NEWS RELEASE

Enbridge Increases Dividend by 15%; Announces 2010 Earnings Guidance

CALGARY, ALBERTA December 2, 2009 Enbridge Inc. (TSX: ENB, NYSE: ENB) today announced that its Board of Directors has declared a quarterly dividend of \$0.425 per common share payable on March 1, 2010 to shareholders of record on February 15, 2010. The dividend reflects a 15% increase from the Company's prior quarterly rate of \$0.37 per share. Enbridge also announced its 2010 guidance for adjusted operating earnings of \$2.50 to \$2.70 per share, the midpoint of which represents approximately a 12% increase over 2009.

The anticipated increase in Enbridge's 2010 adjusted earnings remains in line with our longer term guidance of 10% average earnings per share growth in to the middle of the next decade, said Patrick D. Daniel, President and Chief Executive Officer, Enbridge Inc.

Our results to date in 2009, and the continued solid growth we expect to deliver in 2010 and beyond are the direct result of the growth projects we've brought into service this year, the magnitude of projects coming into service next year, and our success in bringing those projects into service on budget and on time, said Mr. Daniel. Over the longer-term, we expect to sustain our growth through a strong portfolio of commercially secured growth projects in our Liquids, Natural Gas and Green Energy businesses, and through the continued development of new opportunities that fit our low risk business model.

Mr. Daniel noted that Enbridge's focus on strict risk/return criteria for its operations and growth projects helps ensure a high degree of predictability in the Company's earnings.

All of our commercially secured projects are right in the heart of Enbridge's business model. They have attractive returns with little commodity or volume exposure and as a result, we are very confident of our EPS growth guidance. This growth in turn has enabled our Board of Directors to approve a 15% increase in our quarterly dividend while remaining in the middle of our payout range of 60 to 70% of earnings, said Mr. Daniel.

Enbridge's value proposition of sustained visible growth and steady income, underscored by our commitment to a low risk, transparent business model continues to make Enbridge a superior investment opportunity.
