The Compensation Committee, together with the Risk Committee, assessed the Company's incentive compensation plans and concluded that our compensation plans and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Management assessed all of the Company's executive, sales and broad-based compensation plans to determine if any provisions or practices create undesired or unintentional risk of a material nature. This risk assessment process included a review of plan design, including business drivers and performance measures. Incentive compensation plan design varies across business units based on differing goals established for business units. Incentive compensation targets are reviewed annually and adjusted as necessary to align with quantitative and qualitative strategic goals (discussed below). The Company's compensation structure includes the following risk-mitigating factors:

What We Do

Review executive compensation in comparison to peer group
 Measure, manage and reward based on performance goals that drive our short and long-term business strategy
 Maintain a pay mix that is heavily performance-based
 Utilize PRSUs linked to the relative three-year total shareholder return
 Maintain stock ownership guidelines for executives
 Maintain a clawback policy
 Conduct annual risk assessments of our executive compensation policies and practices
 Hold an annual shareholder say-on-pay advisory vote
 Engage a compensation consultant to validate market data
 Permit use of negative discretion to decrease incentive compensation
 Employ double-trigger change-in-control provisions

What We Don't Do

No repricing stock options without stockholder approval
 No hedging or pledging of stock
 No excise tax gross-ups to executives
 No single trigger severance in the event of a change in control
 No material perquisites
 No supplemental executive retirement plans (SERP)

4. Elements of Compensation

Targeted Overall Compensation

The Company operates in the highly competitive financial services sector, with a leadership position in retail securities brokerage services. The overall compensation program is designed to align the interests of executives with those of our stockholders and be competitive with the compensation practices of financial services companies with characteristics similar to the Company.

The comparator group consists of:

Ameriprise Financial, Inc.	Fifth Third Bancorp	NASDAQ, Inc.
Broadridge Financial Solutions, Inc.	Franklin Resources, Inc.	Northern Trust Corporation
Charles Schwab Corporation	Intercontinental Exchange, Inc.	Raymond James Financial, Inc.
CME Group Inc.	Invesco, Ltd.	T. Rowe Price Group, Inc.
Comerica Incorporated	Legg Mason, Inc.	
E*TRADE Financial Corporation	LPL Financial Holdings Inc.	

The criteria for determining the comparator group were industry, business mix, market capitalization, revenue, net income, geographic presence, say-on-pay stockholder advisory vote results, peer group inclusion and competition for talent.

Target total executive compensation consists of: (1) base salary and (2) incentive compensation, which is comprised of cash and equity. Each of these elements of compensation, as well as the compensation package as a whole, is intended to enable the Company to remain competitive in attracting and retaining talented individuals. While base salaries are provided to reward executives on a day-to-day basis for their time and services, the incentive compensation links the executives' compensation to achievement of the Company's business strategy and stockholders interests. These targeted total compensation levels are developed using market data from our comparator group and other financial services compensation data obtained from human resources consulting firms, such as McLagan, Mercer and Willis Towers Watson. The market data considered as part of the competitive review reflect executive responsibilities that are similar to the responsibilities of our executive officers, where available. Mercer, our outside independent compensation consultant, reviewed the market compensation information and confirmed its appropriateness as a point of reference in setting target total compensation levels for each of our named executive

officers for fiscal year 2017. However, the Compensation Committee did not target a specific percentile or otherwise benchmark any key elements of the named executive officers' compensation to the market data.

A significant portion of each executive's total compensation is variable or at risk. The at risk portion of total compensation includes the annual cash incentive and the annual equity incentive, which are both linked to performance during the year. If the Company's or individual's performance is below target, at risk compensation may decrease. Conversely, if the Company's or individual's performance is above target, at risk compensation may increase.

The equity incentive compensation target is established so that a meaningful portion of total compensation is awarded as equity which vests in full on the third anniversary of the grant date. The target mix between cash and equity is based on total compensation level, with the portion that is awarded as equity generally increasing as total compensation increases. This practice, combined with stock ownership guidelines, promotes retention and focuses executives on executing business strategies, sustaining performance and growing value for stockholders over the long term.

Table of Contents**Executive Compensation and Related Information**

Each named executive officer had target annual compensation for fiscal year 2017 as follows:

Name	Base	Target Cash	Target Equity	Total Target	Targeted Overall
	Salary	Incentive	Incentive	Incentive	Compensation
	(\$)	(\$)	(\$)	(\$)	(\$)
Tim Hockey⁽¹⁾	1,000,000	1,725,000	4,025,000	5,750,000	6,750,000
Stephen J. Boyle⁽²⁾	450,000	775,000	775,000	1,550,000	2,000,000
J. Thomas Bradley, Jr. ⁽³⁾	500,000	2,700,000		2,700,000	3,200,000
Thomas A. Nally⁽⁴⁾	500,000	1,000,000	1,000,000	2,000,000	2,500,000
Steven M. Quirk	450,000	775,000	775,000	1,550,000	2,000,000

(1) Mr. Hockey's base salary was increased from \$750,000 for fiscal year 2016 to \$1 million for fiscal year 2017 and his annual target incentive compensation was increased from \$5.25 million to \$5.75 million, which continued to consist of 30% cash and 70% equity.

(2) Mr. Boyle's base salary was increased from \$400,000 for fiscal year 2016 to \$450,000 for fiscal year 2017 and his annual target incentive compensation was increased from \$1.35 million to \$1.55 million, which continued to consist of 50% cash and 50% equity.

(3) Mr. Bradley's annual target incentive compensation was increased from \$2.5 million in fiscal year 2016 to \$2.7 million for fiscal year 2017, which initially consisted of 50% cash and 50% equity. However, in connection with his anticipated departure at the end of fiscal year 2017, Mr. Bradley's annual incentive award was modified to provide for any payout to him under the MIP to be made entirely in cash.

(4) Mr. Nally's annual target incentive compensation was increased from \$1.7 million for fiscal year 2016 to \$2 million for fiscal year 2017, which continued to consist of 50% cash and 50% equity.

The increases in target compensation were determined after considering each of these named executive officers individual performance during the prior fiscal year, their scope of responsibility, and market data for comparable roles.

Consistent with the Company's overall compensation principles, a large percentage of the total compensation package is paid only after performance objectives set by the Compensation Committee have been met. Further, any equity awards that are granted upon meeting these performance objectives are subject to multi-year, service-based vesting and additional performance objectives related to TSR that can result in adjustments to the awards up or down 20% depending on performance achievement (as described further below). The percentage of each executive's targeted total annual compensation that was subject to performance-based objectives for fiscal year 2017 was:

Name	Performance-Based
Tim Hockey	85%
Stephen J. Boyle	78%
J. Thomas Bradley, Jr.	84%
Thomas A. Nally	80%
Steven M. Quirk	78%
Annual Incentive Award	

The Compensation Committee has designed our annual incentive plan to support our pay-for-performance philosophy, with the

objective of closely aligning each executive to the long-term growth of the Company and the business strategy for which each executive is most responsible. Based on pre-established targets for EPS and quantitative and qualitative strategic goals, the Compensation Committee believes that the design provides for a balanced assessment of short- and long-term performance.

In fiscal year 2017, the first step for calculating awards under the annual incentive plan for executive officers was based on the achievement of goals for the following key metrics: (1) earnings per share (EPS), (2) market share of client revenue trades among the Company's primary publicly-traded competitors and (3) net new client assets. These goals were initially recommended by the CEO and established and approved by the Compensation Committee, as the Compensation Committee determined that these goals are important metrics for assessing the Company's business success and would help to align the interests of executives more closely with those of our stockholders. We refer to market share of client revenue trades and net new client assets as the quantitative strategic goals. In addition, the following factors were considered in determining the annual incentive awards of our executive officers:

Attainment of key qualitative short- and long-term goals, recommended by the CEO and approved by the Compensation Committee, which we refer to as the qualitative strategic goals, and

Executive Compensation and Related Information

Attainment of individual quantitative and qualitative performance goals.

The Compensation Committee reserves the right to reduce the payouts initially determined by the achievement of EPS and quantitative strategic goals by up to 40% for other qualitative considerations and up to an additional 40% based on each executive's specific performance of individual goals. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

A portion of the annual incentive award is granted in equity under the Long-Term Incentive Plan (the "LTIP"). Equity awards are used to motivate, reward and retain key executives and to align their interests more closely to those of stockholders. Equity awards are granted under the annual incentive plan only if the applicable performance measures have been achieved. For fiscal year 2017, equity incentives were granted solely in the form of PRSUs. As described below under "Fiscal Year 2017," equity incentives may be funded between 0% and 200% of target. After the equity incentive has been granted, the PRSUs are then subject to a three-year cliff vesting period and may be further adjusted up or down 20% based on the Company's cumulative three-year TSR relative to the components of the NYSE Arca Securities Broker/Dealer Index determined at the time of grant. This equity incentive design further aligns the long-term interests of executives with those of our stockholders. PRSU awards are automatically increased by the number of units equivalent to the value of any cash dividends paid while the awards are outstanding (based on the target amount of

the award). Dividend equivalent units ("DEUs") are subject to the same vesting schedule as the underlying award. The vesting of PRSU awards may accelerate upon certain events, as described under "Potential Payments Upon Termination or Change in Control" later in this section.

The MIP permits the "clawback" of any cash incentive awards, and the Company's equity agreements permit the clawback of awards granted pursuant to the MIP and LTIP if the Compensation Committee determines, within three years of the grant date of the award, that certain conduct has occurred. Generally, under the terms of the clawback provisions, an executive who is involved in fraud or willful misconduct that results in a restatement of the Company's financial statements or who commits an act of fraud, negligence or breach of fiduciary duty resulting in material loss, damage or injury to the Company can be required to: (1) forfeit and transfer to the Company, at no cost to the Company, any unvested equity awards and any shares of common stock issued in connection with vested equity awards and (2) repay to the Company any cash incentive awarded under the MIP or any gain realized from the disposition of any such shares of common stock awarded under the LTIP. The board of directors adopted the clawback policy to prevent executives from unjustly benefiting from certain wrongful conduct.

The Compensation Committee believes that the clear performance measures and specific targets used by the Company ensure a strong, team-oriented, pay-for-performance philosophy.

Table of Contents**Executive Compensation and Related Information****Fiscal Year 2017**

For fiscal year 2017, 60% of the initial measurement of results under the annual incentive plan was based on EPS, a key measure of the Company's short-term financial performance. The remaining 40% was based on two quantitative strategic goals: (1) market share of client revenue trades among the Company's primary publicly traded competitors (16%), and (2) net new client assets (24%). Both quantitative strategic goals impact the Company's long-term financial performance and support its long-term strategic goals. All three metrics are intended to incentivize management to drive Company performance in alignment with long-term stockholder interests. The goals and corresponding payout percentages for each of these measures are summarized below:

Goals	Target	Unadjusted		Weight	Weighted		Adjusted
		Actual	Payout		Payout	Qualitative	
		Results ⁽¹⁾	Percentage		Percentage	Adjustments	Percentage ⁽²⁾
EPS	\$ 1.58	\$ 1.64	146%	60%	87.6%	0.0%	87.6%
Market share of client revenue trades	49.5%	49.7%	147%	16%	23.5%		
Net new client assets (dollars in billions)	\$ 52.2	\$ 80.1	233%	24%	55.9%		
Strategic goals				40%	79.4%	(19.0)%	60.4%
Total				100%	167.0%	(19.0)%	148.0%
Qualitative considerations (0% to 40%)							(13.4)%
Maximum Individual Payout Percentage							134.6%
Individual performance (0% to 40%)							(30.0)% to (5.0)%
Actual Individual Payout Percentage							104.6% to 129.6%

(1) In aggregate, EPS and quantitative strategic goals funding can range from 0% to 200%, while individually, the EPS and strategic goal metrics may fund between 0% to 240%, within the following performance ranges: EPS from \$0.18 to \$2.58, market share of client revenue trades relative to competitors from 45.9% to 52.1% and net new client assets from \$10.2 billion to \$82.2 billion.

(2) Final payout percentage is capped at 200%.

Qualitative downward adjustments to the quantitative strategic goal results were made to account for performance of qualitative goals, resulting in funding for the strategic goals of 60.4%. Accordingly, under the terms of the annual incentive program for fiscal year 2017, the Compensation Committee approved a combined EPS and strategic goal payout percentage equal to 148.0% of the target annual incentive, subject to the exercise of up to 40% negative discretion for EPS and the strategic goals, up to 40% negative discretion for individual performance and further negative discretion based on other qualitative factors determined by the Compensation Committee. The Compensation Committee did not utilize a formula for qualitative considerations or individual performance assessment, as it does with EPS and the quantitative strategic goals, in determining the amount of negative discretion to apply. The qualitative considerations used in fiscal year 2017 to determine the appropriate amount, if any, of qualitative adjustments and negative discretion to be used consisted of, but were not limited to, the following qualitative strategic goals and other qualitative considerations: client experience, advice solutions,

speed to market, simplification and automation, associate engagement, total shareholder return and the acquisition of Scottrade. The Compensation Committee decided that significant strides were accomplished in fiscal year 2017, and established a maximum individual payout percentage of 134.6% for each of the named executive officers. The Compensation Committee then used its judgment to measure the individual performance of each of the named executive officers in order to determine the amount of any additional negative discretion to apply. For fiscal year 2017, the Compensation Committee varied the negative discretion applied for individual performance in order to recognize significant contributions during fiscal year 2017 and emphasize individual responsibilities and roles. The additional negative discretion ranged from 5.0% to 30.0% based on the Compensation Committee's assessment, and the CEO's review and recommendation with respect to the named executive officers other than himself. After all negative discretion was applied, actual incentive awards, as summarized in the table below, were 104.6% to 129.6% of target for the named executive officers.

Table of Contents**Executive Compensation and Related Information**

Management was rewarded in fiscal year 2017 for successfully executing on the Company's business strategy, which resulted in a record EPS and average client trades per day for the fiscal year. The fiscal year 2017 annual incentive awards consisted of a cash

component and an equity component for each named executive officer (except Mr. Bradley, whose annual incentive award was paid entirely in cash, as discussed further below).

The following table sets forth total cash and equity compensation earned by our named executive officers for service during fiscal year 2017, including base salary and actual awards earned under the fiscal year 2017 annual incentive plan.

Name	Annual Incentive					Total Annual Compensation
	Base Salary	Cash Incentive	Equity Incentive ⁽²⁾	Total	% of Target	
	(\$)	(\$)	(\$)	(\$)		(\$)
Tim Hockey	1,000,000	1,976,850	4,612,650	6,589,500	114.6%	7,589,500
Stephen J. Boyle	450,000	888,150	888,150	1,776,300	114.6%	2,226,300
J. Thomas Bradley, Jr.	500,000	2,824,200		2,824,200	104.6%	3,324,200
Thomas A. Nally⁽¹⁾	500,000	1,146,000	1,446,000	2,592,000	129.6%	3,092,000
Steven M. Quirk	450,000	888,150	888,150	1,776,300	114.6%	2,226,300

(1) Each of Mr. Nally's target cash and target equity incentive opportunities was \$1 million. However, in order to provide more weight to the long-term incentive, the cash component of his fiscal year 2017 annual incentive award was paid out at 114.6% and the remainder of the award was allocated to the equity component.

(2) The equity component of the fiscal year 2017 annual incentive awards for the named executive officers (other than Mr. Bradley, as discussed further below) was granted solely in the form of PRSUs. These equity incentive awards

were granted in fiscal year 2018. As a result, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section. As described above, the equity incentive awards are subject to a three-year cliff vesting period and may be further adjusted up or down 20% based on the Company's cumulative three-year TSR relative to the components of the NYSE Arca Securities Broker/Dealer Index determined at the time of grant (and subject to adjustment for any related dividend equivalent units).

5. *Stock Ownership Guidelines and Anti-Hedging Policy*

The Compensation Committee and the board of directors strongly believe that senior executives should own a significant amount of Company common stock. This provides a direct and continuing alignment of financial interests between executives and stockholders.

The stock ownership guidelines for the named executive officers are as follows:

ten times base salary for Mr. Hockey, and

five times base salary for Messrs. Boyle, Bradley, Nally, and Quirk.

None of these executive officers are permitted to sell any equity interest in the Company until they meet their respective stock ownership guidelines, after which the CEO must obtain prior approval from the Compensation Committee and all other senior executives must obtain prior approval from the CEO. The Company considers any stock held without restrictions, unvested RSUs and PRSUs, vested but unexercised in-the-money stock options, deferred compensation that will settle in common stock and common stock held under the Company's 401(k) plan in

determining whether the stock ownership guidelines have been met. All current named executive officers have met the stock ownership guidelines as of the end of fiscal year 2017.

The Company does not allow any of its employees to enter into hedging transactions involving its common stock.

6. *Change in Control and Severance Provisions*

Our senior executive team has been instrumental to the success of the Company, and we believe it is important to provide certain benefits to them in the event of a change in control. We believe that the interests of our stockholders are best served if the interests of senior management are closely aligned with them, and providing change in control benefits should minimize any reluctance of senior management to pursue change in control transactions that may be in the best interest of our stockholders. Equity awards under the MIP generally will vest upon certain terminations of employment by the Company within a specified period after a change in control. Our executive officers are not automatically entitled to any bonuses, vesting acceleration, or other payouts upon a change in control. Rather, our employment arrangement with Mr. Hockey and our executive compensation

Table of Contents**Executive Compensation and Related Information**

practices (described later in this section under **Potential Payments Upon Termination or Change in Control**) require a termination of employment under specified circumstances in connection with or following a change in control for any benefits to apply. We utilize this dual-trigger change in control provision because we believe that triggering payments simply upon a change in control is not in the Company's or stockholders' best interests.

7. Tax Treatment

The Compensation Committee designs certain components of executive compensation with the intent of preserving income tax deductibility under section 162(m) of the Code. Section 162(m) generally disallows any compensation deduction in excess of \$1 million annually that is not qualified, performance-based compensation. The limitation applies to compensation paid to individuals who were, at the end of the fiscal year, the corporation's CEO and the three other most highly compensated executive officers (other than the chief financial officer).

The cash bonuses paid and equity-based awards granted to executive officers under the MIP are intended to be fully deductible under section 162(m). In addition, the Company has adopted a policy that equity-based awards granted to its executive officers should generally be made pursuant to plans that are intended to satisfy the requirements of section 162(m). However, the Compensation Committee retains discretion and flexibility in developing appropriate compensation programs and establishing compensation levels and, to the extent consistent with the Company's compensation philosophy, may approve compensation that is not fully deductible. Also, legislation recently signed into law would expand somewhat the number of individuals covered by section 162(m) and eliminate the exception for performance-based compensation effective for our 2018 tax year.

8. Actions Since End of Fiscal Year 2017

The table below summarizes PRSUs granted to our named executive officers since the end of fiscal year 2017. As these grants were made in fiscal year 2018, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section.

	Fiscal 2017 Equity Incentive		
	Amount	Number of	Grant Date
	Earned	Units	Fair Value
Name	(\$)	(#)	(\$)
Tim Hockey	4,612,650	93,619	4,911,253
Stephen J. Boyle	888,150	18,026	945,644
J. Thomas Bradley, Jr. ⁽¹⁾			

Thomas A. Nally	1,446,000	29,348	1,539,596
Steven M. Quirk	888,150	18,026	945,644

(1) Pursuant to the provisions of Mr. Bradley's separation and release of claims agreement, his annual incentive award for fiscal year 2017 was paid solely in cash, rather than a combination of cash and equity.

The number of PRSUs granted was determined by dividing the dollar amount earned by \$49.27, the average of the high and low price of the Company's common stock for the 20 trading days ended November 29, 2017. These awards are subject to a three-year cliff vesting period and may be further adjusted up or down 20% based on the Company's cumulative three-year TSR relative to the components of the NYSE Arca Securities Broker/Dealer Index determined at the time of grant (subject to adjustment for dividend equivalent units). The grant date fair value for accounting purposes was determined based upon a Monte Carlo analysis whereby the stock prices of the Company and the selected peer group companies were simulated using correlated Geometric Brownian motion paths in order to estimate the Company's total expected shareholder return rank within the peer group index and the corresponding percent of PRSUs that are estimated to be earned per the PRSU agreement. The grant date fair value on November 29, 2017 was \$52.46.

Table of Contents**Executive Compensation and Related Information**

In consideration of the Company's annual executive compensation market review, discussed under "Elements of Compensation" above, the Compensation Committee approved the fiscal year 2018 target annual compensation for each named executive officer as follows:

Table of Contents**Executive Compensation and Related Information****Potential Payments Upon Termination or Change in Control****Introduction and Overview**

The Company has entered into employment agreements with Messrs. Hockey and Boyle. The Company has also entered into a separation and release of claims agreement with Mr. Bradley, which became effective in fiscal year 2018. Messrs. Nally and Quirk do not have employment agreements. The employment agreements and certain compensation plans and award agreements require the Company to provide compensation and benefits to the executives in the event of certain qualifying terminations of employment, including in connection with a change in control of the Company. Payments are not triggered automatically upon the occurrence of a change in control. Rather, our executives will receive change in control benefits only if their employment is terminated in certain instances following a change in control.

Compensation Plans and Award Agreements***Management Incentive Plan and Long-Term Incentive Plan***

Under the MIP, in the event of death or disability prior to the payment of a scheduled award, compensation will be paid to the executive's estate or other authorized person. The Long-Term Incentive Plan provides that in the event of a change in control, unless determined otherwise by the administrator of the LTIP, in the event a successor to the Company does not assume or substitute or replace outstanding awards of options, RSUs and PRSUs, those awards will vest in full. The RSU and PRSU award agreements generally provide for settlement as soon as practicable upon the vesting of the award, except in limited circumstances for purposes of complying with any applicable laws (such as requirements relating to deferred compensation). The option, RSU and PRSU award agreements provide for the following treatment of named executive officers' awards upon death, disability, retirement, termination without cause, resignation for good reason, and change in control:

Triggering Event	Treatment of Award
Death or disability	RSU award vests in full
	PRSU award vests based on target performance
Retirement	RSU award vests in full (other than with respect to Mr. Hockey's RSUs granted January 1, 2016)

PRSU award remains outstanding and eligible to vest based on actual performance

Termination by the Company without cause

Mr. Hockey's RSU award granted January 1, 2016, vests in full, and other RSUs held by a named executive officer vest as to a prorated portion based on the number of full, 12-month periods of service completed during the vesting period

PRSUs for which performance already has been met will vest in full. For PRSUs for which performance has not yet been measured, those PRSUs will remain outstanding and eligible to vest based on actual performance as to 100% with respect to Mr. Hockey, or 33% (if termination occurs at least one year after grant), 67% (if termination occurs at least two years after grant), or 100% (if termination occurs at least three years after grant), with respect to other named executive officers

Mr. Hockey's option award will continue to vest in accordance with its vesting schedule without regard to any continued employment or director service requirement

Resignation by the executive for good reason

Mr. Hockey's RSUs granted January 1, 2016, vests in full

Mr. Hockey's options will continue to vest in accordance with their vesting schedule without regard to any continued employment or director service requirement

Change in control

RSU award vests in full following termination by the Company without cause that occurs within 24 months after a change in control

For PRSU awards, the performance period will end upon the change in control and actual performance will be measured at that time. PRSUs for which performance is deemed met will be scheduled to vest, after the change in control, on the three-year anniversary of the grant date subject to continued service. Upon termination of service due to death, disability or retirement, such PRSUs will accelerate vesting in full. With respect to Mr. Hockey, upon resignation for good reason, or termination of employment by the Company other than for cause, such PRSUs will accelerate vesting in full. With respect to other named executive officers, upon termination of employment by the Company other than for cause, 33% (if termination occurs at least one year after grant), 67% (if termination occurs at least two years after grant), or 100% (if termination occurs at least three years after grant) of such PRSUs will accelerate vesting

Conditions to Receipt of Accelerated Vesting Benefit

Under the RSU and PRSU award agreements, non-solicitation and non-competition covenants for a period of 12 months (or 24 months, in the case of Mr. Hockey and Mr. Boyle), following termination of employment with the Company, and with respect to Mr. Hockey's PRSU award agreement, a release of claims in favor of the Company pursuant to his employment agreement. Upon termination other than due to death or disability, the portion of Mr. Boyle's RSU award granted July 8, 2015, that accelerates vesting will be paid out in annual installments over a 9-year period following termination

Under the LTIP, change in control generally means the occurrence of any of the following:

The date any person (or more than one person acting as a group) acquires ownership of Company common stock that, together with common stock held by such person (or group), constitutes more than 50% of the total fair market value or voting power of Company common stock, but other than circumstances in which: additional common stock is acquired by any one person (or more than one person acting as a group) considered to own more than 50% of the total fair market value or voting power of Company common stock, or Company stockholders continue to retain substantially the same proportions of their ownership of the total fair market value or voting power of Company common stock of fifty percent (50%) or more of the total fair market value or voting power of common stock of the Company or of the ultimate parent entity of the Company, such event will not be considered Change in Control; or

The date that the board of directors determines that any person (or more than one person acting as a group, but other than any person or group considered to effectively control the Company) acquires or has acquired during a 12-month period at least 50% of the total voting power of Company common stock, or a majority of members of the board of directors is replaced over a 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the board of directors before the appointment or election; or

The date that any person (or more than one person acting as a group) acquires or has acquired during a 12-month period assets from the Company that have a total gross fair market value of at least 50% of the total fair market value of all Company assets, but other than a transfer: (i) to an entity controlled by the Company's stockholders immediately after the transfer; or (ii) of assets to a Company stockholder in exchange for or with respect to Company common stock, or to an entity, at least 50% of the total value or voting power of which is owned by the Company or to a person (or more than one person acting as a group) that owns at least 50% of the total value or voting power of all outstanding Company common stock, or to an entity owned by such person (referenced in the immediately preceding clause) as to at least 50% of its total value or voting power.

Transactions also are required to qualify as a change in control within the meaning of Internal Revenue Code section 409A in order to constitute a change in control under the LTIP.

Under the RSU and PRSU award agreements, a change in control will not be deemed to occur, for purposes of the treatment described in the award agreement in connection with a change in control, if TD Bank Financial Group acquires the Company's outstanding shares of common stock or substantially all of the Company's assets.

Under the PRSU award agreements, retirement generally means a termination by the Company of the executive's employment with the Company other than for cause, death or disability after the executive has attained at least age 55 and at least ten years of continuous service with the Company. With respect to Mr. Hockey, if Mr. Hockey has served as CEO for at least five years, then the term Retirement under his PRSUs will have the same meaning as under his

employment agreement.

Under the RSU award agreements (other than for Mr. Hockey), retirement generally means a termination by the Company of the executive's employment with the Company other than for cause after the executive has attained age 55 and at least ten years of continuous service with the Company.

Under the RSU and PRSU award agreements (other than with respect to Mr. Hockey's awards), cause generally means:

failure to substantially perform the executive's duties as an employee, other than due to illness, injury or disability;

willful engaging in conduct which is materially injurious to the Company;

misconduct involving serious moral turpitude, or any conviction of, or plea of no contest to, a criminal offense arising out of a breach of trust, embezzlement or fraud committed against the Company by the executive in the course of his employment with the Company;

any violation of the non-solicitation or non-competition covenants under the award agreement; or

any other action that might be considered gross misconduct under the Company's applicable associate handbook. Under Mr. Hockey's RSU, PRSU and option award agreements, cause and good reason generally have the same meaning as provided in Mr. Hockey's employment agreement.

Table of Contents**Executive Compensation and Related Information*****Company Severance Practices***

Provision	Summary
Taxes	Tax preparation services paid by the Company if his personal income is subject to tax in both the U.S. and Canada. If benefits provided to Mr. Hockey constitute parachute payments within the meaning of Section 280G of the Code and are subject to the excise tax imposed by Section 4999 of the Code, then severance benefits may be paid in a lesser amount that would result in no portion being subject to the excise tax, if such reduction would result in the receipt, on an after-tax basis, of a greater amount of severance benefits.
Conditions to Receipt of Termination	As a condition to Mr. Hockey receiving severance payments, he is required to enter into a release of claims and is required to abide by non-competition, non-solicitation and (except in the case of voluntary retirement after five years of becoming the Company's CEO) mutual non-disparagement covenants and share ownership requirements. The non-competition, non-solicitation and non-disparagement covenants and the share ownership requirements cover a period of two years from the date of termination.

a breach of any fiduciary duty owed to the Company that has a material detrimental effect on the Company's reputation or business;

willful, substantial and continuing failure to perform the reasonable duties of Mr. Hockey's position for a period of at least 30 days following written notice from the board of directors which describes the basis for the board of directors' belief that he has not substantially performed his reasonable duties for reasons other than illness or incapacity;

disqualification or bar by any governmental or self-regulatory authority from serving in the capacity contemplated by his employment agreement or his loss of any governmental or self-regulatory license that is reasonably necessary for him to perform his responsibilities to the Company if (1) the disqualification, bar or loss continues for more than 30 days and (2) during that period the Company uses its good faith efforts to cause the disqualification or bar to be lifted or the license replaced.

Table of Contents**Executive Compensation and Related Information****Summary Table Potential Payments Upon Termination or Change in Control**

The following table summarizes potential payments upon termination or change in control for the named executive officers who were still serving as executive officers as of September 30, 2017. Each of the named executive officers will be entitled to receive change in control benefits only if his employment is terminated in connection with or following a change in control. Cause and good reason, where applicable, are defined above in the summary of employment agreements for Messrs. Hockey and Boyle and any applicable award agreements. Except as specifically indicated in the footnotes to the table below, we used the following assumptions in calculating the amounts included the table and discussion below:

As required by SEC rules, we assume the triggering event causing the payment occurred on September 29, 2017, the last business day of our last completed fiscal year, and the price per share of the common stock of the Company was \$48.80, the closing market price on that date.

We treat all amounts of base salary and annual cash incentive that were earned and accrued, including unused vacation, as of the date of the triggering event as paid immediately prior to the triggering event. These payments and benefits are payable by the Company (or its successor as applicable, in the case of any payments and benefits occurring after a change in control).

Executive Compensation and Related Information

- (1) Under Mr. Hockey's employment agreement, Mr. Hockey will receive a lump sum cash payment equal to (a) 24 months of his base salary and (b) 24 months of his average annual cash incentive payments for the prior two years (or if payable prior to payment of the second year's annual cash incentive payment, 75 months of his base salary). As of September 27, 2017, Mr. Hockey had not received two years of annual cash incentive payments; therefore, (b) above represents 75 months of his base salary. Mr. Hockey's employment agreement also provides for payout, if any, based on actual performance, of a prorated portion of his cash incentive for the year of termination of employment. Mr. Hockey's actual cash incentive earned for the full fiscal year 2017 was \$1,976,850. In addition, under his employment agreement, Mr. Hockey will accelerate vesting with respect to all time-based RSUs, and will continue vesting in any options, PRSUs (based on actual performance), and other RSUs without regard to continued service requirements. Further, his options will remain outstanding for the remainder of its term. The amount under Other Benefits and Perquisites for Mr. Hockey is the estimated employer portion of premium costs for the continuation of medical and dental coverage under COBRA for a period of two years after the termination date that he would receive under his employment agreement.

- (2) Mr. Bradley remained employed with the Company through the last day of fiscal year 2017 after which date his employment terminated. In connection with the termination of his employment, Mr. Bradley entered into a separation and release of claims agreement that became effective during fiscal year 2018. Mr. Bradley has received or will receive the severance benefits pursuant to the terms of his separation and release of claims agreement as described further below.

- (3) As of September 29, 2017, of the named executive officers, only Mr. Boyle was eligible for retirement with respect to the retirement-related vesting benefits under the RSU and PRSU award agreements. Under Mr. Hockey's employment agreement, if Mr. Hockey resigns due to his voluntary retirement after the five-year anniversary of his becoming the Company's CEO, then he will receive continued vesting of his options and PRSUs without regard to any continued service requirement, and his options will remain exercisable for the remaining portion of its original term. Mr. Hockey was not eligible to receive these vesting benefits had he voluntarily resigned on September 29, 2017.

- (4) Other than with respect to Mr. Hockey, the amounts represent the cash severance payments under Mr. Boyle's term sheet agreement or minimum cash severance payments with respect to the other named executive officers under the Company's executive compensation practices, in each case consisting of (a) four weeks of base salary for each completed year of service up to a maximum of 104 weeks and (b) four weeks of annual cash incentive for each completed year of service calculated based on target performance up to a maximum of 104 weeks.

- (5) RSU awards accelerate vesting as described further above except, with respect to Mr. Hockey, as specified in his employment agreement (as described in the footnote above), or with respect to Mr. Boyle, as specified in his term sheet agreement. Mr. Boyle's term sheet agreement contemplates that RSU awards will vest: (i) upon a termination by the Company without cause, as to a prorated portion based on the number of full, 12-month periods of service

completed during the vesting period, or (ii) upon a termination within 12 months after a change in control, in full. However, Mr. Boyle is eligible for retirement under the applicable RSU award agreements. Accordingly, upon any termination by the Company without cause, his RSU awards will vest in full.

- (6) Amounts represent PRSU awards at target levels. Amounts include the PRSU award granted to each named executive officer on November 22, 2016, and the PRSU award granted to each named executive officer (other than Mr. Bradley) after fiscal year end 2017, on November 29, 2017. Under the terms and conditions of the applicable PRSU award agreements, PRSU awards are treated as described further above. To the extent PRSUs remain outstanding and eligible to vest based on actual performance after the termination of the named executive officer's employment, the amounts shown assume actual performance satisfies the applicable performance criteria at target. However, any vesting based on actual performance may range from 80% to 120% of target, depending on the extent of achievement of the applicable performance criteria. Due to his expected departure at the end of fiscal year 2017, Mr. Bradley did not receive a PRSU award at the beginning of fiscal year 2018 and instead received his annual incentive award for fiscal year 2017 solely in cash.
- (7) The amounts represent the estimated employer portion of premium costs for the continuation of medical, vision and dental coverage under COBRA for a period of 6 months for each of Messrs. Bradley, Nally and Quirk, based on the Company's executive compensation practices providing for this benefit over a period equal to one month for each completed year of service, with a minimum of 6 months. As of September 29, 2017, Messrs. Bradley, Nally and Quirk had completed 31, 23 and 10 years of service, respectively.
- (8) Under Mr. Boyle's term sheet agreement, this represents the estimated employer portion of premium costs for the continuation of medical, vision and dental coverage under COBRA for a period of 12 months after employment termination.

Stock Ownership and Related Information

Stockholders Agreement

Concurrently with entering into the share purchase agreement related to the Company's acquisition of TD Waterhouse, the Company, certain Ricketts stockholders and TD entered into the Stockholders Agreement. The Stockholders Agreement contains certain governance arrangements and provisions relating to board of directors composition, stock ownership, transfers by TD, voting and various other matters. On December 4, 2013, the Company entered into Amendment No. 5 to the Stockholders Agreement, which extended the term of the Stockholders Agreement until January 24, 2021 and, as of January 24, 2016, the Ricketts stockholders ceased to be parties to it and subject to any of its terms (the "Ricketts Cessation").

Governance of TD Ameritrade. The Stockholders Agreement provides that the board of directors of the Company consists of twelve members, five of whom may be designated by TD, one of whom is the CEO of the Company and the remainder of whom are outside independent directors. The outside independent directors are nominated by the OID Committee, subject to TD's right to reject such nominees on a reasonable basis. The number of directors designated by TD depends on it maintaining specified ownership thresholds of common stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five.

In 2013, the Ricketts stockholders' ownership decreased, resulting in a decrease in the number of directors that they were entitled to designate from two to one. The vacancy created by this decrease was filled by Mr. Bettino, an outside independent director, in accordance with the terms of the Stockholders Agreement. In May 2014, Mr. Moglia met the requirements for independence and was designated as an outside independent director.

On December 22, 2015, Mr. Todd M. Ricketts was elected as a member of the board of directors as an outside independent director, effective February 18, 2016, obviating the requirement under the Stockholders Agreement that Mr. Ricketts resign from the board of directors immediately prior to the 2016 annual meeting of stockholders in connection with the Ricketts Cessation.

On October 24, 2016, the parties to the Stockholders Agreement entered into a letter agreement amending its terms (the "Amendment Letter") to accommodate the contemplated appointment of Mr. Riney (or a substitute, as applicable) to the board of directors in connection with the closing of the transactions contemplated by the Agreement and Plan of Merger (the "Merger Agreement"), dated as of October 24, 2016, by and among Scottrade, Rodger O. Riney, as Voting Trustee of the Rodger O. Riney Family Voting Trust U/A/D 12/31/2012, created under the Voting Trust Agreement dated December 31, 2012, as amended on January 21, 2016 (in such capacity, the "Stockholder") and the Company. Mr. Riney waived his rights to

become a director of the Company in connection with the closing of the Merger Agreement, which occurred on September 18, 2017. As a result, the Amendment Letter was terminated prior to its effectiveness. For additional information about the closing of the Merger Agreement, the transactions contemplated thereby and the stockholders agreement entered into by the Company and the Stockholder (the "Riney Stockholders Agreement"), see the Current Report on Form 8-K filed with the SEC on September 18, 2017.

The Stockholders Agreement provides, subject to applicable laws and certain conditions and exceptions, that the Company shall cause each committee of its board of directors to consist of two of the directors designated by TD, and three outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's maintenance of specified ownership thresholds. TD has agreed to vote its shares of common stock in favor of, and the Company agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Share Ownership. TD is permitted to exercise voting rights only with respect to 45% of the outstanding shares of common stock of the Company for the remaining term of the Stockholders Agreement. Under the Stockholders Agreement (beginning January 24, 2016) if the Company's stock repurchases cause TD's ownership percentage to exceed 45%, TD shall use reasonable efforts to sell or dispose of such excess stock, subject to TD's commercial judgment as to the optimal timing, amount and method of sales with a view to maximizing proceeds from such sales. TD has no absolute obligation to reduce its ownership percentage to 45% by the termination of the Stockholders Agreement. However, prior to and following the termination of the Stockholders Agreement, TD will either not vote any such excess stock or, at the discretion of the Company, vote any such excess stock on any matter in the same proportions as all the outstanding shares of stock held by holders other than TD and its affiliates are voted. In no event may the Company repurchase shares of its common stock that would result in TD's ownership percentage exceeding 47%.

The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to common stock. Notwithstanding the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of common stock not affiliated with TD.

Right to Purchase Securities. TD has the right to purchase up to its respective proportionate share of future issuances of common

stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD alternative structures in which a portion of such shares would be sold to TD, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD from transferring shares of common stock, absent approval of the OID Committee, to any holder of 5% or more of the outstanding shares of the Company, subject to certain exceptions. As long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to provide certain non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations and as long as it owns at least 15% of the outstanding shares of common stock, TD is entitled to access information regarding the Company's business, operations and plans as it may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If the Company issues shares of its common stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that TD and its affiliates may not participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. to retail traders, individual investors and registered investment advisors. If TD acquires indirectly a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. TD and its affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2% of a class of equity securities of a competing

business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, the Company has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) as a result of a business combination transaction approved by the Company's board of directors and involving an entity not more than 75% of whose consolidated revenues were generated by one or more insured depository institutions and as to which (a) TD has elected to acquire such entity's insured depository institutions at a price mutually agreed between the Company and TD, (b) the Company divests or causes the seller to

divest completely such insured depository institution before closing, or (c) TD otherwise consents to the business combination transaction with such entity, or (2) in the event that TD does not hold control of any bank or similar depository institution that is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through a bank or similar depository institution it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate in its entirety, upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the common stock, (b) January 24, 2021, (c) the date on which TD's ownership of common stock falls below approximately 4% of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of the Company's common stock, unless the board of directors recommends against the offer and continues to take steps to oppose the offer, (e) the approval by the board of directors of a business combination that would result in another party owning more than 25% of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of more than 20% of the voting securities of the Company by a third party. For a period of up to one year following a termination under clause (d), (e) or (f) above, TD will be prohibited from acquiring shares of the Company's common stock that would cause its aggregate ownership to exceed 45% except pursuant to a tender offer or merger for 100% of the outstanding shares of common stock approved by the holders of a majority of the Company's outstanding shares of common stock (other than TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

setting forth, among other things, certain rights and obligations of the Stockholder as a stockholder of the Company, including limitations on the acquisition of additional equity interests in the Company, customary standstill restrictions and prohibitions on taking certain actions relating to the Company, transfer restrictions and voting arrangements relating to the election or removal of directors as provided in the Stockholders Agreement. On

December 14, 2017, upon the closing of the sale of all of the shares of the Company's common stock held by the Stockholder, the Paula and Rodger Riney Foundation and the St. Louis Community Foundation, Inc. in an underwritten secondary offering, the Riney Stockholders Agreement terminated in accordance with its terms.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon the Company's review of forms filed by directors, officers and certain beneficial owners of the Company's common stock (the "Section 16(a) Reporting Persons") pursuant to the 1934 Act, the Company has identified the following late filing by a Section 16(a) Reporting Person: Mr. Levitt's initial Form 3 was not reported on a timely basis.

Certain Relationships and Related Party Transactions

Review and Approval of Related Party Transactions. The board of directors has adopted a written Related Party Transactions Policy covering the review and approval or ratification of any transaction, arrangement or relationship involving the Company or any of its subsidiaries, with a value of \$120,000 or more per fiscal year, and in which any related party had, has or will have a direct or indirect material interest required to be disclosed under applicable SEC rules. Related parties are our directors, executive officers and any stockholder beneficially owning more than 5% of our common stock or any of their immediate family members. Under the policy, the OID Committee reviews related party transactions and may approve or ratify them only if it is determined that they are in, or not inconsistent with, the best interests of the Company and its stockholders. When reviewing a related party transaction, the OID Committee will consider, among other factors determined to be appropriate, the following factors (to the extent relevant to the related party transaction):

whether the terms of the related party transaction are fair to the Company and are no less favorable than terms that would apply if the transaction did not involve a related party;

whether there are business reasons for the Company to enter into the related party transaction;

whether the related party transaction would impair the independence of an outside director; and

whether the related party transaction would present an improper conflict of interest for any director or executive officer of the Company, taking into account the size of the transaction, the overall financial position of the director, executive officer or related party, the direct or indirect nature of the director's, executive officer's or related party's interest in the transaction and the ongoing nature of any proposed relationship.

Nothing in the policy supersedes or modifies any contractual rights or obligations provided in the Stockholders Agreement.

- (1) The Company is party to an insured deposit account (IDA) agreement, under which TD Bank USA and TD Bank, N.A. (together, the TD Depository Institutions) make available to clients of the Company FDIC-insured money market deposit accounts as either designated sweep vehicles or as

Table of Contents

Stock Ownership and Related Information

non-sweep deposit accounts. The Company provides marketing, recordkeeping and support services for the TD Depository Institutions with respect to the money market deposit accounts. In exchange for providing these services, the TD Depository Institutions pay the Company an aggregate marketing fee based on the weighted average yield earned on the client IDA assets, less the actual interest paid to clients, a servicing fee to the TD Depository Institutions and the cost of FDIC insurance premiums.

The current IDA agreement became effective as of January 1, 2013 and has an initial term expiring July 1, 2018. It is automatically renewable for successive five-year terms, provided that it may be terminated by either the Company or the TD Depository Institutions by providing written notice of non-renewal at least two years prior to the initial expiration date or the expiration date of any subsequent renewal period. Notice of non-renewal was not provided by either party, therefore the IDA agreement will automatically renew on July 1, 2018.

The fee earned on the IDA agreement is calculated based on two primary components: (a) the yield on fixed-rate notional investments, based on prevailing fixed rates for identical balances and maturities in the interest rate swap market (generally LIBOR-based) at the time such investments were added to the IDA portfolio (including any adjustments required to adjust the variable rate leg of such swaps to a one-month reset frequency and the overall swap payment frequency to monthly) and (b) the yield on floating-rate investments. As of September 30, 2017, the IDA portfolio was comprised of approximately 73% fixed-rate notional investments and 27% floating rate investments.

The IDA agreement provides that the Company may designate amounts and maturity dates for the fixed-rate notional investments in the IDA portfolio, subject to certain limitations. For example, if the Company designates that \$100 million of deposits be invested in 5-year fixed-rate investments, and on the day such investment is confirmed by the TD Depository Institutions the prevailing fixed yield for the applicable 5-year U.S. dollar LIBOR-based swaps is 1.45%, then the Company will earn a gross fixed yield of 1.45% on that portion of the portfolio (before any deductions for interest paid to clients, the servicing fee to the TD Depository Institutions and the cost of FDIC insurance premiums). In the event that (1) the federal funds effective rate is established at 0.75% or greater and (2) the rate on 5-year U.S. dollar interest rate swaps is equal to or greater than 1.50% for 20 consecutive business days, then the rate earned by the Company on new fixed-rate notional investments will be reduced by 20% of the excess of the 5-year U.S. dollar swap rate over 1.50%, up to a maximum of 0.10%.

The yield on floating-rate investments is calculated daily based on the greater of the following rates published by the Federal Reserve: (1) the interest rate paid by Federal Reserve Banks on balances held in excess of required reserve balances and contractual clearing balances under Regulation D and (2) the daily effective federal funds rate.

The interest rates paid to clients are set by the TD Depository Institutions and are not linked to any index. The servicing fee to the TD Depository Institutions under the IDA agreement is equal to 25 basis points on the aggregate average daily balance in the IDA accounts, subject to adjustment as it relates to deposits of less than or equal to \$20 billion kept in floating-rate investments or in fixed-rate notional investments with a maturity of up to 24 months (short-term fixed-rate investments). For such floating-rate and short-term fixed-rate investments, the servicing fee is equal to the difference of the interest rate earned on the investments less the FDIC premiums paid (in basis points), divided by two. The servicing fee has a floor of 3 basis points (subject to adjustment from time to time to reflect material changes to the TD Depository Institutions leverage costs) and a maximum of 25 basis points.

In the event the marketing fee computation results in a negative amount, the Company must pay the TD Depository Institutions the negative amount. This effectively results in the Company guaranteeing the TD Depository Institutions revenue equal to the servicing fee on the IDA agreement, plus the reimbursement of FDIC insurance premiums. The marketing fee computation under the IDA agreement is affected by many variables, including the type, duration, principal balance and yield of the fixed-rate and floating-rate investments, the prevailing interest rate environment, the amount of client deposits and the yield paid on client deposits. Because a negative marketing fee computation would arise only if there were extraordinary movements in many of these variables, the maximum potential amount of future payments the Company could be required to make under this arrangement cannot be reasonably estimated. Management believes the potential for the marketing fee calculation to result in a negative amount is remote. In addition, in the event the Company withdraws a notional investment prior to its maturity and the investment is in an unrealized loss position, the Company shall reimburse the TD Depository Institutions an amount equal to the economic replacement value of the investment, as defined in the IDA agreement.

Under Amendment No. 1 to the IDA agreement (IDA Amendment), which became effective on the closing of the Merger Agreement on September 18, 2017 with respect to Scottrade brokerage accounts, the parties will cause: (1) the funds of Scottrade clients held in other money market sweep accounts prior to closing to be withdrawn and deposited with TD s money market deposit accounts within a specified number of days following closing or following the maturity date of the deposits (depending on the type of deposit), (2) new funds deposited by Scottrade clients after closing to be deposited with TD s money market deposit accounts, (3) the existing funds of Scottrade clients in excess of the FDIC deposit insurance limits to be deposited into master accounts with TD, and (4) if the Company elects to sweep any uninsured deposits to a bank other than TD, the Company will sweep a certain amount of uninsured deposit accounts from its other client accounts to TD for a period of time that term funds remain at Scottrade s program banks. For the complete IDA Amendment agreement, see Exhibit 10.3 to the Company s Current Report on Form 8-K filed with the SEC on October 28, 2016.

- (2) The Company and an affiliate of TD are parties to a transfer agency agreement and a shareholder services agreement pursuant to which certain mutual funds are made available as money market sweep or direct purchase options to Company clients. The Company performs certain distribution and marketing support services and acts as a transfer agent with respect to those funds. In consideration for offering the funds, performing the distribution and marketing support services and acting as a transfer agent, an affiliate of TD compensates the Company in accordance with the provisions of the agreements. The transfer agency agreement may be terminated by an affiliate of TD upon 60 days prior written notice and by the Company upon one year s prior written notice. The shareholder services agreement may be terminated by either party upon 15 days notice.

TD Ameritrade, Inc. is a party to a referral and strategic alliance agreement with TD Bank, N.A. and TD Wealth Management Services, Inc. (TDWMS), a wholly-owned subsidiary of TD. Under the agreement, TD Bank, N.A. promotes TD Ameritrade, Inc.'s brokerage services to its clients using a variety of marketing and referral programs and TDWMS referred its existing brokerage account clients to TD Ameritrade, Inc. while TDWMS discontinued its brokerage operations. TDAC retains a percentage of the net order routing revenue it receives on TDW Canada trades and remits the remainder to TDW Canada.
- (6) On June 11, 2009, immediately following the closing of the Company's acquisition of thinkorswim Group Inc. ("thinkorswim"), the Company completed the sale of thinkorswim Canada, Inc. ("thinkorswim Canada") to TDW Canada. In connection with the sale of thinkorswim Canada, the Company and TDW Canada entered into a trading platform hosting and services agreement. The agreement had an initial term of five years beginning June 11, 2009 and automatically renews for additional periods of two years, unless either party provides notice of non-renewal to the other party at least 90 days prior to the end of the then-current term. Under the agreement, TDW Canada uses the thinkorswim trading platform and TD Ameritrade, Inc. provides the services to support the platform. In consideration for the performance by TD Ameritrade, Inc. of all its obligations under this agreement, TDW Canada pays TD Ameritrade, Inc., on a monthly basis, a fee based on average client trades per day and transactional revenues.
- (7) In connection with its brokerage business, the Company engages in securities borrowing and lending with TD Securities, Inc. ("TDSI"). The transactions with TDSI are subject to the same collateral requirements as transactions with other counterparties.
- (8) In exchange for cash management services provided by TD Bank USA to clients of TD Ameritrade, Inc., the Company pays service-based fees agreed upon by the parties. This agreement will continue in effect as long as the IDA agreement remains in effect, provided that it may be terminated by TD Ameritrade, Inc. without cause upon 60 days' prior written notice to TD Bank USA.
- (9) For additional information about the notes, see Note 10 Long-term Debt and Other Borrowings under Item 8, Financial Statements and Supplementary Information Notes to Consolidated Financial Statements to the Company's Annual Report on Form 10-K filed with the SEC on November 17, 2017.
- (10) The amount paid by each party is based on a cost-plus methodology. The agreement provides for customary termination rights, including for breach or if legally required. In no event will either party be liable to the other for

indemnification or otherwise under the agreement for any amount in excess of (1) \$15 million in the aggregate, for indemnification claims in respect of damages paid to third parties or (2) aggregate fees actually received under the agreement for all other claims.

- (11) TDAC provided clearing services to clients of TDW UK that trade in U.S. equity securities. In exchange for such services, TDW UK paid TDAC a per-trade commission. This agreement was terminated during the fiscal year ended September 30, 2017.
- (12) TD Ameritrade, Inc. and TDS entered into a master selected dealers agreement to facilitate the distribution of initial public offering SEC registered securities, including debt securities, warrants or other securities with payment of principal and interest, which may include securities issued by TD, to TD Ameritrade, Inc.'s clients. The Agreement provides for TDS, as lead agent or as lead or co-manager of an underwriting syndicate, to invite TD Ameritrade, Inc. to act as one of several selected dealers in a public offering. When invited to participate in an offering, TD Ameritrade, Inc. commits to purchase from TDS, an allocated amount of the new issue securities. The Agreement may be terminated by either party for any reason upon five business days' written notice to the other party. As a selected dealer, TD Ameritrade, Inc. receives a selling concession on the securities it sells to its clients. The lead agent or lead or co-manager of the underwriting syndicate sets the selling concession for the offering. The pricing of the offering, including the selling concession, is based on the nature of the issuer, the features of the new issue offered, and market conditions.
- (13) For additional information about the revolving credit facilities, see Note 10 Long-term Debt and Other Borrowings under Item 8, Financial Statements and Supplementary Information Notes to Consolidated Financial Statements to the Company's Annual Report on Form 10-K filed with the SEC on November 17, 2017.
- (14) Under these sublease agreements, the Company incurred \$0.3 million of occupancy and equipment costs and recognized \$0.2 million of sublease rental income during fiscal 2017.
- (15) Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company as permitted by applicable law. Margin loans to these individuals were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features.
- (16) The Company and TD are a party to a trademark license agreement that requires the Company to use the TD trademark and logo as part of the Company's corporate identity. The following is a summary of selected provisions of the trademark license agreement.

The Company is required to use the TD Ameritrade name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD Ameritrade name in the U.S. in corporate identity and marketing materials.

The Company has a worldwide (except in Canada) license to use the name and trademark TD as part of the trademark, service mark, trade name, corporate name or domain name TD Ameritrade in connection with the

Company's business of providing securities brokerage services to retail traders, individual investors and registered investment advisors. TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity providing securities brokerage services to retail traders, individual investors and registered investment advisors in the U.S., as so restricted by the Stockholders Agreement.

TD and the Company jointly own the TD Ameritrade name. The Company has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD Ameritrade name. The Company and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD Ameritrade trademark.

The Company has agreed to indemnify TD for liability incurred by TD as a result of the Company's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify the Company for liability incurred by the Company so long as the Company's actions are in accordance with the terms of the trademark license agreement and the Company's use of the TD Ameritrade name or the TD logo is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo.

In exchange for those rights, the Company agreed to not transfer the rights to the domain names and to use commercially reasonable efforts to include a link on the homepage of the Company to the international TD Waterhouse websites. Proposal No. 2 Advisory Vote on Executive Compensation

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our stockholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives is directly related to the Company's earnings and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the board of directors believe that our compensation design and practices are effective in implementing our guiding principles. At the 2017 annual meeting of stockholders, our stockholders approved the say-on-pay proposal with more than 98% of the total votes cast voting in favor.

As required by Section 14A of the 1934 Act, we are asking our stockholders to indicate their support for the compensation of our named executive officers as disclosed in this Proxy Statement. This

advisory vote on executive compensation proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the principles, policies and practices described in this Proxy Statement. We currently hold our say-on-pay vote every year. Stockholders will have an opportunity to cast an advisory vote on the frequency of say-on-pay votes at least every six years. The next advisory vote on the frequency of the say-on-pay vote will occur at the 2023 annual meeting of stockholders.

As this is an advisory vote, the result will not be binding on the Company, the board of directors or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this non-routine proposal, your broker does not have authority to vote your shares. Where no instructions are indicated, properly executed and unrevoked proxies will be voted **FOR** the approval of the compensation of the Company's named executive officers, as disclosed in this Proxy Statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

Ernst & Young LLP (EY) has been appointed by the Audit Committee as the independent registered public accounting firm for the Company and its subsidiaries for the fiscal year ending September 30, 2018. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of the holders of a majority of the total shares of common stock present in person or represented by proxy and voting on the matter, provided that a quorum of at least a majority of the outstanding shares are represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this routine proposal, your broker will nevertheless have authority to vote your shares on this routine proposal in your broker's discretion. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the proposal. Where no instructions are indicated, properly executed and unrevoked proxies will be voted FOR the ratification of EY as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2018.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018.

Representatives of EY are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

Fees Paid to Independent Auditor

Tax Fees

All Other Fees

Total	\$ 7,271,448	\$ 5,284,425
-------	--------------	--------------

Audit Fees. Annual audit fees relate to services rendered in connection with the audit of the Company's financial statements included in the Company's Form 10-K, the quarterly reviews of financial statements included in the Company's Forms 10-Q and the audits of our subsidiaries required by regulation.

Audit-Related Fees. Audit-related services include fees for third-party service organization internal control audit services, SEC registration statement services, benefit plan audits, consultation on accounting standards or transactions and business acquisitions, which in fiscal year 2017 included services in connection with the Scottrade acquisition.

Tax Fees. EY did not provide any tax services during 2017 and 2016.

All Other Fees. EY did not provide any services resulting in Other Fees during 2017 and 2016.

The Audit Committee considers whether the provision of audit-related, tax and other non-audit services are compatible with maintaining the auditor's independence, and has determined such services for fiscal 2017 and 2016 were compatible.

We have been advised by EY that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accounting firm.

On an ongoing basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested.

The Audit Committee reviews these requests and advises management if the committee approves the engagement of the independent registered public accounting firm. No services are undertaken which are not pre-approved. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. All of the services provided by our independent auditor in 2017 and

2016, including services related to audit, audit-related fees, tax fees and all other fees described above, were approved by the Audit Committee under its pre-approval policies.

The Board of Directors

TD Ameritrade Holding Corporation

Fellow Directors:

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee conducted its oversight activities for TD Ameritrade Holding Corporation and subsidiaries ("TD Ameritrade") in accordance with the duties and responsibilities outlined in the audit committee charter. The Audit Committee annually reviews the NASDAQ standard of independence for audit committees and its most recent review determined that the committee meets that standard.

TD Ameritrade management is responsible for the preparation, consistency, integrity and fair presentation of the financial statements, accounting and financial reporting principles, systems of internal control, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent Registered Public Accounting (RPA) firm, Ernst & Young LLP, is responsible for performing an independent audit of the financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America.

The Audit Committee, with the assistance and support of the Corporate Audit Department and management of TD Ameritrade Holding Corporation, has fulfilled its objectives, duties and responsibilities as stipulated in the audit committee charter and has provided adequate and appropriate independent oversight and monitoring of TD Ameritrade's systems of internal control for the fiscal year ended September 30, 2017.

These activities included, but were not limited to, the following significant accomplishments during the fiscal year ended September 30, 2017:

Reviewed and discussed the audited financial statements with management and the external auditors.

Discussed with the external auditors the matters requiring discussion under Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, *Communications with Audit Committees* and Rule 2.07 of Regulation S-X, including matters related to the conduct of the audit of the financial statements.

Received written disclosures and letter from the external auditors required by applicable requirements of the PCAOB, and discussed with the auditors their independence.

In reliance on the Committee's review and discussions of the matters referred to above, the Audit Committee recommends the audited financial statements be included in TD Ameritrade's Annual Report on Form 10-K for the fiscal year ended September 30, 2017, for filing with the Securities and Exchange Commission.
