THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON TUESDAY, MAY 10, 2005**

We are providing this Proxy Statement, together with a Notice of Annual Meeting of Stockholders and a form of proxy card, in connection with the solicitation by the Board of Directors of Corrections Corporation of America, a Maryland corporation (the Company, we, or us), of proxies to be voted at our 2005 Annual Meeting of Stockholders and any adjournment or postponement of the meeting (the Annual Meeting). These proxy materials are being sent beginning on or about Friday, April 8, 2005.

The Annual Meeting will take place on Tuesday, May 10, 2005, at 10:00 a.m., local time, at the Company's corporate headquarters, 10 Burton Hills Boulevard, Nashville, Tennessee. All stockholders are invited to attend. Because the Annual Meeting is being held at our corporate headquarters, seating is limited and will be available on a first come, first served basis.

1. The election of 12 members to our Board of Directors;
2. The ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005; and
3. Any other matters that are properly raised at the Annual Meeting.

As of the date of this Proxy Statement, we are not aware of any other matters that will be presented for action at the Annual Meeting.

What are the Board of Directors' recommendations?

Our Board of Directors recommends that you vote:

FOR the election of each of the 12 nominees to serve as directors on the Board of Directors.
The Audit Committee of our Board of Directors recommends that you vote:

FOR the ratification of the appointment of Ernst & Young LLP.

Table of Contents

If any other matter properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

Who is entitled to vote at the Annual Meeting?

Stockholders of record of our common stock at the close of business on the record date are entitled to receive the accompanying notice and to vote at the Annual Meeting. The Board of Directors has fixed the close of business on Monday, March 28, 2005 as the record date.

As of the record date, there were 39,122,810 shares of common stock outstanding and entitled to vote. Holders of common stock are entitled to one vote for each share of common stock held as of the record date on each matter to be voted on at the Annual Meeting.

How do I vote?

Your vote is important. Whether or not you plan to attend the meeting in person, we urge you to vote as soon as possible by completing, signing, dating, and promptly returning the enclosed proxy card in the envelope provided or by voting by telephone or the Internet as described below. If you choose to attend the meeting in person, you may revoke your proxy and personally cast your votes.

Voting by proxy card. If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

Voting by telephone or the Internet. If you are a registered stockholder, you may also vote by telephone by following the instructions on your proxy card. The deadline for registered holders to vote by telephone is 11:59 p.m., Eastern Daylight Savings Time, on May 9, 2005. If your shares are held in street name, you may vote by telephone or electronically through the Internet as instructed on your proxy card. The deadline for street name holders voting by telephone or the Internet is 11:59 p.m., Eastern Daylight Savings Time, on May 9, 2005.

401(k) shares. If you participate in the Corrections Corporation of America 401(k) Savings and Retirement Plan, you may vote the shares of our common stock credited to your account as of the record date by completing and returning the accompanying proxy card or by telephone by following the instructions on your proxy card. If you do not vote your shares, the trustee will vote your shares in its discretion.

Changing a vote. You may change your vote at any time before it is cast by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. If you have voted by telephone or by the Internet, you may change your vote by following the same instructions used in originally voting your shares. Attendance at the meeting will not by itself revoke a previously granted proxy.

What vote is required to approve each item?

Quorum Requirement. The presence, in person or by proxy, of the Company's stockholders entitled to cast a majority of the votes entitled to be cast at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum.

Table of Contents

Election of Directors. Under the Company's Third Amended and Restated Bylaws (the Bylaws) and Maryland law, the affirmative vote of a plurality of all of the votes cast at the Annual Meeting is required for the election of directors. A properly executed proxy marked WITHHOLD AUTHORITY with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

Other Items. For the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2005 and any other matter that properly comes before the Annual Meeting, the affirmative vote of a majority of the votes cast is required for approval. An ABSTAIN election will not be counted as a vote for or against any such matter. As noted above, if any other matter properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. However, shares represented by such broker non-votes will be counted in determining whether there is a quorum.

What if I am unable to attend the Annual Meeting in person?

A live broadcast of the Annual Meeting will be available on-line through our website at www.correctionscorp.com (under the Webcasts section of the Investor page). The on-line replay will be archived on our website promptly following the meeting.

Where can I find the voting results?

We will announce the voting results at the Annual Meeting. We also will report the voting results in our Quarterly Report on Form 10-Q for the second quarter of fiscal year 2005, which we expect to file with the Securities and Exchange Commission, or the SEC, in August 2005.

How and when may I submit a stockholder proposal for the Company's 2006 Annual Meeting?

Our annual meeting of stockholders generally is held in May of each year. Consistent with applicable SEC rules, we will consider for inclusion in our proxy materials for next year's annual meeting stockholder proposals that are received at our executive offices no later than December 9, 2005 and that comply with other SEC rules regarding form and content. Proposals must be sent to the following address: Corrections Corporation of America, Attention: Secretary, 10 Burton Hills Boulevard, Nashville, Tennessee 37215.

Other stockholder proposals may be raised at next year's meeting (but not considered for inclusion in our proxy materials) if timely received and otherwise in compliance with the advance notice provisions of our Bylaws. In order to be timely, notice must be received at our executive offices (the address listed above) between February 9, 2006 and March 11, 2006.

Table of Contents

Can I communicate directly with members of the Company's Board of Directors?

Yes. Stockholders, employees, and other parties interested in communicating directly with members of the Company's Board of Directors (including specific members of the Board or non-management directors as a group) may do so by writing to Corrections Corporation of America, Attention: Secretary, 10 Burton Hills Boulevard, Nashville, Tennessee 37215. The Secretary of the Company compiles all substantive communications and periodically submits them to the Board, the group of directors, or the individual directors to whom they are addressed. Concerns relating to accounting, internal controls, or auditing matters are handled in accordance with procedures established by the Audit Committee.

How can I obtain the Company's Annual Report on Form 10-K?

All stockholders of record on the record date will receive with this Proxy Statement a copy of our 2004 Annual Report to Stockholders. The Annual Report to Stockholders is not part of the proxy solicitation materials. Any stockholder who desires a copy of our 2004 Annual Report to Stockholders or our Annual Report on Form 10-K for the year ended December 31, 2004, as filed with the SEC, may obtain a copy without charge by visiting our website, www.correctionscorp.com, or by addressing a request to: Corrections Corporation of America, Attention: Secretary, 10 Burton Hills Boulevard, Nashville, Tennessee 37215.

What are the costs of soliciting these proxies?

The Company pays the cost of soliciting proxies. We have retained Corporate Communications, Inc. to assist with the solicitation of proxies on our behalf. Corporate Communications, Inc. will receive a fee of \$4,000, plus reasonable expenses, for these and other services in connection with the Annual Meeting. Solicitation initially will be made by mail. Forms of proxies and proxy materials may also be distributed through brokers, custodians, and other like parties to the beneficial owners of shares of our common stock, in which case we will reimburse these parties for their reasonable out-of-pocket expenses. Proxies may also be solicited personally or by telephone or fax by directors, officers, and employees of the Company. No additional compensation will be paid for these services.

How many copies should I receive if I share an address with another stockholder?

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or our transfer agent, identified below, if you hold registered shares. You can also notify us by sending a written request to Corrections Corporation of America, Attention: Karin Demler, 10 Burton Hills Boulevard, Nashville, Tennessee 37215, or by calling Karin Demler at (615) 263-3000.

Table of Contents

Who should I contact if I have any questions?

If you have any questions about the Annual Meeting or these proxy materials, please contact Karin Demler, our director of investor relations, at 10 Burton Hills Boulevard, Nashville, Tennessee 37215, (615) 263-3000. If you are a registered stockholder and have any questions about your ownership of our common stock, please contact our transfer agent, the American Stock Transfer and Trust Company, at 59 Maiden Lane, New York, New York 10038, (800) 937-5449, or Karin Demler at the address and phone number above. Table of Contents**CORPORATE GOVERNANCE**

You can access our corporate charter, Bylaws, Corporate Governance Guidelines, current committee charters, Code of Ethics and Business Conduct, and other corporate governance-related information on our website, www.correctionscorp.com (under the Corporate Governance section of the Investor page), or by addressing a written request to Corrections Corporation of America, Attention: Secretary, 10 Burton Hills Boulevard, Nashville, Tennessee 37215. We did not make any material revisions to these documents in 2004.

We believe that effective corporate governance is important to our long-term health and our ability to create value for our stockholders. With leadership from our Nominating and Governance Committee, our Board of Directors regularly evaluates regulatory developments and trends in corporate governance to determine whether our policies and practices in this area should be enhanced. The Nominating and Governance Committee also administers an annual Board self-evaluation process. In addition, our directors are encouraged to attend director education programs, which are reimbursed by the Company.

Board of Directors Meetings and Committees

Our Board of Directors is responsible for establishing the Company's broad corporate policies and strategic objectives, reviewing our overall performance, and overseeing management's performance. Among other things, the Board selects and evaluates our executive officers; establishes, reviews, and approves our corporate objectives and strategies; and evaluates and approves major capital commitments.

The Board currently consists of twelve members, all of whom are standing for re-election and are identified, along with their biographical information, under Proposal I Election of Directors. The Board met six times in 2004, with each director attending over 90% of their Board and committee meetings. All directors attended all of the full Board meetings and 11 of 12 attended all of their committee meetings. All directors attended last year's annual meeting of stockholders, and the Board has adopted as its policy that directors are strongly encouraged to attend each annual meeting.

Our Board of Directors has four regularly standing committees: the Audit, Compensation, Nominating and Governance, and Executive Committees. Each committee has a written charter that has been approved by the committee and the Board and that is reviewed at least annually. The table below shows the current composition of each of our Board committees, together with a summary of each committee's responsibilities and the number of meetings each committee held in 2004.

Executive Sessions

Executive sessions, or meetings of our non-management directors without management present, are held regularly in order to provide an opportunity for the outside directors to discuss openly any and all matters. Executive sessions of the Board are chaired on a rotating basis by the outside directors, with rotation in alphabetical order by last name. In 2004, the outside directors met in executive session three times.

Table of Contents

Director Independence

Mr. Andrews and Mr. Ferguson are the only members of the Board of Directors who are CCA employees. The Board has determined that all of our other directors are independent. Accordingly, 10 of our 12 directors are independent and our Audit, Compensation, and Nominating and Governance Committees are composed entirely of independent directors. In making its independence determinations, the Board used the standards for director independence set forth in the New York Stock Exchange (NYSE) corporate governance listing standards (Section 303A) and our Corporate Governance Guidelines and, with respect to Audit Committee members, Section 10A(m)(3) of the Securities Exchange Act of 1934.

As disclosed in last year's proxy statement, the Board determined that the independence of Mr. Correnti and Mr. Horne could be considered impaired for parts of 2004 and 2005 as a result of the application of the three year look back period required by the revised NYSE independence standards that became effective in November 2003. Each resigned from the Compensation Committee in February 2004 to ensure our compliance with the NYSE standards. The NYSE again revised its independence standards in November 2004. In December 2004, the Board determined that Mr. Correnti's independence would not be considered impaired under the revised standards and accordingly that he was independent, and re-appointed him to the Compensation Committee. With respect to Mr. Horne, the Board determined that he was independent and re-appointed him to the Compensation Committee based upon the expiration of the three year look back period in February 2005.

Independence and Financial Literacy of Audit Committee Members

The Board has determined that each member of the Audit Committee is independent as defined by the standards of the NYSE and Rule 10A-3 under the Securities Exchange Act of 1934. The Board also has determined that each member is financially literate as defined by the rules of the NYSE and that Mr. Jacobi is an audit committee financial expert as defined in Item 401(e) of Regulation S-K under the Securities Exchange Act of 1934.

Director Compensation

Employee directors (Mr. Andrews and Mr. Ferguson) do not receive compensation for Board service. Non-employee directors are compensated pursuant to our Non-Employee Directors' Compensation and Non-Employee Directors' Share Option Plans, which provide for the following:

Annual option grants;

Annual retainers; and

Board and committee meeting fees.

Non-employee directors may elect to receive all or a portion of their retainers in the form of common stock rather than cash. Non-employee directors may also defer all or a portion of their retainer and meeting fees pursuant to our Non-Employee Directors' Deferred Compensation Plan. In addition, non-employee directors are reimbursed for reasonable expenses incurred to attend Board and committee meetings, as well as director education programs.

The retainers and meeting fees paid to our non-employee directors were modified in May 2004. The current and previous amounts for retainers and meeting fees are as follows:

Table of Contents

Retainers and Fees	Current	Previous
Board retainer	\$ 45,000	\$ 34,000
Board meeting fee	\$ 3,000	\$ 1,500
Audit chair retainer	\$ 7,500	N/A
Audit member retainer	\$ 2,000	N/A
Compensation, Nominating and Governance chair retainer	\$ 2,000	N/A
Committee chair meeting fee (excluding Executive)	\$ 2,500	\$ 2,500
Non-chair committee meeting fee	\$ 2,000	\$ 1,500

In addition to cash compensation, each non-employee director receives an annual grant of a non-qualified option for the purchase of 4,000 shares of the Company's common stock. The option has an exercise price equal to the fair market value of the stock on the grant date and is fully vested as of the grant date. The terms and amounts of option grants have not changed with respect to 2004 or 2005.

Director Candidates

The Nominating and Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. A stockholder who wishes to recommend a prospective nominee for the Board should notify our Secretary in writing, along with any supporting material the stockholder considers appropriate, in accordance with the stockholder proposal provisions of our Bylaws. General information concerning the submission of stockholder proposals is provided above under the caption "How and when may I submit a stockholder proposal for the Company's 2006 Annual Meeting?" Pursuant to Board policy, there are to be no differences in the manner in which the Committee evaluates candidates based on the source of the recommendation.

The Nominating and Governance Committee is authorized by the Board to identify director candidates, evaluate and consider candidates proposed by any director, member of management, or stockholder, develop and implement screening processes it deems necessary and appropriate, and recommend for selection by the Board director nominees for each annual meeting of stockholders and, when necessary, vacancies on the Board. The Committee is authorized by the Board to exercise sole authority in retaining any third-party search firm the Committee deems appropriate to identify and assist with the evaluation of director candidates, and has utilized that authority in past director searches.

The Committee evaluates prospective nominees against the criteria in our Corporate Governance Guidelines and the Director Nominations Policy adopted by the Board, which include professional integrity and sound judgment, sufficient time available to devote to Board activities, a general understanding of marketing, finance, and other elements relevant to the success of a publicly-traded company in today's business environment, an understanding of our business, and factors such as diversity, age, skills, and educational and professional background. The Committee may also consider other factors it deems relevant, including the current composition of the Board, whether there is a need to fill vacancies or expand or contract the size of the Board, the balance of management and independent directors, the need for Audit Committee expertise, and the qualifications of other prospective nominees. With respect to determining whether current directors should stand for re-election, the Nominating and Governance Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board and the Company.

With respect to new candidates for Board service, a full evaluation may also include detailed background checks, in-person and telephonic interviews with Nominating and Governance Committee and other Board members, and consultation with our Chairman and other Board members. The

Table of Contents

Committee evaluation process culminates with a decision as to whether or not to recommend the prospective nominee to the full Board for appointment and/or nomination.

Limitations on Other Board Service

The Audit Committee charter provides that a member of the Audit Committee may not serve on the audit committee of more than two other public companies without Board approval. Otherwise, we do not believe that our directors should be categorically prohibited from serving on boards and/or board committees of other organizations. However, our Corporate Governance Guidelines and Director Nominations Policy instruct the Nominating and Governance Committee and the full Board to take into account the nature of and time involved in a director's service on other boards in evaluating the suitability of individual directors and in making its recommendations to our stockholders. Service on boards and/or committees of other organizations must also be consistent with our conflicts of interest policy, as set forth in our Code of Ethics and Business Conduct, which, among other things, requires a director to provide notice to the Board of his or her acceptance of a nomination to serve on the board of another public company.

Communications with Directors

Stockholders, employees, and other interested parties may communicate with members of the Company's Board of Directors (including specific members of the Board or non-management directors as a group) by writing to Corrections Corporation of America, Attention: Secretary, 10 Burton Hills Boulevard, Nashville, Tennessee 37215. To the extent such communications are received, our Secretary compiles all substantive communications and periodically submits them to the Board, the group of directors, or the individual directors to whom they are addressed. Communications that the Secretary would not consider substantive, and therefore may not submit to the addressee, may include junk mail, mass mailings, resumes and job inquiries, surveys, business solicitations, advertisements, frivolous communications, and other similarly unsuitable communications.

Communications expressing concerns or complaints relating to accounting, internal controls, or auditing matters are handled in accordance with procedures established by the Audit Committee. Under those procedures, concerns that are improperly characterized as having to do with accounting, internal controls, or auditing matters or that are frivolous or clearly inconsequential may be addressed by the Secretary without presentation to the Audit Committee. However, in all cases the Secretary maintains a log of correspondence addressed to directors that may be reviewed by any director at his or her request.

Certain Relationships and Related Transactions

Since the beginning of the last fiscal year, there have been no related party transactions between us and any of our directors, executive officers, 5% stockholders, or their family members which require disclosure under Item 404 of Regulation S-K under the Securities Exchange Act of 1934.

Compensation Committee Interlocks and Insider Participation

During 2004, Mr. Prann and Mr. Russell served on our Compensation Committee for the full year, with Mr. Russell serving as the committee's chair. Mr. Burch, Mr. Correnti, and Mr. Horne each served on the committee for a portion of the year. None of the foregoing current and former members of the Compensation Committee or any

of their family members serve or have served as an officer or employee of the Company. None of our executive officers served during 2004 as a member of the board of directors or compensation committee (or other committee serving an equivalent function) of any entity that had one or more executive officers serving as a member of the Compensation Committee.

Code of Ethics and Business Conduct

All of our directors and employees, including our Chief Executive Officer and President, Chief Financial Officer, and principal accounting officer, are subject to our Code of Ethics and Business Conduct. Our Code of Ethics and Business Conduct and related compliance policies are designed to promote an environment in which integrity is valued, business is conducted in a legal and ethical manner, and ethics and compliance issues are raised and addressed. Our Nominating and Governance Committee is responsible for reviewing the Code annually and our Audit Committee is responsible for addressing any violations or waivers involving our executive officers and directors. We intend to post amendments to or waivers from our Code of Ethics and Business Conduct (to the extent applicable to our directors, chief executive officer, principal financial officer, or principal accounting officer) on our website. The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

General Responsibilities

Our Audit Committee is charged with oversight of the integrity of our financial statements; the effectiveness of our internal control over financial reporting; our compliance with legal and regulatory requirements; the qualifications, independence, and performance of our independent registered public accounting firm; and the performance of our internal audit function. Among other things, the Committee monitors preparation by our management of quarterly and annual financial reports and interim earnings releases; supervises our relationship with our independent registered public accounting firm, including making decisions with respect to appointment or removal, reviewing the scope of audit services, approving audit and non-audit services, and annually evaluating the audit firm's independence; and oversees management's implementation and maintenance of effective systems of internal accounting and disclosure controls, including review of our policies relating to legal and regulatory compliance and review of our internal auditing program. The full text of the Audit Committee charter is available on the Company's website at www.correctionscorp.com (under the Corporate Governance section of the Investor page).

The Audit Committee met seven times in 2004. Within those meetings, the Committee conducted executive sessions with our independent registered public accounting firm five times. The Committee also meets in separate executive sessions at least annually with each of management and the Company's internal audit personnel.

Oversight of Financial Reporting

As part of its oversight of our financial statements, the Committee reviews and discusses with both management and our independent registered public accounting firm all annual and quarterly financial statements prior to their issuance. With respect to fiscal 2004, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles and reviewed significant accounting and disclosure issues with the

Committee. These reviews included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*, as amended, including the quality of our accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee also discussed with Ernst & Young LLP matters relating to its independence, including a review of audit and non-audit fees and the disclosures made to the Committee pursuant to *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

Also with respect to fiscal 2004, management completed the documentation, testing, and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee received periodic updates provided by management, the independent registered public accounting firm, and the internal auditors at each regularly scheduled Audit Committee meeting, and provided oversight during the process. At the conclusion of the process, management provided the Audit Committee with, and the Audit Committee reviewed a report on, the effectiveness of our internal control over financial reporting. The Audit Committee also reviewed the following, all of which are included in our Annual Report on Form 10-K for the year ended December 31, 2004: Management's Report on Internal Control over Financial Reporting; Ernst & Young LLP's Report of Independent Registered Public Accounting Firm; and Ernst & Young LLP's Report of Independent Registered Public Accounting Firm on Internal Control over Financial Reporting.

Taking all of these reviews and discussions into account, the undersigned Committee members recommended to the Board of Directors that the Board approve the inclusion of our audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

The following Report of the Compensation Committee and the performance graph included elsewhere in this Proxy Statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.

Compensation Governance

The Compensation Committee is responsible for setting the compensation of the Company's executive officers, overseeing the Board's evaluation of the performance of our executive officers, and administering the Company's equity-based incentive plans, among other things. The Committee undertakes these responsibilities pursuant to a written charter adopted by the Board, which may be viewed in full on the Company's website, www.correctionscorp.com (under "Corporate Governance" on the Investor page). Compensation for executive officers also is reviewed by the full Board.

The compensation of officers below the "Executive Vice President" level, including Mr. Garfinkle and Mr. Mullenger, two of the Named Executive Officers defined later in this Proxy Statement, is set by the Executive Vice President to whom the officer reports in accordance with the corporate compensation plan established by our Chief Executive Officer in consultation with the Committee. This plan is generally consistent with the compensation philosophies and strategies described in this Proxy Statement, with certain distinctions as noted below.

Compensation Philosophy

The Compensation Committee's fundamental goal in setting executive compensation is to maintain executive leadership for the Company that will execute our business strategy, uphold our company values, and deliver results to our stockholders. The Company's executive compensation also should represent good value to our stockholders. Accordingly, the Committee seeks to develop compensation strategies that will attract, retain, and motivate highly qualified and high-performing executives through compensation that is

Performance-based: A significant component of compensation should be determined based on whether or not the Company meets performance criteria that in the view of the Board are indicative of the Company's success.

Stockholder-aligned: Equity incentives should be used to align the interests of our executive officers with those of our stockholders.

Fair: Compensation should be fair from both internal and external perspectives, taking into account compensation among similarly situated companies, our success relative to peer companies, and our overall Company pay scale.

The Committee annually evaluates the components and the levels of our executive compensation to ensure that they are consistent with meeting these goals. The Committee also periodically undertakes a more comprehensive re-evaluation of the Company's compensation approach in order to take into account the Company's development and to adjust to changes in the industry and regulatory environments within which we operate. In 2004, the Committee engaged PricewaterhouseCoopers LLP ("PwC"), the

Table of Contents

Committee's outside compensation advisor, to assist it with an analysis of the Company's executive compensation practices. This analysis was completed in the first quarter of 2005 and the results are discussed below in the section headed "Executive Compensation for 2005." The Company's approach to executive compensation in the most recently completed fiscal year, which was based on a plan implemented in 2001, also with PwC's assistance, is discussed below in the section headed "Executive Compensation for 2004."

Executive Compensation for 2005

As noted above, the Committee initiated a comprehensive review of our approach to executive compensation in early 2004, with assistance from PwC. The Committee believed that the Company and management had achieved a significant turnaround since 2001, as reflected in significant stock price gains and improvements in the Company's balance sheet and overall financial condition. The results of this review did not change the Committee's fundamental compensation philosophy (described above); however, the Committee, with PwC's assistance, determined that certain changes to its approach were advisable based on the Company's current financial position and strategic goals, as well as developments in corporate governance and compensation design.

The Committee adjusted the peer group used for comparative purposes to better reflect the Company's current operational and strategic positions, moving from a peer group composed of government services, real estate investment trust/real estate industry, and turnaround companies to a business services peer group composed of a broader array of companies. The Committee adjusted the Company's salaries and bonus plans to be more competitive within the revised peer group and to better reflect our current strategic goals. In addition, the Committee adopted an approach to equity incentives that involves a mix of stock options and restricted stock with performance-based vesting. Overall, the Committee continues to be focused on a "pay-for-performance" philosophy with significant upside opportunity tied to annual incentive cash bonuses and long-term equity incentives.

With respect to cash compensation, the Committee believed it was important to establish performance objectives that would reward its senior management team for significant growth in earnings per share (EPS), with discretion provided to the Committee for adjustments for, among other things, comparative accounting principles (*i.e.*, new equity-based compensation charges) and charges incurred for financing transactions approved by the Board. The annual incentive cash bonus is structured to provide incremental increases in bonus (as a percentage of base salary) starting from a base EPS level (no bonus), through a significant target EPS level (75% of base salary), and up to a superior EPS level (a maximum 150% of base salary) (different targets and a lower maximum level apply to officers below the Executive Vice President level). The Committee determined that base salary generally should be set at the 50th percentile of the Company's peer group. If established performance criteria are fulfilled, total compensation (inclusive of base salary, incentive cash bonuses, and equity values) can equal or exceed the 75th percentile of the peer group.

With respect to long-term equity compensation, the Committee determined that a strategy utilizing a mix of stock options and restricted stock with performance-based vesting would be in the best interest of stockholders. This strategy allows the Committee to set optimal combinations of time- and performance-based vesting and annual and longer term performance goals, and also can be expected to reduce the number of shares issued to employees when compared to prior practice. More specifically, the mix consists of (i) non-qualified stock options granted at fair market value with time vesting over three years (options granted to officers below the Executive Vice President level vest over four years) and (ii) restricted stock with vesting based upon achieving performance objectives established by the Committee (achievable in increments or in the aggregate over a three year period), with no vesting to occur below a base performance level and incremental 50%, 75%, and 100% percent vesting as

established earnings per share objectives are achieved. The number of shares subject to option grants and restricted stock is based upon a valuation denominated analysis rather than the share-denominated awards historically used by the Company.

The base salaries and equity incentive awards for 2005 for the persons expected to be our named executive officers for 2005 are set forth below in the table titled "2005 Salaries and Equity Grants."

Executive Compensation for 2004

Compensation for our executive officers in 2004 was based on the executive compensation strategy that the Committee implemented in 2001. The 2001 strategy reflected the Company's financial position at the time and the Company's need to execute an aggressive transition in terms of performance and financial and operating structure. The peer group for the 2001 plan consisted primarily of companies from the government services and real estate investment trust/real estate industries, as well as recent turnaround companies. The three primary components of the 2001 program were:

Base salary: Base salaries were set at a modest level compared to the peer group.

Incentive cash bonuses: Cash bonuses were set with a significant target level for achieving ambitious annual performance targets.

Equity incentives: Equity incentives consisted of stock option grants vesting over three years (options granted to employees below the Executive Vice President level vest over four years), with grant levels structured to provide significant incentives for achieving the desired performance and structural transition.

Base Salary. In general, base salaries were set to create a level of guaranteed cash compensation for executive officers that was secure but that would require specified performance levels to be achieved in order for the executives to receive significant cash compensation through the incentive bonus plan. Each year the Committee reviews and approves a revised annual salary plan for our executive officers, taking into account several factors, including the executive officers' prior year salaries, their responsibilities, tenures, and performance, salaries paid by comparable companies for comparable positions, the Company's overall pay scale, and the Company's recent financial performance. For 2004, this process resulted in the base salaries stated in the "Summary Compensation Table" included in this Proxy Statement.

Incentive Cash Bonuses. The annual incentive cash bonus plan established in 2001 was designed to pay bonuses only if the Company achieved certain specified performance objectives and to make a significant portion of our executives' total compensation contingent on successful performance. As noted above, target bonus ranges were set as a percentage of base salary set against what the Committee believed to be ambitious annual performance targets. For 2004, the Committee established a range of incentive bonus opportunities, stated as a percentage of the executive's base salary up to 100%, that the executive would be entitled to receive based upon our adjusted earnings before income taxes, depreciation, and amortization (EBITDA) and earnings per share (EPS) for 2004. Based on the Company's performance in 2004, the incentive cash bonus plan resulted in the bonuses stated in the Summary Compensation Table.

Equity Incentives. Equity incentive compensation for 2004 consisted of option grants with three year vesting periods (four years for employees below the Executive Vice President level) and exercise prices based on the fair market value of the Company's common stock on the dates of the grants. The

Table of Contents

option grants for the Named Executive Officers are set forth in the table titled "Option Grants in Last Fiscal Year" included in this Proxy Statement.

Other Benefits. The Company matches a percentage of eligible employee contributions to our qualified 401(k) Plan. The matching contributions are made in cash and vest over a five-year period. The Company also has a nonqualified deferred compensation plan covering our executive officers and key employees who elect not to participate in our qualified 401(k) Plan. Under the terms of the plan, participants are allowed to defer up to 50% of their annual base salary and 100% of their incentive cash bonus each plan year. The Company, in its discretion, may make matching contributions to the plan. Currently, we make matching contributions equal to 100% of amounts deferred up to 5% of total cash compensation. Any compensation deferred and matching contributions, if any, will earn a return determined based on the return received by the Company on certain investments designated by the Compensation Committee as a funding mechanism for meeting our obligations under the plan. Participants are 100% vested in amounts deferred under the plan and earnings on those amounts, while each matching contribution and earnings on those amounts historically have vested over a three year period. Based on amendments to our deferred compensation plan authorized in January 2005, matching contributions are expected to vest in the future in the same manner as matching contributions under our 401(k) Plan, as described above. Participants generally may elect to receive benefits accrued under the plan at any time after the end of the fifth year following the deferral or upon termination of employment.

Compensation of Chief Executive Officer and President

Our Chief Executive Officer and President, John D. Ferguson, is compensated pursuant to and participates in the same executive compensation plans applicable to our other executive officers, as described above. For 2004, Mr. Ferguson's total cash compensation (inclusive of salary, bonus, and Company contributions under our Executive Deferred Compensation Plan) was \$1,179,926. Pursuant to the terms of his employment agreement, Mr. Ferguson had a base salary of \$660,000. In addition, Mr. Ferguson was granted non-qualified stock options to purchase 92,726 shares of our common stock at an exercise price of \$29.95 per share, which was the stock's market value at the time of the grant.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986 limits the deductibility on the Company's tax return of compensation over \$1.0 million to the Chief Executive Officer or any of the other four most highly compensated executive officers serving at the end of the fiscal year unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary, and has been approved by our stockholders. The Compensation Committee's actions with respect to Section 162(m) in 2004 were to make every reasonable effort to ensure that compensation was deductible to the extent permitted while simultaneously providing appropriate rewards for performance. The Committee intends to structure performance based compensation awarded in the future to executive officers who may be subject to Section 162(m) in a manner that satisfies the relevant requirements. The Committee, however, reserves the authority to award non-deductible compensation as deemed appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and related regulations, no assurance can be given that compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact do so.

Employment Agreements and Change in Control Provisions**Employment Agreements**

John D. Ferguson. We have an employment agreement with John D. Ferguson that expires on December 31, 2005 and is subject to automatic one-year renewals unless the Company or Mr. Ferguson provides notice of non-renewal at least 60 days in advance of expiration of the prior term. The agreement provides for an annual salary, as well as customary benefits, including life and health insurance. Mr.

Table of Contents

Ferguson's cash compensation is discussed in more detail above in the Report of the Compensation Committee.

If Mr. Ferguson's employment is terminated without cause, Mr. Ferguson resigns for good cause, or the agreement is not renewed by either party upon the expiration of a renewal term, we generally are required to pay Mr. Ferguson a cash severance payment equal to two times his annual base salary then in effect, payable in monthly installments for a period of two years following the termination of employment, as well as certain accrued rights, if any, which include prorated bonus compensation and accrued but unpaid salary. Mr. Ferguson will also continue to be covered under existing life, medical, disability, and health insurance plans for a period of two years. To the extent Mr. Ferguson has become vested in any options to purchase shares of our common stock or other equity securities granted to him prior to the date of termination, Mr. Ferguson will remain entitled to exercise them in accordance with their terms. Any unvested options will be forfeited.

In the event Mr. Ferguson's employment terminates in connection with a change in control, whether by resignation or otherwise, Mr. Ferguson will be entitled to receive a lump sum cash payment equal to three times his base salary then in effect, as well as certain tax reimbursement payments. Mr. Ferguson will also continue to be covered under existing life, medical, disability, and health insurance plans for a period of two years. In addition, all options to purchase shares of our common stock or other company equity securities granted prior to the date of termination, whether vested or unvested, will become immediately exercisable in accordance with their terms.

Mr. Ferguson is prohibited from competing with the Company during the term of his employment and for a period of one year following termination of employment. Mr. Ferguson is also subject to certain confidentiality and non-disclosure provisions during this period.

Other Executive Officers. We also have employment agreements with each of Mr. Bouldin, Mr. Lingo, Mr. Puryear, and Mr. Seiter. Each of the employment agreements expire on December 31, 2005 and are subject to up to three automatic one-year renewals unless the Company or executive provide notice of non-renewal at least 60 days in advance of the expiration of a prior term. The agreements provide for an annual salary, as well as customary benefits, including life and health insurance, and reimbursement for certain civic and professional memberships that are approved in advance by the Company.

Under each of these agreements, if we terminate the employment of the executive without cause or the agreement is not renewed by either party, we generally are required to pay a cash severance amount equal to the executive's annual base salary then in effect, payable in installments in accordance with the terms of the agreements. In the event of termination in connection with a change in control, whether by resignation or otherwise, the executive will be entitled to receive a lump sum cash payment equal to 2.99 times his base salary then in effect, as well as certain tax reimbursement payments, and the employee will continue to be covered under existing life, medical, disability, and health insurance plans for a period of one year.

Each of the executives is prohibited from competing with the Company during the term of his employment and for a period of one year following termination of employment. Each employee is also subject to certain confidentiality and non-disclosure provisions during this period.

Change in Control Provisions of Stock Incentive Plans

Our 1995 Stock Incentive Plan and our Amended and Restated 1997 Employee Share Incentive Plan each provide that upon a change-in-control or potential change-in-control, as defined in the

plans, the value of all outstanding share options granted under the plans, to the extent vested, will be cashed out on the basis of a change-in-control price, which is generally based on the highest price paid per share of common stock on the NYSE at any time during a 60-day period prior to the occurrence of the change-in-control event. Certain executive officers have been granted options to purchase shares of common stock under the 1995 Stock Incentive Plan and under the Amended and Restated 1997 Employee Share Incentive Plan.

Under our Amended and Restated 2000 Stock Incentive Plan, the vesting of all or a portion of an option, stock appreciation right, or restricted stock award will be accelerated upon a change in control, as defined in the plan. Certain of our executive officers have been granted options to purchase shares of common stock under this plan.
