Genesis Health Ventures, Inc. 401(k) Plan for
Collective Bargaining Unit Employees:

We were engaged to audit the accompanying statement of net assets available for benefits of the Genesis Health Ventures, Inc. 401(k) Plan for Collective Bargaining Unit Employees as of December 31, 2002, and the related statement of changes in net assets available for benefits for the period from July 1, 2002 (inception of plan) through December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002, and the changes in net assets available for benefits for the period from July 1, 2002 (inception of plan) through December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly

(b) Contributions

Each eligible employee may elect to participate in the Plan and make contributions to the Plan through salary deductions in an amount not less than 1% and not in excess of 50% of such participant's compensation, as defined in the Plan, in any calendar year. The Company matches 50% of the participant's pre-tax contributions up to 1.5% of such participant's compensation.

Notwithstanding any other provision of the Plan, the total pre-tax contribution made to the Plan by any participant may not exceed \$11,000 for 2002. In addition, effective in 2002, each eligible participant who has attained age 50 before the close of the Plan year is eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Internal Revenue Code. (c) Participant Accounts

Although Plan assets are collectively invested, records are maintained for each participant's individual account.
