PROXY STATEMENT

Introduction

The enclosed Proxy is solicited on behalf of the Board of Directors (the "*Board*") of Apple Computer, Inc., a California corporation (the "*Company*"), for use at the Company's annual meeting of shareholders (the "*Annual Meeting*") to be held on Wednesday, April 24, 2002 at 10:00 a.m., local time, and at any postponement(s) or adjournment(s) thereof. The purposes of the Annual Meeting are set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the Company's principal executive offices at the address shown above.

The Company's complete mailing address is 1 Infinite Loop, Cupertino, California 95014, and its telephone number is (408) 996-1010. Georgeson Shareholder Communications Inc., which is assisting with the mechanics of the return of the proxies, may be contacted at (800) 223-2064.

These proxy solicitation materials were mailed on or about March 21, 2002 to all shareholders entitled to vote at the Annual Meeting.

Procedural Matters

Shareholders of record as of the close of business on March 1, 2002 (the "*Record Date*") are entitled to receive notice of, to attend, and to vote at the Annual Meeting. There were 353,874,980 shares of Common Stock issued and outstanding on the Record Date. Each share has one vote on all matters. The closing sale price of Common Stock as reported on the Nasdaq National Market on the Record Date was \$23.45 per share.

A shareholder may revoke any proxy given pursuant to this solicitation by attending the Annual Meeting and voting in person, or by delivering to the Company's Corporate Secretary at the Company's principal executive offices referred to above, prior to the Annual Meeting, a written notice of revocation or a duly executed proxy bearing a date later than that of the previously submitted proxy.

The Company will bear the cost of this solicitation. The Company has retained the services of Georgeson Shareholder Communications Inc. to assist in obtaining proxies from brokers and nominees of shareholders for the Annual Meeting. The estimated cost of such services is \$14,000 plus out-of-pocket expenses. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses in forwarding solicitation material to such beneficial owners. Certain of the Company's directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone, facsimile or telegram.

Attendance at the Annual Meeting is limited to shareholders. Admission to the meeting will be on a first-come, first-served basis. Registration will begin at 9:00 a.m. and each shareholder may be asked to present valid picture identification such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Required Vote

In the election of directors, the six candidates receiving the highest number of affirmative votes will be elected as directors. Every shareholder complying with Section 708(b) of the California General Corporation Law may cumulate such shareholder's votes in the election of

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

directors and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder's shares are normally entitled, or distribute the shareholder's votes on the same principle among as many candidates as the shareholder thinks fit. Pursuant to Section 708(b), no shareholder may cumulate votes unless such candidate or candidates' names have been placed in nomination prior to the voting and the shareholder has given notice at the meeting prior to the voting of the shareholder's intention to cumulate the shareholder's votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination. In such event, the proxy holders reserve the right to cumulate votes and cast such votes in favor of the election of some or all of the nominees in their sole discretion. Proposals 2 through 5 each require for approval (i) the affirmative vote of a majority of the shares "represented and voting" and (ii) the affirmative vote of a majority of the required quorum.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR", "AGAINST" or "ABSTAIN" in a matter are treated as being present at the meeting for purposes of establishing the quorum, but only shares voted "FOR" or "AGAINST" are treated as shares "represented and voting" at the Annual Meeting with respect to such matter. Accordingly, abstentions and broker non-votes will be counted for purposes of determining the presence or absence of the quorum for the transaction of business, but will not be counted for purposes of determining the number "represented and voting" with respect to a proposal.

Proxy Voting; Internet Voting

Shareholders may vote without attending the meeting by submitting a proxy or by voting electronically through the Internet or by telephone. If specific voting instructions are provided, the shares will be voted as indicated. If a proxy card is returned without voting instructions, the shares represented by the proxy will be voted for the election of the nominees for director, for Proposals 2 and 3, against Proposals 4 and 5 and as the persons named as proxies deem advisable on such other matters that may come before the annual meeting.

Shareholders whose shares are registered in the name of a bank or brokerage firm may be eligible to vote electronically through the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible shareholders the opportunity to vote via the Internet or by telephone. Voting forms will provide instructions for shareholders whose bank or brokerage firm is participating in ADP's program.

Registered shareholders may vote electronically through the Internet by following the instructions included with their proxy card. Shareholders not wishing to vote electronically through the Internet or whose form does not reference Internet or telephone voting information should complete and return the enclosed paper proxy card. Signing and returning the proxy card or submitting the proxy via the Internet or by telephone does not affect the right to vote in person at the Annual Meeting.

3

Board Meetings and Committees

The Board met and/or took action by written consent a total of sixteen times during fiscal year 2001. The Board has a standing Compensation Committee, a Nominating Committee and an Audit and Finance Committee ("*Audit Committee*").

The Compensation Committee is primarily responsible for reviewing the compensation arrangements for the Company's executive officers and for administering the Company's stock option plans. The Compensation Committee was re-established in August 2001 and, as a result, only had an opportunity to meet and/or take action by written consent once before the end of fiscal year 2001. Members of the Compensation Committee are Messrs. Campbell, Levinson and York.

The Nominating Committee is primarily responsible for recommending new members to the Board of Directors. The Nominating Committee was established in August of 2001 and, as a result, did not have an opportunity to meet before the end of fiscal year 2001. The Nominating Committee will consider nominees proposed by shareholders. Shareholder recommendations may be submitted to the corporate secretary in accordance with the Company's bylaws. Members of the Nominating Committee are Messrs. Campbell and Levinson.

The Audit Committee is primarily responsible for assisting the Board in fulfilling its oversight responsibility by reviewing the financial information that will be provided to shareholders and others, reviewing the services performed by the Company's independent auditors and internal audit department, evaluating the Company's accounting policies and its system of internal controls that management and the Board have established and reviewing significant financial transactions. The Audit Committee met eight times during fiscal year 2001.

Consistent with the Nasdaq audit committee structure and membership requirements, the Audit Committee is comprised of three members: Messrs. York, Campbell and Levinson. Because of Mr. York's affiliation with MicroWarehouse (see "*Certain Relationships and Related Transactions*"), he is deemed to be a "non-independent" director. As permitted under the Nasdaq requirements, the Board carefully considered Mr. York's affiliation with MicroWarehouse as well as his accounting and financial expertise and determined that it is in the best interest of the Company and its shareholders that he continue to serve as a member of the Audit Committee. Both Mr. Campbell and Dr. Levinson are independent directors under the Nasdaq requirements.

The Audit Committee operates under a written charter adopted and recently amended by the Board which is included in this proxy statement as Appendix A.

During fiscal year 2001, with the exception of Mr. Ellison, no director attended fewer than 75% of the aggregate of all meetings of the Board and the committees, if any, upon which such director served and which were held during the period of time that such person served on the Board or such committee.

Director Compensation

In 1997, the Company ended its practice of paying cash retainers and fees to directors, and approved the Apple Computer, Inc. 1997 Director Stock Option Plan (the "*Director Plan*"). The shareholders approved the Director Plan in April 1998 and 800,000 shares have been reserved for issuance under the Director Plan. Pursuant to the Director Plan, the Company's non-employee directors are granted an option to acquire 30,000 shares of Common Stock upon their initial election to the Board ("*Initial Options*"). On the fourth anniversary of a non-employee director's initial election to the Board and on each subsequent anniversary, the director will be entitled to receive an option to acquire 10,000 shares of Common Stock ("*Annual Options*"). Initial Options vest and become exercisable in equal annual installments on each of the first through third anniversaries of the date of grant. Annual Options are fully vested and immediately exercisable on their date of grant. As of the end of the fiscal year, there were options for 360,000 shares outstanding under the Director Plan. Since accepting the position of CEO, Mr. Jobs is no longer eligible for grants under the Director Plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of securities ownership and changes in such ownership with the Securities and Exchange Commission (the "SEC"). Officers, directors and greater than ten percent shareholders also are required by rules promulgated by the SEC to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such forms furnished to the Company, the absence of a Form 3, 4 or 5 or written representations that no Forms 5 were required, the Company believes that, during fiscal year 2001, its officers, directors and greater than ten percent beneficial owners complied with all applicable Section 16(a) filing requirements.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The following report of the Compensation Committee of the Board of Directors shall not be deemed "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into such filing.

From April 2000 until August 2001, the entire Board of Directors acted with respect to matters previously considered by a Compensation Committee. In August 2001, the Board re-established a Compensation Committee and named William V. Campbell, Arthur D. Levinson and Jerome B. York as members. The Company's executive compensation program is administered by the Compensation Committee (the "Committee"). The Committee reviews and approves the base salaries, bonuses, stock options and other compensation of the executive officers and management-level employees of the Company and administers the Company's stock option plans.

The Company's executive compensation program focuses on Company performance, individual performance and increases in stockholder value over time as determinants of executive pay levels. These principles are intended to motivate executive officers to improve the financial position of the Company, to hold executives accountable for the performance of the organizations for which they are responsible, to attract key executives into the service of the Company, and to create value for the Company's shareholders. The compensation for executive officers is based on two elements: cash compensation and equity-based compensation.

Cash Compensation

The Company reviews executive compensation surveys in both the computer industry and general industry to ensure that the total cash compensation provided to executive officers and senior management remains at competitive levels so that the Company can continue to attract and retain management personnel with the talents and skills required to meet the challenges of a highly competitive industry. The compensation of executive officers is reviewed annually.

Bonuses

For fiscal year 2001, employees at the level of director and above were eligible for cash bonuses under the FY01 Vice Presidents and Directors Incentive Bonus Plan (the "Bonus Plan"). Bonus payouts are dependent upon the Company achieving specific revenue and profit targets in conjunction with certain specified performance goals for individual business divisions. Several divisions achieved the metrics specified in the Bonus Plan and payments were made thereunder. Executive officers and members of the

Board were not eligible to participate in the Bonus Plan. However, Mr. Tim Cook, prior to becoming Executive Vice President, Worldwide Sales and Operations, received a special one-time bonus for accepting the position of Senior Vice President Sales, Service & Support in addition to his position as Senior Vice President, Operations and Dr. Avadis Tevanian received a patent award. No other Executive Officer received a bonus during fiscal year 2001.

Equity-Based Compensation

In fiscal year 2001, the cornerstone of the Company's executive compensation program was equity-based compensation, principally in the form of stock options. Stock options provide an opportunity to attract, motivate and retain high quality employees and executive officers while promoting the success of the Company's business. Equity awards are typically based on industry surveys, market conditions, each officer's individual performance and achievements, future responsibility and promotion, the number of unvested options held by each individual at the time of grant and the number of above market options held by the individual. In fiscal year 2001, executive officers were eligible to receive grants of stock options under the 1998 Executive Officer Stock Plan ("1998 Plan"). In addition, executive officers were eligible to participate in the Company's Employee Stock Purchase Plan.

During fiscal year 2001, all of the Company's executive officers, excluding Mr. Jobs, received stock option grants under the 1998 Plan. Subsequent to the fiscal year end, Mr. Jobs received a stock option grant under the 1998 Plan (see below). The options granted under the 1998 Plan were at an exercise price equal to the fair market value of the Common Stock on the date of grant and other than the grant for Mr. Jobs which is described below, generally vest in annual increments over a four-year period after grant, subject to the participant's continued employment with the Company. However, the options granted to Mr. Johnson vest over four years in sixteen equal quarterly increments. All options granted under the 1998 Plan expire ten years from the date of grant unless a shorter term is provided in the option agreement or the participant's employment with the Company terminates before the end of such ten-year period.

Compensation of the Chief Executive Officer

In December 1999, in recognition of Mr. Jobs' outstanding performance over the previous two and a half years, the Board awarded Mr. Jobs a special executive bonus in the form of a Gulfstream V airplane. The Board delivered the plane to Mr. Jobs during fiscal year 2001. Accordingly, the amounts paid during fiscal year 2001 towards the purchase of the plane and the tax assistance associated with the transfer of the plane were reported as income to Mr. Jobs. Mr. Jobs will continue to receive a salary of \$1 per year for the services he performs as the Company's Chief Executive Officer.

Since substantially all of Mr. Jobs' existing options are significantly underwater, in October 2001 the Compensation Committee recommended and the Board approved granting Mr. Jobs options to purchase 7,500,000 shares under the 1998 Plan in order to provide him with an incentive to continue to serve as the Company's CEO and maximize shareholder value. The options were granted at an exercise price per share of \$18.30, which is equal to the fair market value of the Common Stock on the date of grant. 25% of the options were vested as of the date of grant and the remainder vest in three equal annual installments commencing on the first anniversary of the date of grant.

Section 162(m)

The Company intends that options granted under the Company's stock option plans be deductible by the Company under Section 162(m) of the Internal Revenue Code of 1986, as amended.

In December 1999, Mr. Jobs was given a special executive bonus for serving as the Company's interim Chief Executive Officer for past services, in the form of an aircraft with a total cost to the Company of approximately \$90,000,000. This amount was previously reported as a bonus for fiscal year 2000 in the Company's 2000 Form 10-K and 2000 Proxy Statement. Because the aircraft was transferred to Mr. Jobs in 2001, the amount of approximately \$43.5 million paid by the Company during fiscal year 2001 towards the purchase of the plane and related tax assistance of approximately \$40.5 million was reported as income to Mr. Jobs. Accordingly, the \$90 million previously reported as a bonus in 2000 has been removed from the table above, and the amount reported as taxable income by Mr. Jobs related to the aircraft during fiscal year 2001 is reported as compensation.

(2)

Subsequent to fiscal year 2001, in October 2001 the Board granted Mr. Jobs options to purchase 7,500,000 shares of Common Stock under the 1998 Plan at an exercise price per share of \$18.30, which equaled the fair market value based on the closing market value of Common Stock on the date of grant. 25% of the options were vested as of the date of grant and the remainder vest in three equal annual installments commencing on the first anniversary of the date of grant.

- (1) Based on an aggregate of 34,874,440 options granted to all employees during fiscal year 2001. Options granted in fiscal year 2001 typically vest over four years in sixteen equal quarterly increments. Options granted to executive officers, including those granted to the Named Executive Officers, typically vest in four equal annual installments commencing on the first anniversary of the date of grant.
- (2) All options were granted at an exercise price equal to the fair market value based on the closing market value of Common Stock on the Nasdaq National Market on the date of grant.
- (3) Potential gains are net of exercise price, but before taxes associated with exercise. These amounts represent certain assumed rates of appreciation only, based on SEC rules, and do not represent the Company's estimate or projection of the price of the Company's stock in the future. Actual gains, if any, on stock option exercises depend upon the actual future price of Common Stock and the continued employment of the option holders throughout the vesting period. Accordingly, the potential realizable values set forth in this table may not be achieved.
- (4) Subsequent to fiscal year 2001, in October 2001 the Board granted Mr. Jobs options to purchase 7,500,000 shares of Common Stock under the 1998 Plan at an exercise price per share of \$18.30, which equaled the fair market value based on the closing market value of Common Stock on the date of grant. 25% of the options were vested as of the date of grant and the remainder vest in three equal annual installments commencing on the first anniversary of the date of grant. The options expire in October 2011.

Compensation Committee Interlocks and Insider Participation

From April 2000 until August 2001, the entire Board of Directors acted with respect to matters previously considered by a Compensation Committee. In August 2001, the Board re-established a Compensation Committee and named William V. Campbell, Arthur D. Levinson and Jerome B. York as members, none of whom were employees of the Company. No person who was an employee of the Company in fiscal year 2001 served on the Compensation Committee in fiscal year 2001. During fiscal year 2001, Mr. Jobs served as a director of Gap Inc. (though not on the compensation committee of that board of directors) and Mr. Drexler, the Chief Executive Officer of Gap Inc., served as a director of the Company. Other than as described in the preceding sentence, no executive officer of the Company (i) served as a member of the compensation committee (or other board committee performing similar functions or, in the absence of any such committee, the board of directors) of another entity, one of whose executive officers served on the Company's Compensation Committee (or from April 2000 to August 2001, the Board), (ii) served as a director of another entity, one of whose executive officers served on the Company's Compensation Committee, (or from April 2000 to August 2001, the Board) or (iii) served as a member of the compensation committee (or other board committee performing similar functions or, in the absence of any such committee, the board of directors) of another entity, one of whose executive officers served as a director of the Company.

Company Stock Performance

The following graph shows a five-year comparison of cumulative total shareholder return, calculated on a dividend reinvested basis, for the Company, the S&P 500 Composite Index (the "S&P 500") and the S&P Computers (Hardware) Index (the "Industry Index"). The graph assumes \$100 was invested in each of the Common Stock, the S&P 500 and the Industry Index on September 30, 1996. Data points on the graph are

annual. Note that historic stock price performance is not necessarily indicative of future stock price performance.

Arrangements with Named Executive Officers

Change In Control Arrangements Stock Options

In the event of a "change in control" of the Company, all outstanding options under the Company's stock option plans, except the Director Plan, will, unless otherwise determined by the plan administrator, become exercisable in full, and will be cashed out at an amount equal to the difference between the applicable "change in control price" and the exercise price. The Director Plan provides that upon a "change in control" of the Company, all unvested options held by non-employee directors will automatically become fully vested and exercisable and will be cashed out at an amount equal to the difference between the applicable "change in control price" and the exercise price of the options. A "change in control" under these plans is generally defined as (i) the acquisition by any person of 50% or more of the combined voting power of the Company's outstanding securities or (ii) the occurrence of a transaction requiring shareholder approval and involving the sale of all or substantially all of the assets of the Company or the merger of the Company with or into another corporation.

In addition, options granted to the Named Executive Officers provide that in the event there is a "change in control", as defined in the Company's stock option plans, and if in connection with or following such "change in control", their employment is terminated without "Cause" or if they should resign for

"Good Reason", those options outstanding that are not yet vested and exercisable as of the date of such "change in control" shall become fully vested and exercisable. Generally, "Cause" is defined to include a felony conviction, willful disclosure of confidential information or willful and continued failure to perform his or her employment duties. "Good Reason" includes resignation of employment as a result of a substantial diminution in position or duties, or an adverse change in title or reduction in annual base salary.

Certain Relationships And Related Transactions

In connection with a relocation assistance package, the Company loaned Mr. Johnson (Senior Vice President, Retail) \$1,500,000 for the purchase of his principal residence. The loan is secured by a deed of trust and is due and payable in May 2004. Under the terms of the loan, Mr. Johnson agreed that should he exercise any of his stock options prior to the due date of the loan, that he would pay the Company an amount equal to the lesser of (1) an amount equal to 50% of the total net gain realized from the exercise of the options; or (2) \$375,000 multiplied by the number of years between the exercise date and the date of the loan. The largest amount of the indebtedness outstanding on this loan during fiscal year 2001 was \$1,500,000.

Mr. Jerome York, a member of the Board of Directors of the Company, is a member of an investment group that purchased MicroWarehouse, Inc. ("*MicroWarehouse*") in January 2000. He also serves as its Chairman, President and Chief Executive Officer. MicroWarehouse is a multi-billion dollar specialty catalog and online retailer and direct marketer of computer products, including products made by the Company, through its MacWarehouse catalogue. During fiscal year 2001, MicroWarehouse accounted for 2.89% of the Company's net sales.

Report of the Audit & Finance Committee

The following is the report of the Audit & Finance Committee (the "Audit Committee") with respect to the Company's audited financial statements for the fiscal year ended September 29, 2001. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates by reference in such filing.

The Audit & Finance Committee (the "Audit Committee") is comprised of three members: Messrs. York, Campbell and Levinson. Both Mr. Campbell and Dr. Levinson are independent directors under the Nasdaq audit committee structure and membership requirements. Because of Mr. York's affiliation with MicroWarehouse, (see "*Certain Relationships and Related Transactions*"), he is deemed to be a "non-independent" director. As permitted under the Nasdaq audit committee structure and membership requirements, the Board carefully considered Mr. York's affiliation with MicroWarehouse as well as his accounting and financial expertise and determined that it is in the best interest of the Company and its shareholders that he continue to serve as a member of the Audit Committee. The Audit Committee operates under a written charter adopted and recently amended by the Board which is included in this proxy statement as Appendix A.

The Audit Committee is primarily responsible for assisting the Board in fulfilling its oversight responsibility by reviewing the financial information that will be provided to shareholders and others, reviewing the services performed by the Company's independent auditors and internal audit department, evaluating the Company's accounting policies and its system of internal controls that management and the Board have established and reviewing significant financial transactions. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

In fulfilling its oversight responsibility of reviewing the services performed by the Company's independent auditors, the Audit Committee carefully reviews the policies and procedures for the engagement of the independent auditor, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit related services. The Audit Committee considered the independent auditors' provision of non-audit services in 2001 and determined that the provision of those services is compatible with and does not impair the auditors' independence. In February 2002, the Company adopted a new auditor independence policy which bans its auditors from performing non-financial consulting services, such as information technology consulting and internal audit services. The Company will continue to use its auditors to perform financial consulting in such areas as audits of statutory filings of foreign subsidiaries, 401-k audits, SEC registrations, and tax compliance and planning. The new auditor policy mandates that an annual budget for both audit and non-audit services be approved by the Audit Committee in advance, and that the Audit Committee be provided with quarterly reporting on actual spending. The policy also mandates that no auditor engagements for non-audit services may be entered into without the express approval of the Director of Technical Accounting and the Chief Financial Officer.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended September 29, 2001 with the Company's management and KPMG LLP, the Company's independent auditors. The Audit Committee has also discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees".

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

The Audit Committee has also received and reviewed the written disclosures and the letter from KPMG LLP required by Independence Standard No. 1 "Independence Discussion with Audit Committees" and has discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 29, 2001.

Proposal No. 2 requests that the shareholders approve an amendment to the Company's 1998 Executive Officer Stock Plan to increase the number of shares reserved for issuance thereunder by 5,000,000 shares. Proposal No. 3 requests ratification of the appointment of the Company's independent auditors. Proposals No. 4 and 5 are shareholder proposals. Each of the proposals is discussed in more detail in the pages that follow.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board has nominated the current directors to be re-elected to serve for a one-year term and until their successors are duly elected and qualified. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the proxy card or, if no direction is made, for the election of the Board's six nominees below. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote for a nominee designated by the present Board to fill the vacancy. It is not presently expected that any nominee will be unable or will decline to serve as a director.

The Board's nominees for re-election at this Annual Meeting are Messrs. Campbell, Drexler, Ellison, Jobs, Levinson and York.

Vote Required

The six nominees for director receiving the highest number of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Votes withheld from any director are counted for purposes of determining the presence or absence of the quorum, but have no other legal effect under California law.

Recommendation

The Board recommends that shareholders vote for re-election of Messrs. Campbell, Drexler, Ellison, Jobs, Levinson and York.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO THE 1998 EXECUTIVE OFFICER STOCK PLAN

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

The Shareholders are being asked to approve an amendment to the Company's 1998 Executive Officer Stock Plan (the "1998 Plan") to increase the number of shares reserved for issuance thereunder by 5,000,000, bringing the total number of shares of Common Stock reserved for issuance under the 1998 Plan to 48,000,000.

The 1998 Plan is an integral part of the Company's compensation program. Under the 1998 Plan, the chairman of the Board of Directors and executive officers of the Company at the level of Senior Vice President and above and other key employees may be granted stock options, stock appreciation rights and stock purchase rights. The proposed amendment would provide the additional shares necessary to attract and retain the best available personnel for positions of substantial responsibility with the Company.

Since the shareholders approved the 1998 Plan, a total of 45,673,338 stock options have been granted, including options that terminated before being exercised. As of January 31, 2002, there were 41,609,911 options to purchase shares outstanding and 935,849 shares of Common Stock had been issued upon the exercise of options. Only 454,240 shares remain available for grant.

Vote Required

The affirmative vote of (i) a majority of the shares "represented and voting" and (ii) a majority of the quorum will be required to approve this Proposal.

Recommendation

The Board has unanimously approved the amendment to the 1998 Plan and recommends that the shareholders vote for the amendment.

Description of the 1998 Plan

ELIGIBILITY; LIMITATIONS. Options, stock appreciation rights and stock purchase rights may be granted under the 1998 Plan. Options granted under the 1998 Plan may be either "incentive stock options," as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonstatutory stock options. Nonstatutory stock options, stock appreciation rights and stock purchase rights may be granted under the 1998 Plan to the Chairman of the Company and to executive officers of the Company and any parent or subsidiary of the Company and other key employees. Incentive stock options may only be granted to executive officers of the Company. The Administrator, in its discretion, selects the person(s) to whom options, stock appreciation rights and stock purchase rights may be granted, the time or times at which such options, stock appreciation rights and stock purchase rights shall be granted, and the number of shares subject to each such grant. For this reason, it is not possible to determine the benefits or amounts that will be received by any particular individual or individuals in the future. The 1998 Plan provides that no person(s) may be granted, in any fiscal year of the Company, options, stock appreciation rights or stock purchase rights to purchase more than 34,000,000 shares of Common Stock.

SHARES AVAILABLE FOR ISSUANCE. Upon approval of the proposed amendment by shareholders, a total of 48,000,000 shares of Common Stock will be available for issuance under the 1998 Plan. If an option, stock appreciation right or stock purchase right lapses, expires or is otherwise terminated without the issuance of shares, or if shares are tendered to pay the exercise price of an option, stock appreciation right or stock purchase right, the shares underlying the lapsed, expired or terminated option, stock appreciation right or stock purchase right or the tendered shares, shall revert to the 1998 Plan. The number of shares available for issuance will be adjusted if there is a change in the Company's capitalization, a merger, or a similar transaction.

ADMINISTRATION. The Plan may generally be administered by the Board or a Committee appointed by the Board (as applicable, the "Administrator").

TERMS AND CONDITIONS OF OPTIONS. Each option is evidenced by a stock option agreement between the Company and the optionee, and is subject to the following additional terms and conditions:

(a) **EXERCISE PRICE.** The Administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive stock option may not be less than 100% of the fair market value of the Common Stock on the date such option is granted; provided, however, the exercise price of an incentive stock option granted to a 10% shareholder may not be less than 110% of the fair market value of the Common Stock on the date such option is granted. The fair market value of the Common Stock is generally determined with reference to the closing sale price for the Common Stock (or the closing bid if no sales were reported) on the date the option is granted. The

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

exercise price of a non-statutory option that is intended to comply with Section 162(m) of the Code may not be less than 100% of the fair market value.

(b) **EXERCISE OF OPTION; FORM OF CONSIDERATION.** The Administrator determines when options become exercisable, and may in its discretion, accelerate the vesting of any outstanding option. Stock options granted under the 1998 Plan generally vest and become exercisable over a four or five year period. The 1998 Plan permits payment to be made by cash, check, promissory note, other shares of Common Stock of the Company (with some restrictions), cashless exercises, a reduction in the amount of any Company liability to the optionee, any other form of consideration permitted by applicable law, or any combination thereof.

(c) **TERM OF OPTION.** All options granted under the 1998 Plan expire ten years from the date of grant, unless a shorter term is provided in the option agreement. The term of an incentive stock option may be no more than ten (10) years from the date of grant; provided that in the case of an incentive stock option granted to a 10% shareholder, the term of the option may be no more than five (5) years from the date of grant. No option may be exercised after the expiration of its term.

(d) **TERMINATION OF EMPLOYMENT.** If the optionee's employment or status as Chairman terminates for any reason other than death or unless the Administrator otherwise approves, then options may be exercised no later than 90 days after such termination and may be exercised only to the extent the option was exercisable on the termination date. Special provisions apply in the case of death of the optionee.

(e) **DEATH.** If an optionee ceases to be an employee or Chairman as a result of his or her death, then all options held by such optionee under the 1998 Plan may be exercised at any time within six months after death, or such other period up to twelve months as may be provided in the option agreement, but only to the extent the options would have been exercisable within six months after the date of death.

(f) **NONTRANSFERABILITY OF OPTIONS, STOCK APPRECIATION RIGHTS OR STOCK PURCHASE RIGHTS.** Unless determined otherwise by the Administrator, options, stock appreciation rights and stock purchase rights granted under the 1998 Plan are not transferable other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, and may be exercised during the optionee's lifetime only by the optionee, or in the event of death, by the optionee's estate or by a person who acquires the right to exercise the option, stock appreciation right or stock purchase right.

(g) **BUYOUT.** The Administrator at any time may buyout for cash or shares, an option or stock appreciation right.

(h) **OTHER PROVISIONS.** The stock option agreement may contain other terms, provisions and conditions not inconsistent with the 1998 Plan as may be determined by the Administrator.

STOCK APPRECIATION RIGHTS. The Administrator is authorized to grant stock appreciation rights in connection with all or any part of an option granted under the 1998 Plan, either concurrently with

the grant of the option or at any time thereafter, and to grant stock appreciation rights independently of options. A stock appreciation right granted in connection with an option is exercisable only when and to the extent that the underlying option is exercisable, and expires no later than the date on which the underlying option expires. Independent stock appreciation rights are exercisable in whole or in part at such times as the Administrator specifies in the grant or agreement.

The Company's obligations arising upon the exercise of a stock appreciation right may be paid in cash or Common Stock, or any combination of the same, as the Administrator may determine. Shares issued upon the exercise of a stock appreciation right are valued at their fair market value as of the date of exercise. When a stock appreciation right is exercised, the aggregate number of shares of Common Stock available for issuance under the 1998 Plan will be reduced by the number of underlying shares of Common Stock as to which the stock appreciation right is exercised.

STOCK PURCHASE RIGHTS. The Administrator is authorized to grant stock purchase rights under the 1998 Plan, either concurrently with a grant of options or stock appreciation rights and/or cash awards made outside of the 1998 Plan or at any time thereafter, and to grant stock purchase rights independently of other awards. In the case of stock purchase rights, unless the Administrator determines otherwise, the agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment with the Company for any reason (including death or disability). The purchase price for shares repurchased pursuant to the agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at a rate determined by the Administrator.

ADJUSTMENTS UPON CHANGES IN CAPITALIZATION. In the event that the stock of the Company changes by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in the capital structure of the Company effected without the receipt of consideration, appropriate adjustments shall be made in the number and class of shares of stock subject to the 1998 Plan, the number and class of shares of stock subject to any option, stock appreciation right or stock purchase right outstanding under the 1998 Plan, and the exercise price of any such outstanding option, stock appreciation right or stock purchase right.

In the event of a liquidation or dissolution, any unexercised options, stock appreciation rights or stock purchase rights will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrator. The Administrator may, in its discretion, provide that each optionee shall have the right to exercise all of the optionee's options, stock appreciation rights and stock purchase rights as to all or any part of the optioned stock, stock appreciation right or stock purchase right, including those shares not otherwise exercisable.

CHANGE IN CONTROL. In the event of a "change in control" of the Company (as defined below), all options, stock appreciation rights and stock purchase rights outstanding under the 1998 Plan as of the date on which such change in control occurs will, unless otherwise determined by the Administrator, become fully exercisable and the value of all outstanding options, stock appreciation rights and stock purchase rights will be cashed out. The cash-out price will be the difference between the exercise price and the defined "change in control price."

A "change in control" is defined as (i) the acquisition by any person of 50% or more of the combined voting power of the Company's outstanding securities, or (ii) the occurrence of a transaction requiring shareholder approval and involving the sale of all or substantially all the assets of the Company or the merger of the Company with or into another corporation. The "change in control price" is determined by the Administrator and may be either (x) the highest closing price of Common Stock as reported in the public market during the 60-calendar-day period immediately preceding the date of determination of the change in control price or (y) the highest price paid or offered (as determined by the Administrator) in any bona fide transaction or offer related to the change in control of the Company during the 60-calendar-day period preceding the date of determination of the change in control price.

In the event of a sale of all or substantially all the assets of the Company or the merger of the Company with or into another corporation, in a transaction in which options, stock appreciation rights or stock purchase rights outstanding under the 1998 Plan are not accelerated and cashed out as provided above, each outstanding option, stock appreciation right or stock purchase right will be assumed or an equivalent option, stock appreciation right or stock purchase right will be substituted by the successor corporation in the transaction or by a parent or subsidiary of such successor corporation, unless the Administrator determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, that the optionee shall have the right to exercise the option, stock appreciation right or stock purchase right as to all of the shares subject thereto, including shares that would not otherwise be exercisable. If the Administrator makes an option, stock appreciation right or stock purchase right fully exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, then the Company shall notify the optionee that the option, stock appreciation right or stock purchase right will be fully exercisable for a period of 30 days from the date of such notice, and the option, stock appreciation right or stock purchase right will terminate upon the expiration of such period.

AMENDMENT AND TERMINATION OF THE 1998 PLAN. The Board may amend, alter, suspend or terminate the 1998 Plan, or any part thereof, at any time and for any reason. However, the Company shall obtain shareholder approval for any amendment to the 1998 Plan to the extent necessary to comply with Section 162(m) and Section 422 of the Code, or any similar rule or statute. No such action by the Board or shareholders may alter or impair any option, stock appreciation right or stock purchase right previously granted under the 1998 Plan without the written consent of the optionee.

STOCK PRICE. On, March 1, 2002, the closing price of the Common Stock as quoted on the Nasdaq National Market was \$23.45.

FEDERAL INCOME TAX CONSEQUENCES

INCENTIVE STOCK OPTIONS. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon an optionee's sale of the shares (assuming that the sale occurs at least two years after grant of the option and at least one year after exercise of the option), any gain will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the difference between the exercise price and the lower of the fair market value of the shares at the exercise date or the sale price of the shares. Any gain or loss recognized on such premature sale of the shares in excess of the amount treated as ordinary income will be characterized as capital gain or loss.

NONSTATUTORY STOCK OPTIONS. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

STOCK PURCHASE RIGHTS. Stock purchase rights will generally be taxed in the same manner as nonstatutory stock options. However, restricted stock is generally purchased upon the exercise of a stock purchase right. If at the time of purchase, restricted stock is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code, the purchaser will not recognize ordinary income at the time of purchase. Instead, the purchaser will recognize ordinary income on the dates when a stock ceases to be subject to a substantial risk of forfeiture. At such times, the purchaser will recognize ordinary income measured as the difference between the purchase price and the fair market value of the stock on the date the stock is no longer subject to a substantial risk of forfeiture.

The purchaser may accelerate to the date of purchase his or her recognition of ordinary income, if any, and the beginning of any capital gain holding period by timely filing an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the purchase price and the fair market value of the stock on the date of purchase, and the capital gain holding period commences on such date. The ordinary income recognized by a purchaser who is an employee will be subject to tax withholding by the Company.

STOCK APPRECIATION RIGHTS. No income will be recognized by a recipient in connection with the grant of a stock appreciation right. When the stock appreciation right is exercised, the recipient will generally be required to include as taxable ordinary income in the year of exercise an amount equal to the sum of the amount of cash received and the fair market value of any Common Stock received upon the exercise. In the case of a recipient who is also an employee, any taxable income recognized upon exercise of a stock appreciation right will constitute wages for which withholding will be required. The Company will generally be entitled to a tax deduction in the same amount. Any gain or loss on the resale of Common Stock acquired upon exercise of a stock appreciation right will be treated as a taxable gain or loss.

SECTION 162(m) OF THE CODE. Section 162(m) of the Code generally disallows a public company's tax deduction for compensation to executive officers in excess of \$1,000,000 in any tax year. Compensation that qualifies as "performance-based compensation" is excluded from the \$1,000,000 deductibility cap, and therefore remains fully deductible by the company that pays it. To qualify as "performance-based" within the meaning of Section 162(m) of the Code, options and stock appreciation rights must be granted with an exercise price of not less than 100% of the fair market value of the Common Stock on the date of the grant, among other things. To the extent these requirements are met, compensation attributable to options and stock appreciation rights granted to executive officers under the 1998 Plan will qualify as performance-based compensation for purposes of Section 162(m) of the Code, and the Company will generally be entitled to a tax deduction in the amount recognized by such officers upon exercise of the options. No tax authority or court has ruled on the applicability of Section 162(m) to the 1998 Plan and any final determination of the deductibility of amounts realized upon exercise of an option granted under the 1998 Plan could ultimately be made by the Internal Revenue Service or a court having final jurisdiction with respect to the matter. The Company retains the right to grant options under the 1998 Plan in accordance with the terms of the 1998 Plan regardless of any final determination as to the applicability of Section 162(m) of the Code to these grants.

Compensation attributable to stock purchase rights granted under the 1998 Plan will not generally qualify as "performance-based" within the meaning of Section 162(m) of the Code. As a result, income recognized by executive officers in connection with stock purchase rights will be subject to the limitations on deductibility under such section.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON OPTIONEES, HOLDERS OF STOCK APPRECIATION RIGHTS, HOLDERS OF STOCK PURCHASE RIGHTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF OPTIONS, STOCK APPRECIATION RIGHTS AND STOCK PURCHASE RIGHTS UNDER THE 1998 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF THE EMPLOYEE'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE EMPLOYEE MAY RESIDE.

PROPOSAL NO. 3**RATIFICATION OF APPOINTMENT OF AUDITORS**

The Board of Directors has appointed KPMG LLP ("*KPMG*"), independent auditors, to audit the Company's consolidated financial statements for fiscal year 2002. KPMG served as the Company's independent auditors for fiscal year 2001. At the Annual Meeting, the shareholders are being asked to ratify the appointment of KPMG as the Company's independent auditors for fiscal year 2002. In the event of a negative vote on such ratification, the Board of Directors will reconsider its selection. Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to respond to appropriate questions and to make a statement if they so desire.

Fees Paid To The Independent Auditors*Audit Fees*

KPMG billed the Company aggregate fees of \$1,800,000 for professional services rendered for the audit of the Company's annual financial statements for fiscal year 2001 and for reviews of the financial statements included in the Company's quarterly reports on Form 10-Q for the first three quarters of fiscal 2001.

Financial Information Systems Design and Implementation

KPMG billed the Company aggregate fees of \$13,000,000 for professional services rendered for various information system implementation projects in fiscal 2001. This includes \$10,500,000 paid to KPMG Consulting LLC, a former subsidiary of KPMG LLP that was spun-off as a wholly independent company in February 2001.

All Other Fees

KPMG billed the Company aggregate fees of \$3,110,000 for other professional services rendered in fiscal 2001, including \$1,700,000 for professional services in connection with tax preparation and consultation, \$700,000 for financial assurance services, \$500,000 for statutory filings and audits and \$210,000 for other audit related services.

The Audit & Finance Committee of the Board of Directors has determined that the auditors' provision of non-audit services in 2001 is compatible with and does not impair the auditors' independence.

In February 2002, the Company adopted a new auditor independence policy which bans its auditors from performing non-financial consulting services, such as information technology consulting and internal audit services. The Company will continue to use its auditors to perform financial consulting in such areas as audits of statutory filings of foreign subsidiaries, 401-k audits, SEC registrations, and tax compliance and planning. The new auditor policy mandates that an annual budget for both audit and non-audit services be approved by the Audit Committee in advance, and that the Audit Committee be provided with quarterly reporting on actual spending. The policy also mandates that no auditor engagements for non-audit services may be entered into without the express approval of the Director of Technical Accounting and the Chief Financial Officer.

Vote Required

The affirmative vote of (i) a majority of the shares "represented and voting" and (ii) a majority of the quorum will be required to approve this Proposal.

Recommendation

The Board recommends that shareholders vote for ratification of the appointment of KPMG LLP as the Company's independent auditors.

PROPOSAL NO. 4

SHAREHOLDER PROPOSAL

The Central Pension Fund of the International Union of Operating Engineers, 41115 Chesapeake Street, N.W., Washington, DC 20016-4665, owner of 48,026 shares of the Company's common stock, has submitted the following proposal:

RESOLVED, that the shareholders of Apple Computer, Inc. ("Company") hereby request that the Company's Board of Directors adopt an Independent Board Nominating Committee Policy that provides for a transition to a Nominating Committee composed entirely of independent directors as Nominating Committee openings occur. For purposes of this resolution, a director would not be considered independent if he or she is currently or during the past five years has been:

Employed by the company or an affiliate in an executive capacity;

Employed by a firm that is one of the Company's paid advisors or consultants;

Employed by a significant customer or supplier;

Employed by a tax-exempt organization that receives significant contributions from the Company;

Paid by the Company pursuant to any personal services contract with the company;

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

Serving in an executive capacity or as a director of a corporation on which the Company's chairman or chief executive officer is a board member; or

Related to a member of management of the company

Supporting Statement

A board of director's nominating committee is charged with the role of selecting candidates for the corporation's board. The board of directors fulfills the vital function of hiring, monitoring, compensating, and when necessary, replacing senior management. It participates with and oversees management as it first develops and then executes the corporation's strategic plans.

The nominating committee performs the important task of seeking out, interviewing and ultimately recommending new board nominees that will stand for election by the shareholders. The board nominating committee should be composed entirely of directors independent of management who can take the necessary actions to seek, nominate, and present new director candidates to the shareholders. In our opinion the definition of "independent" director advanced in the resolution will ensure that those members of the Company's Nominating Committee will be totally independent of management and best able to undertake their responsibilities in developing an independent Board focused on the Company's long-term success.

Implementation of this resolution would strengthen the process by which director nominees are selected at our Company.

As a long-term shareholder, we urge your support of this important corporate governance reform that we believe will contribute to the Company's long-term success.

Vote Required

The affirmative vote of (i) a majority of the shares "represented and voting" and (ii) a majority of the quorum will be required to approve this Proposal.

Board of Directors' Statement Opposing Shareholder Proposal

The Board of Directors recommends that you vote AGAINST the shareholder proposal for the reasons set forth below.

The Board agrees that decisions concerning the selection of candidates to serve on the Company's Board of Directors should be made by a committee of independent directors. During the past year, the Board established a Nominating Committee comprised entirely of two outside directors, each of whom it believes qualifies as independent. The current members of the Nominating Committee are Messrs. Campbell and Levinson.

The Nominating Committee consists of experienced, independent directors with significant expertise regarding the Company's business and operations. When filling a vacancy on the Nominating Committee, the Board must retain the flexibility to consider as many directors as possible based on their talent, experience, knowledge, competence and integrity. Although some of these candidates may have a professional or business relationship involving the Company, the Board considers any such relationship on a case-by-case basis in determining whether the director is qualified to serve as an independent director on the Nominating Committee.

The adoption of the shareholder proposal would require a mechanical application of a very narrow definition of "independent director," and would automatically bar certain qualified directors with significant insight and knowledge regarding the Company from serving on the Nominating Committee without further inquiry into their substantive independence. The proposal could create the presumption that a director was not independent because he or she was an employee of a company that engaged in arm's-length commercial transactions with the Company in the ordinary course of business, or of a foundation or university that purchased or used the Company's computers.

The Board does not believe that the adoption of the shareholder proposal would serve the best interests of the Company or its shareholders. In the Board's judgment, the standards of independence suggested by the shareholder proposal are unduly restrictive, and could disqualify some of the best-qualified directors from serving on the Nominating Committee. The Board believes that the existing standards for evaluating the independence of candidates to serve on the Nominating Committee are consistent with industry standards and in the best interests of the

shareholders.

Recommendation

The Board of Directors recommends a vote "AGAINST" the above shareholder proposal.

PROPOSAL NO. 5

SHAREHOLDER PROPOSAL

The International Brotherhood of Electrical Workers' Pension Benefit Fund, 1125 Fifteenth St. N.W., Washington D.C. 20005, owner of 12,506 shares of the Company's common stock, has submitted the following proposal:

Resolved, that the shareholders of Apple Computer, Inc. ("Company") hereby request that the Company's Board of Directors adopt an Independent Board Compensation Committee Policy that provides for a transition to a Compensation Committee composed entirely of independent directors as Compensation Committee openings occur. For purposes of this resolution, a director would not be considered independent if he or she is currently or during the past five years has been:

Employed by the company or an affiliate in an executive capacity;

Employed by a firm that is one of the Company's paid advisors or consultants;

Employed by a significant customer or supplier;

Employed by a tax-exempt organization that receives significant contributions from the Company;

Paid by the Company pursuant to any personal services contract with the Company;

Serving in an executive capacity or as a director of a corporation on which the Company's chairman or chief executive officer is a board member; or

Related to a member of management of the Company.

Statement of Support: The role of a board of director's executive compensation committee is critically important to the long-term success of the corporation. The executive compensation committee establishes compensation policies and practices that focus senior management on the development and implementation of corporate strategies designed to maximize long-term corporate value.

Unfortunately, in recent years corporate executive compensation practices and policies have drawn considerable public and shareholder attention for all the wrong reasons. Excessive executive compensation levels highlight the tendency of most compensation programs to provide handsome rewards for ordinary or less than ordinary performance. Current executive compensation plans often present a system of pay for performance, but they lack challenging performance benchmarks by which executives' performance can be judged.

In order to ensure the integrity of the executive compensation process and the effectiveness of a corporation's executive compensation policies and practices, the Board's Executive Compensation Committee should be composed entirely of directors independent of management.

As long-term shareholders, we urge your support of this important corporate governance reform that we believe will contribute to the Company's long-term success.

Vote Required

The affirmative vote of (i) a majority of the shares "represented and voting" and (ii) a majority of the quorum will be required to approve this Proposal.

Board of Directors' Statement Opposing Shareholder Proposal

The Board of Directors recommends that you vote AGAINST the shareholder proposal for the reasons set forth below.

In August 2001, the Board re-established a Compensation Committee comprised of three experienced, outside directors. The members of the Compensation Committee are Messrs. Campbell, Levinson and York. If adopted, the proposal would impose arbitrary and unnecessary limitations that could deprive the Company and its shareholders of valuable future members of the Compensation Committee.

25

The definition of "independent director" is the same as that in Proposal No. 4 and for the same reasons as discussed in the Board of Directors' Statement Opposing Shareholder Proposal to Proposal No. 4, the adoption of this shareholder proposal would require a mechanical application of a very narrow definition of "independent director," and would automatically bar certain qualified directors with significant insight and knowledge regarding the Company from serving on the Compensation Committee without further inquiry into their substantive independence.

When filling a vacancy on the Compensation Committee, the Board must retain the flexibility to consider as many directors as possible based on their talent, experience, knowledge, competence and integrity. Currently, one member of the Compensation Committee, Mr. York, is affiliated with a company that accounted for 2.89% of the Company's net sales during fiscal year 2001 (see "*Certain Relationships and Related Transactions*"). Although we do not believe this relationship affects Mr. York's independence or his service on the Compensation Committee, there is no way for us to objectively determine whether Mr. York qualifies as an "independent director" under the definition set forth in the shareholder proposal. The proposal if adopted could create the presumption that a director was not independent because he or she was an employee of a company that engaged in arm's-length commercial transactions with the Company in the ordinary course of business, or of a foundation or university that purchased or used the Company's computers.

The Board does not believe that the adoption of the shareholder proposal would serve the best interests of the Company or its shareholders. In the Board's judgment, the standards of independence suggested by the shareholder proposal are unduly restrictive, and could disqualify some of the best-qualified directors from serving on the Compensation Committee. The Board believes that the existing standards for evaluating the independence of candidates to serve on the Compensation Committee are consistent with industry standards and in the best interests of the Company and its shareholders.

Recommendation

The Board of Directors recommends a vote "AGAINST" the above shareholder proposal.

OTHER MATTERS

The Company knows of no other matters to be submitted to the shareholders at the Annual Meeting. If any other matters properly come before the shareholders at the Annual Meeting, it is the intention of the persons named on the enclosed proxy card to vote the shares they represent as the Board may recommend.

SHAREHOLDER PROPOSALS

Shareholders who intend to present proposals at the next annual meeting of shareholders must send such proposals to the Company for receipt no later than February 4, 2003. Shareholder proposals to be considered for inclusion in the proxy statement and form of proxy relating to such meeting must be received no later than November 20, 2002. In addition, the Company's bylaws provide for the timing and content of notice which shareholders must provide to the Company's corporate secretary for the nomination of directors or other proposals to be properly presented at a shareholder meeting. Pursuant to these provisions, notice of a nomination or proposal must be received by the Company not less than 60 days prior to the meeting; provided, however, that in the event that less than 70 days' notice or prior public disclosure of the date of the meeting is given to shareholders, notice must be received by the 10th business day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

THE BOARD OF DIRECTORS

Dated: March 21, 2002

3. **Stock Subject To The Plan.** Subject to the provisions of Section 15 of the Plan, the maximum aggregate number of Shares which may be optioned and sold under the Plan or for which SARs or Stock Purchase Rights may be granted and exercised is 48,000,000 Shares. The Shares may be authorized, but unissued, or reacquired Common Stock.

In the discretion of the Administrator, any or all of the Shares authorized under the Plan may be subject to SARs issued pursuant to the Plan.

If an Option, SAR or Stock Purchase Right issued under the Plan should expire or become unexercisable for any reason without having been exercised in full, the unpurchased Shares which were subject thereto shall become available for other Options, SARs or Stock Purchase Rights under this Plan (unless the Plan has terminated); however, should the Company reacquire Shares which were issued pursuant to the exercise of an Option or SAR, such Shares shall not become available for future grant under the Plan. If Shares of Restricted Stock are repurchased by the Company at their original purchase price, such shares shall become available for future grant under the Plan.

4. **Administration of the Plan.**

(a) *Procedure.*

(i) *Multiple Administrative Bodies.* If permitted by Rule 16b-3 promulgated under the Exchange Act or any successor rule thereto, as in effect at the time that discretion is being exercised with respect to the Plan, and by the legal requirements of the Applicable Laws relating to the administration of stock plans such as the Plan, if any, the Plan may (but need not) be administered by different administrative bodies with respect to (A) Directors who are not Employees, (B) Directors who are Employees, (C) Officers who are not Directors and (D) Employees who are neither Directors nor Officers.

(ii) *Section 162(m).* To the extent that the Administrator determines it to be desirable to qualify Options or SARs granted hereunder as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.

(iii) *Rule 16b-3.* To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) *Other Administration.* Other than as provided above, the Plan shall be administered by (A) the Board or (B) a Committee, which committee shall be constituted to satisfy Applicable Laws.

(b) *Powers of the Administrator.* Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the person(s) to whom Options, SARs and Stock Purchase Rights may be granted hereunder;

(iii) to determine the number of shares of Common Stock to be covered by each Option, SAR or Stock Purchase Right granted hereunder;

(iv) to approve forms of agreement for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Option, SAR or Stock Purchase Right granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the date of grant, the time or times when Options, SARs or Stock Purchase Rights may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Option, SAR or Stock Purchase Right or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

(vi) to reduce the exercise price of any Option, SAR or Stock Purchase Right to the then current Fair Market Value if the Fair Market Value of the Common Stock covered by such Option, SAR or Stock Purchase Right shall have declined since the date the Option, SAR or Stock Purchase Right was granted;

(vii) to construe and interpret the terms of the Plan and awards granted pursuant to the Plan;

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

(viii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

(ix) to modify or amend each Option, SAR or Stock Purchase Right (subject to Section 17(c) of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options longer than is otherwise provided for in the Plan;

(x) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option, SAR or Stock Purchase Right that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(xi) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Option, SAR or Stock Purchase Right previously granted by the Administrator; and

(xii) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) *Effect of Administrator's Decision.* The Administrator's decisions, determinations and interpretations shall be final and binding on all Optionees and any other holders of Options, SARs or Stock Purchase Rights.

5. **Eligibility.** Nonstatutory Stock Options, SARs and Stock Purchase Rights may be granted to the Chairman, Executive Officers and other key employees or to such other individuals as determined by the Administrator whom the Company has offered a position of Chairman or Executive Officer. Incentive Stock Options may be granted only to Executive Officers and other key employees.

6. **Limitations.**

(a) Each Option shall be designated in the Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the

aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Option, SAR or Stock Purchase Right shall confer upon an Optionee any right with respect to continuing the Optionee's relationship as an Employee with or Chairman of the Company, nor shall they interfere in any way with the Optionee's right or the Company's right to terminate such relationship at any time, with or without cause.

(c) The following limitations shall apply to grants of Options and SARs:

(i) No participant shall be granted, in any fiscal year of the Company, Options or SARs to purchase more than 34,000,000 Shares;

(ii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15;

(iii) If an Option or SAR is canceled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 15), the canceled Option will be counted against the limits set forth in subsections (i) above. For this purpose, if the exercise price of an Option or SAR is reduced, the transaction will be treated as a cancellation of the Option or SAR and the grant of a new Option or SAR.

7. **Term of Plan.** Subject to Section 21 of the Plan, the Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 16 of the Plan.

8. **Term of Option.** The term of each Option shall be stated in the Agreement. In the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Agreement. Moreover, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Agreement.

9. **Option Exercise Price and Consideration.**

(a) **Exercise Price.** The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option;

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant;

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant;

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant as determined by the Administrator or pursuant to a merger or other corporate transaction.

(b) **Waiting Period and Exercise Dates.** At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised.

(c) **Form of Consideration.** The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Optionee for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. **Stock Appreciation Rights.**

(a) *Granted in Connection with Options.* At the sole discretion of the Administrator, SARs may be granted in connection with all or any part of an Option, either concurrently with the grant of the Option or at any time thereafter during the term of the Option. The following provisions apply to SARs that are granted in connection with Options:

(i) The SAR shall entitle the Optionee to exercise the SAR by surrendering to the Company unexercised a portion of the related Option. The Optionee shall receive in exchange from the Company an amount equal to the excess of (x) the Fair Market Value on the date of exercise of the SAR of the Common Stock covered by the surrendered portion of the related Option over (y) the exercise price of the Common Stock covered by the surrendered portion of the related Option. Notwithstanding the foregoing, the Administrator may place limits on the amount that may be paid upon exercise of a SAR; provided, however, that such limit shall not restrict the exercisability of the related Option;

(ii) When a SAR is exercised, the related Option, to the extent surrendered, shall no longer be exercisable;

(iii) A SAR shall be exercisable only when and to the extent that the related Option is exercisable and shall expire no later than the date on which the related Option expires; and

(iv) A SAR may only be exercised at a time when the Fair Market Value of the Common Stock covered by the related Option exceeds the exercise price of the Common Stock covered by the related Option.

(b) *Independent SARs.* At the sole discretion of the Administrator, SARs may be granted without related Options. The following provisions apply to SARs that are not granted in connection with Options:

(i) The SAR shall entitle the Optionee, by exercising the SAR, to receive from the Company an amount equal to the excess of (x) the Fair Market Value of the Common Stock covered by exercised portion of the SAR, as of the date of such exercise, over (y) the Fair Market Value of the Common Stock covered by the exercised portion of the SAR, as of the date on which the SAR was granted; provided, however, that the Administrator may place limits on the amount that may be paid upon exercise of a SAR; and

(ii) SARs shall be exercisable, in whole or in part, at such times as the Administrator shall specify in the Optionee's Agreement.

(c) *Form of Payment.* The Company's obligation arising upon the exercise of a SAR may be paid in Common Stock or in cash, or in any combination of Common Stock and cash, as the Administrator, in its sole discretion, may determine. Shares issued upon the exercise of a SAR shall be valued at their Fair Market Value as of the date of exercise.

(d) *Rule 16b-3.* SARs granted hereunder shall contain such additional restrictions as may be required to be contained in the Plan or Agreement in order for the SAR to qualify for the maximum exemption provided by Rule 16b-3.

11. **Exercise of Option or SAR.**

(a) *Procedure for Exercise; Rights as a Shareholder.* Any Option or SAR granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Agreement. An Option may not be exercised for a fraction of a Share.

An Option or SAR shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the terms of the Option or SAR) from the person entitled to exercise the Option or SAR, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan.

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised. Exercise of a SAR in any manner shall, to the extent the SAR is exercised, result in a decrease in the number of Shares which thereafter shall be available for purposes of the Plan, and the SAR shall cease to be exercisable to the extent it has been exercised.

(b) *Termination of Continuous Status as Chairman.* Upon termination of an Optionee's Continuous Status as Chairman (other than termination by reason of the Optionee's death), the Optionee may, but only within ninety (90) days after the date of such termination, exercise his or her Option or SAR to the extent that it was exercisable at the date of such termination. Notwithstanding the foregoing, however, an Option or SAR may not be exercised after the date the Option or SAR would otherwise expire by its terms due to the passage of time from the date of grant.

(c) *Termination of Continuous Employment.* Upon termination of an Optionee's Continuous Status as Employee (other than termination by reason of the Optionee's death), the Optionee may, but only within ninety (90) days after the date of such termination, exercise his or her Option or SAR to the extent that it was exercisable at the date of such termination. Notwithstanding the foregoing, however, an Option or SAR may not be exercised after the date the Option or SAR would otherwise expire by its terms due to the passage of time from the date of grant.

(d) *Death of Optionee.* If an Optionee dies (i) while an Employee or Chairman, the Option or SAR may be exercised at any time within six (6) months (or such other period of time not exceeding twelve (12) months as determined by the Administrator) following the date of death by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that would have accrued had the Optionee continued living and terminated his or her employment six (6) months (or such other period of time not exceeding twelve (12) months as determined by the Administrator) after the date of death; or (ii) within ninety (90) days after the termination of Continuous Status as an Employee or Chairman, the Option or SAR may be exercised, at any time within six (6) months (or such other period of time not exceeding twelve (12) months as determined by the Administrator) following the date of death by the Optionee's estate or by a person who acquired the right to exercise the Option or SAR by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of termination. If the Option or SAR is not so exercised within the time specified herein, the Option or SAR shall terminate, and the Shares covered by such Option or SAR shall revert to the Plan.

Notwithstanding the foregoing, however, an Option or SAR may not be exercised after the date the Option or SAR would otherwise expire by its terms due to the passage of time from the date of grant.

(e) *Buyout Provisions.* The Administrator may at any time offer to buy out for a payment in cash or Shares an Option or SAR previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

12. *Stock Purchase Rights.*

(a) *Rights to Purchase.* Stock Purchase Rights may be issued either alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the Optionee in writing or electronically, of the terms, conditions and restrictions related to the offer, including the number of Shares that the Optionee shall be entitled to purchase, the price to be paid, and the time within which the Optionee must accept such offer. The offer shall be accepted by execution of an Agreement in the form determined by the Administrator.

(b) *Repurchase Option.* Unless the Administrator determines otherwise, the Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's service with the Company for any reason (including death or Disability). The purchase price for Shares repurchased pursuant to the Agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at a rate determined by the Administrator.

(c) *Other Provisions.* The Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion.

(d) *Rights as a Shareholder.* Once the Stock Purchase Right is exercised, the purchaser shall have the rights equivalent to those of a shareholder, and shall be a shareholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Stock Purchase Right is exercised, except as provided in Section 15 of the Plan.

13. ***Transferability of Options, SARs and Stock Purchase Rights.*** Unless determined otherwise by the Administrator, an Option, SAR or Stock Purchase Right may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution or pursuant to a qualified domestic relations order as defined by the Code or Title 1 of the Employee Retirement Income Security Act, and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Administrator makes an Option, SAR or Stock Purchase Right transferable, such Option, SAR or Stock Purchase Right shall contain such additional terms and conditions as the Administrator deems appropriate.

14. ***Stock Withholding to Satisfy Withholding Tax Obligations.*** When an Optionee incurs tax liability in connection with the exercise of an Option, SAR or Stock Purchase Right, which tax liability is subject to tax withholding under applicable tax laws, and the Optionee is obligated to pay the Company an amount required to be withheld under applicable tax laws, the Optionee may satisfy the withholding tax obligation by electing to have the Company withhold from the Shares to be issued upon exercise of the Option, or the Shares to be issued upon exercise of the SAR or Stock Purchase Right, if any, that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined (the "Tax Date").

All elections by an Optionee to have Shares withheld for this purpose shall be made in writing in a form acceptable to the Administrator and shall be subject to the following restrictions:

- (c) the election must be made on or prior to the applicable Tax Date; and
- (d) all elections shall be subject to the consent or disapproval of the Administrator.

In the event the election to have Shares withheld is made by an Optionee and the Tax Date is deferred under Section 83 of the Code because no election is filed under Section 83(b) of the Code, the Optionee shall receive the full number of Shares with respect to which the Option, SAR or Stock Purchase Right is exercised but such Optionee shall be unconditionally obligated to tender back to the Company the proper number of Shares on the Tax Date.

15. ***Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.***

(a) ***Changes in Capitalization.*** Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option, SAR or Stock Purchase Right, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options, SARs or Stock Purchase Rights have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, SAR or Stock Purchase Right, as well as the price per share of Common Stock covered by each such outstanding Option, SAR or Stock Purchase Right, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option, SAR or Stock Purchase Right.

(b) ***Dissolution or Liquidation.*** In the event of the proposed dissolution or liquidation of the Company, all outstanding Options, SARs and Stock Purchase Rights will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrator. The Administrator may, in the exercise of its sole discretion in such instances, declare that any Option, SAR or Stock Purchase Right shall terminate as of a date fixed by the Administrator and give each Optionee the right to exercise his or her Option, SAR or Stock

Purchase Right as to all or any part of the Optioned Stock, including Shares as to which the Option, SAR or Stock Purchase Right would not otherwise be exercisable.

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

(c) *Merger or Asset Sale.* Unless otherwise determined by the Administrator, in the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Option, SAR and Stock Purchase Right shall be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Option, SAR or Stock Purchase Right, the Optionee shall fully vest in and have the right to exercise the Option, SAR or Stock Purchase Right as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option, SAR or Stock Purchase Right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Optionee in writing or electronically that the Option, SAR or Stock Purchase Right shall be fully vested and exercisable for a period of thirty (30) days from the date of such notice, and the Option, SAR or Stock Purchase Right shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option, SAR or Stock Purchase Right shall be considered assumed if, following the merger or sale of assets, the option or right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option, SAR or Stock Purchase Right immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, SAR or Stock Purchase Right, for each Share of Optioned Stock subject to the Option, SAR or Stock Purchase Right, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

(d) *Change in Control.* In the event of a "Change in Control" of the Company, as defined in paragraph (e) below, unless otherwise determined by the Administrator prior to the occurrence of such Change in Control, the following acceleration and valuation provisions shall apply:

(i) Any Options, SARs and Stock Purchase Rights outstanding as of the date such Change in Control is determined to have occurred that are not yet exercisable and vested on such date shall become fully exercisable and vested; and

(ii) The value of all outstanding Options, SARs and Stock Purchase Rights shall, unless otherwise determined by the Administrator at or after grant, be cashed-out. The amount at which such Options, SARs and Stock Purchase Rights shall be cashed out shall be equal to the excess of (x) the Change in Control Price (as defined below) over (y) the exercise price of the Common Stock covered by the Option, SAR or Stock Purchase Right. The cash-out proceeds shall be paid to the Optionee or, in the event of death of an Optionee prior to payment, to the estate of the Optionee or to a person who acquired the right to exercise the Option, SAR or Stock Purchase Right by bequest or inheritance.

(e) *Definition of "Change in Control".* For purposes of this Section 15, a "Change in Control" means the happening of any of the following:

(i) When any "person", as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than the Company, a Subsidiary or a Company employee benefit plan, including any trustee of such plan acting as trustee) is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the combined voting power of the Company's then outstanding securities; or

(ii) The occurrence of a transaction requiring shareholder approval, and involving the sale of all or substantially all of the assets of the Company or the merger of the Company with or into another corporation.

(f) *Change in Control Price.* For purposes of this Section 15, "Change in Control Price" shall be, as determined by the Administrator, (i) the highest Fair Market Value at any time within the 60-day period immediately preceding the date of determination of the Change in Control Price by the Administrator (the "60-Day Period"), or (ii) the highest price paid or offered, as determined by the Administrator, in any bona fide transaction or bona fide offer related to the Change in Control of the Company, at any time within the 60-Day Period.

16. *Date of Grant.* The date of grant of an Option, SAR or Stock Purchase Right shall be, for all purposes, the date on which the Administrator makes the determination granting such Option, SAR or Stock Purchase Right, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Optionee within a reasonable time after the date of such grant.

17. *Amendment and Termination of the Plan.*

Edgar Filing: APPLE COMPUTER INC - Form DEF 14A

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan.

(b) *Shareholder Approval.* The Company shall obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Options, SARs or Stock Purchase Rights granted under the Plan prior to the date of such termination.

18. *Conditions Upon Issuance of Shares.*

(a) *Legal Compliance.* Shares shall not be issued pursuant to the exercise of an Option, SAR or Stock Purchase Right unless the exercise of such Option, SAR or Stock Purchase Right and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Investment Representations.* As a condition to the exercise of an Option, SAR or Stock Purchase Right, the Company may require the person exercising such Option, SAR or Stock Purchase Right to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

19. *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

20. *Reservation of Shares.* The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

21. *Shareholder Approval.* The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under Applicable Laws.

22. *Non-U.S. Employees.* Notwithstanding anything in the Plan to the contrary, with respect to any employee who is resident outside of the United States, the Committee may, in its sole discretion, amend the terms of the Plan in order to conform such terms with the requirements of local law or to meet the objectives of the Plan. The Committee may, where appropriate, establish one or more sub-plans for this purpose.
