### **Item 7.01 Regulation FD Disclosure**

The final Order of the New Hampshire Public Utilities Commission ( NHPUC ), to which Item 8.01 below refers, is attached as Exhibit 99.1 to this Current Report on Form 8-K.

### **Item 8.01 Other Events**

On May 2, 2018 the NHPUC issued its final Order (the Order ) in Docket No. DG 17-070, the distribution base rate case filed with the NHPUC on June 5, 2017 by the New Hampshire division of Northern Utilities, Inc. (the Company ), Until Corporation s natural gas utility subsidiary operating in New Hampshire and Maine.

The Order approves a Settlement Agreement (the Agreement ) between the Company, the NHPUC Staff and the Office of the Consumer Advocate. The Agreement calls for an initial annual distribution revenue increase of \$2.6 million and an offsetting decrease of \$1.7 million to reflect the impact of the corporate federal income tax rate reduction from 35% to 21%, resulting in a net increase of \$0.9 million to be recovered through permanent rates, effective May 1, 2018. In addition to the initial rate increase, the Agreement provides for a first step adjustment, effective May 1, 2018, that will increase revenues by approximately \$2.3 million, for an overall net increase in revenues of approximately \$3.2 million. Under the Agreement, the Company may file for a second step increase for effect May 1, 2019 to recover eligible capital investments in 2018, up to a revenue requirement cap of \$2.2 million. If the Company chooses the option to implement the second step increase, the next distribution base rate case shall be based on an historic test year of no earlier than twelve months ending December 31, 2020.

The distribution base rate case is based on the Company s operating costs and investments in utility plant for a test year ended December 31, 2016 as adjusted for known and measurable changes. The Agreement provides for a return on equity of 9.5 percent and a capital structure reflecting 52% equity and 48% long-term debt. The Agreement provides for a 12-month surcharge, effective May 1, 2018, to recover rate case expense and the over-recovery resulting from the reconciliation of temporary and permanent rates and also provides for adjustments in certain meter read and turn-on charges, also effective May 1, 2018.
