REPORT OF INDEPENDENT AUDITORS

SBC Communications Inc., Plan Administrator
for the SBC Savings Plan

We have audited the accompanying statements of net assets available for benefits of the SBC Savings Plan as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2000, presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to audit procedures applied in our audits of the financial statements, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

SBC SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS (Dollars in Thousands)

- Plan Description - The SBC Savings Plan (Plan) was established by SBC Communications Inc. (SBC) to provide a convenient way for eligible employees to save for retirement on a regular and long-term basis. The following description of the Plan provides only general information. The Plan has detailed provisions covering participant eligibility, participant allotments from pay, participant withdrawal, participant loans, employer contributions and related vesting of contributions and Plan expenses. The Plan text and prospectus include complete descriptions of these and other Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

Participants can invest their contributions in one or more of the following funds in 1% increments: the SBC Shares Fund, the Bond Fund, the Diversified Equity Portfolio, the Interest Income Fund, the Allocation Fund and the Global Equity Fund. Effective January 1, 2001, participants may also make contributions in the Mid and Small Cap Fund and the International Stock Fund.

Company matching contributions are made solely in the form of shares of SBC's common stock held in the leveraged Employee Stock Ownership Plan (ESOP) which is a separate investment account of this Plan.

The Plan prefunded the ESOP by borrowing Guaranteed Salaried Employees' ESOP Notes due 2005, the repayment of which is guaranteed by SBC. Funds borrowed by the Plan were used to purchase shares of SBC's common stock held in the open market (Financed Shares), which act as collateral for the ESOP Notes. SBC for any payments it makes under its guarantee of the ESOP Notes. Dividends on Financed Shares and employer cash contributions are used by the Plan to make the required principal and interest payments on the ESOP Notes. As the ESOP Notes are paid down, the Financed Shares are released from the Plan. The Financed Shares are allocated to participants' accounts in the form of a company matching contribution. In lieu of dividends on Financed Shares previously allocated to participants, the Financed Shares are allocated to participants' accounts. The interest rate on the notes ranges from 7.89% to 7.89%.

To the extent insufficient shares have been released through payments on outstanding notes, the ESOP is refinanced, additional employer contributions are made to the ESOP to purchase shares necessary to cover any shortfall in the company match or in the shares issued in lieu of dividends. Dividends on released shares are used to acquire additional shares which are allocated to participants' accounts in the ESOP. Should shares released exceed the required company matching contribution, the excess is considered an additional employer contribution and is allocated to participants' accounts based on each participant's proportionate share of actual plan year ESOP contributions.

Dividends on shares in the SBC Shares Fund are paid into a separate fund known as a Dividend Fund (DFA). At the end of the year, dividends held in the DFA are paid out to the participant. The participant may elect reinvestment and have the special Deferred-Tax Allotment offset the payment for the purchase of additional units. Interest earned on dividends held in the DFA will be paid into the SBC Shares Fund. During 2000, Plan participants elected to receive \$35.2 million in dividend distributions. This amount is included in distributions on the statement of changes in net assets.

Although it has not expressed any intent to do so, SBC has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, subject to the conditions set forth by ERISA, the account balances of participants shall be 100% vested.

2. Accounting Policies - The values of investments are determined as follows: SBC common shares -----

of the closing price as reported on the New York Stock Exchange; contracts with insurance companies and other financial institutions at principal plus reinvested interest which approximates fair value; and collective trust funds at values obtained from fund managers; and temporary cash investments which approximates fair value.

Purchases and sales of securities are reflected as of the trade date. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recognized on the accrual basis.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

In June 1998, the Financial Accounting Standards Board issued Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" (FAS 133), which requires all derivatives to be recorded on the statement of net assets available benefits at fair value, and requires changes in the fair value of the derivatives to be recorded on the statement of changes in net assets available for beneficiaries. SBC adopted FAS 133 on January 1, 2001, and the Plan's December 31, 2001 financial statements will reflect this adoption. However, because of the Plan's minimal use of derivatives, SBC does not expect the adoption of this standard will have a significant effect on the Plan.

3. Voluntary Enhanced Pension and Retirement Program - In October 2000, SBC implemented a voluntary

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

pension and retirement program (EPR) to reduce the number of management employees. The program made eligible management employees who decided to terminate employment an enhanced pension benefit and increased eligibility for post-retirement medical and dental benefits. Although distribution of normal plan provisions increased due to the EPR program, partial termination of the Plan did not occur.

4. Investments - Investments representing 5% or more of Plan net assets at either December 31, 2000 and 1999 were:

	2000	1999
	-----	-----
Employee Stock Ownership Plan*		

SBC common shares:		
Allocated	\$ 1,184,049	\$ 1,280,082
Unallocated	\$ 84,996	\$ 228,258
SBC Shares Fund		

SBC common shares	\$ 1,648,251	\$ 2,129,807
Diversified Equity Portfolio		

Barclays Global Investors Equity Index Fund F	\$ 1,379,669	\$ 1,667,335
Asset Allocation Fund		

Barclays Global Investors U.S. Tactical Asset Allocation Fund F	\$ 403,199	\$ 447,668

* Nonparticipant-directed

During 2000, the Plan's investments (including gains and losses on investments bought and sold during the year) depreciated in value as follows:

Common Stock	\$ 19,853
Common Collective Trusts	145,373

Total	\$ 165,226
	=====

The Interest Income Fund consists of contracts with various companies that promise to repay principal plus accrued income at contract maturity, subject to the creditworthiness of the issuer. Interest crediting rates are generally established when the contract is purchased and are not reset. For the years ended December 31, 2000 and 1999, the average interest rates earned on these contracts were 6.04% and 6.04%. At December 31, 2000, the fixed crediting interest rates on these contracts ranged from 6.04% to 7.65%. At December 31, 1999, the fixed crediting interest rates on these contracts ranged from 6.04% to 8.38%.

The Interest Income Fund invests in both guaranteed investment contracts (GICs) and synthetic investment contracts (SICs). SICs differ from GICs in that the assets supporting the SICs are owned by the bank or insurance company issues a wrapper contract that allows participant directed transactions to be made at contract value. Wrapper contracts are valued as the difference between the fair value of the supporting assets and the contract value. The assets supporting the GICs and SICs generally consist of high quality fixed income securities with fair values of \$615,408 and \$481,369 at December 31, 2000 and 1999. The contract values of the GICs and SICs at December 31, 2000 and 1999 were \$605,647 and \$580,000.

5. Nonparticipant-Directed Investments - Information about the net assets and the significant changes in net assets relating to the nonparticipant-directed investments as of December 31, 2000 and 1999 follows:

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

	2000	1999
	-----	-----
Assets		

SBC common shares:		
Allocated	\$ 1,184,049	\$ 1,280,082
Unallocated	84,996	228,258
Temporary cash investments	14,644	25,735

	-----	-----
Net Assets Available for Benefits	\$ 1,246,433	\$ 1,446,602
	=====	=====
		2000

Net Assets Available for Benefits, December 31, 1999		\$ 1,446,602
Employer contributions		67,162
Interest income		4,676
Dividends		30,284
Net depreciation in fair value of investments		(23,580)
Administrative expenses		(457)
Interest expense		(6,929)
Distributions		(271,325)

		(200,169)

Net Assets Available for Benefits, December 31, 2000		\$ 1,246,433
		=====

6. Long-Term Debt - Long-term debt consists of the ESOP Notes issued in connection with the ESOP refinancing notes (as discussed in Note 1). At December 31, 2000, the aggregate principal amount of long-term debt scheduled for repayment for the years 2001 through 2005 were \$4,302, \$4,616, \$3,959 and \$18,077. The carrying amount and the estimated fair value of the ESOP and refinancing notes as of December 31 were:

	2000	1999
	-----	-----
Carrying Amount	\$ 35,996	\$ 83,628
	=====	=====

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

Fair Value	\$ 36,890	\$ 83,505
	=====	=====

The fair values of the ESOP Notes were estimated based on quoted prices. The fair value of the refinancing notes were estimated based on discounted future cash flows using current interest rates.

7. Tax Status - The Internal Revenue Service issued a determination letter on November 4, 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was received. The Administrator believes that the Plan is currently designed and is operating in compliance with applicable requirements of the IRC.

8. Reconciliation of Financial Statements to Form 5500 - The following is a reconciliation of Net Assets Available for Benefits per the financial statements to the Form 5500 as of December 31:

	2000	1999
Net Assets Available for Benefits per the financial statement	\$ 5,730,656	\$ 6,586,474
Less: Distribution payable to participants	20,220	-
Net Assets Available for Benefits per the Form 5500	\$ 5,710,436	\$ 6,586,474

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2000:

	2000
Distributions to participants per the financial statements	\$ 1,108,516
Add: Distributions payable to participants at December 31, 2000	20,220
Less: Distributions payable to participants at December 31, 1999	-
Distributions to participants per the Form 5500	\$ 1,128,736

Distributions payable to participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

9. Subsequent Event - Due to the merger of SBC and Ameritech Corporation (Ameritech) effective October 1, 1999, the Ameritech Savings Plan for Salaried Employees (Ameritech Plan) merged into the Plan effective January 1, 2001. In conjunction with the merger, all assets of the Ameritech Plan were either transferred directly to the Plan through in-kind securities transfers or sold and the cash transferred to the Plan, together with the unallocated SBC common shares and the remaining liability under the merger agreement.

REPORT OF INDEPENDENT AUDITORS

SBC Communications Inc., Plan Administrator
for the SBC Savings and Security Plan

We have audited the accompanying statements of net assets available for benefits of the SBC Savings and Security Plan as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

We conducted our audits in accordance with auditing standards generally accepted in the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2000, presented for purposes of additional analysis and is not a required part of the financial statements. This supplementary information required by the Department of Labor's Rules and Regulations for Reporting of Financial Information under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to audit procedures applied in our audits of the financial statements, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

SBC SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS
(Dollars in Thousands)

1. Plan Description - The SBC Savings and Security Plan (Plan) was established by SBC Communicat

(SBC) to provide a convenient way for eligible employees to save for retirement on a regular long-term basis. The majority of eligible employees are represented by the Communications Workers of America. The following description of the Plan provides only general information. The Plan includes provisions covering participant eligibility, participant allotments from pay, participant withdrawal, participant loans, employer contributions and related vesting of contributions and Plan expenses. The Plan text and prospectus include complete descriptions of these and other Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants can invest their contributions in one or more of the following funds in 1% increments: the SBC Shares Fund, the Bond Fund, the Diversified Equity Portfolio, the Interest Income Fund, the Real Estate Allocation Fund and the Global Equity Fund.

Company matching contributions are made solely in the form of shares of SBC's common stock held in the leveraged Employee Stock Ownership Plan (ESOP) which is a separate investment account of this Plan.

The Plan prefunded the ESOP by borrowing Guaranteed Non-Salaried Employees' ESOP Notes due 2001, the repayment of which is guaranteed by SBC. Funds borrowed by the Plan were used to purchase shares of SBC common stock held in the open market (Financed Shares), which act as collateral for reimbursement of the Plan for any payments it makes under its guarantee of the ESOP Notes. Dividends on Financed Shares and employer cash contributions are used by the Plan to make the required principal and interest payments on the ESOP Notes. As the ESOP Notes are paid down, the Financed Shares are released from the collateral. The Financed Shares are allocated to participants' accounts in the form of a company matching contribution. In lieu of dividends on Financed Shares previously allocated to participants, the Financed Shares are allocated to participants' accounts. The interest rate on the notes is 7 1/8%.

To the extent insufficient shares have been released through payments on outstanding notes, the notes will be refinanced, additional employer contributions are made to the ESOP to purchase shares necessary to cover any shortfall in the company match or in the shares issued in lieu of dividends. Dividends on Financed Shares are used to acquire additional shares which are allocated to participants' accounts in the form of a company matching contribution. Should shares released exceed the required company matching contribution, the excess is considered an additional employer contribution and is allocated to participants' accounts based on each participant's proportionate share of actual plan year ESOP contributions.

Dividends on shares in the SBC Shares Fund are paid into a separate fund known as a Dividend Fund (DFA). At the end of the year, dividends held in the DFA are paid out to the participant. The participant may elect reinvestment and have the special Deferred-Tax Allotment offset the payment for the purchase of additional units. Interest earned on dividends held in the DFA will be paid into the SBC Shares Fund. During 2000, Plan participants elected to receive \$38.7 million in dividend distributions. This amount is included in distributions on the statement of changes in net assets.

Although it has not expressed any intent to do so, SBC has the right under the Plan to discontinue employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, subject to the conditions set forth by ERISA, the account balances of all participants shall be 100% vested.

2. Accounting Policies - The values of investments are determined as follows: SBC common shares

of the closing price as reported on the New York Stock Exchange; contracts with insurance companies and other financial institutions at principal plus reinvested interest which approximates fair value; and collective trust funds at values obtained from fund managers; and temporary cash investments

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

which approximates fair value. Purchases and sales of securities are reflected as of the trade date. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recorded on the accrual basis.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

In June 1998, the Financial Accounting Standards Board issued Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" (FAS 133), which requires all derivatives to be recorded on the statement of net assets available benefits at fair value, and requires changes in the fair value of the derivatives to be recorded on the statement of changes in net assets available for beneficiaries. The Plan adopted FAS 133 on January 1, 2001, and the Plan's December 31, 2001 financial statements will reflect this adoption. However, because of the Plan's minimal use of derivatives, SBC does not expect the adoption of this standard will have a significant effect on the Plan.

3. Investments - Investments representing 5% or more of Plan net assets at either December 31, 2000 or 1999 were:

	2000 -----	1999 -----
Employee Stock Ownership Plan *		

SBC common shares:		
Allocated	\$ 1,209,908	\$ 1,197,257
Unallocated	\$ 3	\$ 118,174
SBC Shares Fund		

SBC common shares	\$ 1,941,683	\$ 1,941,683
Diversified Equity Portfolio		

Barclays Global Investors Equity Index Fund	\$ 516,372	\$ 549,268

* Nonparticipant-directed

During 2000, the Plan's investments (including gains and losses on investments bought and sold during the year) depreciated in value as follows:

Common Stock	\$ 62,626
Common Collective Trusts	50,556

Total	\$ 113,182
	=====

The Interest Income Fund consists of contracts with various companies that promise to repay principal and accrued income at contract maturity, subject to the creditworthiness of the issuer. Interest rates are generally established when the contract is purchased and are not reset. For the year ended December 31, 2000 and 1999, the average interest rates earned on these contracts were 6.15% and 5.18%, respectively. For the year ended December 31, 2000, the fixed crediting interest rates on these contracts ranged from 5.18% to 6.15%, and for the year ended December 31, 1999, the fixed crediting interest rates on these contracts ranged from 5.08% to 6.15%.

The Interest Income Fund invests in both guaranteed investment contracts (GICs) and synthetic guaranteed investment contracts (SICs). SICs differ from GICs in that the assets supporting the SICs are owned by a bank or insurance company issues a wrapper contract that allows participant directed transactions to be made at contract value. Wrapper contracts are valued as the difference between the fair value of the supporting assets and the contract value. The assets supporting the GICs and SICs generally consist of high quality fixed income securities with a fair value of \$381,022 and \$320,735 at December 31, 2000 and 1999, respectively. The contract value of the GICs and SICs at December 31, 2000 and 1999 were \$376,050 and \$376,050, respectively.

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

4. Nonparticipant-Directed Investments - Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments as of December 31, 1999 and 2000 follows:

	2000	1999
	-----	-----
Assets		

SBC common shares:		
Allocated	\$ 1,209,908	\$ 1,197,257
Unallocated	3	118,174
Temporary cash investments	2,300	19,769
Dividends and interest receivable	24	96
Receivable for investments sold	224	92
Other	1	-
	-----	-----
Total Assets	1,212,460	1,335,388
	-----	-----
Liabilities		

Administrative expenses payable	248	107
Interest payable	-	1,290
Long-term debt	644	46,148
	-----	-----
Total Liabilities	892	47,545
	-----	-----
Net Assets Available for Benefits	\$ 1,211,568	\$ 1,287,843
	=====	=====
		2000

Net Assets Available for Benefits, December 31, 1999		\$ 1,287,843
Employer contributions		70,317
Interest income		2,267
Dividends		26,441
Net depreciation in fair value of investments		(29,306)
Administrative expenses		(1,115)
Interest expense		(2,563)
Distributions		(142,316)

		(76,275)

Net Assets Available for Benefits, December 31, 2000		\$ 1,211,568
		=====

5. Long-Term Debt - Long-term debt consists of the ESOP Notes issued in connection with the ESOP Notes and the ESOP Notes (as discussed in Note 1). At December 31, 2000, there was no long-term debt for repayment for the year 2001. The remaining \$644 is due in the year 2005. The carrying amount and the estimated fair value of the ESOP and refinancing notes as of December 31 were:

	2000	1999
	-----	-----
Carrying Amount	\$ 644	\$ 46,148

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

	=====	=====
Fair Value	\$ 644	\$ 46,169
	=====	=====

At December 31, 2000 and 1999, the fair value of the ESOP Note was estimated based on quoted December 31, 1999, the fair values of the 8.41% ESOP Notes were estimated based on quoted price fair value of the 9.40% ESOP Notes were estimated based on discounted future cash flows using interest rates.

6. Tax Status - The Internal Revenue Service issued a determination letter on March 10, 1997, stating that

the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was received. The Plan Administrator believes that the Plan is currently designed and is operating in compliance with applicable requirements of the IRC.

7. Reconciliation of Financial Statements to Form 5500 - The following is a reconciliation of Net Assets

Available for Benefits per the financial statements to the Form 5500 as of December 31:

	2000	1999
	-----	-----
Net Assets Available for Benefits per the financial statements	\$ 4,633,721	\$ 4,828,138
Less: Distribution payable to participants	1,583	-
	-----	-----
Net Assets Available for Benefits per the Form 5500	\$ 4,632,138	\$ 4,828,138
	=====	=====

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2000:

	2000

Distributions to participants per the financial statements	\$ 470,730
Add: Distributions payable to participants at December 31, 2000	1,583
Less: Distributions payable to participants at December 31, 1999	-

Distributions to participants per the Form 5500	\$ 472,313
	=====

Distributions payable to participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

REPORT OF INDEPENDENT AUDITORS

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

Ameritech Corporation, Plan Administrator
for the Ameritech Savings and Security Plan for Non-Salaried Employees

We have audited the accompanying statements of net assets available for benefits of the Ameritech Security Plan for Non-Salaried Employees as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2000, presented for the purpose of additional analysis and is not a required part of the financial statements. This supplemental schedule is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to audit procedures applied in our audits of the financial statements, and in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

AMERITECH SAVINGS AND SECURITY PLAN FOR NON-SALARIED EMPLOYEES NOTES TO FINANCIAL STATEMENTS (Dollars in Thousands)

1. Merger of Plan Sponsor - In October 1999, Ameritech Corporation (Ameritech) and a wholly owned subsidiary of SBC Communications Inc. (SBC) merged, resulting in Ameritech becoming a wholly owned subsidiary of SBC Communications Inc. (the merger). As a result of the merger, each share of Ameritech common stock held by the Ameritech Savings and Security Plan for Non-Salaried Employees (the Plan) was automatically converted to one share of SBC common stock. The conversion did not represent a Plan transaction and no gain or loss was recognized.
2. Plan Description - The Plan was established by Ameritech to provide a convenient way for eligible non-salaried employees of participating Ameritech companies to save for retirement on a regular, long-term basis. The following description of the Plan provides only general information. The Plan's detailed provisions covering participant eligibility, participant allotments from pay, participant withdrawals, participant loans, employer contributions and related vesting of contributions and expenses. The Plan is summarized in the Summary Plan Description, which has been distributed to all Plan participants. Participants should refer to the official Plan documents for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2000, participants could invest in various combinations of five funds: the SBC Shares Fund, the Equities Market Plus Fund, the Fixed Income Fund, the Balanced Fund and the Diversified Telecommunications Portfolio (DTP) Fund, or for members of the International Brotherhood of Electrical Workers (IBEW) in the Union-sponsored International Brotherhood of Electrical Workers Locals Savings and Retirement Trust Fund (IBEW Fund - see Note 4). In addition, Communications Workers of America (CWA) members may elect to contribute to the CWA Savings and Retirement Trust Fund (CWA Fund). Such contributions are made by the employee directly to the fund, rather than by payroll deduction. The CWA Fund is not included in the Plan's financial statements.

Company matching contributions are made solely in the form of shares of SBC common stock which are acquired weekly on an as needed basis. Prior to January 2000, these stock contributions were held in a leveraged Employee Stock Ownership Plan (ESOP).

The Plan prefunded the ESOP by borrowing \$240 million of ten and one-half year notes (ESOP Notes) which were payable in semi-annual installments through the year 2000, at 8.1% interest. In January 2000, the ESOP Notes were paid in full. Funds borrowed by the Plan were used to purchase shares of Ameritech common stock held by Ameritech in its treasury (Financed Shares), which acted as collateral for reimbursement of Ameritech for any payments it made under its guarantee of the ESOP Notes. The interest rate on the ESOP Notes was 8.1%.

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

decreased to 8.03% effective January 1, 1993 due to the increased Federal income tax rate.

Dividends on Financed Shares, interest and employer cash contributions were used by the Plan to make required principal and interest payments on the ESOP Notes. As the notes were paid down, the Shares were released from the collateral. The Financed Shares were allocated to participants in the form of a company matching contribution. In lieu of dividends on Financed Shares previously allocated to participants, additional Financed Shares were allocated to participants' accounts.

To the extent insufficient shares had been released through payments on outstanding notes, additional employer contributions were made to the ESOP to purchase shares necessary to meet any shortfall. Dividends on the Shares were used to acquire additional shares, which were allocated to participants' accounts in the form of a company matching contribution. Should shares released exceed the required company matching contribution, the excess was considered an additional employer contribution and was allocated to participants' accounts based on each participant's proportionate share of actual plan year company matching contributions.

State Street Bank and Trust was the trustee of the Plan until October 1, 2000. Effective October 1, 2000, the Plan's assets were transferred to Boston Safe Deposit and Trust Company, a wholly owned subsidiary of Mellon Bank, N.A.

Although it has not expressed any intent to do so, Ameritech has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA and any applicable collective bargaining agreements. In the event that the Plan is terminated, subject to the conditions set forth in ERISA, the Plan provides that the net assets will be distributed to participants whose employment has terminated in an amount equal to their respective interests in such assets. Assets attributable to participants whose employment has not terminated will remain in the Plan until employment terminates.

3. Accounting Policies - The financial statements of the Plan are prepared using the accrual method of accounting.

The values of investments are determined as follows: SBC common shares on the basis of the closing price as reported on the New York Stock Exchange; contracts with insurance companies and financial institutions at principal plus reinvested interest; common/collective trusts and other trusts at net asset values per share obtained from published sources or fund manager; and term investments and participant loans at cost, which approximates fair value.

Purchases and sales of securities are reflected as of the trade date. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recognized on the accrual basis.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

In June 1998, the Financial Accounting Standards Board issued Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" (FAS 133), which requires all derivatives to be recorded on the statement of net assets available for benefits at fair value, and requires changes in the value of the derivatives to be recorded on the statement of changes in net assets available for benefits. SBC adopted FAS 133 on January 1, 2001 and the Plan's December 31, 2001 financial statements will reflect this adoption. However, because of the Plan's minimal use of derivatives, SBC does not expect that adoption of this standard will have a significant effect on the Plan.

Certain prior year balances have been reclassified to conform to current year presentation.

4. IBEW Fund - In order to allow eligible employees to participate in the IBEW Fund investment program, the Plan has adopted the provisions of the IBEW Savings and Retirement Group Trust (IBEW Group Trust).

On January 1, 1988, for the limited purpose of and for specifically complying with the requirements of Revenue Ruling 81-100 related to group trusts. The Plan, by agreement, participates in the IBEW Group Trust with respect to participant eligibility, contribution, distribution and withdrawal requirements. The Trust is administered by Ameritech (the Participating Employer), and with respect to maintaining participant records and IBEW Fund accounting through the Trustee. The Plan's equitable interest in the IBEW Group Trust at December 31, 2000 and 1999 was 2.30% and 5.40%, of the net assets available for benefits.

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

IBEW Group Trust. The Plan's interest is valued on a per unit basis, changes in which represent investment income, net of expenses related to administration of the IBEW Group Trust and investment management services.

5. Investments - Investments representing 5% or more of Plan net assets at either December 31, 2000 or 1999 were:

	2000 -----	1999 -----
Employee Stock Ownership Plan - Special Stock Fund*		
SBC common shares:		
Allocated	\$ 601,131	\$ 650,032
Unallocated	\$ -	\$ 36,959
SBC Shares Fund		
SBC common shares	\$ 1,430,296	\$ 1,643,557
Diversified Telephone Portfolio Fund		
SBC common shares	\$ 30,554	\$ 39,543
Equities Market Plus Fund		
IRT Ameritech Collective Equity Fund	\$ 129,856	\$ 150,450

* Nonparticipant-directed

During 2000, the Plan's investments (including gains and losses on investments bought and sold during the year) depreciated in value by \$107,703 as follows:

SBC Common Stock	\$ 80,787
Common Collective Trusts	26,916

Total	\$ 107,703
	=====

The Fixed Income Fund consists of contracts with various companies that promise to repay principal and accrued income at contract maturity, subject to the creditworthiness of the issuer. Interest rates are generally established when the contract is purchased and are not reset. For the year ended December 31, 2000, the average interest rate earned on these contracts was 6.35%. At December 31, 1999, the fixed crediting interest rates on these contracts ranged from 5.38% to 7.52%. At December 31, 2000, the fixed crediting interest rates on these contracts ranged from 5.26% to 6.61%. No valuation adjustments were recorded to adjust contract amounts as of December 31, 2000 or 1999.

The Fixed Income Fund invests in both guaranteed investment contracts (GICs) and synthetic investment contracts (SICs). SICs differ from GICs in that the assets supporting the SICs are owned by a bank or insurance company issues a wrapper contract that allows participant directed transactions to be made at contract value. Wrapper contracts are valued as the difference between the fair value of the supporting assets and the contract value. The assets supporting the GICs and SICs generally consist of high quality fixed income securities with fair values of \$171,461 and \$162,142 at December 31, 1999. The contract values of the GICs and SICs at December 31, 2000 and 1999 were \$169,603 and \$169,603, respectively.

6. Nonparticipant-Directed Investments - Information about the net assets and the significant changes in net assets relating to the nonparticipant-directed investments (held in the Special Stock Fund) as of December 31 is as follows:

2000 -----	1999 -----
---------------	---------------

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

	-----	-----

Net Assets Available for Benefits	\$ 606,455	\$ 685,706
	=====	=====

2000

Net Assets Available for Benefits, December 31, 1999	\$ 685,706
--	------------

Contributions

21,772

Dividends and interest	15,292
Net appreciation in value of investments	(25,699)
Transfers of participants' balances - net	(12,515)
Administrative expenses	(92)
Interest expense	(1,702)
Distributions to participants	(76,307)

(79,251)

Net Assets Available for Benefits, December 31, 2000	\$ 606,455
	=====

7. Long-Term Debt - Long-term debt consisted of the ESOP Notes (as discussed in Note 2). The ESOP Notes were paid in full in January 2000. The carrying amount and the estimated fair value of the ESOP Notes of December 31 were:

	1999

Carrying Amount	\$ 12,000
	=====
Fair Value	\$ 12,000
	=====

The fair value of the ESOP Notes were estimated based on quoted prices.

8. Tax Status - The Internal Revenue Service issued a determination letter on April 16, 1996, stating that the ESOP is qualified under Section 501(c)(3) of the Internal Revenue Code.

Edgar Filing: SBC COMMUNICATIONS INC - Form 10-K/A

that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was received. Administrator believes that the Plan is currently designed and is operating in compliance with applicable requirements of the IRC.

9. Reconciliation of Financial Statements to Form 5500 - The following is a reconciliation of Net

Available for Benefits per the financial statements to the Form 5500 as of December 31:

	2000	1999
	-----	-----
Net Assets Available for Benefits per the Financial Statement \$	2,570,529	\$ 2,969,366
Less: Distributions payable to participants	66,274	92,100
	-----	-----
Net Assets Available for Benefits per the Form 5500	\$ 2,504,255	\$ 2,877,266
	=====	=====

The following is a reconciliation of distributions to participants per the financial statements to Form 5500 for the year ended December 31:

	2000

Distributions to participants per the Financial Statement	\$ 424,235
Add: Distributions payable to participants at December 31, 2000	66,274
Less: Distributions payable to participants at December 31, 1999	92,100

Distributions to participants per the Form 5500	\$ 398,409
	=====

Distributions payable to participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.
