Item 2.02 Results of Operations and Financial Condition

On June 26, 2008, Accenture issued a press release announcing financial results for its third quarter of fiscal year 2008, which fiscal quarter ended on May 31, 2008.

A copy of the press release is attached hereto as Exhibit 99.1. All information in the press release is furnished but not filed.

Non-GAAP Financial Information

In the attached press release Accenture discloses the following non-GAAP financial measures:

Free cash flow (defined as operating cash flow net of property and equipment additions). Accenture's management believes that this information provides meaningful additional information regarding the company's liquidity.

Percentage changes in revenues before reimbursements on a local currency basis. Accenture's management believes that information regarding changes in its revenues before reimbursements (net revenues) that excludes the effect of fluctuations in foreign currency exchange rates facilitates meaningful comparison of its revenues before reimbursements between periods.

Reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are included in the press release. While Accenture's management believes that this non-GAAP financial information is useful in evaluating Accenture's operations, this information should be considered as supplemental in nature and not as a substitute for the related financial information prepared in accordance with GAAP.
