REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Shareholders, Board of Directors and Management of

Companhia Brasileira de Distribuição

São Paulo - SP

Introduction

We have reviewed the accompanying individual and consolidated interim financial information of Companhia Brasileira de Distribuição (the “Company”), identified as Company and Consolidated, respectively, included in the Interim Financial Information Form (ITR), for the quarter ended September 30, 2014, which comprises the balance sheet as of September 30, 2014 and the related statements of income and comprehensive income for the three and nine-month periods then ended and statements of changes in equity and of cash flows for the nine-month period then ended, including the explanatory notes.

The Company’s Management is responsible for the preparation of the individual interim financial information in accordance with technical pronouncement CPC 21 (R1) - Interim Financial Information and the consolidated interim financial information in accordance with technical pronouncement CPC 21 (R1) and with the international standard IAS 34 - Interim Financial Reporting, issued by the International Accounting Standards Board - IASB, as well as for the presentation of such information in accordance with the standards issued by the Brazilian Securities and Exchange Commission (CVM), applicable to the preparation of the Interim Financial Information (ITR). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with Brazilian and international standards on review of interim financial information (NBC TR 2410 and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with standards on auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion on individual interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying individual interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1), applicable to the preparation of the Interim Financial Information (ITR), and presented in accordance with the standards established by CVM.

Conclusion on consolidated interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1) and international standard IAS 34, applicable to the preparation of Interim Financial Information (ITR), and presented in accordance with the standards issued by CVM.

Other matters

Statements of value added

We have also reviewed the individual and consolidated interim statements of value added (DVA) for the nine-month period ended September 30, 2014, prepared under the responsibility of the Company's Management, the presentation of which is required by the standards issued by CVM applicable to the preparation of Interim Financial Information (ITR) and considered as supplemental information for International Financial Reporting Standards - IFRS, which do not require the presentation of these statements. These statements were subject to the same review procedures described above and, based on our review, nothing has come to our attention that causes us to believe that they were not prepared, in all material respects, consistently with the individual and consolidated interim financial information taken as a whole.

The accompanying interim financial information has been translated into English for the convenience of readers outside Brazil

Sales Performance – Consolidated

The multiformat structure, intra-group synergies and multi-channel initiatives have allowed the GPA to provide sales growth despite a more challenging scenario. In the Food segment, there was an increase of 6.2% and in the Non-Food which comprises Via Varejo and *e-commerce* there was a 17.0% growth.

Net sales amounted to R\$15.7 billion, increasing 10.9%, driven by the 146 new stores opened in the last 12 months and the same-store sales growth of 3.0%. Excluding the effect of Cdiscount consolidation, for comparison purpose, total net sales would have grown by 5.7% in 3Q14. The quarter was impacted by the strong comparison base in 3Q13 which posted same store sales growth of 11.8% and by macroeconomic scenario, which mainly affected the performance of non-food categories.

The Company accelerated its organic growth in the quarter, mainly in the Assaí, Pão de Açúcar and convenience stores formats. In the quarter were inaugurated 50 new stores, bringing to 96 the total number of new stores opened in the year to date.

ü **Food:** same-store sales growth of 2.3%, positively impacted by meat, poultry and beverage categories. The strong comparison base in the previous year of 9.5% impacted the quarter performance;

ü **Non-food:** same-store sales increased 3.6%. The highlights were the smartphones and white line categories, which improved along the last months of the quarter. The period was negatively affected by the anticipation of television sales in June due to World Cup. Additionally, it is important to highlight the strong comparison base of non-food category that posted 13.5% growth in the same quarter of the previous year.

Food Businesses (Multivarejo + Assaí)

ü Net sales grew 6.2%, with 35 new stores opened in the period, of which 33 were convenience stores (33 Minimercado Extra and 2 Minuto Pão de Açúcar) and 2 were Assaí stores. On a same-store basis, sales growth was 0.6%, mainly impacted by durable goods sales at hypermarkets;

ü At **Multivarejo**, the best-performing banners in the quarter were Pão de Açúcar and Minimercado Extra, continuing the trend observed in recent quarters. Private-label brands continued to register robust growth and maintained their contribution to sales at over 10%;

ü **Assaí** maintained its trend of strong gross sales growth (31.2%), driven by solid same-store sales performance and the significant contribution from new store openings. Two new stores were opened in the quarter, one of which was in a new state, bringing the total number of stores in the banner to 80 and expanding the banner's footprint to 50% of the country's states. A total of 11 stores were opened in the last 12 months. Assaí plans to accelerate its pace of expansion over the coming quarters. The new store openings will be concentrated in the Northeast, a region that already has 13 stores (over 15% of total stores).

Via Varejo

ü Net sales amounted to R\$5.3 billion, increasing by 0.7% and by 0.2% on a same-store basis. Excluding the impact from the 32 stores closed in 2Q14 to comply with Brazil's antitrust authority CADE, net sales growth on a total-store basis would be 2.3%;

ü Sales were impacted by the negative performance in July due to the shorter business hours at stores during the World Cup and by the slowdown in consumption in the weeks following the event;

ü Note that sales gradually recovered in August and especially in September, led by the smartphone and white line categories;

ü A total of 15 new stores were opened in the quarter, of which 11 were under the Casas Bahia banner and 4 under the Ponto Frio banner. Twenty-nine new stores were opened in the year to date and 55 were opened in the last 12 months.

Cnova

As announced on July 24, the corporate reorganization required for the implementation of the e-commerce Business Combination (Cnova) was completed. Cnova is indirectly owned by CBD, Via Varejo and certain founding shareholders of Nova Pontocom, which hold participation of 53.5%.

The following tables reflect the operation of Cnova in the third quarter of 2013 and 2014. It is important to mention that these figures differ from the table on page 1, which reflects the GPA vision: consolidation of Cdiscount into Cnova in August and September of 2014.

ü The e-commerce segment, Cnova, is formed by the operations of Cnova Brasil and Cdiscount in France, including its specialized websites and international websites.

(1) GMV: Gross Merchandise Volume TTC (business volume, including direct sales, merchandise volume in the marketplace and other revenues, after returns, including taxes); (2) Proforma includes all the international websites of Cdiscount to reflect in advance the consolidation to be carried out in the fourth quarter of 2014; (3) Active customers at the end of September who made at least 1 purchase in the last 12 months; (4) Total orders placed by customers prior to cancelation due to fraud, payment incidents and cut-off; (5) Share of sales in the marketplace through the website www.cdiscount.com; (6) Share of sales in the marketplace through the website www.extra.com.br.

The Company's gross margin in the quarter contracted by 50 basis points, reflecting the higher contribution from Assaí and Cnova (*).

Selling, general and administrative expenses as a percentage of net revenue fell 50 basis points, from 19.0% in 3Q13 to 18.5% in 3Q14, reflecting the efficiency gains and greater discipline in controlling expenses.

EBITDA amounted to R\$1.168 billion, increasing 12.7% from 3Q13, with EBITDA margin expanding 20 basis points. EBITDA adjusted by the line Other Operating Income and Expenses came to R\$1.186 billion, with margin of 7.6%, driven by margin gains at Via Varejo, Multivarejo and Assaí.

In 9M14, EBITDA stood at R\$3.308 billion, with EBITDA margin of 7.2%. EBITDA adjusted by the line Other Operating Income and Expenses came to R\$3.418 billion, growing 18.6%, with margin expansion of 50 basis points.

(*) As mentioned on page 3, the reorganization required for implementing the Combination of the E-Commerce Businesses (Cnova) was concluded on July 24. Therefore, the consolidation of Cdiscount into GPA corresponds only to the months of August and September 2014.

Commercial initiatives focused on price competitiveness remained a part of the strategy at Multivarejo in 3Q14. Among the factors that contributed to the gross margin expansion of 140 basis points include:

- (i) revenue growth at leasing of commercial galleries;
- (ii) increased participation of formats that operates with higher-margin (i.e. Pão de Açúcar and Minimercado Extra) in the sales mix of Multivarejo; and
- (iii) lower share of non-food categories in total sales, reflecting the macroeconomic scenario.

Selling, general and administrative expenses came to R\$1.274 billion, growing by 5.5% compared to 3Q13, which is below the rate of inflation in the last 12 months. For yet another quarter, the disciplined control of corporate and operating expenses supported continued reinvestment in price competitiveness, as mentioned above.

EBITDA amounted to R\$522 million, with EBITDA margin expanding 50 basis points compared to 3Q13. EBITDA adjusted by the line Other Operating Income and Expenses came to R\$537 million, with adjusted EBITDA margin expanding 40 basis points.

In 9M14, EBITDA amounted to R\$1.495 billion, with EBITDA margin of 7.9%. Adjusted for the line Other Operating Income and Expenses, EBITDA amounted to R\$1.602 billion, increasing 8.2% on the prior-year period to outpace revenue growth in the period. Adjusted EBITDA margin improved by 30 basis points from 9M13.

(1) EBITDA adjusted by the line Other Operating Income and Expenses to eliminate nonrecurring income and expenses.

Assaí maintained its pace of sales growth in the quarter, with net sales revenue advancing 31.2% to R\$2.097 billion. This performance is explained by the result of the performance of the new stores which have exceeded expectations and the consistent same-store growth registered by the banner. A total of 11 stores were opened in the last 12 months. This quarter, Assaí reached a total of 80 stores and expanded its footprint to 50% of Brazilian states. The expansion plan will be intensified over the coming quarters.

Despite the significant expansion in stores, expenses as a ratio of net sales revenue have remained in line with last year. As a result, EBITDA reached R\$71 million in the quarter, or 35.4% more than in 3Q13, and outpaced revenue growth in the period. EBITDA margin was 3.4%, expanding by 10 basis points from 3Q13.

In 9M14, EBITDA came to R\$190 million, increasing 38.5% from 9M13. Adjusted for Other Operating Income and Expenses, EBITDA amounted to R\$190 billion, increasing 39.7% on the prior-year period to

(1) Some numbers presented in this release differ from those in the Via Varejo release due to effects of intercompany transactions.

(2) EBITDA adjusted by the line Other Operating Income and Expenses to eliminate nonrecurring income and expenses.

Gross margin expanded by 150 basis points, which is basically explained by (i) the ongoing productivity initiatives, such as capturing efficiency gains in logistics and assembly; (ii) the good performance of financial services and other services; and (iii) the favorable product mix, led by smartphones.

The plan to capture efficiency gains in expenses continued to be implemented in various areas of the company during the quarter. The highlights were the improvements in delivery logistics, higher efficiency gains in store processes and the streamlining of general expenses. These gains helped keep the increase in selling, general and administrative expenses in line with net sales revenue, mitigating the effects of higher costs driven by inflation.

As a result, EBITDA amounted to R\$529 million in the quarter, increasing 16.1% from 3Q13. Adjusted for the line Other Operating Income and Expenses, EBITDA amounted to R\$544 million, increasing 19.9% on 3Q13, with this figure more accurately reflecting the Company's operating performance. Adjusted EBITDA margin stood at 10.3% in the quarter, expanding 170 basis points.

In 9M14, adjusted EBITDA amounted to R\$1.541 billion, increasing 27.5% compared to 9M13. Adjusted EBITDA margin stood at 9.5%, expanding 170 basis points from 9M13.

(1) EBITDA in the last 12 months.

Net debt stood at R\$214 million at the end of September of 2014, decreasing by R\$1.832 billion from a year earlier. The reduction in net debt volume is explained by the higher cash generation in the period and improvement in working capital, as well the cash inflow of the public offering by Via Varejo . As a result, the Net Debt/EBITDA ratio decreased from 0.53x to 0.05x, in line with the level of the previous quarter.

Net debt, including Via Varejo's payment book operation, stood at R\$2.961 billion, decreasing R\$1.726 billion from September 2013. The ratio of Net Debt with payment book/EBITDA stood at 0.64x at the end of 3Q14.

The net financial result was an expense of R\$378 million, increasing 21.2% from 3Q13, though lagging the cumulative increase of 29% in the interest rate (CDI) in the period. As a ratio of net revenue, the net financial expense increased from 2.2% in 3Q13 to 2.4% in 3Q14.

The main variations in net financial (income) expenses were:

- Increase of R\$ 23 million in bank debt charges, primarily due to the higher interest rate (CDI), which was partially offset by the higher yields earned on the cash in the period;
- Increase of R\$18 million in the cost of discount of receivables from payment books, which rose 26.1%, lagging the increase in the CDI rate. As a ratio of net revenue, this cost remained at 0.5% compared to 3Q13 ;

- Growth of R\$14 million in the cost of sale of credit card receivables, with variation of 8.9%, significantly below the increase in the interest rate due to the lower frequency of sales receivable.

Sales of receivables volume (cards and payment books) amounted to R\$8.3 billion in the period.

(1) Net Income adjusted by Other Operating Income and Expenses, thus eliminating non-recurring income and expenses as well as the respective effects of income tax

The Company net income amounted to R\$390 million, growing 9.3% on the prior-year period, with net margin of 2.5%. The net income was driven mainly by the higher profitability at Assaí, Multivarejo and Via Varejo. The net income adjusted by Other Operating Income and Expenses totaled R\$ 396 million.

Net income attributable to controlling shareholders decreased 2.1% in the period, reflecting the change in the equity interest in Via Varejo, from 52.4% in 3Q13 to 43.3% in 3Q14.

In 9M14 net income totaled R\$ 1.087 billion, with a margin of 2.4%. Adjusted for Other Operating Income and Expenses, net income totaled R \$ 1.165 billion, an increase of 19.2% compared to 9M13.

The Group's investments amounted to R\$532 million in the quarter. Multivarejo and Assaí accounted for 66% of total investment, followed by Via Varejo with 27%.

In the third quarter, the Group opened 50 new stores: 31 Minimercado Extra, 2 Minuto Pão de Açúcar, 2 Assaí, 11 Casas Bahia and 4 Pontofrio.

In the year to September, the Group opened 52 Minimercado Extra, 3 Minuto Pão de Açúcar, 1 Pão de Açúcar, 3 Extra Hiper, 5 Assaí, 25 Casas Bahia and 4 Pontofrio, as well as 3 drugstores, for a total of 96 store openings.

During the year, the greater discipline exercised in allocating investments to new stores and renovations is explained by the better negotiations for new store openings and the review of construction methods, as well as other initiatives that optimized CAPEX per square meter.

For the coming quarters, the Company will continue to focus on organic growth, with acceleration in the pace of store openings compared to prior quarters.

Dividends

The meeting of the Board of Directors held on October 30, 2014 approved the distribution of interim dividends based on the net income recorded on the balance sheet of September 30, 2014, in the amount of R\$35.8 million, which corresponds to R\$0.14 per preferred share and R\$0.127272 per common share. Shareholders of record on November 10, 2014 will be entitled to the payment. As of November 11, 2014, the shares will trade ex-dividends. Payment will be effected on November 21, 2014.

Same-store sales: The basis for calculating same-store sales is defined by the sales registered in stores open for at least 12 consecutive months. Acquisitions in their first 12 months of operation are not included in the same-store calculation base.

Growth and changes: The growth and changes presented in this document refer to variations in comparison with the same period of the previous year, except where stated otherwise.

EBITDA: As of 4Q12, the results of Equity Income and Other Operating Income (Expenses) were included together with Total Operating Expenses in the calculation of EBITDA. This means that the calculation of EBITDA complies with Instruction 527 issued by the Securities and Exchange Commission of Brazil (CVM) on October 4, 2012. As from 1Q13, the depreciation recognized in the cost of goods sold, which essentially consists of the depreciation of distribution centers, began to be specified in the calculation of EBITDA.

Adjusted EBITDA: Measure of profitability calculated by excluding Other Operating Income and Expenses from EBITDA. Management uses this measure because it believes it eliminates nonrecurring expenses and revenues and other nonrecurring items that could compromise the comparability and analysis of results.

Adjusted net income: Measure of profitability calculated as net income excluding Other Operating Income and Expenses and discounting the effects from Income and Social Contribution Taxes. Management uses this measure because it believes it eliminates nonrecurring expenses and revenues and other nonrecurring items that could compromise the comparability and analysis of results.

The individual and parent company financial statements are presented in accordance with IFRS and the accounting practices adopted in Brazil and refer to the third quarter of 2014 (3Q14), except where stated otherwise, with comparisons in relation to the prior-year period.

Any and all non-accounting information or information based on non-accounting figures have not been reviewed by the independent auditors.

The calculation of "EBITDA" is based on earnings before interest, taxes, depreciation and amortization. The base used to calculate "same-store" gross sales revenue is determined by the sales made in stores open for at least 12 consecutive months and that did not remain closed for seven or more consecutive days in the period. Acquisitions in their first 12 months of operation are not included in the same-store calculation base.

GPA adopts the IPCA consumer price index as its benchmark inflation index, which is also used by the Brazilian Supermarkets Association (ABRAS), since it more accurately reflects the mix of products and brands sold by the Company. The IPCA in the 12 months ended September 2014 was 6.75%.

Disclaimer: Statements contained in this release relating to the business outlook of the Company, projections of operating/financial results, the growth potential of the Company and the market and macroeconomic estimates are mere forecasts and were based on the expectations of Management in relation to the Company's future. These expectations are highly dependent on changes in the market, Brazil's general economic performance, the industry and international markets, and are thus subject to change.

About GPA: GPA is Brazil's largest retailer, with a distribution network comprising over 2,000 points of sale as well as electronic channels. Established in 1948 in São Paulo, it maintains a head office in the city and operations in 19 Brazilian states and the Federal District of Brasília. With a strategy of focusing its decisions on the customer and better serving them based on their consumer profile in the wide variety of shopping experiences it offers, GPA adopts a multi-business and multi-channel platform with brick-and-mortar stores and e-commerce operations divided into five business units: Multivarejo, which operates the supermarket, hypermarket and neighborhood store formats, as well as fuel stations and drugstores, under the Pão de Açúcar and Extra banners; Assaí, which operates in the cash and carry store segment; Via Varejo, with brick and mortar electronics and home appliance stores under the Casas Bahia and Pontofrio banners; GPA Malls, which is responsible for managing the Group's real estate assets, expansion projects and new store openings; and the e-commerce segment Cnova, which is formed by the operations of Cnova Brasil and Cdiscount in France, including their international websites.

1. Corporate information

Companhia Brasileira de Distribuição ("Company", "CBD" or "GPA"), directly or by its subsidiaries ("Group") operates in the food retailer, clothing, home appliances, electronics and other products segment through its chain of hypermarkets, supermarkets, specialized and department stores principally under the trade names "Pão de Açúcar", "Minuto Pão de Açúcar", "Extra Hiper", "Extra Super", "Minimercado Extra", "Assai", "Ponto Frio" and "Casas Bahia", in addition the e-commerce platforms "CasasBahia.com", "Extra.com", "Pontofrio.com", "Barateiro.com", "Partiuviagens.com", "Cdiscount.com" and "Conviva" which is the neighborhood's mall brand. Its headquarter is located at São Paulo, SP, Brazil.

Founded in 1948, in Brazil, the Company has 154 thousand employees, 2.037 stores in 19 Brazilian states and in the Federal District and a logistics infrastructure comprised of 56 distribution centers and commercial warehouses located in 15 states and Federal District on September 30, 2014. The Company's shares are listed in Level 1 of Corporate Governance trading segment of the São Paulo Stock Exchange ("BM&FBovespa"), under the code "PCAR4" and its shares are also listed on the New York Stock Exchange (ADR level III), under the code "CBD". The Company is also listed on the Luxembourg Stock Exchange; however, with no shares traded.

The Company is controlled by Wilkes Participações S.A. ("Wilkes") that is controlled by Casino Guichard Perrachon ("Casino").

Corporate information about Morzan Empreendimentos e Participações Ltda ("Morzan") arbitration did not have any modification in comparison with the information presented in the annual financial statements of 2013, in note 1.

a) Performance Commitment Agreement

The Company, its subsidiary Via Varejo and Casa Bahia Comercial Ltda. ("CB"), jointly "Promisees", and the Brazilian Antitrust Agency ("CADE") entered into a Performance Commitment Statement ("PCS") to approve the Partnership Agreement signed between CBD and CB on December 4, 2009 and amended on July 1, 2010. As the main purpose of PCS, Via Varejo had the major obligation of selling 74 stores located in 54 municipalities distributed in six states and the Federal District.

In relation to the "PCS", between December 2013 and January 2014, the subsidiary Via Varejo signed Sales and Purchase agreements with third parties of 42 stores, which were already approved by the CADE in September 5 and 19, 2014 and October 16, 2014. The Company awaits for the attainment of preceding conditions set forth in the Sales and Purchase agreements, which can influence the final sales price of such stores. The income related to the sale of such 42 stores will be recognized when such conditions are satisfied.

For the remaining 32 stores, between May and June of 2014, the Company has terminated its activities, paying a penalty of R\$11,645, as established in the "PCS".

The Company understands that met the obligation described in the "PCS" and awaits the formal ruling of CADE.

Notes to the interim financial information

September 30, 2014

(In thousands of Brazilian reais, unless otherwise stated)

2. Basis of preparation – Continued

a) Reclassification of commercial galleries revenues, mainly related to rental of stores, which was recorded as a reduction of selling expenses, amounting R\$ 84,777. Due to the increase of this activity in the retail segment and considering the release expectation of new ventures "Conviva", this revenue was reclassified to "sales from goods and / or services" to better presentation of this activity in the interim financial information and because of the increase in expectation of future operations, the Company's management understands it is best to proceed with the current classification for comparison and final classification of this revenue.;

b) Statement of income: reclassification of freight expenses of the subsidiary Nova Pontocom to cost of goods sold, in the amount of R\$158,963(consolidated);

3. Basis for consolidation

The Information regarding the basis for consolidation, except for the business restructuring explained on note 13, did not have any modification and was presented in the annual financial statements of 2013, in note 3.

4. Significant accounting policies

The main accounting policies adopted by the Company in the preparation of individual and consolidated quarterly financial information are consistent with those adopted and disclosed in Note 4 of the financial statements for the year ended December 31, 2013, disclosed on February 14, 2014 and therefore should be read together. At September 30, 2014 the following accounting policies are applicable to the Company, after E-commerce business restructuring, as per note 13.

a) Accounting for equity investments at cost

Company accounts at historical cost, with impact in shareholders' equity, all the interest acquired from companies under common control. Such transactions do not qualify as business combination in the terms of IFRS 3.

b) Foreign currency translation

The quarterly financial information is presented in Reais, the functional currency of the Group's Parent Company. Each entity determines its own functional currency and all their financial transactions are measured in that currency.

The financial statements of subsidiaries that use a different functional currency from the Parent Company are translated according to the closing rate method:

- Assets and liabilities, including goodwill and fair value adjustments, are translated into reais at the closing date ;
- Income statement and cash flow items are translated into reais using the average rate of the period unless significant variances occurs, when is used the rate of the transaction date

Exchange differences are recognized within a separate component of equity. When a foreign operation is sold, the accumulated value of exchange differences on the equity is reclassified to profit or loss.

The resulting exchange differences are recognised directly within a separate component of equity. When a foreign operation is disposed of, the cumulative amount of the exchange differences in equity relating to that operation is reclassified to profit or loss.

Foreign currency transactions (i.e transactions that use currency different from functional currency of entity) are translated using the exchange rate at the transaction date. Monetary assets and liabilities denominated in foreign currencies are translated at the closing rate and the resulting exchange differences are recognised in the income statement. Non-monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate at the transaction date.

4. Significant accounting policies - Continued

c) Pension plan

The pension plan is funded through payments to insurance companies, which are classified as a defined contribution plan according to CPC 33(IAS 19). A defined contribution plan is a pension plan whereby the Company pays fixed contributions to a separate legal entity. The Company has no legal or constructive obligation to pay additional contributions in relation to the plan's assets.

In relation to the defined benefit plan, only French entities are affected by this obligation, since its employees are eligible to a compensation to be paid in retirement. The French entities obligation is measured using the projected unit credit method based on the agreements effective in each company. Under this method, each period of service gives rise to an additional unit of benefit entitlement and each unit is measured separately to build up the final obligation. The final obligation is then discounted to the present value. The obligation is measured by independent actuaries annually for the employment termination benefit. Assumptions include expected rate of future salary increases, estimated average working life of employees, life expectancy and staff turnover rates.

Actuarial gains and losses arise from the effects of changes in actuarial assumptions and historical adjustments (differences between results based on previous actuarial assumptions and what has actually occurred). All gains and losses arising on defined benefit plans are recognised in equity.

The past service cost related to an increase in the obligation resulting from the introduction of, or changes to, benefit plans, is recognized as an expense on the period.

Expenses related to defined benefit plans are recognized in operating expenses (service cost) or other financial income and expense (interest cost and expected return on plan assets).

Curtailments, settlements and past service costs are recognized in operating expenses or other financial income and expense depending on their nature. The liability recognized in the balance sheet is measured as the net present value of the obligation, less the fair value of plan assets and unrecognised past service cost.

5. New standards issued but not yet effective

a) General legislation

Provisional Presidential Decree 627/13 – in November 2013, the Provisional Presidential Decree MP 627 was issued, changing the tax legislation and eliminating the Transitory Tax Regimen – RTT. In May 2014, the Law 12,973 was issued, resulted from the conversion of the MP 627 in law. The Company, together with its external advisors, analyzed the Law 12,973 and Normative Instruction - IN 1,492, to assess the implications of its anticipated application and the possible impact on the parent company and consolidated interim financial information for the nine-month period ended September 30, 2014. Until the date of approval of this interim financial information, the Company has not identified any significant effects to be recognized as consequence of enactment of the Law 12,973.

b) Accounting Standards

Changes to IAS 27 – Consolidated and separated financial statements – The review of IAS 27 allows the entities to utilize the equity pickup method to recognize investments on subsidiaries, joint ventures and associates in the preparation of individual financial statements, according to the IFRS standards and IAS 34. This review was issued in August 2014, and will be in force on January 1, 2016. The Company believes that this standard, when adopted, will allow that its individual financial statements prepared in accordance with IFRS will be the same as those already prepared in accordance with accounting practices adopted in Brazil.

IFRS 9 – Financial Instruments – This technical standard substitute Financial Instruments: Recognition and Measurement. It includes requirements about classification and measurement of financial assets and liabilities. It also establishes rules to the recognition of amounts not recoverable based on the expected loss model. This standard was issued in July 2014 and will be in force on January 1, 2018. The Company is evaluating the impacts of the new standard on the financial statements.

IFRS 15 - Revenue from contracts with customers – replaces the International Accounting Standards (IAS)18, International Accounting Standards Committee(IFRIC) 13 and Standard Interpretations Committee (SIC) 31 (CPC30 R1), IAS11 (CPC17 R1), IFRIC15 (Comitê de Pronunciamentos Contábeis Interpretation - ICPC 02) and IFRIC18 (ICPC 11). IFRS 15 specifies how and when an entity will recognize the revenue from contracts or relationship with customers as well as requiring such entities to provide users of financial statements with more informative, relevant disclosures. The standard provides, in a single document, principles for revenue recognition applicable to all contracts and/or relationship with customers. IFRS 15 was issued in May 2014 and shall be in force for annual reporting period beginning on or after January 1, 2017. The Company is evaluating the impacts of the new standard on its annual financial statements.

In addition to the disclosed above, it does not exist other standards and interpretations issued by IASB and CPC but not yet effective that could have, in management's opinion, significant impact in the income statement for the period or in the shareholders' equity disclosed by the Company. Additionally, there are no significant impacts in the quarterly financial information in relation to the adoption of new standards, changes or interpretations of standards issued by IASB with mandatory application after January 1, 2014, as disclosed in the note 5 of the financial statements for the year ended December 31, 2013.

6. Significant accounting judgments, estimates and assumptionsJudgments, estimates and assumptions

The preparation of the individual and consolidated quarterly financial information of the Company requires Management to make judgments, estimates and assumptions that impact the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of the period; however, uncertainty about these assumptions and estimates could result in outcomes that require material adjustments to the carrying amount of the asset or liability impacted in future periods.

The significant assumptions and estimates for quarterly financial information for the nine-month period ended September 30, 2014 were the same as those adopted in the consolidated and individual financial statements for the year ended December 31, 2013, presented on February 14, 2014, and therefore, should be read together, except for the impairment test, which is tested annually only observing indicators during the year as described in notes 15 and 16.

7. Cash and cash equivalents

The detailed information on cash and cash equivalents was presented in the annual financial statements of 2013, in note 7.

b) E-commerce transaction – Accounting of equity interests at cost

On June 4, 2014 the Boards of Directors of the Company and Via Varejo approved the project of association of the e-commerce businesses developed by the Companies through Nova Pontocom Comércio Eletrônico S.A. (“Nova”) with the e-commerce business developed by the controlling shareholder Casino, Guichard-Perrachon, S.A. (“Casino”) through CDiscount S.A. and its affiliates (“CDiscount”).

Special Committees implemented by the Boards to evaluate the transactions, delivered a favorable recommendation of implementation of the operation considering the following elements: (a) the commercial interests of the Companies in the eCommerce activities will be preserved; and (b) the potential for value generation for the Companies and their shareholders through the integration of the e-Commerce activities currently developed by Nova and CDiscount into a new company named Cnova N.V. (“Cnova”) organized under the Holland laws.

Based on the opinions issued by the financial consultants, the exchange of net assets between Nova and CDiscount in Cnova are represented by 53.5% (Company and Via Varejo) and 46.5% (CDiscount).

On July 24, 2014, the corporate transaction was concluded at Cnova level in Holand, resulting in the subsidiary Nova Pontocom giving 46.5% of the operational net assets of Cnova Comércio Eletrônico, in exchange for 53.5% of interest in CDiscount Group.

The operational entities with important operations that the Company started consolidating as a result of this transaction are(*):

- Cdiscount S.A.S.;
- Financiere MSR;
- E-trend;
- Cdiscount Colombia;
- Cdiscount Thailand;
- Cdiscount Afrique;
- Cdiscount Voyages.

c) Fair value measurements

The Company discloses its financial assets and liabilities at fair value, in accordance with CPC 46/ IFRS 13, which refers to evaluation concepts and requeriments of disclosure.

CPC 39 (“IAS 32”) defines fair value as an amount that an asset may be exchange, or a liability settled, between knowledgeable parties, in a transaction with no favored parts. CPC 40 (“IFRS 7”) establishes a hierarchy for fair value in three levels:

- i. Level 1 – Negotiated prices (without adjustments) on active markets for identical assets or liabilities;
- ii. Level 2 – Different inputs from negotiated prices on active markets included on level 1; that are observable for the asset or liability, directly (as price) or indirectly (as prices derivatives); and
- iii. Level 3 – inputs to assets and liabilities that are not based on observable data on market (non observable inputs).

The fair value amount of cash and cash equivalentes, short-term debt and trade suppliers accounts payable are the same as the amount recorded.

The table below represents the hierarchy of fair value amounts of financial assets and liabilities recorded at fair value:

23. Provision for contingencies –Continued

c) Taxes

Tax claims are indexed, by law, by monthly restatement, which refers to an adjustment in the amount of provisions for legal claims in accordance with the indexation rates used by each tax jurisdiction. In all cases, both interest charges and fines, when applicable, were computed and fully provisioned with respect to unpaid amounts.

The main provisioned tax claims are as follows:

PIS and COFINS

With the non-cumulativeness system when calculating PIS and COFINS, the Company and its subsidiaries are discussing at court the right to exclude ICMS from the calculation basis of these two contributions. In addition, the Company offset tax debts related to PIS and COFINS against Taxes on Industrial Products - IPI - credits inputs subject to a zero rate or exempt - acquired from third parties (transferred based on final and unappealable court decision). The amount for PIS and COFINS claims at September 30, 2014 is R\$105,142(R\$91,898 at December 31, 2013).

In addition, in 2013 there were progresses in the claims related to the offset of Social Investment Fund - Finsocial, COFINS and PIS, which lead our legal counsel to change their estimation of losses from possible to probable. At September 30, 2014, the remaining balance was added to the installment mentioned below (R\$173,184 at December 3, 2013).

Taxes and other

Taxes

The Company and its subsidiaries have other tax claims, which after analysis of its legal counsels, were deemed as probable losses and accrued. These are: (i) tax assessment notices related to purchase, industrialization and exportation soybean and byproducts exports (PIS, COFINS and IRPJ); (ii) disagreement on the non-application of Accident Prevention Factor (FAP) for the year 2011; (iii) disagreement on the “Fundo de Combate à Pobreza” (State Government Fund Against Poverty), enacted by the Rio de Janeiro State government; (iv) disagreement on suppliers contracted considered disqualified before the registration of the State Internal Revenue Service, error when applying rate and ancillary obligations by State tax authorities; and (v) other less relevant issues.

The amount recorded for these subjects at September 30, 2014 is R\$103,674 (R\$100,094 at December 31, 2013).

During the second quarter of 2013, procedural events occurred that led to change in the likelihood of loss from probable to possible of a claim related to income taxes in the amount of R\$45.902 at September 30, 2014 (R\$ 44,060 at December 31,2013).

In addition, the Company discusses in court the eligibility to not pay the contributions provided for by Supplementary Law 110/2001, regarding to the FGTS (Government Severance Indemnity Fund for Employees) costs. The amount of this provision at September 30, 2014 is R\$46,211 (R\$38,509 at December 31, 2013).

c) Taxes –Continued

Other

Provisions for tax contingent liabilities were recorded at the time of business combination with Via Varejo, under technical pronouncement CPC 15 (IFRS 3R). At September 30, 2014, the amount recorded was R\$85,645 (R\$165,282 at December 31, 2013) in tax contingent liabilities, part the remaining balance was added to the installment mentioned below.

Other main tax contingent liabilities recorded refer to administrative proceedings related to the offset of PIS contribution, under the protection of Decrees 2.445/88 and 2.449/88, generated in view of credits deriving from legal proceedings and the offset of tax debts with contribution credits levied on coffee exports.

Tax Amnesty Program — REFIS

Tax Amnesty Program –REFIS da Copa – Law 12.996/14 modified by MP 651, introduced the benefits of reduction of interest and penalties for payments at once and in installments over federal debts. Company was part in some claims, and used the law above to reduce its tax exposure, having the reduction of interest and penalties as benefit for a down payment. It is important to mention that the law allows the use of operating losses to offset tax debts.

After evaluation made by legal counsel, Company included in the REFIS program debts related to PIS, COFINS, Finsocial and Income Tax, reducing its provision for contingencies in the amount of R\$295,848 which is net of non-accrued claims amounting R\$ 27,878. The net gain related to REFIS is disclosed on note 29.

Bartira contingencies

In relation to the business combination of Bartira occurred in 2013 (detailed information was presented in the annual financial statements of 2013, in note 15), contingencies were evaluated at fair value, as described by CPC 15 (IFRS 3R), which evaluation differs from CPC 25 (IAS 37). Provisions, Contingent Liabilities and Contingent Assets (IAS 37) used for the evaluation of other contingencies. The main issue is the possible lack of support documentation for the operations, amounting R\$105,935 for Social Contribution, Income Tax, PIS, COFINS and ICMS. The total contingencies amount R\$117,644 (R\$105,935 of taxes claims and R\$11,712 of labor claims).

d) Labor

The Company is party of numerous lawsuits involving disputes with its employees, primarily arising from layoffs in the ordinary course of business, At September 30, 2014, the Company had a provision of R\$468,525 (R\$297,463 at December 31, 2013) referring to lawsuits whose risk of loss was considered probable. Management, assisted by its legal counsels, evaluates these claims recording provision for losses when reasonably estimable, considering previous experiences in relation to the amounts claimed. Labor claims are indexed to the benchmark interest rate ("TR"), 0,60% accumulated at September 30, 2014 (0.19% at September 30 2013) plus 1% monthly interest rates.

23. Provision for contingencies –Continued

e) Civil and others

The Company is defendant in civil actions (indemnifications and collections, among others), at several court levels and at different courthouses. The Company's Management sets up provisions in amounts considered sufficient to cover unfavorable court decisions when its internal and external legal advisors consider losses as probable.

Among these lawsuits, we point out the following:

- The Company files and answers various lawsuits in which it requests the renewals of lease agreements and the review of the lease currently paid. The Company recognizes a provision for the difference between the amount originally paid by the stores and the amounts pleaded by the adverse party in the lawsuit, when internal and external legal advisors agree on the likelihood of changing the lease paid by the Company. At September 30, 2014, the provision for these lawsuits is R\$56,935 (R\$42,791 at December 31, 2013), for which there are no restricted deposits.
- The subsidiary Via Varejo is part in lawsuits involving the consumer relations rights (civil actions and assessments from PROCONs) and few lawsuits involving contracts terminated with suppliers and the amount referred to in these lawsuits is R\$87,543 at September 30, 2014 (R\$68,694 at December 31, 2013).

The total amount of civil actions and other at September 30, 2014 is R\$229,280 (R\$175,160 at December 31, 2013).

f) Other non-accrued contingent liabilities

The Company has other litigations, which have been analyzed by the legal counsels and deemed as possible and; therefore, they have not been accrued, amounting to R\$ 8,225,054 at September 30, 2014(R\$7,630,694 at December 31, 2013), and are mainly related to:

- INSS (Social Security Tax) – the Company was assessed regarding the non-levy of payroll charges on benefits granted to its employees, among other matters, and possible loss, considered possible, corresponds to R\$292,268 at September 30, 2014 (R\$282,853 at December 31, 2013). The proceedings are under administrative and court discussion.
- IRPJ, withholding income tax - IRRF, CSLL, tax on financial transactions - IOF, withholding income tax on net income ILL – the Company has several assessment notices regarding offsetting proceedings, rules on the deductibility of provisions and payment discrepancies of payments and overpayments; fine due to failure to comply with ancillary obligation, among other less significant taxes.

The Company received a delinquency notice drawn up by Internal Revenue Agency to collect the differences in the payment of income tax, allegedly due in respect of the calendar years 2007 to 2011, under the allegation that there was improper deduction of goodwill amortization duly payable and arising from transactions between shareholders Casino and Abilio Diniz. The Company filed defense at the administrative level and is awaiting a decision. No provision was made for this case, since in the evaluation

Edgar Filing: BRAZILIAN DISTRIBUTION CO COMPANHIA BRASILEIRA DE DISTR CBD - Form 6-K
of the Company's legal advisors the chances of loss are classified partly as possible, in the amount of R\$682,221 at September 30, 2014 (R\$636,787 at December 31, 2013) and partly as remote.

These proceedings await decision in the administrative and court level. The amount involved in these assessments corresponds to R\$1,366,513 at September 30, 2014 (R\$1,296,578 at December 31, 2013).

- COFINS, PIS, provisional contribution on financial transactions - CPMF and IPI– the Company has been challenged for offsetting, collection of taxes on soybean export operations, tax payment discrepancies and overpayments; fine due to failure to comply with ancillary obligation, among other less significant taxes. These proceedings await decision in the administrative and court level. The amount involved in these assessments is R\$1.052.482 at September 30, 2014 (R\$982,419 at December 31, 2013).
- ICMS – the Company was served notice by the State tax authorities regarding the appropriation of credits of: (i) electricity; (ii) acquisitions from vendors considered to be in arrears/default according to the Internal Revenue Service of State; (iii) refund of tax replacement without due compliance of ancillary obligations brought by Coordinator of Tax Administration ordinance –CAT 17 of the State of São Paulo; (iv) resulting from the sale of extended warranty, (v) financed sales; and (viii) among others. The total amount of these assessments is R\$4,577,406 at September 30, 2014 (R\$4,032,307 at December 31, 2013), which await a final decision in the administrative and court levels.
- Municipal service tax - ISS, Municipal Real Estate Tax - IPTU, Property Transfer Tax - ITBI and others – these are related to assessments on third parties retention, IPTU payment discrepancies, fines due to failure to comply with ancillary obligations and sundry taxes, which amounts R\$388,960 at September 30, 2014 (R\$339,363 at December 31, 2013) and await administrative and court decisions.
- Other litigations – related to administrative lawsuits and real estate lease claims that the Company pleads the renewal of leases and setting rents according to the values prevailing in the market and the claims initiated against the Company and its subsidiaries under the civil court scope, special civil court, Consumer Protection Agency (“PROCON”), in several States, Weight and Measure Institute (“IPEM”), National Institute of Metrology, Standardization and Industrial Quality (“INMETRO”) and National Health Surveillance Agency (“ANVISA”), amounting to R\$547,425 at September 30, 2014 (R\$697,174 at December 31, 2013).

Occasional adverse changes in the expectation of risk of the referred lawsuits may require that additional provision for litigations be set up.

Company hires external legal advisors to defend the tax assessments received, which remuneration is linked to a percentage over the amount won in case of final decision, recording the expenses in the moment of the final decision. This percentage may vary according to qualitative and quantitative factors of each claim, and on September 30, 2014, the estimated amount, in case of finalization of all claims with success, is approximately R\$114,229 (R\$109,000 at December 31,2013)

g) Restricted deposits from legal proceedings

The Company is challenging the payment of certain taxes, contributions and labor-related obligations and has made court escrow deposits (restricted deposits) of corresponding amounts pending final court decisions, in addition to collateral deposits related to provisions for lawsuits.

(a) Agreement entered into with Zurich Minas Brasil Seguros S.A. ("Zurich")

On August 29, 2014, the subsidiary Via Varejo entered into new agreements with Zurich for the sale of extended warranty at Casas Bahia and Ponto Frio stores. The agreement is effective for eight years. On October 1, 2014, the Company was compliant with the condition precedent contained in the agreements.

The subsidiary Via Varejo will receive R\$ 850,000 as advance for sale of warranty, of which R\$ 150,000 was received in September 2014 and R\$ 700,000 in October 2014. As the condition precedent was complied with only in October 2014, the advance portion of R\$ 700,000 was considered as an event subsequent to this interim financial information.

Also in September 2014, the former provider of the warranty at the Casas Bahia and Ponto Frio stores was notified of the advance termination of the agreements, and the subsidiary Via Varejo agreed to pay R\$ 584,291 as a result of the (i) repurchase of the right granted to the former provider to operate its customer

base over the agreement term, properly recognized in the Via Varejo's intangible assets R\$(185,952); and (ii) return of the advances made upon the contract execution due to its early termination R\$(398,339).

The amounts owed to the former provider of extended warranty remained recorded in non-current liabilities since it is a joint operation and will be settled concurrently with the receipt of the amounts from Zurich, without affecting the Via Varejo's net cash.

(i) Consolidated information of share-based payment plans - GPA

The chart below shows the maximum percentage of interest dilution to which current shareholders will eventually be subject to in the event of exercise, until 2014, of all options granted:

	09.30.2014	12.31.2013
Number of shares	265,219	264,453
Balance of granted series in effect	1,264	1,580
Maximum percentage of dilution	0.48%	0.60%

The fair value of each option granted is estimated on the granting date, by using the options pricing model “Black&Scholes” taking into account the following assumptions for the series B1 and C1: (a) expectation of dividends of 0.96%, (b) expectation of volatility of nearly 22.09% and (c) the risk-free weighted average interest rate of 11.70%. The expectation of remaining average life of the series outstanding at September 30, 2014 was 1.82 year (1.46 year at December 31, 2013). The weighted average fair value of options granted at September 30, 2014 was R\$69,77 (R\$62.59 at December 31, 2013).

The Company implemented two new-shared based plans approved by the shareholders meeting on May 09, 2014.

According to the terms of the plans, each option offers to the beneficiary the right to acquire a preferred share of the Company. On both plans, there is a vesting period of 36 months from the date that the Board

of Directors approved the issuance of the series. The plans will be exercisable in until 36 months from the grant date. The condition for the exercise of the options is the beneficiary to stay as an employee in the Company. The plans differs, exclusively, in the exercise price of the options and in the existence of a restriction of selling after vesting.

According to the plans, the options granted in each of the series may represent maximum 0.7% of the total shares issued by the Company. For these new series were granted 477,458 options of shares.

The fair value of each option granted is estimated in the grant date using the Black & Scholes model, considering the following assumptions in series B1 and C1: (a) Dividends expectations of 0.96%; (b) volatility expectation of 22.09%; (c) interest rate of 11.70% and (d) fair value of the share on grant date of R\$101.84

c) Exchange variation reserve

The exchange variation reserve corresponds to the accumulative effect of gain or loss of exchange variation on translation assets, liabilities and results in reais, corresponding to the investment of GPA in the subsidiary CDiscount. The effect in the Parent Company was R\$ 164 and R\$ 416 to the non-controlling shareholders.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
