INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will consider and vote on the following matters:

1. Elect the 10 nominees for director named in this proxy statement, each for a term ending at the 2018 Annual Meeting of Stockholders, and until his or her successor has been duly elected and qualified;
2. Approve on an advisory basis, the compensation of our named executive officers;
3. Ratify the selection by the audit committee of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and
4. Transact such other business as may properly come before the meeting or any adjournment thereof.

Who can vote?

All stockholders of record at the close of business on April 12, 2018, which we refer to as the record date, are entitled to vote at the Annual Meeting.

What shares will be entitled to vote at the Annual Meeting?

Our voting securities consist of common stock, of which approximately 109,667,766 shares (excluding any treasury shares) were outstanding on the record date, and 8.00% Series A Convertible Preferred Stock (the “Series A Preferred Stock”), of which 236,672 shares were outstanding on the record date. Holders of our common stock and Series A Preferred Stock may vote on each proposal that comes before the Annual Meeting. Holders of our common stock and Series A Preferred Stock will each vote together as a single class on Proposals 1, 2 and 3.

How many votes do I have?

Each share of our common stock you owned on the record date entitles you to one vote on each matter that is voted on. On an as-converted basis, each share of our Series A Preferred Stock you owned on the record date entitles you to 400 votes per share on each matter that is voted on.

Is my vote important?

Your vote is important regardless of how many shares you own. Please take the time to read the instructions below and vote. Choose the method of voting that is easiest and most convenient for you and please cast your vote as soon as possible.

How do I vote?

Included with the proxy materials you received is a proxy card or a voting instruction form from your bank, broker or other nominee for the Annual Meeting. The proxy card or voting instruction form contains instructions on how to vote either at our Annual Meeting, over the Internet, by telephone or by mail. To vote during the Annual Meeting, select the “Vote” button and complete the information from your proxy card to verify your eligibility to vote. Be sure to characterize your vote as your first vote or the withdrawal of a prior vote. Your vote must be cast during the Annual Meeting before the polls are closed. If you return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of

our board of directors.

1

Can I change my vote or revoke my proxy after I have voted my shares?

Yes. You may revoke your proxy or change your vote at any time before it is exercised at the Annual Meeting by delivering to our corporate secretary a written notice of revocation or a duly executed proxy bearing a later date or by voting over the Internet, by telephone or by mail. You may not change your vote over the Internet, by telephone or by mail after 11:59 p.m. eastern time on May 29, 2018. Only your latest dated, valid proxy card received not later than 11:59 p.m. eastern time on May 29, 2018 will be counted, unless you submit your vote electronically during the virtual Annual Meeting. You may electronically vote or change or revoke a prior vote during the Annual Meeting. See “How do I vote?” above.

Can I vote if my shares are held in “street name”?

If the shares you own are held in “street name” by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your voting instruction form.

What constitutes a quorum?

In order for business to be conducted at the meeting, a quorum must be present. For all the matters that are voted upon at the Annual Meeting, a quorum consists of the holders of a majority of the common stock and the Series A Preferred Stock, issued outstanding and entitled to vote at the meeting, present or represented by proxy, voting together as a single class on an as-converted basis. A quorum, once established at a meeting, shall not be broken by the withdrawal of enough votes to leave less than a quorum.

Shares of our common stock and Series A Preferred Stock present or represented by proxy (including broker non-votes and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists.

If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

What vote is required for each item and how will the votes be counted?

Each share of common stock is entitled to one vote. On an as-converted basis, each share of Series A Preferred Stock is entitled to 400 votes. Shares will not be voted in favor of a matter, and will not be counted as voting on a particular matter, if either (1) the holder of the shares abstains from voting on the matter or (2) the shares are broker non-votes, as described below.

Approval Requirements. If a quorum is present, the vote required to approve each of the proposals is as follows. All votes will be counted by the inspector of election appointed for the meeting.

With respect to Proposal 1, the nominees for directors receiving a plurality of the votes cast by holders of our common stock and Series A Preferred Stock, voting together as a single class on an as-converted basis, at the meeting or by proxy, shall be elected to our board of directors. With respect to Proposal 1, you may vote “for” or “withhold” any or all director nominees.

With respect to Proposals 2 and 3, a majority in voting power of the votes cast by the holders of all shares of common stock and Series A Preferred Stock, voting together as a single class

on an as-converted basis, represented at the meeting and voting affirmatively or negatively on such matter is required for approval. For Proposals 2 and 3, abstentions are not counted for purposes of determining the minimum number of affirmative votes required for approval and, accordingly, have no effect on the outcome of voting on such proposals.

Broker Non-Votes. If your broker holds your shares in its name and does not receive voting instructions from you, it will still be able to vote your shares with respect to certain “discretionary” items, but will not be allowed to vote your shares with respect to certain “non-discretionary” items. In the case of non-discretionary items, the shares for which your broker receives no instruction from you will be treated as “broker non-votes.” Broker non-votes are shares that are held in “street name” by a bank or brokerage firm that indicates on its proxy that it does not have discretionary authority to vote on a particular matter. Proposal 3 is a discretionary item under these rules, and accordingly, your bank or brokerage firm will be able to vote your shares even if you do not give instructions on how to do so. The election of directors and the advisory vote on the compensation of our named executive officers as discussed in Proposals 1 and 2, respectively, are “non-discretionary” items. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in Proposal 1 or 2, your shares may constitute broker non-votes with respect to such proposals and no votes will be cast on your behalf with respect to such proposals.

Broker non-votes will not affect the required vote with respect to Proposals 1 or 2 (and will not affect the attainment of a quorum since the broker has discretion to vote on Proposal 3 and these votes will be counted toward establishing a quorum).

Who will count the votes?

Broadridge Financial Solutions will count, tabulate and certify the votes. A representative of Broadridge Financial Solutions will serve as the inspector of elections at the meeting.

How does the board of directors recommend that I vote on the proposals?

Our board of directors recommends that you vote:

FOR the election of the director nominees listed herein;

FOR the approval, on an advisory basis, of the compensation of our named executive officers; and

FOR the ratification of the selection of our independent registered public accounting firm.

Will any other business be conducted at the Annual Meeting or will other matters be voted on?

We are not aware of any other business to be conducted or matters to be voted upon at the meeting. Under our bylaws and as reported in a Current Report on Form 8-K filed with the Securities and Exchange Commission (“SEC”), the deadline for stockholders to notify us of any proposals or nominations for director to be presented for action at the Annual Meeting was April 12, 2018. If any other matter properly comes before the meeting, the persons named in the proxy card that accompanies this proxy statement will exercise their judgment in deciding how to vote, or otherwise act, at the meeting with respect to that matter or proposal.

Where can I find the voting results?

We will report the voting results from the Annual Meeting in a Current Report on Form 8-K, which we expect to file with the SEC within four business days after the Annual Meeting.

How can I recommend a candidate for R1's board of directors?

Stockholders may recommend director candidates for consideration by the nominating and corporate governance committee of our board of directors by submitting the stockholder's name, address and number of shares of our stock held, as well as any other information required by our bylaws and the candidate's name, age, address and resume to our corporate secretary at the address below. If a stockholder would like a candidate to be considered, then the stockholder must follow the procedures for stockholder proposals outlined immediately below under "How and when may I submit a stockholder proposal for the 2019 Annual Meeting of Stockholders?" How and when may I submit a stockholder proposal for the 2018 Annual Meeting of Stockholders?

If you are interested in submitting a proposal for inclusion in the proxy statement for our 2019 Annual Meeting of Stockholders, you must follow the procedures outlined in Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). A proposal that a stockholder would like included in our proxy statement for the 2018 Annual Meeting of Stockholders must satisfy all applicable requirements of Rule 14a-8 and must be received at the address below no later than December 28, 2018. This deadline may change if our 2019 Annual Meeting of Stockholders is held before April 30, 2019 or after June 29, 2019.

If you wish to present a proposal or a proposed director candidate at the 2019 Annual Meeting of Stockholders, but do not wish to have the proposal or director candidate considered for inclusion in the proxy statement and proxy card, you must satisfy all applicable requirements set forth in our bylaws and give written notice to us at the address noted below not earlier than January 30, 2019 and not later than March 1, 2019. This deadline may change if our 2019 Annual Meeting of Stockholders is held before May 10, 2019 or after July 29, 2019.

In addition to solicitations by mail, our directors, officers and employees may, without additional pay, solicit proxies by telephone, facsimile, e-mail and in person. We will also request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy materials to the persons for whom they hold shares and request instructions for voting the proxies. We will reimburse the brokerage houses and other persons for their reasonable expenses in connection with this distribution.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you call or write our Investor Relations department at the address, telephone number or e-mail address listed above. If you want to receive separate copies of our proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder.

PROPOSAL 1 - ELECTION OF DIRECTORS

Our board of directors is currently authorized to have eleven members.

At our 2015 Annual Meeting of Stockholders, our stockholders voted to approve an amendment to our restated certificate of incorporation that provides for the phased-in declassification of our board of directors and the annual election of all directors, and our board of directors approved conforming changes to our amended and restated bylaws. Specifically, our restated certificate of incorporation, as amended, provides that (1) the Class III directors that stood for election at our 2016 Annual Meeting were elected for a one-year term, (2) the Class I directors and Class III directors that stood for election at our 2017 Annual Meeting were elected for a one-year term, and (3) beginning with our 2018 Annual Meeting, and at each Annual Meeting thereafter, our entire board will stand for election for a one-year term and there will no longer be any designation by classes. Our restated certificate of incorporation and our amended and restated bylaws also provide that the number of directors is to be established by the board of directors.

Pursuant to the terms of the Investor Rights Agreement (the “Investor Rights Agreement”) between the Company and TCP-ASC ACHI Series LLLP (the “Investor”), a Delaware series limited liability limited partnership jointly owned by Ascension Health Alliance d/b/a Ascension (“Ascension”) and investment funds affiliated with TowerBrook Capital Partners L.P. (“TowerBrook”), for so long as the Investor’s “Ownership Threshold” (as that term is defined in the Investor Rights Agreement) is met, the Investor shall be entitled to nominate such number of individuals to our board of directors constituting a majority of our board of directors (collectively, the “Investor Designees”), and entitled to designate the chairman of our board of directors. Messrs. Feiner, Henneman, Impicciche, Moszkowski, Sacks and Speranzo currently serve on our board of directors as Investor Designees.

Pursuant to the terms of the Securities Purchase Agreement (the “Securities Purchase Agreement”) between the Company and IHC Health Services, Inc. (“Intermountain”), for so long as Intermountain’s Ownership Threshold (as that term is defined in the Securities Purchase Agreement) is met, Intermountain shall be entitled to nominate one individual (the “Intermountain Designee”) to our board of directors. Mr. Zimmerli currently serves on our board of directors as the Intermountain Designee.

On March 24, 2018, Steven Shulman notified our board of directors of his intention to resign, effective as of April 2, 2018, as a director, as chairman of our board of directors, and as a member of the compensation committee and the nominating and corporate governance committee of our board of directors. Mr. Shulman will not stand for re-election at the Annual Meeting. On March 25, 2018, our board of directors increased the number of directors comprising the board of directors to 11 and elected Albert R. Zimmerli as a director. As a result of Mr. Shulman’s resignation, there is a vacancy on the board of directors. The board of directors is not making a nomination for an eleventh director at this time. The board of directors intends to fill the vacancy at such time as it identifies an appropriate candidate for election to the board of directors.

All of our directors are up for election at this Annual Meeting, and our stockholders will have an opportunity to vote for the following nominees for director: Charles J. Ditkoff, Michael C. Feiner, Joseph Flanagan, John B. Henneman, III, Joseph Impicciche, Alex J. Mandl, Neal Moszkowski, Ian Sacks, Anthony J. Speranzo and Albert R. Zimmerli.

You can find more information about the director nominees in the section of this proxy statement entitled “Information About Our Directors, Officers and 5% Stockholders - Our Board of Directors.”

If elected, Messrs. Ditkoff, Feiner, Flanagan, Henneman, Impicciche, Mandl, Moszkowski, Sacks, Speranzo and Zimmerli will hold office until the 2019 Annual Meeting of Stockholders and until his successor has been duly elected and qualified, or until his earlier death, resignation or removal. All nominees have consented to being named in this proxy statement and indicated their willingness to serve if elected. However, if any of them should be unable to serve, proxies may be voted for substitute

nominees nominated by our board of directors, or our board of directors may reduce the number of directors.

Our board of directors recommends a vote FOR the nominees for director.

PROPOSAL 2 - APPROVAL ON AN ADVISORY BASIS OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of the executive officers named in the Summary Compensation Table under “Executive Compensation” below, who we refer to as our “Named Executive Officers,” as disclosed in this proxy statement in accordance with the SEC’s rules. This proposal, which is commonly referred to as “say-on-pay,” is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which added Section 14A to the Exchange Act.

Our executive compensation programs are designed to attract, motivate and retain high quality executives, who are critical to our success. Under these programs, our Named Executive Officers are rewarded for the achievement of our short and long-term financial and strategic goals and for driving corporate financial performance and stability. The programs contain elements of cash and equity-based compensation and are designed to align the interests of our executives with those of our stockholders.

The “Executive Compensation” section of this proxy statement, including “Compensation Discussion and Analysis,” or “CD&A,” beginning on page 33 describes in detail our executive compensation programs and the decisions made by our compensation committee with respect to the year ended December 31, 2017. At our 2017 annual meeting of stockholders, a majority of our stockholders supported a triennial vote on our executive compensation and, in response, our board of directors decided to hold advisory votes on the compensation of our Named Executive Officers every three years.

Our executive compensation program is designed to:

- reward the achievement of our annual and long-term operating and strategic goals;
- recognize individual contributions; and

•align the interests of our executives with those of our stockholders by rewarding performance that meets or exceeds established goals, with the ultimate objective of increasing stockholder value.

To achieve these objectives, our executive compensation program ties a portion of each Named Executive Officer’s overall compensation to key corporate financial goals, primarily Adjusted EBITDA (as defined in the CD&A), as well as to individual performance. We also provide a portion of our executive compensation in the form of equity incentive awards that contain both a performance-based and time-based vesting components, which we believe helps to retain our Named Executive Officers and aligns their interests with those of our stockholders by allowing them to participate in our long-term performance as reflected in the trading price of shares of our common stock.

As we describe in the CD&A, our executive compensation program embodies a pay-for-performance philosophy that supports our business strategy and aligns the interests of our executives with our stockholders. Our board of directors believes this link between compensation and the achievement of our short and long-term business goals has helped drive our performance over time. At the same time, we believe our program does not encourage excessive risk-taking by management.

Our board of directors is asking stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Named Executive Officers of R1 RCM Inc., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

As an advisory vote, this proposal is not binding. PROPOSAL 3 - RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our board of directors has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. Although stockholder approval of the audit committee's selection of Ernst & Young LLP is not required by law, we believe that it is important to give stockholders an opportunity to ratify this selection. If our stockholders do not ratify this selection, then our audit committee will reconsider the selection. We expect that a representative of Ernst & Young LLP, which is serving as our independent registered public accounting firm for the year ended December 31, 2018 and served as our independent registered public accounting firm for the years ended December 31, 2017 and 2016, will be present at the Annual Meeting to make a statement if he or she wishes and will be available to respond to appropriate questions.

We incurred the following fees from our independent registered public accounting firm, Ernst & Young LLP for the years ended December 31, 2017 and December 31, 2016 (in thousands):

Fee Category	2017	2016
Audit Fees	\$1,819	\$2,059
Audit-Related Fees	1,545	25
Tax Fees	0	9
All Other Fees	2	2
Total Fees	\$3,366	\$2,095

Audit Fees. Audit fees consist of fees for the audit of our annual consolidated financial statements, the review of the interim consolidated financial statements, subsidiary audits and other professional services provided in connection with our filings with the SEC for each respective year. The amounts presented for Audit Fees for 2017 consisted of fees associated with the audit of our 2017 consolidated financial statements and the statutory audits of our foreign subsidiaries. The amounts presented for Audit Fees for 2016 consisted of fees associated with the audit of our 2016 consolidated financial statements, strategic review process and adoption of a new revenue recognition standard.

Audit-Related Fees. Audit-related fees for 2017 consisted of fees for due diligence services related to acquisitions, attestation services required by contracts with customers and fees for the audit of employee benefit plans. Audit-related fees for 2016 consisted of fees for the audit of employee benefit plans.

Tax Fees. Tax fees for 2017 and 2016 consisted of fees for tax compliance and related regulatory filings.

All Other Fees. All other fees for 2017 and 2016 consisted of a subscription for access to an accounting research tool.

The audit committee of our board of directors believes that the non-audit services described above did not compromise Ernst & Young LLP's independence. The audit committee's charter, which you can find in the "Corporate Governance" section of the "Investor Relations" page of our website, www.r1rcm.com, requires that all proposals to engage Ernst & Young LLP for services, and all proposed fees for these services, be submitted to the audit committee for approval before Ernst & Young LLP may provide the services. None of the above fees were approved using the "de minimis exception" under SEC rules.

Pre-Approval of Audit and Non-Audit Services

Our audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our registered public accounting firm. This policy generally provides that we will not engage our registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our audit committee.

From time to time, our audit committee may pre-approve specified types of services that are expected to be provided to us by our registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount. Our audit committee pre-approved all of the services described under the headings “Audit Fees,” “Audit-Related Fees,” “Tax Fees” and “All Other Fees” above.

Our board of directors recommends a vote FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

CORPORATE GOVERNANCE

Our board of directors believes that good corporate governance is important to ensure that our company is managed for the long-term benefit of our stockholders. This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of the corporate governance guidelines, committee charters and code of business conduct and ethics described below are available in the “Corporate Governance” section of the “Investor Relations” page of our website, www.r1rcm.com. Alternatively, you can request a copy of any of these documents by writing to R1 RCM Inc., 401 North Michigan Avenue, Suite 2700, Chicago, Illinois 60611, Attention: Investor Relations.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist the board in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. A copy of these guidelines is posted on the “Investor Relations” section of our website. These guidelines, which provide a framework for the conduct of the board’s business, provide that:

- the board’s principal responsibility is to oversee the management of R1;
- directors have an obligation to become and remain informed about our company and business;
- directors are responsible for determining that effective systems are in place for periodic and timely reporting to the board on important matters concerning our company;
- directors are responsible for attending board meetings and meetings of committees on which they serve;
- a majority of the members of the board of directors shall be independent directors;
- each director must limit the number of other public company boards on which he or she serves so that he or she is able to devote adequate time to his or her duties to R1, including preparing for and attending meetings;
- the non-management directors meet in executive session at least semi-annually;
- directors have full and free access to officers and employees of our company, and the right to hire and consult with independent advisors at our expense;
- new directors are expected to participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- at least annually, the board of directors and its committees will conduct self-evaluations to determine whether they are functioning effectively.

Board Leadership Structure

Our board of directors has determined that the roles of chairman of the board and chief executive officer should be separated at the current time. From April 2014 until April 2, 2018, Steven Shulman, an independent director within the meaning of the Nasdaq Stock Market (“Nasdaq”) rules (see “Board Determination of Independence” below), served as the chairman of the board of directors. Mr. Shulman’s duties as chairman of the board included the following:

• chairing meetings of the non-management or independent directors in executive session;

20

meeting with any director who is not adequately performing his or her duties as a member of our board or any committee;

facilitating communications between other members of our board and the chief executive officer;

preparing or approving the agenda for each board meeting;

determining the frequency and length of board meetings and recommending when special meetings of our board should be held; and

reviewing and, if appropriate, recommending action to be taken with respect to written communications from stockholders submitted to our board (see “Communicating with the Directors” below).

Our board decided to separate the roles of chairman and chief executive officer because it believes that leadership structure offers the following benefits:

increasing the independent oversight of R1 and enhancing our board’s objective evaluation of our chief executive officer;

freeing the chief executive officer to focus on company operations instead of board administration;

providing the chief executive officer with an experienced sounding board;

- providing greater opportunities for communication between stockholders and our board;

enhancing the independent and objective assessment of risk by our board; and

providing an independent spokesman for our company.

Mr. Shulman resigned, effective as of April 2, 2018, as a director, as Chairman of the board of directors, and as a member of the compensation committee and the nominating and corporate governance committee of the board of directors. Mr. Shulman will not stand for re-election at the 2018 Annual Meeting. As a result of Mr. Shulman’s resignation, there is a vacancy on the board of directors. The board of directors is not making a nomination for an eleventh director at this time. The board of directors intends to fill the vacancy at such time as it identifies an appropriate candidate for election to the board of directors.

Our board of directors has elected Alex Mandl as Lead Director, effective as of March 25, 2018. Mr. Mandl has served on our board of directors since November 2013 and currently serves as Chair of the audit committee of the board of directors. A committee of independent directors, including Mr. Mandl, has been formed to lead the process to identify and appoint the Company’s next Chairman of the board of directors.

Board Determination of Independence

Our common stock is traded on Nasdaq. Pursuant to Nasdaq listing standards, a director currently or recently employed by us or not satisfying other bright-line independence standards under Nasdaq requirements cannot be deemed to be an “independent director.” In addition, in accordance with Nasdaq listing standards, a director will qualify as “independent” only if our board of directors affirmatively determines that he or she has no material relationship with us, either directly or as a partner, stockholder or officer of an

organization that has a relationship with us. Ownership of a significant amount of our stock, by itself, does not constitute a material relationship.

Our board of directors consists of Charles J. Ditkoff, Michael C. Feiner, Joseph Flanagan, John B. Henneman III, Joseph R. Impicicche, Alex J. Mandl, Neal Moszkowski, Ian Sacks, Anthony J. Speranzo and Albert R. Zimmerli. In March 2017, the board of directors increased the size of the board by one director and appointed Michael C. Feiner as a director. In March 2018, the board of directors increased the size of the board by one director and appointed Albert R. Zimmerli as a director. Our board of directors has affirmatively determined that each of Messrs. Ditkoff, Feiner, Henneman, Mandl, Moszkowski, and Sacks is “independent” within the meaning of Nasdaq rules. In determining that Mr. Ditkoff is independent, our board of directors considered payments that we made to Alvarez & Marsal, where Mr. Ditkoff served as a Senior Advisor and as an employee, for facilities and transformation services. The payments that we made to Alvarez & Marsal in each of the last three fiscal years did not exceed the greater of (i) \$200,000 or (ii) 5% of Alvarez & Marsal’s consolidated gross revenues for the year in which such payments were received. Our board of directors also considered payments that we made to McDermott, Will & Emery, where Mr. Ditkoff is of counsel, for professional services. The payments that we made to McDermott, Will & Emery in each of the last three fiscal years did not exceed the greater of (i) \$200,000 or (ii) 5% of McDermott, Will & Emery’s consolidated gross revenues for the year in which such payments were received. Additionally, Mr. Ditkoff’s salary is not affected in any way by our relationship with McDermott, Will & Emery. In determining that Mr. Feiner is independent, our board of directors considered payments that we made to Michael C. Feiner Consulting, Inc., a company owned by Mr. Feiner, for consulting services pursuant to a consulting engagement that ended in 2016. Such payments did not exceed \$120,000. In determining that Messrs. Moszkowski and Sacks are independent, our board of directors considered the pending acquisition of Intermedix Holdings, Inc. and the related subordinated loan financing to be provided by applicable affiliates of TowerBrook, as described under “Related Person Transactions-Pending Intermedix Acquisition,” and concluded, in light of the facts and circumstances of these transactions, that the subordinated loan does not interfere with these directors’ exercise of independent judgment in carrying out the responsibilities of a director. In particular, our board of directors considered the following factors, among others: (i) at this time, the aggregate of all fees, interest payments and other payments under the subordinated loan paid to applicable affiliates of TowerBrook does not exceed the greater of \$200,000 or 5% of TowerBrook’s consolidated gross revenues for 2017 and is not expected to exceed such amount in 2018; (ii) the subordinated loan transaction was reviewed, negotiated and approved by a committee of independent and disinterested directors; (iii) the company received a fairness opinion from an independent firm regarding the subordinated loan transaction; (iv) the terms and costs of other available financing for the Intermedix Acquisition were not more attractive; and (v) the company intends to refinance or repay the subordinated loan as soon as commercially practicable and depending on market conditions. If, in the future, the aggregate of all fees, interest payments and other payments under the subordinated loan paid to applicable affiliates of TowerBrook exceeds the greater of \$200,000 or 5% of TowerBrook’s consolidated gross revenue in a year, Messrs. Moszkowski and Sacks would be automatically precluded from being deemed independent under the Nasdaq listing rules. Our board of directors intends to monitor these independence determinations and make appropriate changes to the structure and composition of our board of directors if any director ceases to be independent in the future.

Director Nomination Process

The process followed by the nominating and corporate governance committee to identify and evaluate director candidates includes requests to members of our board of directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the nominating and corporate governance committee and our board of directors.

In considering whether to recommend any particular candidate for inclusion in our board or directors' slate of recommended director nominees, the nominating and corporate governance committee applies the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate’s integrity, business acumen, knowledge of

our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. In addition to these criteria, the nominating and corporate governance committee also considers diversity in its evaluation of candidates for board membership. Our board of directors believes that diversity with respect to viewpoint, skills and experience should be an important factor in board composition. The committee does not assign specific

weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow our board of directors to fulfill its responsibilities.

Additionally, the Investor Rights Agreement with the Investor and the Securities Purchase Agreement with Intermountain provide, among other things, each of the Investor and Intermountain with certain rights regarding the nomination of directors while it maintains certain ownership thresholds. See “Certain Relationships and Related Person Transactions and Director Independence-Strategic Transaction-Investor Rights Agreement” and “Intermountain Transactions-Securities Purchase Agreement.”

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials, to: Nominating and Corporate Governance Committee, c/o R1 RCM Inc., 401 North Michigan Avenue, Suite 2700, Chicago, Illinois 60611, Attention: Corporate Secretary. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If our board of directors determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting.

Board Meetings and Attendance

The board of directors met five times during the fiscal year ended December 31, 2017, either in person or by teleconference. During 2017, each incumbent director attended at least 75% of the aggregate of the number of board meetings and the number of meetings held by all committees on which he or she then served.

Director Attendance at Annual Meeting of Stockholders

Our Corporate Governance Guidelines provide that directors are encouraged to attend meetings of stockholders at which non-routine matters will be considered. One of the nine then-current directors attended our 2016 Annual Meeting of Stockholders.

Risk Management

Our compliance and risk management committee holds primary responsibility for overseeing our risk management function, in partnership and coordination with our audit committee. Our board of directors established a compliance and risk management committee in 2016 to oversee healthcare regulatory compliance matters and enterprise risks. Further, the audit committee has primary responsibility for overseeing financial and public company risks and management thereof. In addition, our entire board of directors is actively involved in overseeing our risk management. For example, our board engages in periodic discussions with such company officers as the board deems necessary, including the chief executive officer, chief financial officer and other executive officers. We believe that the leadership structure of our board supports effective risk management oversight.

Board Committees

Our board of directors has established an audit committee, a compensation committee, a nominating and corporate governance committee and a compliance and risk management committee. Each committee

operates under a charter that has been approved by our board of directors. Copies of each committee's charter are posted on the "Investor Relations" section of our website, www.r1rcm.com.

Audit Committee

Our board of directors has established a standing audit committee. Our audit committee assists our board of directors in its oversight of our accounting and financial reporting process and the audits of our financial statements. Since January 1, 2017, each of Messrs. Ditkoff, Henneman and Mandl have served as members of our audit committee. Our board of directors has determined that each of the members of our audit committee is independent as defined under the rules of the Nasdaq and satisfies the requirements for financial literacy under the current requirements of Nasdaq rules and regulations. Our board of directors has further determined that each of Mr. Mandl and Mr. Henneman is an "audit committee financial expert" as such term is defined in Item 407(d)(5) of Regulation S-K.

Our audit committee assists our board of directors in its oversight of our accounting and financial reporting process and the audits of our financial statements. The audit committee met nine times during 2017.

Compensation Committee

In 2017, our compensation committee was reconstituted to include the following members: Messrs. Feiner, Sacks and Shulman. Mr. Shulman resigned as a member of our compensation committee effective as of April 2, 2018 and our board of directors appointed Mr. Ditkoff as a member of our compensation committee on March 25, 2018. Our board of directors has determined that each of the members of our compensation committee is independent as defined under Nasdaq rules.

Our compensation committee assists our board of directors in the discharge of its responsibilities relating to the compensation of our executive officers and directors. Certain actions of the compensation committee, such as granting equity compensation awards and performance awards, may be taken by a sub-committee of the compensation committee. The compensation committee met four times during 2017.

The compensation committee's responsibilities include:

- approving corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating our chief executive officer's performance in light of those goals and objectives and, either as a committee or together with the other independent directors (as directed from time to time by the board of directors), determining and approving our chief executive officer's compensation;

The processes and procedures followed by our compensation committee in considering and determining executive and director compensation are described below under the headings “Director Compensation” and “Executive Compensation Discussion and Analysis.”

Our board of directors has determined that each of the members of our nominating and corporate governance committee is independent as defined under Nasdaq rules. The nominating and corporate governance committee met one time during 2017.

Michigan Avenue, Suite 2700, Chicago, Illinois, 60611.

Report of the Audit Committee of the Board of Directors

The audit committee has reviewed the Company's audited financial statements for the fiscal year ended December 31, 2017 and has discussed these financial statements with management and the Company's independent registered public accounting firm.

The audit committee has also received from, and discussed with, the Company's independent registered public accounting firm various communications that the Company's independent registered public accounting firm is required to provide to the audit committee, including the matters to be discussed as required by Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (the "PCAOB").

The Company's independent registered public accounting firm also provided the audit committee with the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent auditor's communication with the audit committee concerning independence. The audit committee has discussed with the independent registered public accounting firm their independence from the Company.

Based on these discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

DIRECTOR COMPENSATION

We pay each non-employee director, other than Messrs. Impicciche, Moszkowski, Sacks, Speranzo and Zimmerli, a \$60,000 annual retainer. The chairs of the board of directors and the audit committee receive an additional annual retainer of \$20,000, and the chairs of the compensation committee and the nominating and corporate governance committee receive an additional annual retainer of \$10,000. There are no additional fees for attending board or board committee meetings. Cash fees are paid quarterly in arrears to the non-employee directors who were serving as directors at the end of a quarter. Messrs. Impicciche, Moszkowski, Sacks, Speranzo and Zimmerli have declined to receive director fees.

In lieu of cash fees, non-employee directors may elect to receive options to purchase shares of our common stock and/or RSUs, at the election of such director, in each case subject to vesting upon the one-year anniversary of the date of grant, based on continued service as a director. Elections must be received by the company by the 75th day of a quarter and apply to all subsequent quarterly cash fees until a new election is received. Such options or RSUs are granted on the first trading day of each quarter with respect to the fees payable for the preceding quarter, and the exercise price of any such stock options equals the fair market value of the common stock on the date of grant. The number of shares subject to such options or RSUs is calculated by dividing the dollar amount of the cash fees for the quarter by the Black-Scholes option or RSU value, as applicable, we used for purposes of determining the share-based compensation expense that we recognized for financial statement reporting purposes in that quarter.

Unless a different arrangement is specifically agreed to, each non-employee director (other than Messrs. Impicciche, Moszkowski, Sacks, Speranzo and Zimmerli) will receive an annual grant of stock options and/or RSUs (at the election of such director) on the first trading day following our annual meeting of stockholders, provided that Mr. Henneman will not receive such annual grant until our 2020 Annual Meeting of Stockholders. Such options and/or RSUs will have a total Black-Scholes value of \$130,000, and the exercise price of any such stock options will equal the fair market value of the common stock on the date of grant. Each such option or RSU will vest upon the anniversary of the date of grant, based on continued service as a director. Messrs. Impicciche, Moszkowski, Sacks, Speranzo and Zimmerli have declined their annual option awards.

In lieu of an annual retainer and an annual equity award, Mr. Shulman was entitled to the compensation and benefits for his services as Chairman of our board of directors set forth in the Chairman Services Agreement between us and Mr. Shulman as described under “Agreement with Mr. Steven Shulman” in the “Agreements with Directors” section below. Effective as of April 2, 2018, Mr. Shulman resigned as a director, as Chairman of the board of directors, and as a member of the compensation committee and the nominating and corporate governance committee of the board of directors. As a result of Mr. Shulman’s resignation, the Chairman Services Agreement between the Company and Mr. Shulman terminated in accordance with its terms. On June 12, 2017, the Company awarded Mr. Shulman a non-qualified stock option to purchase shares of the Company’s common stock, pursuant to the R1 RCM Inc. Second Amended and Restated 2010 Stock Incentive Plan. Our board of directors has approved accelerating the vesting of an unvested portion of such option award so that 20,152 shares of common stock scheduled to vest on June 12, 2018 became fully vested and exercisable on April 1, 2018. The remainder of such option award terminated on its own terms and was not be exercisable.

We reimburse each non-employee director for ordinary and reasonable expenses incurred in attending board and board committee meetings.

2017 Director Compensation. The following table sets forth, for each of our non-employee directors, information concerning compensation earned or paid for services in all capacities during the fiscal year ended December 31, 2017.

Valuation of these option and stock awards is based on the aggregate grant date fair value computed in accordance with ASC 718. These amounts do not represent the actual amounts paid to or realized by the directors during 2017.

(1) The grant date fair value of the market condition PBRUS awards granted in 2017 were determined using a Monte Carlo simulation. The assumptions used by us with respect to the valuation of option and stock awards are the same as those set forth in Note 10, Share-Based Compensation, to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the SEC on March 9, 2018.

(2) Joined our board of directors effective March 9, 2017.

Under our director compensation policy in effect in 2017, Messrs. Henneman and Mandl elected to be

(3) compensated for their director fees in options to purchase shares of our common stock, rather than in cash. Mr. Henneman will not receive an annual equity grant until our 2020 Annual Meeting of Stockholders.

Mr. Shulman was compensated pursuant to the Chairman Services Agreement with the Company and did not receive an annual retainer under our director compensation policy. See "Agreement with Mr. Steven Shulman" in the section "Agreements with Directors" for more information. Mr. Shulman was granted a PBRUS award on December 20, 2017. Pursuant to the award agreement, the PBRUSs were subject to both a time-based vesting condition and a performance-based vesting condition. The amount represents 100% of the target award. The

(4) number of shares earned would have been based upon the achievement of a performance-based vesting condition ranging from 0% to 200%. The PBRUS award was intended to be settled in cash until such time as the share reserve available under the Company's Second Amended and Restated 2010 Stock Incentive Plan had been deemed sufficient by the compensation committee to allow for the settlement of the PBRUSs in shares. Effective as of April 2, 2018, Mr. Shulman resigned as a director and as Chairman of the board of directors. As a result of Mr. Shulman's resignation, the Chairman Services Agreement between the Company and Mr. Shulman terminated in accordance with its terms, and Mr. Shulman's PBRUS award terminated in accordance with its terms.

(5) Messrs. Impicicche, Moszkowski, Sacks and Speranzo have declined to receive director fees.

As of December 31, 2017, our non-employee directors held the following options to acquire shares of our common stock and shares of restricted common stock:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the material components of our executive compensation program for the following executive officers, to whom we refer collectively in this discussion as our “Named Executive Officers.” During 2017, our Named Executive Officers were:

• Joseph Flanagan, our President and Chief Executive Officer (our “Chief Executive Officer”);

• Christopher Ricaurte, our Chief Financial Officer and Treasurer (our “Chief Financial Officer”);

• Thomas Lesica, our Executive Vice President and Chief Operating Officer (our “Chief Operating Officer”); and

• Gary Long, our Executive Vice President and Chief Commercial Officer (our “Chief Commercial Officer”).

This Compensation Discussion and Analysis describes the material elements of our executive compensation program during 2017 and the policies and practices that contributed to our executive compensation actions and decisions for 2017. It also provides an overview of our executive compensation philosophy and objectives. Finally, it analyzes how and why the compensation committee of our board of directors arrived at the specific compensation decisions for our Named Executive Officers for 2017, including the key factors that the compensation committee considered in determining their compensation.

Significant Management Changes in 2017

On August 16, 2017, we appointed Mr. Thomas Lesica to the position of Executive Vice President, Chief Operating Officer. Executive Compensation Policies and Practices

We endeavor to maintain sound executive compensation policies and practices, including compensation-related corporate governance standards, consistent with our executive compensation philosophy. During 2017, the following executive compensation policies and practices were in place, including both policies and practices we have implemented to drive performance and policies and practices that either prohibit or minimize behaviors that we do not believe serve our stockholders’ long-term interests:

What We Do

Compensation Committee Independence - Our compensation committee is currently comprised solely of independent directors.

Compensation Committee Advisor Independence - The compensation committee engages and retains its own independent advisors. During 2017, the compensation committee engaged Steven Hall & Partners to assist with its responsibilities. Steven Hall & Partners was not separately engaged by the company to perform consulting or other services for the company during 2017.

Annual Compensation Review - The compensation committee conducts an annual review of our executive compensation philosophy and strategy, including a review of the compensation peer group used for comparative purposes. Going forward, it is expected that the compensation committee will continue to conduct such a review on an annual basis.

Compensation-Related Risk Assessment - We design our compensation programs, policies and practices to ensure that they reflect an appropriate level of risk-taking but do not encourage our employees to take excessive or unnecessary risks that could have a material adverse impact on the company.

Emphasize Performance-based Incentive Compensation - The compensation committee designs our executive compensation program to use performance-based short-term and long-term incentive compensation awards to align of the long-term interests of our executive officers with the interests of our stockholders.

Emphasize Long-Term Equity Compensation - The compensation committee uses equity awards to deliver long-term incentive compensation opportunities to our Named Executive Officers. These equity awards vest over multi-year periods, and the PBRSUs have a performance period that exceeds three years, which better serves our long-term value creation goals and retention objectives.

Limited Executive Perquisites - We provide only modest amounts of perquisites or other personal benefits to our Named Executive Officers which serve a sound business purpose.

Prohibition on Derivative Securities Transactions and Pledging - Our Insider Trading Policy prohibits all our employees, including our executive officers, and the members of our board of directors from engaging in derivative securities transactions with respect to our common stock and generally restricts them from pledging our securities as collateral or holding our securities in a margin account.

What We Do Not Do

Retirement Programs - Other than our Section 401(k) plan generally available to all employees, we do not offer X defined benefit or contribution retirement plans or arrangements or nonqualified deferred compensation plans or arrangements for our Named Executive Officers.

No Tax “Gross-Ups” or Payments - We do not provide any “gross-ups” or tax payments to our Named Executive X Officers in connection with any compensation element other than for housing expenses, and we do not provide any excise tax “gross-up” or tax reimbursement in connection with any change in control payments or benefits.

X No Stock Option Repricing - We do not reprice options to purchase shares of our common stock without stockholder approval.

X No Timing of Equity Grants - We do not structure the timing of equity awards to precede or coincide with the disclosure of material non-public information.

Stockholder Advisory Vote on Named Executive Officer Compensation

Every six years, we are required to conduct a non-binding stockholder advisory vote on the frequency of future “Say-on-Pay” votes (commonly known as a “Say-on-Frequency” vote). At our 2017 Annual Meeting of Stockholders, we conducted a non-binding stockholder vote on the frequency of advisory votes on executive compensation of our Named Executive Officers (commonly known as a “Say-on-Pay” vote). Our stockholders cast the highest number of votes for voting on a triennial basis, compared to voting every one or two years. In light of this result and other factors considered by our board of directors, we decided to conduct Say-on-Pay votes on a triennial basis.

Our stockholders approved the non-binding advisory proposal on the compensation of our named executive officers with a 84% favorable vote at our annual meeting of stockholders held in 2015, our most recent annual meeting at which such a vote was taken. As the compensation committee has reviewed our executive compensation policies and practices since our last Say-on-Pay vote, it has been mindful of the strong support our stockholders have expressed for our approach to executive compensation. As a result, following its most recent review of our executive compensation philosophy, the compensation committee decided to retain our general approach to executive compensation. Following this Annual Meeting, we will conduct our next Say-on-Pay vote at our 2021 Annual Meeting of Stockholders.

Executive Compensation Philosophy and Objectives

Our executive compensation program is guided by our overarching philosophy of attracting and retaining highly-talented executive officers by providing competitive pay and benefits and rewarding our executive officers for performance that aligns with our financial, operational and strategic goals to achieve our ultimate objective of increasing stockholder value. The structure of our executive compensation program enables us to provide a competitive total compensation package that links a significant portion of each executive officer’s overall compensation to key corporate financial goals and other significant accomplishments. We use both short-term and long-term incentive compensation opportunities to align

the interests of our executive officers with the interests of our stockholders and the successful execution of our long-term strategic plan.

Our executive compensation program is designed to:

- Attract, retain and motivate highly-talented individuals who have the breadth and depth of experience to successfully execute our business strategy;

- Align the interests of our executive officers and stockholders;

- Pay for performance by rewarding the achievement of our annual and long-term operating and strategic goals; and

- Recognize individual contributions.

Governance of Executive Compensation Program

Role of the Compensation Committee

The compensation committee oversees our executive compensation program and discharges the responsibilities of our board of directors relating to the compensation of our Named Executive Officers. In this role, the compensation committee reviews, determines and approves the compensation of our Named Executive Officers. Certain actions of our compensation committee, such as the granting of equity awards, may be taken by a sub-committee of the compensation committee. The compensation committee has the authority, without approval of our board of directors, to engage, oversee and terminate compensation consultants, legal counsel and other advisors to assist in the evaluation of the compensation of our executive officers.

Pursuant to its charter, the compensation committee is responsible for reviewing the total compensation, including base salary levels, annual cash bonus opportunities and long-term incentive compensation opportunities, of our Named Executive Officers. When selecting and setting the amount of each compensation element, the compensation committee considers the following factors:

- our executive compensation program objectives;

- our performance against the financial and operational objectives established by the compensation committee and our board of directors;

- each individual Named Executive Officer's skills, experience, knowledge and qualifications relative to other similarly-situated executives at the companies in our compensation peer group;

- the scope of each Named Executive Officer's role compared to other similarly-situated executives at the companies in our compensation peer group;

- the performance of each individual Named Executive Officer, based on a subjective assessment of his or her contributions to our overall performance, ability to lead his or her business unit or function and work as part of a team, all of which reflect our core values;

- compensation parity among our Named Executive Officers;

- our financial performance relative to our peers; and

the compensation practices of our compensation peer group.

These factors provide the framework for compensation decision-making and final decisions regarding the compensation opportunity for each Named Executive Officer. No single factor is determinative in setting pay levels, nor was the impact of any factor on the determination of pay levels quantifiable.

Role of Executive Officers

In discharging its responsibilities, the compensation committee works with members of our management, including our Chief Executive Officer, to provide information on corporate and individual performance, market data and their perspective on compensation matters. Our Chief Executive Officer reviews the performance of each of our other Named Executive Officers and, based on these reviews, provides recommendations to the compensation committee with respect to base salary adjustments, annual cash bonus opportunities and long-term incentive compensation in the form of equity awards.

The compensation committee meets with our Chief Executive Officer annually to review and discuss his recommendations regarding executive compensation for our other Named Executive Officers. Typically, the compensation committee meets in executive session to discuss these recommendations, uses them as one factor in determining and approving the compensation for our other Named Executive Officers and then informs our board of directors of such decisions. In setting the compensation of our Chief Executive Officer, the compensation committee evaluates his performance, as well as our overall corporate performance and considers the other factors described above. Our Chief Executive Officer recuses himself from all discussions and recommendations regarding his own compensation.

Role of Compensation Consultant

The compensation committee engages an independent compensation consultant from time to time to provide support, including competitive market data and analysis regarding our executive compensation program and the decisions resulting from its annual executive compensation review. In 2017, the committee retained Steven Hall, to serve as its independent compensation advisor. Steven Hall served at the discretion of our compensation committee.

During 2017, Steven Hall attended, via-telephone, meetings of the compensation committee (both with and without management present) and provided the following services:

- consulted with the compensation committee chair and other members between committee meetings;

- provided competitive market data based in part on the compensation peer group for our executive officer positions and evaluated how the compensation we pay our executive officers compares both to our performance and to how the companies in our compensation peer group compensate their executives;

- assessed executive compensation trends within our industry and updated on corporate governance and regulatory issues and developments;

- reviewed the Compensation Discussion and Analysis; and

- made recommendations regarding short and long-term incentive plans and outstanding equity awards.

With respect to the periods in 2017 for which Steven Hall provided services to the compensation committee, Steven Hall did not raise any conflicts of interest to the compensation committee and the

compensation committee determined that no conflicts of interest existed that would affect Steven Hall's independence or would prevent it from independently representing our compensation committee.

In October 2017, the compensation committee retained Sullivan, Cotter and Associates, Inc. ("SullivanCotter") to serve as its independent compensation advisor. The extent of SullivanCotter's engagement is substantially similar to those services described above.

How We Determine Executive Compensation Levels

In evaluating our executive compensation program and making its decisions in 2017, the compensation committee considered the competitive market for executive talent using two sources: data derived from an analysis of the compensation levels and practices of a group of comparable companies and data drawn from nationally recognized executive compensation surveys reporting compensation levels of executives at similarly sized organizations.

The compensation peer group is a select group of companies that the compensation committee believes are representative of the talent market in which we compete. In 2017, the compensation committee considered compensation data from this peer group as one factor in determining our executive compensation levels to ensure we continue to provide target total direct compensation opportunities that are competitively positioned in the marketplace.

The companies in the compensation peer group were selected in 2017 based on the following criteria:

• Similar revenues and complexity of business model;

• In the technology, business process outsourcing or healthcare services industries; and

• Publicly-traded in the United States.

The compensation peer group recommended by the compensation consultant and approved by the compensation committee in 2017 consisted of the following companies:

The Advisory Board Company	athenahealth, Inc.
BioTelemetry, Inc.	Computer Programs and Systems, Inc.
HealthEquity, Inc.	Tivity Health
HMS Holdings Corporation	Huron Consulting Group Inc.
Inovalon Holdings, Inc.	National Research Corporation
Performant Financial Corporation	Quality Systems

While the compensation committee considers competitive market data when making its decisions, it is only one factor evaluated when determining the target total direct compensation opportunities of our Named Executive Officers. The compensation committee also considers the other factors listed in "Governance of Executive Compensation Program - Role of the Compensation Committee" above.

The compensation committee intends to review our compensation peer group at least annually and makes adjustments to its composition, taking into account changes in both our business and the businesses of the companies in the peer group.

Risk Considerations

Our executive compensation program consists of a mix of compensation elements, which we design to discourage our Named Executive Officers from assuming excessive risk. We believe that the risks arising from our compensation policies and practices are not reasonable likely to have a material adverse effect on our business. In addition, the compensation committee believes that the mix and design of the elements of our executive compensation program do not encourage our management to assume excessive risks.

Executive Compensation Program Design

In 2017, the primary elements of our executive compensation program consisted of base salary, an annual cash incentive opportunity and long-term incentive compensation in the form of options to purchase shares of our common stock and PBRsUs. The following table describes how each of these elements is intended to satisfy our executive compensation objectives.

Compensation Element	Purpose	Type of Compensation	Link to Program Objectives
Base salary	Fixed level of cash compensation for performing day-to-day responsibilities to attract and retain key talent in a competitive marketplace	Cash	Generally reviewed annually based on evaluation of individual's experience, position, current performance, internal pay equity, compensation peer group data and external competitive market data
Annual cash incentive	Target cash incentive opportunity (expressed as a percentage of base salary) that encourages executive officers to achieve annual operating plan goals (Adjusted EBITDA)	Cash	Provides compensation based on achievement of our annual operating plan goals, as well as individual performance compared against pre-established corporate performance goals
			No minimum guaranteed payment

	Helps ensure executive compensation is directly linked to achievement of long-term goals (stock price growth)		Provides our executive officers with a strong link to our long-term performance by enhancing their accountability for long-term decision-making
Long-term incentive compensation	Creates an ownership culture by aligning interests of executive officers with the creation of stockholder value	Long-term equity	Delivered in the form of stock options and PBRsUs

Employment agreements	Provides confidentiality and non-compete covenants	N/A	Specific for the individual
Base Salary			

Base salary represents the fixed portion of the compensation of our Named Executive Officers. We use base salaries to attract and retain highly-qualified individuals to help us manage our business and achieve our annual and long-term performance objectives. Generally, we establish the initial base salaries of our Named Executive Officers through arm’s-length negotiation at the time we hire an individual, taking into account his or her position, qualifications, experience, prior salary level and the base salaries of our other executive officers. Thereafter, the compensation committee reviews the base salaries of our executive officers from time to time and makes adjustments to base salaries as it determines to be necessary or appropriate.

The table below shows the annual salaries for our Named Executive Officers.

Named Executive Officer 2017 Base Salary

Mr. Flanagan	\$595,000
Mr. Ricaurte	\$446,250
Mr. Lesica	\$450,000
Mr. Long	\$460,000

Annual Cash Incentives

Each year, the compensation committee approves an annual cash incentive bonus plan for our Named Executive Officers. We use annual cash incentive bonuses to compensate our Named Executive Officers for achieving corporate performance objectives, as well as for their individual performance.

For 2017, the compensation committee approved an annual cash bonus plan (the “2017 Bonus Plan”) which contained the following terms and conditions:

At the beginning of the year, our compensation committee selects the objective corporate financial and operational measure(s) and sets the target levels for such measure(s) for the year based on our annual operating plan. The objective performance measure and related target level was selected by our compensation committee based on our historical operating results and growth rates, as well as our expected future results and are designed to require significant effort and operational success on the part of the company and our Named Executive Officers. During the course of the year, our compensation committee may adjust such measure and target level as it deems appropriate.

If our performance expectations for our objective corporate performance was exceeded, the bonus pool may fund at, and actual bonus payments may be awarded at above-target amounts. If this expectation was not met, actual bonus payments may be below target amounts, or no bonuses at all, may be awarded. Prior years’ performance and corresponding bonus payment amounts were taken into consideration when setting target bonus levels. We believe this helps to calibrate our annual incentive compensation levels with our actual performance.

The compensation committee approves actual annual cash bonus payments, which are based, in part, on the recommendations of our Chief Executive Officer (except with respect to his own annual cash bonus payment). There were no minimum or maximum payment levels, and the compensation committee reserved broad discretion to make adjustments to award payments.

Target Annual Cash Incentive Opportunities

Target annual cash incentive opportunities for each Named Executive Officer are established in the individual’s offer letter at the time of hire. These target incentive opportunities are periodically reviewed by the compensation committee. In 2017, the compensation committee reviewed the target annual cash bonus opportunities of our Named Executive Officers, taking into consideration a competitive market analysis prepared by its compensation consultant, the recommendations of our Chief Executive Officer (except with respect to his own target annual cash bonus opportunity) and the other factors described above.

The target annual cash bonus opportunities of our Named Executive Officers for 2017 were as follows:

Named Executive Officer	2016 Target Annual Cash Bonus Opportunity (as a percentage of base salary)	2016 Target Annual Cash Bonus Opportunity (\$)
Mr. Flanagan	100%	\$595,000
Mr. Ricaurte	65%	\$290,063
Mr. Lesica	65%	\$219,375 (2)
Mr. Long (1)	50%	\$115,000 (2)

- (1) Mr. Long also has commission-based commercial incentive objectives that can earn an additional 50% of base salary.
- (2) Bonus opportunity amounts for Messrs. Lesica and Long are prorated based on their respective start dates as they joined the Company mid-year.

2017 Performance Measures

In 2017, the compensation committee selected following objective and subjective measures for purposes of the 2017 Bonus Plan:

Objective Performance Measure	Subjective Performance Measure
Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA") before incentive compensation - Target set against company's 2017 operating plan	Individual performance

For purposes of the 2017 Bonus Plan, Adjusted EBITDA is defined as net income before net interest income, income tax provision, depreciation and amortization expense, share-based compensation expense, reorganization-related expense and certain other items.

The compensation committee selected this performance measure because it believed that it is an appropriate driver for our business as it provides a balance between generating revenue, growing our business and managing our expenses, which enhance stockholder value over the short term. The compensation committee selected Adjusted EBITDA as the objective performance measure in connection with its 2017 operating plan for purposes of determining the amount of funding for the company-wide annual cash incentive bonus pool. In the event that the company's performance exceeded the target amount, the pool would share in 50% of every dollar by which actual performance exceeded the Adjusted EBITDA target. After the amount of the company-wide bonus pool was determined, the compensation committee then subjectively evaluated our Named Executive Officer's individual performances.

2017 Annual Cash Incentive Payments

The table below provides an overview of the objective performance measure used to determine the pool for 2017 cash incentive payments.

Financial Objective	2017 Threshold (\$)	2017 Target (\$)	2017 Actual (\$)
Adjusted EBITDA before incentive compensation	\$2.1M	\$22.1M	\$19.6M

For 2017, the company's performance against the objective Adjusted EBITDA before incentive compensation target measure was 89% of target.

The table below provides an overview of actual incentive payments based on objective and subjective annual results.

Named Executive Officer	Annual Incentive Target Opportunity (as a % of base salary)	Annual Incentive Target Opportunity (dollar amount)	2017 Adjusted EBITDA Result (% of pool approved by compensation committee)	Individual Performance Factor (IPF)	Actual Annual Incentive Payout (\$)
Mr. Flanagan	100%	\$595,000		133%	\$704,302
Mr. Ricaurte	65%	\$290,063	89%	130%	\$335,602
Mr. Lesica	65%	\$219,375 (1)		50%	\$97,622
Mr. Long	50%	\$115,000 (1)		120%	\$122,820

(1) Bonus opportunity amounts for Messrs. Lesica and Long are prorated based on their respective start dates as they joined the Company mid-year

In arriving at each Named Executive Officer's Individual Performance Factor ("IPF"), the compensation committee performed a subjective review of such Named Executive Officer's individual performance based on such person's contribution toward the Company's 2017 goals set forth below:

2017 Company Goal

- 1.0 Deliver on our financial commitments
- 2.0 Successfully deploy Ascension
- 3.0 Build our scaling capabilities and scale effectively
- 4.0 Achieve new heights in compliance
- 5.0 Hire and develop world class talent and instill our cultural values
- 6.0 Complete Company re-launch and create/sustain investor interest
- 7.0 Increase our commercial sophistication and drive growth

The resulting IPFs were then applied to determine each Named Executive Officer's final bonus amount, which was equal to the product of (i) the amount of such person's annual incentive target opportunity, multiplied by (ii) the percentage of the bonus pool approved by the compensation committee (i.e., 89%), multiplied by (iii) such person's respective IPF results.

Retention Bonus

Pursuant to an amendment to his employment offer letter dated April 29, 2014, we agreed to provide our Chief Executive Officer, Mr. Flanagan, with a retention bonus for continued service. The initial provision of this bonus was paid in 2016; he continues to receive a monthly supplemental cash retention bonus in the amount of \$25,000 for the duration of his employment.

These retention bonuses were offered to Mr. Flanagan as incentives for him to remain with the company to provide leadership continuity and support during a critical time in our operations.

Long-Term Incentive Compensation

We believe long-term incentive compensation is an effective means for focusing our Named Executive Officers on driving increased stockholder value over a multi-year period, provides a meaningful reward for appreciation in our stock price and long-term value creation and motivates them to remain employed with us. Historically, we used equity awards in the form of options to purchase shares of our common stock and restricted stock awards (“RSAs”) to deliver the annual long-term incentive compensation opportunities to our Named Executive Officers. However, in 2017, we eliminated the use of RSAs and introduced equity awards in the form of PBRsUs. We believe this approach aligns the contributions of our Named Executive Officers with the long-term interests of our stockholders and allows them to participate in any future appreciation in the value of our common stock. We believe that stock options should help us to retain our Named Executive Officers and reward them for long-term stock price appreciation. We also believe that PBRsU awards pursuant to which shares of our common stock may be earned based on our actual performance should provide an appropriate long-term incentive for our Named Executive Officers, since they are rewarded only to the extent that they achieve performance results intended to enhance our stock price growth.

As with their other elements of compensation, the compensation committee determines the amount of long-term incentive compensation for our Named Executive Officers as part of its annual compensation review and after taking into consideration a competitive market analysis, the recommendations of our Chief Executive Officer (except with respect to his own long-term incentive compensation), the outstanding equity holdings of each Named Executive Officer, the projected impact of the proposed awards on our earnings, the proportion of our total shares outstanding used for annual employee long-term incentive compensation awards (our “burn rate”) in relation to the companies in our compensation peer group, the potential voting power dilution to our stockholders (our “overhang”) in relation to the companies in our compensation peer group and the other factors described above.

In October 2016, our board of directors approved a revised long-term incentive compensation program (the “LTI program”) with the goal of greater focus on our long-term business performance that it believed will generate the creation of sustainable long-term value for our stockholders. The LTI program reflects the current design and structure of annual equity awards to our employees, including our executive officers, and provides a framework within which we make annual equity awards. For our Named Executive Officers, the LTI program utilizes two equity-based incentive vehicles: stock options and PBRsUs.

Consistent with our compensation objectives, we believe this approach aligns the contributions of our Named Executive Officers with the long-term interests of our stockholders and allows them to participate in any future appreciation in our common stock. We believe that stock options should help us to retain our Named Executive Officers and reward them for long-term stock price appreciation. We also believe that PBRsU awards pursuant to which shares of our common stock may be earned based on our actual performance should provide an appropriate long-term incentive for our Named Executive Officers, since they are rewarded only to the extent that they achievement performance results intended to enhance our stock price growth.

Target annual long-term incentive opportunities for each of our Named Executive Officers under the LTI program for 2017 are presented in the table below.

Named Executive Officer	2017 Long-term Incentive Target (as a % of base salary)	Target LTI %: Options	Target LTI %: PBRUS
Mr. Flanagan	300%	50%	50%
Mr. Ricaurte	100%	50%	50%
Mr. Lesica	100%	50%	50%
Mr. Long	100%	50%	50%

All of the terms of our LTI program, including, without limitation, eligible participants, award levels, the composition of awards and the vesting terms for awards, for 2018 and subsequent years are all subject to revision by our board of directors in their sole discretion. In addition, our board of directors reserves the right to discontinue the LTI program, in whole or in part, replace the LTI program and/or supplement it with additional equity awards.

While typically we have granted equity awards to our Named Executive Officers in April of each year, in 2016 this process was delayed as a result of the reorganization of our management team, our focus on developing a strategic business plan and our decision to revise our long-term incentive compensation program to support this new plan. Consequently, equity award decisions were made in October 2016. As a result of this delay, the compensation committee determined to grant option awards to our Named Executive Officers for both 2016 and 2017 at that time. Consequently, there were no LTI awards made in April of 2017.

2017 Option Awards

In connection with their hiring, the compensation committee granted options to purchase shares of our common stock to Messrs. Lesica and Mr. Long.

Named Executive Officer	Options to Purchase Shares of Our Grant DateCommon Stock (number of shares)	Equity Awards (Aggregate Grant Date Fair Value of Options Granted)
Mr. Lesica	3/13/2017 380,068	\$450,001
Mr. Long	6/30/2017 231,855	\$413,861

Each of these options to purchase shares of our common stock provides that the shares subject to such options vests in four equal annual installments on each anniversary of the grant date subject to the Named Executive Officer's continued employment with us on each such vesting date.

2017 PBRUS Awards

The compensation committee granted PBRUSs to each of the Named Executive Officers in 2017. Pursuant to the award agreements, the PBRUSs are subject to both a time-based vesting condition and a performance-based vesting condition. The time-based vesting condition may be satisfied on the earlier of December 31, 2020 and a qualifying change of control (the "Performance Measurement Date"). The performance-based vesting condition may be satisfied based upon the average per share price of our common stock measured over a specified period of time prior to the Performance Measurement Date.

Contingent upon performance, the number of shares earned for the CEO will range from 0% to 350% of the target PBRSU award and for the other Named Executive Officers will range from 0% to 200% of the target award.

Named Executive Officer	Grant Date	# of PBRSU (at threshold performance)	# of PBRSU (at target performance)	# of PBRSU (at maximum performance)
Mr. Flanagan	12/20/2017	368,802	737,604	2,581,614
Mr. Ricaurte	12/20/2017	138,302	276,603	553,206
Mr. Lesica	11/20/2017 (1)	92,213	184,426	368,852
Mr. Long	11/20/2017 (1)	53,667	107,333	214,666

(1) Although these PBRsUs were granted on November 20, 2017, their grant date for accounting purposes is August 28, 2017.

The number of PBRsUs above for Mr. Flanagan and Mr. Ricaurte represents the PBRSU portion of their respective LTI awards for 2016 and 2017. The number of PBRsUs above for Mr. Lesica and Mr. Long represents the PBRSU portion of their respective LTI awards for 2017.

Performance vesting of the PBRsUs is subject to the average per share price of our common stock over a specified period of time prior to the Performance Measurement Date, as presented below.

Level of Performance	Average Per Share Price	Percentage of PBRSU Award for which the Performance-based Condition is Satisfied
Below Threshold	<\$4.00	0%
Threshold	\$4.00	50%
Target	\$5.00	100%
Above Target	\$7.00	250% (CEO) / 150% (other NEOs)
Maximum	\$9.00 or higher	350% (CEO) / 200% (other NEOs)

If the actual Average Per Share Price is at least \$4.00 and between the applicable levels set forth in the table above, then the percentage at which the performance-based condition is satisfied shall be determined on a pro-rata basis using straight-line interpolation.

The PBRSU award for our Chief Executive Officer is intended to be settled in cash until such time as the share reserve is available under the Second Amended and Restated 2010 Stock Incentive Plan has been deemed sufficient by the compensation committee to allow for the settlement of the PBRsUs in shares.

2017 Stock Option Exchange Program

In June of 2017, we completed a stock option exchange program pursuant to which we offered certain of our employees and directors a limited opportunity to elect to exchange certain stock options for new stock options covering a fewer number of shares of our common stock (the “Stock Option Exchange Program”). This Stock Option Exchange Program was approved by our stockholders at our 2016 Annual Meeting of Stockholders held on December 8, 2016. We accepted options to purchase an aggregate of 4,279,463 shares of common stock, and issued new stock options to purchase an aggregate of 1,728,795 shares of common stock in exchange for such tendered options. We believe the Stock Option Exchange Program increased the motivational and retention value of the stock program, and enables employees to

contribute to and to participate in the Company's future success, with no additional option expense to our stockholders.

The following table summarizes options that were exchanged by our executive officers in the Stock Option Exchange Program:

Employee	Options Surrendered	Exercise Price	Options Issued	Exercise Price
	Number of Stock Options Surrendered		Number of Stock Options Issued	
Joseph Flanagan	800,000	\$ 11.47	279,387	\$ 3.85
Christopher Ricaurte	200,000	\$ 9.30	117,671	\$ 3.85
	31,875	\$ 6.15		

2018 Equity Awards

On February 16, 2018, the committee granted Mr. Flanagan an additional PBRSU award with a target of 245,868 shares. These PBRSUs are subject to the same performance maximum opportunity (350% of target), performance period and performance metrics as described above for the 2017 PBRSU awards. The compensation committee had intended to grant these PBRSU awards at the end of 2016, but the compensation committee did not formally approve such PBRSU award until February 2018. The PBRSU award is intended to be settled in cash until such time as the share reserve available under the Second Amended and Restated 2010 Stock Incentive Plan has been deemed sufficient by the compensation committee to allow for the settlement of the PBRSUs in shares.

Welfare and Health Benefits

Our Named Executive Officers are eligible to participate in our employee benefit programs on the same basis as our other full-time, salaried employees. We sponsor a Section 401(k) retirement plan, which is intended to qualify for favorable tax treatment under Section 401(a) of the Code. All of our U.S. employees, including our executive officers, are eligible to participate in the Section 401(k) plan.

In addition, our Named Executive Officers are eligible to participate in our employee benefit programs on the same basis as all of our employees. These benefits include a medical care plan, flexible spending accounts, short-term and long-term disability insurance and standard company holidays.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Perquisites and Other Personal Benefits

Consistent with our compensation philosophy, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites or other personal benefits to our Named Executive Officers except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective and for recruitment and retention purposes.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as those described in the preceding paragraph. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the compensation committee.

Employment Offer Letters

We have entered into written employment offer letters with each of our Named Executive Officers. In filling each of our executive positions, our board of directors or the compensation committee, as applicable, recognized that it would need to develop competitive compensation packages to attract qualified candidates in a dynamic labor market. At the same time, our board of directors and the compensation committee were sensitive to the need to integrate new executive officers into the executive compensation structure that we were seeking to develop, balancing both competitive and internal equity considerations.

Each of these employment offer letters provides for “at will” employment and sets forth the initial compensation arrangements for the executive officer, including an initial base salary, an annual cash bonus opportunity and an initial equity award recommendation.

For information on the specific terms and conditions of the employment offer letters of our Named Executive Officers, see the discussion of “Employment Agreements with Named Executive Officers” following the executive compensation tables below.

Post-Employment Compensation

The employment offer letters, EVP letter agreement and/or equity award agreements with our Named Executive Officers also contain provisions for their compensation in the event of certain terminations of employment, including in connection with a change in control of the company. We believe that having in place reasonable and competitive post-employment compensation arrangements is essential to attracting and retaining highly-qualified executive officers. Our post-employment compensation arrangements are designed to provide reasonable compensation to executive officers who leave us under certain circumstances to facilitate their transition to new employment. Further, we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

We believe that these arrangements are designed to align the interests of management and stockholders when considering our long-term future. The primary purpose of these arrangements is to keep our Named Executive Officers focused on pursuing all corporate transaction activity that is in the best interests of stockholders regardless of whether those transactions may result in their own job loss. Reasonable post-acquisition payments and benefits should serve the interests of both the Named Executive Officer and our stockholders.

Certain of Mr. Flanagan’s equity awards, contain both so-called “single-trigger” and “double-trigger” change in control provisions. Specifically, upon a change in control of the company, 50% of the unvested shares of our common stock subject to his LTI option awards that were granted in October 2016 will automatically vest. In addition, if his employment is terminated by us without cause or by him for good reason within one year following a change in control of the company, any remaining unvested shares of our common stock subject to such LTI option awards will automatically vest. Mr. Flanagan’s cash payments and medical benefits are subject only to “double-trigger” change of control provisions.

Messrs. Ricaurte, Lesica, and Long’s post-employment compensation arrangements are subject to “double-trigger” change in control provisions. That is, all payments and benefits in the event of a change in control of the company are

payable only if there is a subsequent loss of employment without

49

cause by an executive officer within 12 months of the change of control (a so-called “double-trigger” arrangement).

The time-vesting condition of the PBRsUs for all of our Named Executive Officers would be satisfied upon a change in control.

We do not use excise tax payments (or “gross-ups”) relating to a change in control of the company and have no such obligations in place with respect to any of our Named Executive Officers.

For information on the post-employment compensation arrangements with our Named Executive Officers, as well as an estimate of the potential payments and benefits payable under these arrangements as of the end of 2017, see “Potential Payments Upon Termination or Change in Control” below.

Other Compensation Policies and Practices

Policy Prohibiting Derivative Securities Transactions and Pledging of Our Equity Securities

Our Insider Trading Policy prohibits all our employees, including our executive officers, and the members of our board of directors from engaging in derivative securities transactions with respect to our common stock and generally restricts them from pledging our securities as collateral or holding our securities in a margin account.

Tax and Accounting Considerations

Limitations on Deductibility of Executive Compensation

Prior to the Tax Cuts and Jobs Act (“Tax Reform”) that was signed into law December 22, 2017, Section 162(m) of the Internal Revenue Code (“Section 162(m)”) generally disallowed a tax deduction to public corporations for non-performance-based compensation in excess of \$1 million paid in any fiscal year to certain named executive officers. Under the Tax Reform, effective starting with the 2018 tax year, Section 162(m) generally limits to \$1 million the U.S. federal income tax deductibility of compensation paid in one year to a company’s CEO or CFO, or any of its three next-highest paid executive officers, without regard to whether or not the compensation was performance-based. Grandfathered performance-based compensation is not subject to this limit on deductibility as long as such compensation meets certain requirements in the new law. The compensation committee is reviewing the Tax Reform and its application and impact on the Company’s compensation programs.

In approving the amount and form of compensation for our Named Executive Officers, the compensation committee considers all elements of our cost of providing such compensation, including the potential impact of Section 162(m). To maintain flexibility in compensating our Named Executive Officers in a manner designed to promote varying corporate goals, however, the compensation committee has not adopted a policy that all compensation payable to our Named Executive Officers that is subject to Section 162(m) must be deductible for federal income tax purposes. The compensation committee retains the discretion to approve compensation for our Named Executive Officers that is not deductible when it believes that such compensation is in the best interests of the company and our stockholders.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board’s Accounting Standards Codification Topic 718 (“ASC 718”) for our stock-based compensation awards. ASC 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and members of our board of directors, including options to purchase shares of our common stock and other stock awards, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and

reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

Valuation of these option and stock awards is based on the aggregate grant date fair value computed in accordance with ASC 718. These amounts do not represent the actual amounts paid to or realized by the Named Executive Officer during 2017, 2016 and 2015. The grant date fair value of the market condition PBR SU awards (1) granted in 2017 were determined using a Monte Carlo simulation. The assumptions used by us with respect to the valuation of option and stock awards are the same as those set forth in Note 10, Share-Based Compensation, to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the SEC on March 9, 2018.

(2) Amounts below do not reflect payments by the Company in 2017 of \$38,500 and in 2016 of \$42,000 for personal training services offered to certain of our executives, including certain of our Named Executive Officers. These

amounts are not directly allocable on an individual basis.

Mr. Flanagan joined our company on April 29, 2013 and became our Chief Executive Officer on May 26, 2016.

(3) In connection with his appointment as our Chief Executive Officer, he did not have a change in his then-current base salary.

(4) Mr. Ricaurte was appointed our Chief Financial Officer on April 19, 2016.

Mr. Lesica joined our company in February 2017 and was appointed Chief Operating Officer in August 2017.

(5) Effective as of April 23, 2018, Mr. Lesica ceased to be the Chief Operating Officer and returned to his prior role of Executive Vice President, Business Transformation.

(6) Mr. Long joined our company in June 2017 and was appointed Chief Commercial Officer in August 2017.

(7) Represents Mr. Flanagan's monthly supplemental cash retention bonus, as described in the summary of his employment agreement.

Represents a one time \$1,700,000 retention bonus paid in April 2016 and an aggregate of \$300,000 in monthly

(8) supplemental cash retention bonus payments both payable pursuant to the April 29, 2014 Amendment to Mr. Flanagan's offer letter from the company.

This amount represents the following: (i) \$353,018 in cash bonus made to Mr. Flanagan as a make-whole cash bonus for those individuals in the Company's 2014 annual cash incentive bonus plan who received all or a portion of their 2014 annual cash incentive award in the form of restricted shares of the Company's common stock ("2014 Bonus Plan RSA Grantees"), (ii) \$300,000 of monthly supplemental cash retention bonus payments as described in footnote 7 above and (iii) \$1,472,500 in cash payments resulting from the termination of Mr. Flanagan's incentive award as described in footnote 12 below. The make-whole cash bonus referred to in clause (i) of the preceding sentence was paid to 2014 Bonus Plan RSA Grantees on the second regularly scheduled payroll date following the Company's scheduled second quarter earnings release on August 5, 2015 and was equal to the product of (i) \$2.66 (which amount represents the difference of \$5.38, the trading price per share of the Company's common stock as of the close of trading on the date that the Company determined the number of restricted shares to be granted to 2014 Bonus Plan RSA Grantees, minus \$2.72, the trading price per share of the Company's common stock as of the close of trading on the second business day following the earnings release), multiplied by (ii) the number of restricted shares granted to the applicable 2014 Bonus Plan RSA Grantee.

(10) Represents a \$348,125 retention bonus paid out in connection with the Transaction in February 2016.

Represents Mr. Flanagan's PBRSU award, which is intended to be settled in cash until such time as the share

(11) reserve available under the Company's Second Amended and Restated 2010 Stock Incentive Plan has been deemed sufficient by the compensation committee of our board of directors to allow for settlement in shares.

Since our stockholders did not approve the amendment to our then-current 2010 Stock Incentive Plan prior to December 31, 2014, certain of Mr. Flanagan's incentive equity awards terminated, and in lieu thereof, Mr.

Flanagan became entitled to receive cash payments from the Company following each date that any portion of

(12) such stock award and option award that would have otherwise vested equal to the value of each share of restricted stock (based on the closing price of the Company's common stock on the applicable vesting date) and option award (based on the difference between the exercise price and the closing price of the Company's common stock on the applicable vesting date). These cash payments of \$1,472,500 are included in "Bonus" in 2015.

(13) Consists of a cash incentive bonus for 2017 paid in April 2018 under our annual cash incentive bonus plan.

(14) Consists of a cash incentive bonus for 2016 paid in April 2017 under our annual cash incentive bonus plan.

Annual cash incentive bonuses under the annual cash incentive bonus program for 2014 were paid in restricted

(15) stock that vested 1/12 per month over a one-year period, commencing on April 10, 2015, rather than in cash (Mr. Flanagan received 132,714 restricted shares). For Mr. Flanagan, this amount also includes \$500,000 in cash discretionary bonus under our 2015 annual cash incentive bonus plan.

For 2016, this amount for Mr. Flanagan represents \$30,000 in housing benefits and \$23,168 in a tax gross-up for

(16) these housing benefits. For 2015, this amount for Mr. Flanagan represents \$72,020 in housing benefits and tax gross-up of \$66,802.

- (1) These options were granted on October 3, 2016 and will vest in equal installments on April 1, 2017, April 1, 2018, April 1, 2019 and April 1, 2020, based on continued employment.
Although these options were granted on October 3, 2016, they were subject to stockholder approval and thus were not granted for accounting purposes until December 8, 2016. They will vest in equal installments on April 1, 2018, April 1, 2019, April 1, 2020 and April 1, 2021, based on continued employment.
- (2) In Mr. Ricaurte's case, these options represent a staking grant on October 3, 2016 and a separate option grant on that same date, both of which were subject to stockholder approval and thus were not granted for accounting purposes until December 8, 2016.
These stock options were granted pursuant to the Company's stock option exchange program as more fully described under "Compensation Discussion and Analysis - 2017 Stock Option Exchange Program". The awards were granted on June 12, 2017 and will vest in equal installments on June 12, 2018 and June 12, 2019.
- (3) These restricted shares were granted on December 31, 2015 and vest in equal installments over three years, beginning one year from February 16, 2016 (the Transaction closing date), based on continued employment.
PBRSU award granted on December 20, 2017. Pursuant to the award agreement, the PBRSUs will be subject to both a time-based vesting condition and a performance-based vesting condition. The time-based vesting condition will be satisfied on the earlier of December 31, 2020 and a qualifying change of control (the "Performance Period"), subject to the Named Executive Officer not having ceased to perform services with the Company. The performance-based vesting condition will be satisfied based upon an average per share price of the Company's common stock as defined in the award agreement, measured at the end of the Performance Period. Amount represents 100% of the target award. The number of shares earned will be based upon the achievement of a performance-based vesting condition and will range from 0% to 350% of the target award in the case of Mr. Flanagan and 0% to 200% in the case of Mr. Ricaurte. For Mr. Flanagan, the PBRSU award is intended to be settled in cash until such time as the share reserve available under the Company's Second Amended and Restated 2010 Stock Incentive Plan has been deemed sufficient by the compensation committee to allow for the settlement of the PBRSUs in shares.
- (5) These restricted shares were granted on July 9, 2015 and vest in equal installments on May 4, 2016, May 4, 2017, May 4, 2018 and May 4, 2019, based on continued employment.
- (7) These restricted shares were granted on March 3, 2016 and vest in equal installments over three years, beginning one year from February 16, 2016 (the Transaction closing date), based on continued employment.

Although these PBRSUs were granted on November 20, 2017, their grant date for accounting purposes is August 28, 2017. Pursuant to the award agreement, the PBRSUs will be subject to both a time-based vesting condition and a performance-based vesting condition. The time-based vesting condition may be satisfied at the end of the Performance Period, subject to the Named Executive Officer not having ceased to perform services with the Company. The performance-based vesting condition may be satisfied based upon an average per share price of the Company's common stock as defined in the award agreement, measured at the end of the Performance Period. Amount represents 100% of the target award. The number of shares earned will be based upon the achievement of the performance-based vesting condition and will range from 0% to 200% of the target award.
- (9) These options were granted on June 30, 2017 and will vest in equal installments on June 30, 2018, June 30, 2019, June 30, 2020 and June 30, 2021, based on continued employment.
Market value assumes vesting of 100% of the target award and the closing price of our common stock on the NASDAQ on December 29, 2017. The number of shares earned will be based upon the achievement of a performance-based vesting condition and will range from 0% to 350% of the target award.
- (11) Market value assumes vesting of 100% of the target award and the closing price of our common stock on the NASDAQ on December 29, 2017. The number of shares earned will be based upon the achievement of a performance-based vesting condition and will range from 0% to 200% of the target award.

Employment Agreements with Named Executive Officers

We maintain offer letter agreements with our four current Named Executive Officers as more fully described below.

Agreement with Mr. Flanagan

In connection with his appointment to Chief Operating Officer, in April 2013, we and Mr. Flanagan entered into an offer letter agreement that in 2017 provided him with an annual base salary of \$595,000, an annual target cash incentive bonus opportunity of at least 100% of base salary and eligibility to participate in the employee benefit programs generally available to our senior executives.

In the event that Mr. Flanagan's employment is terminated by us without "cause" or by Mr. Flanagan for "good reason," in addition to any earned but unpaid salary and bonus and his accrued and vested benefits under our employee benefit programs, which are payable upon any termination of employment, Mr. Flanagan also will be entitled to receive continued salary and health benefits for a period of 12 months following the date of such termination, subject to Mr. Flanagan's timely execution of a general release of claims in favor of us and our affiliates. In addition, in the case of Mr. Flanagan's termination without "cause" or by Mr. Flanagan for "good reason," all of Mr. Flanagan's unvested restricted stock award granted on December 31, 2015 will accelerate. In the case of a "change of control" of our company, 50% of the outstanding unvested portion of Mr. Flanagan's LTI stock option awards that were granted in October 2016 will accelerate and in the case of Mr. Flanagan's termination "without cause" or departure for "good reason" upon or within one year following the occurrence of a "change in control" of our company, Mr. Flanagan will receive full accelerated vesting of the remaining outstanding, unvested portion of such LTI stock option awards.

As an incentive for Mr. Flanagan to remain with the company during a critical juncture in our Chief Executive Officer transition process in 2014, we amended his employment terms in April 2014 to provide him the following additional compensation and benefits: a monthly supplemental cash retention bonus of \$25,000 for the duration of Mr. Flanagan's employment, a one-time cash retention bonus of \$1,700,000, paid on April 29, 2016, retention equity awards of a one-time non-statutory stock option to purchase up to 500,000 shares of our common stock at a per share exercise price equal to the closing price of our common stock on the grant date, and 300,000 shares of restricted stock, which incentive equity awards were subject to ratable vesting on a monthly basis over a two-year period, and also subject to the approval by our stockholders, prior to December 31, 2014, of an amendment to our then-current 2010 Stock Incentive Plan increasing the number of shares authorized for issuance under our then-current 2010 Stock Incentive Plan to an amount sufficient to cover these grants (which approval did not occur prior to such date). Since our stockholders did not approve the amendment to our then-current 2010 Stock Incentive Plan described above prior to December 31, 2014, Mr. Flanagan's incentive equity awards described above terminated, and in lieu thereof, Mr. Flanagan became entitled to receive a replacement cash award consisting of cash payments from us following each date that any portion of such incentive equity grants would have vested (had such grant not terminated) equal to the value of each option (based on the difference between the exercise price and the closing price of our common stock on the applicable vesting date) and each share of restricted stock (based on the closing price of our common stock on the applicable vesting date) that would have otherwise vested on such date. Such replacement cash awards were paid in full to Mr. Flanagan as of April 15, 2016.

The company also provided Mr. Flanagan with a reimbursement of up to \$6,000 per month in housing expenses for a period of two years, which period ended in April 2016, as well as reimbursement of up to \$50,000 for legal fees in connection with the negotiation and documentation of his employment agreement. The amendment also provided for an extension, under specified circumstances, of the period of time during which Mr. Flanagan may exercise the stock option that we awarded to him at the commencement of his employment in April 2013. This extension would have been triggered upon a termination of Mr. Flanagan's employment by us without cause or by Mr.

Flanagan for good reason. If the extension had been triggered, the then-vested portion of the stock option would have remained exercisable for a period of time equal to sixty days plus the number of days that Mr. Flanagan was employed by us, but not longer than two years or until the stock option otherwise expires, if earlier. Mr. Flanagan subsequently exchanged the stock option that he received at the commencement of his employment in the Stock Option Exchange Program.

Agreement with Mr. Ricaurte

We and Mr. Ricaurte have entered into an offer letter agreement that in 2017 provided him with an annual base salary of \$446,250, an annual target cash incentive bonus opportunity of at least 65% of base salary and eligibility to participate in the employee benefit programs generally available to our senior executives.

In the event that Mr. Ricaurte's employment is terminated by us without "cause," in addition to any earned but unpaid salary and his accrued and vested benefits under our employee benefit programs, which are payable upon any termination of employment, Mr. Ricaurte also will be entitled to receive any earned, but unpaid annual bonus with respect to the fiscal year ending on or preceding termination and continued salary and health benefits for a period of 12 months following the date of such termination, subject to Mr. Ricaurte's timely execution of a general release of claims in favor of us and our affiliates. In the case of a "change of control" of our company and with Mr. Ricaurte's termination "without cause" or departure for "good reason" upon or within 12 months following the occurrence of a "change in control" of our company, Mr. Ricaurte will receive full accelerated vesting of the outstanding, unvested portion of his equity awards. Upon any termination (other than for cause), all of Mr. Ricaurte's RSAs from the March 3, 2016 grant will accelerate.

Agreement with Mr. Lesica

We and Mr. Lesica have entered into an offer letter agreement that in 2017 provided him with an annual base salary of \$450,000, an annual target cash incentive bonus opportunity of at least 65% of base salary, an annual target equity incentive of at least 100% of base salary and eligibility to participate in the employee benefit programs generally available to our senior executives.

In the event that Mr. Lesica's employment is terminated by us without "cause," in addition to any earned but unpaid salary and his accrued and vested benefits under our employee benefit programs, which are payable upon any termination of employment, Mr. Lesica also will be entitled to receive continued salary and health benefits for a period of 12 months following the date of such termination, subject to the mitigation provisions of the Company's severance plan. In the case of a "change of control" of our company and Mr. Lesica's termination without "cause" or departure for "good reason" within 12 months following the occurrence of a "change in control" of our Company, Mr. Lesica will receive full accelerated vesting of the outstanding, unvested portion of his option awards.

Agreement with Mr. Long

We and Mr. Long have entered into an offer letter agreement that in 2017 provided him with an annual base salary of \$460,000, an annual target cash incentive bonus opportunity of at least 50% of base salary, a commission-based new business incentive bonus opportunity equal to 50% of base salary, an annual target equity incentive of at least 100% of base salary and eligibility to participate in the employee benefit programs generally available to our senior executives.

In the event that Mr. Long's employment is terminated by us without cause, in addition to any earned but unpaid salary and his accrued and vested benefits under our employee benefit programs, which are payable upon any termination of employment, Mr. Long also will be entitled to receive continued salary and health benefits for a period of 12 months following the date of such termination,

subject to the mitigation provisions of the Company's severance plan. Mr. Long will also receive "change in control" protection consistent with the terms held by other senior executives of the Company.

Letter Agreement with Executive Vice Presidents

Each of our Executive Vice Presidents that are Named Executive Officers are party to a letter agreement that supplements the terms of their offer letter (the "EVP letter agreement"). The EVP letter agreement provides that in the event such executive's employment is terminated by us without cause, in addition to any earned but unpaid salary and his accrued and vested benefits under our employee benefit programs, which are payable upon any termination of employment, such executive also will be entitled to receive any earned, but unpaid annual bonus with respect to the fiscal year ending on or preceding termination and continued salary and health benefits for a period of 12 months following the date of such termination, subject to mitigation provisions and such executive's timely execution of a general release of claims in favor of us and our affiliates. In the event of a "change of control" of our Company and such executive's employment is terminated without "cause" within 12 months following the consummation of such "change in control," the executive will receive full accelerated vesting of the outstanding, unvested portion of his equity awards. As discussed above, the time-vesting condition of the PBRSU awards for all of our Named Executive Officers would be satisfied upon a change in control of our Company.

Confidentiality and Non-Disclosure Agreements

As a condition to employment, each of our Named Executive Officers have entered into a confidentiality and non-disclosure agreement with us. Under these agreements, each Named Executive Officer has agreed not to solicit our employees and customers during his or her employment and for a period of eighteen months after the termination of employment, not to compete with us during his or her employment and for a period of 12 months after the termination of employment, to protect our confidential and proprietary information and to assign to us intellectual property developed during the course of his or her employment.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Flanagan, our President and Chief Executive Officer.

We determined that the median of the annual total compensation of all our employees who were employed as of December 31, 2017, excluding Mr. Flanagan, was \$29,120, Mr. Flanagan’s 2017 annual total compensation was \$6,408,480, and the ratio of these amounts was 220:1.

To determine the annual total compensation of the “median employee”, the following methodology was used:

As of December 31, 2017, our total population consisted of 9,784 employees. To identify the median compensated employee, we used base salary received in 2017.

For employees located outside of the U.S., compensation was converted to U.S. dollars using the spot exchange rate as of the last business day of the year (December 29, 2017).

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

RELATED PERSON TRANSACTIONS

Policies and Procedures for Related Person Transactions

Our board of directors has adopted a written related person transaction policy to set forth policies and procedures for the review and approval or ratification of related person transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, the amount involved exceeds \$120,000, and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness, and employment by us of a related person. Our related person transaction policy contains exceptions for any transaction or interest that is not considered a related person transaction under SEC rules as in effect from time to time.

Any related person transaction proposed to be entered into by us must be reported to our general counsel and will be reviewed and approved by the audit committee in accordance with the terms of the policy, prior to effectiveness or consummation of the transaction whenever practicable. If our general counsel determines that advance approval of a related person transaction is not practicable under the circumstances, the audit committee will review and, in its discretion, may ratify the related person transaction at the next meeting of the audit committee.

Alternatively, our general counsel may present a related person transaction arising in the time period between meetings of the audit committee to the chair of the audit committee, who will review and

may approve the related person transaction, subject to ratification by the audit committee at the next meeting of the audit committee.

In addition, any related person transaction previously approved by the audit committee or otherwise already existing that is ongoing in nature will be reviewed by the audit committee annually to ensure that such related person transaction has been conducted in accordance with the previous approval granted by the audit committee, if any, and that all required disclosures regarding the related person transaction are made.

Transactions involving compensation of executive officers will be reviewed and approved by the compensation committee in the manner specified in the charter of the compensation committee.

A related person transaction reviewed under this policy will be considered approved or ratified if it is authorized by the audit committee in accordance with the standards set forth in the policy after full disclosure of the related person's interests in the transaction. As appropriate for the circumstances, the audit committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of business of our company;
- whether the transaction with the related person is proposed to be, or was, entered into on terms no less favorable to us than the terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The audit committee will review all relevant information available to it about the related person transaction. The audit committee may approve or ratify the related person transaction only if the audit committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. The audit committee may, in its sole discretion, impose such conditions as it deems appropriate on us or the related person in connection with approval of the related person transaction.

Since January 1, 2017, we have engaged in the following transactions with our directors, executive officers and holders of more than 5% of our voting securities, and affiliates or immediate family members of our directors, executive officers and 5% stockholders, in which such person had or will have a direct or indirect material interest. All such transactions were approved pursuant to the above policy other than (i) the Transaction and the A&R MPSA (as defined below) because at the time of our entry into the Transaction and the A&R MPSA, TowerBrook and Ascension were not related persons and (ii) the Securities Purchase Agreement and Intermountain Services Agreement (as defined below) with Intermountain because at the time of our entry into the Securities Purchase Agreement and the Intermountain Services Agreement, Intermountain was not a related person.

Strategic Transaction

On February 16, 2016, we entered into a long-term strategic partnership with Ascension, the parent of our largest customer, and TowerBrook, an investment management firm. As part of the transaction, we amended and restated our Master Professional Services Agreement (“A&R MPSA”) with Ascension Health effective February 16, 2016 with a term of ten years. In addition, at the closing of the transaction, we issued to the Investor, a limited liability limited partnership jointly owned by Ascension and investment funds affiliated with TowerBrook: (i) 200,000 shares of our Series A Preferred Stock for an aggregate price of \$200 million and (ii) a warrant with a term of ten years to acquire up to 60 million shares of our common stock at an exercise price of \$3.50 per share, on the terms and subject to the conditions set forth in the Warrant Agreement (the “Warrant”). The Series A Preferred Stock is immediately convertible into shares of common stock. We refer herein to the foregoing transactions consummated on February 16, 2016 with the Investor and Ascension Health as the “Transaction.”

Our director Neal Moszkowski is a co-founder of TowerBrook and has served as the firm’s co-chief executive officer since its inception in March 2005. Our director Ian Sacks is a managing director of TowerBrook. Our director Anthony J. Speranzo serves as the Executive Vice President and Chief Financial Officer of Ascension, and our director Joseph R. Impicicche serves as the Executive Vice President and General Counsel of Ascension. Ascension is the parent company of Ascension Health.

In connection with the closing of the Transaction, we entered into: (i) the Certificate of Designations of the 8.00% Series A Convertible Preferred Stock (“Series A CoD”), setting forth the rights, preferences, privileges and restrictions applicable to the Series A Preferred Stock, as filed with the Secretary of State of the State of Delaware on February 12, 2016; (ii) the Warrant by and between the company and the Investor; (iii) the Investor Rights Agreement by and between the company and the Investor; and (iv) a Registration Rights Agreement by and between the company and the Investor that are more fully described below.

A&R MPSA

Our A&R MPSA with Ascension Health was entered into, and is effective as of, February 16, 2016 and has a term of ten years. The A&R MPSA continues our relationship with Ascension Health which commenced in October 2004 and was previously extended under the prior five-year Master Professional Services Agreement. In 2017, net services revenue from hospitals affiliated with Ascension Health represented approximately \$404.4 million, or 90%, of our total net service revenue.

Pursuant to the A&R MPSA, we provide our revenue cycle management service offering to hospitals affiliated with Ascension Health. The existing supplement agreements for such hospitals receiving services under the prior MPSA continued in effect, as appropriate, under the A&R MPSA. Each such hospital was also required to execute a supplement agreement to transition to R1 such hospital’s “Physician Advisory Services” or “PAS” (as defined in the A&R MPSA) needs under the A&R MPSA. Certain other of Ascension Health’s affiliated hospitals not previously receiving services from us have executed or are expected to execute a supplement agreement to receive revenue cycle management services and PAS under the A&R MPSA. As of December 31, 2017, we have onboarded or started the onboarding process for more than 85% of the new Ascension Health hospitals under the A&R MPSA. We expect the final phase of hospitals to be onboarded in mid-2018. Further, we expect that additional hospitals acquired by Ascension Health or any of its affiliated hospital systems will, over time, execute supplement agreements under the A&R MPSA.

The A&R MPSA provides that each supplement agreement between us and a hospital affiliated with Ascension Health will incorporate the provisions of the A&R MPSA and provide that the hospital will be bound by the A&R MPSA and all amendments, modifications and waivers to which we and Ascension Health agree under the A&R MPSA. With

certain limited exceptions, we will be the exclusive provider of

65

revenue cycle management services and PAS with respect to acute care services provided by the hospitals affiliated with Ascension Health that execute supplement agreements with us.

The A&R MPSA is structured as an operating partner model, whereby a significant number of Ascension Health's revenue cycle employees become our employees. The operating partner model also requires the transition of the non-payroll expenses supporting a hospital's revenue cycle operations to become direct expenses of the Company. In May 2017, we announced the expansion of our relationship with Ascension Health. The expanded relationship adds a health system which was acquired by Ascension Health after the signing of the A&R MPSA and increases the scope of our contract by adding physician RCM services for all Ascension Health ministries in Wisconsin.

The A&R MPSA provides, among other things, that, when providing revenue cycle management or PAS to an affiliated hospital, in general, each hospital pays the company:

base fees equal to a specified percentage of cash collections; and

incentive payments equal to a specified percentage of cash collections, then adjusted based on the weighted average of the company's performance scores across a series of income statement related performance metrics associated with the hospital's revenue cycle operations.

Warrant

Concurrently with the closing of the Transaction, we and the Investor executed and delivered the Warrant to acquire up to a total of 60,000,000 shares of common stock of the company at an initial exercise price equal to \$3.50 per share, at any time during the period commencing on the date of closing of the Transaction and terminating at 5:00 p.m., New York time, on the tenth anniversary of the closing date of the Transaction.

Investor Rights Agreement

Concurrently with the closing of the Transaction, we entered into the Investor Rights Agreement with the Investor.

Under the terms of the Investor Rights Agreement, for so long as the Investor's "Ownership Threshold" (as that term is defined in the Investor Rights Agreement) is met, the Investor shall be entitled to nominate such number of individuals to our board of directors constituting a majority of our board of directors and to designate the chairman of our board of directors. For so long as the Ownership Threshold is not met but the Investor's "Ownership Percentage" (as that term is defined in the Investor Rights Agreement) exceeds 10% of our common stock on an as-converted basis, then the Investor shall be entitled to nominate the greater of (x) such number of individuals to our board of directors in relative proportion to the Ownership Percentage (rounded down) and (y) two directors, and for so long as the Investor's Ownership Percentage is in the aggregate at least 5% but less than 10% of our common stock on an as-converted basis, then the Investor shall be entitled to nominate the greater of (x) such number of individuals to our board of directors in relative proportion to the Ownership Percentage (rounded down) and (y) one director. Additionally, subject to applicable law and the listing standards of Nasdaq (or other United States national securities exchange that our common stock is listed upon, if any), we will offer the Investor Designees an opportunity to, at Investor's option, either sit on each regular committee of our board of directors in relative proportion to the number of Investor Designees on our board of directors or attend (but not vote) at the meetings of such committee as an observer.

Under the terms of the Investor Rights Agreement, the Investor must cause all of its common stock and Series A Preferred Stock entitled to vote at any meeting of our stockholders to be present at such meeting and to vote all such shares in favor of any nominee or director nominated by our nominating and

corporate governance committee and against the removal of any director nominated by our nominating and corporate governance committee.

For so long as the Ownership Threshold is met, the following matters will require the approval of the holders of a majority of the Series A Preferred Stock (on an as-converted basis, including any shares of common stock issued upon the conversion thereof) that is held by the Investor or any “Investor Affiliate” (as defined in the Investor Rights Agreement) to proceed (excluding any such transaction between the company and its wholly owned subsidiaries or among the company’s wholly owned subsidiaries): (i) the amendment or modification of the company’s Certificate of Incorporation, Bylaws or Series A CoD in any manner that materially and adversely affects the rights, preferences or privileges of the holders of Series A Preferred Stock; (ii) the making of any distribution, declaring of any dividend on equity securities of the company or any of its “Subsidiaries” (as that term is defined in the Investor Rights Agreement) ranking equally or junior to the Series A Preferred Stock; (iii) the repurchase or redemption of any equity securities of the company or any of its Subsidiaries ranking equally or junior to the Series A Preferred Stock if at the time of such repurchase or redemption, any accrued dividends on the Series A Preferred Stock are unpaid; (iv) the creation, authorization or issuance of any equity securities of the company or any of its Subsidiaries that would rank senior to the Series A Preferred Stock; (v) any amendment of the MPSA; (vi) the incurrence of any “Indebtedness” (as that term is defined in the Investor Rights Agreement) in excess of \$25.0 million in the aggregate during any fiscal year (other than refinancings of existing Indebtedness); (vii) the sale, transfer or other disposition of assets or businesses of the company or its Subsidiaries with a value in excess of \$10.0 million in the aggregate during any fiscal year (other than sales of inventory or supplies in the ordinary course of business, sales of obsolete assets (excluding real estate), sale-leaseback transactions and accounts receivable factoring transactions); (viii) the acquisition of any assets or properties (in one or more related transactions) for cash or otherwise for an amount in excess of \$10.0 million in the aggregate during any fiscal year (other than acquisitions of inventory and equipment in the ordinary course of business); (ix) capital expenditures in excess of \$10.0 million individually (or in the aggregate if related to an integrated program of activities) or in excess of \$10.0 million in the aggregate during any fiscal year; (x) the approval of the company’s annual budget; (xi) the hiring or termination of the company’s chief executive officer; (xii) the appointment or removal of the chairman of our board of directors; and (xiii) making, or permitting any Subsidiary to make, loans to, investments in, or purchasing, or permitting any Subsidiary to purchase, any stock or other securities in another corporation, joint venture, partnership or other entity in excess of \$5.0 million in the aggregate during any fiscal year. The Investor will be subject to certain transfer restrictions pursuant to the terms of the Investor Rights Agreement. Following the first anniversary of the closing date of the Transaction, neither Investor nor any of its affiliates may transfer any Series A Preferred Stock to any person without our prior written consent other than (i) any “Permitted Transfer” (as such term is defined in the Investor Rights Agreement) or (ii) at any such time when the “Current Market Price” (as such term is defined in the Series A CoD) is less than the quotient of \$1,000 divided by the “Conversion Rate” (as such term is defined in the Series A CoD) in effect from time to time. The Investor and Investor Affiliates are also prohibited from transferring to any competitor of the company, as well as from making certain block transfers, subject to certain exceptions.

The Investor is subject to customary standstill provisions, which are applicable to purchases of debt as well as equity securities and include prohibitions on hedging activities, until the later of (i) three years after the closing of the Transaction and (ii) such time as the Investor owns less than 25% of the outstanding common stock on an as-converted basis.

The Investor Rights Agreement requires that if we propose to offer any equity or equity linked security to any person, then we must first offer the Investor the right to purchase a portion of such securities equal to the Investor’s Ownership Percentage. If the Investor does not exercise this purchase right within 30 days of receiving notice of the proposed offering, then we have 120 days to complete the offering on terms no more favorable than those offered to the Investor.

Registration Rights Agreement

Concurrently with the closing of the Transaction, we entered into a Registration Rights Agreement with the Investor, pursuant to which the Investor is entitled to certain registration rights. Under the terms of the Registration Rights Agreement, the Investor is entitled to (i) six demand registrations, with no more than two demand registrations in any single calendar year and provided that such demand must include at least 10% of the then-outstanding common stock and (ii) unlimited piggyback registration rights for a period of five years with respect to primary issuances and for an unlimited period of time with respect to all other issuances.

Pending Intermedix Acquisition

In February 2018, in conjunction with entering into an agreement and plan of merger, dated February 23, 2018 (the “Merger Agreement”), with Intermedix Holdings, Inc. (“Intermedix”), for the pending acquisition of Intermedix, we entered into a non-binding term sheet with Ascension Health to provide certain revenue cycle management services for physician groups that receive services from Ascension Health’s National Revenue Service Center and other groups associated with Ascension Health hospital systems (the “Medical Group RCM Services”). We expect to enter into a definitive supplement for Medical Group RCM Services in the second quarter of 2018.

Concurrently with the signing of the Merger Agreement, we entered into a commitment letter (the “Subordinated Commitment Letter”), dated February 23, 2018 with TowerBrook Investors IV (Onshore), L.P., TowerBrook Investors IV (892), L.P., TowerBrook Investors IV (OS), L.P., TowerBrook Investors IV Executive Fund, L.P., TowerBrook Investors IV Team Daybreak, L.P. and Ascension Health Alliance D/B/A Ascension (collectively, the “Purchasers”), pursuant to which the Purchasers have agreed to purchase \$110 million of unsecured, subordinated notes (the “Subordinated Notes”).

The Subordinated Commitment Letter contemplates that interest on the Subordinated Notes will accrue interest at 14.0% per annum, increasing by 1.0% per annum on the third anniversary of the closing date of the Intermedix acquisition and by an additional 1.0% per annum on each subsequent anniversary of the closing date of the Intermedix acquisition until the Subordinated Notes are repaid in full. Interest will be payable quarterly in cash; provided, however, that we may, at our option, (i) on or prior to the first anniversary of the closing date of the Intermedix acquisition, elect to pay up to 75% of each quarterly interest payment in kind (with such payment being capitalized to principal on the last day of each applicable fiscal quarter) and pay the remaining balance of such quarterly interest payment in cash; (ii) following the first anniversary and prior to the second anniversary of the closing date of the Intermedix acquisition, elect to pay up to 50% of each quarterly interest payment in kind and pay the remaining balance in cash; and (iii) thereafter, elect to pay up to 25% of each quarterly interest payment in kind and pay the remaining balance in cash.

Intermountain Transactions

Amended and Restated Services Agreement

On and effective as of January 23, 2018, we entered into an Amended and Restated Services Agreement (the “Intermountain Services Agreement”) with Intermountain having a ten-year term. The Intermountain Services Agreement continues our relationship with Intermountain which commenced in October 2011 and was previously extended by amendment dated September 27, 2016 (the “Prior Agreement”). In 2017, net services revenue from Intermountain hospitals and medical group providers represented approximately \$16.1 million, or 3.6% of our total net service revenue.

Pursuant to the Intermountain Services Agreement, we will continue to provide our revenue cycle management service offering to Intermountain hospitals and medical group providers. In addition, we will provide revenue cycle

management services to Intermountain's homecare, hospice and palliative care,

68

durable medical equipment and infusion therapy business. Intermountain has agreed that we may provide services to additional hospitals acquired by Intermountain over time. With certain limited exceptions, we will be the exclusive provider of revenue cycle management services for the hospitals, medical group providers and home health business affiliated with Intermountain.

The Intermountain Services Agreement provides, among other things, that, when providing revenue cycle management services to Intermountain, Intermountain will pay the Company:

- base fees equal to a specified percentage of the prior year's same quarter cash collections (adjusted for inflation and volume); and

- incentive payments equal to a specified percentage of cash collections, then adjusted based on the weighted average of the Company's performance scores across a series of performance metrics associated with the hospital's revenue cycle operations.

Securities Purchase Agreement

On January 23, 2018, we entered into the Securities Purchase Agreement with Intermountain, pursuant to which we sold to Intermountain, in private placements exempt from registration under the Securities Act of 1933, as amended, (the "Securities Act"), (i) 4,665,594 shares of common stock at a purchase price of \$4.2867 per share, and (ii) a warrant to acquire up to 1,500,000 shares of Common Stock on the terms and subject to the conditions set forth in the Warrant Agreement (the "Intermountain Warrant"), for an aggregate purchase price of \$20,000,000.

Under the terms of the Securities Purchase Agreement, for so long as Intermountain's "Ownership Threshold" (as that term is defined in the Securities Purchase Agreement) is met, Intermountain shall be entitled to nominate one individual to our board of directors. Additionally, subject to applicable law and the listing standards of the Nasdaq (or other United States national securities exchange that the common stock is listed upon, if any), we will offer the Intermountain Designee an opportunity to, at Intermountain's option, either sit on each regular committee of the board of directors or attend (but not vote) at the meetings of such committee as an observer. If the Intermountain Designee fails to satisfy the applicable qualifications under law or stock exchange listing standard to sit on any committee of the board of directors, then the board of directors shall offer the Intermountain Designee the opportunity to attend (but not vote) at the meetings of such committee as an observer. On March 25, 2018, we increased the size of the board of directors and appointed Albert (Bert) R. Zimmerli, Intermountain's Executive Vice President and Chief Financial Officer, as the Intermountain Designee.

Under the terms of the Securities Purchase Agreement, Intermountain must cause all of its common stock entitled to vote at any meeting of our stockholders to be present at such meeting and to vote all such shares in favor of any nominee or director nominated by our nominating and corporate governance committee and against the removal of any director nominated by our nominating and corporate governance committee.

Intermountain will be subject to certain transfer restrictions pursuant to the terms of the Securities Purchase Agreement. Prior to January 23, 2021, neither Intermountain nor any Affiliate (as such term is defined in the Securities Purchase Agreement) may directly or indirectly transfer the common stock, the Intermountain Warrant, or any shares of common stock issued upon exercise of the Intermountain Warrant to any person without our prior written consent other than any "Permitted Transfer" (as such term is defined in the Securities Purchase Agreement); provided that if the Investor (or any affiliate of TowerBrook Capital Partners L.P. or Ascension Health who directly or indirectly received equity securities of the company from the Investor) effects a sale of equity securities of the company in a "Sale Transaction" (as such term is defined in the Securities Purchase Agreement) after January 23, 2019, Intermountain will be released from such transfer restriction on a pro rata basis; and provided further that if one or more Sale Transactions occur prior to January 23, 2019, Intermountain will be released from

such transfer restriction on a pro rata basis effective as of January 24, 2019. Intermountain and its affiliates are also prohibited from transferring to any competitor of the company.

Intermountain is subject to customary standstill provisions, until such time as Intermountain owns less than 2% of our outstanding common stock on a fully-diluted basis and calculated assuming full exercise of the Intermountain Warrant.

The Securities Purchase Agreement also provides that Intermountain will have a co-investment right in certain future issuances of equity and/or debt securities of the company, subject to the Ownership Threshold being met, with respect to a “Subsequent TCP-ASC Investment” (as such term is defined in the Securities Purchase Agreement), equal to ten percent (10%) of the Subsequent TCP-ASC Investment, with such co-investment right being capped at a maximum of \$40 million of aggregate investments.

Intermountain Warrant

Concurrently with the entry into the Securities Purchase Agreement, we and Intermountain executed and delivered the Intermountain Warrant to acquire up to a total of 1,500,000 shares of common stock of the company at an initial exercise price equal to \$6.00 per share, at any time during the period commencing on January 23, 2018 and terminating at 5:00 p.m., New York time, January 23, 2028.

Amended and Restated Registration Rights Agreement

Concurrently with the entry into the Securities Purchase Agreement, we, Intermountain and the Investor entered into an Amended and Restated Registration Rights Agreement (the “Amended Registration Rights Agreement”), to add Intermountain as a party and to provide Intermountain with certain registration rights. Under the terms of the Amended Registration Rights Agreement, Intermountain is entitled to (i) one demand registration at any time following January 23, 2021 and (ii) beginning on January 23 2019, unlimited piggyback registration rights subject to certain limitations as it relates to primary issuances; provided that prior to January 23, 2021, Intermountain will only be permitted to include in any piggyback registration the number of registrable securities with respect to which Intermountain is granted an early release from its transfer restrictions under the Securities Purchase Agreement as described above.

Registration Rights

We are a party to a stockholders’ agreement with certain of our stockholders and former directors and executive officers, including Mary A. Tolan. Pursuant to the stockholders’ agreement, we are required to pay all registration fees and expenses, including the reasonable fees and disbursements of one counsel for the participating stockholders, and indemnify each participating stockholder with respect to each registration of registrable shares that is affected.

Indemnification

Our restated certificate of incorporation provides that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. In addition, we have entered into indemnification agreements with each of our directors and executive officers that are broader in scope than the specific indemnification provisions contained in the Delaware General Corporation Law.

Agreement with Mr. Steven Shulman

Effective as of April 2, 2018, Mr. Shulman resigned as a director, as Chairman of the board of directors, and as a member of the compensation committee and the nominating and corporate governance committee of the board of

directors. As a result of Mr. Shulman's resignation, the Chairman

70

Services Agreement between the Company and Mr. Shulman terminated in accordance with its terms. See “Director Compensation-Agreements with Directors-Agreement with Mr. Steven Shulman.”

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and the holders of more than 10% of our common stock to file with the SEC initial reports of ownership of our common stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such filings, we are not aware of any director, officer or 10% stockholder who failed to file on a timely basis any report required by Section 16(a) for fiscal year 2017 other than: Mr. Shulman, who inadvertently did not timely file a Form 4 reporting the forfeiture of performance-based restricted stock; Mr. Evans, the Company’s Chief Accounting Officer, who inadvertently did not timely file a Form 4 reporting the grant of PBRsUs to him in August 2018; and Mr. Feiner, who inadvertently did not timely file a Form 3 after joining the Company’s board of directors.

HOUSEHOLDING OF PROXIES

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports and proxy statements with respect to two or more stockholders sharing the same address by delivering a single annual report and/or proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household annual reports and proxy materials, delivering a single annual report and/or proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. You may request to receive at any time a separate copy of our annual report or proxy statement, by sending a written request to R1 RCM Inc., 401 North Michigan Avenue, Suite 2700, Chicago, Illinois 60611, Attention: Investor Relations.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement in the future, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to R1 RCM Inc., 401 North Michigan Avenue, Suite 2700, Chicago, Illinois 60611, Attention: Investor Relations. If, at any time, you and another stockholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report and/or proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to R1 RCM Inc., 401 North Michigan Avenue, Suite 2700, Chicago, Illinois 60611, Attention: Investor Relations.

OTHER MATTERS

The board of directors knows of no other matters to be brought before the Annual Meeting. However, if other matters do properly come before the Annual Meeting or any adjournments thereof, the persons named in the proxies will vote upon such matters in accordance with their best judgment.
