HOSPITALITY PROPERTIES TRUST

Notes to Condensed Consolidated Financial Statements

(dollars in thousands, except per share data)

(Unaudited)

Note 1. Basis of Presentation

The accompanying condensed consolidated financial statements of Hospitality Properties Trust and its subsidiaries, or HPT, we, our or us, are unaudited. Certain information and disclosures required by U.S. generally accepted accounting principles, or GAAP, for complete financial statements have been condensed or omitted. We believe the disclosures made are adequate to make the information presented not misleading. However, the accompanying condensed consolidated financial statements should be read in conjunction with the financial statements and notes contained in our Annual Report on Form 10-K for the year ended December 31, 2015, or our 2015 Annual Report. In the opinion of our management, all adjustments, which include only normal recurring adjustments considered necessary for a fair presentation, have been included in these condensed consolidated financial statements. These condensed consolidated financial statements include the accounts of HPT and our subsidiaries, all of which are 100% owned directly or indirectly by HPT. All intercompany transactions and balances with or among our consolidated subsidiaries have been eliminated. Our operating results for interim periods and those of our managers and tenants are not necessarily indicative of the results that may be expected for the full year. Reclassifications have been made to the prior years' condensed consolidated financial statements to conform to the current year's presentation.

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect reported amounts. Actual results could differ from those estimates. Significant estimates in our condensed consolidated financial statements include the allowance for doubtful accounts, purchase price allocations, useful lives of fixed assets, impairment of real estate and the valuation of intangible assets.

We have determined that each of our taxable REIT subsidiaries, or TRSs, is a variable interest entity, or VIE, as defined under the Consolidation Topic of the Financial Accounting Standards Board, or FASB, Accounting Standards CodificationTM. We have concluded that we must consolidate each of our TRSs because we are the entity with the power to direct the activities that most significantly impact the VIEs' economic performance and we have the obligation to absorb losses or the right to receive benefits from each VIE that could be significant to the VIE, and are, therefore, the primary beneficiary of each VIE. The assets of our TRSs were \$38,678 and \$26,559 as of June 30, 2016 and December 31, 2015, respectively, and consist primarily of amounts due from, and working capital advances to, certain of their hotel managers. The liabilities of our TRSs were \$91,378 and \$68,921 as of June 30, 2016 and December 31, 2015, respectively, and consist primarily of security deposits they hold from and amounts payable to certain of their hotel managers. The assets of our TRSs are available to satisfy our TRSs' obligations and we have guaranteed certain obligations of our TRSs.

Note 2. New Accounting Pronouncements

On January 1, 2016, we adopted the FASB Accounting Standards Update, or ASU, No. 2015-02, Consolidation. Among other things, this update changed how an entity determines the primary beneficiary of a VIE. The implementation of this update did not have an impact on our condensed consolidated financial statements.

On January 1, 2016, we adopted FASB ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs, which requires debt issuance costs to be presented in the balance sheets as a direct deduction from the associated debt liability, and ASU No. 2015-15, Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements – Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting, which addresses the presentation of debt issuance costs related to line of credit arrangements. The implementation of these updates resulted in the reclassification of certain of our capitalized debt issuance costs as an offset to the associated debt liability in our condensed consolidated balance sheets. The classification of capitalized debt issuance costs related to our unsecured revolving credit facility remains unchanged in accordance with ASU No. 2015-15. As of December 31, 2015, debt issuance costs related to our unsecured term loan and senior unsecured notes of \$2,244 and \$10,556, respectively, were reclassified from assets to an offset to the associated debt liability in our condensed consolidated balance sheets.

On January 1, 2016, we adopted FASB ASU No. 2015-16, Simplifying the Accounting for Measurement-Period Adjustments, which eliminates the requirement for an acquirer in a business combination to account for measurement period adjustments retrospectively. Instead, acquirers must recognize measurement period adjustments during the period in which

Table of Contents

HOSPITALITY PROPERTIES TRUST

Notes to Condensed Consolidated Financial Statements

(dollars in thousands, except per share data)

(Unaudited)

they determine the amounts, including the effect on earnings of any amounts they would have recorded in previous periods if the accounting had been completed at the acquisition date. The implementation of this update did not have an impact on our condensed consolidated financial statements.

In January 2016, the FASB issued ASU No. 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities, which changes how entities measure certain equity investments and present changes in the fair value of financial liabilities measured under the fair value option that are attributable to their own credit. This update is effective for interim and annual periods beginning after December 15, 2017, with early adoption permitted subject to certain conditions. Currently, changes in fair value of these investments are recorded through other comprehensive income. Under this ASU, these changes will be recorded through earnings. We are continuing to evaluate this guidance, but we expect the implementation of this guidance will affect how changes in the fair value of available for sale equity investments we hold are presented in our condensed consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, Leases, which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). ASU No. 2016-02 requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase of the leased asset by the lessee. This classification will determine whether the lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease. A lessee is also required to record a right of use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales type leases, direct financing leases and operating leases. ASU No. 2016-02 is effective for reporting periods beginning after December 15, 2018, with early adoption permitted. We are currently assessing the potential impact the adoption of ASU No. 2016-02 will have on our condensed consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, Compensation – Stock Compensation, which identifies areas for simplification involving several aspects of accounting for share based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, an option to recognize gross stock compensation expense with actual forfeitures recognized as they occur, as well as certain classifications on the statement of cash flows. ASU No. 2016-09 is effective for reporting periods beginning after December 15, 2016. We are currently assessing the potential impact that the adoption of ASU No. 2016-09 will have on our condensed consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, which requires that entities use a new forward looking “expected loss” model that generally will result in the earlier recognition of allowance for credit losses. The measurement of expected credit losses is based upon historical experience, current conditions and reasonable and supportable forecasts that affect the collectability of the reported amount. ASU No. 2016-13 will become effective for fiscal years beginning after

December 15, 2019, including interim periods within those fiscal years. We are currently assessing the potential impact that adoption of ASU No. 2016-13 will have on our condensed consolidated financial statements.

Note 3. Revenue Recognition

We report hotel operating revenues for managed hotels in our condensed consolidated statements of comprehensive income. We generally recognize hotel operating revenues, consisting primarily of room and food and beverage sales, when goods and services are provided.

We recognize rental income from operating leases on a straight line basis over the term of the lease agreements except for one lease in which there is uncertainty regarding the collection of scheduled future rent increases. Rental income includes \$3,693 and \$7,445 for the three and six months ended June 30, 2016, respectively, and \$1,511 and \$2,056 for the three and six months ended June 30, 2015, respectively, of adjustments necessary to record scheduled rent increases under certain of our leases, the deferred rent obligations payable to us under our leases with TravelCenters of America LLC, or TA,

(Unaudited)

and the estimated future payments to us under our TA leases for the cost of removing underground storage tanks on a straight line basis. See Note 10 for further information regarding our TA leases. Due from related persons includes \$36,351 and \$29,122 and other assets, includes \$2,056 and \$1,841 of straight line rent receivables at June 30, 2016 and December 31, 2015, respectively.

We determine percentage rent due to us under our leases annually and recognize it when all contingencies have been met and the rent is earned. We had deferred estimated percentage rent of \$279 and \$529 for the three and six months ended June 30, 2016, respectively. We had no deferred estimated percentage rent for the three and six months ended June 30, 2015. In connection with our June 2015 lease modification with TA, we recorded \$2,048 of percentage rent during the three months ended June 30, 2015 because the amount was no longer contingent. See Note 10 for further information regarding our TA leases.

We own all the FF&E reserve escrows for our hotels. We report deposits by our third party tenants into the escrow accounts as FF&E reserve income. We do not report the amounts which are escrowed as FF&E reserves for our managed hotels as FF&E reserve income.

Note 4. Weighted Average Common Shares

The following table provides a reconciliation of the weighted average number of common shares used in the calculation of basic and diluted earnings per share:

On each of January 15, 2016, April 15, 2016 and July 15, 2016, we paid a \$0.4453 per share distribution, or \$5,166, to our Series D preferred shareholders.

On February 23, 2016, we paid a regular quarterly distribution to common shareholders of record on January 22, 2016 of \$0.50 per share, or \$75,774. On May 19, 2016, we paid a regular quarterly distribution to common shareholders of record on April 25, 2016 of \$0.51 per share, or \$77,289. Cumulative Other Comprehensive Income (Loss)

Cumulative other comprehensive income (loss) represents the unrealized gain (loss) on our available for sale equity investments and our share of the comprehensive income (loss) of Affiliates Insurance Company, or AIC. See Notes 10 and 12 for further information regarding these investments.

Note 6. Indebtedness

Our principal debt obligations at June 30, 2016 were: (1) our \$232,000 of outstanding borrowings under our \$1,000,000 unsecured revolving credit facility; (2) our \$400,000 unsecured term loan; (3) an aggregate outstanding principal amount of \$2,900,000 of public issuances of unsecured senior notes; and (4) our public issuance of \$8,478 outstanding principal amount of convertible senior unsecured notes.

Our \$1,000,000 revolving credit facility is available for general business purposes, including acquisitions. The maturity date of our revolving credit facility is July 15, 2018 and, subject to our payment of an extension fee and meeting other conditions, we have the option to extend the stated maturity date of our revolving credit facility by one year to July 15, 2019. We can borrow, repay and reborrow funds available under our revolving credit facility until maturity, and no principal repayment is due until maturity. We are required to pay interest on borrowings under our revolving credit facility at an annual rate of LIBOR plus a premium, which was 110 basis points as of June 30, 2016. We also pay a facility fee on the total amount of lending commitments, which was 20 basis points per annum at June 30, 2016 under our revolving credit facility. Both the interest rate premium and the facility fee are subject to adjustment based upon changes to our credit ratings. As of June 30, 2016, the annual interest rate for the amount outstanding under our revolving credit facility was 1.56%. The weighted average annual interest rate for borrowings under our revolving credit facility was 1.54% for both the three and six months ended June 30, 2016 and 1.28% for both the three and six months ended June 30, 2015. As of June 30, 2016 and August 8, 2016, we had \$232,000 and \$167,000 outstanding under our revolving credit facility, respectively.

Our \$400,000 term loan, which matures on April 15, 2019, is prepayable without penalty at any time. We are required to pay interest on the amounts under our term loan at a rate of LIBOR plus a premium, which was 120 basis points as of June 30, 2016. The interest rate premium is subject to adjustment based on changes to our credit ratings. As of June 30, 2016, the annual interest rate for the amount outstanding under our term loan was 1.66%. The weighted average annual interest rate for borrowings under our term loan was 1.64% and 1.63% for the three and six months ended June 30, 2016, respectively, and 1.38% for both the three and six months ended June 30, 2015.

Our credit agreement for our revolving credit facility and term loan also includes a feature under which maximum aggregate borrowings may be increased up to \$2,300,000 on a combined basis in certain circumstances. Our credit agreement for our revolving credit facility and term loan and our notes indentures and their supplements provide for

acceleration of payment of all amounts outstanding upon the occurrence and continuation of certain events of default, such as, in the case of our credit agreement, a change of control of us, which includes The RMR Group LLC, or RMR LLC, ceasing to act as our business manager. Our credit agreement for our revolving credit facility and term loan and our senior notes indentures and their supplements also contain a number of covenants, including covenants that restrict our ability to incur debts or to make distributions under certain circumstances and generally require us to maintain certain financial ratios. We believe we were in compliance with the terms and conditions of our credit agreement for our revolving credit facility and term loan and our senior notes indentures and their supplements at June 30, 2016.

On February 3, 2016, we issued \$750,000 aggregate principal amount of senior notes in public offerings, which included \$400,000 aggregate principal amount of 4.25% senior notes due 2021 and \$350,000 aggregate principal amount 5.25% senior notes due 2026. Net proceeds from these offerings were \$731,506 after original issue discounts and offering expenses.

On March 11, 2016, we redeemed at par all of our outstanding 6.30% senior notes due 2016 for \$275,000 and unpaid interest (an aggregate of \$279,139). As a result of the redemption, we recorded a loss on early extinguishment of debt of \$70 in the six months ended June 30, 2016, which represented the unamortized discounts and issuance costs of these notes.

management agreements and to add that management agreement to our Sonesta agreement. See Notes 10 and 11 for further information regarding our Sonesta agreement.

Note 8. Income Taxes

We have elected to be taxed as a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, and accordingly are generally not subject to federal and most state income taxation on our operating income provided we distribute our taxable income to our shareholders and meet certain organization and operating requirements. We are subject to income tax in Canada, Puerto Rico and certain states despite our qualification for taxation as a REIT. Also, we lease our managed hotels to our wholly owned TRSs that, unlike most of our other subsidiaries, file separate consolidated federal corporate income tax returns and are subject to federal, state and foreign income taxes. Our consolidated income tax provision (or benefit) included in our condensed consolidated statements of comprehensive income includes the income tax provision (or benefit) related to the operations of our TRSs and certain state and foreign income taxes incurred by us despite our qualification for taxation as a REIT.

During the three and six months ended June 30, 2016, we recognized income tax expense of \$2,160 and \$2,535, respectively, which includes \$1,570 and \$1,602, respectively, of foreign taxes, \$39 and \$92, respectively, of federal taxes and \$551 and \$841, respectively, of state taxes. During the three and six months ended June 30, 2015, we recognized income tax expense of \$640, and \$931, respectively, which includes \$51 and \$75, respectively, of foreign taxes and \$589 and \$856, respectively, of state taxes.

Note 10. Related Person Transactions

We have relationships and historical and continuing transactions with TA, RMR LLC, Sonesta and others related to them, including other companies to which RMR LLC provides management services and which have trustees, directors and officers who are also our Trustees or officers. For further information about these and other such relationships and certain other related person transactions, please refer to our 2015 Annual Report.

TA: TA was our 100% owned subsidiary until we distributed its common shares to our shareholders in 2007. TA is our largest tenant and property operator, leasing 36% of our gross carrying value of real estate properties as of June 30, 2016. We are TA's largest shareholder. As of June 30, 2016, we owned 3,420,000 of TA's common shares, representing approximately 8.8% of TA's outstanding common shares.

Our investment in TA shares, which is included in other assets in our condensed consolidated balance sheets, is recorded at fair value with the related unrealized gain (loss) included in cumulative other comprehensive income (loss) in our condensed consolidated balance sheets. We recognize the increase or decrease in the fair value of our TA shares each reporting period as unrealized gain (loss) on investment securities, which is a component of other comprehensive income (loss) in our condensed consolidated statements of comprehensive income. See Note 12 for further information regarding our investment in TA.

On June 1, 2015, we entered a transaction agreement with TA, or the Transaction Agreement, pursuant to which, among other things, we agreed to purchase from TA five travel centers upon the completion of their development at a purchase price equal to their development costs, including the cost of the land, and we agreed to leaseback these development properties to TA under our TA leases.

On March 31, 2016, we purchased from TA one of these development properties for \$19,683, and we and TA amended our TA No. 4 agreement to add this property. Our annual minimum rent under our TA No. 4 agreement increased by \$1,673 as a result of the completion of this purchase and leaseback.

On June 22, 2016, we entered a First Amendment to Transaction Agreement with TA to, among other things, replace one of the development properties that we had agreed to purchase from and leaseback to TA with two existing travel centers owned by TA, and amend our TA leases, including amending our TA No. 5 agreement to extend its term to 2032. On June 22, 2016, we purchased these two travel centers from TA for an aggregate of \$23,876 and we and TA amended our TA No. 1 agreement and TA No. 3 agreement to add these properties. Our minimum annual rent under our TA No. 1 and TA No. 3 agreements increased by \$1,121 and \$908, respectively, as a result of the completion of these purchases and leasebacks.

On June 30, 2016, in connection with the Transaction Agreement, as amended, we purchased one of the development properties from TA for \$22,297, and we and TA amended our TA No. 2 agreement to add this property. The annual minimum rent under our TA No. 2 agreement increased by \$1,895 as a result of the completion of this purchase and leaseback.

Because of the relationships between us and TA, the terms of the Transaction Agreement, and the First Amendment to Transaction Agreement described above were negotiated and approved by special committees of our Board of Trustees and the TA board of directors composed of our Independent Trustees and TA's independent directors who are not also trustees or directors of the other party, which committees were represented by separate counsel.

(3) Deferred rent for the TA Lease No. 5 is due and payable on June 30, 2024. Deferred rent is subject to acceleration at our option upon an uncured default by, or a change in control of, TA.

We recognized rental income from TA of \$68,967 and \$60,884 for the three months ended June 30, 2016 and 2015, respectively, and \$137,084 and \$117,674 for the six months ended June 30, 2016 and 2015, respectively. Rental income for the three months ended June 30, 2016 and 2015 includes \$3,585 and \$1,390, respectively, and the six months ended June 30, 2016 and 2015 includes \$7,229 and \$1,805, respectively, of adjustments necessary to record the deferred rent obligations under our TA leases and the estimated future payment to us by TA for the cost of removing underground storage tanks on a straight line basis. As of June 30, 2016 and December 31, 2015, we had receivables for current rent amounts owed to us by TA and straight line rent adjustments of \$58,597 and \$40,988, respectively. These amounts are included in due from related persons on our condensed consolidated balance sheets.

We funded \$55,059 and \$40,415 of qualifying capital improvements for the six months ended June 30, 2016 and 2015, respectively, under our TA leases, and, as a result, TA's annual minimum rent payable to us increased by \$4,680 and \$3,435, respectively.

We determine percentage rent due under our TA leases annually and recognize any resulting amount as rental income when all contingencies are met. We had aggregate deferred percentage rent under our TA leases of \$279 for the three

months ended June 30, 2016 and \$529 for the six months ended June 30, 2016, which amounts are net of any waived amounts. In connection with the June 2015 lease modification with TA, we recorded \$2,048 of percentage rent during the three months ended June 30, 2015 because this amount was no longer contingent. We waived \$61 and \$289 of percentage rent for the three months ended June 30, 2016 and 2015, respectively, and \$372 and \$548 for the six months ended June 30, 2016 and 2015, respectively. As of June 30, 2016, we have cumulatively waived all of the \$2,500 of percentage rent we previously agreed to waive.

RMR LLC: Pursuant to our business management agreement with RMR LLC, we recognized net business management fees of \$34,825 and \$9,461 for the three months ended June 30, 2016 and 2015, respectively, and \$48,605 and \$28,449 for the six months ended June 30, 2016 and 2015, respectively. The actual amount of incentive fees payable to RMR LLC for 2016, if any, will be based on our common share total return for the three year period ending December 31, 2016, and will be payable in 2017. The net business management fees we recognized for the three and six months ended June 30, 2015 included a reversal of \$205 for the three months ended June 30, 2015 and an expense of \$8,822 for the six months ended June 30, 2015 regarding then estimated 2015 incentive fees; in January 2016, we paid RMR LLC an incentive fee of \$62,263 for 2015. These amounts are included in the net business management fee amounts for such periods. As of June 30, 2016, the remaining unamortized amount of this liability was \$69,969.

As of June 30, 2016, we owned 2,503,777 shares of class A common stock of RMR Inc. We receive dividends on our RMR Inc. class A common shares as declared and paid by RMR Inc. to all holders of its class A common shares. We

received a dividend of \$749 on our RMR Inc. class A common shares during the three months ended June 30, 2016, which was for the period from December 14, 2015 through March 31, 2016. Since then, we have not yet received any other dividends on our RMR Inc. class A common shares. On July 12, 2016, RMR Inc. declared a regular quarterly dividend of \$0.25 per class A common share payable to shareholders of record on July 22, 2016. RMR Inc. has stated that it expects to pay this dividend on or about August 18, 2016.

Our investment in RMR Inc. shares, which is included in other assets in our condensed consolidated balance sheets is recorded at fair value with the related unrealized gain (loss) included in cumulative other comprehensive income (loss) in our condensed consolidated balance sheets. We recognize the increase or decrease in the fair value of our RMR Inc. shares each reporting period as unrealized gain (loss) on investment securities, which is a component of other comprehensive income (loss) in our condensed consolidated statements of comprehensive income. See Note 12 for further information on our investment in RMR Inc.

Sonesta: Sonesta is owned by our Managing Trustees. As of June 30, 2016, Sonesta managed 33 of our hotels pursuant to management and pooling agreements.

On February 1, 2016, we acquired two extended stay hotels with 262 suites located in Cleveland and Westlake, OH for \$12,000, excluding acquisition related costs, and entered into a long term management agreement with Sonesta for each hotel on terms substantially consistent with those of our existing management agreements with Sonesta for extended stay hotels. These management agreements were added to our existing pooling agreement with Sonesta.

Pursuant to our Sonesta agreement, we incurred management, system, reservation fees and reimbursement of certain guest loyalty, marketing program and third party reservation transmission fees from Sonesta of \$6,995 and \$5,887 for the three months ended June 30, 2016 and 2015, respectively, and \$12,295 and \$10,401 for the six months ended June 30, 2016 and 2015, respectively. In addition, we incurred procurement and construction supervision fees from Sonesta of \$581 and \$323 for the three months ended June 30, 2016 and 2015, respectively, and \$924 and \$676 for the six months ended June 30, 2016 and 2015, respectively. These amounts are included in hotel operating expenses or have been capitalized, as appropriate, in our condensed consolidated financial statements.

On January 4, 2016, we and Sonesta amended our pooling agreement and management agreements. Under the amended pooling agreement, a hotel may be designated as “non-economic” and removed from the pooling agreement and subject to sale and we have an early termination right under each management agreement, in each case if the applicable hotel does not meet certain criteria for the stipulated measurement period. Pursuant to the amendment, these stipulated measurement periods begin on the later of January 1, 2017 and January 1st of the year beginning at least 18 months following the effective date of the applicable management agreement. The amendment to the pooling agreement and management agreements with Sonesta were negotiated and recommended by a Special Committee of our Board of Trustees comprised solely of our Independent Trustees, and were approved by our Independent Trustees and also by our Board of Trustees.

On July 29, 2016, we entered into an agreement to acquire a full service hotel with 236 rooms located in Milpitas, CA for a purchase price of \$52,000, excluding acquisition related costs. We currently expect to complete this acquisition during the fourth quarter of 2016. This acquisition is subject to completion of diligence and other closing conditions; accordingly, we can provide no assurance that we will acquire this property or that its acquisition will not be delayed or the terms of the acquisition will not change. Upon acquisition of this hotel, we intend to rebrand the hotel as a Sonesta hotel, to enter into a hotel management agreement with Sonesta for this property on terms consistent with our other applicable hotel management agreements with Sonesta and to add that management agreement to our Sonesta agreement.

AIC: We and six other companies to which RMR LLC provides management services each own AIC in equal amounts. We and the other AIC shareholders participate in a combined property insurance program arranged and reinsured in part by AIC. We currently expect to pay aggregate annual premiums, including taxes and fees, of approximately \$3,958 in connection with this insurance program for the policy year ending June 30, 2017, which

amount may be adjusted from time to time as we acquire and dispose of properties that are included in this insurance program.

As of June 30, 2016 and December 31, 2015, our investment in AIC had a carrying value of \$7,023 and \$6,834, respectively. These amounts are included in other assets in our condensed consolidated balance sheets. We recognized income of \$17 and \$23 related to our investment in AIC for the three months ended June 30, 2016 and 2015, respectively, and \$94 and \$95 for the six months ended June 30, 2016 and 2015, respectively. Our other comprehensive income includes our proportionate part of unrealized gains (losses) on securities which are owned by AIC of \$43 and (\$64) for the three months ended June 30, 2016 and 2015, respectively, and \$95 and (\$19) for the six months ended June 30, 2016 and 2015, respectively.

See Note 11 for additional information about our agreements with TA and Sonesta.

Note 11. Hotel Management Agreements and Leases

As of June 30, 2016, 302 of our hotels are leased to our TRSs and managed by independent hotel operating companies and three of our hotels are leased to third parties.

Marriott No. 1 agreement. Our management agreement with Marriott International, Inc., or Marriott, for 53 hotels provides that as of June 30, 2016 we are to be paid an annual minimum return of \$68,472 to the extent that gross revenues of the hotels, after payment of hotel operating expenses and funding of the FF&E reserve, are sufficient to do so. We do not have any security deposits or guarantees for our minimum returns from the 53 hotels included in our Marriott No. 1 agreement. Accordingly, the minimum returns we receive from these hotels managed by Marriott are limited to available hotel cash flows after payment of operating expenses and funding of the FF&E reserve. Marriott's base and incentive management fees are only earned after we receive our minimum returns. We realized minimum returns of \$17,108 and \$17,027 during the three months ended June 30, 2016 and 2015, respectively, and minimum returns of \$34,201 and \$34,033 during the six months ended June 30, 2016 and 2015, respectively, under this agreement. We also realized additional returns of \$5,410 and \$6,249 during the three and six months ended June 30, 2016, respectively, which represents our share of hotel cash flows in excess of the minimum returns due to us for the period. We did not realize any additional returns during the three and six months ended June 30, 2015.

We funded \$1,156 for capital improvements at certain of the hotels included in our Marriott No. 1 agreement during the six months ended June 30, 2016. We currently expect to fund \$1,500 for capital improvements during the remainder of 2016 under this agreement. As we fund these improvements, the annual minimum returns payable to us increase by 10% of the amounts funded.

Marriott No. 234 agreement. Our management agreement with Marriott for 68 hotels provides that as of June 30, 2016 we are to be paid an annual minimum return of \$106,243. We realized minimum returns of \$26,561 and \$28,026 during the three months ended June 30, 2016 and 2015, respectively, and minimum returns of \$53,121 and \$53,032 during the six months ended June 30, 2016 and 2015, respectively, under this agreement. Pursuant to our Marriott No. 234 agreement, Marriott has provided us with a security deposit to cover minimum return payment shortfalls, if any. Under this agreement, this security deposit may be replenished and increased up to \$64,700 from the hotel cash flows in excess of the minimum returns due to us and certain management fees. Marriott's base and incentive management fees are only earned after we receive our minimum returns. During the six months ended June 30, 2016, our available security deposit was replenished by \$6,979 from the hotel cash flows in excess of the minimum returns due to us for the period. The available balance of this deposit was \$13,230 as of June 30, 2016. Pursuant to our Marriott No. 234 agreement, Marriott has also provided us with a limited guarantee which expires in 2019 for shortfalls up to 90% of our minimum returns, if and after the available security deposit has been depleted. The available balance of the guarantee was \$30,672 as of June 30, 2016.

We did not make any fundings for capital improvements to our Marriott No. 234 hotels during the six months ended June 30, 2016. We currently expect to fund \$9,000 for capital improvements to certain hotels under our Marriott No. 234 agreement during the remainder of 2016. As we fund these improvements, the annual minimum returns payable to us increase by 9% of the amounts funded.

Marriott No. 5 agreement. We lease one hotel in Kauai, HI to Marriott. This lease is guaranteed by Marriott and we realized \$2,529 of rent for this hotel during each of the three months ended June 30, 2016 and 2015, and \$5,058 of rent during each of the six months ended June 30, 2016 and 2015. The guarantee provided by Marriott with respect to this leased hotel is unlimited.

InterContinental agreement. Our management agreement with InterContinental for 94 hotels provides that as of June 30, 2016, we are to be paid annual minimum returns and rents of \$160,338. We realized minimum returns and rents of \$40,084 and \$36,702 during the three months ended June 30, 2016 and 2015, respectively, and minimum returns and rents of \$78,288 and \$72,016 during the six months ended June 30, 2016 and 2015, respectively, under this agreement. We also realized additional returns of \$3,575 and \$3,904 under this agreement during the three and six months ended June 30, 2016,

respectively, from the hotel cash flows in excess of our minimum returns and rents due for the period. We realized additional returns of \$3,177 under this agreement during the three and six months ended June 30, 2015.

Pursuant to our InterContinental agreement, InterContinental has provided us with a security deposit to cover minimum payment shortfalls, if any. Under this agreement, InterContinental is required to maintain a minimum security deposit of \$37,000 and this security deposit may be replenished and increased up to \$100,000 from future cash flows from the hotels, in excess of our minimum returns and certain management fees.

On March 16, 2016, we amended our management agreement with InterContinental in connection with our acquisition of the Kimpton Hotel Monaco located in Portland, OR. See Note 7 for further information regarding this acquisition. As a result of the amendment, the annual minimum returns due to us increased by an aggregate of 8% of our investment in the hotel (\$9,120) and InterContinental provided us \$9,000 to supplement the existing security deposit.

During the six months ended June 30, 2016, the available security deposit was replenished by \$7,712 from the hotels' cash flows in excess of the minimum payments due to us for the period. The available balance of this security deposit was \$63,928 as of June 30, 2016.

We did not make any fundings for capital improvements to our InterContinental hotels during the six months ended June 30, 2016. We currently expect to fund \$17,500 for capital improvements to certain hotels under our InterContinental agreement during the remainder of 2016. As we fund these improvements, the annual minimum returns and rents payable to us increase by 8% of the amounts funded.

Sonesta agreement. Our Sonesta agreement provides that we are to be paid an annual minimum return (\$85,206 as of June 30, 2016) equal to 8% of our invested capital, as defined in the agreement, to the extent that gross revenues of the hotels, after payment of hotel operating expenses, including certain management fees to Sonesta, are sufficient to do so. We do not have a security deposit or guarantee for our hotels managed by Sonesta. Accordingly, the returns we currently receive from hotels managed by Sonesta are limited to available hotel cash flows after payment of operating expenses. Sonesta's incentive management fees, but not its other fees, are only earned after we receive our minimum returns. We realized returns of \$23,380 and \$18,738 during the three months ended June 30, 2016 and 2015, respectively, and returns of \$32,146 and \$26,799 during the six months ended June 30, 2016 and 2015, respectively, under this agreement.

Our Sonesta agreement does not require FF&E escrow deposits and we are required to fund capital expenditures made at our Sonesta hotels. We funded \$30,419 for renovations and other capital improvements to hotels included in our Sonesta agreement during the six months ended June 30, 2016. We currently expect to fund \$37,454 for renovations and other capital improvements during the remainder of 2016 under this agreement. The annual minimum returns due to us under the Sonesta agreement increase by 8% of the amounts funded in excess of threshold amounts, as defined therein. See Note 10 for further information regarding our relationship with Sonesta.

Wyndham agreements. Our management agreement with Wyndham Hotel Group, or Wyndham, for 22 hotels provides that as of June 30, 2016, we are to be paid annual minimum returns of \$26,712. We realized returns of \$6,668 and \$6,576 during the three months ended June 30, 2016 and 2015, respectively, and returns of \$13,322 and \$13,107 during the six months ended June 30, 2016 and 2015, respectively, under this agreement. Pursuant to our Wyndham agreement, Wyndham has provided us with a guarantee, which is limited to \$35,656 (\$2,242 remaining at June 30, 2016), subject to an annual payment limit of \$17,828 and expires on July 28, 2020. During the six months ended June 30, 2016, Wyndham made \$1,766 of guaranty payments to us.

We also lease 48 vacation units in one of our hotels to Wyndham Vacation Resorts, Inc., a subsidiary of Wyndham, or Wyndham Vacation, which requires annual minimum rents to us of \$1,366. The guarantee provided by Wyndham with respect to the lease with Wyndham Vacation for part of one hotel is unlimited. We realized rents of \$341 and \$332 during the three months ended June 30, 2016 and 2015, respectively, and rents of \$683 and \$663 during the six months ended June 30, 2016 and 2015, respectively, under our Wyndham agreements.

Under our Wyndham agreement, the FF&E reserve funding required for all hotels included in the agreement is subject to available cash flow after payment of our minimum return. The reserve amount is 4% of total hotel sales in 2016 and increases to 5% of total hotel sales in 2017 through the end of the agreement term in 2038. No FF&E escrow deposits were made during the six months ended June 30, 2016 due to insufficient available cash flow generated at these hotels.

We funded \$1,277 for capital improvements to certain hotels included in our Wyndham agreement during the six months ended June 30, 2016. We currently expect to fund \$3,150 for capital improvements to certain hotels during the remainder of 2016 under this agreement. As we fund these improvements, the annual minimum returns payable to us increase by 8% of the amounts funded.

TA agreements. Our 197 owned travel centers are leased to and operated by a subsidiary of TA under five agreements. Our TA Nos. 1 and 5 leases for 40 travel centers each expire in 2029 and 2032, respectively, and have two 15 year renewal options. Our TA Nos. 2, 3 and 4 leases for 39 travel centers each expire in 2028, 2026 and 2030, respectively, and each have two 15 year renewal options. TA has guaranteed its subsidiary tenants' obligations under these leases. Our travel center leases with TA do not require FF&E escrow deposits. However, TA is required to maintain the leased travel centers, including structural and non structural components. Under all of our TA leases, TA may request that we fund capital improvements to the leased facilities in return for minimum rent increases. TA is not obligated to request and we are not obligated to fund any such improvements. We funded \$55,059 for capital improvements to our travel center properties during the six months ended June 30, 2016. We currently expect to fund approximately \$58,000 for renovations and other capital improvements during the remainder of 2016. As we fund these improvements, the annual minimum rents payable to us increase by 8.5% of the amounts funded. See Note 10 for further information about our TA leases.

Other management agreement and lease matters. As of August 8, 2016, all payments due to us from our managers and tenants under our other operating agreements were current. Minimum return and minimum rent payments due to us under some of these other hotel management agreements and leases are supported by guarantees. The guarantee provided by Hyatt Hotels Corporation, or Hyatt, with respect to the 22 hotels managed by Hyatt is limited to \$50,000 (\$17,966 remaining at June 30, 2016). The guarantee provided by Carlson Hotels Worldwide, or Carlson, with respect to the 11 hotels managed by Carlson is limited to \$40,000 (\$26,736 remaining at June 30, 2016).

Guarantees and security deposits generally. When we reduce the amounts of the security deposits we hold for payment deficiencies at our managed and leased hotels, we record income equal to the amounts by which this deposit is reduced up to the minimum return or minimum rent due to us. However, reducing the security deposits does not result in additional cash flow to us of the deficiency amounts, but reducing amounts of security deposits may reduce the refunds due to the respective lessees or managers who have provided us with these deposits upon expiration of the respective lease or management agreement. The security deposits are non-interest bearing and are not held in escrow. Under these agreements, any amount of the security deposits which are applied to payment deficits may be replenished from future cash flows from the applicable hotel operations pursuant to the terms of the respective

agreements.

Net operating results of our managed hotel portfolios exceeded the minimum returns due to us in both the three months ended June 30, 2016 and 2015. Certain of our managed hotel portfolios had net operating results that were, in the aggregate, \$11,544 and \$11,443 less than the minimum returns due to us for the six months ended June 30, 2016 and 2015, respectively. When the managers of these hotels fund these shortfalls under the terms of our operating agreements or their guarantees, we reflect such fundings (including security deposit applications) in our condensed consolidated statements of comprehensive income as a reduction of hotel operating expenses. There was no reduction to hotel operating expenses in the three months ended June 30, 2016 and 2015, and reductions of \$1,766 and \$1,903 in the six months ended June 30, 2016 and 2015, respectively, as a result of such fundings. We had shortfalls at certain of our managed hotel portfolios not funded by the managers of these hotels under the terms of our operating agreements of \$9,778 and \$9,540 in the six months ended June 30, 2016 and 2015, respectively, which represent the unguaranteed portions of our minimum returns from Sonesta.

Certain of our managed hotel portfolios had net operating results that were, in the aggregate, \$43,440 and \$35,092 more than the minimum returns due to us in the three months ended June 30, 2016 and 2015, respectively, and \$46,918 and \$37,611 more than the minimum returns due to us in the six months ended June 30, 2016 and 2015, respectively. Certain of

our guarantees and our security deposits may be replenished by future cash flows from the applicable hotel operations in excess of the minimum returns due to us pursuant to the terms of the respective operating agreements. When our guarantees and our security deposits are replenished by cash flows from hotel operations, we reflect such replenishments in our condensed consolidated statements of comprehensive income as an increase to hotel operating expenses. Hotel operating expenses were increased by \$20,057 and \$14,976 in the three months ended June 30, 2016 and 2015, respectively, and \$19,968 and \$16,189 in the six months ended June 30, 2016 and 2015, respectively, as a result of such replenishments.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with our condensed consolidated financial statements and notes thereto included in Part I, Item 1 of this Quarterly Report on Form 10-Q and with our 2015 Annual Report. We are a REIT organized under Maryland law.

Overview (dollar amounts in thousands, except per share amounts)

Management agreements and leases. At June 30, 2016, we owned 305 hotels operated under nine agreements; 302 of these hotels are leased by us to our wholly owned TRSs and managed by hotel operating companies and three are leased to hotel operating companies. At June 30, 2016, our 197 owned travel centers are leased to TA under five agreements. Our condensed consolidated statements of comprehensive income include operating revenues and expenses of our managed hotels and rental income from our leased hotels and travel centers.

Many of our hotel operating agreements contain security features, such as guarantees and security deposits, which are intended to protect minimum returns and rents due to us in accordance with our agreements regardless of hotel performance. However, the effectiveness of various security features to provide us uninterrupted receipt of minimum returns and rents is not assured, especially if economic conditions generally decline for a prolonged period or if our hotel renovation activities described above do not result in improved operating results. Also, certain of the guarantees that we hold are limited in amount and duration and do not provide for payment of the entire amount of the applicable minimum returns. If our tenants, managers or guarantors do not earn or pay the minimum returns and rents due to us, our cash flows will decline and we may be unable to repay our debt, fund our debt service obligations, pay distributions to our shareholders or the amounts of our distributions may decline.

Hotel operations. During the three and six months ended June 30, 2016, the U.S. hotel industry generally realized improvements in average daily rate, or ADR, occupancy and revenue per available room, or RevPAR, when compared to the same periods in 2015. During the three and six months ended June 30, 2016, our comparable hotels that we owned continuously since January 1, 2015 have produced year over year increases in ADR, occupancy and RevPAR in excess of the hotel industry generally that we believe are, in part, a result of recent renovations we made to our hotels. However, we believe that certain of our hotels acquired since January 1, 2015 were negatively impacted by brand conversions and by the disruption and displacement caused by our renovation activities at those hotels during 2015 and the three and six months ended June 30, 2016.

For the three months ended June 30, 2016 compared to the same period in 2015 for our 292 comparable hotels that we owned continuously since April 1, 2015: ADR increased 3.0% to \$126.64; occupancy increased 1.5 percentage points to 81.6%; and RevPAR increased 4.9% to \$103.34.

For the three months ended June 30, 2016 compared to the same period in 2015 for our 305 hotels: ADR increased 2.8% to \$126.77; occupancy increased 0.7 percentage points to 80.7%; and RevPAR increased 3.7% to \$102.30.

For the six months ended June 30, 2016 compared to the same period in 2015 for our 291 comparable hotels that we owned continuously since January 1, 2015: ADR increased 3.4% to \$125.78; occupancy increased 0.9 percentage points to 76.9%; and RevPAR increased 4.7% to \$96.72.

For the six months ended June 30, 2016 compared to the same period in 2015 for our 305 hotels: ADR increased 3.1% to \$125.55; occupancy remained the same at 76.0%; and RevPAR increased 3.1% to \$95.42.

Additional details of our hotel operating agreements and agreements with TA are set forth in Notes 10 and 11 to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report on Form 10-Q and in the table

and notes thereto on pages 34 through 36 below.

References to changes in the income and expense categories below relate to the comparison of consolidated results for the three months ended June 30, 2016, compared to the three months ended June 30, 2015.

The increase in hotel operating revenues is a result of increased revenues at certain of our managed hotels due to increases in ADR and higher occupancies (\$24,149) and the effects of our hotel acquisitions since April 1, 2015 (\$12,834). These increases were partially offset by the effect of decreased revenues at certain of our managed hotels as a result of lower occupancies compared to the 2015 period (\$1,302) and decreased revenues at certain hotels undergoing renovations during all or part of the 2016 period primarily due to lower occupancies (\$748). Additional operating statistics of our hotels are included in the table on page 37.

The increase in rental income - hotels is primarily a result of contractual rent increases under certain of our hotel leases and increases in the minimum rents due to us as we funded improvements at certain of our leased hotels since April 1,

Table of Contents

2015. Rental income - hotels for the 2016 and 2015 periods includes \$108 and \$121, respectively, of adjustments to record rent on a straight line basis.

The increase in rental income - travel centers is primarily a result of our travel center acquisitions since April 1, 2015 (\$4,927), increases in the minimum rents due to us from TA for improvements we purchased at certain of our travel centers since April 1, 2015 (\$4,042), and an increase in straight line rent adjustments related to previously deferred rent amounts under our TA leases (\$2,195), partially offset by a decrease in percentage rent (\$2,048) and a decrease in rents related to our sale of five travel centers to TA in June 2015 (\$1,033). Rental income - travel centers for the 2016 and 2015 periods includes \$3,585 and \$1,390, respectively, of adjustments necessary to record the deferred rent obligations payable to us under our TA leases and the estimated future payments to us under our TA leases for the cost of removing underground storage tanks on a straight line basis.

FF&E reserve income represents amounts paid by certain of our hotel tenants into restricted accounts owned by us, the purpose of which is to accumulate funds for future capital expenditures. The terms of our hotel leases require these amounts to be calculated as a percentage of total sales at our hotels. We do not report the amounts, if any, which are escrowed as FF&E reserves for our managed hotels as FF&E reserve income. The increase in FF&E reserve income is the result of increased sales at certain of our leased hotels and increased FF&E contribution percentage required by one of our hotel leases.

The increase in hotel operating expenses was primarily caused by the effect of our acquisitions since April 1, 2015 (\$12,978), an increase in the amount of guaranty replenishments under certain of our hotel management agreements (\$5,080), increased wage and benefit costs, sales and marketing expenses and other operating costs at certain of our managed hotels resulting primarily from higher occupancies (\$3,361), partially offset by operating expense decreases at certain managed hotels undergoing renovations during the 2015 period due to lower occupancies (\$925). Certain of our guarantees and our security deposits may be replenished by subsequent cash flows from the applicable hotel operations pursuant to the terms of the respective operating agreements. When our guarantees and our security deposits are replenished by cash flows from hotel operations, we reflect such replenishments in our condensed consolidated statements of comprehensive income as an increase to hotel operating expenses.

The increase in depreciation and amortization - hotels is primarily due to the effect of our hotel acquisitions since April 1, 2015 (\$2,852) and the depreciation and amortization of assets acquired with funds from our FF&E reserves or directly funded by us since April 1, 2015 (\$2,190), partially offset by certain of our depreciable assets becoming fully depreciated since April 1, 2015 (\$1,962).

The increase in depreciation and amortization - travel centers is due to the depreciation and amortization of travel center improvements we purchased since April 1, 2015 (\$2,587) and our travel center acquisitions since April 1, 2015 (\$2,571), partially offset by certain of our depreciable assets becoming fully depreciated since April 1, 2015 (\$38).

The increase in general and administrative costs is primarily due to an increase in estimated business management incentive fees (\$26,125), partially offset by the amortization of the liability we recorded in connection with our acquisition of RMR Inc. shares in June 2015 (\$666) and lower professional services costs (\$779).

Acquisition related costs represent legal and other costs incurred in connection with our acquisition activities.

The decrease in operating income is primarily due to the revenue and expense changes discussed above during the 2016 period compared to the 2015 period.

Dividend income represents dividends received from our investment in RMR Inc. during the 2016 period.

The increase in interest income is due to higher average cash balances during the 2016 period.

The increase in interest expense is due to higher average borrowings, partially offset by a lower weighted average interest rate in the 2016 period.

The increase in income tax expense is due primarily to higher foreign taxes in the 2016 period due to an increase in the amount of certain foreign sourced income subject to income taxes.

Equity in earnings of an investee represents our proportionate share of earnings of AIC.

We recorded an \$11,015 gain on sale of real estate in the 2015 period in connection with the sale of five travel centers.

The decreases in net income, net income available for common shareholders and net income available for common shareholders per basic and diluted common share for the three months ended June 30, 2016, compared to the prior year, are primarily a result of the changes discussed above.

References to changes in the income and expense categories below relate to the comparison of consolidated results for the six months ended June 30, 2016, compared to the six months ended June 30, 2015.

The increase in hotel operating revenues is a result of increased revenues at certain of our managed hotels due to increases in ADR and higher occupancies (\$53,502) and the effects of our hotel acquisitions since January 1, 2015 (\$21,036), partially offset by decreased revenues at certain of our managed hotels as a result of lower occupancies compared to the 2015 period (\$12,698). Additional operating statistics of our hotels are included in the table on page 37.

Table of Contents

The increase in rental income - hotels is primarily a result of contractual rent increases under certain of our hotel leases and increases in the minimum rents due to us as we funded improvements at certain of our leased hotels since January 1, 2015. Rental income - hotels for the 2016 and 2015 periods includes \$216 and \$251, respectively, of adjustments to record rent on a straight line basis.

The increase in rental income - travel centers is primarily a result of increases in the minimum rents due to us from TA for improvements we purchased at certain of our travel centers since January 1, 2015 (\$10,261), our travel center acquisitions since January 1, 2015 (\$7,859) and an increase in straight line rent adjustments related to previously deferred rent amounts under our TA leases (\$5,424), partially offset by a decrease in rents related to our sale of five travel centers in June 2015 (\$2,086) and a decrease in percentage rent (\$2,048). Rental income - travel centers for the 2016 and 2015 periods includes \$7,229 and \$1,805, respectively, of adjustments necessary to record the deferred rent obligations payable to us under our TA leases and the estimated future payments to us under our TA leases for the cost of removing underground storage tanks on a straight line basis.

The increase in FF&E reserve income is primarily the result of increased FF&E contributions by certain of our tenants. We do not report the amounts, if any, which are escrowed as FF&E reserves for our managed hotels as FF&E reserve income.

The increase in hotel operating expenses was primarily caused by the effect of our acquisitions since January 1, 2015 (\$21,407), increased expenses at certain of our managed hotels resulting primarily from higher wage and benefit costs and sales and marketing expenses (\$14,488), an increase in the amount of security deposits and guarantees replenished under certain of our hotel management agreements (\$5,682), partially offset by guarantees utilized under certain of our hotel management agreements (\$1,766) and operating expense decreases at certain managed hotels undergoing renovations during the 2015 period due to lower occupancies (\$670). When our managers fund shortfalls of our minimum returns under the terms of our operating agreements or their guarantees, we reflect such fundings (including security deposit applications) in our condensed consolidated statements of comprehensive income as a reduction of hotel operating expenses. Certain of our guarantees and our security deposits may be replenished by subsequent cash flows from the applicable hotel operations pursuant to the terms of the respective operating agreements. When our guarantees and our security deposits are replenished by cash flows from hotel operations, we reflect such replenishments in our condensed consolidated statements of comprehensive income as an increase to hotel operating expenses.

The increase in depreciation and amortization - hotels is primarily due to the effect of our hotel acquisitions since January 1, 2015 (\$5,528) and the depreciation and amortization of assets acquired with funds from our FF&E reserves or directly funded by us since January 1, 2015 (\$4,430), partially offset by certain of our depreciable assets becoming fully depreciated since January 1, 2015 (\$4,191).

The increase in depreciation and amortization - travel centers is due to depreciation and amortization of improvements made to our purchased travel centers since January 1, 2015 (\$5,631) and the effect of our travel center acquisitions since January 1, 2015 (\$5,177), partially offset by certain of our depreciable assets becoming fully depreciated since January 1, 2015 (\$73).

The increase in general and administrative costs is primarily due to an increase in estimated business management incentive fees (\$22,414), partially offset by the amortization of the liability we recorded in connection with our acquisition of RMR Inc. shares in June 2015 (\$1,562) and lower professional services costs (\$1,453).

Acquisition related costs represent legal and other costs incurred in connection with our acquisition activities.

Edgar Filing: HOSPITALITY PROPERTIES TRUST - Form 10-Q

The increase in operating income is primarily due to the revenue and expense changes discussed above during the 2016 period compared to the 2015 period.

Dividend income represents dividends received from our investment in RMR Inc. during the 2016 period.

The increase in interest income is due to higher average cash balances during the 2016 period.

The increase in interest expense is due primarily to higher average borrowings, partially offset by a lower weighted average interest rate in the 2016 period.

We recorded a \$70 loss on early extinguishment of debt in the 2016 period in connection with the redemption of certain senior notes.

The increase in income tax expense is due primarily to higher foreign taxes in the 2016 period due to an increase in the amount of certain foreign sourced income subject to income taxes.

Equity in earnings of an investee represents our proportionate share of earnings of AIC.

We recorded an \$11,015 gain on sale of real estate in the 2015 period in connection with the sale of five travel centers.

The decreases in net income, net income available for common shareholders and net income available for common shareholders per basic and diluted common share for the six months ended June 30, 2016, compared to the prior year period, are primarily a result of the changes discussed above.

Liquidity and Capital Resources (dollar amounts in thousands, except per share amounts)

Our Managers and Tenants

As of June 30, 2016, 303 of our hotels are included in one of seven portfolio agreements and two of our hotels are not included in a portfolio and are leased to hotel operating companies. Our 197 owned travel centers are leased under five portfolio agreements. All costs of operating and maintaining our properties are paid by the hotel managers as agents for us or by our tenants for their own account. Our hotel managers and tenants derive their funding for property operating expenses and for returns and rents due to us generally from property operating revenues and, to the extent that these parties themselves fund our minimum returns and minimum rents, from their separate resources. Our hotel managers and tenants are Marriott, InterContinental, Sonesta, Wyndham, Hyatt, Carlson and Morgans Hotel Group, or Morgans. Our travel centers are leased to TA.

We define coverage for each of our hotel management agreements or leases as total property level revenues minus all property level expenses and FF&E reserve escrows which are not subordinated to the minimum returns and minimum rents due to us divided by the minimum returns or minimum rent payments due to us. More detail regarding coverage, guarantees and other features of our hotel operating agreements is presented in the tables and related notes on pages 34 through 36. For the twelve months ended June 30, 2016, three of our nine hotel operating agreements, representing 16% of our total annual minimum returns and minimum rents, generated coverage of less than 1.0x (with a range among those three hotel operating agreements of 0.62x to 0.92x).

We define coverage for our travel center leases as property level revenues minus all property level expenses divided by the minimum rent payments due to us. During the twelve months ended June 30, 2016, the operating results from our 197 properties in our five travel center leases generated coverage of 1.59x. Because a large percentage of TA's business is conducted at properties leased from us, property level rent coverage may not be an appropriate way to evaluate TA's ability to pay rents due to us. We believe property level rent coverage is nonetheless one useful indicator of the performance and value of our properties as we believe it is what an operator interested to acquire these properties or the leaseholds might use to evaluate the contribution of these properties to their earnings before corporate level expenses.

Three hundred twenty one (321) of our properties, representing 58% of our aggregate annual minimum returns and rents as of June 30, 2016, are operated under 10 management arrangements or leases which are subject to full or limited guarantees. These guarantees may provide us with continued payments if the property level cash flows fail to equal or exceed guaranteed amounts due to us. Our minimum returns and minimum rents for 94 hotels, representing 21% of our aggregate annual minimum returns and rents as of June 30, 2016, are secured by a security deposit which

we control. Some of our managers and tenants, or their affiliates, may also supplement cash flow from our properties in order to make payments to us and preserve their rights to continue operating our properties even if they are not required to do so by guarantees or security deposits. Guarantee payments, security deposit applications or supplemental payments to us, if any, made under any of our management agreements or leases do not subject us to repayment obligations, but, under some of our agreements, the manager or tenant may recover these guarantee or supplemental payments and the security deposits may be replenished from the subsequent cash flows from our properties after our future minimum returns and minimum rents are paid.

When cash flows from our hotels under certain of our agreements are less than the minimum returns contractually due to us, we have utilized the applicable security features in our agreements to cover some of these shortfalls. However,

28

Table of Contents

several of the guarantees and all the security deposits we hold are for limited amounts, are for limited durations and may be exhausted or expire, especially if our hotel renovation and rebranding activities do not result in improved operating results at these hotels. Accordingly, the effectiveness of our various security features to provide uninterrupted payments to us is not assured. If any of our hotel managers, tenants or guarantors default in their payment obligations to us, our cash flows will decline and we may become unable to continue to pay distributions to our shareholders or the amount of the distributions may decline.

Our Operating Liquidity and Capital Resources

Our principal sources of funds to meet operating and capital expenses, debt service obligations and distributions to shareholders are minimum returns from our managed hotels, minimum rents from our leased hotels and travel centers and borrowings under our unsecured revolving credit facility. We receive minimum returns and minimum rents from our managers and tenants monthly. We may receive additional returns, percentage returns and rents and our share of the operating profits of our managed hotels after payment of management fees and other deductions, if any, either monthly or quarterly, and these amounts are usually subject to an annual true up. This flow of funds has historically been sufficient for us to pay our operating and capital expenses, interest expense on our debt and distributions to shareholders. We believe that these sources of funds will be sufficient to meet our operating and capital expenses, interest expense on our debt and distributions to our shareholders for the next twelve months and the foreseeable future thereafter. However, as a result of economic conditions or otherwise, our managers and tenants may become unable or unwilling to pay minimum returns and minimum rents to us when due, and, as a result, our cash flow and net income will decline and we may need to reduce the amount of, or even eliminate, our distributions to common shareholders.

Changes in our cash flows for the six months ended June 30, 2016 compared to the same period in 2015 were as follows: (1) cash flows provided by operating activities decreased from \$252,057 in 2015 to \$231,495 in 2016; (2) cash used in investing activities decreased from \$387,712 in 2015 to \$284,941 in 2016; and (3) cash flows provided by financing activities decreased from \$142,216 in 2015 to \$60,111 in 2016.

The decrease in cash provided by operating activities for the six months ended June 30, 2016 as compared to the prior year period is primarily due to our payment of an incentive management fee of \$62,263 to RMR LLC in January 2016, partially offset by an increase in the minimum returns and rents paid to us due to our funding of improvements to our hotels and travel centers, the improved operating performance at certain of our hotels, our acquisitions since January 1, 2015, and an increase in security deposits received and replenished. The decrease in cash used in investing activities for the six months ended June 30, 2016 as compared to the prior year period is primarily due to decreases in our real estate acquisitions and funding of improvements to our properties. The decrease in cash flows provided by financing activities for the six months ended June 30, 2016 as compared to the prior year period is primarily due to lower net borrowings in the 2016 period.

We maintain our qualification for taxation as a REIT under the Internal Revenue Code of 1986, as amended, by meeting certain requirements. As a REIT, we do not expect to pay federal income taxes on the majority of our income; however, the income realized by our TRSs in excess of the rent they pay to us is subject to U.S. federal income tax at corporate tax rates. In addition, the income we receive from our hotels in Canada and Puerto Rico is subject to taxes in those jurisdictions and we are subject to taxes in certain states where we have properties despite our qualification for taxation as a REIT.

Our Investment and Financing Liquidity and Capital Resources

Various percentages of total sales at some of our hotels are escrowed as FF&E reserves to fund future capital improvements. During the six months ended June 30, 2016, our hotel managers and hotel tenants deposited \$35,145 to

these accounts and spent \$26,093 from the FF&E reserve escrow accounts to renovate and refurbish our hotels. As of June 30, 2016, there was \$61,419 on deposit in these escrow accounts, which was held directly by us and is reflected in our condensed consolidated balance sheets as restricted cash.

Table of Contents

Our hotel operating agreements generally provide that, if necessary, we may provide our managers and tenants with funding for capital improvements to our hotels in excess of amounts otherwise available in escrowed FF&E reserves or when no FF&E reserves are available. To the extent we make such additional fundings, our annual minimum returns or minimum rents generally increase by a percentage of the amount we fund. During the six months ended June 30, 2016, we funded \$32,852 for capital improvements in excess of FF&E reserve fundings available from hotel operations to our hotels as follows:

- During the six months ended June 30, 2016, we funded \$1,156 for capital improvements to hotels included in our Marriott No. 1 agreement using cash on hand and borrowings under our revolving credit facility. We currently expect to fund \$1,500 for capital improvements under this agreement during the remainder of 2016 using existing cash balances or borrowings under our revolving credit facility. As we fund these improvements, the annual minimum returns payable to us increase.
- We did not make any fundings for capital improvements to hotels under our Marriott No. 234 agreement during the six months ended June 30, 2016. We currently expect to fund \$9,000 for capital improvements to certain of these hotels during the remainder of 2016 under this agreement. As we fund these improvements, the annual minimum returns payable to us increase.
- We did not make any fundings for capital improvements to hotels under our InterContinental agreement during the six months ended June 30, 2016. We currently expect to fund \$17,500 for capital improvements to certain of these hotels during the remainder of 2016 under this agreement. As we fund these improvements, the annual minimum returns payable to us increase.
- Our Sonesta agreement does not require FF&E escrow deposits. Under our Sonesta agreement, we are required to fund capital expenditures made at our hotels. During the six months ended June 30, 2016, we funded \$30,419 for renovations and other capital improvements to hotels included in our Sonesta agreement using cash on hand and borrowings under our revolving credit facility. We currently expect to fund \$37,454 during the remainder of 2016 using existing cash balances or borrowings under our revolving credit facility. As we fund these improvements, the annual minimum returns payable to us increase to the extent amounts funded exceed threshold amounts, as defined in our Sonesta agreement.
- Our Wyndham agreement requires FF&E escrow deposits only if there is excess cash flow after payment of our minimum returns. No FF&E escrow deposits were required during the six months ended June 30, 2016. During the six months ended June 30, 2016, we funded \$1,277 for renovations and other capital improvements to hotels included in our Wyndham agreement using existing cash balances and borrowings under our revolving credit facility. We currently expect to fund \$3,150 for capital improvements under this agreement during the remainder of 2016 using existing cash balances or borrowings under our revolving credit facility. As we fund these improvements, the minimum returns payable to us increase.

Our travel center leases with TA do not require FF&E escrow deposits. However, TA is required to maintain the leased travel centers, including structural and non-structural components. Under all of our TA leases, TA may request that we purchase qualifying capital improvements to the leased facilities in return for minimum rent increases. We funded \$55,059 for purchases of capital improvements under these lease provisions during the six months ended June 30, 2016, resulting in TA's annual minimum rent payable to us increasing by \$4,680 pursuant to the leases. We currently expect to fund \$58,000 for capital improvements under these agreements during the remainder of 2016 using cash on hand and borrowings under our revolving credit facility. TA is not obligated to request and we are not obligated to purchase any such improvements.

On each of January 15, 2016, April 15, 2016 and July 15, 2016, we paid a \$0.4453 per share distribution, or \$5,166, to our Series D preferred shareholders. We funded these distributions using cash on hand and borrowings under our revolving credit facility.

On February 1, 2016, we acquired two extended stay hotels with 262 suites in Cleveland and Westlake, OH for \$12,000, excluding acquisition related costs, using cash on hand and borrowings under our revolving credit facility.

Edgar Filing: HOSPITALITY PROPERTIES TRUST - Form 10-Q

On February 3, 2016, we issued \$750,000 aggregate principal amount of senior notes in underwritten public offerings, which included \$400,000 aggregate principal amount of 4.25% senior notes due 2021, and \$350,000 aggregate principal amount 5.25% senior notes due 2026. Net proceeds from these offerings of \$731,506 after original issue discounts and offering expenses were used to repay amounts outstanding under our revolving credit facility and for general business purposes.

On February 23, 2016, we paid a regular quarterly distribution to our common shareholders of record on January 22, 2016 of \$0.50 per share, or \$75,774. On May 19, 2016, we paid a regular quarterly distribution to our common shareholders of record on April 25, 2016 of \$0.51 per share, or \$77,289. We funded these distributions using cash on hand and borrowings under our revolving credit facility. On July 12, 2016, we declared a regular quarterly distribution of \$0.51 per share, or \$77,295, to our common shareholders of record as of July 22, 2016. We expect to pay this dividend on or about August 18, 2016 using cash on hand and borrowings under our revolving credit facility.

On March 11, 2016, we redeemed at par plus accrued interest all \$275,000 of our 6.30% senior notes due 2016 using cash on hand and borrowings under our revolving credit facility.

On March 16, 2016, we acquired a 221 room hotel located in Portland, OR for \$114,000, excluding acquisition related costs, using cash on hand and borrowings under our revolving credit facility.

On March 31, 2016, we acquired a travel center located in Hillsboro, TX for \$19,683, excluding acquisition related costs, using cash on hand and borrowings under our revolving credit facility.

On June 22, 2016, we acquired two travel centers located in Brazil, IN and Remington, IN for \$23,876, excluding acquisition related costs, using cash on hand.

On June 30, 2016, we acquired a travel center located in Wilmington, IL for \$22,297, excluding acquisition related costs, using cash on hand and borrowings under our revolving credit facility.

On July 29, 2016, we entered into an agreement to acquire a 236 room hotel located in Milpitas, CA for \$52,000, excluding acquisition related costs. We currently expect to complete this acquisition during the fourth quarter of 2016 using cash on hand and borrowings under our revolving credit facility. This acquisition is subject to completion of diligence and other closing conditions; accordingly, we can provide no assurance that we will acquire this property or that its acquisition will not be delayed or the terms of the acquisition will not change. Upon acquisition of this hotel, we intend to rebrand the hotel as a Sonesta hotel, to enter a hotel management agreement with Sonesta for this property on terms consistent with our other applicable hotel management agreements with Sonesta and to add that management agreement to our Sonesta agreement.

In order to fund acquisitions and to meet cash needs that may result from our desire or need to make distributions or pay operating or capital expenses, we maintain a \$1,000,000 revolving credit facility. The maturity date of our revolving credit facility is July 15, 2018 and, subject to our payment of an extension fee and meeting other conditions, we have an option to extend the stated maturity date of our revolving credit facility by one year to July 15, 2019. We are required to pay interest at a rate of LIBOR plus a premium, which was 110 basis points per annum at June 30, 2016, on the amount outstanding under our revolving credit facility. We also pay a facility fee on the total amount of lending commitments under our revolving credit facility, which was 20 basis points per annum at June 30, 2016. Both the interest rate premium and the facility fee are subject to adjustment based upon changes to our credit ratings. We can borrow, repay and reborrow funds available under our revolving credit facility until maturity, and no principal repayment is due until maturity. As of June 30, 2016, the annual interest rate payable on borrowings under our revolving credit facility was 1.56%. As of June 30, 2016 and August 8, 2016, we had \$232,000 and \$167,000, respectively, outstanding and \$768,000 and \$833,000, respectively, available to borrow under our revolving credit facility.

Our revolving credit facility is governed by a credit agreement with a syndicate of institutional lenders, which also governs our term loan. Our \$400,000 term loan, which matures on April 15, 2019, is prepayable without penalty at any time. We are required to pay interest at LIBOR plus a premium, which was 120 basis points per annum at June 30, 2016, on the amount outstanding under our \$400,000 term loan. The interest rate premium is subject to adjustment

based upon changes to our credit ratings. As of June 30, 2016, the annual interest rate for the amount outstanding under our \$400,000 term loan was 1.66%.

Our credit agreement also includes a feature under which the maximum borrowing availability may be increased up to \$2,300,000 on a combined basis in certain circumstances.

Our term debt maturities (other than our revolving credit facility and term loan) as of June 30, 2016 were as follows: \$300,000 in 2017, \$350,000 in 2018, \$400,000 in 2021, \$500,000 in 2022, \$300,000 in 2023, \$350,000 in 2024, \$350,000 in 2025, \$350,000 in 2026 and \$8,478 in 2027.

Our \$8,478 of 3.8% convertible senior notes due 2027 are convertible, if certain conditions are met (including certain changes in control). Upon conversion, the holder of notes is entitled to receive cash in an amount equal to the principal amount of the notes and, to the extent the market price of our common shares then exceeds the conversion price of \$49.70 per share, subject to adjustment, at our option either cash or our common shares valued based on such market price for such excess amount. Holders of our convertible senior notes may require us to repurchase all or a portion of the notes on March 15, 2017 and March 15, 2022, or upon the occurrence of certain change in control events. None of our other debt obligations require principal or sinking fund payments prior to their maturity dates.

We expect to use cash on hand, the cash flow from our operations, borrowings under our revolving credit facility, net proceeds from any property sales and net proceeds of offerings of equity or debt securities to fund future debt maturities, property acquisitions and improvements and other general business purposes.

When significant amounts are outstanding for an extended period of time under our revolving credit facility and as the maturity dates of our revolving credit facility and term debts approach, we currently expect to explore alternatives for the repayment of amounts due or renewal or extension of the maturity dates. Such alternatives may include incurring additional debt, issuing new equity securities and the sale of properties. We have an effective shelf registration statement that allows us to issue public securities on an expedited basis, but it does not assure that there will be buyers for such securities. We may also seek to participate in joint ventures or other arrangements that may provide us additional sources of financing. Although we have not historically done so, we may also assume mortgage debt on properties we may acquire or obtain mortgage financing on our existing properties.

While we believe we will have access to various types of financings, including debt or equity, to fund our future acquisitions and to pay our debts and other obligations, there can be no assurance that we will be able to complete any debt or equity offerings or other types of financings or that our cost of any future public or private financings will not increase.

Off Balance Sheet Arrangements

As of June 30, 2016, we had no off balance sheet arrangements that have had or that we expect would be reasonably likely to have a material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Debt Covenants

Our debt obligations at June 30, 2016 consist of outstanding borrowings under our \$1,000,000 revolving credit facility, our \$400,000 term loan and \$2,908,478 of publicly issued term debt and convertible notes. Our publicly issued term debt and convertible notes are governed by two indentures and related supplements. These indentures and related supplements and our credit agreement contain a number of covenants which generally restrict our ability to incur debts, including debts secured by mortgages on our properties, in excess of calculated amounts, and require us to maintain various financial ratios and our credit agreement restrict our ability to make distributions under certain circumstances. Our credit agreement provides for acceleration of payment of all amounts outstanding upon the occurrence and continuation of certain events of default, such as a change of control of us, which includes RMR LLC ceasing to act as our business manager. As of June 30, 2016, we believe we were in compliance with all of the covenants under our indentures and their supplements and our credit agreement.

Neither our indentures and their supplements nor our agreement governing our revolving credit facility and term loan contain provisions for acceleration which could be triggered by a change in our debt ratings. However, under our credit agreement, our highest senior debt rating is used to determine the fees and interest rates we pay. Accordingly, if that debt rating is downgraded by credit rating agencies, our interest expense and related costs under our revolving

credit facility and term loan would increase.

Our public debt indentures and their supplements contain cross default provisions to any other debt of \$20,000 or more (\$50,000 or more in the case of our indenture and its supplements entered into in February 2016). Similarly, our credit agreement has cross default provisions to other indebtedness that is recourse of \$25,000 or more and indebtedness that is non-recourse of \$75,000 or more.

However, none of this third party reported information is a direct measure of our financial performance and we have not independently verified the operating data.

Coverage amounts for our Sonesta, InterContinental and TA Nos. 1, 2, 3 and 4 leases include data for periods prior to our ownership of certain properties.

We have no security deposit or guaranty from Marriott for these 53 hotels. Accordingly, payment by Marriott of the minimum return due to us under this management agreement is limited to available hotel cash flow after payment of operating expenses and funding of the FF&E reserve. In addition to our minimum return, this agreement provides for payment to us of 50% of available cash flow after payment of hotel operating expenses, funding of the required FF&E reserve, payment of our minimum return and payment of certain management fees.

- (5) We lease 68 of our Marriott branded hotels (one full service Marriott®, 35 Residence Inn by Marriott®, 18 Courtyard by Marriott®, 12 TownePlace Suites by Marriott® and two SpringHill Suites by Marriott® hotels) in 22 states to one of our TRSs. Seasonality

Our hotels and travel centers have historically experienced seasonal differences typical of their industries with higher revenues in the second and third quarters of calendar years compared with the first and fourth quarters. Most of our management agreements and leases require our managers and tenants to make the substantial portion of our return and rent payments to us in equal amounts throughout the year. So long as guarantees and security deposits are available to supplement earnings shortfalls at our properties, this seasonality is not expected to cause material fluctuations in our income or cash flow from these properties. If and as guarantees and security deposits which secure the minimum rents and returns due to us are exhausted our financial results may begin to reflect more of the seasonality of the industries in which our tenants and managers operate. The return payments to us under certain of our management agreements depend exclusively upon earnings at these properties, and, accordingly, our income and cash flow from these properties reflect the seasonality of the hotel industry.

Related Person Transactions

We have relationships and historical and continuing transactions with TA, RMR LLC, Sonesta and others related to them. For example, TA is our former subsidiary and our largest tenant and we are TA's largest shareholder. Also, we have no employees and the personnel and various services we require to operate our business are provided to us by RMR LLC pursuant to management agreements; RMR Inc. is the managing member of RMR LLC and we own shares of class A common stock of RMR Inc.; and the controlling shareholder of RMR Inc., ABP Trust, is owned by our Managing Trustees. In addition, Sonesta is owned by our Managing Trustees and manages certain hotels that we own; and we and six other companies to which RMR LLC provides management services own in equal amounts AIC, an insurance company, and we participate in a combined property insurance program arranged and reinsured in part by AIC. For further information about these and other such relationships and related person transactions, please see Note 10 to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q, our 2015 Annual Report, our definitive Proxy Statement for our 2016 Annual Meeting of Shareholders and our other filings with the Securities and Exchange Commission, or SEC. In addition, please see the section captioned "Risk Factors" of our 2015 Annual Report for a description of risks that may arise as a result of these and other related person transactions and relationships. Our filings with the SEC and copies of certain of our agreements with these related parties are publicly available as exhibits to our public filings with the SEC and accessible at the SEC's website, www.sec.gov. We may engage in additional transactions with related persons, including companies to which RMR LLC or its affiliates provide management services.

Non-GAAP Measures

Funds From Operations Available for Common Shareholders and Normalized Funds From Operations Available for Common Shareholders

We calculate funds from operations available for common shareholders, or FFO, and Normalized FFO available for common shareholders as shown below. FFO available for common shareholders is calculated on the basis defined by The National Association of Real Estate Investment Trusts, or NAREIT, which is net income available for common shareholders calculated in accordance with GAAP, excluding any gain or loss on sale of properties and loss on impairment of real estate assets, plus real estate depreciation and amortization, as well as certain other adjustments currently not applicable to us. Our calculation of Normalized FFO available for common shareholders differs from NAREIT's definition of FFO available for common shareholders because we include business management incentive fees, if any, only in the fourth quarter versus the quarter when they are recognized as expense in accordance with GAAP due to their quarterly volatility not necessarily being indicative of our core operating performance and the uncertainty as to whether any such business management incentive fees will ultimately be payable when all contingencies for determining any such fees are determined at the end of the calendar year and we exclude acquisition

related costs and loss on early extinguishment of debt. We consider FFO available for common shareholders and Normalized FFO available for common shareholders to be appropriate supplemental measures of operating performance for a REIT, along with net income, net income available for common shareholders, operating income and cash flow from operating activities. We believe that FFO available for common shareholders and Normalized FFO available for common shareholders provide useful information to investors because by excluding the effects of certain historical amounts, such as depreciation expense, FFO available for common shareholders and Normalized FFO available for common shareholders may facilitate a comparison of our operating performance between periods and with other REITs. FFO available for common shareholders and Normalized FFO available for common shareholders are among the factors considered by our Board of Trustees when determining the amount of distributions to shareholders. Other factors include, but are not limited to, requirements to maintain our qualification for taxation as a REIT, limitations in our credit agreement and public debt covenants, the availability to us of debt and equity capital, our expectation of our future capital requirements and operating performance and our expected needs for and availability of cash to pay our obligations. FFO available for common shareholders and Normalized FFO available for common shareholders do not represent cash generated by operating activities in accordance with GAAP and should not be considered as alternatives to net income, net income available for common shareholders or operating income as an

Table of Contents

indicator of our operating performance or as a measure of our liquidity. These measures should be considered in conjunction with net income, net income available for common shareholders, operating income and cash flow from operating activities as presented in our condensed consolidated statements of comprehensive income and condensed consolidated statements of cash flows. Other real estate companies and REITs may calculate FFO available for common shareholders and Normalized FFO available for common shareholders differently than we do.

Our calculations of FFO available for common shareholders and Normalized FFO available for common shareholders for the three and six months ended June 30, 2016 and 2015 and reconciliations of FFO available for common shareholders and Normalized FFO available for common shareholders from net income available for common shareholders, the most directly comparable financial measure under GAAP reported in our condensed consolidated financial statements, appear in the following table (amounts in thousands, except per share amounts). Effective with the quarter ended June 30, 2016, we have changed the calculation of Normalized FFO to no longer include adjustments for estimated percentage rent. Historically, when calculating Normalized FFO, we estimated an amount of percentage rental income for each of the first three quarters of the year and then, in the fourth quarter, excluded the amounts that had been included in the first three quarters. In calculating net income in accordance with GAAP, we recognize percentage rental income for the full year in the fourth quarter, which is when all contingencies are met and the income is earned. Normalized FFO for historical periods has been restated to be comparable with the current period calculation.

(2) Estimated incentive fees under our business management agreement calculated based on common share total return, as defined, are included in general and administrative expense in our condensed consolidated financial statements. In calculating net income in accordance with GAAP, we recognize estimated business management incentive fee expense, if any, each quarter. Although we recognize this expense, if any, each quarter for purposes of calculating net income, we do not include these amounts in the calculation of Normalized FFO available for

common shareholders until the fourth quarter, which is when the actual expense amount for the year is determined. Incentive fees for 2016, if any, will be paid in cash in January 2017.

- (3) Represents weighted average common shares adjusted to reflect the potential dilution of unvested share awards and, through May 2015, contingently issuable common shares under our business management agreement with RMR LLC.

Item 3. Quantitative and Qualitative Disclosures About Market Risk (dollar amounts in thousands)

We are exposed to risks associated with market changes in interest rates. We manage our exposure to this market risk by monitoring available financing alternatives. Our strategy to manage exposure to changes in interest rates has not materially changed since December 31, 2015. Other than as described below, we do not currently foresee any significant changes in our exposure to fluctuations in interest rates or in how we manage this exposure in the near future.

Fixed Rate Debt

At June 30, 2016, our outstanding publicly tradable debt consisted of eight issues of fixed rate, senior notes and one issue of fixed rate, convertible senior notes:

Principal Balance	Annual Interest Rate	Annual Interest Expense	Maturity	Interest Payments Due
\$ 300,000	5.625%	16,875	2017	Semi-Annually
350,000	6.700%	23,450	2018	Semi-Annually
400,000	4.250%	17,000	2021	Semi-Annually
500,000	5.000%	25,000	2022	Semi-Annually
300,000	4.500%	13,500	2023	Semi-Annually
350,000	4.650%	16,275	2024	Semi-Annually
350,000	4.500%	15,750	2025	Semi-Annually
350,000	5.250%	18,375	2026	Semi-Annually
8,478	3.800%	322	2027 (1)	Semi-Annually
\$ 2,908,478		\$ 146,547		

(1) The convertible senior notes are convertible, if certain conditions are met (including certain changes in control). Upon conversion, the holder of notes is entitled to receive cash in an amount equal to the principal amount of the notes and, to the extent the market price of our common shares then exceeds the conversion price of \$49.70 per share, subject to adjustment, at our option either cash or our common shares valued based on such market price for such excess amount. Holders of our convertible senior notes may require us to repurchase all or a portion of the notes on March 15, 2017 and March 15, 2022, or upon the occurrence of certain change in control events.

Except as described in note 1 to the table above, no principal repayments are due under these notes until maturity. Because these notes require interest at fixed rates, changes in market interest rates during the term of these debts will not affect our interest obligations. If these notes were refinanced at interest rates which are 100 basis points higher than the rates shown above, our per annum interest cost would increase by approximately \$29,085. Changes in market interest rates would affect the fair value of our fixed rate debt obligations; increases in market interest rates decrease the fair value of our fixed rate debt while decreases in market interest rates increase the fair value of our fixed rate debt. Based on the balances outstanding at June 30, 2016 and discounted cash flow analyses through the respective maturity dates, and assuming no other changes in factors that may affect the fair value of our fixed rate debt obligations, a hypothetical immediate 100 basis point change in interest rates would change the fair value of those debt obligations by approximately \$135,242. Changes in the trading price of our common shares may also affect the fair value of our convertible senior notes.

Each of these fixed rate debt arrangements allows us to make repayments earlier than the stated maturity date. We are generally allowed to make prepayments only at a premium equal to a make whole amount, as defined, which is generally designed to preserve a stated yield to the note holder. Also, we have in the past repurchased and retired some of our outstanding debts and we may do so again in the future. These prepayment rights and our ability to repurchase and retire outstanding debt may afford us opportunities to mitigate the risks of refinancing our debts at their maturities at higher rates by refinancing prior to maturity.

Floating Rate Debt

At June 30, 2016, our floating rate debt consisted of \$232,000 outstanding under our \$1,000,000 revolving credit facility and our \$400,000 term loan. The maturity date of our revolving credit facility is July 15, 2018, and subject to our meeting conditions, including our payment of an extension fee, we have the option to extend the stated maturity by one year to July 15, 2019. The maturity date of our term loan is April 15, 2019. No principal repayments are required under our revolving credit facility prior to maturity, and we can borrow, repay and reborrow funds available, subject to conditions, at any time without penalty. No principal prepayments are required under our term loan prior to maturity and repayments may be made subject to conditions at any time without penalty, but after amounts outstanding under our term loan are repaid, amounts may not be redrawn. Borrowings under our revolving credit facility and term loan are in U.S. dollars and require annual interest at LIBOR plus premiums that are subject to adjustment based upon changes to our credit ratings. Accordingly, we are vulnerable to changes in U.S. dollar based short term interest rates, specifically LIBOR. In addition, upon renewal or refinancing of our revolving credit facility or our term loan, we are vulnerable to increases in interest rate premiums due to market conditions or our perceived credit characteristics. Generally, a change in interest rates would not affect the value of this floating rate debt but would affect our operating results.

The following table presents the impact a 100 basis points increase in interest rates would have on our annual floating rate interest expense as of June 30, 2016:

	Impact of Increase in Interest Rates			
	Interest Rate Per Year (1)	Outstanding Debt	Total Interest Expense Per Year	Annual Per Common Share Impact (2)
At June 30, 2016	1.62%	\$ 632,000	\$ 10,238	\$ 0.07
100 basis point increase	2.62%	\$ 632,000	\$ 16,558	\$ 0.11

(1) Weighted average based on the interest rates and the respective outstanding borrowings as of June 30, 2016.

(2) Based on diluted weighted average shares outstanding for the three months ended June 30, 2016.

The following table presents the impact that a 100 basis point increase in interest rates would have on our annual floating rate interest expense at June 30, 2016 if we were fully drawn on our revolving credit facility and term loan remained outstanding:

	Impact of Increase in Interest Rates			
	Interest Rate Per Year (1)	Outstanding Debt	Total Interest Expense Per Year	Annual Per Common Share Impact (2)
At June 30, 2016	1.59%	\$1,400,000	\$ 22,260	\$ 0.15
100 basis point increase	2.59%	\$1,400,000	\$ 36,260	\$ 0.24

(1) Weighted average based on the interest rates and the respective outstanding borrowings (assuming fully drawn) as of June 30, 2016.

(2) Based on diluted weighted average shares outstanding for the six months ended June 30, 2016.

The foregoing two tables show the impact of an immediate change in floating interest rates. If interest rates were to change gradually over time, the impact would be spread over time. Our exposure to fluctuations in floating interest rates will increase or decrease in the future with increases or decreases in the outstanding amounts under our revolving credit facility and term loan or other floating rate debt, if any. Although we have no present plans to do so, we may in

the future enter into hedge arrangements from time to time to mitigate our exposure to changes in interest rates.

Item 4. Controls and Procedures

As of the end of the period covered by this report, our management carried out an evaluation, under the supervision and with the participation of our Managing Trustees, President and Chief Operating Officer and Chief Financial Officer and Treasurer, of the effectiveness of our disclosure controls and procedures pursuant to Rules 13a-15 and 15d-15 under the Securities Exchange Act of 1934, as amended. Based upon that evaluation, our Managing Trustees, President and Chief Operating Officer and Chief Financial Officer and Treasurer concluded that our disclosure controls and procedures are effective.

There have been no changes in our internal control over financial reporting during the quarter ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

WARNING CONCERNING FORWARD LOOKING STATEMENTS

ALSO, WHENEVER WE USE WORDS SUCH AS “BELIEVE”, “EXPECT”, “ANTICIPATE”, “INTEND”, “PLAN”, “ESTIMATE”, “MAY” OR SIMILAR EXPRESSIONS, WE ARE MAKING FORWARD LOOKING STATEMENTS. THESE FORWARD LOOKING STATEMENTS ARE BASED UPON OUR PRESENT INTENT, BELIEFS OR EXPECTATIONS, BUT FORWARD LOOKING STATEMENTS ARE NOT GUARANTEED TO OCCUR AND MAY NOT OCCUR. FORWARD LOOKING STATEMENTS IN THIS REPORT RELATE TO VARIOUS ASPECTS OF OUR BUSINESS, INCLUDING:

- OUR HOTEL MANAGERS’ OR TENANTS’ ABILITIES TO PAY THE CONTRACTUAL AMOUNTS OF RETURNS OR RENTS DUE TO US,
- OUR ABILITY TO MAKE ACQUISITIONS OF PROPERTIES AND OTHER INVESTMENTS,
- OUR POLICIES AND PLANS REGARDING INVESTMENTS, FINANCINGS AND DISPOSITIONS,
- OUR ABILITY TO PAY DISTRIBUTIONS TO OUR SHAREHOLDERS AND THE AMOUNT OF SUCH DISTRIBUTIONS,
- OUR ABILITY TO RAISE EQUITY OR DEBT CAPITAL,
- OUR ABILITY TO APPROPRIATELY BALANCE OUR USE OF DEBT AND EQUITY CAPITAL,
 - OUR INTENT TO MAKE IMPROVEMENTS TO CERTAIN OF OUR PROPERTIES AND THE SUCCESS OF OUR HOTEL RENOVATION PROGRAM,
- OUR ABILITY TO ENGAGE AND RETAIN QUALIFIED MANAGERS AND TENANTS FOR OUR HOTELS AND TRAVEL CENTERS ON SATISFACTORY TERMS,
- THE FUTURE AVAILABILITY OF BORROWINGS UNDER OUR REVOLVING CREDIT FACILITY,
- OUR ABILITY TO PAY INTEREST ON AND PRINCIPAL OF OUR DEBT,
- OUR CREDIT RATINGS,
- THE ABILITY OF TA TO PAY CURRENT AND DEFERRED RENT AMOUNTS DUE TO US,
- OUR EXPECTATION THAT WE BENEFIT FROM OUR OWNERSHIP OF RMR INC.,

- OUR QUALIFICATION FOR TAXATION AS A REIT, AND
- OTHER MATTERS.

Table of Contents

OUR ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE CONTAINED IN OR IMPLIED BY OUR FORWARD LOOKING STATEMENTS AS A RESULT OF VARIOUS FACTORS. FACTORS THAT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR FORWARD LOOKING STATEMENTS AND UPON OUR BUSINESS, RESULTS OF OPERATIONS, FINANCIAL CONDITION, FFO AVAILABLE FOR COMMON SHAREHOLDERS, NORMALIZED FFO AVAILABLE FOR COMMON SHAREHOLDERS, CASH FLOWS, LIQUIDITY AND PROSPECTS INCLUDE, BUT ARE NOT LIMITED TO:

- THE IMPACT OF CHANGES IN THE ECONOMY AND THE CAPITAL MARKETS ON US AND OUR MANAGERS AND TENANTS,
- COMPETITION WITHIN THE REAL ESTATE, HOTEL, TRANSPORTATION AND TRAVEL CENTER INDUSTRIES, PARTICULARLY IN THOSE MARKETS IN WHICH OUR PROPERTIES ARE LOCATED,
- COMPLIANCE WITH, AND CHANGES TO, FEDERAL, STATE AND LOCAL LAWS AND REGULATIONS AFFECTING THE REAL ESTATE, HOTEL, TRANSPORTATION AND TRAVEL CENTER INDUSTRIES, ACCOUNTING RULES, TAX LAWS AND SIMILAR MATTERS,
- LIMITATIONS IMPOSED ON OUR BUSINESS AND OUR ABILITY TO SATISFY COMPLEX RULES IN ORDER FOR US TO QUALIFY FOR TAXATION AS A REIT FOR U.S. FEDERAL INCOME TAX PURPOSES,
- ACTS OF TERRORISM, OUTBREAKS OF SO CALLED PANDEMICS OR OTHER MANMADE OR NATURAL DISASTERS BEYOND OUR CONTROL, AND
- ACTUAL AND POTENTIAL CONFLICTS OF INTEREST WITH OUR RELATED PARTIES, INCLUDING OUR MANAGING TRUSTEES, TA, SONESTA, RMR INC., RMR LLC, AIC AND OTHERS AFFILIATED WITH THEM.

FOR EXAMPLE:

- OUR ABILITY TO MAKE FUTURE DISTRIBUTIONS TO OUR SHAREHOLDERS AND TO MAKE PAYMENTS OF PRINCIPAL AND INTEREST ON OUR INDEBTEDNESS DEPENDS UPON A NUMBER OF FACTORS, INCLUDING OUR FUTURE EARNINGS AND THE CAPITAL COSTS WE INCUR TO MAINTAIN OUR PROPERTIES. WE MAY BE UNABLE TO PAY OUR DEBT OBLIGATIONS OR TO MAINTAIN OUR CURRENT RATE OF DISTRIBUTIONS ON OUR COMMON AND PREFERRED SHARES AND FUTURE DISTRIBUTIONS MAY BE REDUCED OR ELIMINATED,
- THE SECURITY DEPOSITS WHICH WE HOLD ARE NOT IN SEGREGATED CASH ACCOUNTS OR OTHERWISE SEPARATE FROM OUR OTHER ASSETS AND LIABILITIES. ACCORDINGLY, WHEN WE RECORD INCOME BY REDUCING OUR SECURITY DEPOSIT LIABILITIES, WE DO NOT RECEIVE ANY ADDITIONAL CASH PAYMENT. BECAUSE WE DO NOT RECEIVE ANY ADDITIONAL CASH PAYMENT AS WE APPLY SECURITY DEPOSITS TO COVER PAYMENT SHORTFALLS, THE FAILURE OF OUR MANAGERS OR TENANTS TO PAY MINIMUM RETURNS OR RENTS DUE TO US MAY REDUCE OUR CASH FLOWS AND OUR ABILITY TO PAY DISTRIBUTIONS TO SHAREHOLDERS,
- AS OF JUNE 30, 2016, APPROXIMATELY 79% OF OUR AGGREGATE ANNUAL MINIMUM RETURNS AND RENTS WERE SECURED BY GUARANTEES OR SECURITY DEPOSITS FROM OUR MANAGERS AND TENANTS. THIS MAY IMPLY THAT THESE MINIMUM RETURNS AND RENTS WILL BE PAID. IN FACT, THESE GUARANTEES AND SECURITY DEPOSITS ARE LIMITED IN AMOUNT AND DURATION AND THE GUARANTEES ARE SUBJECT TO THE GUARANTORS' ABILITY AND WILLINGNESS TO PAY. THE BALANCE OF OUR ANNUAL MINIMUM RETURNS AND RENTS AS OF JUNE 30, 2016 WAS NOT GUARANTEED NOR DO WE HOLD A SECURITY DEPOSIT WITH RESPECT TO THOSE AMOUNTS. WE CAN PROVIDE NO ASSURANCE WITH REGARD TO THE FUTURE PERFORMANCE OF OUR PROPERTIES AND WHETHER THEY WILL COVER OUR MINIMUM RETURNS AND RENTS, WHETHER THE GUARANTEES OR SECURITY DEPOSITS WILL BE ADEQUATE TO COVER FUTURE SHORTFALLS IN THE MINIMUM RETURNS OR RENTS DUE TO US, OR REGARDING OUR MANAGERS', TENANTS' OR GUARANTORS' FUTURE ACTIONS IF AND WHEN THE GUARANTEES AND SECURITY DEPOSITS

EXPIRE OR ARE DEPLETED OR THEIR ABILITY OR WILLINGNESS TO PAY MINIMUM RETURNS AND RENTS OWED TO US,

- WE HAVE RECENTLY RENOVATED CERTAIN HOTELS AND ARE CURRENTLY RENOVATING ADDITIONAL HOTELS. WE EXPECT TO FUND APPROXIMATELY \$68.6 MILLION FOR RENOVATIONS AND OTHER CAPITAL IMPROVEMENT COSTS AT OUR HOTELS DURING THE REMAINDER OF 2016. THE COST OF CAPITAL PROJECTS ASSOCIATED WITH SUCH RENOVATIONS MAY BE GREATER THAN WE NOW ANTICIPATE. WHILE OUR FUNDING OF THESE CAPITAL PROJECTS WILL CAUSE OUR CONTRACTUAL MINIMUM RETURNS TO INCREASE, THE HOTELS' OPERATING RESULTS MAY NOT INCREASE OR MAY NOT INCREASE TO THE EXTENT THAT THE MINIMUM RETURNS INCREASE. ACCORDINGLY, COVERAGE OF OUR MINIMUM RETURNS AT THESE HOTELS MAY REMAIN DEPRESSED FOR AN EXTENDED PERIOD,
- WE EXPECT TO PURCHASE FROM TA DURING THE REMAINDER OF 2016 UP TO \$58.0 MILLION OF CAPITAL IMPROVEMENTS TA EXPECTS TO MAKE TO THE TRAVEL CENTERS WE LEASE TO TA. PURSUANT TO THE TERMS OF THE APPLICABLE LEASES, THE ANNUAL RENT PAYABLE TO US BY TA WILL INCREASE AS A RESULT OF ANY SUCH PURCHASES. WE MAY ULTIMATELY PURCHASE MORE OR LESS THAN THIS BUDGETED AMOUNT AND OUR BOARD OF TRUSTEES AND INDEPENDENT TRUSTEES MAY AUTHORIZE MORE OR LESS THAN THIS PROJECTED AMOUNT AT THEIR DISCRETION. TA MAY NOT REALIZE RESULTS FROM ANY OF THESE CAPITAL IMPROVEMENTS WHICH EQUAL OR EXCEED THE INCREASED ANNUAL RENTS IT WILL BE OBLIGATED TO PAY TO US, WHICH COULD INCREASE THE RISK OF TA BEING UNABLE TO PAY AMOUNTS IT OWES TO US,
- HOTEL ROOM DEMAND AND TRUCKING ACTIVITY ARE OFTEN REFLECTIONS OF THE GENERAL ECONOMIC ACTIVITY IN THE COUNTRY. IF ECONOMIC ACTIVITY IN THE COUNTRY DECLINES, HOTEL ROOM DEMAND AND TRUCKING ACTIVITY MAY DECLINE AND THE OPERATING RESULTS OF OUR HOTELS AND TRAVEL CENTERS MAY DECLINE, THE FINANCIAL RESULTS OF OUR HOTEL MANAGERS AND OUR TENANTS, INCLUDING TA, MAY SUFFER AND THESE MANAGERS AND TENANTS MAY BE UNABLE TO PAY OUR RETURNS OR RENTS. ALSO, DEPRESSED OPERATING RESULTS FROM OUR PROPERTIES FOR EXTENDED PERIODS MAY RESULT IN THE OPERATORS OF SOME OR ALL OF OUR HOTELS AND OUR TRAVEL CENTERS BECOMING UNABLE OR UNWILLING TO MEET THEIR OBLIGATIONS OR THEIR GUARANTEES AND SECURITY DEPOSITS WE HOLD MAY BE EXHAUSTED,
- IF THE CURRENT LEVEL OF COMMERCIAL ACTIVITY IN THE COUNTRY DECLINES, IF THE PRICE OF DIESEL FUEL INCREASES SIGNIFICANTLY, IF FUEL CONSERVATION MEASURES ARE INCREASED, IF FREIGHT BUSINESS IS DIRECTED AWAY FROM TRUCKING, IF TA IS UNABLE TO EFFECTIVELY COMPETE OR OPERATE ITS BUSINESS OR FOR VARIOUS OTHER REASONS, TA MAY BECOME UNABLE TO PAY CURRENT AND DEFERRED RENTS DUE TO US,
- OUR ABILITY TO GROW OUR BUSINESS AND INCREASE OUR DISTRIBUTIONS DEPENDS IN LARGE PART UPON OUR ABILITY TO BUY PROPERTIES THAT GENERATE RETURNS OR CAN BE LEASED FOR RENTS WHICH EXCEED OUR OPERATING AND CAPITAL COSTS. WE MAY BE UNABLE TO IDENTIFY PROPERTIES THAT WE WANT TO ACQUIRE OR TO NEGOTIATE ACCEPTABLE PURCHASE PRICES, ACQUISITION FINANCING, MANAGEMENT CONTRACTS OR LEASE TERMS FOR NEW PROPERTIES,
- WE HAVE AGREED TO ACQUIRE FROM AND LEASEBACK TO TA TWO TRAVEL CENTERS WHICH TA IS DEVELOPING. WE AGREED TO PURCHASE THESE PROPERTIES AT TA'S COSTS (INCLUDING HISTORICAL LAND COSTS) UP TO \$46 MILLION IN THE AGGREGATE IF THE DEVELOPMENT IS SUBSTANTIALLY COMPLETED PRIOR TO JUNE 30, 2017. TA HAS BEGUN CONSTRUCTION AT THESE TRAVEL CENTERS. IT IS DIFFICULT TO ESTIMATE THE COST AND TIMING TO DEVELOP NEW TRAVEL CENTERS. CONSTRUCTION OF NEW TRAVEL CENTERS MAY BE DELAYED FOR VARIOUS REASONS SUCH AS LABOR STRIFE, WEATHER CONDITIONS, THE UNAVAILABILITY OF CONSTRUCTION MATERIALS, ETC. THE PURCHASE AND LEASEBACK OF THESE TRAVEL CENTERS MAY BE DELAYED OR THE TERMS OF THE TRANSACTION MAY CHANGE,

Table of Contents

- CONTINGENCIES IN OUR ACQUISITION AND SALE AGREEMENTS MAY NOT BE SATISFIED AND OUR PENDING ACQUISITIONS AND SALES AND ANY RELATED MANAGEMENT ARRANGEMENTS WE MAY EXPECT TO ENTER INTO MAY NOT OCCUR, MAY BE DELAYED OR THE TERMS OF SUCH TRANSACTIONS OR ARRANGEMENTS MAY CHANGE,
- AT JUNE 30, 2016, WE HAD \$20.3 MILLION OF CASH AND CASH EQUIVALENTS, \$768.0 MILLION AVAILABLE UNDER OUR \$1.0 BILLION REVOLVING CREDIT FACILITY AND SECURITY DEPOSITS AND GUARANTEES COVERING SOME OF OUR MINIMUM RETURNS AND RENTS. THESE STATEMENTS MAY IMPLY THAT WE HAVE ABUNDANT WORKING CAPITAL AND LIQUIDITY. HOWEVER, OUR MANAGERS AND TENANTS MAY NOT BE ABLE TO FUND MINIMUM RETURNS AND RENTS DUE TO US FROM OPERATING OUR PROPERTIES OR FROM OTHER RESOURCES; IN THE PAST AND CURRENTLY, CERTAIN OF OUR TENANTS AND HOTEL MANAGERS HAVE IN FACT NOT PAID THE MINIMUM AMOUNTS DUE TO US FROM THEIR OPERATIONS OF OUR LEASED OR MANAGED PROPERTIES. ALSO, THE SECURITY DEPOSITS AND GUARANTEES WE HAVE TO COVER ANY SUCH SHORTFALLS ARE LIMITED IN AMOUNT AND DURATION, AND ANY SECURITY DEPOSITS WE APPLY FOR SUCH SHORTFALLS DO NOT RESULT IN ADDITIONAL CASH FLOW TO US. FURTHER, OUR PROPERTIES REQUIRE, AND WE HAVE AGREED TO PROVIDE, SIGNIFICANT FUNDING FOR CAPITAL IMPROVEMENTS, RENOVATIONS AND OTHER MATTERS. ACCORDINGLY, WE MAY NOT HAVE SUFFICIENT WORKING CAPITAL OR LIQUIDITY,
